| <p><b>Chapter 94 Note:</b> For a good classifiable in subheadings 9404.30 through 9404.90 which does not meet the appropriate tariff shift rule specified for those subheadings, the country of origin is the country where all cutting and sewing operations required to form the outer shell were performed. If all cutting and sewing operations required to form the outer shell were not performed in a single country, the country of origin will be the single country where the component of the outer shell which determines the classification of that good was produced. If a single country did not produce a component of the outer shell which determines the classification of that good, then the country of origin will be the country in which the good last underwent a substantial assembly process. **§ 102.21 Textile and apparel products.**

(a) *Applicability.* Except for purposes of determining whether goods originate in Israel or are the growth, product, or manufacture of Israel, and except as otherwise provided for by statute, the provisions of this section shall control the determination of the country of origin of imported textile and apparel products for purposes of the Customs laws and the administration of quantitative restrictions. The provisions of this section shall apply to goods entered, or withdrawn from warehouse,

for consumption on or after July 1, 1996.

(b) *Definitions.* The following terms shall have the meanings indicated when used in this section:

(1) *Country of origin.* The term country of origin means the country, territory, or insular possession in which a good originates or of which a good is the growth, product, or manufacture.

(2) *Fabric-making process.* A *fabric-making process* is any manufacturing operation that begins with polymers, fibers, filaments (including strips), yarns, twine, cordage, rope, or fabric strips and results in a textile fabric.

(3) *Knit to shape.* The term *knit to shape* applies to any good of which 50 percent or more of the exterior surface area is formed by major parts that have been knitted or crocheted directly to the shape used in the good, with no consideration being given to patch pockets, appliques, or the like. Minor cutting, trimming, or sewing of those major parts will not affect the determination of whether a good is “knit to shape.”

(4) *Major parts.* The term *major parts* means integral components of a good but does not include collars, cuffs, waistbands, plackets, pockets, linings, paddings, trim, accessories, or similar parts.

(5) *Textile or apparel product.* A *textile or apparel product* is any good classifiable in Chapters 50 through 63, Harmonized Tariff Schedule of the United States (HTSUS), and any good classifiable under one of the following HTSUS headings or subheadings:

3005.90

(6) *Wholly assembled.* The term “wholly assembled” when used with reference to a good means that all components, of which there must be at least two, preexisted in essentially the same

condition as found in the finished good and were combined to form the finished good in a single country, territory, or insular possession. Minor attachments and minor embellishments (for example, appliques, beads, spangles, embroidery, buttons) not appreciably affecting the identity of the good, and minor subassemblies (for example, collars, cuffs, plackets, pockets), will not affect the status of a good as “wholly assembled” in a single country, territory, or insular possession.

(c) *General rules.* Subject to paragraph (d) of this section, the country of origin of a textile or apparel product shall be determined by sequential application of paragraphs (c) (1) through (5) of this section and, in each case where appropriate to the specific context, by application of the additional requirements or conditions of §§ 102.12 through 102.19 of this part.

(1) The country of origin of a textile or apparel product is the single country, territory, or insular possession in which the good was wholly obtained or produced.

(2) Where the country of origin of a textile or apparel product cannot be determined under paragraph (c)(1) of this section, the country of origin of the good is the single country, territory, or insular possession in which each foreign material incorporated in that good underwent an applicable change in tariff classification, and/or met any other requirement, specified for the good in paragraph (e) of this section.

(3) Where the country of origin of a textile or apparel product cannot be determined under paragraph (c) (1) or (2) of this section:

(i) If the good was knit to shape, the country of origin of the good is the single country, territory, or insular possession in which the good was knit; or

(ii) Except for goods of heading 5609, 5807, 5811, 6213, 6214, 6301 through 6306, and 6308, and subheadings 6209.20.5040, 6307.10, 6307.90, and 9404.90, if the good was not knit to shape and the good was wholly assembled in a single country, territory, or insular possession, the country of origin of the good is the country, territory, or insular possession in which the good was wholly assembled.

**§ 102.21**

**19 CFR Ch. I (4–1–99 Edition)**

(4) Where the country of origin of a textile or apparel product cannot be determined under paragraph (c) (1), (2) or (3) of this section, the country of origin of the good is the single country, territory, or insular possession in which the most important assembly or manufacturing process occurred.

(5) Where the country of origin of a textile or apparel product cannot be determined under paragraph (c) (1), (2), (3) or (4) of this section, the country of origin of the good is the last country, territory, or insular possession in which an important assembly or manufacturing process occurred.

(d) *Treatment of sets.* Where a good classifiable in the HTSUS as a set includes one or more components that are textile or apparel products and a single country of origin for all of the components of the set cannot be determined under paragraph (c) of this section, the country of origin of each component of the set that is a textile or apparel product shall be determined separately under paragraph (c) of this section.

(e) *Specific rules by tariff classification.* The following rules shall apply for purposes of determining the country of origin of a textile or apparel product under paragraph (c)(2) of this section:

### § 103.0 Scope.

This part governs the production/disclosure of agency-maintained documents/information requested pursuant to various disclosure laws and/or legal processes. Thus, the extent of disclosure of requested information may be dependent on whether the request is pursuant to the provisions of the Freedom of Information Act (FOIA), as amended (5 U.S.C. 552), the Privacy Act of 1974, as amended (5 U.S.C. 552a), and/or under other statutory or regulatory authorities, as required by administrative and/or legal processes. The regulations for this part contain a discussion of applicable fees for the search, duplication, review, and other tasks associated with processing information requests pursuant to the FOIA, and also provide for the appeal of agency decisions and sanctions for the improper withholding and/or the untimely release of requested information. As information obtained by Customs is derived from a myriad of sources, persons seeking information should consult with the appropriate field officer before invoking the formal procedures set forth in this part. These regulations supplement the regulations of the Department of the Treasury regarding public access to records, which are found at 31 CFR part 1, and, in the event of any inconsistency between these regulations and those of the Department of the Treasury, the latter shall prevail. For purposes of this part, the Office of the Chief Counsel is con-

sidered a part of the United States Customs Service.

#### § 103.2 Information available to the public.

(a) *General.* The Freedom of Information Act, as amended (5 U.S.C. 552), provides for access to information and records developed or maintained by Federal agencies. Subject only to the exemptions set forth in § 103.12, the public generally or any individual member is entitled to information or

### § 103.3

### 19 CFR Ch. I (4–1–99 Edition)

records which are described in paragraph (b) of this section and which are in the possession of the United States Customs Service. Access to that information is governed by the regulations in this part.

(b) *Three categories of information available.* Generally, 5 U.S.C. 552 divides agency information into three major categories and provides methods by which each category is available to the public. The three major categories, for which the disclosure requirements of the United States Customs Service are set forth in this part, are as follows:

(1) Information required to be published in the FEDERAL REGISTER (see § 103.3).

(2) Information required to be made available for public inspection and copying or, in the alternative, to be published and offered for sale (see § 103.4).

(3) Information required to be made available to any member of the public upon specific request (see § 103.5).

#### § 103.3 Publication of information in the Federal Register.

(a) *Requirements.* Subject to the application of the exemptions described in § 103.12 and subject to the limitations provided in paragraph (b) of this section, the United States Customs Service is required, by 5 U.S.C. 552(a)(1), to separately state, publish and keep current in the FEDERAL REGISTER for the guidance of the public the following information:

(1) Descriptions of its central and field organization and the established places at which, the persons from whom, and the methods whereby, the public may obtain information, make submittals or requests, or obtain decisions.

(2) A statement of the general course and method by which its function are channeled and determined, including the nature and requirements of all formal and informal procedures available.

(3) Rules of procedure, descriptions of forms available and the places at which forms may be obtained, and instructions as to the scope and contents of all papers, reports, or examinations.

(4) Substantive rules of general applicability adopted as authorized by law, and statements of general policy or in-

terpretations of general applicability formulated and adopted by it.

(5) Each amendment, revision, or repeal of matters referred to in paragraphs (a) (1) through (4) of this section.

(b) *Limitations*—(1) *Incorporation by reference* in the FEDERAL REGISTER. Matter reasonably available to an affected class of persons, whether published by a private organization or an agency of the United States, is published in the FEDERAL REGISTER for purposes of paragraph (a) of this section when it is incorporated by reference in the FEDERAL REGISTER with the approval of the Director of the Federal Register. Any matter which is incorporated by reference must be set forth in the privately- or publicly-printed document substantially in its entirety and not merely summarized or printed as a synopsis. There can be no incorporation by reference in the FEDERAL REGISTER of any matter where only a few persons having a special working knowledge of the activities of the United States Customs Service are familiar with its location and scope. The provisions of 5 U.S.C. 552(a)(1) and 1 CFR part 20 control any incorporation of matter by reference.

(2) *Effect of failure to publish.* Except to the extent that a person has actual and timely notice of the terms of any matter referred to in paragraph (a) of this section which is required to be published in the FEDERAL REGISTER, that person is not required in any manner to resort to, or be adversely affected by, that matter if it is not published or incorporated by reference. That is, any matter which imposes an obligation and which is not published or incorporated by reference can not adversely change or affect a person's rights.

#### § 103.4 Public inspection and copying.

(a) *In general.* Subject to the application of the exemption described in § 103.12 the United States Customs Service is required, by 5 U.S.C. 552(a)(2) and §§ 174.32 and 177.10 of this chapter, to make available for public inspection and copying or, in the alternative, promptly publish and offer for sale, the following information:

(1) Final opinions and orders, including concurring or dissenting opinions, made in the adjudication of cases;

(2) Within 120 days of issuance, any precedential decision (including any ruling letter, internal advice memorandum, or protest review decision) issued under the Tariff Act of 1930, as amended, with respect to any Customs transaction;

(3) Those statements of policy and interpretations which have been adopted by the United States Customs Service but are not published in the FEDERAL REGISTER; and

(4) Administrative staff manuals and instructions to staff that affect a member of the public.

(b) *Indexes.* The United States Customs Service is required by 5 U.S.C. 552(a)(2) to maintain and make available for public inspection and copying those current indexes which identify any item described in paragraphs (a) (1) through (3) of this section that is issued, adopted, or promulgated after July 4, 1967, and that is required to be made available for public inspection or published. Unless the Commissioner determines by an order published in the FEDERAL REGISTER that publication is unnecessary and impracticable, these indexes are published on a quarterly or more frequent basis and are available for purchase at each of the public reading rooms listed in § 103.1, at a cost not to exceed the direct cost of duplication.

(c) *Effect of failure to publish or make available.* No matter, described in paragraphs (a) (1) through (3) of this section which is required by this section to be made available for public inspection or published, may be relied upon, used, or cited as precedent by the United States Customs Service against a party, other than an agency, unless that party has actual and timely notice of such matter or unless the matter has been indexed and either made available for inspection or published, as provided by this section. This paragraph applies only to matters which have precedential significance and does not apply to matters which have been made available pursuant to § 103.3.

(d) *Deletion of identifying details.* To prevent an unwarranted invasion of personal privacy, in accordance with 5

U.S.C. 552(a)(2), identifying details contained in any matter described in paragraphs (a) (1) through (3) of this section are deleted before making that matter available for inspection or publication. However, in every case where identifying details are deleted, the basis for the deletion is explained in writing, giving specific reasons for the deletion and citing the applicable provision of 5 U.S.C. 552 and § 103.12, in an attachment to the document from which the identifying details have been deleted.

(e) *Public reading rooms.* The United States Customs Service has available for inspection and copying, in a reading room or otherwise, the matters described in paragraphs (a) (1) through (3) of this section which are required by paragraph (a) to be made available for public inspection or published in the current indexes. Facilities are provided whereby a person may inspect and obtain copies of the material. There is no fee for access to materials, but a fee is charged in accordance with § 103.10 for a copy of any material provided.

#### § 103.5 Specific requests for records.

(a) *In general.* Except with respect to the records made available under §§ 103.3 and 103.4, but subject to the application of the exemptions described in § 103.12, the United States Customs Service is required, by 5 U.S.C. 552(a)(3), upon a request for reasonably-described records that conforms in every respect to the rules and procedures of this part, to make the requested records promptly available to the requester. A request or an appeal from the initial denial of a request which does not comply with the requirements set forth in this part is not subject to the time limits of §§ 103.6, 103.7, and 103.8 until amended so as to comply. Nevertheless, every reasonable effort will be made to answer each request within the applicable time limits or, if necessary, to promptly advise the requester in what respect the request or appeal is deficient so that it may be resubmitted or amended for consideration in accordance with this part. This section applies only to existing records which are in the possession or control of the United States Customs Service. There is no requirement that records be created or data be processed

### § 103.5

### 19 CFR Ch. I (4–1–99 Edition)

in other than the existing format in order to answer a request for records.

(b) *Requests for records not in control of the United States Customs Service*—(1) *Referral of request.* Where the request is for a record in the possession of, under the control of, or created by a constituent unit of the Department of the Treasury other than the United States Customs Service, the appropriate Customs officer shall transfer the request to the appropriate constituent unit and notify the requester of that transfer. Forwarding a request to another constituent unit is not a denial of access within the meaning of these regulations. If the United States Customs Service receives a request forwarded from another constituent unit of the Department of the Treasury, the time limits for response set forth in §§ 103.6(b) and 103.8(a) commence upon receipt of the request by the Disclosure Law Officer, U.S. Customs Service. If the United States Customs Service receives a request for a record that is not in the possession or control of any constituent unit of the Department of the Treasury, the appropriate Customs officer shall return the request to the sender with an explanation of that fact.

(2) *Request for advice.* If the Customs Service has a copy of a requested unclassified record that was created by a Department or agency other than a constituent unit of the Department of the Treasury, the appropriate Customs officer shall ask that Department or agency for its advice on the release of the record. The appropriate Customs officer shall advise the other Department or agency that, in the absence of timely guidance from it, the United States Customs Service will proceed to make its own determination in accordance with this part. If it becomes necessary to respond to a requester because of the time limits set forth in §§ 103.6(b) and 103.8(a) without the advice of the other Department or agency, the appropriate Customs officer shall make the determination in accordance with this part and advise the requester accordingly. If the appropriate Customs officer denies access to the record under one of the exemptions set forth in § 103.12, that officer shall advise the requester of the right to ap-

peal the denial and of the possibility of sending a request for the record directly to the originating Department or agency. If a requester appeals from a denial to the United States Customs Service, the appropriate Customs officer shall ask the originating Department or agency for timely advice on whether to release the records. Nevertheless, the ultimate decision on the appeal from a denial of access to a record rests with the FOIA Appeals Officer, as set forth in § 103.7.

(3) *Classified records.* If the Customs Service has a copy of a requested record created by a Department or agency other than a constituent unit of the Department of the Treasury, and that record is classified or contains both classified and unclassified material, the request shall be referred to the originating Department or agency for a direct response. The requester shall be notified immediately of the referral. Such referral shall not constitute a denial of the request and no appeal rights accrue to the requester.

(c) *Form of request.* Although no standard form is prescribed for a request, in order to be subject to the provisions of this section and §§ 103.6 through 103.9, a request for records must:

(1) Be made in writing and signed by the person making that request;

(2) State that it is made pursuant to the Freedom of Information Act, as amended (5 U.S.C. 552), or these regulations, and have conspicuously printed on the face of the envelope the words “Freedom of Information Act Request” or “FOIA Request”;

(3) Be addressed to the appropriate office or officer of the United States Customs Service, as set forth in paragraph (d) of this section;

(4) Reasonably describe the records in accordance with paragraph (e) of this section.

(5) Set forth the address where the person making the request desires to be notified of the determination as to whether the request will be granted;

(6) State whether the requester wishes to inspect the records or desires to have a copy made and furnished without first inspecting them; and

(7) State the firm agreement of the requester to pay the fees for search and

## United States Customs Service, Treasury

## § 103.5

duplication ultimately determined in accordance with § 103.10, or request that such fees be reduced or waived and state the justification for such request (see § 103.10(d)).

Where the initial request, rather than stating a firm agreement to pay the fee ultimately determined in accordance with § 103.10, places an upper limit on the amount the requester agrees to pay and that upper limit is likely to be lower than the estimated fee, or where the requester asks for an estimate of the fees to be charged, or if the fees are expected to exceed \$50, the appropriate Customs officer shall promptly advise the requester of the estimated fee due and ask the requester to agree to pay that amount. Where the initial request includes a request for reduction or waiver of fees, the appropriate Customs officer shall determine whether to grant the request for reduction or waiver in accordance with § 103.10(d) and notify the requester of the decision. If the officer decides to charge the requester for all or part of the fees normally due, the officer shall ask the requester to agree to pay the amount so determined. The requirements of this paragraph are not met until the requester agrees, in writing, to pay the fees applicable to the request for records, if any, or has made payment in advance of the fees estimated to be due.

(d) *To whom requests for records should be addressed*—(1) *Headquarters*. Requests made by mail for records maintained at the Headquarters of the United States Customs Service should be addressed to “Freedom of Information Act Request,” U.S. Customs Service, 1300 Pennsylvania Avenue, NW., Washington, DC 20229. Requests may be delivered personally to the Disclosure Law Officer, U.S. Customs Service, Headquarters, Washington, DC.

(2) *Field offices*. A person shall request records or information maintained in a field office of the United States Customs Service by either mailing or personally delivering the request to the director of the service port, or if the records concern the Office of Investigations, the special agent in charge, where the field office is located.

(e) *Reasonable description of records*. A request for records must describe the

records in reasonably sufficient detail to enable a Customs officer who is familiar with the subject area of the request to locate the records without placing an unreasonably burden upon the United States Customs Service. While no specific formula for a reasonable description of a record can be established, the requirement is usually satisfied if the requester gives the name, subject matter, and, if known, the date and location of the requested record. However, a requester should furnish any additional information which will more clearly identify the requested records. If a request does not reasonably describe the records being sought, the appropriate Customs officer shall ask the requester to refine the request. If necessary a requester may be granted a conference with knowledgeable Customs personnel. The requirement for a reasonable description is not a device for improperly withholding records from the public.

(f) *Date of receipt of request*. A request for records is considered to have been received for purposes of this part on the later of the dates on which:

(1) The requirements of paragraph (c) of this section have been satisfied; and, where applicable,

(2) The requester has agreed in writing, by executing a separate contract or otherwise, to pay the fees for search and duplication determined to be due in accordance with § 103.10; or

(3) The fees have been waived in accordance with § 103.10(d); or

(4) Payment in advance has been received from the requester.

A Customs officer or employee who receives a request for records and a separate agreement to pay, or a letter transmitting prepayment, or who issues a final notification of waiver of fees, shall stamp the date of receipt or dispatch by the responsible office on the material. The latest of those dates is the date of receipt of the request. As soon as the date of receipt has been established, the appropriate Customs officer shall acknowledge receipt and inform the requester of the title of the Customs officer who is responsible for acting on the request.

(g) *Search for record requested*. Upon the receipt of a request, the appropriate Customs officer shall attempt to

### § 103.6

### 19 CFR Ch. I (4–1–99 Edition)

identify and locate the requested records. With respect to records maintained in computerized form, a search for a record includes services functionally analogous to searches for records which are maintained in a conventional form. However, Customs personnel are not required to tabulate or compile information for the purpose of creating a record. Only records in existence at the time of the receipt of the request will be treated as falling within the scope of the request and no request for the continuing production of documents created after receipt of the request will be honored.

(h) “*Request for record*” defined. For purposes of uniformity in record-keeping a “request for a record” is defined as a written request for a record of the U.S. Customs Service which has not been published in the FEDERAL REGISTER, the Customs Bulletin, by press release, or otherwise, or made available in a public reading room, or which has not previously been customarily furnished to requesters, whether or not the request makes reference to the Freedom of Information Act, as amended (5 U.S.C. 552).

[T.D. 81–168, 46 FR 32565, June 24, 1981; 46 FR 35084, July 7, 1981, as amended by T.D. 91–77, 56 FR 46114, Sept. 10, 1991; T.D. 99–27, 64 FR 13675, Mar. 22, 1999]

#### § 103.6 Grant or denial of initial request.

(a) *Officers designated to make initial determinations*—(1) *Service ports*. The appropriate director of a service port, or in the case of records of the Office of Investigations, the appropriate special agent in charge (SAC), shall make any initial determination of a request for a record which is maintained, respectively, at that service port or under the SAC’s jurisdiction.

(2) *Headquarters*. For records located at Customs Service Headquarters, the initial determination to grant or deny a request shall be made by the appropriate Division Director at Customs Service Headquarters having custody of or functional jurisdiction over the subject matter of the requested records. In the event the request relates to records which are maintained in an office which is not within a division, the initial determination shall be made

by the individual designated for that purpose by the Assistant Commissioner having responsibility for that office.

(b) *Time limit for initial determinations*. The time limit for making an initial determination to grant or deny a request for records, including the time for notifying the requester of that determination, is 10 days (excepting Saturdays, Sundays, and legal public holidays) after the date of receipt of the request (see § 103.5(f)), unless the designated officer invokes an extension pursuant to § 103.8(a) or the requester otherwise agrees to an extension.

(c) *Grant of request*. If the appropriate Customs officer grants a request, and if the requester wants a copy of the requested records, that officer shall mail a copy of those records to the requester together with a statement of the fees for search and duplication at the time of the determination or promptly thereafter. If a requester wants to inspect the record, the appropriate Customs officer who grants the request shall send written notice to the requester stating the time and place of inspection and the amount of any fee involved in the request. In such a case, the appropriate Customs officer shall make the record available for inspection at the time and place stated, but in a manner so as not to interfere with its use by the United States Customs Service or to exclude other persons from making an inspection. In addition, reasonable limitations may be placed on the number of records which may be inspected by a person on any given date. The requester is not allowed to remove a record from the inspection room. If, after making inspection, the requester wants a copy of all or a portion of the requested record, the appropriate Customs officer shall supply the desired copy upon payment of the established fee prescribed in § 103.10.

(d) *Denial of request*. The Customs officer who denies a request for records (whether in whole or in part) shall mail written notice of the denial to the requester. The letter of notification shall contain (1) the physical location of the requested records, (2) the applicable exemption(s) and reason for not granting the request, (3) the name and title or position of the Customs officer

## United States Customs Service, Treasury

## § 103.8

who denied the request, (4) advice on the right to administrative appeal in accordance with § 103.7, and (5) the title and address of the Customs officer who is to decide any appeal.

(e) *Inability to locate records within time limits.* If a requested record cannot be located and evaluated within the initial 10-day period or the extension period allowed under § 103.8(a), the Customs officer who is responsible for the initial determination shall continue to search for the records. However, that officer shall also notify the requester of the facts and inform the requester that he or she may consider the notification to be a denial of access within the meaning of paragraph (d) of this section, and provide the requester with the address for the submission of an administrative appeal. The requester may also be invited, in the alternative, to agree to a voluntary extension of time in which to locate and evaluate the records. A voluntary extension of time does not waive a requester's right to appeal any ultimate denial of access or to appeal a failure to locate the records within the voluntary extension period.

[T.D. 81-168, 46 FR 32565, June 24, 1981, as amended by T.D. 96-36, 61 FR 19838, May 3, 1996]

### § 103.7 Administrative appeal of initial determination.

(a) *To whom appeals should be submitted.* A requester may submit an administrative appeal to the FOIA Appeals Officer at Headquarters, within 35 days after the date of notification described in § 103.6 or the date of the letter transmitting the last records released, whichever is later. A requester shall mail or personally deliver an appeal to the United States Customs Service, 1300 Pennsylvania Avenue, NW., Washington, DC 20229.

(b) *Form of appeal.* The Administrative appeal shall:

(1) Be in writing and signed by the requester,

(2) Have conspicuously printed on the face of the envelope the words "Freedom of Information Act Appeal";

(3) Reasonably describe, in accordance with § 103.5(e), the records to which the appeal relates;

(4) Set forth the address where the requester desires to be notified of the determination on appeal;

(5) Specify the date of the initial request and the date and control number of the letter denying the initial request; and

(6) Petition the FOIA Appeals Officer at Headquarters, to grant the request for records and state any arguments in support thereof.

(c) *Disposition of appeal.* The Customs officer or employee who receives an appeal shall stamp the date of receipt on the appeal and the stamped date is the date of receipt for purposes of the appeal. FOIA Appeals Officer at Headquarters, shall acknowledge and advise the appellant of the date of receipt and of the date that a response is due under this paragraph. The FOIA Appeals Officer shall affirm the initial denial (in whole or in part) or grant the request for records and notify the appellant of that determination by letter mailed within 20 days (exclusive of Saturdays, Sunday, and legal public holidays) after the date of receipt of the appeal, unless extended pursuant to § 103.8(a). The purpose of the letter of denial is to inform the appellant of the reason for the denial and the right to judicial review of that denial under 5 U.S.C. 552(a)(4)(B). If the FOIA Appeals Officer is unable to act on an appeal within the 20-day period (or any extension thereof pursuant to § 103.8(a)), the FOIA Appeals Officer shall send written notice of that fact to the appellant. In those circumstances, an appellant is entitled to commence an action in a district court as provided in § 103.9 despite any continuation in the processing of an appeal. However, the appellant may also be invited, in the alternative, to agree to a voluntary extension of time in which to decide the appeal. A voluntary extension does not waive the right of the appellant to ultimately commence an action in a United States district court on the appellant's request.

[T.D. 81-168, 46 FR 32565, June 24, 1981, as amended by T.D. 99-27, 64 FR 13675, Mar. 22, 1999]

### § 103.8 Time extensions.

(a) *Ten-day extension.* In unusual circumstances, the Customs officer who is

### § 103.9

### 19 CFR Ch. I (4–1–99 Edition)

responsible for deciding an initial request or an appeal may extend the time limitations set in §§ 103.6 and 103.7 after written notice to the requester or appellant. This notice must state the reason for the extension and the date on which the determination is expected to be dispatched. Any extension or extensions of time are limited to a cumulative total of not more than 10 additional working days. (For example, if an extension pursuant to this paragraph is invoked in connection with an initial determination, any unused days of the extension period may be invoked in connection with the determination on administrative appeal by written notice from the FOIA Appeals Officer, who is to make the appellate determination. If no extension is sought for the initial determination, an extension of 10 days may be added to the ordinary 20-day period for appellant review.) Generally, extensions will be invoked only to the extent reasonably necessary to properly respond to a request. As used in this paragraph, “unusual circumstances” means at least one of the following:

(1) The need to search for and collect the requested records from field facilities or other establishments in buildings other than the building in which the office of the Customs officer to whom the request is made is located.

(2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request.

(3) The need for consultation, which shall be conducted with all practicable speed, with another Department or agency having a substantial interest in the determination of the request, among two or more constituent units within the Department of the Treasury, or within offices of the United States Customs Service (other than the legal staff or Office of Congressional & Public Affairs) having substantial subject-matter interest therein. Consultations with personnel of the Department of Justice concerned with requests for records under the Freedom of Information Act, as amended (5 U.S.C. 552), do not constitute a basis for an extension under this paragraph.

(b) *Extension by judicial review.* If the United States Customs Service fails to comply with the time limitations specified in §§ 103.6 and 103.7 and the requester commences an action under § 103.9, the court in which the suit was initiated may retain jurisdiction and allow the United States Customs Service additional time to review its records, if the Customs Service shows the existence of exceptional circumstances and the exercise of due diligence in responding to the request.

[T.D. 81–168, 46 FR 32565, June 24, 1981; 46 FR 35084, July 7, 1981, as amended by T.D. 91–77, 56 FR 46114, Sept. 10, 1991]

#### § 103.9 Judicial review.

(a) *Failure to comply with time limitations.* If the United States Customs Service fails to comply with the time limitations specified in §§ 103.6, 103.7 or § 103.8, a requester is considered to have exhausted the administrative remedies with respect to the request.

(b) *Procedure of initiating judicial review.* If a request for records is denied upon appeal pursuant to § 103.7, or if no determination is made within the 10-day or 20-day periods specified in §§ 103.6 and 103.7, respectively, together with an extension pursuant to § 103.8(a) or by agreement of the requester, the requester may commence an action under 5 U.S.C. 552(a)(4)(B) in a United States district court in the district (1) in which the requester resides, (2) in which the requester’s principal place of business is located, (3) in which the records are situated, or (4) in the District of Columbia. Service of process in that action is governed by the Federal Rules of Civil Procedure (28 U.S.C. App.) applicable to actions against an agency of the United States. The Chief Counsel, United States Customs Service, 1300 Pennsylvania Avenue, NW., Washington, DC 20229 is the officer designated to receive any service of process.

(c) *Proceeding against officer or employee.* Under 5 U.S.C. 552(a)(4)(F), the Special Counsel, Merit Systems Protection Board, has authority, upon the issuance of a written finding by a court that the Customs officer or employee who was primarily responsible for withholding a record may have acted arbitrarily or capriciously, to initiate

a proceeding to determine whether disciplinary action is warranted against that officer or employee. The Special Counsel, after investigation and consideration of the evidence submitted, submits its findings and recommendations to the Commissioner of Customs and the Secretary of the Treasury. The Special Counsel also sends copies of the findings and recommendations to the officer or employee or the representative of that officer or employee.

[T.D. 81-168, 46 FR 32565, June 24, 1981, as amended by T.D. 99-27, 64 FR 13675, Mar. 22, 1999]

#### § 103.10 Fees for services.

(a) *In general.* (1) The fees prescribed in this section are for search and duplication and under no circumstances is there a fee for determining whether an exemption can or should be asserted, for deleting exempt matter being withheld from records to be furnished, or for monitoring a requester's inspection of records made available in this manner.

(2) Customs publications which are available for sale through the Government Printing Office are on the shelves of the reading rooms and similar public inspection facilities, but those publications are not available for sale at those facilities. Those publications may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402. However, pages from those publications may be copied at the public inspection facilities in accordance with the schedule of fees set forth in paragraph (g) of this section.

(b) *When charged.* Unless charges are inapplicable, or are waived or reduced in accordance with paragraph (c) or (d) of this section, fees are charged in accordance with the schedule contained in paragraph (g) of this section for services rendered in responding to requests for records.

(c) *Services performed without charge—*  
(1) *Certain classes of records.* The Commissioner of Customs or any of the Commissioner's designees may determine, under the rulemaking procedures of 5 U.S.C. 553, which classes or records under their control may be provided to the public without charge, or at a reduced charge.

(2) *Records provided to government units.* Normally, in accordance with paragraph (d)(2)(ii) of this section, no charge is made for providing records to Federal, State, or foreign governments, international governmental organizations, or local governmental agencies or offices.

(d) *Waiver or reduction of fees—*(1) *Records unavailable or exempt.* Fees may be waived or reduced at the discretion of the Customs officer who determines the availability of records, if the record is not found or is exempt from disclosure.

(2) *Request for waiver or reduction of fees.* Fees may be waived or reduced on a case by case basis in accordance with this paragraph by the Customs officer who determines whether to release the record. A request for a waiver or reduction of fees must be in writing. The appropriate Customs officer shall waive or reduce a fee if the officer determines either that:

(i) The records are being requested by, or on behalf of, an individual who in writing, under penalty or perjury, demonstrates indigency to the satisfaction of the officer and that compliance with the request does not constitute an unreasonable burden on the United States Customs Service; or

(ii) A waiver or reduction of the fees is in the public interest because furnishing the information primarily benefits the general public.

(3) *Appeal from denial of request.* An appeal from a denial of a request for waiver or reduction of fees is decided under the criteria set forth in paragraph (d)(2) of this section by the FOIA Appeals Officer. An appeal shall be in writing and mailed to the FOIA Appeals Officer within 35 days of the denial of the initial request for waiver or reduction. An appeal under this paragraph is entitled to a prompt decision.

(e) *Avoidance of unexpected fees.* In order to protect a requester from unexpected fees, a requester is required to state in the request an agreement to pay the fees determined in accordance with paragraph (g) of this section or to state an acceptable upper limit on the cost of processing the request. If the fee for processing the request is estimated to exceed that limit, or if the requester has failed to state a limit and

### § 103.11

### 19 CFR Ch. I (4-1-99 Edition)

the cost is estimated to exceed \$50 and there is no decision to waive or reduce the fees, the appropriate Customs officer shall:

(1) Inform the requester of the estimated costs;

(2) Extend an offer to the requester to confer with Customs personnel in an attempt to reformulate the request in a manner which will reduce the fee and still meet the needs of the requester, and

(3) Inform the requester that the running of the time period within which a determination on the request must be made is suspended until the request is reformulated in manner to reduce the cost or until the requester pays or agrees to pay the estimated cost.

(f) *Form of payment.* (1) A requester shall pay by a check or money order that is payable to the order of the United States Customs Service.

(2) If the estimated cost exceeds \$50, the requester may be required to enter into a contract for the payment of actual costs, as determined in accordance with paragraph (g) of this section, which contract may provide for prepayment of the estimated costs in whole or in part.

(g) *Amount to be charged for specified services.* A fee for a service performed is imposed and collected as set forth in this paragraph. The Commissioner of Customs or the Commissioner's designee may set an appropriate fee for any service not described below. These extraordinary fees are imposed and collected pursuant to 31 U.S.C. 483a, subject to the constraints imposed by 5 U.S.C. 552(a)(4)(A).

(1) *Duplication.* (i) The charge for photocopies per page up to 8½" x 14" is at the rate of \$0.15 each.

(ii) The charge for photographs, films and other materials is their actual cost. The Customs Service may furnish the records to be released to a private contractor for copying and charge the person requesting the records the actual cost of duplication charged by the private contractor. No fee is charged where the requester furnishes the supplies and equipment and makes the copies at the Government location.

(2) *Unpriced printed materials.* The charge for unpriced printed material, which is available at the location

where requested and which does not require duplication for copies to be furnished, is at the rate of \$0.25 for each twenty-five pages or fraction thereof.

(3) *Search services.* The charge for services of personnel involved in locating records is \$10.00 for each hour or fraction thereof. If a computer search is required because of the nature of the records sought and the manner in which the records are stored, the fee is \$10.00 for each hour or fraction thereof of personnel time associated with the search plus the actual cost of extracting the stored information in the format in which it is normally produced. This actual cost of extracting information is based on computer time and supplies necessary to comply with the request.

(4) *Searches requiring travel or transportation.* The charge for transporting a record from one location to another, or for transporting a Customs officer or employee to the site of requested records when it is necessary to locate rather than examine the records, is the actual cost of the transportation.

[T.D. 81-168, 46 FR 32565, June 24, 1981, as amended by T.D. 84-149, 49 FR 28699, July 16, 1984]

### § 103.12 Exemptions.

Pursuant to 5 U.S.C. 552(b), the disclosure requirements of 5 U.S.C. 552(a) are not applicable to U.S. Customs

Service records which relate to the following:

(a) *Matters kept secret pursuant to Executive order.* Matters specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and which are, in fact, properly classified pursuant to such Executive order (see 31 CFR part 2).

(b) *Certain internal rules and procedures.* Information relating solely to the internal personnel rules and practices of an agency.

(c) *Matters exempt from disclosure by statute.* Information specifically exempted from disclosure by statute (other than 5 U.S.C. 552b), if the statute (1) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (2) establishes particular criteria for withholding or refers to particular types of matters to be withheld.

(d) *Privileged or confidential information.* Trade secrets and commercial or financial information obtained from any person which is privileged or confidential.

(e) *Certain inter-agency or intra-agency correspondence.* Inter-agency or intra-agency memoranda or letters which would not be available by law to a private party in litigation with the agency.

(f) *Material involving personal privacy.* Personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

(g) *Certain investigatory records.* Records or information compiled for law enforcement purposes, but only to the extent that the production of such enforcement records or information:

(1) Could reasonably be expected to interfere with enforcement proceedings;

(2) Would deprive a person of a right to a fair trial or an impartial adjudication;

(3) Could reasonably be expected to constitute an unwarranted invasion of personal privacy;

(4) Could reasonably be expected to disclose the identity of a confidential

source, including a State, local or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of a record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source;

(5) Would disclose techniques for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law; or

(6) Could reasonably be expected to endanger the life or physical safety of any individual.

(h) *Certain pending criminal investigations.* Whenever a request is made which involves access to records described in paragraph (g)(1) of this section and—

(1) The investigation or proceeding involves a possible violation of criminal law; and

(2) There is reason to believe that the subject of the investigation or proceeding is not aware of its pendency, and disclosure of the existence of the records could reasonably be expected to interfere with enforcement proceedings, Customs may, during only such times as that circumstance continues, treat the records as not subject to the requirements of this part.

(i) *Certain informant records.* Whenever informant records maintained by Customs under an informant's name or personal identifier are requested by a third party according to the informant's name or personal identifier, Customs may treat the records as not subject to the requirements of this part unless the informant's status as an informant has been officially confirmed.

[T.D. 81-168, 46 FR 32565, June 24, 1981, as amended by T.D. 88-22, 53 FR 12937, Apr. 20, 1988]

### § 103.13 Segregability of records.

(a) *Reasonably segregable portions.* Where the record requested contains information which is exempt from disclosure under 5 U.S.C. 552(b) and § 103.12, the reasonably segregable por-

tions of the record shall be made available to the requester. For purposes of this section, the term "reasonably segregable portions" means those portions of the record: (1) Which are not exempt from disclosure by 5 U.S.C. 552(b) and § 103.12; (2) which, after deletion of the exempt material, still convey meaningful and nonmisleading information; and (3) from which it can reasonably be assumed that a skillful and knowledgeable person could not reconstruct the exempt portions.

(b) *Petitions by American manufacturers, producers, or wholesalers.* Identifying data is not to be deleted from petitions filed by American manufacturers, producers, and wholesalers pursuant to section 516, Tariff Act of 1930, as amended (19 U.S.C. 1516). See part 175 of this chapter.

(a) *Purpose.* (1) This subpart sets forth procedures to be followed with respect to the production or disclosure of any documents contained in Customs files, any information relating to material contained in Customs files, any testimony by a Customs employee, or any information acquired by any person as part of that person's performance of official duties as a Customs employee or because of that person's official status, hereinafter collectively referred to as "information", in all federal, state, local, and foreign proceedings when a subpoena, notice of deposition (either upon oral examination or written interrogatory), order, or demand, hereinafter collectively referred to as a "demand", of a court, administrative agency, or other authority is issued for such information.

(2) This subpart does not cover those situations where the United States is a party to the action. In situations where the United States is a party to the action, Customs employees are instructed to follow internal Customs policies and procedures.

(b) *Customs employee.* For purposes of this subpart, the term “Customs employee” includes all present and former officers and employees of the United States Customs Service.

(c) *Customs documents.* For purposes of this subpart, the term “Customs documents” includes any document (including copies thereof), no matter what media, produced by, obtained by, furnished to, or coming to the knowledge of, any Customs employee while acting in his/her official capacity, or because of his/her official status, with respect to the administration or enforcement of laws administered or enforced by the Customs Service.

(d) *Originating component.* For purposes of this subpart, the term “originating component” references the Customs official, or the official’s designee, in charge of the office responsible for the collection, assembly, or other preparation of the information demanded or that, at the time the person whose testimony is demanded acquired the information in question, employs or employed the person whose testimony is demanded.

(e) *Disclosure to government law enforcement or regulatory agencies.* Nothing in this subpart is intended to impede the appropriate disclosure of information by Customs to federal, state, local, and foreign law enforcement or regulatory agencies, in accordance with the confidentiality requirements of the Privacy Act (5 U.S.C. 552a), the Trade Secrets Act (18 U.S.C. 1905), and other applicable statutes.

(f) *Disclosure to federal attorneys and the Court of International Trade.* Nothing in this subpart is intended to restrict the disclosure of Customs information requested by the Court of International Trade, U.S. Attorneys, or attorneys of the Department of Justice, for use in cases which arise under the laws administered or enforced by, or concerning, the Customs Service and which are referred by the Department of the Treasury to the Department of Justice for prosecution or defense.

(g) *Disclosure of non-Customs information.* Nothing in the subpart is intended to impede the appropriate disclosure of non-Customs information by Customs employees in any proceeding in which

they are a party or witness solely in their personal capacities.

(h) *Failure of Customs employee to follow procedures.* The failure of any Customs employee to follow the procedures specified in this subpart neither creates nor confers any rights, privileges, or benefits on any person or party.

(i) *In camera inspection of records.* Nothing in this subpart authorizes Customs personnel to withhold records from a federal court, whether civil or criminal, pursuant to its order for such records appropriately made, for purposes of *in camera* inspection of the records to determine the propriety of claimed exemption(s) from disclosure.

**§ 103.22 Procedure in the event of a demand for Customs information in any federal, state, or local civil proceeding or administrative action.**

(a) *General prohibition against disclosure.* In any federal, state, or local civil proceeding or administrative action in which the Customs Service is not a party, no Customs employee shall, in response to a demand for Customs information, furnish Customs documents or testimony as to any material contained in Customs files, any information relating to or based upon material contained in Customs files, or any information or material acquired as part of the performance of that person’s official duties (or because of that person’s official status) without the prior written approval of the Chief Counsel, as described in paragraph (b) of this section.

(b) *Employee notification to Counsel.* Whenever a demand for information is made upon a Customs employee, that employee shall immediately prepare a report that specifically describes the testimony or documents sought and notify the Assistant Chief Counsel or Associate Chief Counsel for the area where the employee is located. If the employee is located at Headquarters or outside of the United States, the employee shall immediately notify the Chief Counsel. The Customs employee shall then await instructions from the Chief Counsel concerning the response to the demand.

(c) *Requesting party’s initial burden.* A party seeking Customs information

shall serve on the appropriate Customs employee the demand, a copy of the Summons and Complaint, and provide an affidavit, or, if that is not feasible, a statement that sets forth a summary of the documents or testimony sought and its relevance to the proceeding. Any disclosure authorization for documents or testimony by a Customs employee shall be limited to the scope of the demand as summarized in such affidavit or statement. The Chief Counsel may, upon request and for good cause shown, waive the requirements of this paragraph.

(d) *Requesting party's notification requirement.* The demand for Customs information, pursuant to the provisions of paragraph (c) of this section, shall be served at least ten (10) working days prior to the scheduled date of the production of the documents or the taking of testimony.

(e) *Counsel notification to originating component.* Upon receipt of a proper demand for Customs information, one which complies with the provisions of paragraph (c) of this section, if the Chief Counsel believes that it will comply with any part of the demand, it will immediately advise the originating component.

(f) *Conditions for authorization of disclosure.* The Chief Counsel, subject to the provisions of paragraph (h) of this section, may authorize the production of Customs documents or the appearance and testimony of a Customs employee if:

(1) Production of the demanded documents or testimony, in the judgment of the Chief Counsel, are appropriate under the factors specified in § 103.23(a) of this subpart; and

(2) None of the factors specified in § 103.23(b) of this subpart exist with respect to the demanded documents or testimony.

(g) *Limitations on the scope of authorized disclosure.* (1) The Chief Counsel shall authorize the disclosure of Customs information by a Customs employee without further authorization from Customs officials whenever possible, *provided that*:

(i) If necessary, Counsel has consulted with the originating component regarding disclosure of the information demanded;

(ii) There is no objection from the originating component to the disclosure of the information demanded; and

(iii) Counsel has sought to limit the demand for information to that which would be consistent with the factors specified in § 103.23 of this part.

(2) In the case of an objection by the originating component, the Chief Counsel shall make the disclosure determination.

(h) *Disclosure of commercial information.* In the case of a demand for commercial information or commercial documents concerning importations or exportations, the Chief Counsel shall obtain the authorization of the Assistant Commissioner (Field Operations) or his/her designee prior to the Chief Counsel authorizing the production/disclosure of such documents/information.

**§ 103.23 Factors in determining whether to disclose information pursuant to a demand.**

(a) *General considerations.* In authorizing disclosures pursuant to a proper demand for Customs information, one which complies with the provisions of § 103.22(c), the Chief Counsel should consider the following factors:

(1) Whether the disclosure would be appropriate under the relevant substantive law concerning privilege;

(2) Whether the disclosure would be appropriate under the rules of procedure governing the case or matter in which the demand arose; and,

(3) Whether the requesting party has demonstrated that the information requested is:

(i) Relevant and material to the action pending, based on copies of the summons and complaint that are required to be attached to the subpoena *duces tecum* or other demand;

(ii) Genuinely necessary to the proceeding, *i.e.*, a showing of substantial need has been made;

(iii) Unavailable from other sources; and,

(iv) Reasonable in its scope, *i.e.*, the documents, information, or testimony sought are described with particularity.

(4) Whether consultation with the originating component requires that

#### § 103.24

the Chief Counsel make a separate determination as to the disclosure of the information requested.

(b) *Circumstances where disclosure will not be made.* Among the demands in response to which disclosure will not be authorized by the Chief Counsel are those demands with respect to which any of the following factors exist:

(1) Disclosure would violate a treaty, statute (such as the Privacy Act, 5 U.S.C. 552a, the Trade Secrets Act, 18 U.S.C. 1905, or the income tax laws, 26 U.S.C. 6103 and 7213), or a rule of procedure, such as the grand jury secrecy rule, Fed.R.Crim.Proc. rule 6(e) (18 U.S.C.App.);

(2) Disclosure would violate a specific regulation;

(3) Disclosure would reveal classified or confidential information;

(4) Disclosure would reveal a confidential source or informant;

(5) Disclosure would reveal investigatory records compiled for law enforcement purposes, interfere with enforcement proceedings, or disclose investigative techniques and procedures;

(6) Disclosure would improperly reveal confidential commercial information without the owner's consent (*e.g.*, entry information);

(7) Disclosure relates to documents which were produced by another agency or entity;

(8) Disclosure would unduly interfere with the orderly conduct of Customs business;

(9) Customs has no interest, records, or other official information regarding the matter in which disclosure is sought;

(10) There is a failure to make proper service upon the United States; or

(11) There is a failure to comply with federal, state, or local rules of discovery.

#### **§ 103.24 Procedure in the event a decision concerning a demand is not made prior to the time a response to the demand is required.**

If response to a demand is required before the instructions from the Chief Counsel are received, the U.S. Attorney, his/her assistant, or other appropriate legal representative shall be requested to appear with the Customs employee upon whom the demand has been made. The U.S. Attorney, his/her

#### **19 CFR Ch. I (4-1-99 Edition)**

assistant, or other appropriate legal representative shall furnish the court or other authority with a copy of the regulations contained in this subpart, inform the court or other authority that the demand has been or is being, as the case may be, referred for the prompt consideration of the Chief Counsel, and shall respectfully request the court or authority to stay the demand pending receipt of the requested instructions.

#### **§ 103.25 Procedure in the event of an adverse ruling.**

If the court or other authority declines to stay the demand in response to a request made in accordance with § 103.24 pending receipt of instructions, or rules that the demand must be complied with irrespective of instructions rendered in accordance with §§ 103.22, 103.23, 103.26, or 103.27 of this subpart not to produce the documents or disclose the information sought, the Customs employee upon whom the demand has been made shall, pursuant to this subpart, respectfully decline to comply with the demand. *See, United States ex rel. Touhy v. Ragen*, 340 U.S. 462 (1951).

#### **§ 103.26 Procedure in the event of a demand for Customs information in a state or local criminal proceeding.**

Port directors, special agents in charge, and chiefs of field laboratories may, in the interest of federal, state, and local law enforcement, upon receipt of demands of state or local authorities, and at the expense of the State, authorize employees under their supervision to attend trials and administrative hearings on behalf of the government in any state or local criminal case, to produce records, and to testify as to facts coming to their knowledge in their official capacities. However, in cases where a defendant in a state or local criminal case demands testimony or the production of Customs documents or information, authorization from the Chief Counsel is required as under § 103.22 of this subpart. No disclosure of information under this section shall be made if any of the factors listed in § 103.23(b) of this subpart are present.

**§ 103.27 Procedure in the event of a demand for Customs information in a foreign proceeding.**

(a) *Required prior approval for disclosure.* In any foreign proceeding in which the Customs Service is not a party, no Customs employee shall, in response to a demand, furnish Customs documents or testimony as to any material contained in Customs files, any information relating to or based upon material contained in Customs files, or any information or material acquired as part of the performance of that person's official duties (or because of that person's official status) without the prior approval of the Chief Counsel, as described in paragraph (b) of this section.

(b) *Employee notification to Counsel.* Whenever a demand in a foreign proceeding is made upon a Customs employee concerning pre-clearance activities within the territory of the foreign country, that employee shall immediately notify the appropriate Associate Chief Counsel responsible for the pre-clearance location. All other demands in a foreign proceeding shall be reported by Customs employees to the Chief Counsel. The Customs employee shall then await instructions from the Chief Counsel concerning the response to the demand.

(c) *Counsel notification to originating component.* Upon receipt of a proper demand for Customs information, one which complies with the provisions of § 103.22(c), if the Chief Counsel believes that it will comply with any part of the demand, it will immediately advise the originating component.

(d) *Conditions for authorization of disclosure.* The Chief Counsel, subject to the terms of paragraph (e) of this section, may authorize the disclosure of Customs documents or the appearance and testimony of a Customs employee if:

(1) Production of the demanded documents or testimony, in the judgment of the Chief Counsel, are appropriate under the factors specified in § 103.23(a) of this subpart; and

(2) None of the factors specified in § 103.23(b) of this subpart exist with respect to the demanded documents or testimony.

(e) *Limitations on the scope of authorized disclosure.* (1) The Chief Counsel shall authorize the disclosure of Customs information by a Customs employee without further authorization from Customs officials whenever possible, provided that:

(i) If necessary, Counsel has consulted with the originating component regarding disclosure of the information demanded;

(ii) There is no objection from the originating component to the disclosure of the information demanded; and

(iii) Counsel has sought to limit the demand for information to that which would be consistent with the factors specified in § 103.23 of this part.

(2) In the case of an objection by the originating component, the Chief Counsel shall make the disclosure determination.

**Subpart C—Other Information Subject to Restricted Access****§ 103.31 Information on vessel manifests and summary statistical reports.**

(a) *Disclosure to members of the press.* Accredited representatives of the press, including newspapers, commercial magazines, trade journals, and similar publications shall be permitted to examine vessel manifests and summary statistical reports of imports and exports and to copy therefrom for publication information and data subject to the following rules:

(1) Of the information and data appearing on outward manifests, only the name and address of the shipper, general character of the cargo, number of packages and gross weight, name of vessel or carrier, port of exit, port of destination, and country of destination may be copied and published. However, if the Secretary of the Treasury makes an affirmative finding on a shipment-by-shipment basis that disclosure of the above information is likely to pose a threat of personal injury or property damage, that information shall not be disclosed to the public.

(2) Commercial or financial information, such as the names of the consignees, and marks and numbers shall not be copied from outward manifests or any other papers.

(3) All the information appearing on the cargo declaration (Customs Form 1302) of the inward vessel manifest may be copied and published. However, if the Secretary of the Treasury makes an affirmative finding on a shipment-by-shipment basis that the disclosure of the information contained on the cargo declaration is likely to pose a threat of personal injury or property damage, that information shall not be disclosed to the press.

(b) *Review of data.* All copies and notations from inward or outward manifests shall be submitted for examination by a Customs officer designated for that purpose.

(c) *Disclosure to the public.* Members of the public shall not be permitted to examine vessel manifests. However, they may request and obtain from Customs, information from vessel manifests, subject to the rules set forth in paragraph (a) of this section. However, importers and exporters, or their duly authorized brokers, attorneys, or agents may be permitted to examine manifests with respect to any consignment of goods in which they have a proper and legal interest as principal or agent, but shall not be permitted to make any general examination of manifests or make any copies or notations from them except with reference to the particular importation or exportation in which they have a proper and legal interest.

(d) *Confidential treatment—(1) Inward manifest.* An importer or consignee may request confidential treatment of its name and address contained in inward manifests, to include identifying marks and numbers. In addition, an importer or consignee may request confidential treatment of the name and address of the shipper or shippers to such importer or consignee by using the following procedure:

(i) An importer or consignee, or authorized employee, attorney or official of the importer or consignee, must submit a certification (as described in paragraph (d)(1)(ii) of this section) claiming confidential treatment of its name and address. The name and address of an importer or consignee includes marks and numbers which reveal the name and address of the importer or consignee. An importer or

consignee may file a certification requesting confidentiality for all its shippers.

(ii) There is no prescribed format for a certification. However, the certification shall include the importer's or consignee's Internal Revenue Service Employer Number, if available. There is no requirement to provide sufficient facts to support the conclusion that the disclosure of the names and addresses would likely cause substantial harm to the competitive position of the importer or consignee.

(iii) The certification must be submitted to the Disclosure Law Officer, Headquarters, U.S. Customs Service, 1300 Pennsylvania Avenue, NW., Washington, DC 20229.

(iv) Each initial certification will be valid for a period of two years from the date of receipt. Renewal certifications should be submitted to the Disclosure Law Officer at least 60 days prior to the expiration of the current certification. Information so certified may be copied, but not published, by the press during the effective period of the certification. An importer or consignee shall be given written notification by Customs of the receipt of its certification of confidentiality.

(2) *Outward manifest.* If a shipper wishes to request confidential treatment by Customs of the shipper's name and address contained in an outward manifest, the following procedure shall be followed:

(i) A shipper, or authorized employee or official of the shipper, must submit a certification claiming confidential treatment of the shipper's name and address. The certification shall include the shipper's Internal Revenue Service Employer Number, if available.

(ii) There is no prescribed format for a certification.

(iii) The certification must be submitted to the Disclosure Law Officer, Headquarters, U.S. Customs Service, 1300 Pennsylvania Avenue, NW., Washington, DC 20229.

(iv) Each certification will be valid for a period of two (2) years from the date of its approval.

(3) If any individual shall abuse the privilege granted him to examining inward and outward manifests or shall

make any improper use of any information or data obtained from such manifests or other papers filed in the customhouse, both he and the party or publication which he represents shall thereafter be denied access to such papers.

(e) *Availability of manifest data on magnetic tapes*—(1) *Availability*. Manifest data acquired from the Automated Manifest System (AMS) is available to interested members of the public on magnetic tape. This data, compiled daily, will contain all manifest transactions made on the nationwide system within the last 24 hour period. Data for which parties have requested confidential treatment in accordance with § 103.14(d) will not be included on the tapes. These tapes may be purchased at the government's production cost. He may also authorize a special examination for one who will be authorized to continue the business of an individual broker. A special examination may also be authorized when a licensed brokerage firm loses its qualifying individual exercising responsible supervision and control over a district office and that office's permit will lapse before the next scheduled examination. Application and a statement of the reasons for the necessity of a special examination shall be filed with the port director in accordance with § 111.12.

(d) *Failure to appear for examination.* If the applicant fails to appear for a scheduled examination without notification in advance or explanation of the circumstances which made it impossible or impracticable to give such notification, the port director shall notify him that the application is denied because of failure to appear for examination to establish his qualifications for a license.

(e) *Failure to pass examination.* If the applicant does not obtain a grade of at least 75 percent, the Commissioner will notify him and the port director that the application for a license is denied because of failure to pass the examination.

A license for an individual who is a member of a partnership or an officer of an association or corporation will be issued in the name of the individual licensee and not in his capacity as a member or officer of the organization with which he is connected. The license shall be forwarded to the port director, who shall deliver it to the licensee. The port director shall maintain an alphabetical list of brokers licensed at his port which list shall be available to the public.

## **19 CFR Ch. I (4–1–99 Edition)**

### **§ 111.16 Denial of license.**

(a) *Notice of denial.* If the Commissioner determines that the application for a license should be denied for any reason, notice of denial shall be given by him to the applicant and to the director of the port at which the application was filed. The notice of denial shall state the reasons why the license was not issued.

(b) *Grounds for denial.* The causes sufficient to justify denial of an application for a license shall include, but need not be limited to:

(1) Any cause which would justify suspension or revocation of the license of a broker under the provisions of § 111.53;

(2) The failure to meet any requirement set forth in § 111.11;

(3) A failure to establish the business integrity and good character of the applicant;

(4) Any willful misstatement of pertinent facts in the application;

(5) Any conduct which would be deemed unfair in commercial transactions by accepted standards;

(6) A reputation imputing to the applicant criminal, dishonest, or unethical conduct, or a record of such conduct.

### **§ 111.17 Review of the denial of a license.**

(a) *By the Commissioner.* Upon the denial of an application for a license, the applicant may file with the Commissioner of Customs, in writing, a request that further opportunity be given for the presentation of information or arguments in support of the application by personal appearance, or in writing, or both. This request must be received by the Commissioner within 60 days of the denial.

(b) *By the Secretary.* Upon the decision of the Commissioner affirming the denial of an application for a license, the applicant may file with the Secretary of the Treasury, in writing, a request for such additional review as the Secretary shall deem appropriate. This request must be received by the Secretary within 60 days of the Commissioner's affirmation of the denial of an application for a license.

(c) *By the Court of International Trade.* Upon a decision of the Secretary of the

Treasury affirming the denial of an application for a license, the applicant may appeal the decision to the Court of International Trade provided the appeal action is commenced within 60 days after the date of entry of the Secretary's decision.

[T.D. 74-272, 39 FR 37051, Oct. 17, 1974, as amended by T.D. 85-90, 50 FR 21431, May 24, 1985]

### **§ 111.18 Reapplication for license.**

An applicant who has been denied a license may reapply at any time by complying with the provisions of § 111.12 of this part.

### **§ 111.19 Permits.**

(a) *General.* Each person granted a broker's license under this part shall be concurrently issued a permit for the district through which the application was submitted, without the payment of the fee required by § 111.96 if it is shown to the satisfaction of the port director that the person intends to transact customs business within the district through which the broker's license application is submitted and the person otherwise complies with the requirements of this part.

(b) *Submission of application for permits for additional ports.* A licensed person who intends to conduct customs business at additional customs ports, or a licensed person who was not concurrently granted a permit with the broker's license under paragraph (a) of this section, shall submit an application for each additional port to the director of that port on Customs Form 3124. If the information set forth by the applicant on the Customs Form 3124 submitted pursuant to § 111.12 is current, a copy of that application may be submitted in place of a new Customs Form 3124. The Customs Form 3124 shall be modified to indicate that it is an application for a permit. The applicant shall comply with the requirements set forth in § 111.12(a). Each application for a permit shall identify the broker's license number and date of issuance. The broker shall list in its application all ports for which a permit has been granted. When a broker applies for a permit at additional customs ports, he must provide the director of that port with a document which

## § 111.23

reserves the business name with the state or local government, in order to avoid the use of the same or a confusingly similar name by two brokers.

(c) *Fee.* Each application for a permit shall be accompanied by the fees set forth in § 111.96.

(d) *Responsible supervision and control.* The applicant shall have a place of business at the port where the application is filed, or shall have made firm arrangements satisfactory to the port director to establish such a place of business. The applicant shall exercise responsible supervision and control over the office as defined by § 111.11(d). On and after October 31, 1987, other than as provided below, the applicant shall employ in each district for which a permit is granted at least one individual licensed under this subpart to exercise responsible supervision and control over the customs business conducted in the district. If the applicant can demonstrate to the satisfaction of the Commissioner that he regularly employs, in the region in which the district is located, at least one individual who is licensed, and that adequate procedures exist for the person employed in that region to exercise responsible supervision and control, as defined by § 111.11(d), over the customs business conducted in the district, the Commissioner may waive the requirement for a licensed broker in that district. A request for a waiver, supported by information on the volume and type of customs business conducted, or planned to be conducted, and evidence demonstrating that the applicant is able to exercise responsible supervision and control, shall be sent to the port director in the district in which the waiver is sought. The port director shall review the request for a waiver and make recommendations which will be sent to the Office of Field Operations, Customs Headquarters.

(e) *Action on application.* Upon receipt of the application for a permit, the district director shall immediately notify the district director in each other district in which the applicant has a permit and request comments as to the applicant's compliance with the duties and responsibilities of a broker in the other district. The district director in the other district shall timely submit

his comments and recommendation to the district director making the request. The district director who received the application shall make a decision on it after considering all of the facts and circumstances. An application shall be approved unless action is pending in another district to suspend or revoke the applicant's license.

(f) *Investigation.* The district director may require an investigation to be conducted if additional facts are deemed necessary before making a decision upon the application.

### § 111.55 Investigation of complaints.

Every complaint or charge against a broker which may be the basis for disciplinary action shall be forwarded for investigation to the special agent in charge of the area in which the broker is located. The special agent in charge shall submit a report on the investigation to the director of the port and send a copy of it to the Commissioner.

### § 111.56 Review of report on investigation.

The port director shall review the report of investigation to determine if there is sufficient basis to recommend that charges be preferred against the broker. He shall then submit his recommendation with supporting reasons to the Commissioner for final determination together with a proposed statement of charges when recommending that charges be preferred.

### § 111.57 Determination by Commissioner.

(a) *Determination not to prefer charges.* If the Commissioner determines that charges will not be preferred, he shall notify the port director of his decision.

### § 111.58 Content of statement of charges.

The statement of charges shall give a plain and concise, but not necessarily detailed, description of the facts claimed to constitute grounds for suspension or revocation of the license. The statement of charges also shall specify the sanction being proposed (e.g., suspension of the broker's license, or revocation of the license) but if a suspension is proposed the charges need not state a specific period of time for which suspension is proposed. A statement of charges which fairly informs the accused of the charges against him so that he is able to prepare his response shall be deemed sufficient. Different means by which a purpose might have been accomplished or different intents with which acts might have been done so as to constitute grounds for suspension or revocation of license may be alleged in the statement of charges in a single count in the alternative.

### **§ 111.60 Request for additional information.**

If, in order to prepare his response, the broker desires additional information as to the time and place of the alleged misconduct, or the means by which it was committed, or any other more specific information concerning the alleged misconduct, he may request such information in writing. He shall set forth in his request in what respect the proposed statement of charges leaves him in doubt and describe the particular language of the proposed statement of charges as to which additional information is needed. If in the opinion of the port director such information is reasonably necessary to enable the broker to prepare his response, he shall furnish the broker with such information.

If the Commissioner determines that the broker has satisfactorily responded to the proposed charges, and that further proceedings are not warranted he shall so inform the port director who shall notify the broker. If no response is filed or the Commissioner determines that the broker has not satisfactorily responded to the proposed charges, he shall so advise the port director and instruct him to prepare, sign, and serve a notice of charges and the statement of charges. If one or more of the charges in the proposed statement of charges was satisfactorily answered by the broker, the Commissioner shall instruct the port director to omit those charges from the statement of charges.

## **§ 111.72 Dismissal subject to new proceedings.**

If the Secretary of the Treasury finds that the evidence produced at the hearing indicates that a proper disposition of the case cannot be made on the basis of the charges preferred, he may instruct the port director to serve appropriate charges as a basis for new proceedings to be conducted in accordance with the procedure set forth in this subpart.

### § 111.76 Reopening the case.

(a) *Grounds for reopening.* Any person whose license has been suspended or revoked may make written application in duplicate to the Commissioner to have the order of suspension or revocation set aside or modified upon the ground of newly discovered evidence or that important evidence is now available which could not be produced at the original hearing by the exercise of due diligence. The application must set forth specifically the precise character of the evidence to be relied upon and shall state the reasons why the applicant was unable to produce it when the original charges were heard.

(b) *Procedure.* The Commissioner shall forward the application with his recommendation to the Secretary of the Treasury. The Secretary may grant or deny the application for reopening of the case and may order the taking of additional testimony before the Commissioner. The Commissioner shall also give consideration to the gravity of the misconduct which gave rise to the petitioner's disability. In any case in which such misconduct leads to pecuniary loss to the Government or to any person, the Commissioner shall also take into account whether the petitioner has made reimbursement for the losses incurred.

The fee is payable for each calendar year at the port through which the broker was granted the permit, shall be paid by the due date as published annually in the FEDERAL REGISTER, and shall be remitted in accordance with the procedures set forth in § 24.22(i) of this chapter. ## Subpart A—General Provisions

### § 113.1 Authority to require security or execution of bond.

Where a bond or other security is not specifically required by law, the Commissioner of Customs, pursuant to Treasury Department Order No. 165 Revised, as amended (T.D. 53654, 19 FR 7241, November 6, 1954), may by regulation or specific instruction require, or authorize the port director to require, such bonds or other security considered necessary for the protection of the revenue or to assure compliance with any pertinent law, regulation, or instruction.

### § 113.2 Powers of Commissioner of Customs relating to bonds.

Whenever a bond is required or authorized by law, regulation, or instruction, the Commissioner of Customs may:

(a) Prescribe the conditions and form of the bond and fix the amount of penalty, whether for the payment of liquidated damages, or of a penal sum, except as otherwise specifically provided by law.

(b) Provide for the approval of the sureties on the bond, without regard to any general provision of law.

(c) Authorize the execution of a term bond, the conditions of which shall extend to and cover similar cases of importations over a period of time, not to exceed one year or such longer period he may fix, when in his opinion special circumstances warrant a longer period.

(d) Authorize the taking of a consolidated bond (single entry or term) in lieu of separate bonds to assure compliance with two or more provisions of law, regulation, or instruction. Such a consolidated bond shall have the same force and effect as the separate bonds in lieu of which it was taken. The Commissioner of Customs may fix the penalty for violation of a consolidated bond without regard to any other provision of law, regulation, or instruction.

### § 113.3 Liability of surety on a terminated bond.

The surety, as well as the principal, remains liable on a terminated bond

for obligations incurred prior to termination.

#### § 113.4 Bonds and carnets.

(a) *Bonds*. All bonds required to be given under the Customs laws or regulations shall be known as Customs bonds.

(b) *Carnets*. A carnet is an international customs document which serves simultaneously as a customs entry document and as a customs bond. Therefore, carnets, provided for in part 114 of this chapter, are ordinarily acceptable without posting further security under the Customs laws or regulations requiring bonds.

### Subpart B—Bond Application and Approval of Bond

#### § 113.11 Bond approval.

Each person who is required by law, regulation, or specific instruction to post a bond to secure a Customs transaction or multiple transactions must submit the bond on Customs Form 301. If the transaction(s) will occur at one Customs port, the bond shall be filed with and approved by the director of that port where the transaction(s) will take place. If the transactions will occur in more than one port the bond may be filed with and approved by any port director. Only one continuous bond for a particular activity will be authorized for each principal. The port director will determine whether the bond is in proper form and provides adequate security for the transaction(s). A bond relating to repayment of an erroneous drawback payment containing the bond conditions set forth in § 113.65 shall be filed with the appropriate drawback office for approval.

#### § 113.12 Bond application.

(a) *Single entry bond application*. In order to insure that the revenue is adequately protected the port director may require a person who will be engaged in a single Customs transaction relating to the importation or entry of merchandise to file a written bond application which may be in the form of a letter. The application shall identify the value and nature of the merchandise involved in the transaction to be

secured. When the proper bond in a sufficient amount is filed with the entry summary or with the entry, or when the entry summary is filed at the time of entry, an application will not be required.

(b) *Continuous bond application*. If a person wants to secure multiple transactions relating to the importation or entry of merchandise or the operation of a bonded smelting or refining warehouse, a bond application, which may be in the form of a letter, shall be submitted to the port director.

(1) *Information required*. The application shall contain the following information:

(i) The general character of the merchandise to be entered; and

(ii) The total amount of ordinary Customs duties (including any taxes required by law to be treated as duties) accruing on all merchandise imported by the principal during the calendar year preceding the date of the application, plus the estimated amount of any other tax or taxes on the merchandise to be collected by Customs. The total amount of duties and taxes shall be that which would have been required to be deposited had the merchandise been entered for consumption even though some or all of the merchandise may have been entered under bond. If the value or nature of the merchandise to be imported will change in any material respect during the next year the change shall be identified. If no imports were made during the calendar year prior to the application, a statement of the duties and taxes it is estimated will accrue on all importations during the current year shall be submitted.

(2) *Application updates*. If the port director approves a bond based upon the application, whenever there is a significant change in the information provided under this paragraph, the principal on the bond shall submit a new application containing an update of the information required by paragraph (b)(1) of this section. The new application shall be filed no later than 30 days after the new facts become known to the principal.

(c) *Certification*. Any application submitted under this section shall be

### § 113.13

### 19 CFR Ch. I (4–1–99 Edition)

signed by the applicant and contain the following certification:

I certify that the factual information contained in this application is true and accurate and any information provided which is based upon estimates is based upon the best information available on the date of this application.

#### § 113.13 Amount of bond.

(a) *Minimum amount of bond.* The amount of any Customs bond shall not be less than \$100, except when the law or regulation expressly provides that a lesser amount may be taken. Fractional parts of a dollar shall be disregarded in computing the amount of a bond. The bond always shall be stated as the next highest dollar.

(b) *Guidelines for determining amount of bond.* In determining whether the amount of a bond is sufficient, the port director or drawback office in the case of a bond relating to repayment of erroneous drawback payment (see § 113.11) should at least consider:

(1) The prior record of the principal in timely payment of duties, taxes, and charges with respect to the transaction(s) involving such payments;

(2) The prior record of the principal in complying with Customs demands for redelivery, the obligation to hold unexamined merchandise intact, and other requirements relating to enforcement and administration of Customs and other laws and regulations;

(3) The value and nature of the merchandise involved in the transaction(s) to be secured;

(4) The degree and type of supervision that Customs will exercise over the transaction(s);

(5) The prior record of the principal in honoring bond commitments, including the payment of liquidated damages; and

(6) Any additional information contained in any application for a bond.

(c) *Periodic review of bond sufficiency.* The port directors and drawback offices shall periodically review each bond filed in their respective port or drawback office in the case of a bond relating to repayment of erroneous drawback payment (see § 113.11) to determine whether the bond is adequate to protect the revenue and insure compliance with the law and regulations. If

the port director or drawback office determines that the bond is inadequate, the principal shall be immediately notified in writing. The principal shall have 30 days from the date of notification to remedy the deficiency.

(d) *Additional security.* Notwithstanding the provisions of this section or any other provision of this chapter, if a port director or drawback office believes that acceptance of a transaction secured by a continuous bond would place the revenue in jeopardy or otherwise hamper the enforcement of Customs laws or regulations, he shall require additional security.

#### § 113.14 Approved form of bond inadequate.

If the port director believes that none of the conditions contained in subpart G of this part is applicable to a transaction sought to be secured, the port director shall draft conditions which will cover the transaction, but before execution of the bond the conditions shall be submitted to Headquarters, Attention: Director, International Trade Compliance Division, for approval.

[T.D. 84–213, 49 FR 41171, Oct. 19, 1984, as amended by T.D. 91–77, 56 FR 46115, Sept. 10, 1991; T.D. 99–27, 64 FR 13675, Mar. 22, 1999]

#### § 113.15 Retention of approved bonds.

All bonds approved by the port director, except the bond containing the agreement to pay court costs (condemned goods) (see § 113.72) shall remain on file in the port office unless the port director is directed in writing by the Director, International Trade Compliance Division, as to other disposition. The bond containing the agreement to pay court costs (condemned goods), shall be transmitted to the United States attorney, as required by section 608, Tariff Act of 1930, as amended (19 U.S.C. 1608). The bond relating to repayment of erroneous drawback payment containing the conditions set forth in § 113.65 shall be retained in the appropriate drawback office.

(b) *Witness for both principal and surety.* When two persons signing as witnesses act for both principal and surety, they shall so indicate by stating on the bond “as to both”.

(c) *Corporate principal or surety.* No witnesses are required where bonds are executed by properly authorized officers or agents of a corporate principal or corporate surety. For requirements concerning the execution of a bond by an authorized officer or agent of a corporate principal or surety, see §§ 113.33 and 113.37 of this part.

**§ 113.23 Changes made on the bond.**

(a) *Definition of the types of changes—*

(1) *Modification or interlineation.* Modifications or interlineations are changes which go to the substance of the bond, or are basic revisions of the bond.

(2) *Alterations or erasures.* Alterations or erasures consist of minor changes, such as the correction of typographical errors, or change of address, which do not go to the substance, or result in basic revision of the bond.

(b) *Prior to signing.* When erasures, alterations, modifications, or interlineations are made on the bond prior to its signing by the parties to the bond, a statement by an agent of the surety company or by the personal sureties to that effect shall be placed upon the bond.

(c) *After signing.* If erasures or alterations are made after the bond is signed, but prior to the approval of the bond by Customs, the consent of all the parties shall be written on the bond. Except in cases where a change in the bond is expressly authorized by regulation, or by the Commissioner, no modification or interlineation shall be made on the bond after execution. When a modification or interlineation is desired, a new bond will be executed.

(d) *After approval of the bond by Customs.* Except in cases where a change in the bond is expressly authorized by regulations, or instructions from the Commissioner, the port director shall not permit a change as defined in paragraph (a) of this section after the bond has been approved by Customs. When changes are desired, a new bond is required, which, when approved, shall supersede the existing bond.

[T.D. 84-213, 49 FR 41171, Oct. 19, 1984; 49 FR 44867, Nov. 9, 1984]

**§ 113.24 Riders.**

(a) *Types of riders.* The port director may accept the following types of bond riders.

(1) *Name change of principal.* A bond rider to change the name of a principal on a bond may be used only when the change in name does not change the legal identity or status of the principal. If a new corporation is created as a result of a merger, reorganization or similar action, a bond rider for a name

## § 113.26 Effective dates of bonds and riders.

(b) *Termination by surety.* A surety may, with or without the consent of the principal, terminate a Customs bond on which it is obligated. The surety shall provide reasonable written notice to both the director of the port where the bond was approved or appropriate drawback office in the case of bonds relating to repayment of an erroneous drawback payment and the principal of the intent to terminate. The written notice shall state the date on which the termination shall be effective and shall be sent to both Customs and the principal by certified mail, with a return receipt requested. Thirty

(c) *Effect of termination.* If a bond is terminated no new Customs transactions shall be charged against the bond. A new bond in an appropriate amount on Customs Form 301, containing the appropriate bond conditions set forth in subpart G of this part, shall be filed before further Customs activity may be transacted.

The officer's signature shall be prima facie evidence

of that officer's authority to bind the corporation. When a power of attorney is required it shall conform to the requirements of subpart C, part 141, of this chapter.

(d) *Bond executed by an attorney in fact.* When an attorney in fact executes a bond on behalf of a corporate principal and a power of attorney has not been filed with the port director (unless exempted from filing by § 141.46 of this chapter), there shall be attached a power of attorney executed by an officer of the corporation whose authority to execute the power shall be shown as prescribed in paragraph (c) of this section.

### § 113.34 Co-principals.

A bond with a co-principal may be used by a person having a distinct legal status (e.g., individual, partnership, corporation) to join another person with the same distinct legal status on the bond. A bond with a co-principal shall not be used to join an entity which does not have a distinct legal status (e.g. an unincorporated division of a corporation). However, an entity which does not have a distinct legal status may use another bond if listed on the bond by the principal at the time of execution or by subsequent rider (see § 113.24). (e) *Continuancy of financial responsibility.* In order to follow the continued solvency and financial responsibility of individual sureties, the port director shall require a new oath and determine the financial responsibility of each individual surety as prescribed in paragraphs (c) and (d) of this section at

least once every 6 months, and more often if deemed advisable.

### **§ 113.36 Partner acting as surety on behalf of a partner or on behalf of a partnership.**

A member of a partnership shall not be accepted as an individual surety on a bond executed by the partnership as principal. A partner may be an individual surety for a fellow partner on a bond if (a) the transaction is in an individual capacity and unrelated to the partnership, (b) sufficient unencumbered nonpartnership property is available as security, and (c) the individual qualifies as an individual surety under the provisions of § 113.35 of this part.

(f) *Two or more corporate sureties as sureties on the same obligation.* Two or more corporate sureties may be accepted as sureties on any obligation the amount of which does not exceed the limitations of their aggregate qualifying power as fixed and determined by the Secretary of the Treasury. The amount for which each corporate surety may act as surety in all cases must be within the limitation prescribed by the Secretary, unless the excess is protected as prescribed in § 223.11, Bureau of Government Financial Operations Regulations (31 CFR 223.11). The second copy shall be validated by Customs and returned to the grantee. The grantee, at the time of filing a bond at a port other than the port where the power of attorney was filed, shall provide this validated copy of the power of attorney as proof of the grant of authority. The validity of this copy of the power of attorney shall expire when the first computer printout reflecting this power of attorney is received.

(4) *Term and revocation.* Corporate surety powers of attorney shall continue in force and effect until revoked. Any surety desiring that a designated agent or attorney be divested of a power of attorney must execute a revocation on Customs Form 5297. The revocation shall take effect on the

(5) *Change on the power of attorney.* No change shall be made on the Customs Form 5297 after it has been approved by Customs except the following: (i) Grantee name change, (ii) grantee address change, and (iii) the addition of port(s) to the corporate surety power of attorney on file. To make any other change to the power of attorney two separate Customs Forms 5297 shall be submitted, one revoking the previous power of attorney, and one containing a new grant of authority.

(3) *Notice of surety.* The appropriate Customs officer may take the above actions only after the surety has been provided reasonable notice with an opportunity to pay delinquent amounts, provide justification for the failure to pay, or demonstrate the existence of a significant legal issue justifying further delay in payment.

(4) *Review and final decision.* After a review of any submission made by the surety under paragraph (c)(4) of this section, if the appropriate Customs officer is still of the opinion bonds secured by the surety should not be accepted, written notice of the decision shall be provided to the surety in person or by certified mail, return receipt requested, at least five days before the date that Customs will no longer accept the bonds of the surety. When notice is sent to the surety of the decision not to accept the surety's bonds the appropriate Customs officer shall notify the Director, International Trade Compliance Division, Customs Headquarters. Notice shall be given to the importing public by posting a copy of the decision in the customhouse. The decision shall also be published in the Customs Bulletin.

(5) *Duration of decision.* Any decision not to accept a given surety's bond shall remain in effect for a minimum of five days or until all outstanding delinquencies are resolved, whichever is later.

## Subpart G—Customs Bond Conditions

### § 113.61 General.

Each section in this subpart identifies specific coverage for a particular Customs activity. When an individual or organization files a bond with Customs the activity in which they plan on engaging will be identified on the bond. The bond conditions listed in this subpart which correspond to that activity will be incorporated by reference into the bond.

### § 113.62 Basic importation and entry bond conditions.

A bond for basic importation and entry shall contain the conditions listed in this section and may be either a single entry or a continuous bond, except that a bond taken in the case of merchandise subject to an exclusion order of the International Trade Commission under 19 U.S.C. 1337 shall be a single entry bond.

#### BASIC IMPORTATION AND ENTRY BOND CONDITIONS

(a) *Agreement to Pay Duties, Taxes, and Charges.* (1) If merchandise is imported and released from Customs custody or withdrawn from a Customs bonded warehouse into the commerce of, or for consumption in, the United States, or under § 181.53 of this chapter is withdrawn from a duty-deferral program for exportation to Canada or Mexico or for entry into a duty-deferral program in Canada or Mexico, the obligors (principal and surety, jointly and severally) agree to:

(i) Deposit, within the time prescribed by law or regulation, any duties, taxes, and charges imposed, or estimated to be due, at the time of release or withdrawal; and

(ii) Pay, as demanded by Customs, all additional duties, taxes, and charges subsequently found due, legally fixed, and imposed on any entry secured by this bond.

(2) If the principal enters any merchandise into a Customs bonded warehouse, the obligors agree;

(ii) That the obligation to pay duties, taxes, and charges on the merchandise applies whether it is properly withdrawn by the principal, or by the principal's transferee, or is unlawfully removed by the principal or any other person, without regard to whether the merchandise is manipulated, unless payment was made or secured to be made by some other person.

(3) Under this agreement, the obligation to pay any and all duties, taxes, and charges due on any entry ceases on the date the principal timely files with the port director a bond of the owner in which the owner agrees to pay all duties, taxes, and charges found due on that entry; provided a declaration of the owner has also been properly filed.

(b) *Agreement to Make or Complete Entry.* If all or part of imported merchandise is released before entry under the provisions of the special delivery permit procedures under 19 U.S.C. 1448(b), released before completion of the entry under 19 U.S.C. 1484(a), or withdrawn from warehouse under 19 U.S.C. 1557(a) (see § 10.62b of this chapter), the principal agrees to file within the time and in the manner prescribed by law and regulation, documentation to enable Customs to:

(2) Properly assess duties on the merchandise;

(3) Collect accurate statistics with respect to the merchandise; and

(4) Determine whether applicable requirements of law and regulation are met.

(d) *Agreement to Redeliver Merchandise.* If merchandise is released conditionally from Customs custody to the

principal before all required evidence is produced, before its quantity and value are determined, or before its right of admission into the United States is determined, the principal agrees to redeliver timely, on demand by Customs, the merchandise released if it:

(1) Fails to comply with the laws or regulations governing admission into the United States;

(2) Must be examined, inspected, or appraised as required by 19 U.S.C. 1499; or

(3) Must be marked with the country of origin as required by law or regulation.

It is understood that any demand for redelivery will be made no later than 30 days after the date that the merchandise was released or 30 days after the end of the conditional release period (whichever is later).

(e) *Agreement to Rectify Any Non-Compliance with Provisions of Admission.* If merchandise is released conditionally to the principal before its right of admission into the United States is determined, the principal, after notification, agrees to mark, clean, fumigate, destroy, export or do any other thing to the merchandise in order to comply with the law and regulations governing its admission into the United States within the time period set in the notification.

(f) *Agreement for Examination of Merchandise.* If the principal obtains permission to have any merchandise examined elsewhere than at a wharf or other place in charge of a Customs officer, the principal agrees to:

(1) Hold the merchandise at the place of examination until the merchandise is properly released;

(2) Transfer the merchandise to another place on receipt of instructions from Customs made before release; and

(3) Keep any Customs seal or cording on the merchandise intact until the merchandise is examined by Customs.

(g) *Reimbursement and Exoneration of the United States.* The obligors agree to:

(1) Pay the compensation and expenses of any Customs officer, as required by law or regulation; and

(2) Exonerate the United States and its officers from any risk, loss, or expense arising out of principal's importation, entry, or withdrawal of merchandise.

(h) *Agreement on Duty-Free Entries or Withdrawals.* If the principal enters or withdraws any merchandise, without payment of duty and tax, or at a reduced rate of duty and tax, as permitted under the law, the principal agrees:

(1) To use and handle the merchandise in the manner and for the purpose entitling it to duty-free treatment;

(2) If a fishing vessel, to present the original approved application to Customs within 24 hours on each arrival of the vessel in the Customs territory of the United States from a fishing voyage;

(3) To furnish timely proof to Customs that any merchandise entered or withdrawn under any law permitting duty-free treatment was used in accordance with that law; and

(4) To keep safely all withdrawn beverages remaining on board while the vessel is in port, as may be required by Customs.

(i) *Agreement to comply with Customs Regulations applicable to Customs security areas at airports.* If access to the Customs security areas at airports is desired, the principal (including its employees, agents, and contractors) agrees to comply with the Customs Regulations in this chapter applicable to Customs security areas at airports. If the principal defaults, the obligors (principal and surety, joint and severally) agree to pay liquidated damages of \$1000 for each default or such other amount as may be authorized by law or regulation.

(j) *Agreement to comply with electronic entry filing requirements.* If the principal is qualified to utilize electronic entry filing as provided for in part 143, subpart D, of this chapter, the principal agrees to comply with all conditions set forth in that subpart and to send and accept electronic transmissions without the necessity of paper copies.

(k) *Agreement to ensure and establish issuance of softwood lumber export permit and collection of export fees.* In the case of a softwood lumber product imported from Canada that is subject to the re-

quirement that the Government of Canada issue an export permit pursuant to the Softwood Lumber Agreement, the principal agrees, as set forth in § 12.140(a) of this chapter, to assume the obligation to ensure within 20 working days of release of the merchandise, and establish to the satisfaction of Customs, that the applicable export permit has been issued by the Government of Canada.

(l) *Consequence of default.* (1) If the principal defaults on agreements in this condition other than conditions (a), (g), or (i) the obligors agree to pay liquidated damages equal to the value of the merchandise involved in the default, or three times the value of the merchandise involved in the default if the merchandise is restricted merchandise or alcoholic beverages, or such other amount as may be authorized by law or regulation except that in the case of merchandise subject to an exclusion order of the International Trade Commission under 19 U.S.C. 1337 which has been released before such order becomes final, the obligors agree to pay liquidated damages in the amount specified in the order for failure to redeliver such merchandise.

(2) It is understood and agreed that whether the default involves merchandise is determined by Customs and that the amount to be collected under these conditions shall be based upon the quantity and value of the merchandise as determined by Customs. Value as used in these provisions means value as determined under 19 U.S.C. 1401a.

(3) If the principal defaults on agreements in this condition other than conditions (a) or (g) and the default does not involve merchandise, the obligors agree to pay liquidated damages of \$1,000 for each default or such other amount as may be authorized by law or regulation.

(4) If the principal defaults on agreements in the condition set forth in paragraph (a)(1)(i) of this section only, the obligors (principal and surety, jointly and severally) agree to pay liquidated damages equal to two times the unpaid duties, taxes and charges estimated to be due or \$1,000, whichever is greater. A default on the condition set forth in paragraph (a)(1)(i) of this section shall be presumed if any

### Subpart B—Issuing and Guaranteeing Associations

#### § 114.11 Approval.

(a) *Documents to be furnished.* Before an association may be approved to serve as issuing association or guaranteeing association in the United States with respect to carnets authorized under a Customs Convention or Agreement to which the United States has acceded, such association shall furnish the Commissioner a written undertaking, in a form satisfactory to the Commissioner, to perform the functions and fulfill the obligations specified in the Convention or Agreement under which carnets are to be issued or guaranteed. Evidence of affiliation with an appropriate international organization shall also be required if affiliation with such an organization is required by the Convention or Agreement under which carnets are to be issued or guaranteed.

(b) *Publication of notice of approval.* Notice of the approval of an issuing association or a guaranteeing association with respect to a Customs Convention or Agreement to which the United States has acceded will be published in

the FEDERAL REGISTER by the Commissioner.

#### § 114.12 Termination of approval.

(a) *For cause.* The Commissioner may suspend or revoke the approval previously given to any issuing association or guaranteeing association for failure or refusal to comply with the duties, obligations, or requirements set forth in its written undertaking on which the approval was based; in the applicable Customs Convention; or in the customs regulations; or upon termination of the affiliation with an appropriate international organization required by § 114.11(a). Before such suspension or revocation, the Commissioner shall give the association a reasonable opportunity to refute the alleged failure of compliance.

(b) *Withdrawal.* To be relieved of future obligations, an approved guaranteeing association must notify the Commissioner, in writing, not less than 6 months in advance of a specified termination date that it will not guarantee the payment of obligations under carnets accepted by district directors of Customs after the specified date. The receipt of such notice by the Commissioner will in no way affect the responsibility of the guaranteeing association for payment of claims on carnets accepted by district directors before the designated termination date.

(c) *Notice.* Notice of the suspension or revocation of the approval of an issuing association or a guaranteeing association, or of the withdrawal of an approved guaranteeing association, with respect to a Customs Convention to which the United States has acceded will be published in the FEDERAL REGISTER by the Commissioner.

## § 114.22

## 19 CFR Ch. I (4–1–99 Edition)

when the carnet is presented an association for the guaranteeing of such carnets has been approved in accordance with § 114.11 and such approval has not been terminated as provided for in § 114.12.

### § 114.22 Coverage of carnets.

(a) *A.T.A. carnet*. The A.T.A. carnet is acceptable for goods to be temporarily entered, or temporarily entered and transported, under:

(1) The Customs Convention on the Temporary Importation of Professional Equipment, or

(2) The International Convention to Facilitate the Importation of Commercial Samples and Advertising Material, which includes:

(i) Commercial samples, or

(ii) Motion picture advertising films not exceeding 16 mm., consisting essentially of photographs (with or without sound track) showing the nature or operation of products or equipment whose qualities cannot be adequately demonstrated by samples or catalogs. There shall be presented with each carnet covering motion picture advertising films a statement showing how each of the following requirements is met. The films must:

(A) Relate to products or equipment offered for sale or for hire by a person established in the territory of another contracting party;

(B) Be of a kind suitable for exhibition to the public; and

(C) Be imported in a packet which contains not more than one copy of each film and which does not form part of a larger consignment of films.

(b) [Reserved]

(c) *TIR carnet*—(1) *Use*. The TIR carnet may be accepted at any port of entry for the transport of merchandise in road vehicles or in containers, even if the containers, without being loaded on road vehicles, are carried by other means of transport for part of the journey between the customs offices of departure and destination. The TIR carnet may also be accepted for the transport of “heavy or bulky goods” as defined in Article 1 of the TIR Convention. The TIR carnet covers the transportation of merchandise for customs purposes only. Road vehicles transporting merchandise under cover of a

TIR carnet must also comply with all other applicable requirements of Federal and State agencies concerned with the regulations of such vehicles and their personnel.

(2) *Taken on charge*. A TIR carnet is “taken on charge” by Customs when it is accepted as a transportation entry and when the shipment covered thereby is receipted for by the bonded carrier (see §§ 18.1, 18.2, and 18.10(a) of this chapter). Until the carnet is “taken on charge,” the guaranteeing association shall have no liability to the United States under the carnet.

(d) *TECRO/AIT carnet*—(1) *Use*. The TECRO/AIT carnet is acceptable for the following two categories of goods to be temporarily imported, unless importation is prohibited under the laws and regulations of the United States:

(i) Professional equipment; and

(ii) Commercial samples and advertising material imported for the purpose of being shown or demonstrated with a view to soliciting orders.

(2) *Issue and use*. (i) Issuing associations shall indicate on the cover of the TECRO/AIT carnet the customs territory in which it is valid and the name and address of the guaranteeing association.

(ii) The period fixed for re-exportation of goods imported under cover of a TECRO/AIT carnet shall not in any case exceed the period of validity of that carnet.

(e) *Excess liability*. When the total of duties and taxes on any shipment covered by a carnet exceeds the amount for which the guaranteeing association is liable, the excess constitutes a charge against the carrier’s bond.

[T.D. 70–134, 35 FR 9261, June 13, 1970, as amended by T.D. 71–70, 36 FR 4490, Mar. 6, 1971; T.D. 82–116, 47 FR 27262, June 24, 1982; T.D. 98–10, 63 FR 4168, Jan. 28, 1998]

### § 114.23 Maximum period.

(a) *A.T.A. carnet*. No A.T.A. carnet with a period of validity exceeding 1 year from date of issue shall be accepted. This period of validity cannot be extended.

(b) *TIR carnet*. A TIR carnet may be accepted without limitation as to time provided it is initially “taken on charge by a customs administration (United States or foreign) within the

period of validity shown on its front cover.”

(c) *TECRO/AIT carnet*. A TECRO/AIT carnet shall not be issued with a period of validity exceeding one year from the date of issue. This period of validity cannot be extended and must be shown on the front cover of the carnet.

[T.D. 71-70, 36 FR 4491, Mar. 6, 1971, as amended by T.D. 82-116, 47 FR 27262, June 24, 1982; T.D. 85-180, 50 FR 42517, Oct. 21, 1985; T.D. 98-10, 63 FR 4168, Jan. 28, 1998]

### § 114.24 Additions.

When an A.T.A. or TECRO/AIT carnet has been issued, no extra item shall be added to the list of goods enumerated on the reverse of the cover of the carnet or on any continuation sheet annexed thereto.

[T.D. 70-134, 35 FR 9261, June 13, 1970, as amended by T.D. 82-116, 47 FR 27262, June 24, 1982; T.D. 98-10, 63 FR 4168, Jan. 28, 1998]

### § 114.25 Replacement of carnets.

In the case of destruction, loss, or theft of an A.T.A. or TECRO/AIT carnet while the goods which it covers are in the Customs territory of the United States, the director of the port where such goods were imported may, upon request of the association which issued the carnet abroad, accept a replacement document, the validity of which expires on the same date as that of the carnet which it replaces, provided the port director determines that the description of merchandise in the replacement document fully corresponds to the description set forth in the importation voucher from the carnet to be replaced.

[T.D. 70-134, 35 FR 9261, June 13, 1970, as amended by T.D. 82-116, 47 FR 27262, June 24, 1982; T.D. 98-10, 63 FR 4168, Jan. 28, 1998]

### § 114.26 Discharge, nonacceptance, or cancellation of carnets.

(a) *Unconditional discharge*. An A.T.A. or TECRO/AIT carnet shall be discharged unconditionally by the port director when he is satisfied that all merchandise covered thereby is reexported or destroyed. A TIR carnet shall be discharged unconditionally when all merchandise covered thereby has been properly entered, placed in general order, or exported under customs su-

pervision. In all other cases, any discrepancy shall be noted on the appropriate counterfoil, and action shall be taken in accordance with § 10.39 or § 18.6 of this chapter.

(b) *Effect of discharge*. When a port director has discharged a carnet unconditionally by completion of the appropriate counterfoil, no claim may be brought against the guaranteeing association for payment under the carnet unless it can be established that the discharge was obtained improperly or fraudulently or, in the case of an A.T.A. or TECRO/AIT carnet, that there has been a breach of the conditions of temporary importation.

(c) *Nonacceptance or cancellation of TIR carnets*. If a TIR carnet presented to Customs is not accepted, it shall be stamped “Not Taken on Charge” (see § 114.22(c)(2)). If merchandise not required to be transported in bond moving under cover of a TIR carnet is not exported, the carnet shall be stamped “Cancelled.”

(b) *A.T.A. or TECRO/AIT carnet*. When it is determined that liquidated damages assessed or paid for failure to properly reexport or destroy merchandise temporarily imported under cover of an A.T.A. or TECRO/AIT carnet did not in fact accrue, the liquidated damages shall be cancelled by the port director and, if paid, refunded as provided by § 10.39 of this chapter.

### Subpart A—General

#### § 115.1 Purpose.

This chapter establishes procedures for certifying containers and road vehicles in conformance with the Customs Convention on Containers (1956) (TIAS 6634), the Customs Convention on the International Transport of Goods Under Cover of TIR Carnets (1959) (TIAS 6633), the Customs Convention on the International Transport of Goods Under Cover of TIR Carnets, November 14, 1975 (TIAS), and the Customs Convention on Containers, 1972 (TIAS), by applying the procedures and technical conditions set forth in the annexes to these conventions.

#### § 115.2 Application.

(a) Certification of containers and road vehicles for international transport under Customs seal is voluntary. This chapter does not require certification of containers and road vehicles.

(b) The Customs Convention on the International Transport of Goods Under Cover of TIR Carnets (TIR Convention), January 15, 1959 (20 UST 184, TIAS 6633), requires that the approval of road vehicles be made by competent

authorities of the country in which the owner or carrier is a resident or is established, and that containers should be either similarly approved, or approved by the competent authority of the country where it is first used for transport under Customs seal. The Customs Convention on Containers, May 18, 1956 (20 UST 301, TIAS 6634), requires that the approval of containers be made by competent authorities of the country in which the owner is a resident or is established or by those of the country where the container is used for the first time for transport under Customs seal. The TIR Convention, 1975, generally provides that a road vehicle, for which approval at a stage after manufacture is desired, shall be approved by the competent authority where the vehicle owner or operator is established or located, or where the vehicle is registered. Such approval under the TIR Convention, 1975, or, for containers, the Customs Convention on Containers, 1972, may be accomplished by the competent authority of the country in which the owner or operator is able to produce the conveyance. The 1975 TIR Convention and the Customs Convention on Containers, 1972, also provide that the Certifying Authority of the country of manufacture, if that country is a contracting party to the Convention, may approve a series of road vehicles or containers presented for design type approval. The procedures for applying for certification are contained in §§ 115.28, 115.38, 115.49, and 115.63 of this part.

#### § 115.3 Definitions.

For the purpose of this part:

(a) *Certifying Authority*. “Certifying Authority” means a nonprofit firm or association, incorporated or established in the U.S., which the Commissioner finds competent to carry out the functions of this part and which he designates to certify containers and road vehicles for international transport under Customs seal.

(b) *Commissioner*. “Commissioner” means the Commissioner of Customs.

(c) *Container*. “Container” means an article of transport equipment (lift van, portable tank, or other similar structure).

#### § 115.4

(1) Fully or partially enclosed to constitute a compartment intended for containing goods;

(2) Of a permanent character and strong enough to be suitable for repeated use;

(3) Specifically designed to facilitate the carriage of goods by one or more modes of transport, without intermediate reloading;

(4) Designed for ready handling, particularly its transfer from one mode of transport to another;

(5) Designed to be easily filled and emptied; and

(6) Having an internal volume of 1 cubic meter (35.3 cubic feet) or more.

(d) *Manufacturer*. “Manufacturer” means an organization or person constructing containers or road vehicles for certification in accordance with this chapter.

(e) *Prototype*. “Prototype” means a sample unit of a series of identical containers or road vehicles all built, so far as practical, under the same conditions.

(f) *Road vehicle*. “Road Vehicle”, as defined in Chapter 1, Article 1 of the Customs Convention on the International Transport of Goods Under Cover of TIR Carnets (TIR Convention), November 14, 1975 (TIAS), means not only any power-driven road vehicle but also any trailer or semi-trailer designed to be coupled to it.

(g) *Customs and TIR/Container Plan*. “Customs and TIR/Container Plan” means the designer’s drawing of a vehicle (for TIR purposes) or container (for TIR and Container Convention purposes) that illustrates each requirement in §§ 115.30, 115.40, 115.51, or 15.65, as appropriate to this part.

(h) The definitions in the subject Conventions shall be considered applicable to terms not specifically defined above.

#### § 115.4 Conflicting provisions.

The provisions of the most recent TIR/Container Convention shall apply in the event of conflict between it and an earlier TIR/Container Convention covered by these regulations.

#### 19 CFR Ch. I (4–1–99 Edition)

#### Subpart B—Administration

#### § 115.6 Designated Certifying Authorities.

(a) The American Bureau of Shipping, 45 Eisenhower Dr., Paramus, New Jersey 07652.

(b) International Cargo Gear Bureau, Inc., 17 Battery Place, New York, New York 10004.

(c) The National Cargo Bureau, Inc., One World Trade Center, Suite 2757, New York, New York 10048.

#### § 115.7 Designation of additional Certifying Authorities.

(a) The Commissioner may designate as a Certifying Authority any non-profit firm or association that he finds competent to carry out the functions of §§ 115.8 through 115.14 of this subpart.

(b) Any designation as Certifying Authority may be terminated by the Commissioner.

#### § 115.8 Certifying Authorities responsibilities—road vehicles.

(a) *General*. Road vehicles may be approved individually or by design type.

(b) *Individual approval*. The Certifying Authority to whom a road vehicle is submitted for approval shall inspect such road vehicle produced in accordance with the general rules contained in Annex 3 of the TIR Convention, 1975.

(c) *Design type approval*. The Certifying Authority to whom a road vehicle is submitted for design type approval shall examine the drawings and detailed design specifications submitted with the application for approval. The Certifying Authority shall advise the applicant of any changes that must be made to the proposed design type in order that approval may be granted. The Certifying Authority shall examine one or more vehicles to confirm that such vehicles comply with the technical conditions contained in Annex 2 of the TIR Convention, 1975. The Certifying Authority shall notify the applicant of its decision to grant design type approval, and it shall issue an approval certificate complying with Annexes 3 and 4 of the TIR Convention, 1975.

(d) *Supplementary examinations*. If a road vehicle approved by design type is

the subject of an extended production run under one certificate of approval, the Certifying Authority shall confirm by examination of one or more road vehicles during the manufacturing process, or by other means, that such vehicles continue to meet the approved drawings and detailed design specifications and the technical requirements of Annex 2 of the TIR Convention, 1975.

For the purposes of this section, an extended production run shall be considered a continuous run of many units over long periods of time, as well as a new run following the completion of a previous run.

**§ 115.9 Certifying Authorities responsibilities—containers.**

(a) *General.* Containers may be approved for transport under seal by design type at the manufacturing stage or, otherwise, at a stage subsequent to manufacture.

(b) *Design type approval.* The Certifying Authority to whom a container is submitted for design type approval shall examine the drawings and detailed design specifications submitted with the application for approval. The Certifying Authority shall advise the applicant of any changes that must be made to the proposed design type so that approval may be granted. The Certifying Authority shall examine one or more containers to confirm that such containers comply with the technical requirements of Part 1, Annex 7, TIR Convention, 1975, and Annex 4 of the Customs Convention on Containers, 1972. The Certifying Authority shall issue a certificate authorizing the applicant to affix an approval plate, as described in Appendix 1 to Part II, Annex 7 of the TIR Convention, 1975, and Annex 5 of the Customs Convention on Containers, 1972, for all containers manufactured in conformity with the specifications of the type of container approved. This certificate shall comply with the model certificate in Appendix 2, Part II, Annex 7 of the TIR Convention, 1975, and Appendix 2 of Annex 5 of the Customs Convention on Containers, 1972.

(c) *After manufacture.* The Certifying Authority to whom containers are submitted for approval after manufacture, shall examine as many containers as

necessary to ascertain that they comply with the technical conditions prescribed in Part 1, Annex 7, TIR Convention, 1975, and Annex 5 of the Customs Convention on Containers, 1972. The Certifying Authority shall issue a certificate of approval authorizing the applicant to affix an approval plate to the specific number or series of containers being approved. The certificate shall comply with the model certificate of approval in Appendix 3, Part II, Annex 7, TIR Convention, 1975, and Appendix 3, Annex 5, Customs Convention on Containers, 1972.

(d) *Supplementary examinations.* If a container approved by design type is the subject of an extended production run or several production runs under one certificate of approval, the Certifying Authority shall confirm by examination of one or more containers during the manufacturing process, or by other means, that such containers continue to meet the approved drawings and detailed design specifications and the technical requirements of Annex 7 of the TIR Convention, 1975, and Annex 4 of the Customs Convention on Containers, 1972. For the purposes of this section, an extended production run shall be considered as a continuous run of many units over long periods of time, as well as a new run following completion of a previous run.

**§ 115.10 Certificate of approval.**

A Certifying Authority shall issue a certificate of approval by design type for a specified number or unlimited series of containers that are approved in accordance with the procedures contained in §§ 115.29, 115.31, 115.38, and 115.41, and road vehicles that are approved in accordance with the procedures contained in §§ 115.49, 115.52, 115.63, and 115.66 of this part.

The certificate shall be valid for the number of containers approved.

This may be used to assist in the identification of a series of containers in which a common defect may be discovered subsequent to certification. In such case the approval number on the plate shall be altered by an addition to the second or third element of such number. The specific

### **§ 115.43**

method of altering the approval number may be established by each Certifying Authority, for containers approved by it, and communicated to the U.S. Customs Service.

### **§ 118.0 Scope.**

This part sets forth regulations providing for the making of agreements between Customs and persons desiring to operate a centralized examination station (CES). It covers the application process, the responsibilities of the person or entity selected to be a CES operator, the written agreement to operate a CES facility, the port director's discretion to immediately suspend a CES operator's or entity's selection and the written agreement to operate the CES or to propose the permanent revocation of a CES operator's or entity's selection and cancellation of the written agreement for specified conduct, and the appeal procedures to challenge an immediate suspension or proposed revocation and cancellation action. Procedures and requirements for the transfer of merchandise to a CES are set forth in part 151 of this chapter.

[T.D. 93-6, 58 FR 5604, Jan. 22, 1993; 58 FR 6574, Jan. 29, 1993, as amended by T.D. 96-57, 61 FR 39070, July 26, 1996]

**Subpart A—General Provisions****§ 118.1 Definition.**

A centralized examination station (CES) is a privately operated facility, not in the charge of a Customs officer, at which merchandise is made available to Customs officers for physical examination. A CES may be established in any port or any portion of a port, or any other area under the jurisdiction of a port director. To present outbound cargo for inspection at a CES at a port other than the shipment's designated port of exit, either proof of the shipper's consent to the inspection must be furnished or a complete set of transportation documents must accompany the shipment to evidence that exportation of the goods is imminent and that the goods are committed to export, thereby, making them subject to Customs examination.

[T.D. 93-6, 58 FR 5604, Jan. 22, 1993, as amended by T.D. 98-29, 63 FR 16684, Apr. 6, 1998]

**§ 118.2 Establishment of a CES.**

When a port director makes a preliminary determination that a new CES should be established, or when the term of an existing CES is about to expire and the port director believes that the need for a CES still exists, he will announce, by written notice posted at the customhouse and by any other written methods he may consider appropriate (such as normal port information distribution channels, trade bulletins or local newspapers), that applications to operate a CES are being accepted. This notice will include the general criteria together with any local criteria that applicants must meet (see § 118.11 of this part), and will invite the public to submit any relevant written comments on whether a new CES should be established or on whether there is still a need for a CES. Applications will be accepted only in response to the port notice and must be received within 60 calendar days from the date of the notice. Public comments must be received within 30 calendar days from the date of the notice.

**§ 118.3 Written agreement.**

The applicant tentatively selected to operate a CES must sign a written

agreement with Customs before commencing operations. Failure to execute a written agreement with Customs in a timely manner will result in the revocation of that applicant's tentative selection and may result in tentative selection of another applicant or republication of the notice soliciting applications. In addition to the provisions described elsewhere in this part, the agreement will specify the duration of the authority to operate the CES. That duration will be not less than three years nor more than six years. Such agreements cannot be transferred, sold, inherited, or conveyed in any manner. At the expiration of the agreement, an operator wishing to reapply may do so pursuant to this part and his application will be considered de novo.

**§ 118.4 Responsibilities of a CES operator.**

By signing the agreement and commencing operation of a CES, an operator agrees to:

(a) Maintain the facility designated as the CES in conformity with the security standards as outlined in the approved application;

(b) Provide adequate personnel and equipment to ensure reliable service for the opening, presentation for inspection, and closing of all types of cargo designated for examination by Customs. Such service must be provided on a "first come-first served" basis;

(c) Assess service fees as outlined in the fee schedule included in the approved application or as changed under § 118.5 of this part and bill users directly for services rendered;

(d) Assume responsibility for any charges or expenses incurred in connection with the operation of the CES;

(e) Maintain, at his own expense, adequate liability insurance with respect to the property within his control and with respect to persons having access to the CES;

(f) Keep current the list filed with the port director pursuant to § 118.11(f) of this part. Additions to or deletions from the list must be submitted in writing to the port director within 10 calendar days of the commencement or termination of employment;

## **§ 118.5**

## **19 CFR Ch. I (4–1–99 Edition)**

(g) Maintain a Customs custodial bond in an amount set by the port director. The CES operator will accept and keep safe all merchandise delivered to the CES for examination. The bond will include liability for transporting merchandise to the CES from within the district boundaries (see definition of “district” at § 112.1); such liability is assumed by the CES operator when he picks up merchandise for transportation to his facility. The operator also agrees to increase the amount of the bond if deemed appropriate by the port director.

(h) Maintain and make available for Customs examination all records connected with the operation of the CES in accordance with part 162 of this chapter and retain such records for a period of not less than five years from the date of the transaction or examination conducted pursuant to the agreement to operate the CES;

(i) Submit, if requested by Customs, the fingerprints of all employees involved in the CES operation;

(j) Provide office space, parking spaces, appropriate sanitary facilities, and potable water to Customs personnel at no charge or a charge of \$1 per year; and

(k) Perform in accordance with any other reasonable requirements imposed by the port director.

(l) Provide transportation for merchandise to the CES from within the district boundaries (see definition of “district” at § 112.1). This responsibility is optional. If the CES operator chooses to provide transportation, he shall receipt for the merchandise when he picks it up and assume liability for the merchandise at that time.

[T.D. 93–6, 58 FR 5604, Jan. 22, 1993, as amended by T.D. 94–81, 59 FR 51495, Oct. 12, 1994; T.D. 95–77, 60 FR 50020, Sept. 27, 1995; T.D. 98–29, 63 FR 16684, Apr. 6, 1998]

### **§ 118.5 Procedures for changes to a fee schedule.**

Whenever a CES operator intends to increase, add to or otherwise change the service fees set forth in the fee schedule referred to in § 118.4(c) of this part, the operator shall provide 90 calendar days advance written notice to the port director of such proposed fee schedule change and shall include in

the notice a justification for any increased or additional fee. Following receipt of this written notice, the port director will advise the public of the proposed fee schedule change and invite comments thereon under the public notice and comment procedures set forth in § 118.2 of this part. After a review of the proposed fee schedule change and any public comments thereon, and based on the principle of comparability set forth in § 118.11(c) of this part, the port director will decide whether to approve the change, will notify the CES operator in writing of his decision, and will notify the public of any approved fee schedule change by the same methods that were used to provide the public with notice of the proposed change. A CES operator shall remain bound by the existing fee schedule and shall not implement any fee schedule change prior to receipt of written approval of the change from the port director.

## **Subpart B—Application To Establish a CES**

### **§ 118.11 Contents of application.**

Each application to operate a CES shall consist of the following information, any application not providing all of the specified information will not be considered, and the responses to paragraphs (b), (c), (d), (g) and (h) of this section shall constitute the criteria used to judge the application:

(a) The name and address of the facility to be operated as the CES, the names of all principals or corporate officers, and the name and telephone number of an individual to be contacted for further information;

(b) A description of the CES’s accessibility within the port or other location, and a floor plan of the facility actually dedicated to the CES operation showing bay doors, office space, exterior features, security features, and staging and work space. Where a significant capital expenditure would be required in order for an existing facility to meet security or other physical or equipment requirements necessary for the CES operation, the applicant may request in the application time to conform the facility to such requirements. The agreement referred to in

## United States Customs Service, Treasury

## § 118.21

§ 118.3 of this part shall not be executed, in any event, until the facility is conformed to meet the requirements;

(c) A schedule of fees clearly showing what the applicant will charge for each type of service. Subject to any special costs incurred by the applicant such as facility modifications to meet specific cargo handling or storage requirements or to meet Customs security standards, the fees set forth in the schedule shall be comparable to fees charged for similar services in the area to be served by the CES;

(d) A detailed list of equipment showing that the applicant can make a diverse variety of cargo available for examination in an efficient and timely manner;

(e) A copy of an approved custodial bond on Customs Form 301. If the applicant does not possess such a bond, a completed Customs Form 301 must be included with the application for approval as a prerequisite to selection;

(f) A list of all employees involved in the CES operation setting forth their names, dates of birth, and social security numbers. (Providing social security numbers is voluntary; however, failure to provide the number may hinder the investigation process.);

(g) Any information showing the applicant's experience in international cargo operations and knowledge of Customs procedures and regulations; and

(h) Any other information to address any local criteria that the port director considers essential to the selection process based on port conditions.

[T.D. 93-6, 58 FR 5604, Jan. 22, 1993; 58 FR 6574, Jan. 29, 1993, as amended by T.D. 98-29, 63 FR 16684, Apr. 6, 1998]

### § 118.12 Action on application.

Following submission of all applications in accordance with §§ 118.2 and 118.11 of this part, the port director will advise the public of the applications received and invite comments thereon under the public notice and comment procedures set forth in § 118.2; with regard to each application, the notice will set forth the name of the applicant, the address of the facility proposed to be operated as the CES, the proposed fee schedule, the list of equipment at the facility, and the number of employees to be involved in the CES

operation. The port director, based on a review of all applications under the criteria set forth in § 118.11 and any public comments submitted under § 118.2 or this section, shall determine whether a CES operator should be selected and, if a CES operator is to be selected, shall select the applicant that will best meet the examination needs of Customs and facilitate the movement of imported merchandise.

### § 118.13 Notification of selection or nonselection.

The applicant selected to operate a CES will be notified in writing by the port director of his tentative selection. The selection shall become final upon execution of the written agreement between Customs and the applicant under § 118.3 of this part, and the port director will advise the public of the final selection and of the date on which the CES will commence operation under the agreement in accordance with the notice procedures set forth in § 118.2 of this part. Each applicant not selected to be a CES operator will be so notified in writing and with a statement of the reason of nonselection.

## Subpart C—Termination of a CES

### § 118.21 Temporary suspension; permanent revocation of selection and cancellation of agreement to operate a CES.

The port director may immediately suspend or propose permanent revocation and cancellation of CES operations for cause as provided in this section.

(a) *Immediate suspension.* The port director may immediately suspend, for a temporary period of time or until revocation and cancellation proceedings are concluded pursuant to § 118.23, a CES operator's or entity's selection and the written agreement to operate the CES if:

(1) The selection and written agreement were obtained through fraud or the misstatement of a material fact; or

(2) The CES operator or an officer of a corporation which is a CES operator or a person the port director determines is exercising substantial ownership or control over such operator or officer is indicted for, convicted of, or

## § 118.22

has committed acts, which would constitute a felony, or a misdemeanor involving theft or a theft-connected crime. In the absence of an indictment or conviction, the port director must have probable cause to believe the proscribed acts occurred.

(b) *Proposed revocation and cancellation.* The port director may propose to revoke the selection as operator and cancel the agreement to operate a CES if:

(1) The CES operator refuses or otherwise fails to follow any proper order of a Customs officer or any Customs order, rule, or regulation relative to the operation of a CES, or fails to operate in accordance with the terms of his agreement or to comply with any of the provisions of § 118.4 of this part;

(2) The CES operator fails to retain merchandise which has been designated for examination;

(3) The CES operator does not provide secure facilities or properly safeguard merchandise within the CES;

(4) The CES operator fails to furnish a current list of names, addresses and other information required by § 118.4 of this part; or

(5) The custodial bond required by § 118.4 of this part is determined to be insufficient in amount or lacking sufficient sureties, and a satisfactory new bond with good and sufficient sureties is not furnished within a reasonable time.

(6) The CES operator or an officer of a corporation which is a CES operator or a person the port director determines is exercising substantial ownership or control over such operator or officer is indicted for, convicted of, or has committed acts, which would constitute any of the offenses listed under paragraph (a) of this section. Where adverse action is initiated by the port director pursuant to paragraph (a) of this section and continued under this paragraph, the suspension of CES activities remains in effect through the appeal procedures provided under § 118.23.

(c) *Circumstance of change in employment not a bar to adverse action.* Any change in the employment status of a corporate officer (for example, discharge, resignation, demotion, or promotion) prior to indictment or conviction or after committing any acts

## 19 CFR Ch. I (4-1-99 Edition)

which would constitute the culpable behavior described under paragraph (a) of this section, will not preclude application of this section, but may be taken into account by the port director in exercising discretion to take adverse action. If the person whose employment status changed remains in a substantial ownership, control, or beneficial relationship with the CES operator, this factor will also be considered in exercising discretion under this section.

[T.D. 93-6, 58 FR 5604, Jan. 22, 1993; 58 FR 6574, Jan. 29, 1993, as amended by T.D. 96-57, 61 FR 39071, July 26, 1996]

### § 118.22 Notice of immediate suspension or proposed revocation and cancellation action.

Adverse action pursuant to the provisions of § 118.21(a) or (b) is initiated when the port director serves written notice on the operator or entity selected to operate the CES. The notice shall be in the form of a statement specifically setting forth the grounds for the adverse action and shall inform the operator of the appeal procedures under § 118.23 of this part.

[T.D. 96-57, 61 FR 39071, July 26, 1996]

### § 118.23 Appeal to the Assistant Commissioner; procedure; status of CES operations.

(a) *Appeal to the Assistant Commissioner.* Appeal of a port director's decision under § 118.21(a) or (b) must be filed with the Assistant Commissioner, Office of Field Operations, within 10 calendar days of receipt of the written notice of the adverse action. The appeal shall be filed in duplicate and shall set forth the CES operator's or entity's responses to the grounds specified by the port director in his written notice letter for the adverse action initiated. The Assistant Commissioner, Office of Field Operations, or his designee, shall render a written decision to the CES operator or entity, stating the reasons for the decision, by letter mailed within 30 working days following receipt of the appeal, unless the period for decision is extended with due notification to the CES operator or entity.

(b) *Status of CES operations during appeal.* During this appeal period, an immediate suspension of a CES operator's or entity's selection and written agreement pursuant to §118.21(a) of this part shall remain in effect. A proposed revocation of a CES operator's or entity's selection and cancellation of the written agreement pursuant to §118.21(b)(1) through (5) of this part shall not take effect unless the appeal process under this paragraph has been concluded with a decision adverse to the operator.

(c) *Effect of suspension or revocation.* Once a suspension or revocation action takes effect, the CES operator must cease CES operations. However, when CES operations are suspended or revoked and cancelled by Customs, it is the CES operator's responsibility to ensure that merchandise already at the CES is properly consigned to another location for inspection, as directed by the importer and approved by the port director.

Midway, American Samoa, Wake, Kingman Reef, Johnston Island, and other insular possessions of the U.S. not specified herein. They do apply to the U.S. Virgin Islands as stated in subpart N (§§ 122.141 through 122.144), and Cuba as stated in subpart O (§§ 122.151 through 122.158).

### Subpart A—General Definitions and Provisions

#### § 122.1 General definitions.

The following definitions apply in this part, unless otherwise stated:

(a) *Aircraft*. An “aircraft” is any device now known, or hereafter invented, used or designed for navigation or flight in the air. It does not include hovercraft.

(b) *Aircraft commander*. An “aircraft commander” is any person serving on an aircraft who is in charge or has command of its operation and navigation.

(c) *Agent*. An “agent” is any person who is authorized to act for or in place of:

(1) An owner or operator of a scheduled airline by written authority; or

(2) An owner or operator of a non-scheduled airline, by power of attorney.

The authority to act shall be in writing and satisfactory to the port director.

(d) *Commercial aircraft*. A “commercial aircraft” is any aircraft transporting passengers and/or cargo for some payment or other consideration, including money or services rendered.

(e) *International airport*. An “international airport” is any airport designated by:

(1) The Secretary of the Treasury or the Commissioner of Customs as a port of entry for aircraft arriving in the U.S. from any place outside thereof and for the merchandise carried on such aircraft;

(2) The Attorney General as a port of entry for aliens arriving on such aircraft; and

(3) The Secretary of Health and Human Services as a place for quarantine inspection.

(f) *Landing rights airport*. A “landing rights airport” is any airport, other than an international airport or user fee airport, at which flights from a for-

foreign area are given permission by Customs to land.

(g) *Preclearance*. “Preclearance” is the examination and inspection of air travelers and their baggage, at the request of an airline, at foreign places where Customs personnel are stationed for that purpose. Preclearance may be used only for air travelers and their baggage, not for merchandise.

(h) *Private aircraft*. A “private aircraft” is any aircraft engaged in a personal or business flight to or from the U.S. which is not:

(1) Carrying passengers and/or cargo for commercial purposes;

(2) Leaving the U.S. carrying neither passengers nor cargo in order to land passengers and/or cargo in a foreign area for commercial purposes; or

(3) Returning to the U.S. carrying neither passengers nor cargo in ballast after leaving with passengers and/or cargo for commercial purposes;

(i) *Public aircraft*. A “public aircraft”, is any aircraft owned by, or under the complete control and management of the U.S. government or any of its agencies, or any aircraft owned by or under the complete control and management of any foreign government which exempts public aircraft of the U.S. from arrival, entry and clearance requirements similar to those provided in subpart C of this part, but not including any government owned aircraft engaged in carrying persons or property for commercial purposes. This definition applies if the aircraft is:

(1) Manned entirely by members of the armed forces or civil service of such government, or by both;

(2) Transporting only property of such government, or passengers traveling on official business of such government; or

(3) Carrying neither passengers nor cargo.

(j) *Residue cargo*. “Residue cargo” is any cargo on board an aircraft arriving in the U.S. from a foreign area if the:

(1) Final delivery airport in the U.S. is not the port of arrival; or

(2) Cargo remains on board the aircraft and travels from port to port in the U.S., for final delivery in a foreign area.

## § 122.2

(k) *Scheduled airline*. A “scheduled airline” is any individual, partnership, corporation or association:

(1) Engaged in air transportation under regular schedules to, over, away from, or within the U.S.; and

(2) Holding a Foreign Air Carrier Permit or a Certificate of Public Convenience and Necessity, issued by the Department of Transportation pursuant to 14 CFR parts 201 and 213.

(l) *United States*. Except when used in another context, “U.S.” means the territory of the several States, the District of Columbia, and Puerto Rico, including the territorial waters and overlying airspace.

(m) *User fee airport*. A “user fee airport” is an airport so designated by Customs. Flights from a foreign area may be granted permission to land at a user fee airport rather than at an international airport or a landing rights airport. An informational listing of user fee airports is contained in § 122.15.

## § 122.2 Other Customs laws and regulations.

Except as otherwise provided for in this chapter, and insofar as such laws and regulations are applicable, aircraft arriving or having arrived from or departing for any foreign port or place, and the persons and merchandise, including baggage, carried thereon, shall be subject to the laws and regulations applicable to vessels to the extent that such laws and regulations are administered or enforced by Customs, as provided in 19 U.S.C. 1644 and 1644a.

Port directors may accept privately printed copies of the General Declaration (Customs Form 7507) and air cargo manifest (Customs Form 7509) which are different from the official forms. The privately printed forms shall include all information required on the official forms. The differences allowed are:

(1) *General Declaration*. Customs Form 7507 may be printed in several languages, so long as the form includes an English version. The instructions on the reverse side of the official form may be omitted.

(2) *Air cargo manifest*. Customs Form 7509 may be changed to allow for additional information used by the airline.

## Subpart B—Classes of Airports

## § 122.11 Designation as international airport.

(a) *Procedure*. International airports, as defined in § 122.1(e), will be designated after due investigation to establish that sufficient need exists in any port to justify such designation and to determine the airport best suited for such purpose. In each case, a specific airport will be chosen. International airports will be publicly owned, unless circumstances require otherwise.

(b) *Withdrawal of designation*. The designation as an international airport may be withdrawn for any of the following reasons:

(1) The amount of business clearing through the airport does not justify maintenance of inspection equipment and personnel;

(2) Proper facilities are not provided or maintained by the airport;

(3) The rules and regulations of the Federal Government are not followed; or

## United States Customs Service, Treasury

## § 122.13

(4) Some other location would be more useful.

(c) *Providing office space to the Federal Government.* Each international airport shall provide, without cost to the Federal Government, proper office and other space for the sole use of Federal officials working at the airport. A suitable paved loading area shall be supplied by each airport at a place convenient to the office space. The loading area shall be kept for the use of aircraft entering or clearing through the airport.

### § 122.12 Operation of international airports.

(a) *Entry, clearance and charges.* International airports are open to all aircraft for entry and clearance at no charge by Customs. However, charges may be assessed by the airport for commercial or private use of the airport.

(b) *Servicing of aircraft.* When an aircraft enters or clears through an international airport, it shall be promptly serviced by airport personnel solely on the basis of order of arrival or readiness for departure. Servicing charges imposed by the airport operators shall not be greater than the schedule of charges in effect at the airport in question.

(c) *Federal Aviation Administration rules.* International airports shall follow and enforce any requirements for airport operations, including airport rules, that are set out by the Federal Aviation Administration in 14 CFR part 91.

(d) *Additional requirements.* Additional requirements may be put into effect at a particular airport as the needs of the Customs port served by the airport demand.

(2) *Other aircraft.* All other aircraft may be allowed to land at a landing rights airport by the director of the port of entry or station nearest the first place of landing.

(3) *Additional flights, charters or changes in schedule—(i) Scheduled aircraft.* If a new carrier plans to set up a new flight schedule, or an established carrier makes changes in its approved schedule, landing rights may be granted by the port director.

(ii) *Additional or charter flight.* If a carrier or charter operator wants to begin operating or to add flights, application shall be made to the port director for landing rights. All requests shall be made not less than 48 hours before the intended time of arrival, except in emergencies. If the request is oral, it shall be put in writing before or at the time of arrival.

(4) *Emergency or forced landing.* Permission to land is not required for an emergency or forced landing (see § 122.35).

(b) *Notice to Federal agencies.* If an aircraft is given permission to land at a landing rights airport, the Customs of-

ficer who granted the landing rights shall notify the Public Health Service, the Immigration and Naturalization Service, the Animal and Plant Health Inspection Service, and any other interested Federal agency at once.

(c) *Payment of expenses.* In the case of an arrival at a location outside the limits of a port of entry, the owner, operator or person in charge of the aircraft shall pay any added charges for inspecting the aircraft, passengers, employees and merchandise when landing rights are given (see §§ 24.17 and 24.22(e) of this chapter).

(d) *Denial or withdrawal of landing rights.* Permission to land at a landing rights airport may be denied or withdrawn for any of the following reasons:

(1) Appropriate and/or sufficient Federal Government personnel are not available;

(2) Proper inspectional facilities or equipment are not available at, or maintained by, the requested airport;

(3) The entity requesting services has failed to abide by appropriate instructions of a Customs officer;

(4) Reasonable grounds exist to believe that Federal rules and regulations pertaining to safety, Customs, or other inspectional activities have not been followed; or,

(5) The granting of the requested landing rights would not be in the best interests of the Government.

(e) *Appeal of denial or withdrawal.* In the event landing rights are denied or withdrawn by the port director, a written appeal of the decision may be made to the Assistant Commissioner, Office of Field Operations, Headquarters.

In addition to the requirements of this section, private aircraft commanders must comply with all other landing and notice of arrival requirements. This requirement shall not apply to private aircraft which have not landed in foreign territory or are arriving directly from Puerto Rico or if the aircraft was inspected by Customs officers in the U.S. Virgin Islands.

## § 122.25 Exemption from special landing requirements.

(a) *Request.* Any company or individual that has operational control over an aircraft required to give advance notice of arrival under § 122.23 may request an exemption from the landing requirements in § 122.24. Single overflight exemptions may be granted to entities involved in air ambulance type operations when emergency situations arise and in cases involving the non-emergency transport of persons seeking medical treatment in the U.S. All approvals of requests for overflight exemptions and the granting of authority to be exempted from the landing requirements are at the discretion of the port director. Exemptions may allow aircraft to land at any airport in the U.S. staffed by Customs. Aircraft traveling under an exemption shall continue to follow advance notice and general landing rights requirements.

(b) *Procedure.* An exemption request shall be made to the port director at the airport at which the majority of Customs overflight processing is desired by the applicant. Except for air ambulance operations and other flights involving the non-emergency transport of persons seeking medical treatment in the U.S., the requests shall be signed by an officer of the company or by the requesting individual and be notarized or witnessed by a Customs officer. The requests shall be submitted:

(1) At least 30 days before the anticipated first arrival, if the request is for an exemption covering a number of flights over a period of one year, or

(2) At least 15 days before the anticipated arrival, if the request is for a single flight, or

(3) In cases involving air ambulance operations when emergency situations arise and other flights involving the non-emergency transport of persons seeking medical treatment in the U.S., if time permits, at least 24 hours prior to departure. If this cannot be accomplished, Customs will allow receipt of the overflight exemption application up to departure time. In cases of extreme medical emergency, Customs will accept overflight exemption requests in flight through a Federal Aviation Administration Flight Service Station.

(c) *Content of request.* All requests for exemption from special landing requirements, with the exception of those for air ambulance operations and other flights involving the non-emergency transport of persons seeking medical treatment in the U.S., shall include the following information. Requests for exemptions for air ambulance operations and other flights involving the non-emergency transport of persons for medical treatment in the U.S. shall include the following information except for paragraphs (c)(5) and (c)(6) of this section:

(1) Aircraft registration number(s) and manufacturer's serial number(s) for all aircraft owned or operated by the applicant that will be utilizing the overflight exemption;

(2) Identification information for each aircraft including class, manufacturer, type, number, color scheme, and type of engine (e.g., turbojet, turbofan,

turboprop, reciprocating, helicopter, etc.);

(3) A statement that the aircraft is equipped with a functioning mode C (altitude reporting) transponder which will be in use during overflight, that the overflights will be made in accord with instrument flight rules (IFR), and that the overflights will be made at altitudes above 12,500 feet mean sea level (unless otherwise instructed by Federal Aviation Administration controllers);

(4) Name and address of the applicant operating the aircraft, if the applicant is a business entity, the address of the headquarters of the business (include state of incorporation if applicable), and the names, addresses, Social Security numbers (if available), and dates of birth of the company officer or individual signing the application. If the aircraft is operated under a lease, include the name, address, Social Security number (if available), and date of birth of the owner if an individual, or the address of the headquarters of the business (include state of incorporation if applicable), and the names, addresses, Social Security numbers, and dates of birth of the officers of the business;

(5) Individual, signed applications from each usual or anticipated pilot or crewmember for all aircraft for which an overflight exemption is sought stating name, address, Social Security number (if available), Federal Aviation Administration certificate number (if applicable), and place and date of birth;

(6) A statement from the individual signing the application that the pilot(s) and crewmember(s) responding to paragraph (c)(5) of this section are those intended to conduct overflights, and that to the best of the individual's knowledge, the information supplied in response to paragraph (c)(5) of this section is accurate;

(7) Names, addresses, Social Security numbers (if applicable), and dates of birth for all usual or anticipated passengers. An approved passenger must be on board to utilize the overflight exemptions.

NOTE.—Where the Social Security number is requested, furnishing of the SSN is voluntary. The authority to collect the SSN is 19 U.S.C. 66, 1433, 1459 and 1624. The primary purpose for requesting the SSN is to

**§ 122.25**

**19 CFR Ch. I (4–1–99 Edition)**

assist in ascertaining the identity of the individual so as to assure that only law-abiding persons will be granted permission to land at interior airports in the U.S. without first landing at one of the airports designated in §122.24. The SSN will be made available to Customs personnel on a need-to-know basis. Failure to provide the SSN may result in a delay in processing of the application;

(8) Description of the usual or anticipated baggage or cargo if known, or the actual baggage or cargo;

(9) Description of the applicant's usual business activity;

(10) Name(s) of the airport(s) of intended first landing in the U.S. Actual overflights will only be permitted to specific approved airports;

(11) Foreign place or places from which flight(s) will usually originate; and

(12) Reasons for request for overflight exemption.

(d) *Procedure following exemption.* (1) If a private aircraft is granted an exemption from the landing requirements as provided in this section, the aircraft commander shall notify Customs at least 60 minutes before:

(i) Crossing into the U.S. over a point on the Pacific Coast north of 33 degrees north latitude; or

(ii) Crossing into the U.S. over a point of the Gulf of Mexico or Atlantic Coast north of 30 degrees north latitude; or

(iii) Crossing into the U.S. over the Southwestern land border (defined as the U.S.-Mexican border between Brownsville, Texas, and San Diego, California). Southwestern land border crossings must be made while flying in Federal Aviation Administration published airways.

(2) The notice shall be given to a designated airport specified in §122.24. The notice may be furnished directly to Customs by telephone, radio or other means, or may be furnished through the Federal Aviation Administration to Customs. If notice is furnished pursuant to this paragraph, notice pursuant to §§122.23 and 122.24 is unnecessary.

(3) All overflights must be conducted pursuant to an instrument flight plan filed with the Federal Aviation Administration or equivalent foreign aviation

authority prior to the commencement of the overflight.

(4) The owner or aircraft commander of a private aircraft granted an exemption from the landing requirements must:

(i) Notify Customs of a change of Federal Aviation Administration or other (foreign) registration number for the aircraft;

(ii) Notify Customs of the sale, theft, modification or destruction of the aircraft;

(iii) Notify Customs of changes of usual or anticipated pilots or crewmembers as specified in paragraph (c)(5) of this section. Every pilot and crewmember participating in an overflight must have prior Customs approval either through initial application and approval, or through a supplemental application submitted by the new pilot or crewmember and approved by Customs before commencement of the pilot's or crewmember's first overflight.

(iv) Request permission from Customs to conduct an overflight to an airport not listed in the initial overflight application as specified in paragraph (c)(10) of this section. The request must be directed to the port director who approved the initial request for an overflight exemption.

(v) Retain copies of the initial request for an overflight exemption, all supplemental applications from pilots or crewmembers, and all requests for additional landing privileges as well as a copy of the letter from Customs approving each of these requests. The copies must be carried on board any aircraft during the conduct of an overflight.

(5) The notification specified in paragraph (d)(4) of this section must be given to Customs within 5 working days of the change, sale, theft, modification, or destruction, or before a flight for which there is an exemption, whichever occurs earlier.

(e) *Inspection of aircraft having or requesting overflight exemption.* Applicants for overflight exemptions must agree to make the subject aircraft available for inspection by Customs to determine if the aircraft is capable of meeting Customs requirements for the proper conduct of an overflight. Inspections

may be conducted during the review of an initial application or at any time during the term of an overflight exemption.

### § 122.26 Entry and clearance.

Private aircraft, as defined in § 122.1(h), are not required to formally enter or to obtain formal clearance upon departure. However, entry and clearance requirements do apply to air charter and air taxi operators.

### § 122.27 Documents required.

(a) *Crewmembers and passengers.* Crewmembers and passengers on a private aircraft arriving in the U.S. shall make baggage declarations as set forth in part 148 of this chapter. An oral declaration of articles acquired in foreign areas shall be made, unless a written declaration on Customs Form 6059-B is found necessary by inspecting officers.

(b) *Cargo.* (1) On arrival, cargo and unaccompanied baggage not carried for hire aboard a private aircraft may be listed on a baggage declaration on Customs Form 6059-B, and shall be entered. If the cargo or unaccompanied baggage is not listed on a baggage declaration, it shall be entered in the same manner as cargo carried for hire into the U.S.

(2) On departure, when a private aircraft leaves the U.S. carrying cargo not for hire, the Bureau of Census (15 CFR part 30) and the Export Administration (15 CFR parts 368 through 399) regulations and any other applicable export laws shall be followed. A foreign landing certificate or certified copy of a foreign Customs entry is required as proof of exportation if the cargo includes:

(i) Merchandise valued at more than \$500.00; or

(ii) More than one case of alcoholic beverages withdrawn from a Customs bonded warehouse or otherwise in bond for direct exportation by private aircraft.

A foreign landing certificate, when required, shall be produced within six months from the date of exportation and shall be signed by a revenue officer of the foreign country to which the

merchandise is exported, unless it is shown that the country has no Customs administration, in which case the certificate may be signed by the consignee or by the vessel's agent at the place of landing.

(c) *Pilot certificate/license, certificate of registration—*(1) *Pilot certificate/license.* A commander of a private aircraft arriving in the U.S. must present for inspection a valid pilot certificate/license, medical certificate, authorization, or license held by that person, when presentation for inspection is requested by a Customs officer.

(2) *Certificate of registration.* A valid certificate of registration for private aircraft which are U.S.-registered must also be presented upon arrival in the U.S., when presentation for inspection is requested by a Customs officer. A so-called "pink slip" is a duplicate copy of the Aircraft Registration Application (FAA Form AC 8050-1), and does not constitute a valid certificate of registration authorizing travel internationally.

### § 122.28 Private aircraft taken abroad by U.S. residents.

An aircraft belonging to a resident of the U.S. which is taken to a foreign area for non-commercial purposes and then returned to the U.S. by the resident shall be admitted under the conditions and procedures set forth in § 148.32 of this chapter. Repairs made abroad, and accessories purchased abroad shall be included in the baggage declaration as required by § 148.32(c), and may be subject to entry and payment of duty as provided in § 148.32.

### § 122.29 Arrival fee and overtime services.

Private aircraft may be subject to the payment of an arrival fee for services provided as set forth in § 24.22 of this chapter. For the procedures to be followed in requesting overtime services in connection with the arrival of private aircraft, see § 24.16 of this chapter.

## § 122.30

### § 122.30 Other Customs laws and regulations.

Sections 122.2 and 122.161 apply to private aircraft.

## Subpart D—Landing Requirements

### § 122.31 Notice of arrival.

(a) *Application.* Except as provided in paragraph (b) of this section, all aircraft entering the U.S. from a foreign area shall give advance notice of arrival. When a private aircraft, as defined in § 122.23(a) of this part, enters the U.S. from a foreign area in the Western hemisphere south of the U.S., advance notice shall be given as provided in § 122.23. Aircraft arriving from Cuba shall follow the procedures set forth in subpart O of this part.

(b) *Exceptions for scheduled aircraft of a scheduled airline.* Advance notice is not required for aircraft of a scheduled airline arriving under a regular schedule. The regular schedule shall have been filed with the port director for the airport where the first landing is made.

(c) *Giving notice of arrival—(1) Procedure.* The commander of an aircraft covered by this section shall give the advance notice of arrival. Notice shall be given to the port director at the place of first landing, either:

(i) Directly by radio, telephone, or other method; or

(ii) Through Federal Aviation Administration flight notification procedure (see International Flight Information Manual, Federal Aviation Administration).

(2) *Reliable facilities.* When reliable means for giving notice are not available (for example, when departure is from a remote place) a landing shall be made at a place where notice can be sent prior to coming into the U.S.

(d) *Contents of notice.* The advance notice of arrival shall include the following information:

- (1) Type of aircraft and registration number;
- (2) Name of aircraft commander;
- (3) Place of last foreign departure;

Unaccompanied checked baggage not presented timely to Customs or presented timely and found by Customs to be dutiable, restricted, or prohibited may be subject to seizure. Such unaccompanied checked baggage shall be added to the cargo list in columns under the following headings:

| Check No. | Description | Where from | Destination | Name of examining officer | Disposition |

(i) On a Customs Form 5931, filled out and signed by the importer and the importing or bonded carrier; or

(ii) On a Customs Form 5931, filled out and signed by the importer alone under § 158.3 of this chapter; or

(iii) On a copy of the cargo manifest, which shall be marked “Shortage Declaration,” and must list the merchandise involved and the reasons for the shortage.

(2) *Time to file.* Shortages shall be reported within the time set out in part 158 of this chapter, or within 30 days of aircraft entry.

I declare to the best of my knowledge and belief that the discrepancy described herein occurred for the reason stated. I also certify that evidence to support the explanation of the discrepancy will be retained in the carrier's files for a period of at least one year and will be made available to Customs on demand.

Notice shall be given by sending a copy of Customs Form 5931 to the aircraft commander or agent, or in any other appropriate way. The aircraft commander or agent shall make a satisfactory reply within 30 days of entry of the aircraft or receipt of the notice, whichever is later.

(e) *Correction not required.* A correction in the manifest or air waybill is not required if:

(1) The port director is satisfied that the difference between the quantity of bulk merchandise listed on the manifest or air waybill, and the quantity unladen, is the usual difference caused by absorption or loss of moisture, temperature, faulty weighing at the airport, or other such reason; and

(2) The marks or numbers on merchandise packages are different from the marks or numbers listed on the cargo manifest for those packages if the quantity and description of the merchandise is given correctly.

(f) *Statutes applicable.* If an aircraft arrives in the U.S. from a foreign area with merchandise and unaccompanied baggage for which a manifest or air waybill must be filed, section 584 (concerning manifest violations), Tariff Act of 1930, as amended (19 U.S.C. 1584, applies.

No later than 20 calendar days after landing, the pilot or owner of the aircraft or the agent thereof shall notify Customs of any such merchandise or baggage for which entry has not been made. Such notification shall be provided in writing or by any appropriate Customs-authorized electronic data interchange system. Failure to provide such notification may result in assessment of a monetary penalty of up to \$1,000 per bill of lading against the pilot or owner of the aircraft or the agent thereof. If the value of the merchandise on the bill is less than \$1,000, the penalty shall be equal to the value of such merchandise.

(b) Any merchandise or baggage that is taken into custody from an arriving carrier by any party under a Customs-authorized permit to transfer or in-bond entry may remain in the custody of that party for 15 calendar days after receipt under such permit to transfer or 15 calendar days after arrival at the port of destination. No later than 20 calendar days after receipt under the permit to transfer or 20 calendar days after arrival under bond at the port of destination, the party shall notify Customs of any such merchandise or baggage for which entry has not been made. Such notification shall be provided in writing or by any appropriate Customs-authorized electronic data interchange system. (c) In addition to the notification to Customs required under paragraphs (a) and (b) of this section, the carrier (or any other party to whom custody of the unentered merchandise has been transferred by a Customs authorized permit to transfer or in-bond entry) shall provide notification of the presence of such unreleased and unentered merchandise or baggage to a bonded

warehouse certified by the port director as qualified to receive general order merchandise. Such notification shall be provided in writing or by any appropriate Customs-authorized electronic data interchange system and shall be provided within the applicable 20-day period specified in paragraph (a) or (b) of this section. It shall then be the responsibility of the bonded warehouse proprietor to arrange for the transportation and storage of the merchandise or baggage at the risk and expense of the consignee. Any unentered merchandise or baggage shall remain the responsibility of the carrier, pilot, or person in charge of the importing aircraft, or the agent thereof, or party to whom the merchandise has been transferred under a Customs authorized permit to transfer or in-bond entry, until it is properly transferred from his control in accordance with this paragraph. If the party to whom custody of the unentered merchandise or baggage has been transferred by a Customs-authorized permit to transfer or in-bond entry fails to notify a Customs-approved bonded warehouse of such merchandise or baggage within the applicable 20-calendar-day period, he may be liable for the payment of liquidated damages of \$1,000 per bill of lading under the terms and conditions of his international carrier or custodial bond (see §§ 113.63(b), 113.63(c) and 113.64(b) of this chapter).

(d) If the bonded warehouse operator fails to take possession of unentered and unreleased merchandise or baggage within five calendar days after receipt of notification of the presence of such merchandise or baggage under this section, he may be liable for the payment of liquidated damages under the terms and conditions of his custodial bond (see § 113.63(a)(1) of this chapter).

(e) In ports where there is no bonded warehouse authorized to accept general order merchandise, or if merchandise requires specialized storage facilities that are unavailable in a bonded facility, the port director, after having received notice of the presence of unentered merchandise or baggage in accordance with the provisions of this section, shall direct the storage of the merchandise by the carrier or by any other appropriate means.

## 19 CFR Ch. I (4-1-99 Edition)

(f) Merchandise taken into the custody of the port director pursuant to section 490(b), Tariff Act of 1930, as amended (19 U.S.C. 1490(b)), shall be sent to a general order warehouse after 1 day after the day the aircraft arrived, to be held there at the risk and expense of the consignee.

(3) *Aircraft damage and duty payment—(i) Substantial damage to commercial aircraft.* If an accident causes substantial damage to a commercial aircraft, no entry or duty payment is required for any part of the wreckage.

(ii) *Less than substantial damage and export.* If an accident does not cause substantial damage to a commercial aircraft, salvageable parts of the wrecked aircraft may be exported. In this circumstance, the aircraft, as a whole or in part, is not considered to be withdrawn from commercial use and is not subject to entry or to duty as imported merchandise.

(iii) *Less than substantial damage and no export.* If an accident does not cause substantial damage to a commercial aircraft and the wrecked aircraft or any salvageable part of it is not exported, then:

(A) Entry is required to be made for the damaged aircraft or any salvageable part of it; and

(B) A duty payment, if applicable, based on the condition of the aircraft following the accident, is required.

#### § 122.53 Aircraft of foreign registry chartered or leased to U.S. air carriers.

#### § 122.63 Scheduled airlines.

The aircraft commander or agent shall request clearance or permission to depart for aircraft of scheduled airlines covered by this subpart.

(a) *Clearance at other than airport of final departure.* Aircraft may clear at each airport where merchandise and/or passengers are taken on board for transport outside of the U.S. The clearance applies only to the merchandise and passengers boarding at each place. Clearance shall be requested at the Customs port of entry (regardless of whether it is an international airport) nearest to the place where merchandise and/or passengers are taken on board.

(b) *Clearance at final departure airport.* Clearance or permission to depart may be requested at the Customs port of entry (regardless of whether it is an international airport) nearest the last departure airport.

#### § 122.64 Other aircraft.

Clearance or permission to depart shall be requested by the aircraft commander or agent for aircraft covered by this subpart other than those of scheduled airlines. The request must be made to the director of the port of entry (regardless of whether it is an international airport) nearest the final departure airport.

#### § 122.65 Failure to depart.

Once an aircraft has been cleared or given permission to depart it must depart within 72 hours. The aircraft commander or agent shall report promptly to the port director if departure is delayed beyond or cancelled within 72 hours after the aircraft received clearance or permission to depart.

### Subpart H—Documents Required for Clearance and Permission to Depart

#### § 122.71 Aircraft departing with no commercial export cargo.

(a) *Application.* This section applies to aircraft departing for foreign territory with no export cargo, but not to those aircraft which are themselves being exported.

(1) Such aircraft may clear by telephone in advance with the director of the port of departure if departing empty or carrying only:

(i) Passengers for hire; or

(ii) Non-commercial cargo for which Shipper's Export Declarations are not required.

(2) If not cleared by telephone, an air cargo manifest containing the following statement, signed by the aircraft commander or agent, shall be submitted to Customs:

I declare to the best of my knowledge and belief that there is no cargo on board this aircraft.

Signature \_\_\_\_\_  
(Aircraft Commander or Agent)

(b) *Timeliness.* The request for telephone clearance must be received by the Customs officer in charge with sufficient time remaining before departure to ensure that Customs may undertake any necessary examination of the aircraft and cargo.

(c) *Documentation.* If clearance is granted by telephone, the aircraft commander is not required to file the documents required by this subpart.

#### § 122.72 Aircraft departing with commercial export cargo.

If an aircraft with export cargo leaves the U.S. for any foreign area, a general declaration, if required, an air cargo manifest and any required Shipper's Export Declarations, shall be filed in accordance with this subpart for all cargo on the aircraft, and for the aircraft itself if exported as merchandise. See § 122.79 for special requirements regarding shipments to U.S. possessions.

#### § 122.73 General declaration and air cargo manifest.

(a) *General declaration*—(1) *Form.* The general declaration shall be on Customs Form 7507 and shall show all information required.

(2) *Preparation and filing.* The aircraft commander or agent shall file two copies of the general declaration with Customs at the departure airport.

(3) *Exception.* A general declaration shall not be required if the air cargo manifest, Customs Form 7509, contains the statement shown in paragraph (b) of this section.

(b) *Air cargo manifest*—(1) *Form.* The air cargo manifest shall be on Customs Form 7509, and shall show all information required. If a general declaration is not presented, the following statement, signed by the aircraft commander or agent, shall appear on the form:

I declare that all statements contained in this manifest, including the account of the cargo on board this aircraft, are complete, exact, and true to the best of my knowledge.

Signature \_\_\_\_\_  
(Aircraft Commander or Agent)

(2) *Preparation and filing.* The aircraft commander or agent shall file two copies of the air cargo manifest with the Customs at the departure airport. Three copies of the air cargo manifest shall be filed if the aircraft is covered by § 122.77(b). The air cargo manifest must be filed in:

(i) Complete form, with all required Shipper's Export Declarations (see § 122.75); or

(ii) Incomplete form (pro forma) under § 122.74.

#### § 122.74 Incomplete (pro forma) manifest.

(a) *Application*—(1) *Shipments to foreign countries.* Except for aircraft bound for foreign locations referred to in paragraph (b) of this section, clearance, or permission to depart may be given to an aircraft bound for a foreign location by the Customs at the departure airport before a complete manifest or all required Shipper's Export Declarations have been filed, if a proper bond is filed on Customs Form 301, containing the bond conditions set forth in subpart G of part 113 of this chapter.

(2) *Shipments to Puerto Rico.* As provided in § 122.79(b), any required air cargo manifest or Shipper's Export Declarations for direct flights between the U.S. and Puerto Rico shall be filed

## § 122.75

with the appropriate Customs officer upon arrival in Puerto Rico. If any required manifest or Shipper's Export Declarations are not filed with the appropriate Customs officer within one business day after arrival in Puerto Rico, a proper bond shall be filed at that time on Customs Form 301, containing the bond conditions set forth in subpart G of part 113 of this chapter.

(b) *Exceptions.* An incomplete manifest will not be accepted:

(1) During any time covered by a proclamation of the President that a state of war exists between foreign nations; or

(2) If the aircraft is departing on a flight from the U.S. directly or indirectly to a foreign country listed in § 4.75 of this chapter.

In both cases, a complete air cargo manifest and all required Shipper's Export Declarations shall be filed with the port director before the aircraft will be cleared.

(c) *Filing under bond.* An incomplete set of documents may be filed only when accompanied by the proper bond. Under the bond, a complete set of documents shall be filed within whichever of the following time periods is appropriate:

(1) *Shipments to foreign countries.* All required Shipper's Export Declarations and a complete air cargo manifest shall be filed by the airline not later than the fourth business day after clearance (when clearance is required) or departure (when clearance is not required) of the aircraft.

(2) *Shipments to and from Puerto Rico.* For shipments from the U.S. to Puerto Rico, the complete manifest (when required) and all required Shipper's Export Declarations shall be filed not later than the seventh business day after arrival into Puerto Rico. For shipments from Puerto Rico to the U.S., the complete manifest (when required) and all required Shipper's Export Declarations shall be filed not later than the seventh business day after departure from Puerto Rico.

(3) *Shipments to U.S. possessions.* For shipments between the U.S. or Puerto Rico and possessions of the U.S., a complete manifest and all required Shipper's Export Declarations shall be filed by the airline not later than the

seventh business day after departure. See § 122.79.

(d) *Declaration required.* A declaration shall be made on the incomplete manifest that:

(1) All required documents will be filed within the 4-day bond period; or

(2) All required documents will be filed within the 7-day bond period.

Once all documents have been filed, a statement as required by § 122.75(b) shall be made.

[T.D. 88-12, 53 FR 9292, Mar. 22, 1988, as amended by T.D. 93-61, 58 FR 41425, Aug. 4, 1993]

## § 122.75 Complete manifest.

(a) *Contents.* A complete air cargo manifest shall list all cargo laden, and show for each item the air waybill number, or marks and numbers on packages and the type of goods carried. If an item does not require a Shipper's Export Declaration, it shall be noted on the air cargo manifest.

(1) *Shipments on an air waybill.* A copy of each air waybill on which shipments are listed may be attached to the air cargo manifest, and the number of the air waybill may be listed on the air cargo manifest. The statement "Cargo as per Air Waybill Attached" must appear on the air cargo manifest if this is done.

(2) *Direct departure.* This subsection applies only to direct departures of shipments requiring a Shipper's Export Declaration. A copy of each declaration may be attached to the air cargo manifest, and the number of each declaration shall be listed on the air cargo manifest in the column for air waybill numbers. The statement "Cargo as per Export Declarations Attached" must appear on the manifest if this is done.

(b) *Statement required.* (1) When all required documents are ready for filing, the following statement must appear on the air cargo manifest, or on the general declaration form if an air cargo manifest is not required:

Attached Shipper's Export Declarations represent a full and complete enumeration and description of the cargo carried in this flight except that listed on the cargo manifest.

(2) If an incomplete set of documents has been filed and is later completed,

### § 122.76 Shipper's Export Declarations and inspection certificates.

(a) *Shipper's Export Declarations*—(1) *Other than shipments to Puerto Rico.* For shipments other than to Puerto Rico, at the time of clearance, the aircraft commander or agent shall file with the port director of the departure airport any Shipper's Export Declarations required by the Bureau of the Census (see 15 CFR part 30).

(2) *Shipments to Puerto Rico.* For flights carrying shipments to Puerto Rico from the U.S., the aircraft commander or agent shall file any Shipper's Export Declarations required by the Bureau of the Census (see 15 CFR part 30) upon arrival in Puerto Rico with the port director there.

(b) *Inspection certificates.* The aircraft commander or authorized agent shall deliver a proper export inspection certificate issued by the Veterinary Service, Animal and Plant Inspection Service, Department of Agriculture (9 CFR part 91), to the Customs officer in charge at the time of departure of any aircraft carrying horses, mules, asses, cattle, sheep, swine, or goats.

[T.D. 93-61, 58 FR 41426, Aug. 4, 1993]

### § 122.77 Clearance certificate.

(a) *Aircraft departing from the U.S.* One copy of the air cargo manifest shall be used as a clearance certificate when endorsed by the port director to show that clearance is granted.

(b) *Scheduled aircraft.* If a scheduled aircraft clears at an airport which is not the airport at or nearest the place of final take-off from the U.S., two copies of the air cargo manifest shall be filed. One copy shall be used as a clearance certificate when endorsed by the director of the port where clearance is obtained, and the second copy shall be

attached to the first for use at subsequent U.S. ports.

### § 122.78 Entry or withdrawal for exportation or for transportation and exportation.

If a shipment is exported under an entry or withdrawal for exportation, or for transportation and exportation, the air cargo manifest, the air waybill, or the consignment note attached to the manifest shall clearly show the following information for each entry or withdrawal:

- (a) Number;
- (b) Date; and
- (c) Class of entry or withdrawal, as follows:

- (1) Transportation and exportation;
- (2) Withdrawal for transportation and exportation;
- (3) Immediate exportation;
- (4) Withdrawal for exportation; or
- (5) Withdrawal for transportation.

The name of the port where the entry or withdrawal was filed, if not the port where the merchandise is laden for exportation, shall also appear on the air cargo manifest.

### § 122.79 Shipments to U.S. possessions.

(a) *Other than Puerto Rico.* An air cargo manifest shall be filed for aircraft transporting cargo between the U.S. and U.S. possessions. Shipper's Export Declarations are not required for shipments from the U.S. or Puerto Rico to the U.S. possessions, except to the U.S. Virgin Islands or from a U.S. possession and destined to the U.S., Puerto Rico, or another U.S. possession.

(b) *Puerto Rico.* When an aircraft carries merchandise on a direct flight from the U.S. to Puerto Rico, any required air cargo manifest or Shipper's Export Declarations shall be filed with the appropriate port director at Puerto Rico.

[T.D. 88-12, 53 FR 9292, Mar. 22, 1988, as amended by T.D. 93-61, 58 FR 41426, Aug. 4, 1993]

### § 122.80 Verification of statement.

Customs officers may verify any of the statements required under this subpart by examining the shipping records of the airline involved.

**Subpart I—Procedures for Residue Cargo and Stopover Passengers**

**§ 122.81 Application.**

(a) *Aircraft arriving with cargo.* Aircraft arriving in the U.S. from a foreign area with cargo shown on the manifest to be traveling to other airports in the U.S. or to foreign areas may proceed under the provisions of this subpart.

(b) *Aircraft arriving with no cargo.* Aircraft arriving in the U.S. from a foreign area with no cargo on board, and requesting immediate examination and release, may proceed if a bond on Customs Form 301, containing the bond conditions set forth in subpart G of part 113 of this chapter, has been filed and covers the aircraft.

**§ 122.82 Bond requirements.**

A bond on Customs Form 301, containing the bond provisions set forth in subpart G of part 113 of this chapter, shall be filed before an aircraft is given a permit to proceed with residue cargo under this subpart. The bond shall be filed in the correct amount with the director of the entry airport.

**§ 122.83 Forms required.**

(a) *Traveling general declaration and manifest.* When applying for examination and release from an airport or place of entry in the U.S., the aircraft commander or agent shall file a traveling general declaration and manifest. The traveling general declaration and manifest is one certified copy of the original inward general declaration, and each air cargo manifest required when the aircraft entered. This includes air waybills that were part of the manifest.

(b) *Attachments to traveling general declaration and manifest—(1) Crew purchase and stores list.* The crew purchase and stores list, if required when the aircraft enters under §§ 122.46 and 122.47, shall be attached to the traveling general declaration and manifest.

(2) *Crew purchases not listed on a crew purchase list.* A crew member's declaration shall be attached to the traveling general declaration and manifest if:

(i) Crew purchases are listed on a crew declaration, Customs Form 5129,

instead of on the crew purchase list, under § 122.46(c)(2); and

(ii) The crew member has not left the aircraft with his or her purchase at the first entry port.

The crew member's declaration must be attached at the port where the articles listed on the declaration receive clearance.

(c) *Abstract general declaration and manifest.* The abstract general declaration and manifest shall consist of one copy of the general declaration, and one copy of each manifest (including air waybills) covering residue cargo:

(1) Not yet examined and released by Customs or any other Federal agency; and

(2) To be discharged at another domestic or foreign airport.

An abstract general declaration and manifest need not be filed at the last domestic port of discharge.

(d) *Permit to proceed.* A permit to proceed from one domestic airport to another shall be filed by the aircraft commander or agent with the Customs officer in charge at the clearance airport. The permit to proceed shall include a declaration by the aircraft commander or agent, which shall be signed on entry at the next domestic airport. The permit to proceed and declaration shall state substantially the following:

PERMIT TO PROCEED FROM ONE AIRPORT  
TO ANOTHER

Airport of Departure \_\_\_\_\_  
Date \_\_\_\_\_

Permission is hereby given aircraft  
\_\_\_\_\_ to proceed to \_\_\_\_\_  
(Next Domestic Airport)

The aircraft which has arrived from and is destined to the places shown in the general declaration, is proceeding to such places of destination to discharge residue cargo, passengers, or crew members and their purchases, as listed in the attached manifest. Bond was given at the airport of arrival for the cargo retained on board. Items of cargo manifested for delivery at this airport appear to have been landed.

(Signature and Title)

The permit to proceed and declaration must be stamped, mimeographed or printed on:

- (1) The abstract general declaration;
- (2) The traveling general declaration when an abstract general declaration is not required; or
- (3) A separate sheet of paper.

(e) *Permit to proceed for nonscheduled aircraft.* For each permit to proceed issued to a nonscheduled aircraft carrying residue cargo the transit air cargo manifest procedures shall be followed and a numbered Customs Form 7512-C shall be filled out and filed. The number on the form shall be placed in the upper right hand corner of the permit to proceed. The original copy of Customs Form 7512-C shall be forwarded as required by the issuing port and the duplicate must be attached to the permit and given to the aircraft commander. When the aircraft arrives at the final port, the aircraft commander shall deliver the permit to proceed and Customs Form 7512-C (duplicate) to Customs.

(f) *Use of form.* When all of the documents required by this section are in order, the permit to proceed shall be dated and signed by the Customs officer in charge at the clearance airport. One copy of the permit to proceed shall be delivered to the aircraft commander or agent with the other required documents, for filing at the next international airport.

**§ 122.84 Intermediate airport.**

(a) *Application.* The provisions of this section apply at any U.S. airport to which an aircraft proceeds with residue cargo, and passengers, or crewmembers and their purchases not cleared by Customs. They do not apply to aircraft ar-

riving at the last domestic port of discharge.

(b) *Entry.* When an aircraft arrives at the next airport, the aircraft commander or agent shall make entry by filing the:

- (1) Abstract general declaration and manifest;
- (2) Traveling general declaration and manifest; and
- (3) Permit to proceed.

The *Declaration on Entry of Aircraft at Following Airport*, found on the permit to proceed, shall be properly signed before filing for entry.

(c) *Crew declarations.* The declarations and entries, Customs Form 5129, of any crewmembers who leave the aircraft with their purchases at the intermediate airport shall be detached from the traveling general manifest. The declaration and entries are to be detached by the Customs officer in charge and are kept at the airport.

(d) *Departure.* When the aircraft leaves an intermediate airport carrying residue cargo, and passengers or crewmembers and their purchases are not yet cleared by Customs or another interested Federal agency, the procedure is the same as at the first arrival airport. All documents required by this section, except those detached under paragraph (c) of this section, shall be returned to the aircraft commander or agent for filing at the next entry airport.

**§ 122.85 Final airport.**

When an aircraft enters at the last domestic airport of discharge, the traveling general declaration and manifest shall be filed with Customs and kept at the airport. No abstract general declaration and manifest is required.

**§ 122.86 Substitution of aircraft.**

(a) *Application.* The residue cargo procedure applies when an airline must substitute aircraft to reach a destination due to weather conditions or operational factors which prevent an aircraft on arrival of the flight at the first port from continuing inbound to interior ports scheduled for that flight.

(b) *Clearance and entry.* Clearance and entry of substitute aircraft is required as provided in this subpart for other aircraft.

## § 122.87

(c) *Identification.* An identification of all substitute aircraft shall be clearly made on all clearance and entry documents.

(d) *Transporting cargo—(1) Forwarding.* The carrier may forward all cargo which arrived on one aircraft by transferring it to another aircraft of the same airline to complete the inbound flight. The transfer shall be done under Customs supervision.

(2) *Conditions.* All of the residue cargo from more than one inbound flight of an airline may be laden on one substitute aircraft of the airline. The substitute aircraft shall finish the inbound transport of the residue cargo.

## § 122.87 Other requirements.

Section 4.85 of this chapter, relating to vessels with residue cargo for domestic ports, applies to aircraft residue cargo, except as stated in this subpart.

## § 122.88 Aircraft carrying domestic (stopover) passengers.

Airlines that commingle domestic (stopover) passengers (that is, passengers who have already cleared Customs at their port of arrival and are continuing on another aircraft to a second U.S. destination) with international passengers who are continuing on the flight to their port of arrival and have not yet cleared Customs, must comply with certain requirements before being issued a permit to proceed. The carriers requirements are as follows:

(a) The domestic (stopover) passengers must be transported on U.S.-registered aircraft, or foreign-registered aircraft of the same foreign airline that brought them into the U.S.

(b) A \$2.00 charge must be paid for each revenue producing domestic (stopover) passenger reinspected in the U.S. (see § 24.12 of this chapter).

(c) Arrangements must be made for the checked baggage of all passengers requiring inspection on the previously described flights to be off-loaded and made available for examination in the Federal inspection area at the destination port (intermediate or final) where an inspection is to take place.

(d) All stopover passengers shall be notified in writing, prior to boarding, that they will be subject to full rein-

spection by Customs. This written notification shall contain the following language: "Notice to all boarding passengers: You are boarding an aircraft on which passengers will be arriving in the U.S. from foreign destinations. These passengers have not yet cleared U.S. Customs. Accordingly, you will be subject to a full reinspection by Customs at your final U.S. port of entry."

(e) Domestic (stopover) passengers shall be provided a Customs declaration identified by the words "Domestic Flight". The domestic (stopover) passenger is only required to complete items 1-4 on that declaration.

(f) The carrier shall present to Customs, as otherwise required by law, the permit to proceed and/or the general declaration, clearly stating the number of domestic (stopover) passengers to be reinspected upon arrival at the destination port (intermediate or final) where an inspection of passengers is to take place.

## Subpart J—Transportation in Bond and Merchandise in Transit

### § 122.91 Application.

This subpart applies to the transportation in bond of merchandise arriving in the U.S. by aircraft and entered:

(a) For immediate transportation to another airport without appraisement; or

(b) For transportation through the U.S. and later exportation by aircraft.

### § 122.92 Procedure at port of origin.

(a) *Forms required—(1) Customs Form 7512 or other document.* Customs Form 7512 or other Customs approved documents, such as an air waybill (see paragraph (a)(3) of this section), shall be used for both entry and manifest. Three copies of the form or other document are required to be filed with Customs at the port of origin for merchandise for immediate transportation without appraisement. Four copies of the form or other document are required when merchandise for transportation and exportation is entered. (See also, §§ 18.11 and 18.20(a) of this chapter). Each copy shall be signed by the carrier or its authorized agent.

(2) *Customs Form 7512-C.* The "Origin" copy of Customs Form 7512-C shall be

filed with Customs Form 7512, and its number shall be placed on all copies of Customs Form 7512.

(3) *Air Waybill.* An air waybill may be used for both entry and manifest. Three copies of the air waybill are required unless the port director deems additional copies necessary. Photocopies of the original air waybill are acceptable. Either preprinted stock air waybills or electronically generated air waybills may be used. The air waybill must:

(i) Contain the information required of a universal air waybill as recognized and accepted by the International Air Transport Association (IATA), be legible and in the English language;

(ii) Display a unique 11-digit number, the first three digits being the air carrier's identification code;

(iii) Display the number of packages based on the smallest external packaging unit (e.g., 14 packages is acceptable, 1 pallet is unacceptable);

(iv) Display the name of the final port of destination in the U.S. or the name of the ultimate country of destination of the cargo indicated by available air carrier shipping documents. The ultimate destination must be shown even though the air transportation may be scheduled to terminate in a country prior to the cargo's final destination;

(v) Be modified to contain the following information which should appear in a block or attachment in the upper right-hand corner as in this example. The numbers 1-8 correspond to the descriptions that follow; the numbers do not have to appear on the AWB:

- (1) \_\_\_\_\_  
Origin
- (2) \_\_\_\_\_  
Entry Type
- (3) \_\_\_\_\_  
Destination
- (4) \_\_\_\_\_  
Importing Carrier/Flight Number/Arrival Date
- (5) \_\_\_\_\_  
Bonded Carrier/Exporter
- (6) \_\_\_\_\_  
Date
- (7) \_\_\_\_\_  
Signature of Carrier's Agent (or Exporter)
- (8) \_\_\_\_\_  
Customs Officer      Date

The item numbers correspond to the following information:

*Item 1—Origin—* The numeric port code as listed in Schedule D of the Harmonized Tariff Schedules of the United States, or the port where the in-bond entry is presented.

*Item 2—Entry type—* The appropriate in-bond code number such as I.T./61 for Immediate Transportation, T&E/62 for Transportation and Exportation, and I.E./63 for Immediate Exportation.

*Item 3—Destination—* The numeric port code for the intended port of destination for entry or exportation.

*Item 4—Importing Carrier/Flight Number/Arrival Date—* This information serves to identify the shipment in terms of the inward foreign manifest of the importing carrier. The "Arrival Date" is the date of arrival of the importing conveyance in the U.S. The information must be supplied in all instances.

*Item 5—Bonded Carrier/Exporter—* The bonded carrier or exporter who will be liable for the proper movement, handling, and safekeeping of the merchandise once the in-bond movement is authorized by Customs. If this information is not supplied, the in-bond movement will be carried out under the bond of the importing carrier. (See Item 7 for further information on transfer of liability.)

*Item 6—Date—* The date of the in-bond entry preparation. Since an in-bond entry can be prepared before the date of entry presentation and/or acceptance, and prior to the actual arrival of the importing conveyance, this date should only be used for duty assessment purposes when the date in Item 8 is left blank. If a date is not present, the date of in-bond preparation will be deemed to be the date of arrival.

*Item 7—Signature of Carrier's Agent (or Exporter)—* This signature of the authorized agent of the bonded carrier or exporter identified previously (See Item 5) constitutes acceptance of the liability for the in-bond shipment by the party signing. A signature is required except when the in-bond movement is under the bond of the importing carrier. If unsigned, the submission to Customs of an AWB requesting such

## § 122.93

## 19 CFR Ch. I (4–1–99 Edition)

a movement is evidence of the acceptance of liability if the AWB is approved by Customs.

*Item 8—Customs Officer/Date—* Signature of the Customs officer who authorizes the initiation of the in-bond movement and the date of such authorization. Customs will check to make sure merchandise is released only to a bonded carrier. The date is used to start the time limit for completion of the in-bond movement and for consumption entry purposes in accord with § 141.69(b) of this chapter. Customs authorization procedures which use a perforation device are acceptable in lieu of the appropriate Customs signature. The port director will determine whether a signature will be required in this block prior to the time that the cargo is allowed to move.

(b) *Delivery of Customs form to carrier—*(1) *Merchandise entered for immediate transportation without appraisal.* When merchandise is entered for immediate transportation without appraisal, two copies of Customs Form 7512 or other Customs approved document, and the duplicate copy of Customs Form 7512-C shall be delivered to the carrier. When an air waybill is used, Customs Form 7512-C is not required.

(2) *Merchandise entered for transportation and exportation.* When merchandise is entered for transportation and exportation, one copy of Customs Form 7512 and one copy of Customs Form 7512-C or other Customs approved document shall be delivered to the carrier.

(3) *After delivery.* After delivery, the forms or other document shall accompany the merchandise to the port of destination or exportation.

(c) *Receipt and supervision.* The agent of a bonded air carrier shall give a receipt for any merchandise delivered to it for transportation in bond, and no supervision of the lading of the merchandise on the transporting aircraft shall be required.

(d) *Split shipment—*(1) *Departure within 24 hours.* Merchandise covered by a single entry and manifest (Customs Form 7512 or other Customs approved document) may be sent to the destination airport on one or more aircraft. A separate manifest for each aircraft is

not required if the whole shipment is sent within a single 24-hour period.

(2) *Departure not within 24 hours.* If any part of a shipment is sent more than 24 hours after the first part was sent, the entry and manifest copy which accompanies the first shipment shall state that the rest of the shipment will follow by separate aircraft. A single manifest shall be prepared for each part of the shipment sent by separate aircraft. The manifest shall be used as notice of each arrival at the destination airport.

(e) *Transshipment.* Merchandise sent under bond may be transferred at an intermediate airport to one or more aircraft of the same airline. This may be done without Customs supervision and notice of the transfer is not required. If merchandise covered by one entry and manifest is transferred to more than one aircraft, paragraph (d) of this section applies.

(f) *Sealing not required.* The sealing of aircraft, aircraft compartments carrying bonded merchandise, or the cording and sealing of bonded packages carried by the aircraft, is not required.

(g) *Warning labels.* The carrier shall supply and attach the warning label, as described in § 18.4(e) of this chapter, to each bonded package.

[T.D. 88–12, 53 FR 9292, Mar. 22, 1988, as amended by T.D. 92–82, 57 FR 38276, Aug. 24, 1992]

### § 122.93 Procedure at destination or exportation airport.

(a) *Delivery to port director.* When a bonded shipment arrives at the destination or exportation airport, the aircraft commander or agent shall deliver one copy of the entry and manifest with Customs Form 7512-C attached (Customs Form 7512 or other Customs approved document) covering the shipment to the port director of that airport as notice of arrival. If the shipment was sent by separate aircraft more than 24 hours after the first part of the shipment was sent, then a manifest for each part of the shipment shall be delivered to the port director.

(b) *Delivery to consignee.* When the merchandise is sent under an entry for

immediate transportation without appraisal, one copy of the manifest covering the merchandise shall be delivered by the carrier to the consignee. This copy is used to make entry, and may also be used as a carrier certificate as provided in § 141.11(a)(4) of this chapter.

**§ 122.94 Certificate of lading for exportation.**

(a) *Required filing.* This section applies to merchandise entered for transportation and exportation by aircraft. A certificate of lading for exportation, Customs Form 7512 with Customs Form 7512-C attached, or other Customs approved document (see § 122.93 of this subpart) shall be filed when the merchandise reaches the final departure airport. The form shall be filled out and signed at the place where aircraft clearance for the merchandise is given.

(b) *Clearance not at place of final departure.* If an aircraft is cleared at a place other than the place of final departure from the U.S., the aircraft commander or its authorized agent shall:

(1) Promptly report arrival of any bonded merchandise for export to the Customs officer in charge at that place; and

(2) Submit to the Customs officer in charge the certificate received at the place the merchandise was taken on board. The clearance certificate is kept by the Customs officer in charge until departure.

This procedure shall be followed at each place of landing before final departure.

**§ 122.95 Other provisions.**

Part 18 of this chapter (Transportation in Bond and Merchandise in Transit) applies to the transportation of merchandise under this subpart unless stated otherwise.

**Subpart K—Accompanied Baggage in Transit**

**§ 122.101 Entry of accompanied baggage.**

Passengers who enter the U.S. on one aircraft and depart to a foreign area on another aircraft with accompanying baggage shall either:

(a) Submit their baggage to Customs for inspection; or

(b) Arrange with the importing carrier for the baggage to be processed under regular in-transit procedures.

When passengers choose not to have access to their baggage while in the U.S., the baggage shall be listed on the Air Cargo Manifest as provided in § 122.48.

**§ 122.102 Inspection of baggage in transit.**

(a) General baggage in transit may be inspected upon arrival, while in transit, and upon exportation. Carriers shall present in-transit baggage for inspection at any time found necessary by the port director.

(b) In-transit baggage shall be presented to a Customs officer for inspection and clearance before the baggage can be delivered to a passenger while in the U.S.

**Subpart L—Transit Air Cargo Manifest (TACM) Procedures**

**§ 122.111 Application.**

Cargo (including manifested baggage) which arrives and is transported under Customs control in, through, or from, the U.S. may be transported in bond under this subpart. If cargo is not transported under this subpart, it shall be transported under other provisions of this chapter. (See subparts I and J of this part, and parts 18 and 123 of this chapter.)

**§ 122.112 Definitions.**

The following definitions apply in this subpart:

(a) *Transit air cargo.* “Transit air cargo” is cargo, including manifested baggage, transported under the requirements of this subpart.

(b) *Port of arrival.* The “port of arrival” is the port in the U.S. where imported cargo must be documented for further transportation under this subpart.

(c) *Transfer or transferred.* “Transfer or transferred” means the change of documentation of cargo to transit air cargo for transportation. The terms also include the physical movement of the cargo from one carrier to another,

### § 122.113

### 19 CFR Ch. I (4–1–99 Edition)

and thereafter by air or surface movement to the port of destination.

(d) *Transit air cargo manifest.* “Transit air cargo manifest” is used in this subpart as the shortened title for the transportation entry and transit air cargo manifest.

#### § 122.113 Form for transit air cargo manifest procedures.

A manifest on Customs Form 7509 is required for transit air cargo, as provided in § 122.48(c) of this part. The words “Transportation Entry and Transit Air Cargo Manifest” shall be printed, stamped or marked on the form and on all copies of the form required for transit air cargo movement.

#### § 122.114 Contents.

(a) *Form duplicates original manifest.* Each transit air cargo manifest shall be a duplicate of the sheet presented as part of the cargo manifest for the aircraft on which the cargo arrived in the U.S.

(b) *Shipments shown on manifest—(1) Country of exportation.* Each transit air cargo manifest sheet may list:

- (i) Only air cargo shipments from one exporting country, with the name of the country shown in the heading; or
- (ii) Air cargo shipments from several exporting countries, with the name of the exporting country shown in the “Nature of Goods” column.

(2) *Shipment to same port.* Each transit air manifest sheet may list only those shipments manifested by way of the port of arrival for:

- (i) The same Customs port of destination;
- (ii) The same Customs port for later exportation; or
- (iii) Direct exportation from the port of arrival.

(c) *Information required.* Each air cargo manifest sheet shall show:

- (1) The foreign port of lading;
- (2) The date the aircraft arrived at the port of arrival;
- (3) Each U.S. port where Customs services will be necessary due to transit air cargo procedures; and
- (4) The final port of destination in the U.S., or the foreign country of destination, for each shipment. The foreign country destination shown on the manifest must be the final destination,

as shown by airline shipping documents, even though airline transport may be scheduled to end before the shipment arrives at the final destination.

(d) *Corrections.* If corrections in the route shown on the original manifest for the cargo are required at the port of arrival to make a manifest sheet workable as a transit air cargo manifest, the director of the port of arrival may allow the corrections.

#### § 122.115 Labeling of cargo.

A warning label, as required by § 18.4(e) of this chapter, shall be attached to all transit air cargo not directly exported from the port of arrival before the cargo leaves the port of arrival.

#### § 122.116 Identification of manifest sheets.

When the original cargo manifest for the aircraft on which the cargo arrives is presented by the aircraft commander or its authorized agent at the port of arrival, a manifest number will be given to the aircraft entry documents by Customs. The number given shall be used by the airline to identify all copies of the transit air cargo manifest. All copies of the manifest shall be correctly numbered before cargo will be released from the port of arrival as transit air cargo.

#### § 122.117 Requirements for transit air cargo transport.

(a) *Transportation—(1) Port to port.* Transit air cargo may be carried to another port only when a receipt is given, as provided in paragraph (b) of this section. The receipt may be given only to an airline which:

- (i) Is a common carrier for the transportation of bonded merchandise; and
- (ii) Has the required Customs bond on file.

(2) *Exportation from port of arrival.* Transit air cargo may be exported from the port of arrival only if covered by a bond on Customs Form 301, containing the bond conditions set forth in subpart G of part 113 of this chapter, as provided in § 18.25 of this chapter.

(b) *Receipt—(1) Requirements.* When air cargo is to move from the port of arrival as transit air cargo, a receipt

shall be given. The receipt shall be made by the airline responsible for transport or export within the general order period (see § 122.50).

(2) *Contents.* The receipt shall appear on each copy of the transit air cargo manifest, clearly signed and dated if required, in the following form:

Received the cargo listed herein for delivery to Customs at the port of destination or exportation shown above, or for direct exportation.

---

Name of carrier (or exporter)

---

Attorney or agent of carrier (or exporter)

---

Date

(c) *Responsibility for transit air cargo—*  
(1) *Direct exportation.* The responsibility of the airline exporting transit air cargo for direct exportation begins when a receipt, as provided in paragraph (b) of this section, is presented to Customs.

(2) *Other than direct exportation.* When the transit air cargo is not for direct exportation, the responsibility of the airline receiving the cargo begins when a receipt, as provided in paragraph (b) of this section, is presented to Customs.

(3) *Carting.* When carting is used to deliver transit air cargo to receiving airlines, the importing airline is responsible for the cargo under its own bond until a receipt is filed by the receiving airline. This does not apply when the carting is done under part 112 of this chapter, at the expense of the parties involved.

(4) *Importing airlines.* An importing airline which has qualified as a carrier of bonded merchandise, whether registered in the U.S. or a foreign area, may:

- (i) Give a receipt for the air cargo;
- (ii) File an appropriate bond; and
- (iii) Deliver the cargo to an authorized domestic carrier for in-bond transportation from the port of arrival. The importing carrier's bond covers the transportation.

(d) *Split shipments.* A receipt shall be given by one airline for all of the cargo shipments listed on one transit air cargo manifest sheet. Cargo shipments so listed shall be transported from the port of arrival on one aircraft or car-

rier unless the use of more than one aircraft or carrier would be allowed:

(1) By § 122.92(d) under a single combined entry and manifest;

(2) By § 122.118(d); or

(3) By § 122.119(e), permitting the use of a surface carrier for transport.

Otherwise, all shipments on the transit air cargo manifest shall be separately documented and transported under the regular procedures for transportation of merchandise in bond (See subpart J).

[T.D. 88-12, 53 FR 9292, Mar. 22, 1988, as amended by T.D. 98-74, 63 FR 51289, Sept. 25, 1998]

#### § 122.118 Exportation from port of arrival.

(a) *Application.* Transit air cargo may be transferred for exportation from any port of arrival under this section. The port director may require any supervision necessary to enforce the regulations of other Federal agencies.

(b) *Time.* Transit air cargo shall be exported from the port of arrival within 10 days from the date the exporting airline receives the cargo. After the 10-day period, the individual cargo shipments must be made the subject of individual entries, as appropriate.

(c) *Transit air cargo manifest copies.* Three copies of the transit air cargo manifest shall be filed with Customs.

(1) *Review copy.* The importing airline shall file a copy of each transit air cargo manifest sheet covering any cargo shipment that will be transferred for direct exportation. This filing shall be made as soon as the exporting airline has been chosen. The exporting airline need not give receipt on the review copy for the cargo to be transferred, but the name of the exporting airline shall be placed on the copy.

(2) *Exportation copy.* The exportation copy shall be filed by the exporting airline when clearance documents are presented to Customs.

(3) *Clearance copy.* The clearance copy shall be filed with the exporting aircraft's clearance documents.

The exportation and clearance copies shall show the exporting airline's receipt for the cargo, aircraft number, flight number, and the date.

(d) *Direct export on different aircraft.* Transit air cargo shipments which are listed on one aircraft transit air cargo

manifest sheet may be directly exported on different aircraft of the exporting airline. If this occurs, two additional copies of the transit air cargo manifest shall be filed for each shipment or group of shipments transported in other aircraft. Each copy of the transit air cargo manifest shall be clearly marked to show which shipment or shipments listed are covered by the manifest copy.

(e) *Direct export by another airline.* If shipments listed on one transit air cargo manifest sheet are not exported from the same port on the same airline, separate export entries on Customs Form 7512, as required by § 18.25 of this chapter, shall be filed.

(f) *Post entered air cargo.* Air cargo not listed on the manifest (i.e., overages) which has been post entered under § 122.49(b) may be exported from the port of origin under this subpart. If this occurs, four copies of the air cargo manifest, Customs Form 7509, marked "Post Entry", shall be provided. All requirements of § 122.44(b) shall be followed in using this procedure.

(g) *Review.* The review copy of the transit air cargo manifest sheets must be reviewed by Customs as required for the carrier manifest copy in § 122.120(g). The reviewing officer shall take the proper action if a license is necessary for any cargo. The exporting airline shall be notified that any transit air cargo which is not covered by the required license must be placed under constructive Customs custody in a special area of the airline's terminal until the license is obtained.

**§ 122.119 Transportation to another U.S. port.**

(a) *Application.* Air cargo shipments may be transferred for transportation as transit air cargo from the port of arrival to another port in the U.S. under this section. The director of the port of arrival may require Customs supervision of the transfer.

(b) *Time.* Transit air cargo traveling to a final port of destination in the U.S. shall be delivered to Customs at its destination within 15 days from the date the receiving airline gives the receipt for the cargo at the port of arrival.

(c) *Transit air cargo manifest copies.* Four copies of the transit air cargo manifest, including a carrier manifest copy, and two copies of Customs Form 7512-C (original and duplicate) shall be filed by the airline giving a receipt for moving the cargo shipments to their destination.

(1) *Permit copy.* This copy is used and kept by Customs at the port of arrival.

(2) *Customs Form 7512-C (duplicate).* This copy accompanies the transit air cargo to the port of destination.

(d) *Failure to deliver on time—(1) Procedure.* If transit air cargo does not arrive at the destination port on time, the director of the port of arrival shall take action as provided in §§ 18.6 and 18.8 of this chapter. The amount of duty and tax shall be decided at the port of arrival on the basis of information:

(i) On the permit copy kept at the port of arrival; and

(ii) Obtained from the carriers as necessary.

The director of the port of arrival shall notify the airline that presented a receipt for the cargo that there has been a failure to deliver.

(2) *Responsibility of airline.* When the airline that presented a receipt for the cargo receives notice of discrepancies, the airline shall answer within 90 days of the date of such notice to the director of the port of arrival. The answer shall provide any information or documents related to the value and description of the cargo involved that the receipting airline and the importing airline can produce.

(e) *Surface movement to port of destination.* If an aircraft arrives at the port of arrival with cargo to be carried as transit air cargo, the cargo may be transferred to another carrier for surface movement to the port of destination. The transfer is allowed under the following conditions:

(1) The bond of the party receiving the cargo for surface movement must cover the transfer and surface movement;

(2) The description of the cargo on the transit air cargo manifest must be complete;

(3) The entire shipment listed in the transit air cargo manifest must be shipped from the port of arrival to the

port of destination by the same surface carrier; and

(4) The requirements of § 122.114(b) must be followed.

**§ 122.120 Transportation to another port for exportation.**

(a) *Application.* Air cargo may be transferred as transit air cargo at the port of arrival for transportation to another port in the U.S. and later exportation under this section.

(b) *Supervision—(1) From port of arrival to exportation port.* The director of the port of arrival shall order any supervision found necessary for the transfer of transit air cargo for transportation to another port for export.

(2) *At exportation port.* Customs shall be notified far enough in advance to be able to make any required supervision of the lading of cargo, and to enforce any other Federal agency requirements, when transit air cargo is ready for lading on the exporting aircraft.

(c) *Time.* Transit air cargo covered by this section shall be delivered to Customs at the port of exportation within 15 days from the date of receipt by the forwarding airline.

(d) *Transit air cargo manifest copies.* Five copies of the transit air cargo manifest and a Customs Form 7512-C (original and duplicate) shall be filed with Customs.

(1) *Port of arrival.* Two copies of the transit air cargo manifest, marked separately as “permit” and “control” copies, and Customs Form 7512-C (original) shall be filed with Customs at the port of arrival. The duplicate shall accompany the shipment as provided in § 122.119(c)(2) of this part. Filing shall be made when the arriving aircraft enters, or before the general order period ends, by the airline which presents a receipt to transport the cargo from the port of arrival to the port of destination.

(2) *Port of exportation.* Three copies of the transit air cargo manifest shall be filed at the port of exportation.

(i) *Carrier manifest copy.* The carrier manifest copy shall be attached to the listing of cargo shipments and submitted when the cargo arrives at the exportation port.

(ii) *Exportation and clearance copies.* Two copies, marked separately as “ex-

portation” and “clearance” copies, shall be filed with Customs at the exportation port.

(e) *Delivery to exporting airline.* When the transit air cargo arrives at the exportation port, it may be delivered directly to the exporting carrier, together with the exportation and clearance copies. The name of the exporting carrier shall be clearly noted on the carrier manifest copy, which shall then be delivered to Customs.

(f) *Storage by exporting airline.* The exporting carrier shall keep all cargo listed on the transit air cargo manifest in one storage space. This storage space shall be separate from the area in which special shipments which require a license under paragraph (g) of this section are stored.

(g) *Export license—(1) Review.* A Customs officer shall review the carrier manifest copy of the transit air cargo manifest to make sure that the export licensing requirements of other Federal agencies have been followed.

(2) *Information inadequate.* If the manifest information is not enough for Customs to determine that a license or other requirement applies, then the transit air cargo shall be checked by examination, or by inspection of the air waybills or attached invoices.

(3) *When license or other requirement applies.* The exporting airline shall be notified at once if Customs finds that the shipment cannot be exported without a license or other approval. The shipment shall then be put under constructive Customs custody in a special area set aside for the shipment in the exporting airline's cargo terminal.

(h) *Filing of exportation and clearance copies—(1) Information.* When filed with Customs, the exportation and clearance copies of the transit air cargo manifest shall each show:

- (i) The aircraft number;
- (ii) The aircraft flight number; and
- (iii) The date.

(2) *Filing.* The exporting airline shall file the exportation and clearance copies before the aircraft that carries the transit air cargo departs. The clearance copies shall be grouped together and not mixed in with other outward manifest sheets. The exportation copies shall be grouped together, and kept

## § 122.131

## 19 CFR Ch. I (4–1–99 Edition)

separate from the outward clearance documents.

(i) *Cargo not laden at same airport by same airline.* If all the cargo listed on one transit air cargo manifest sheet is not laden for exportation from the same U.S. airport by the same airline, then separate entries on Customs Forms 7512 and 7512–C are required for each cargo shipment listed:

- (1) For transportation and exportation under subpart J of this part; or
- (2) For direct exportation under § 18.25 of this chapter.

(j) *Cargo laden on more than one aircraft of same airline.* When any cargo shipment listed on the same transit air cargo manifest must be exported on more than one aircraft of the same airline, § 122.118(d) applies.

(k) *Failure to deliver.* If all or part of the cargo listed on the transit air cargo manifest is not accounted for with an exportation copy within 40 days, the director of the port of arrival shall take action as provided in § 122.119(d).

[T.D. 88–12, 53 FR 9292, Mar. 25, 1988, as amended by T.D. 98–74, 63 FR 51289, Sept. 25, 1998]

### Subpart M—Aircraft Liquor Kits

#### § 122.131 Application.

(a) *Liquor and tobacco.* Subpart M applies to:

- (1) Duty-free and tax-free liquor and tobacco; and
- (2) Duty-paid and tax-paid liquor and tobacco which has been placed in the same liquor kit as duty-free and tax-free liquor and tobacco.

(b) *Aircraft.* Subpart M applies to all commercial aircraft on domestic or foreign flights operating into, from and between U.S. airports, which are carrying:

- (1) Duty-free and tax-free liquor and tobacco withdrawn from bond under section 309, Tariff Act of 1930, as amended (19 U.S.C. 1309); or
- (2) Other liquor or tobacco on which duty or taxes have not been paid.

This includes any aircraft carrying duty-free and tax-free liquor under 19 U.S.C. 1309, or other Federal law, although the aircraft is not required to enter, clear or report arrival.

#### § 122.132 Sealing of aircraft liquor kits.

(a) *Sealing required.* Aircraft liquor kits shall be sealed on board the aircraft by crewmembers before the aircraft lands in the U.S. The liquor kits shall be kept under seal while on the ground unless taken to an authorized airline in-bond liquor storeroom.

(b) *Exception.* When an aircraft is traveling between airports in the U.S., in a trade for which duty-free and tax-free liquor is used during flight, sealing the liquor kits on board during transporting stopovers is not required if:

- (1) The liquor kits are kept on board the aircraft; and
- (2) The port director finds that sealing is not required for revenue protection.

(c) *Seals to be used.* Aircraft liquor kits shall be sealed with serially numbered, Customs approved seals. The airline shall use seals supplied by an approved manufacturer, as provided in part 24 of this chapter. A small number of seals may be obtained from the port director.

(d) *Removing seals.* When sealed liquor kits are on the ground, the Customs seals may be broken only by:

- (1) A Customs officer; or
- (2) Authorized airline personnel, in an authorized airline in-bond liquor storeroom.

(e) *Resealing.* When a Customs officer breaks the seal of a liquor kit to check the contents, the action shall be recorded on the liquor kit stores list, and the liquor kit must be resealed with an approved seal.

#### § 122.133 Stores list required on arrival.

(a) *When required, contents.* Three copies of an incoming stores list shall be prepared for each liquor kit on board before an aircraft lands. The incoming stores list shall state for each type of liquor and bottle size:

- (1) Number of full bottles;
- (2) Number of partially filled bottles; and
- (3) Total number of bottles.

If the carrier chooses not to state the type of liquor for each size bottle, any duty or taxes assessed for any shortage

shall be set at the highest rate available for the alcoholic beverages in the kit.

(b) *Disposition of stores list copies.* One copy of the incoming stores list shall be placed in the liquor kit before it is sealed. The remaining two copies shall be used as follows:

(1) One copy shall be filed with the inward cargo manifest; and

(2) One copy shall be kept for filing with the outward cargo manifest if the liquor kit was laden for export.

(c) *For aircraft not required to enter and/or clear.* If an aircraft is not required to enter and/or clear:

(1) One copy shall be given to the Customs officer upon arrival; and

(2) One copy shall be kept to be given to the Customs officer before departure of the aircraft.

(d) *When stores list not prepared.* When a complete stores list is not prepared before landing, liquor kits must be sealed on board, and the seal number shall be recorded on the stores list. When the aircraft lands, the liquor shall be taken at once to the Customs office and the stores list shall be completed by crew members under Customs supervision.

**§ 122.134 When airline does not have in-bond liquor storeroom.**

(a) *Handling of liquor kits.* An aircraft may land at an airport where the airline involved does not have an authorized in-bond liquor storeroom. When this occurs, the liquor kits, under any supervision found necessary by the port director, may be:

(1) Kept on board the aircraft;

(2) Removed and replaced upon the aircraft; or

(3) Removed and replaced aboard another aircraft.

(b) *Sealing of kits.* Aircraft liquor kits covered by this section shall remain sealed until departure. Customs officers may remove the seal to check the contents of the liquor kits, but shall reseal the kits as provided in § 122.132(e).

(c) *Restocking.* Additional amounts of duty-free and tax-free liquor and tobacco obtained in the U.S. shall be laden in a separate container on any aircraft covered by this section. The lading shall be done under any super-

vision the port director finds necessary. The additional liquor and tobacco shall be shown on separate outward stores lists.

**§ 122.135 When airline has in-bond liquor storeroom.**

(a) *Restocking.* Liquor kits on board an aircraft landing at an airport where the airline involved has an authorized in-bond liquor storeroom may be removed and restocked in the storeroom.

(b) *Inventory record.* Each authorized airline in-bond liquor storeroom shall keep an inventory record in a form that satisfies the port director. The inventory record shall account for the receipt and use of all aircraft liquor and tobacco stores on which duty and/or tax has not been paid.

(c) *Airline employees.* Any airline which has an authorized in-bond liquor store room at an airport shall give the port director:

(1) A list of names of all airline employees authorized to break Customs seals on liquor kits in the in-bond liquor storeroom; and

(2) Signature samples of the authorized employees.

(d) *Opening of aircraft liquor kits.* Aircraft liquor kits received in an authorized storeroom shall be opened only by authorized airline employees, or by Customs officers.

(e) *Contents of liquor kits.* The employees who break the seals on aircraft liquor kits shall check the contents at once. The employees shall immediately report to the port director any:

(1) Evidence of seal tampering;

(2) Difference between the seal numbers on the liquor kits and those recorded on the stores list; and

(3) Differences in quantity as shown on the stores list.

(f) *Handling the liquor kits—(1) Partial bottles.* Partial bottles of liquor may be removed from incoming liquor kits and kept in the in-bond liquor storeroom to be destroyed or combined with other partial bottles. This may be done only under Customs supervision. The costs of Customs supervision shall be paid by the airline.

(2) *Exportation.* The contents of incoming liquor kits may be commingled to restock outbound liquor kits. The commingling must take place in the

### § 122.136

airline in-bond liquor storeroom, using liquor bottles on which the seal has not been broken.

(3) *Sealing.* All liquor kits shall be sealed as provided in § 122.132(a) before removal from the in-bond liquor storeroom. All seal numbers shall be listed on an outgoing stores list.

### § 122.136 Outgoing stores list.

(a) *Preparation.* Two copies of a serially numbered outgoing stores list shall be prepared by the airline for all liquor and tobacco withdrawn from bonded or non-tax-paid stock and added to liquor kits. The outgoing stores list shall show the total number of bottles for each type liquor, the brand, and the size of each bottle.

(b) *Use of copies.* The two copies of the outgoing stores list shall be used as follows:

(1) One copy shall be placed and kept in the outgoing kits until the aircraft leaves the U.S.; and

(2) One copy must be filed either with the outgoing cargo manifest (for aircraft required to clear) or with Customs before departing, as provided in § 122.133(c).

In both cases, the third copy of the inward stores list shall be filed with the outgoing stores list. (See § 122.133(c)).

### § 122.137 Certificate of use.

Any liquor or tobacco withdrawn from the in-bond storeroom and shown on the outgoing stores list shall be recorded, when exported, on a certificate of use prepared by the airline.

Two copies of the certificate shall be given to the inspecting Customs officers in the U.S. Virgin Islands by the aircraft commander. The certificate shall be marked with the port and date of inspection, and must be signed by the inspecting officer. The original of the certificate must be returned to the aircraft commander, who must keep the certificate for a reasonable time after the end of the flight to the U.S. If requested, the certificate shall be presented to Customs. (3) *Additional civil penalty.* If any merchandise, other than the equivalent of vessel sea stores, is imported or brought into the U.S. aboard an aircraft which has failed to comply with the requirements prescribed by this section, the pilot of the aircraft shall be liable for a civil penalty equal to the value of the merchandise, and the merchandise may be seized and forfeited, unless properly entered by the importer or consignee.

**§ 122.167 Aviation smuggling.**

(a) *Civil penalties.* Any aircraft pilot who transports, or any person on board any aircraft who possesses prohibited or restricted merchandise knowing, or

intending, that the merchandise will be introduced into the U.S. contrary to law shall be subject to a civil penalty of twice the value of the merchandise involved, but not less than \$10,000, as prescribed in section 590, Tariff Act of 1930, as amended (19 U.S.C. 1590). Any aircraft used in connection with, or in aiding or facilitating, any violation of 19 U.S.C. 1590, whether or not any person is charged in connection with such violation, may be seized and forfeited in accordance with Customs laws.

(b) *Criminal penalties.* Any aircraft pilot or person who intentionally violates 19 U.S.C. 1590 is, upon conviction, subject to the criminal penalties of a fine of not more than \$10,000 or imprisonment for not more than 5 years, or both, if none of the merchandise involved is a controlled substance. More severe penalties are provided in 19 U.S.C. 1590 if the smuggled merchandise is a controlled substance. In such case, a violator is liable for a fine of not more than \$250,000 or imprisonment for not more than 20 years, or both.

(c) For purposes of imposing civil penalties under this section, any of the following acts, when performed within 250 miles of the territorial sea of the United States, shall be evidence that the transportation or possession of merchandise was unlawful and shall indicate that the purpose of the transfer was to make it possible for such merchandise, or any part of it, to be introduced into the U.S. unlawfully. For purposes of seizure and forfeiture, the following acts shall be evidence that an aircraft was used in connection with, or to aid or facilitate, a violation of this section;

(1) The operation of an aircraft without lights during such times as lights are required to be displayed under applicable law.

(2) The presence on an aircraft of an auxiliary fuel tank which is not installed in accordance with applicable law.

(3) The failure to correctly identify the aircraft by registration number and country of registration, when requested to do so by a customs officer or other government authority.

(4) The external display of false registration numbers or false country of registration.

(5) The presence on board of unmanifested merchandise, the importation of which is prohibited or restricted.

(6) The presence on board of controlled substances which are not manifested or which are not accompanied by the permits or licenses required under Single Convention on Narcotic Drugs or other international treaty.

(7) The presence of any compartment or equipment which is built or fitted out for smuggling.

### Subpart R—Air Carrier Smuggling Prevention Program

SOURCE: T.D. 91-25, 56 FR 12347, Mar. 25, 1991, unless otherwise noted.

#### § 122.171 Description of program.

The Air Carrier Smuggling Prevention Program (ACSPP) is designed to enlist the cooperation of the air carriers, as defined in 19 U.S.C. 1584 note, in Customs efforts to prevent the smuggling of controlled substances. If carriers develop and implement thorough and complete internal security procedures at ACSPP designated terminals and foreign departure and intermediate points, the opportunity for their conveyances being used for transportation of controlled substances will be greatly reduced. Participation in the program is voluntary, and may be limited to specific routes. Should a controlled substance be introduced into the United States on a conveyance owned or operated by a participating carrier however, the carrier will be exempt from seizure and penalties should it satisfy the provisions of § 122.175 of this part. The program will be operational for a period of 2 years from December 18, 1989, pursuant to 19 U.S.C. 1584 note.

#### § 122.172 Eligibility.

Any air carrier whose international flights arrive at, or depart from, any of the designated test airports, Miami International Airport, Dallas-Fort Worth International Airport, or Los Angeles International Airport, is eligible for participation in the ACSPP.

#### § 122.173 Application procedures.

(a) *Application.* An air carrier which wishes to participate in the ACSPP shall submit an application to the Assistant Commissioner, Office of Field Operations, in which it:

(1) Identifies specific routes and designated departure points and ACSPP airports for which application is made;

(2) Certifies that it has developed and will continue to maintain standard operating procedures (SOP) which are designed to safeguard the integrity of its employees, cargo and conveyances. The application shall be accompanied by three (3) copies of the SOP developed by the air carrier.

(b) *Approval criteria.* Upon receipt, each application will be reviewed to determine whether the procedures contained therein meet the requirements of the ACSPP. In determining whether a SOP submitted by an applicant carrier contains sufficient detail to assure the proper level of care and diligence required under the provisions of the ACSPP, the Assistant Commissioner, Office of Field Operations, will apply uniform standards and verify that, at a minimum, procedures are in place which:

(1) Assure positive security background checks are performed on all carrier employees, both those employed within the United States and without, who have access to baggage, cargo or secure areas on participating routes, to the extent permitted by law;

(2) Assure a system of positive baggage and cargo identification is employed at all terminals used by the carrier;

(3) Assure the carrier employs a system to assure that no unmanifested cargo is placed on board the conveyance or brought into the United States on any of their conveyances;

(4) Assure the carrier has specific procedures through which it will notify Customs should it discover any unmanifested or improperly manifested cargo on any of its conveyances or in any area subject to its control;

(5) Assure the carrier has an effective and practical employee awareness training program in place; and

(6) Assure thorough security measures are implemented at all foreign departure points on ACSPP participating

## § 122.174

routes which will assure that the carrier has control and knowledge of the baggage, cargo, passenger and other materials placed on board its aircraft.

(c) *Acceptance and notification.* Upon verification by Customs that a carrier's SOP meets all the criteria outlined in § 122.173(b) of this part, the carrier will be notified that its application to the ACSPP has been accepted. Acceptance into the ACSPP is made with the understanding and expectation that the carrier will continue to act with the highest degree of care and diligence required under law and that it will abide by and perform all elements of its approved SOP.

[T.D. 91-25, 56 FR 12347, Mar. 25, 1991, as amended by T.D. 91-77, 56 FR 46115, Sept. 10, 1991]

### § 122.174 Operational procedures.

(a) *Participating carriers.* Participating carriers are required to develop and adhere to procedures whereby they will:

(1) Provide security personnel for every international arrival participating in the ACSPP to conduct the following procedures:

(i) Perform a thorough internal and external search of the arriving aircraft;

(ii) Maintain total control of all passengers and cargo being discharged from the aircraft to either the Customs passenger hall or to the carrier's cargo facility;

(iii) Verify that all cargo on aircraft is properly manifested, marked and weighed and that piece counts are properly performed; and

(iv) Maintain physical security of the aircraft and ramp access to the aircraft while it is being offloaded.

(2) Provide security personnel at the foreign point of departure for every international departure which is participating in ACSPP to conduct the following procedures:

(i) Perform a thorough internal and external search of the departing aircraft;

(ii) Maintain total control of all passengers and cargo being loaded on the aircraft from either the passenger terminal or the carrier's cargo facility;

(iii) Verify that all cargo placed on the aircraft is properly manifested,

marked and weighed and that piece counts are properly performed;

(iv) Maintain physical security of the aircraft and ramp access to the aircraft while it is being loaded; and

(v) Maintain similar positive security measures at all foreign intermediate airports prior to the arrival of the aircraft at an ACSPP designated airport.

(b) *U.S. Customs.* U.S. Customs will:

(1) Retain all current options available regarding the search and inspection of any and all passengers, cargo and conveyances; and

(2) Provide training to carrier personnel to assist the development of proper operational procedures.

### § 122.175 Exemption from penalties.

Should a controlled substance be introduced into the United States or discovered aboard an aircraft owned or operated by a participating carrier, or in cargo carried by a participating carrier, on a route identified by the carrier as one participating in the ACSPP and which has been approved by Customs, the participating air carrier shall be considered to have met the test of highest degree of care and diligence required under law, and shall not be subject to the penalty or seizure provisions of the Tariff Act of 1930, as amended, if the carrier establishes at an oral presentation before the port director or his designee, that the carrier was not grossly negligent nor engaged in willful misconduct, and that it had complied with all the provisions of these regulations.

### § 122.176 Removal from ACSPP.

(a) *Grounds for removal from ACSPP.* The Assistant Commissioner, Office of Field Operations, may revoke or suspend the privilege of operating as a member of the ACSPP if:

(1) Acceptance into the program was gained through fraud or the misstatement of a material fact;

(2) The carrier refuses or neglects to obey any proper order of a Customs officer or any Customs order, rule, or regulation relative to its cooperation within the program;

(3) An officer of the carrier or corporation which has been accepted into the program is convicted of a felony or

## § 122.182

misdemeanor involving theft, smuggling, or other theft-connected crime which was committed in his or her official capacity as an officer of the carrier, or is convicted of any Customs-related crime;

(4) The carrier fails to retain merchandise which has been designated for examination;

(5) The carrier does not provide secure facilities or properly safeguard merchandise within its area of control; or

(6) The carrier fails to observe any of the procedures which it had set forth in the SOP which served as the basis for the carrier's acceptance into the program; and

(7) The carrier has been notified in writing that it has been found in non-compliance with a provision of the program and has failed to correct such noncompliance after having been given a reasonable opportunity to correct such noncompliance.

(b) *Notice and appeal.* The Assistant Commissioner, Office of Field Operations, shall suspend or remove participants from the ACSPP by serving notice of the proposed action upon the carrier in writing. The notice shall be in the form of a statement specifically setting forth the grounds for suspension or removal and shall provide the carrier with notice that it may file a written notice of appeal from suspension or revocation within 10 days following receipt of the notice of revocation or suspension. The notice of appeal shall be filed in duplicate to the office of the Assistant Commissioner, Field Operations, and shall set forth response of the carrier to the statement of the Assistant Commissioner.

(c) *Notice of decision.* The Assistant Commissioner, Office of Field Operations, shall notify the participating carrier in writing of the decision concerning continued participation in the program.

(d) *Use of uniform criteria.* When making any determination regarding a carrier's participation or continuation in the ACSPP, the Assistant Commissioner, Office of Field Operations, shall

employ a uniform standard of performance and evaluation.

### Subpart S—Access to Customs Security Areas

SOURCE: T.D. 90-82, 55 FR 42557, Oct. 22, 1990, unless otherwise noted.

#### § 122.181 Definition of Customs security area.

For purposes of this section, the term "Customs security area" means the Federal inspection services area at any airport accommodating international air commerce designated for processing passengers, crew, their baggage and effects arriving from foreign countries, as well as the aircraft deplaning and ramp area and other restricted areas designated by the port director. These areas will be posted as restricted to the extent possible and are established for the purpose of prohibiting unauthorized entries or contact with persons or objects.

#### § 122.182 Security provisions.

(a) *Identification cards required.* With the exception of all Federal and uniformed State and local law enforcement personnel, all persons located at, operating out of, or employed by any airport accommodating international air commerce or its tenants or contractors, including air carriers, who have unescorted access to the Customs security area, must openly display or produce upon demand an approved identification card, strip, or seal issued by Customs. The approved identification card, strip, or seal shall be in the possession of the person in whose name it is issued whenever the person is in the Customs security area. The identification card, strip or seal remains the property of Customs, and any bearer must immediately surrender it upon demand by any authorized Customs officer.

(b) *Employers responsibility and liability.* Employers operating in Customs airport security areas shall advise all

employees of the provisions of the Customs regulations relative to those areas, require employees to familiarize themselves with those provisions and insure employee compliance. The employer shall also advise the port director of any changes of employment pursuant to § 122.182(g). The failure to comply with these regulations shall be considered a default of the conditions of the employer's bond, as hereafter specified, and shall make the employer liable for liquidated damages as specified in its bond.

(c) *Application and bond.* An application for an approved identification card, strip, or seal, as required by this section, shall be filed by the applicant with the port director on Customs Form 3078. The application requirement applies to all employees required to display an approved identification card by this section, regardless of the length of their employment. The application shall be supported by the bond of the applicant's employer or principal on Customs Form 301 containing the bond conditions set forth in §§ 113.62, 113.63, or 113.64 of this chapter, relating to importers or brokers, custodians of bonded merchandise, or international carriers. If the applicant's employer is not the principal on a Customs bond on Customs Form 301 for one or more of the activities stated above, the application shall be supported by an Airport Customs Security Area Bond, as set forth in appendix A of part 113 of this chapter. This bond may be waived, however, for State or local government-related agencies in the discretion of the port director. Waiver of this bond does not relieve any such agency or its employees from compliance with all other provisions of this subpart.

(d) *Background check.* For employees hired on or after November 1, 1985, an authorized official of the employer shall attest in writing that a background check has been conducted on the applicant, to the extent allowable by law. The background check shall include, at a minimum, references and employment history, to the extent necessary to verify representations made by the applicant relating to employment in the preceding 5 years. For employees hired before November 1, 1985,

the authorized official of the employer need only attest to the fact that the employee was hired before that date. The authorized official of the employer shall attest that, to the best of his knowledge, the applicant meets the conditions necessary to perform functions associated with employment in the Customs security area. The port director may require the applicant to submit fingerprints on form FD-258 either at the time of, or following, the filing of the application. If required, the port director shall inform the applicant of the current Federal Bureau of Investigation user fee for conducting fingerprint checks and the Customs administrative processing fee, the total of which must be tendered with the application. Proof of citizenship or authorized residency and a photograph may also be required. Additionally, the application may be investigated by Customs and a report prepared concerning the character of the applicant. Records of background investigations conducted by employers must be retained for a period of one year following cessation of employment and made available upon request of the port director.

(e) *Law Enforcement officers and other governmental officials.* Law enforcement officers and other Federal, State, or local officials whose official duties require access to the Customs security area may request from the port director the issuance of an approved identification card, strip, or seal. They need not make application nor submit to background checks for security area access. An Airport Customs Security Area Bond is not required.

(f) *Replacement identification.* A new identification card, strip or seal may be obtained from the port director in the following circumstances, without the completion of an additional application, except as determined by the port director in his discretion:

- (1) A change in employee name or address;
- (2) A change in the name or ownership of the employing company;
- (3) A change in employer or airport authority identification card format; or

(4) Loss or theft of the identification card, strip, or seal (see § 122.185 of this part).

(g) *Surrender of cards.* Where the employee no longer requires access to the Customs security area for an extended period of time at the airport of issuance due to a change in duties, termination of employment, or other reason, the employer shall notify the port director in writing, at the time of such change, and shall return the identification card, strip, or seal to Customs. The notification shall include information regarding the disposition of the approved identification card, strip, or seal of the employee who no longer requires access. A summary of such information shall be filed quarterly or at such shorter intervals as established by the port director. If the employee returns to duties in the Customs security area at the airport for the same employer within 1 year, a Customs Form 3078, as required in § 122.182(c), need not be submitted.

[T.D. 90-82, 55 FR 42557, Oct. 22, 1990, as amended by T.D. 93-18, 58 FR 15773, Mar. 24, 1993]

#### § 122.183 Denial of access.

(a) *Grounds for denial.* An approved identification card, strip, or seal shall not be issued to any person whose employment necessitates access to the Customs security area and whose access will, in the judgment of the port director, endanger the revenue or the security of the area. Grounds for denial of access shall include but are not limited to:

(1) Any cause which would justify suspension or revocation of the identification card, strip, or seal under the provisions of § 122.187 of this Part; or

(2) Evidence of a pending or past investigation which establishes criminal, or dishonest conduct, or a verified record of such conduct.

(b) *Notification of denial.* The port director shall give written notification to any person whose application for access to the Customs security area has been denied, fully stating the reasons for denial and setting forth specific appeal procedures. The employer shall be notified in writing that the applicant has been denied access to the area and that the detailed reasons for the denial

have been furnished to the applicant. Detailed reasons regarding the denial, however, shall not be furnished to the employer by Customs.

(c) *Appeal of denial.* The denial will be final unless the applicant files with the port director a written notice of appeal within 10 days following receipt of the notice of denial. The notice of appeal shall be filed in duplicate and shall set forth the response of the applicant to the statement of the port director. The port director shall render his decision on the appeal to the applicant within 30 days of receipt of the notice of appeal.

(d) *Further appeal of denial.* Where the application on appeal is denied by the port director, the applicant may file a further written notice of appeal to the Commissioner of Customs within 10 days of receipt of the port director's decision on the appeal. The further notice of appeal shall be filed in duplicate and shall set forth the response of the applicant to the decision of the port director. The Commissioner or his designee shall review the appeal and render a written decision. The final decision shall be transmitted to the port director and served by him on the applicant.

#### § 122.184 Change of identification.

The identification card, strip, or seal may be removed from the employee by the port director where, for security reasons, a change in the nature of the identification is necessitated.

#### § 122.185 Report of loss or theft of identification cards.

The loss or theft of an identification card, strip, or seal shall be promptly reported in writing by the employee to the port director. The card, strip, or seal may be replaced, as provided in § 122.182(f) of this part.

#### § 122.186 Presentation of identification by other person.

If an approved identification card, strip, or seal is presented by a person other than the one to whom it was issued, the identification card, strip, or seal shall be removed and destroyed. An approved identification card, strip,

or seal may be removed from an employee by any Customs officer designated by the port director.

**§ 122.187 Revocation or suspension of access.**

(a) *Grounds for revocation or suspension of access.* The port director may revoke or suspend access to the Customs security area and demand that the identification card, strip, or seal be surrendered in the following instances:

(1) The approved identification card, strip, or seal was obtained through fraud or the misstatement of a material fact;

(2) The employee is convicted of a felony or convicted of a misdemeanor involving theft, smuggling, or any theft connected crime;

(3) The employee permits the approved identification card, strip, or seal to be used by any other person or refuses to openly display or produce it upon the proper demand of a Customs officer;

(4) The continuation of privileges would, in the judgment of the port director, endanger the revenue or security of the area;

(5) The employee refuses or neglects to obey any proper order of a Customs officer, or any Customs order, rule, or regulation;

(6) The bond required by § 122.182(c) of this part is determined to be insufficient in amount or lacking sufficient sureties, and a satisfactory new bond with good and sufficient sureties is not furnished within a reasonable time.

(7) The employee no longer requires access to the Customs security area for an extended period of time at the airport of issuance because of a change in duties, termination of employment, or other reason.

(b) *Notice.* The port director shall suspend or revoke access to the Customs security area by giving notice of the proposed action in writing to the employee, with a copy of the notice to the employer. The notice shall be in the form of a statement specifically setting forth the grounds for revocation or suspension of the privilege and shall be final and conclusive upon the employee, unless a written notice of appeal as provided in paragraph (c) of this section is filed with the port director.

(c) *Appeal.* The employee may file a written notice of appeal of the revocation or suspension within 10 days following receipt of the notice of revocation or suspension. The notice of appeal shall be filed in duplicate and shall set forth the response of the employee to the statement of the port director. A hearing may be requested in the notice of appeal.

(d) *Hearing.* If a hearing is requested, it shall be held before a hearing officer designated by the Commissioner, or his designee, within 30 days following the request. The employee shall be notified of the time and place of the hearing at least 5 days before the hearing. The employee may be represented by counsel at the revocation or suspension hearing. All evidence and testimony of witnesses in such proceeding, including substantiation of charges and the answer thereto, shall be presented. Both parties shall have the right of cross-examination. A stenographic record of the proceedings shall be made upon request and a copy furnished to the employee. At the conclusion of the proceedings or review of a written appeal, the hearing officer or the port director shall promptly transmit all papers and the stenographic record to the Commissioner or his designee, together with the recommendation for final action. If neither the employee nor his attorney appear for a scheduled hearing, the hearing officer shall record that fact, accept any appropriate testimony, and conclude the hearing. The hearing officer shall promptly transmit all papers, together with his recommendations, to the Commissioner or his designee.

(e) *Additional written views.* Within 10 days after delivery of a copy of the stenographic record of the hearing to the Commissioner, or his designee, the employee may submit to the Commissioner, or his designee, additional written views and arguments on matters in the record.

(f) *Decision.* After consideration of the recommendation of the hearing officer or the port director, the Commissioner, or his designee, shall render a written decision. The decision shall be transmitted to the port director and served by the port director on the employee.

**§ 122.188 Issuance of temporary identification.**

(a) *Conditions for issuance.* When an approved identification card, strip, or seal is required under § 122.182(a) of this part and the port director determines that the application cannot be administratively processed in a reasonable period of time, an employer may, upon written request, be issued a temporary identification card, strip, or seal for his employee. The employer must satisfy the port director that a hardship would result if the request is not granted. Surety on the bond, as required by § 122.182(c), may be waived in the discretion of the port director but only for the period of the temporary identification card and its renewal period.

(b) *Validation period.* The temporary identification card, strip, or seal shall be valid for a period of 60 days. The port director may renew the temporary identification card, strip, or seal for additional 30 day periods where the circumstances under which the temporary identification card, strip, or seal was originally issued continue to exist. The temporary identification card, strip, or seal shall be destroyed by the port director when the permanent approved identification card, strip, or seal is issued, or the privileges granted thereby are withdrawn.

(c) *Temporary employees and official visitors.* The provisions of this section shall also apply to temporary employees and official visitors requiring access to the Customs security area. In the case of temporary employees, the identification card, strip, or seal shall be valid for a period of 30 days. In the case of official visitors, the temporary identification card, strip, or seal shall be valid for the day of issuance only. Temporary employee and official visitor identification cards, strips, or seals are renewable for periods equal to their original period of validity.

(d) *Revocation of denial and access.* The temporary identification card, strip, or seal may be revoked and access to the Customs security area denied at any time if the holder of the temporary identification card, strip, or seal refuses or neglects to obey any proper order of a Customs officer, or any Customs order, rule, or regulation, or if, in the judgment of the port direc-

tor, continuation of the privileges granted thereby would endanger the revenue or pose a threat to the Customs security area.

#### § 123.1 Report of arrival from Canada or Mexico and permission to proceed.

The specific reporting requirements are as follows:

(1) *Individuals not arriving by conveyance.* Persons arriving otherwise than by conveyance may enter the U.S. only at those locations specified by the Commissioner of Customs, or his designee, and shall then immediately report their arrival to Customs. Such persons shall not depart from the Customs port or station until authorized to do so by the appropriate Customs officer.

(3) *Persons arriving aboard a conveyance that has not reported its arrival.* Persons aboard a conveyance the arrival of which has not been reported in accordance with the laws referred to in paragraph (a)(2) of this section, shall immediately notify a Customs officer and report their arrival, together with appropriate information concerning the conveyance on or in which they arrived, at a location or locations specified by the Commissioner of Customs, or his designee and shall present themselves and their property for Customs inspection and examination.

(b) *Vehicles.* Vehicles may arrive in the U.S. only at a designated port of entry (see § 101.3 of this chapter) or Customs station if the Commissioner of Customs, or his designee authorizes entry at that station (see § 101.4 of this chapter). Upon arrival of the vehicle in the U.S., the driver, unless he or she and all of the vehicle's occupants are excepted by enrollment in, and in compliance with, PORTPASS—a joint Customs Service/Immigration and Naturalization Service facilitated entry program (See, Immigration and Naturalization Regulations at 8 CFR 235.1 and 286.8), immediately shall report such arrival to Customs, and shall not depart or discharge any passenger or merchandise (including baggage) without authorization by the appropriate Customs officer.

(d) *Method of reporting.* Report of arrival under paragraphs (a), (b), and (c) of this section shall be made in person unless the port director, by local instructions, requires that it be made by some other specific means. Such local instructions issued by the port director will be made available to interested parties by posting in Customs offices, publication in a newspaper of general circulation in the Customs port that supervises the location, and/or other appropriate means.

### § 123.9 Explanation of a discrepancy in a manifest.

(a) *Provisions applicable*—(1) *Overages.* If any merchandise (including sea stores or its equivalent) is found on board a vessel or vehicle arriving in the U.S. that is not listed on a manifest filed in accordance with § 123.5 of this

part, or after having been unladen from such vessel or vehicle, is found not to have been included or described in the manifest or does not agree therewith (an overage), the master, person in charge, or owner of the vessel or vehicle or any person directly or indirectly responsible for the discrepancy is subject to such penalties as are prescribed in section 584, Tariff Act of 1930, as amended (19 U.S.C. 1584), and any such merchandise belonging or consigned to the master, person in charge, or owner of the vehicle is subject to seizure and forfeiture.

(2) *Shortages.* If merchandise is manifested but not found on board a vessel or vehicle arriving in the U.S. (a shortage), the master, person in charge, or owner of the vessel or vehicle or any person directly or indirectly responsible for the discrepancy is subject to such penalties as are prescribed in section 584, Tariff Act of 1930, as amended (19 U.S.C. 1584).

(3) *Failure to file a manifest.* The master or person in charge of a vessel or vehicle arriving in the U.S. or the U.S. Virgin Islands who fails to present a manifest to Customs is liable for civil penalties as are provided by law, and the conveyance used in connection with the failure to file is subject to seizure and forfeiture. A criminal conviction for intentional failure to file shall make the master or person in charge liable for criminal penalties, as provided by statute, and if any merchandise is found or determined to have been on board (other than sea stores or the equivalent for vehicles), the importation of which is prohibited, additional penalties may apply.

(b) *Report of discrepancies*—(1) *Discrepancies discovered by master, person in charge, owner, agent, or person directly or indirectly responsible.* The master, person in charge, owner, or agent of the vessel or vehicle, or any person directly or indirectly responsible for any discrepancy between the merchandise and the manifest, shall report any discrepancy to the port director within 60 days after the date of arrival by completing a report for an overage or a declaration for a shortage. The overage report or shortage declaration may be made on the appropriate manifest form, as listed in § 123.4, or on Customs

Form 5931, Discrepancy Report and Declaration. If no manifest has been filed, an original copy of the appropriate form, as listed in § 123.4, should be used. In each case in which a manifest form is used, the form shall be marked or stamped "Overage Report" or "Shortage Declaration", as appropriate. The form used shall list the merchandise involved and state the reasons for the discrepancy.

(2) *Discrepancies discovered by Customs.* The port director immediately shall advise the master, person in charge, owner, agent, or any person directly or indirectly responsible for the discrepancy between the merchandise and the manifest of any discrepancy discovered by Customs officers which has not been reported. The person so notified shall file an explanation of the discrepancy, as required by paragraph (b)(1) of this section, within 30 days of notification, or within 60 days after arrival of the vessel or vehicle, whichever is later. The port director may notify the master, person in charge, owner, agent, or any person directly or indirectly responsible for the discrepancy by furnishing a copy of Customs Form 5931 to that person, or by any other appropriate written means. Use of Customs Form 5931 shall not preclude assessment of any penalty or liability to forfeiture otherwise incurred.

(c) *Statement on report of discrepancy required.* The overage report or shortage declaration shall bear the following statement signed by the master of the vessel, the person in charge of the vehicle, the owner of the vessel or vehicle, an authorized agent, or the person directly or indirectly responsible for the discrepancy:

I declare to the best of my knowledge and belief that the discrepancy described herein occurred for the reasons stated. I also certify that evidence to support a claim of non-importation or proper disposition of merchandise will be retained in the carrier's files for a period of at least one year from the date of this report of discrepancy and will be made available to Customs upon demand.

(d) *Action on the discrepancy report.* (1) In accordance with the proviso to 19 U.S.C. 1584, no penalty shall be incurred under that section if—

(i) The manifest discrepancy relates only to a shortage;

(ii) There is timely filing of the discrepancy report;

(iii) There has been no loss of revenue;

(iv) The port director is satisfied that the discrepancy resulted from clerical error or other mistake; and

(v) In the case of a discrepancy not reported initially by the master, person in charge, owner, agent, or the person directly or indirectly responsible, the port director is satisfied that there is a valid reason for failure to file the discrepancy report.

(2) If the criteria in paragraph (d)(1) of this section are not met, applicable penalties under 19 U.S.C. 1584 shall be assessed.

(3) Any penalty or liability to forfeiture incurred under 19 U.S.C. 1584 may be mitigated or remitted under section 618, Tariff Act of 1930, as amended (19 U.S.C. 1618).

(e) *Penalty assessment.* For the purpose of assessing penalties under 19 U.S.C. 1584, the value of the merchandise shall be determined as described in section 162.43 of this chapter.

(f) *Lack of knowledge does not relieve liability.* The fact that the master of the vessel, the person in charge of the vehicle, or the owner of the vessel or vehicle had no knowledge of a discrepancy shall not relieve the master, the person in charge, or the owner from a penalty, or the vessel or vehicle from liability to forfeiture, incurred under 19 U.S.C. 1584.

(g) *Clerical error or other mistake defined.* For the purpose of this section, the term "clerical error or other mistake" is defined as a non-negligent, inadvertent, or typographical mistake in the preparation, assembly, or submission of manifests. However, repeated similar manifest discrepancies by the same persons may be considered the result of negligence and not clerical error or other mistake.

#### § 123.10 General order.

(a) Any merchandise or baggage regularly landed but not covered by a permit for its release shall be allowed to

remain at the place of unloading until the fifteenth calendar day after landing. No later than 20 calendar days after landing, the owner or operator of the vehicle or the agent thereof shall notify Customs of any such merchandise or baggage for which entry has not been made. Such notification shall be provided in writing or by any appropriate Customs-authorized electronic data interchange system. Failure to provide such notification may result in assessment of a monetary penalty of up to \$1,000 per bill of lading against the owner or operator of the vehicle or the agent thereof. If the value of the merchandise on the bill is less than \$1,000, the penalty shall be equal to the value of such merchandise.

(b) Any merchandise or baggage that is taken into custody from an arriving carrier by any party under a Customs-authorized permit to transfer or in-bond entry may remain in the custody of that party for 15 calendar days after receipt under such permit to transfer or 15 calendar days after arrival at the port of destination. No later than 20 calendar days after receipt under the permit to transfer or 20 calendar days after arrival under bond at the port of destination, the party shall notify Customs of any such merchandise or baggage for which entry has not been made. Such notification shall be provided in writing or by any appropriate Customs-authorized electronic data interchange system. If the party fails to notify Customs of the unentered merchandise or baggage in the allotted time, he may be liable for the payment of liquidated damages under the terms and conditions of his custodial bond (see § 113.63(c)(4) of this chapter).

(c) In addition to the notification to Customs required under paragraphs (a) and (b) of this section, the carrier (or any other party to whom custody of the unentered merchandise has been transferred by a Customs authorized permit to transfer or in-bond entry) shall provide notification of the presence of such unreleased and unentered merchandise or baggage to a bonded warehouse certified by the port director as qualified to receive general order merchandise. Such notification shall be provided in writing or by any appropriate Customs-authorized electronic

data interchange system and shall be provided within the applicable 20-day period specified in paragraph (a) or (b) of this section. It shall then be the responsibility of the bonded warehouse proprietor to arrange for the transportation and storage of the merchandise or baggage at the risk and expense of the consignee. Any unentered merchandise or baggage shall remain the responsibility of the carrier, master, or person in charge of the importing vehicle or the agent thereof or party to whom the merchandise has been transferred under a Customs authorized permit to transfer or in-bond entry until it is properly transferred from his control in accordance with this paragraph. If the party to whom custody of the unentered merchandise or baggage has been transferred by a Customs-authorized permit to transfer or in-bond entry fails to notify a Customs-approved bonded warehouse of such merchandise or baggage within the applicable 20-calendar-day period, he may be liable for the payment of liquidated damages of \$1,000 per bill of lading under the terms and conditions of his international carrier or custodial bond (see §§ 113.63(b), 113.63(c) and 113.64(b) of this chapter).

(d) If the bonded warehouse operator fails to take possession of unentered and unreleased merchandise or baggage within five calendar days after receipt of notification of the presence of such merchandise or baggage under this section, he may be liable for the payment of liquidated damages under the terms and conditions of his custodial bond (see § 113.63(a)(1) of this chapter).

(e) In ports where there is no bonded warehouse authorized to accept general order merchandise, or if merchandise requires specialized storage facilities which are unavailable in a bonded facility, the port director, after having received notice of the presence of unentered merchandise or baggage in accordance with the provisions of this section, shall direct the storage of the merchandise by the carrier or by any other appropriate means.

(f) Merchandise taken into the custody of the port director pursuant to section 490(b), Tariff Act of 1930, as amended (19 U.S.C. 1490(b)), shall be sent to a general order warehouse after 1 day after the day the vehicle arrived,

### Subpart B—International Traffic

#### § 123.11 Supplies on international trains.

(a) *Articles acquired abroad.* Articles subject to internal revenue tax and other merchandise acquired abroad constituting supplies arriving on international trains crossing and recrossing the boundary line, for which the train crew elects not to file an inventory as provided for in paragraph (b) of this section, shall be subject to duty and tax unless locked or sealed in a separate compartment or locker upon arrival, and the lock or seal remains unbroken until the train departs from the United States at the final port of exit.

(b) *Inventory procedure.* Supplies acquired abroad for which internal revenue stamps are not required may be used in the United States under the following procedure:

(1) *Port of arrival.* An inventory executed in duplicate consisting of an itemized list showing the kind and quantity of each class of supplies on hand in the car with space for a parallel column in which to show at the port of exit the quantity used, shall be certified by the person in charge of the car and furnished to the Customs officer upon arrival. The Customs officer shall certify the correctness of both copies of the inventory, return the original to the person in charge of the car and retain the duplicate, or forward it to the port of exit if this differs from the port of arrival.

(2) *Port of exit.* Upon arrival at the port of exit, the inventory returned at the port of arrival to the person in charge of the car shall be submitted to the Customs officer after completion by showing the quantity of each item used in the United States, and being certified by the person in charge of the car. Entries must be filed and applicable duties and taxes paid at the port of exit on the quantity of supplies consumed in the United States.

(c) *Supplies purchased in the United States.* Supplies purchased in the United States shall be passed free of duty without inventory or entry.

#### § 123.12 Entry of foreign locomotives and equipment in international traffic.

(a) *Use on a continuous route.* Foreign locomotives or other foreign railroad equipment in use on a continuous route crossing the boundary into the United States shall be admitted without formal entry or the payment of duty to proceed to the end of the run and depart for a foreign country, in accordance with the following:

(1) *On inward trip.* Unless formally entered and cleared through Customs into the United States, or unless exempt from entry as provided in § 141.4(b)(4) of this chapter, a foreign locomotive shall be used on the inward trip only in connection with taking the inbound train to the last place in a continuous haul, including the switching of cars which it has hauled into the United States. Other foreign railroad equipment may proceed to the place of complete unloading for any merchandise imported therein.

(2) *On outward trip.* Unless formally entered and cleared through Customs into the United States, or unless exempt from entry as provided in § 141.4(b)(4) of this chapter, foreign locomotives may be used on the outward trip only in connection with through trains crossing the boundary, including switching to make up such trains. Other foreign railroad equipment may be used in such trains or for such local traffic as is reasonably incidental to its economical and prompt departure for a foreign country.

(b) *Admission of empty equipment.* Empty foreign railroad equipment shall be admitted to the United States without formal entry and payment of duty only if:

(1) The passengers or goods to be loaded are to be transported directly to or through a foreign country; or

(2) The equipment is exempt from entry as provided in § 141.4(b)(4) of this chapter.

(c) *Penalty for improper use.* The use of any foreign locomotive and other foreign railroad equipment in violation of this section may result in liabilities being incurred under section 592, Tariff Act of 1930, as amended (19 U.S.C. 1592).

(d) *Domestic and foreign locomotives and other railroad equipment defined.*

### § 123.13

### 19 CFR Ch. I (4-1-99 Edition)

For the purpose of this section and § 123.13, locomotives or other railroad equipment manufactured in, or regularly imported into, the United States, shall be considered “domestic” if not subsequently formally entered and cleared through foreign customs into another country, nor used in foreign local traffic otherwise than as an incident of the return of the equipment to the United States. Other locomotives and railroad equipment shall be considered “foreign”.

[T.D. 70-121, 35 FR 8215, May 26, 1970, as amended by T.D. 73-73, 38 FR 6991, Mar. 15, 1973; T.D. 79-160, 44 FR 31956, June 4, 1979; T.D. 83-118, 48 FR 23385, May 25, 1983; T.D. 94-51, 59 FR 30294, June 13, 1994]

#### **§ 123.13 Foreign repairs to domestic locomotives and other domestic railroad equipment.**

A report of the first arrival in the United States of a domestic locomotive or other railroad equipment after repairs have been made in a foreign country other than those required to restore it to the condition in which it last left the United States (“running repairs”), shall be made promptly, in writing, to the Customs officer at the port of re-entry. The report shall state the time and place of arrival, and the nature and value of the repairs. Each such locomotive or other piece of railroad equipment when withdrawn from international traffic shall be subject to duty upon the value of the repairs (other than “running repairs”), made abroad at the rate at which the repaired article would be dutiable if imported. For the appropriate determination as to whether the locomotive or other railroad equipment should be considered “domestic” or “foreign”, see § 123.12(d).

[T.D. 73-73, 38 FR 6991, Mar. 15, 1973]

#### **§ 123.14 Entry of foreign-based trucks, busses, and taxicabs in international traffic.**

(a) *Admission without entry or payment of duty.* Trucks, busses, and taxicabs, however owned, which have their principal base of operations in a foreign country and which are engaged in international traffic, arriving with merchandise or passengers destined to

points in the United States, or arriving empty or loaded for the purpose of taking out merchandise or passengers, may be admitted without formal entry or the payment of duty. Such vehicles shall not engage in local traffic except as provided in paragraph (c) of this section.

(b) *Deposit of registration by vehicle not on regular trip.* In any case in which a foreign-based truck, bus, or taxicab admitted under this section is not in use on a regularly scheduled trip, the port director may require that the registration card for the vehicle be deposited pending the return of the vehicle for departure to the country from which it arrived, or the port director may take other appropriate measures to assure the proper use and departure of the vehicle.

(c) *Use in local traffic.* Foreign-based trucks, busses, and taxicabs admitted under this section shall not engage in local traffic in the United States unless the vehicle comes within one of the following exceptions:

(1) The vehicle may carry merchandise or passengers between points in the United States if such carriage is incidental to the immediately prior or subsequent engagement of that vehicle in international traffic. Any such carriage by the vehicle in the general direction of an export move or as part of the return of the vehicle to its base country shall be considered incidental to its engagement in international traffic. An alien driver will not be permitted to operate a vehicle under this paragraph, unless the driver is in compliance with the applicable regulations of the Immigration and Naturalization Service.

(2) A foreign-based truck trailer may carry merchandise between points in the United States on its departure for a foreign country under the same conditions as are prescribed for “other foreign railroad equipment” in § 123.12(a)(2).

(d) *Penalty for improper use.* The use of any vehicle referred to in this section in violation of this section may result in liabilities being incurred under

### **§ 123.15 Vehicles of foreign origin used between communities of the United States and Canada or Mexico.**

Vehicles of foreign origin which are used for commercial purposes between adjoining or neighboring communities of the United States and Canada or Mexico, such as delivery, peddlers', and service trucks, or wagons, are subject to duty on first arrival, but may thereafter be admitted without formal entry or the payment of duty so long as they are continuously employed in such service.

### **§ 123.16 Entry of returning trucks, busses, or taxicabs in international traffic.**

(a) *Admission without entry or payment of duty.* Trucks, busses, and taxicabs, whether of foreign or domestic origin, taking out merchandise or passengers for hire or leaving empty for the purpose of bringing back merchandise or passengers for hire shall on their return to the United States be admitted without formal entry or the payment of duty upon their identity being established by State registration cards.

(b) *Use in local traffic.* Trucks, busses, and taxicabs in use in international traffic, which may include the incidental carrying of merchandise or passengers for hire between points in a foreign country, or between points in this country, shall be admitted under this section. However, such vehicles taken abroad for commercial use between points in a foreign country, otherwise than in the course of their use in international traffic, shall be considered to have been exported and must be regularly entered on return.

### **§ 123.17 Foreign repairs to domestic trucks, busses, taxicabs and their equipment.**

(a) *Domestic trucks, busses, and taxicabs and their equipment defined.* For the purpose of this section, trucks, busses, and taxicabs and their equipment manufactured in, or regularly imported into the United States, shall be considered "domestic" if not subsequently formally entered and cleared through foreign customs into another country, nor used in foreign local traffic otherwise than as an incident of their return to the United States.

(b) *Report of arrival and payment of duty on repairs.* A report of the first arrival in the United States of domestic trucks, busses, and taxicabs and their equipment after repairs have been made in a foreign country, other than those required to restore such vehicle or equipment to the condition in which it last left the United States ("running repairs"), shall be made by the driver or person in charge of the vehicle promptly, in writing, to the Customs officer at the port of reentry. The report shall state the time and place of arrival and the nature and value of the repairs. Each such vehicle or its equipment when withdrawn from international traffic shall be subject to duty upon the value of the repairs (other than "running repairs") made abroad at the rate at which the repaired article would be dutiable if imported.

### **§ 123.18 Equipment and materials for constructing bridges or tunnels between the United States and Canada or Mexico.**

(a) *Admission of equipment and materials.* Equipment for use in construction of bridges or tunnels between the United States and Canada or Mexico shall be admitted without entry or the payment of duty. ### Subpart C—Shipments in Transit Through Canada or Mexico

#### § 123.21 Merchandise in transit.

(a) *Status.* Merchandise may be transported from one port to another in the United States through Canada or Mexico in accordance with the regulations in this subpart or subparts E for trucks transiting Canada, F for commercial traveler's samples, or G for baggage. Merchandise so transported is not subject to treatment as an importation when returned to the United States, and no inward foreign manifest is required for merchandise returned under an in-transit manifest. In-transit merchandise returned to the United States shall be treated as an importation as are shipments made from Canada or Mexico if:

(1) An in-transit manifest is not furnished for the merchandise upon its return to the United States;

(2) The merchandise has been transshipped in foreign territory without Customs supervision when the transshipment required the breaking of Customs seals; or

(3) The Customs inspector finds any of the Customs seals applied to the conveyance or compartment unlocked or missing.

(b) *Use of certain vessels prohibited.* Merchandise shall not be transported from port to port in the United States through Canada or Mexico by vessel in violation of the provisions of section 27, Merchant Marine Act of 1920, as amended (46 U.S.C. 883), or section 588, Tariff Act of 1930, as amended (19 U.S.C. 1588). (See § 4.80 of this chapter.)

(c) *Regulations applicable.* The provisions of this subpart shall govern all merchandise transported from one port to another in the United States through Canada or Mexico under in-transit procedures, except as otherwise provided in this subpart or in subpart E for truck shipments transiting Canada, subpart F for commercial traveler's samples transiting Canada, and subpart G for baggage transiting Canada or Mexico.

## 19 CFR Ch. I (4–1–99 Edition)

#### § 123.22 In-transit manifest.

(a) *Manifest required.* A manifest in duplicate covering the in-transit merchandise which is to proceed under the provisions of this subpart shall be presented by the carrier to the Customs officer at each port of lading of a vessel, or at the port of exit of a vehicle. Where the merchandise is transported under Customs red in-bond seals and is accompanied by a transportation in-bond manifest, a separate in-transit manifest is not required.

(b) *Additional copies.* In the following cases additional copies of the manifest shall be presented:

(1) When the merchandise is to be transshipped in foreign territory under Customs supervision, a copy of the manifest for each place of transshipment shall be presented.

(2) When a Customs officer requests an extra copy of the manifest as a record of the transaction.

(c) *Manifest forms to be used.* The in-transit manifest forms to be used are:

(1) For trucks, railroad cars or other overland carriers transiting Mexico a manifest on Customs Form 7512-B or 7533-C shall be presented.

(2) For vessels of less than 5 net tons departing and arriving otherwise than by sea, a manifest on Customs Form 7512-B or 7533-C shall be presented. All other vessels are subject to the manifesting requirements contained in § 4.82 of this chapter.

(3) For rail cars transiting Canada, a manifest on Customs Form 7533-C (Canada A4-1/2) shall be presented. For trains which will remain intact while transiting Canadian territory, a consolidated train manifest containing all the information included in the individual car manifests and the train sheet required by § 123.23 may be used in lieu of individual car manifests. For a number of cars which will transit Canada as a group, a consolidated manifest may be used, but a train sheet shall also be presented.

(4) In all other cases where no in-transit manifest form is specified in this subpart, or in subpart E relating to truck shipments on the Canadian border, subpart F relating to commercial traveler's samples, and subpart G relating to baggage, Customs Form 7512-B or 7533-C shall be presented.

## § 123.26

(d) *Contents of in-transit manifest.* The information contained in the manifest shall correspond to the information contained in the waybill accompanying the shipment, except that:

(1) The conveyance shall be identified in a suitable manner in the place provided for such identification.

(2) The description of loadings made up of several shipments which are to go forward in a conveyance or compartment sealed with Customs seals shall be "miscellaneous shipments."

(3) When an in-transit rail shipment will enter and reenter Canada in a continuing movement en route to a final destination in the United States, only the final United States port of reentry shall be shown on the manifest.

[T.D. 70-121, 35 FR 8215, May 26, 1970, as amended by T.D. 82-145, 47 FR 35478, Aug. 16, 1982]

### § 123.23 Train sheet for in-transit rail shipments.

Before an in-transit train proceeding under the provisions of this subpart departs from the United States, the carrier shall furnish to the customs officer at the port of exit a train sheet, sometimes called a consist, bridge sheet or trip sheet, listing each car of the train and specifically identifying the in-transit cars, unless a consolidated manifest containing this information has been presented for a train which will remain intact.

### § 123.24 Sealing of conveyances or compartments.

(a) *Sealing required.* Merchandise in transit proceeding under the provisions of this subpart shall be transported in sealed conveyances or compartments, except that:

(1) Less than load or compartment lots may be forwarded in unsealed conveyances or compartments, without cording and sealing;

(2) The Commissioner of Customs may authorize treatment of full loads or lots in the same manner as less than load or compartment lots;

(3) Live animals identifiable by specific description in the manifest may be transported in the care of an attendant or customs inspector at the expense of the parties in interest, in unsealed conveyances or compartments.

(b) *Seals to be affixed.* The carrier shall affix blue in-transit seals to all openings of conveyances and compartments containing in-transit merchandise except that:

(1) Sealable carload shipments on the Canadian border shall be sealed with yellow in-transit seals.

(2) Conveyances or compartments sealed with U.S. Customs red in-bound seals may go forward without additional seals.

(c) *Carrier relieved of responsibility.* The port director may relieve the carrier of the responsibility of affixing in-transit seals by notification in writing that Customs inspectors will assume it.

### § 123.25 Certification and disposition of manifests.

(a) *Certification.* Conveyances proceeding under the provisions of this subpart shall not proceed until the Customs inspector has certified the in-transit manifest or verified its certification by the carrier. The port director may require the carrier to execute the certificate as an alternative to certification by the Customs officer. When the carrier is to execute the certificate, and the merchandise will be forwarded without being under Customs seals, the agent of the carrier shall carefully examine the packages covered by the manifests to satisfy himself that the merchandise agrees with the manifest as to quantity and description.

(b) *Disposition of manifest.* The original manifest, after certification, shall accompany the merchandise. Additional copies required when the merchandise is to be transshipped in Canada or Mexico under Customs supervision shall be given to the person in charge of the conveyance for delivery to the Customs officers who will supervise transshipment.

### § 123.26 Transshipment of merchandise moving through Canada or Mexico.

(a) *General.* Merchandise in transit proceeding under the provisions of this subpart may be transshipped from one conveyance to another in foreign territory. When transshipment requires the breaking of Customs seals, the breaking of the seals, transshipment and

#### **§ 123.27**

sealing of the conveyance or compartment to which the merchandise is transshipped shall be under the supervision of a Customs officer. He shall note his action on both the additional copy of the manifest presented to him, in accordance with § 123.25(b), and on the original copy, which shall be returned to the person in charge of the conveyance to accompany the merchandise. Merchandise transshipped in foreign territory without customs supervision when Customs seals were broken shall be treated upon return to the United States as imported merchandise.

(b) *Storage awaiting transshipment.* Merchandise moving under in-transit manifests and Customs seals which is to be stored in foreign territory awaiting transshipment shall be checked into a storehouse by the Customs officer at the place of transshipment. It shall remain under Customs locks and seals until transshipment is completed under Customs supervision.

(c) *Manifests where contents broken up.* When transshipment involves the breaking up of the in-transit contents of a conveyance or compartment, in such a manner as to require separate manifests for articles previously covered by a single manifest, the Customs officer supervising the transshipment shall take up the carrier's copy of the manifest and require the carrier to prepare a new manifest, in duplicate, for each conveyance to which the merchandise is transshipped. If there is to be further transshipment, an additional copy of each new manifest shall be presented by the carrier, and shall be returned to the person in charge of the carrier for delivery to the Customs officer at the point of further transshipment in accordance with § 123.25(b). After the transshipment and sealing of the conveyances and compartments has been supervised and the new manifests certified the originals of the new manifests shall be returned to the carrier to accompany the merchandise to the point of reentry into the United States.

#### **§ 123.27 Feeding and watering animals in Canada.**

If animals in sealed conveyances or compartments cannot be fed and watered in Canada without breaking cus-

toms seals, the seals shall be broken and the animals fed and watered under the supervision of a United States or Canadian Customs officer. The supervising officer shall reseal the conveyance or compartment, and make notation as to the resealing on the manifest.

#### **§ 123.28 Merchandise remaining in or exported to Canada or Mexico.**

(a) *In-transit status abandoned.* When the in-transit status of merchandise transiting Canada or Mexico is abandoned and the merchandise is entered for consumption or other disposition in Canada or Mexico, the carrier shall send the in-transit seals and manifests to the port where the manifests were first filed with U.S. Customs, or in the case of trucks under subpart E, the port of exit, with an endorsement by the carrier's agent on each manifest showing that the merchandise was so entered. The carriers shall comply with the export control regulations, 15 CFR part 370.

(b) *In-transit merchandise exported to Canada or Mexico.* Merchandise to be exported to Canada or Mexico after moving in-transit through a contiguous country shall be treated as exported when it has passed through the last port of exit from the United States. This paragraph shall control whether or not the merchandise to be exported is domestic or foreign and whether or not it is exported with benefit of drawback. The manifest, shipper's export declaration, and the notice of exportation, if any, shall be filed at the last port of exit from the United States.

#### **§ 123.29 Procedure on arrival at port of reentry.**

(a) *Presentation of documents.* At the first port in the United States after transportation through Canada or Mexico under the provisions of this subpart, the carrier shall present to Customs the in-transit manifest or manifests for each loaded conveyance. For mixed loadings, that is, loadings made up of several shipments, the waybills shall be available at the port of return or discharge for use by Customs officers. For a railroad train for which a consolidated manifest was not used the

conductor shall also present a train sheet showing the car numbers and initials.

(b) *Vessels and rail shipments continuing in-transit movement*—(1) *Vessels*. In the case of a vessel carrying in-transit merchandise, the master's copies of the in-transit or in-bond manifest covering the merchandise given final Customs release at that port shall be retained by Customs at that port and the manifests covering merchandise to be discharged at subsequent ports of arrival shall be returned to the master of the vessel for presentation to Customs at the next port.

(2) *Rail shipments*. An in-transit rail shipment arriving at an intermediate port of reentry or exit intended for further in-transit movement through Canada may be permitted to go forward under the accompanying in-transit manifest after verification by Customs that the manifest satisfactorily identifies the shipment.

(c) *Checking and breaking of seals*—(1) *Checking seals*. The Customs officer at the port of arrival shall check customs seals applied to the conveyance or compartment for unlocked or missing seals. Where the seals are unlocked or missing, the merchandise shall be treated as having been imported from the transited country.

(2) *Breaking seals*. In-bond seals shall be broken only by a Customs officer or by a person acting under the direction of a Customs officer. In-transit seals may be broken by any carrier's employee, or by a consignee at any time or place after the merchandise under such seals has been released by Customs.

(d) *Proper manifest*. In-transit merchandise shall not be released until proper in-transit manifests are received except that it may be treated as imported merchandise.

(e) *Substitution of merchandise*. Any instance of substitution of merchandise shall be reported to the Commissioner of Customs, and the merchandise shall be detained.

## Subpart D—Shipments in Transit Through the United States

### § 123.31 Merchandise in transit.

(a) *From one contiguous country to another*. Merchandise may be transported in transit across the United States between Canada and Mexico under the procedures set forth in part 18 of this chapter for merchandise entered for transportation and exportation.

(b) *From one point in a contiguous country to another through the United States*. Merchandise may be transported from point to point in Canada or in Mexico through the United States in bond in accordance with the procedures set forth in §§ 18.20 to 18.24 of this chapter except where those procedures are modified by this subpart or subparts E for trucks transiting the United States, F for commercial traveler's samples, or G for baggage.

### § 123.32 Manifests.

(a) *Form and number of copies required*. Three copies of the transportation entry and manifest on Customs Form 7512 shall be presented upon arrival of merchandise which is to proceed under the provisions of this subpart.

(b) *Consolidated train manifest*. When the route is such that a train will remain intact while proceeding through the United States, a consolidated train manifest containing the same information as is required on individual manifests may be used.

(c) *Disposition of manifest form*. One copy of the manifest shall be delivered to the person in charge of the carrier to accompany the conveyance and be delivered to the Customs officer at the final port of exit.

**Subpart E—United States and Canada In-Transit Truck Procedures**

**§ 123.41 Truck shipments transiting Canada.**

(a) *Manifest required.* Trucks with merchandise transiting Canada from point to point in the United States will be manifested on United States-Canada Transit Manifest, Customs Form 7512-B Canada 8½. The driver shall present the manifest in four copies to U.S. Customs at the United States port of departure for review and validation.

(b) *Procedure at United States port of departure.* The Customs officer receiving the manifest shall validate it by stamping each copy in the lower right hand corner to show the port name and date and by initialing each copy. All copies of the validated manifest then will be returned to the driver for presentation to Canadian Customs at the Canadian port of entry.

(c) *Procedure at Canadian ports of arrival and exit.* Truck shipments transiting Canada shall comply with Canadian Customs regulations. These procedures generally are as follows:

(1) *Canadian port of arrival.* The driver shall present a validated United States-Canada Transit Manifest Customs Form 7512-B Canada 8½, in four copies to the Canadian Customs officer, who shall review the manifest for accuracy and verify its validation by U.S. Customs. If the manifest is found not to be properly validated, the truck shall be required to be returned to the United States port of departure so that the manifest may be validated. If the manifest is validated properly and no irregularity is found, the truck will be sealed unless sealing is waived by Canadian Customs. The original manifest will be retained by Canadian Customs at the port of arrival, and the three copies will be returned to the driver for presentation to Canadian Customs at the Canadian port of exit.

(2) *Canadian port of exit.* The driver shall present the three copies of the validated manifest to the Canadian Customs officer at the Canadian port of exit for certification. That officer shall verify that the seals are intact if the vehicle has been sealed or, if sealing has been waived, that there are no irregularities. After verification and certification of the manifest, two certified copies will be returned to the driver (one to be presented to U.S. Customs at the United States port of reentry, the other for the carrier's records), and the truck will be allowed to proceed to the United States.

(d) *Procedure at United States port of reentry.* The driver of a truck reentering the United States after transiting Canada shall present a certified copy of the United States-Canada Transit Manifest, Customs Form 7512-B Canada 8½, to the U.S. Customs officer. If this copy of the manifest does not bear the certification of a Canadian Customs officer at the Canadian port of exit, the driver will be allowed to return to that port to have it certified. The driver will be allowed to break any seals affixed by Canadian Customs upon presentation of a certified manifest. If sealing has been waived, the

U.S. Customs officer shall satisfy himself that the truck contains only that merchandise covered by the manifest which moved on the truck from the United States through Canada.

(e) *Proof of exportation from Canada.* The certified copy of the manifest returned to the driver by Canadian Customs at the Canadian port of exit will serve as proof of exportation of the shipment from Canada.

**§ 123.42 Truck shipments transiting the United States.**

(a) *Manifest required.* Trucks with merchandise transiting the United States from point to point in Canada will be manifested on United States-Canada Transit Manifest, Customs Form 7512-B Canada 8½. The driver, in accordance with Canadian Customs regulations, shall present the manifest in four copies to Canadian Customs at the Canadian port of departure for review and validation.

(b) *Procedure at Canadian port of departure.* The Customs officer receiving the manifest shall validate it by stamping each copy in the lower right hand corner to show the port name and date and by initialing each copy. All copies of the validated manifest then will be returned to the driver for presentation to U.S. Customs at the United States port of entry.

(c) *Procedure at United States port of arrival—(1) Presentation of manifest.* The driver shall present a validated United States-Canada Transit Manifest, Customs Form 7512-B Canada 8½, in four copies to the U.S. Customs officer, who shall review the manifest for accuracy and verify its validation by Canadian Customs. If the manifest is found not to be validated properly, the truck will be required to be returned to the Canadian port of departure so that the manifest may be validated in accordance with Canadian Customs regulations. If the manifest is validated properly and no irregularity is found the truck will be sealed unless sealing is waived by U.S. Customs. The U.S. Customs officer shall note on the manifest over his initials the seal numbers or the waiver of sealing, retain the original, and return three copies of the manifest with the related Customs

Form 7512-C (destination) to the driver for presentation to U.S. Customs at the United States port of exit.

(2) *Sealing or waiver of sealing.* Trucks transiting the United States will be sealed with red in-bond seals at the United States port of arrival unless sealing is waived in accordance with § 18.4 of this chapter. If a truck cannot be sealed effectively and sealing is deemed necessary to protect the revenue or to prevent violation of the Customs laws or regulations, the truck will not be permitted to transit the United States under bond.

(d) *Procedure at United States port of exit.* The driver shall present the three validated copies of the manifest and the related Customs Form 7512-C (destination) to the U.S. Customs officer at the U.S. port of exit. The Customs officer shall check the numbers and condition of the seals and record and certify his findings on all copies of the manifest, returning two certified copies to the driver (one to be presented to Canadian Customs at the Canadian port of reentry, the other for the carrier's records), and the truck will be allowed to proceed to Canada. The check of the seals shall be made as follows:

(1) If the seals are intact, they will be left unbroken unless there is indication that the contents should be verified.

(2) If the seals have been broken, or there is other indication that the contents should be verified, all merchandise will be required to be unladen and a detailed inventory made against the waybills.

If sealing has been waived, the Customs officer shall verify the goods against the accompanying waybills in sufficient detail to detect any irregularity.

(e) *Procedure at Canadian port of reentry.* The driver of a truck reentering Canada after transiting the United States shall present a certified copy of the United States-Canada Transit Manifest, Customs Forms 7512-B Canada 8½, to the Canadian Customs officer. If this copy of the manifest does not bear the certification of a U.S. Customs officer at the United States port of exit, the driver will be allowed to return to that port to have it certified.

(f) *Proof of exportation from United States.* The certified copy of the manifest returned to the driver by the U.S.

(b) *List of samples.* The traveler shall furnish the U.S. Customs officer at the port of exit a list, in duplicate, of all the articles in the containers, with their approximate values, in substantially the following form:

When the traveler arrives at Customs with lists already prepared, the form may be inscribed “as per list attached.”

(c) *Checking, cording, and sealing by U.S. Customs officers.* The Customs officer shall check the list with the articles and satisfy himself that the values shown are approximately correct. The Customs officer will cord and seal the containers with yellow in-transit seals. The traveler may be required to assist the Customs officer in the cording and sealing. The original of the list, signed by the Customs officer over his title and showing that the articles on the list have been checked by the officer against those in the containers shall be returned to the traveler for submission by him to Canadian customs upon his arrival in Canada.

(d) *In-transit manifest.* The traveler shall execute and file Customs Form 7512–B or 7533–C, in the original only, at the U.S. port of departure, as an in-transit manifest covering the movement of the samples to the U.S. port through which the traveler will return. Descriptions, quantities, and values may be shown thereon by noting “Commercial Samples” and the number of corded and sealed containers. The manifest shall be returned to the traveler to accompany the samples after being signed and dated by the Customs officer.

(e) *Presentation of in-transit manifest at U.S. port of reentry.* Upon return to the United States, the traveler shall present Customs Form 7512–B or 7533–C and the corded and sealed samples to the U.S. Customs officer at the port where the samples are returned to this country. The Customs officer shall verify that there has been no irregularity.

**§ 123.52 Commercial samples transported by automobile through the United States between ports in Canada.**

(a) *General provisions.* A commercial traveler arriving from Canada may be permitted to transport effectively

corded and sealed samples in his automobile without further sealing in the United States, upon compliance with this section and subject to the conditions of § 18.20(b), since Customs bonded carriers as described in § 18.1 of this chapter are not considered to be reasonably available. Samples having a total value of not more than \$200 may be carried by a nonresident commercial traveler through the United States without cording and sealing and without an in-transit manifest in accordance with § 148.41 of this chapter.

(b) *Presentation of sample list at Canadian port of exit.* A commercial traveler arriving from Canada desiring to transport without display in the United States commercial samples in his automobile through the United States to another port in Canada, may present his samples to a Canadian Customs officer at the Canadian port of exit. The traveler will be required to furnish the Canadian Customs officer a list in duplicate of all articles presented showing their approximate values. The list shall bear the traveler's name and address, and the name and address of the firm represented.

(c) *Checking, cording, and sealing by Canadian Customs officers.* The Canadian Customs officer will examine the articles, identify them with the list, and satisfy himself that the values shown are approximately correct. The Canadian Customs officer will cord and seal the outer containers with uncolored in-transit seals and authenticate the list of samples with his signature and title. Cording and sealing may be waived with the concurrence of the United States and Canadian Customs officers.

(d) *Treatment at U.S. port of arrival.* The list of samples properly authenticated shall be submitted upon arrival to the U.S. Customs officer at the port of arrival. After ascertaining that the samples are effectively corded and sealed, or that sealing has been waived, notation of the number of corded and sealed containers, or of the waiver shall be made on the list of samples and the list shall be retained by the Customs officer as a record of the shipment.

(e) *In-transit manifest.* Movement of the samples from the port of arrival to

the port of exit from the United States under this procedure shall be under an in-transit manifest on Customs Form 7512 executed and filed in triplicate by the traveler at the port of arrival in the United States. Descriptions, quantities, and values may be shown thereon by noting "Commercial Samples," the number of corded and sealed containers, and the approximate total value of the samples. When cording and sealing has been waived with the concurrence of a Canadian Customs officer, samples must be identified on the manifest by suitable itemized descriptions and approximate values, or by attaching to the manifest a copy of the list of samples which has been initialed by the Customs officer.

(f) *Presentation of samples and manifest at U.S. port of exit.* The manifest on Customs Form 7512 shall be presented to the Customs officer at the U.S. port of exit, together with the samples covered. If the seals are broken or cording and sealing has been waived, the Customs officer shall verify that there are no irregularities.

(c) *Consolidated train manifest.* When the route is such that a train carrying baggage in bond will remain intact while proceeding through the United States, a consolidated train manifest containing the same information as is required on individual manifests may be used in lieu of individual manifest on Customs Form 7512.

(d) *Baggage cards*—(1) *Baggage arriving from Mexico.* For baggage arriving at a port on the Mexican border for in-transit movement through the United States in bond and return to Mexico, the in-transit baggage card described in § 18.14 of this chapter shall be used.

The baggage card will be filled out and securely attached to the baggage and the attachment verified by a Canadian Customs officer before the baggage leaves Canada. If the joint in-transit baggage card is found to be improperly prepared or attached upon arrival of the baggage in the United States for movement in bond, the carrier may be required to furnish the baggage card described in § 18.14 of this chapter for attachment to the baggage before being allowed to proceed. At the port of exit from the United States the joint in-transit baggage card shall be allowed to remain on the baggage.

(b) *Special in-transit tag manifest.* The carrier shall complete and attach to each piece of baggage by wire or cord under Customs supervision a special in-transit tag manifest furnished by the carrier as follows:

(1) *Baggage transiting Mexico.* For baggage of domestic origin to be transported through Mexico between ports of the United States, the special in-transit tag manifest attached to each piece of baggage shall be on white cardboard not less than  $2\frac{1}{2} \times 4\frac{1}{2}$  inches in size printed in substantially the following form:

(c) *Removal of special in-transit tag manifest.* The special in-transit tag manifest shall be removed only by the Customs officers at the final port of reentry into the United States. If the officer finds the special in-transit tag manifest missing or not intact, or for any other reason believes that the baggage has been tampered with while outside the United States, he shall detain it for examination. Otherwise, baggage transported under the procedure in this

### Subpart H—Land Border Carrier Initiative Program

SOURCE: T.D. 99-2, 64 FR 31, Jan. 4, 1999, unless otherwise noted.

#### § 123.71 Description of program.

The Land Border Carrier Initiative Program (LBCIP) is a program designed to enlist the voluntary cooperation of commercial conveyance entities in Customs effort to prevent the smuggling of controlled substances into the United States. Participation in the LBCIP requires the land or rail commercial carrier to enter into a written agreement with Customs that describes the responsibilities of participants in the LBCIP. The agreement generally provides that the carrier agrees to enhance the security of its facilities and the conveyances employed to transport merchandise. The carrier also agrees to cooperate closely with Customs in identifying and reporting suspected smuggling attempts. In exchange for this cooperation, Customs agrees to provide training to carrier personnel in the areas of cargo and personnel security, document review techniques, drug awareness, and conveyance searches. Customs also agrees that should a controlled substance be found aboard a conveyance owned or operated by a participating carrier, special administrative procedures relating to the assessment and mitigation of drug-related penalties will be followed; the degree of compliance with the terms of the agreement will be considered as an additional positive mitigating factor in

## § 123.72

any seizure or penalties decision or recommendation. Lastly, at certain high-risk locations, for the use of Line Release, imported merchandise, which otherwise qualifies for Line Release entry (see, subpart D of part 142 of this chapter), must be transported over the border by carriers that participate in the LBCIP. The locations where the use of Line Release will be conditioned on participation in the LBCIP will be published in the FEDERAL REGISTER.

### § 123.72 Written agreement requirement.

Commercial carriers desiring to participate in the LBCIP shall enter into a written agreement with Customs regarding the mutual obligations of the carrier-participant and Customs. The terms and conditions in the written agreement shall generally provide that the carrier-applicant agrees:

(a) To participate in Customs training regarding cargo and personnel security, document review techniques, drug awareness, and conveyance searches;

(b) To establish security systems at the place of business for the safe storage and handling of cargo intended to be imported into the United States; and security procedures aimed at restricting access to transporting conveyances and preventing the unauthorized lading of illegal drugs while the conveyance is en route to the United States;

(c) To conduct, to the extent allowed by law, employment and criminal history record checks on all personnel designated to participate in the LBCIP and to exercise responsible supervision and control over those personnel;

(d) To ensure that only authorized drivers and properly registered conveyances are utilized in the transportation of merchandise into the United States, and to maintain current lists of such drivers and conveyances for Customs inspection upon request;

(e) To immediately report to the appropriate port director any criminal or dishonest conduct on the part of drivers designated to participate in the LBCIP, or attempts by others to impede, influence, or coerce the carrier or drivers into violating any United States law, including Customs regula-

tions, especially those concerned with trafficking in illegal drugs; and

(f) To notify the appropriate port director in writing by mail within 5 days of any change in legal name, business address, business principals, ownership, drivers, or conveyances that affects the basis for continued participation in the LBCIP.

### § 123.73 Application to participate.

To request participation in the LBCIP, the carrier-applicant must submit an application containing the information requested in this section. The application must be accompanied by two copies of a LBCIP written agreement (see § 123.72 of this part; upon request, the local port director will provide copies of an unsigned written agreement) containing original signatures of corporate officers or owners of the common carrier. The application shall be prepared by the common carrier, be signed by corporate officers or owners, and submitted to the port director. If a submitted application does not provide all of the information specified in this section, the processing of the application will either be delayed or the application will be rejected. The application shall include the following information:

(a) *General business identification and site condition information.* The name and address of the commercial conveyance entity, the names of all principals or corporate officers, the name and telephone number of an individual to be contacted for further information, and a complete and detailed description of the premises where business operations are conducted, to include all working/storage areas and security features employed;

(b) *Designated driver information.* A listing of the drivers designated by the carrier who will be transporting merchandise into the U.S. The listing shall set forth the name(s), address(es), date of birth, nationality, driver's license number, and any other personal identifying information regarding the drivers listed, e.g., social security number (if available), to enable Customs to conduct background checks and to aid Customs officers at the border crossing point in identifying individual LBCIP-authorized drivers;

(c) *Conveyance identification information.* A listing of the conveyances, *e.g.*, trucks and locomotives, that the carrier will utilize to transport merchandise into the U.S. The listing shall set forth the type and make of conveyances, country of registration and license number(s), conveyance-specific identifying markings, *e.g.*, vehicle identification numbers (VINs), and any other general conveyance identifying information, *e.g.*, weight, color, recognizable modifications, etc., to aid Customs officers at the border crossing point in identifying particular LBCIP-registered conveyances; and

(d) *Affidavit of business character.* A statement signed by the carrier-applicant which attests to each principal's or corporate officer's past and present business relations, *e.g.*, a list of past companies worked for and positions held, which fully explains the presence of any past or present crime involving theft or smuggling or investigations into such crimes, or other dishonest conduct on the part of a principal.

**§ 123.74 Notice of selection; appeal of determination.**

The information provided pursuant to paragraphs (b) through (d) of § 123.73 shall constitute the criteria used to evaluate the competency of the carrier-applicant to participate in the LBCIP. Following Customs evaluation of the information provided, Customs shall notify the carrier-applicant in writing of Customs determination as to whether the carrier-applicant is qualified to participate in the LBCIP. In cases of selection, Customs will sign and return one of the copies of the written agreement. In cases of non-selection, the written notice shall clearly state the reason(s) for denial and recite the applicant's appeal rights under paragraph (b) of this section.

(a) *Grounds for nonselection.* The port director may deny a carrier's application to participate in the LBCIP for any of the following reasons:

(1) Evidence of any criminal or dishonest conduct involving the carrier, a corporate officer, designated drivers, or other person the port director determines is exercising substantial ownership or control over the carrier operation or corporate officer;

(2) Evidence of improper use of designated conveyances;

(3) Evidence that the written agreement was entered into by fraud or misstatement of a material fact; or

(4) A determination is made that the grant of LBCIP privileges would endanger the revenue or security of the Customs area.

(b) *Appeal of determination.* Carrier-applicants not selected to participate in the LBCIP and who wish to appeal the decision shall either:

(1) Appeal the adverse determination in accordance with the appeal procedure set forth in § 123.75(c) of this part; or

(2) Cure any deficiency in the first application by submitting a new application to the port director who denied the previous application after waiting 60 days from the date of issuance of the first determination.

**§ 123.75 Notice of revocation; appeal of decision.**

(a) *Revocation.* The port director may immediately revoke a carrier's participation in the LBCIP and cancel the written agreement for any of the following applicable reasons:

(1) The selection and written agreement were obtained through fraud or the misstatement of a material fact by the carrier;

(2) The carrier, a corporate officer, or other person the port director determines is exercising substantial ownership or control over the carrier operation or corporate officer, is indicted for, convicted of, or has committed acts which would constitute any felony or misdemeanor under United States Federal or State law. In the absence of an indictment, conviction, or other legal process, the port director must have probable cause to believe the proscribed acts occurred;

(3) The carrier-participant allows an unauthorized person or entity to use its LBCIP certificate or other approved form of identification;

(4) The carrier-participant misuses authorized conveyances;

(5) The carrier-participant refuses or otherwise fails to follow any proper order of a Customs officer or any Customs order, rule, or regulation;

(6) The carrier-participant fails to operate in accordance with the terms of the written agreement; or

(7) Continuation of LBCIP privileges would endanger the revenue or security of the Customs area in the judgment of the port director.

(b) *Notice.* When a decision revoking participation has been made, the port director shall notify the carrier-participant of the decision in writing. The notice of revocation shall clearly state the reason(s) for revocation and recite the applicant's appeal rights under paragraph (c) of this section.

(c) *Appeal of decision.* Carrier-participants that receive a notice of revocation and who wish to appeal the decision shall file a written appeal with the Assistant Commissioner, Office of Field Operations, U.S. Customs Service, Washington, DC 20229, within 10 calendar days of receipt of the notice. The appeal shall be filed in duplicate and shall set forth the carrier's responses to the grounds specified by the port director in the notice. Within 30 working days of receipt of the appeal, the Assistant Commissioner, or his designee, shall make a determination regarding the appeal and notify the applicant in writing.

**§ 123.76 Authorization by Customs for participants to use certain drivers.**

(a) *Responsibilities of LBCIP participants.* An LBCIP participant is required, pursuant to § 123.73 of this part, to list the drivers designated to transport merchandise into the United States for the carrier to enable Customs to conduct background checks. An LBCIP participant is also required, pursuant to § 123.72 of this part, to conduct, to the extent allowed by law, employment and criminal history checks on all personnel designated to participate in the LBCIP; these personnel include drivers.

(b) *Authorization of drivers by Customs.* Customs may not approve a carrier for participation in the LBCIP if it determines that there is evidence that a driver designated by a carrier has been involved in criminal or dishonest conduct or it may request that the carrier not use that driver before approving the carrier for participation. Once a carrier has been accepted in the

LBCIP, Customs may determine to cancel a particular driver's authorization to transport merchandise for a LBCIP carrier for the reasons set forth in paragraph (c) of this section.

(c) *Reasons for cancellation of driver's authorization.* Customs may cancel a driver's authorization to transport merchandise for an LBCIP participant for any of the following reasons:

(1) The designated driver is indicted for, convicted of, or has committed acts which would constitute any felony or misdemeanor under United States Federal or State law. In the absence of an indictment, conviction, or other legal process, the port director must have probable cause to believe the proscribed acts occurred;

(2) The designated driver allows an unauthorized person or entity to use his LBCIP certificate or other approved form of identification;

(3) The designated driver misuses authorized conveyances;

(4) The designated driver refuses or otherwise fails to follow any proper order of a Customs officer or any Customs order, rule, or regulation; or

(5) The designated driver fails to operate in accordance with the terms of the written agreement.

(d) *Notice; rights of driver.* (1) *If driver not acceptable to Customs at time of review of carrier's application.* When Customs notifies a carrier-applicant, pursuant to § 123.74 of this part, of its non-selection into the LBCIP because of conduct committed by a driver designated by the carrier or when Customs conditionally approves a carrier-applicant's participation in the LBCIP, but does not approve a driver designated on the application to be authorized to transport merchandise under the LBCIP, Customs will also notify the driver of the decision in writing and recite the driver's appeal rights under paragraph (e) of this section.

(2) *If driver's authorization cancelled.* When Customs makes a determination to cancel the authorization of a particular designated driver, pursuant to § 123.76(b) of this section, Customs will notify both the carrier-participant and the driver of the decision in writing; the notice to the driver will recite the driver's appeal rights under paragraph (e) of this section.

(e) *Appeal rights of drivers.* Drivers who receive a notice of nonselection or cancellation and who wish to appeal the decision shall file a written appeal with the Assistant Commissioner, Office of Field Operations, U.S. Customs Service, Washington, D.C. 20229, within 10 calendar days of receipt of the notice. The appeal shall be filed in duplicate and shall set forth the driver's responses to the grounds specified by the port director in the notice. Within 30 working days of receipt of the appeal, the Assistant Commissioner, or his designee, shall make a determination regarding the appeal and notify the applicant in writing.

The newspaper is to be selected by the port director and publication of the notice shall be authorized on the standard form provided

for that purpose. The notice shall designate the place where catalogs may be obtained and a reasonable opportunity to inspect the merchandise shall be afforded prospective purchasers.

(b) *Where proceeds are insufficient to pay expenses and duties.* If the port director is satisfied that the proceeds of the sale will not be sufficient to pay the expenses and duties, a written or printed notice of the sale in lieu of the advertisement shall be conspicuously posted in the customhouse, and, if deemed necessary, at some other proper place for the time specified in paragraph (a) of this section.

(Secs. 491, 559, 46 Stat. 726, as amended 744, as amended; (19 U.S.C. 1491, 1559))

(a) *Drugs, seeds, plants, nursery stock, and other articles required to be inspected by Department of Agriculture.* Before drugs, seeds, plants, nursery stock, and other articles required to be inspected by the Department of Agriculture are advertised, they shall be inspected by a representative of the Department of Agriculture to ascertain whether they comply with the requirements of the law and regulations of that Department. If found not to comply with such requirements, they shall be immediately destroyed.

(b) *Pesticides and devices.* Pesticides and devices intended for trapping, destroying, repelling or mitigating any pest or any other form of plant or animal life (other than man or other than bacteria, virus, or other microorganism on or in living man or other living animals) shall be inspected by a representative of the Environmental Protection Agency to ascertain whether they comply with the requirements of the law and regulations of that agency. If found not to comply with such requirements, they shall be immediately destroyed.

(d) *Articles liable to depreciation.* Other unclaimed merchandise shall be sold at public auction upon public notice of not less than 6 or more than 10 days, as the port director may determine, if in his opinion such merchandise will depreciate and sell for an amount insufficient to pay the duties, storage, and other charges if allowed to remain in general order for 6 months.

(e) *Tobacco and tobacco products.* Tobacco articles and tobacco materials as defined in 26 U.S.C. 5702(j) and (k), may be sold for domestic consumption only if they will bring an amount sufficient to pay the expenses of sale as well as the internal revenue tax. If these articles cannot be sold for domestic consumption in accordance with the foregoing conditions, they shall be destroyed unless they can be advantageously sold for export from continuous Customs custody or unless the Commissioner of Customs has authorized other disposition to be made under the law. These articles may be sold for domestic consumption even though the proceeds of sale will not cover the duties due.

(f) *Distilled spirits, wines, and malt beverages.* All unclaimed and abandoned

The sale must be conducted in accordance with the alcoholic beverage laws of the state in which the sale is held.

(g) *Other merchandise subject to internal revenue taxes.* All other unclaimed and abandoned merchandise subject to internal revenue taxes may be sold for domestic consumption if it will bring an amount sufficient to pay the internal revenue tax. If, in the opinion of the port director, it is insufficient in value to justify its sale, the merchandise shall be destroyed, unless it can be advantageously sold for export from continuous Customs custody or unless the Commissioner of Customs has authorized other disposition to be made under the law. These articles may be sold for domestic consumption even though the proceeds of sale will not cover the duties due.

(h) *Unclaimed merchandise remaining on dock.* Unclaimed merchandise remaining on the dock which, in the opinion of the port director, will not sell for enough to pay the cost of cartage and storage shall be sold at public auction upon public notice of not less than 6 or more than 10 days.

(i) *Chemical substances, mixtures, and articles containing chemical substances or mixtures.* Chemical substances, mixtures, and articles containing a chemical substance or mixture, as these items are defined in section 3, Toxic Substances Control Act ("TSCA") and section 12.120 of this chapter, shall be inspected by a representative of the Environmental Protection Agency to ascertain whether they comply with TSCA and the regulations and orders issued thereunder. ## § 128.0 Scope.

This part sets forth requirements and procedures for the clearance of imported merchandise carried by express consignment operators and carriers, including couriers, under special procedures.

### Subpart A—General

#### § 128.1 Definitions.

For the purpose of this part the following definitions shall apply:

(a) *Express consignment operator or carrier.* An “express consignment operator or carrier” is an entity operating in any mode or intermodally moving cargo by special express commercial service under closely integrated administrative control. Its services are offered to the public under advertised, reliable timely delivery on a door-to-door basis. An express consignment operator assumes liability to Customs for the articles in the same manner as if it is the sole carrier.

(b) *Cargo.* “Cargo” means any and all shipments imported into the Customs

territory of the United States by an express consignment operator or carrier whether manifested, accompanied, or unaccompanied.

(c) *Courier shipment.* A “courier shipment” is an accompanied express consignment shipment.

(d) *Hub.* A “hub” is a separate, unique, single purpose facility normally operating outside of Customs operating hours approved by the port director for entry filing, examination, and release of express consignment shipments.

(e) *Express consignment carrier facility.* An “express consignment carrier facility” is a separate or shared specialized facility approved by the port director solely for the examination and release of express consignment shipments.

(f) *Closely integrated administrative control.* The term “closely integrated administrative control” means operations must be sufficiently integrated at both ends of the service (i.e., pick-up and delivery) so that the express consignment company can exercise a high degree of control over the shipments, particularly in regard to the reliability of information supplied for Customs purposes. Such control would be indicated by substantial common ownership between the local company and the foreign affiliate and/or by a very close contractual relationship between the local company and its foreign affiliate(s) (e.g., a franchise arrangement).

(g) *Reimbursable.* “Reimbursable” means all normal costs incurred at an express consignment operator’s hub or an express consignment carrier facility that are required to be reimbursed to the Government.

### Subpart B—Administration

#### § 128.11 Express consignment carrier application process.

(a) *Facility application.* Requests for approval of an express consignment carrier or hub facility must be in writing to the port director.

(b) *Application contents.* The application for approval of an express consignment carrier or hub facility must include the following:

(1) A full description of the international cargo facilities, including

blueprints, floor plans and facility location(s).

(2) A statement of the general character of the express consignment operations.

(3) An estimate of volume of transactions by:

(i) Formal entries.

(ii) Informal entries.

(iii) Shipments not requiring entry (see § 128.23 of this part).

(4) An application processing fee, as set forth in § 128.13.

(5) A list of principal company officials or officers.

(6) A projected start-up date, and days and hours of operation.

(7) An agreement that the express consignment entity will:

(i) Ensure that all cargo will be processed in the Customs Automated Commercial System (ACS) and associated modules, including, but not limited to, Automated Broker Interface (ABI), Automated Manifest System (AMS), Cargo Selectivity, and Statement Processing.

(ii) Sign and implement a narcotics enforcement agreement with Customs.

(iii) Provide, without cost to the Government, adequate office space, equipment, furnishings, supplies and security as per Customs specifications.

(iv) Timely pay all reimbursable costs, as determined by the port director.

(v) Pay to Customs all relocation, training and all other exceptional costs and expenses incurred by Customs in relocating necessary staff to the company’s hub location to provide service to the company and to pay expenses incurred by Customs due to termination or decline of operations at the facility.

(c) *Changes or alterations to facility.* All proposed changes or alterations to an existing approved international cargo processing facility must be submitted in writing to the port director for approval prior to the implementation thereof and shall contain the information specified in paragraph (b) of this section. Failure to obtain Customs approval by an express consignment

operator or carrier for any modifications to the international cargo processing area may result in the suspension of approval as an express consignment facility or hub and the procedures for processing cargo contained in this part.

[T.D. 89–53, 54 FR 19566, May. 8, 1989, as amended by T.D. 93–66, 58 FR 44130, Aug. 19, 1993]

### § 128.12 Application approval/denial and suspension of operating privileges.

(a) *Notice.* (1) The port director shall promptly notify the applicant in writing of the decision to approve or deny the application to establish an express consignment carrier or hub facility or to suspend or revoke operating privileges at an existing facility.

(2) The notice shall specifically state the grounds for denial or for the proposed suspension or revocation.

(b) *Appeal.* The express consignment entity may file a written notice of appeal seeking review of the denial or proposed suspension or revocation within 30 days after notification.

(c) *Recommendation.* The port director shall consider the allegations and responses in the appeal unless, in the case of a suspension or revocation, the express consignment entity requests a hearing. The appeal along with the port director's recommendation shall be forwarded to the Commissioner of Customs or his designee for a final administrative decision.

(d) *Hearing.* In the case of a proposed suspension or revocation, a hearing may be requested within 30 days after notification. If a hearing is requested, it shall be held before a hearing officer appointed by the Commissioner of Customs or his designee within 30 days following the express consignment entity's request. The entity shall be notified of the time and place of the hearing at least 5 days prior thereto. The express consignment entity may be represented by counsel at such hearing, and all evidence and testimony of witnesses in such proceedings, including substantiation of the allegations and the responses thereto shall be presented, with the right of cross-examination to both parties. A stenographic record of any such proceeding shall be

made and a copy thereof shall be delivered to the express consignment entity. At the conclusion of the hearing, all papers and the stenographic record of the hearing shall promptly be transmitted to the Commissioner of Customs or his designee together with a recommendation for final action. The express consignment entity may submit in writing additional views or arguments to the Commissioner or his designee following a hearing on the basis of the stenographic record, within 10 days after delivery to it of a copy of such record. The Commissioner or his designee shall thereafter render the decision in writing, stating the reasons therefor. Such decision shall be served on the express consignment entity, and shall be considered the final administrative action.

### § 128.13 Application processing fee.

Each operator of an express consignment hub or carrier facility will be charged a fee to establish, alter, or relocate such facility which shall be determined under the provisions of 31 U.S.C. 9701. The fee will be periodically reviewed and revised to reflect changes in processing expenses and any changes thereto will be published in the FEDERAL REGISTER and "Customs Bulletin".

(5) Quantity.

(6) Shipping weight.

(7) Value.

[T.D. 89-53, 54 FR 19566, May 8, 1989, as amended by T.D. 94-51, 59 FR 30294, June 13, 1994]

#### § 128.22 Bonds.

Each express consignment operator or carrier must be recognized by Customs as an international carrier and approved as a carrier of bonded merchandise, and shall file bonds on Customs Form 301, containing the bond conditions set forth in §§ 113.62, 113.63, 113.64 and 113.66 of this chapter, to insure compliance with Customs requirements relating to the importation and entry of merchandise as well as the carriage and custody of merchandise under Customs control.

#### § 128.23 Entry requirements.

(a) *General rule.* Except as provided in paragraph (c) of this section, all articles carried by an express consignment entity shall be entered by a person with the right to file entry.

#### § 128.24 Informal entry procedures.

(a) *Eligibility.* Informal entry procedures may generally be used for shipments not exceeding \$2,000 in value which are imported by express consignment operators and carriers. Individual shipments valued at \$2,000 or less may be consolidated on one entry. Such procedures, however, may not be used for prohibited or restricted merchandise, merchandise which is subject to a quota or other quantitative restraints, or for any articles precluded from informal entry procedures by virtue of section 498, Tariff Act of 1930, as amended, (19 U.S.C. 1498).

(b) *Procedures.* Customs Form 3461, appropriately modified to cover all importations under the special procedures contained in this part, shall be submitted prior to the commencement of hub or express consignment carrier facility operations. A notation shall be placed on the Customs Form 3461 that the entry covers multiple shipments.

(d) *Entry summary.* An entry summary (Customs Form 7501) must be presented in proper form, and estimated duties deposited within 10 days of the release of the merchandise under either the regular or alternative procedure described in this section. However, see paragraph (e) of this section if the shipment is valued at \$200 or less.

(e) *Shipments valued at \$200 or less.* Shipments valued at \$200 or less meeting the requirements of § 10.151 of this chapter shall be passed free of duty and tax. If such an advance manifest is used as the entry document, the following are not required to be provided for shipments qualifying under this paragraph:

(1) The Harmonized Tariff Schedule of the United States (HTSUS) subheading number (see § 128.21(a)(4)); and

### § 132.0 Scope.

This part sets forth rules and procedures applicable to quotas administered by Headquarters, U.S. Customs Service.

#### Subpart A—General Provisions

##### § 132.1 Definitions.

When used in this part, the following terms shall have the meaning indicated:

(a) *Absolute (or quantitative) quotas.* “Absolute (or quantitative) quotas”

are those which permit a limited number of units of specified merchandise to be entered or withdrawn for consumption during specified periods. Once the quantity permitted under the quota is filled, no further entries or withdrawals for consumption of merchandise subject to quota are permitted. Some absolute quotas limit the entry or withdrawal of merchandise from particular countries (geographic quotas) while others are global quotas and limit the entry or withdrawal of merchandise not by source but by total quantity.

(b) *Tariff-rate quotas*. “Tariff-rate quotas” permit a specified quantity of merchandise to be entered or withdrawn for consumption at a reduced duty rate during a specified period.

(c) [Reserved]

(d) *Presentation*. “Presentation” is the delivery in proper form to the appropriate Customs officer of:

(1) An entry summary for consumption, which shall serve as both the entry and the entry summary, with estimated duties attached (see § 141.0a(b)); or

(2) An entry summary for consumption, which shall serve as both the entry and the entry summary, without estimated duties attached, if the entry/entry summary information and a valid scheduled statement date (pursuant to § 24.25 of this chapter) have been successfully received by Customs via the Automated Broker Interface; or

(3) A withdrawal for consumption with estimated duties attached.

(e) *Quota-class merchandise*. “Quota-class merchandise” is any imported merchandise subject to limitations under an absolute or a tariff-rate quota.

(f) *Quota priority*. “Quota priority” is the precedence granted to one entry or withdrawal for consumption of quota-class merchandise over other entries or withdrawals of merchandise subject to the same quota.

(g) *Quota status*. “Quota status” is the standing which entitles quota-class merchandise to admission under an absolute quota, or to a reduced rate of

duty under a tariff-rate quota, or to any other quota benefit.

[T.D. 73-203, 38 FR 20230, July 30, 1973, as amended by T.D. 79-221, 44 FR 46814, Aug. 9, 1979; T.D. 89-104, 54 FR 50498, Dec. 7, 1989]

#### § 132.2 Enactment and administration of quotas.

(a) *Enactment*. Tariff-rate quotas and absolute quotas are established by Presidential proclamations, Executive orders, and legislative enactments. These documents are published in the Customs Bulletin.

(b) *Administration*. Quotas vary by the type of commodity involved, the country of exportation, the period or periods the quota is open and the type of quota. Quotas are divided into two categories: Quotas administered directly by Headquarters, U.S. Customs Service, and quotas administered by other agencies which are enforced by Headquarters, U.S. Customs Service, and which may require special procedures or special documentation in accordance with the regulations and directives of the particular agency involved.

(c) *Strict construction employed*. The terms of a Presidential proclamation, Executive order, or legislative enactment establishing a quota, and the regulations implementing the quota, must be strictly complied with.

#### § 132.3 Observation of official hours.

An entry summary for consumption or a withdrawal for consumption for quota-class merchandise shall be presented only during official office hours, except as provided in §§ 132.12 and 141.62(b) of this chapter. For purposes of administering quotas, “official office hours” shall mean 8:30 a.m. to 4:30 p.m. in all time zones.

[T.D. 79-221, 44 FR 46814, Aug. 9, 1979]

#### § 132.4 Quota quantity entry limits.

At the opening of the quota no importer shall be permitted to present entries or withdrawals for consumption of quota-class merchandise for a quantity in excess of the quantity admissible under the applicable quota.

## § 132.5

## 19 CFR Ch. I (4–1–99 Edition)

### § 132.5 Merchandise imported in excess of quota quantities.

(a) *Absolute quota merchandise.* Absolute quota merchandise imported in excess of the quantity admissible under the applicable quota must be disposed of in accordance with paragraph (c) of this section.

(b) *Tariff-rate quota merchandise.* Merchandise imported in excess of the quantity admissible at the reduced quota rate under a tariff-rate quota is permitted entry at the higher duty rate. However, it may be disposed of in accordance with paragraph (c) of this section.

(c) *Disposition of excess merchandise.* Merchandise imported in excess of either an absolute or a tariff-rate quota may be held for the opening of the next quota period by placing it in a foreign-trade zone or by entering it for warehouse, or it may be exported or destroyed under Customs supervision.

### § 132.6 Exception to reduced rates.

Reduced or modified duty rates under tariff-rate quotas established pursuant to section 350 of the Tariff Act of 1930, as amended and extended (19 U.S.C. 1351), are not applicable to products imported directly or indirectly from the countries or areas listed under General Note 3(b), Harmonized Tariff Schedule of the United States (19 U.S.C. 1202).

[T.D. 73–203, 53 FR 20230, July 30, 1973, as amended by T.D. 89–1, 53 FR 51255, Dec. 21, 1988; T.D. 90–78, 55 FR 40166, Oct. 2, 1990]

## Subpart B—Administration of Quotas

### § 132.11 Quota priority and status.

(a) *Determination of quota priority and status.* Quota priority and status are determined as of the time of presentation of the entry summary for consumption, or withdrawal for consumption, in proper form in accordance with § 132.1(d).

(b) *Documentation and deposit of duties in proper form required.* Merchandise covered by an entry summary for consumption, which serves as both the entry and entry summary, or by a withdrawal for consumption, shall be regarded as entered for purposes of

quota priority and shall acquire quota status if:

(1) The entry summary or withdrawal for consumption is in proper form, and duties have been attached to the entry summary or withdrawal for consumption in proper form; or

(2) The entry summary for consumption is in proper form, and the entry/entry summary information and a valid scheduled statement date (pursuant to § 24.25 of this chapter) have been successfully received by Customs via the Automated Broker Interface.

See §§ 141.4, 141.63, 141.68, 141.69, and 141.101 of this chapter.

(c) *Informal entries.* Mail entries or informal entries shall be regarded as presented for purposes of quota priority when all requirements have been met for the preparation of such an entry.

(d) *Premature presentation of entry or withdrawal.* Quota status will not attach to merchandise in a quota period by reason of the presentation of an entry or withdrawal for consumption at any time prior to the opening of that period.

[T.D. 73–203, 38 FR 20230, July 30, 1973, as amended by T.D. 79–221, 44 FR 46814, Aug. 9, 1979; T.D. 89–104, 54 FR 50498, Dec. 7, 1989]

### § 132.11a Time of presentation.

(a) *General rule.* Except as provided in paragraph (b) of this section, the time of presentation of an entry/entry summary for quota purposes shall be the time of delivery in proper form of:

(1) An entry summary for consumption, which serves as both the entry and the entry summary, with estimated duties attached; or

(2) An entry summary for consumption, which shall serve as both the entry and the entry summary without estimated duties attached, if the entry/entry summary information and a valid scheduled statement date have been successfully received by Customs via the Automated Broker Interface (see § 132.1(d)(2); payment must be subsequently made by the statement processing method as set forth in § 24.25 of this chapter); or

(3) A withdrawal for consumption with estimated duties attached.

(b) *Before arrival of merchandise.* The entry summary for consumption, without estimated duties attached, may be

submitted for preliminary review before the merchandise arrives within the limits of the port where entry is to be made. In that case, the time of presentation of the entry summary for consumption shall be the time estimated duties are deposited after the importing carrier arrives within the port limits.

(c) *Failure to use statement processing method.* If presentation is chosen to be made pursuant to § 132.11a(a)(2) and payment is not made as required through the statement processing method, the port director may require filing of an entry summary for consumption with estimated duties attached as described in § 132.11(a)(1) for future filings.

[T.D. 79-221, 44 FR 46814, Aug. 9, 1979, as amended by T.D. 89-104, 54 FR 50498, Dec. 7, 1989]

#### § 132.12 Procedure on opening of potentially filled quotas.

(a) *Preliminary review before opening.* When it is anticipated that a quota will be filled at the opening of the quota period, entry summaries for consumption, or withdrawals for consumption, with estimated duties attached, shall not be presented before 12 noon Eastern Standard Time in all time zones. However, an entry summary for consumption, or withdrawal for consumption, for merchandise which has arrived within the Customs territory of the United States may be submitted for preliminary review without deposit of estimated duties within a time period before the opening approved by the port director. Submission of these documents before opening will not accord the merchandise quota priority or status.

(b) *Simultaneous presentation.* Special arrangements shall be made so that all entry summaries for consumption, or withdrawals for consumption, for quota merchandise may be presented at the exact moment of the opening of the quota in all time zones. All importers prepared to present entry summaries for consumption, or withdrawals for consumption, when the quota opens shall be given equal opportunity to do so. All entry summaries for consumption, or withdrawals for consumption, presented in proper form (including

those submitted for review before opening of the quota period if accompanied by the deposit of estimated duties) shall be considered to have been presented simultaneously.

(c) *Proration of quantities.* (1) The quantities on all entry summaries for consumption, or withdrawals for consumption, submitted simultaneously shall be prorated by Headquarters against the quota quantity admissible to determine the percentage to be allocated to each importer under the quota. Merchandise in excess of the quota shall be disposed of in accordance with § 132.5.

(2) In the event a quota is prorated, entry summaries for consumption, or withdrawals for consumption, with estimated duties attached, shall be returned to the importer for adjustment. The time of presentation for quota purposes, in that event, shall be the exact moment of the opening of the quota provided:

(i) An adjusted entry summary for consumption, or withdrawal for consumption, with estimated duties attached, is deposited within 5 working days after Headquarters authorizes release of the merchandise, and

(ii) The importer takes delivery of the merchandise within 15 working days after release is authorized.

[T.D. 79-221, 44 FR 46814, Aug. 9, 1979]

#### § 132.13 Quotas after opening.

(a) *Procedure when nearing fulfillment.* To secure for each importer the rightful quota priority and status for his quota-class merchandise, and to close the quota simultaneously at all ports of entry:

(1) *For release of merchandise—(i) Tariff-rate.* When instructed by Headquarters, the port director shall require an importer to present an entry summary for consumption, with estimated duties attached, at the over-quota rate of duty until Headquarters has determined the quantity, if any of the merchandise entitled to the quota rate. If any of the merchandise entered at the over-quota rate is entitled to the quota rate, Customs shall amend the entry summary and refund to the importer any excess duties paid. This section does not prohibit an importer

## § 132.14

## 19 CFR Ch. I (4–1–99 Edition)

from obtaining release of the merchandise under the immediate delivery procedure. If an importer desires to enter only that quantity entitled to the quota rate, he may request that the merchandise not be released from Customs custody until Headquarters has determined the quantity entitled to the quota rate.

(ii) *Absolute*. Except as provided for in § 142.21 (e)(2) and (g) of this chapter, absolute quota merchandise shall not be released under the immediate delivery procedure. An entry summary for consumption, with estimated duties attached, setting forth the quantity desired to be entered, shall be presented. However, the merchandise shall not be released until Customs has determined the quantity entitled to absolute quota status and priority.

(iii) *Quota Proration*. When it is determined that entry summaries for consumption or withdrawals for consumption must be amended to permit only the quantity of tariff-rate and absolute quota merchandise determined to be within the quota, the entry summaries for consumption or withdrawals for consumption must be returned to the importer for adjustment. The time of presentation for quota purposes in that event shall be the same as the time of the initial presentation of the entry summaries for consumption or withdrawals for consumption provided:

(A) An adjusted entry summary for consumption, or withdrawals for consumption, with estimated duties attached, is deposited within 5 working days after Headquarters authorizes release of the merchandise, and

(B) The importer takes delivery of the merchandise within 15 working days after release is authorized.

(2) *Report of time of presentation*. The date, hour and minute that an entry summary for consumption or withdrawal for consumption is presented at a port of entry must be indicated on the document by a method deemed acceptable by Customs. The appropriate Customs officer shall report this information to Headquarters.

(b) *Closing of the quota*. Except as provided by § 132.12, at the closing of a quota all entries or withdrawals for consumption which have acquired quota status due to priority of presen-

tation shall be entitled to quota benefits. All other entries or withdrawals are without quota status and are not entitled to any quota benefits. All the latter shall be disposed of in accordance with § 132.5.

[T.D. 73–203, 38 FR 20230, July 30, 1973, as amended by T.D. 79–221, 44 FR 46815, Aug. 9, 1979; T.D. 80–26, 45 FR 3901, Jan. 21, 1980; T.D. 81–260, 46 FR 49841, Oct. 8, 1981; T.D. 88–27, 53 FR 19897, June 1, 1988]

### **§ 132.14 Special permits for immediate delivery; entry of merchandise before presenting entry summary for consumption; permits of delivery.**

(a) *Effect of issuance of special permit for immediate delivery or filing entry documentation before presentation of entry summary*—(1) *Requirements for release*. Quota-class merchandise shall not be released upon filing entry documentation before the proper presentation of an entry summary for consumption, or a withdrawal for consumption, pursuant to § 132.1 of this part. However, quota-class merchandise may be released under a special permit for immediate delivery in accordance with § 142.21(e) of this chapter.

(2) *Effect of release under immediate delivery*. Release of quota-class merchandise under a special permit for immediate delivery before proper presentation of an entry summary for consumption, or a withdrawal for consumption, pursuant to § 132.1 of this part, shall not accord merchandise any quota priority or status or entitle it to any other quota benefit.

(3) *Effect of inadvertent release*. Inadvertent release under a special permit for immediate delivery, or upon filing entry documentation, before proper presentation of an entry summary for consumption, or a withdrawal for consumption, pursuant to § 132.1 of this part, shall not accord the merchandise any quota priority or status or entitle it to any other quota benefit.

(4) *Procedures following inadvertent release*—(i) *Quota nearing fulfillment*. If quota-class merchandise is released inadvertently under a special permit for immediate delivery, or under entry documentation, before the proper presentation of an entry summary for consumption, or a withdrawal for consumption, pursuant to § 132.1 of this

part, and the quota is nearing fulfillment:

(A) The port director may demand the return to Customs custody of the released merchandise in accordance with § 141.113 of this chapter;

(B) The port director shall require the timely presentation of the entry summary for consumption, or a withdrawal for consumption, with the estimated duties attached;

(C) The port director may assess liquidated damages under the bond on Customs Form 301, containing the basic importation and entry bond conditions set forth in § 113.62 of this chapter in an amount equal to the value of the merchandise, plus estimated duties (computed at the over-quota rate for tariff-rate quota merchandise), if the merchandise is (1) released before presentation of an entry summary for consumption or a withdrawal for consumption, with estimated duties attached; (2) the merchandise is not returned to Customs custody within 30 days from the date of demand for redelivery; or (3) the entry summary for consumption, or the withdrawal for consumption, with estimated duties attached, is not presented timely; and

(D) The Fines, Penalties, and Forfeitures Officer may cancel the claim for liquidated damages if he is satisfied by the evidence that release was due to causes wholly beyond the control of the importer, that no act or omission on the part of the importer formed the basis for the release, and that there was no intent on the part of the importer to evade any law or regulation. The port director also may cancel the claim for liquidated damages if the merchandise is redelivered to Customs custody within 30 days from the date of the demand, or if the entry summary for consumption, or withdrawal for consumption, with estimated duties attached, is presented timely.

(ii) *Quota not nearing fulfillment.* If quota-class merchandise is released inadvertently under a special permit for immediate delivery, or under entry documentation, before the proper presentation of an entry summary for consumption, or a withdrawal for consumption, pursuant to § 132.1 of this

part, and the quota is not nearing fulfillment:

(A) The port director shall require the timely presentation of the entry summary for consumption, or a withdrawal for consumption, with estimated duties attached;

(B) The port director may assess liquidated damages under the bond on Customs Form 301, containing the basic importation and entry bond conditions set forth in § 113.62 of this chapter in an amount equal to the value of the merchandise, plus estimated duties (computed at the over quota-rate for tariff-rate quota merchandise), if the merchandise is: (1) Released before presentation of an entry summary for consumption, or a withdrawal for consumption, with estimated duties attached; or (2) if the entry summary for consumption, or the withdrawal for consumption with estimated duties attached, is not presented timely; and

(C) The Fines, Penalties, and Forfeitures Officer may cancel the claim for liquidated damages if he is satisfied by the evidence that the release was due to causes wholly beyond the control of the importer, that no act or omission on the part of the importer formed the basis for release, and that there was no intent on the part of the importer to evade any law or regulation. The port director also may cancel the claim for liquidated damages if the entry summary for consumption, or withdrawal for consumption, with estimated duties attached, is presented timely.

(b) *Permit of delivery*—(1) *Effect of filing.* The issuance of a permit of delivery shall not accord the merchandise any quota priority or status nor entitle it to any other quota benefit.

(2) *Time of issuance*—(i) *Absolute quota merchandise.* A permit of delivery for merchandise subject to an absolute quota shall not be issued before a determination of the quota status of the merchandise.

(ii) *Tariff-rate, quota merchandise.* A permit delivery for merchandise subject to a tariff-rate quota shall not be issued before a determination of the quota status of the merchandise unless

estimated duties are deposited at the over-quota rate of duty.

The importer shall record the unique identifying number of the export certificate on the entry summary or the warehouse withdrawal (CF 7501, column 34).

(b) *Validity of certificate.* The export certificate, to be valid, must meet the requirements of 15 CFR 2012.3(b), and with respect to the requirement of 15 CFR 2012.3(b)(3) that the certificate be distinct and uniquely identifiable, the certificate must have a distinct and unique identifying number composed of three elements set forth in the following order:

### Subpart C—Mail Importation of Absolute Quota Merchandise

#### § 132.21 Regulations applicable.

In addition to the regulations applicable to all mail importations (see part 145 of this chapter), the regulations in this subpart shall apply to mail importations of absolute quota merchandise.

#### § 132.22 When quota is filled.

Any packages containing merchandise subject to an absolute quota which is filled shall be returned to the postmaster for return to the sender immediately as undeliverable mail. The addressee will be notified on Customs Form 3509 or in any other appropriate manner that entry has been denied because the quota is filled.

#### § 132.23 Partial release procedure.

(a) *Notification of quota restrictions.* If because of quota restrictions, a mail importation cannot be released, the director of the port of destination shall notify the addressee on Customs Form 3509 of the procedure required by paragraph (b) of this section, and shall inform the addressee that upon return of the Acknowledgement of Delivery by Postal Service, the packages admissible under the absolute quota will be forwarded to him and the restricted packages will be returned to the sender as inadmissible. The port director may at his discretion hold packages if it appears that the absolute quota will reopen in less than 30 days.

(b) *Acknowledgement of delivery.* An Acknowledgement of Delivery by Postal Service shall be sent to the addressee. He shall be advised that if he desires to secure release of less than the total number of packages of the merchandise, the Acknowledgement of Delivery by Postal Service must be signed by him and returned to the port director. Such Acknowledgment of Delivery by Postal Service shall be in the following form:

#### ACKNOWLEDGMENT OF DELIVERY BY POSTAL SERVICE

In consideration of the fact that certain articles in a mail importation consisting of

(state number) packages mailed to me by \_\_\_\_\_ (name of sender) of

\_\_\_\_\_ (address) on \_\_\_\_\_ (date of mailing), are subject to quota restrictions under which only a portion of such articles may be admitted to entry at one time, and the Postal Service permits no division of the importation before delivery thereof, and since I am desirous of receiving the packages of such importation which are admissible to entry under the quota administered by the United States Customs, I hereby agree and acknowledge that delivery of the package or packages to the United States Customs shall be regarded as delivery by the Postal Service to me.

(Signature of addressee)

(c) *Agreement to less than full delivery.* If, in any case, the sender of a mail package has indicated his agreement to the delivery of less than the entire importation at one time, an Acknowledgment of Delivery by Postal Service need not be secured from the addressee.

(d) *Deposit required.* If a portion of a mail shipment may be released, the port director may require a deposit of an amount sufficient to defray the expenses of repacking merchandise for shipment by mail to the addressee. The shipment shall be under Government frank without new postage.

#### § 132.24 Entry.

Unless a formal entry or entry by appraisalment is required, a mail entry on Customs Form 3419 shall be issued and forwarded with the package to the postmaster for delivery to the addressee and collection of any duties in the same manner as for any other mail package subject to Customs treatment.

#### § 132.25 Undeliverable shipment.

If within a reasonable time, but not to exceed 30 days, the addressee fails to indicate to the port director an intention to receive delivery of the packages or a portion thereof in accordance with the notice on Customs Form 3509 which was sent to him by the port director, the importation shall be treated in the same manner as other undeliverable mail.

(i) Grinding off imprinted trademarks wherever they appear;

(ii) Removing and disposing of plates bearing a trademark or trade name;

(2) The merchandise is imported by the recordant of the trademark or trade name or his designate;

the merchandise shall be seized and forfeiture proceedings instituted. The importer shall be promptly notified of the seizure and liability to forfeiture and his right to petition for relief in accordance with the provisions of part 171 of this chapter.

(b) *Notice of detention.* Notice of detention shall be given in the following manner:

(1) *Articles accompanying importer.* When the articles are carried as accompanying baggage or on the person of persons arriving in the United States, the Customs inspector shall orally advise the importer that the articles are subject to detention.

**§ 133.25 Procedure on detention of articles subject to restriction.**

(a) *In general.* Articles subject to the restrictions of §§ 133.22 and 133.23 shall be detained for 30 days from the date on which the merchandise is presented for Customs examination. The im-

The importer may, during the 30-day period, establish that any of the circumstances described in § 133.22(c) or § 133.23(d) are applicable. Extensions of the 30-day time period may be freely granted for good cause shown.

(b) *Notice of detention and disclosure of information.* From the time merchandise is presented for Customs examination until the time a notice of detention is issued, Customs may disclose to the owner of the trademark or trade name any of the following information in order to obtain assistance in determining whether an imported article bears an infringing trademark or trade name. (c) *Samples available to the trademark or trade name owner.* At any time following presentation of the merchandise for Customs examination, but prior to seizure, Customs may provide a sample of the suspect merchandise to the owner of the trademark or trade name for examination or testing to assist in determining whether the article imported bears an infringing trademark or trade name. To obtain a sample under this section, the trademark/trade name owner must furnish Customs a bond in the form and amount specified by the port director, conditioned to hold the United States, its officers and employees, and the importer or owner of the imported article harmless from any loss or damage resulting from the furnishing of a sample by Customs to the trademark owner. Customs may demand the return of the sample at any time. The owner must return the sample to Customs upon demand or at the conclusion of the examination or testing. In the event that the sample is damaged, destroyed, or lost while in the possession of the trademark or

## § 133.43

importation of lawfully made copies is not a Customs violation.

(c) *Seizure and forfeiture.* The port director shall seize any imported article which he determines is an infringing copy or phonorecord of a copyrighted work protected by Customs. The port director also shall seize an imported article if the importer does not deny a representation that the article is an infringing copy or phonorecord as provided in § 133.43(a). In either case, the port director also shall institute forfeiture proceedings in accordance with part 162 of this chapter. Lawfully made copies are not subject to seizure and forfeiture by Customs.

(d) *Disclosure.* When merchandise is seized under this section, Customs shall disclose to the owner of the copyright the following information, if available, within 30 days, excluding weekends and holidays, of the date of the notice of seizure:

- (1) The date of importation;
- (2) The port of entry;
- (3) A description of the merchandise;
- (4) The quantity involved;
- (5) The name and address of the manufacturer;
- (6) The country of origin of the merchandise;
- (7) The name and address of the exporter; and
- (8) The name and address of the importer.

(e) *Samples available to the copyright owner.* At any time following seizure of the merchandise, Customs may provide a sample of the suspect merchandise to the owner of the copyright for examination, testing, or any other use in pursuit of a related private civil remedy for copyright infringement. To obtain a sample under this section, the copyright owner must furnish to Customs a bond in the form and amount specified by the port director, conditioned to hold the United States, its officers and employees, and the importer or owner of the imported article harmless from any loss or damage resulting from the furnishing of a sample by Customs to the copyright owner. Customs may demand the return of the sample at any time. The owner must return the sample to Customs upon demand or at the conclusion of the examination, testing, or other use in pursuit of a re-

lated private civil remedy for copyright infringement. In the event that the sample is damaged, destroyed, or lost while in the possession of the copyright owner, the owner shall, in lieu of return of the sample, certify to Customs that: "The sample described as [insert description] provided pursuant to 19 CFR 133.42(e) was (damaged/destroyed/lost) during examination, testing, or other use."

(f) *Referral to the U.S. Attorney.* In the event that phonorecords or copies of motion pictures arrive in the U.S. bearing counterfeit labels, Customs officers should consider referring the violation to the U.S. Attorney, Department of Justice, for possible criminal prosecution pursuant to the "Piracy and Counterfeiting Amendments Act of 1982" (18 U.S.C. 2318). This law provides a minimum fine of \$25,000 or imprisonment for not more than one year, or both, for willful infringement of a copyright for commercial advantage, and a maximum fine of \$250,000 or imprisonment for not more than 5 years, or both, where trafficking in counterfeit labels for phonorecords or copies of motion pictures or other audiovisual works is involved.

### § 133.43 Procedure on suspicion of infringing copies.

(a) *Notice to the importer.* If the port director has any reason to believe that an imported article may be an infringing copy or phonorecord of a recorded copyrighted work, he shall withhold delivery, notify the importer of his action, and advise him that if the facts so warrant he may file a statement denying that the article is in fact an infringing copy and alleging that the detention of the article will result in a material depreciation of its value, or a loss or damage to him. The port director also shall advise the importer that in the absence of receipt within 30 days of a denial by the importer that the article constitutes an infringing copy or phonorecord, it shall be considered to be such a copy and shall be subject to seizure and forfeiture.

(b) *Notice to copyright owner.* If the importer of suspected infringing copies or phonorecords files a denial as provided in paragraph (a) of this section, the port director shall furnish to the copyright owner the following information, if available, within 30 days, excluding weekends and holidays, of the receipt of the importer's denial:

- (1) The date of importation;
- (2) The port of entry;
- (3) A description of the merchandise;
- (4) The quantity involved;
- (5) The country of origin of the merchandise; and
- (6) Notice that the imported article will be released to the importer unless, within 30 days from the date of the notice, the copyright owner files with the port director:

(i) A written demand for the exclusion from entry of the detained imported article; and

(ii) A bond, in the form and amount specified by the port director, conditioned to hold the importer or owner of the imported article harmless from any loss or damage resulting from Customs detention in the event the Commissioner or his designee determines that the article is not an infringing copy prohibited importation under section 602 of the Copyright Act of 1976 (17 U.S.C. 602) (See part 113 of this chapter).

(c) *Samples available to the copyright owner.* At any time following presentation of the merchandise for Customs examination, but prior to seizure, Customs may provide a sample of the suspect merchandise to the owner of the copyright for examination or testing to assist in determining whether the article imported is a piratical copy. To obtain a sample under this section, the copyright owner must furnish Customs a bond in the form and amount specified by the port director, conditioned to hold the United States, its officers and employees, and the importer or owner of the imported article harmless from any loss or damage resulting from the furnishing of a sample by Customs to the copyright owner. Customs may demand the return of the sample at any time. The owner must return the sample to Customs upon demand or at the conclusion of the examination or testing. In the event that the sample is

damaged, destroyed, or lost while in the possession of the copyright owner, the owner shall, in lieu of return of the sample, certify to Customs that: "The sample described as [insert description] provided pursuant to 19 CFR 133.43(c) was (damaged/destroyed/lost) during examination or testing for copyright infringement.

(d) *Result of action or inaction by copyright owner.* After notice to the copyright owner that delivery is being withheld for imported articles suspected of being infringing copies of his recorded copyrighted work, the port director shall proceed in accordance with the following procedures:

(1) *Demand and bond; exchange of briefs.* If the copyright owner files a written demand for exclusion of the suspected infringing copies together with a proper bond, the port director shall promptly notify the importer and copyright owner that, during a specified time limited to not more than 30 days, they may submit any evidence, legal briefs or other pertinent material to substantiate the claim or denial of infringement. The burden of proof shall be upon the party claiming that the article is in fact an infringing copy.

(i) *Exchange of briefs.* Before timely submitting the additional evidence, legal briefs, or other pertinent material to Customs, pursuant to paragraph (c)(1) of this section, in regard to the disputed claim of infringement, the importer and the copyright owner shall first provide each other with a copy of all such information, including the importer's denial of infringement and the copyright owner's demand for exclusion. The subsequent submission of this information to Customs shall be accompanied by a written statement confirming that a copy has already been provided to the opposing party. The port director shall notify the importer and the copyright owner that they shall have additional time, not to exceed 30 days, in which to provide a response to the arguments submitted by the opposing party, and that rebuttal arguments, timely submitted, shall be fully considered in the decision-making process. During this rebuttal period and before timely submitting the rebuttal arguments to Customs, the importer and the copyright owner shall

first provide each other with a copy of all such material. The submission of this rebuttal material to Customs shall be accompanied by a written statement confirming that a copy has been provided to the opposing party. The port director shall not accept any additional material from the parties to substantiate the claim or denial of infringement after the final 30-day rebuttal period expires.

(ii) *Decision.* Upon receipt of rebuttal arguments, or 30 days after notification if no rebuttal arguments are submitted, the port director shall forward the entire file, together with a sample of each style that is considered possibly infringing, to Customs Headquarters, (Attention: International Trade Compliance Division, Office of Regulations and Rulings), for decision on the disputed claim of infringement. The final decision on the disputed claim of infringement shall be forwarded to the port director who shall send a copy thereof to the copyright owner as well as to the importer.

(2) *Infringement disclaimed or unsupported.* If the copyright owner disclaims that the specified imported article is an infringing copy of his recorded copyrighted work, or fails to present sufficient evidence or proof to substantiate a claim of infringement, the port director shall release the detained shipment to the importer and all further importations of the same article, by whomsoever imported, without further notice to the copyright owner.

(3) *Failure to file demand or bond.* If the copyright owner fails to file a written demand for exclusion and bond as required by paragraph (b) of this section, the port director shall release the detained articles to the importer and notify the copyright owner of the release.

(4) *Withdrawal of bond.* Where the copyright owner has posted a bond on the grounds that the imported article is infringing, the copyright owner may not withdraw the bond until a decision on the issue of infringement has been reached.

(e) *Alternative procedure: court action.* As an alternative to the administrative procedure described in this section, the copyright owner, whether or not he has recorded his copyright with Customs,

may seek a court order enjoining importation of the article. To obtain Customs enforcement of an injunction, the copyright owner shall submit a certified copy of the court order to the Commissioner of Customs, Attention: Office of the Chief Counsel, Washington, DC 20229. In addition, if the copyright in question is not recorded with Customs, the copyright owner shall submit the \$190 fee required by § 133.33(b) and, if the work is a three-dimensional or other work not readily identifiable by title and author, 5 photographic or other likenesses reproduced on paper approximately 8" × 10½" in size.

#### § 133.44 Decision of disputed claim of infringement.

(a) *Claim of infringement sustained.* Upon determination by the Commissioner of Customs or his designee that the detained article forwarded in accordance with § 133.43(c)(1) is an infringing copy, the port director shall seize the imported article and institute forfeiture proceedings in accordance with part 162 of this chapter. The bond of the copyright owner shall be returned.

(b) *Denial of infringement sustained.* Upon determination by the Commissioner of Customs or his designee that the detained article forwarded in accordance with § 133.43(c)(1) is not an infringing copy, the port director shall release all detained merchandise and transmit the copyright owner's bond to the importer.

(b) *Conditioned relief.* In appropriate cases, except for articles bearing a counterfeit trademark, relief from a forfeiture may be granted pursuant to a petition for relief upon the following conditions and such other conditions as may be specified by the appropriate Customs authority:

(b) *Copyright violations.* Articles forfeited for violation of the copyright laws shall be destroyed.

(c) *Articles bearing a counterfeit trademark.* Merchandise forfeited for violation of the trademark laws shall be destroyed, unless it is determined that the merchandise is not unsafe or a hazard to health and the Commissioner of Customs or his designee has the written consent of the U.S. trademark owner, in which case the Commissioner of Customs or his designee may dispose of the merchandise, after obliteration of the trademark, where feasible, by:

(1) Delivery to any Federal, State, or local government agency that, in the opinion of the Commissioner or his designee, has established a need for the merchandise; or

(2) Gift to any charitable institution that, in the opinion of the Commissioner or his designee, has established a need for the merchandise; or

#### Subpart A—General Provisions

##### § 134.1 Definitions.

When used in this part, the following terms shall have the meaning indicated:

## § 134.2

## 19 CFR Ch. I (4–1–99 Edition)

(a) *Country*. “Country” means the political entity known as a nation. Colonies, possessions, or protectorates outside the boundaries of the mother country are considered separate countries.

(b) *Country of origin*. “Country of origin” means the country of manufacture, production, or growth of any article of foreign origin entering the United States. Further work or material added to an article in another country must effect a substantial transformation in order to render such other country the “country of origin” within the meaning of this part; however, for a good of a NAFTA country, the NAFTA Marking Rules will determine the country of origin.

(c) *Foreign origin*. “Foreign origin” refers to a country of origin other than the United States, as defined in paragraph (e) of this section, or its possessions and territories.

(d) *Ultimate purchaser*. The “ultimate purchaser” is generally the last person in the United States who will receive the article in the form in which it was imported; however, for a good of a NAFTA country, the “ultimate purchaser” is the last person in the United States who purchases the good in the form in which it was imported. It is not feasible to state who will be the “ultimate purchaser” in every circumstance. The following examples may be helpful:

(1) If an imported article will be used in manufacture, the manufacturer may be the “ultimate purchaser” if he subjects the imported article to a process which results in a substantial transformation of the article, even though the process may not result in a new or different article, or for a good of a NAFTA country, a process which results in one of the changes prescribed in the NAFTA Marking Rules as effecting a change in the article’s country of origin.

(2) If the manufacturing process is merely a minor one which leaves the identity of the imported article intact, the consumer or user of the article, who obtains the article after the processing, will be regarded as the “ultimate purchaser.” With respect to a good of a NAFTA country, if the manufacturing process does not result in one

of the changes prescribed in the NAFTA Marking Rules as effecting a change in the article’s country of origin, the consumer who purchases the article after processing will be regarded as the ultimate purchaser.

(3) If an article is to be sold at retail in its imported form, the purchaser at retail is the “ultimate purchaser.”

(4) If the imported article is distributed as a gift the recipient is the “ultimate purchaser”, unless the good is a good of a NAFTA country. In that case, the purchaser of the gift is the ultimate purchaser.

(e) *United States*. “United States” includes all territories and possessions of the United States, except the Virgin Islands, American Samoa, Wake Island, Midway Islands, Kingman Reef, Johnston Island, and the island of Guam.

(f) *Customs territory of the United States*. “Customs territory of the United States,” as used in this chapter includes the States, the District of Columbia, and the Commonwealth of Puerto Rico.

(g) *Good of a NAFTA country*. A “good of a NAFTA country” is an article for which the country of origin is Canada, Mexico or the United States as determined under the NAFTA Marking Rules.

(h) *NAFTA*. “NAFTA” means the North American Free Trade Agreement entered into by the United States, Canada and Mexico on August 13, 1992.

(i) *NAFTA country*. “NAFTA country” means the territory of the United States, Canada or Mexico, as defined in Annex 201.1 of the NAFTA.

(j) *NAFTA Marking Rules*. The “NAFTA Marking Rules” are the rules promulgated for purposes of determining whether a good is a good of a NAFTA country.

(k) *Conspicuous*. “Conspicuous” means capable of being easily seen with normal handling of the article or container.

### § 134.2 Additional duties.

Articles not marked as required by this part shall be subject to additional

duties of 10 percent of the final appraised value unless exported or destroyed under Customs supervision prior to liquidation of the entry, as provided in 19 U.S.C. 1304(f). The 10 percent additional duty is assessable for failure either to mark the article (or container) to indicate the English name of the country of origin of the article or to include words or symbols required to prevent deception or mistake.

[T.D. 72-262, 37 FR 20318, Sept. 29, 1972, as amended by T.D. 90-51, 55 FR 28190, July 10, 1990]

### § 134.3 Delivery withheld until marked and redelivery ordered.

(a) Any imported article (or its container) held in Customs custody for inspection, examination, or appraisal shall not be delivered until marked with its country of origin, or until estimated duties payable under 19 U.S.C. 1304(f), or adequate security for those duties (see § 134.53(a)(2)), are deposited.

(b) The port director may demand redelivery to Customs custody of any article (or its container) previously released which is found to be not marked legally with its country of origin for the purpose of requiring the article (or its container) to be properly marked. A demand for redelivery shall be made, as required under § 141.113(a) of this chapter, not later than 30 days after—

(1) The date of entry, in the case of merchandise examined in public stores and places of arrival, such as docks, wharfs, or piers; or

(2) The date of examination, in the case of merchandise examined at the importer's premises or such other appropriate places as determined by the port director.

(c) Nothing in this part shall be construed as excepting any article (or its container) from the particular requirements of marking provided for in any other provision of law.

### § 134.4 Penalties for removal, defacement, or alteration of marking.

Any intentional removal, defacement, destruction, or alteration of a marking of the country of origin re-

quired by section 304, Tariff Act of 1930, as amended (19 U.S.C. 1304), and this part in order to conceal this information may result in criminal penalties of up to \$5,000 and/or imprisonment for 1 year, as provided in 19 U.S.C. 1304(h).

[T.D. 72-262, 37 FR 20318, Sept. 29, 1972, as amended by T.D. 90-51, 55 FR 28191, July 10, 1990]

## Subpart B—Articles Subject to Marking

### § 134.11 Country of origin marking required.

Unless excepted by law, section 304, Tariff Act of 1930, as amended (19 U.S.C. 1304), requires that every article of foreign origin (or its container) imported into the United States shall be marked in a conspicuous place as legibly, indelibly, and permanently as the nature of the article (or container) will permit, in such manner as to indicate to an ultimate purchaser in the United States the English name of the country of origin of the article, at the time of importation into the Customs territory of the United States. Containers of articles excepted from marking shall be marked with the name of the country of origin of the article unless the container is also excepted from marking.

### § 134.12 Foreign articles reshipped from a U.S. possession.

Articles of foreign origin imported into any possession of the United States outside its Customs territory and reshipped to the United States are subject to all marking requirements applicable to like articles of foreign origin imported directly from a foreign country to the United States.

### § 134.13 Imported articles repacked or manipulated.

(a) *Marking requirement.* An article within the provisions of this section shall be marked with the name of the country of origin at the time the article is withdrawn for consumption unless the article and its container are exempted from marking under provisions of subpart D of this part at the time of importation.

(b) *Applicability.* The provisions of this section are applicable to the following articles:

## § 134.14

(1) Articles repacked in a bonded warehouse under § 19.8 of this chapter;

(2) Articles manipulated under section 562, Tariff Act of 1930, as amended (19 U.S.C. 1562), and § 19.11 of this chapter;

(3) Articles manipulated, but not manufactured, in a foreign-trade zone under § 146.32 of this chapter.

### § 134.14 Articles usually combined.

(a) *Articles combined before delivery to purchaser.* When an imported article is of a kind which is usually combined with another article after importation but before delivery to an ultimate purchaser and the name indicating the country of origin of the article appears in a place on the article so that the name will be visible after such combining, the marking shall include, in addition to the name of the country of origin, words or symbols which shall clearly show that the origin indicated is that of the imported article only and not that of any other article with which the imported article may be combined after importation.

(b) *Example.* Labels and similar articles so marked that the name of the country of origin of the label or article is visible after it is affixed to another article in this country shall be marked with additional descriptive words such as “Label made (or printed) in (name of country)” or words of similar meaning. See subpart C of this part for marking of bottles, drums, or other containers.

(c) *Applicability.* This section shall not apply to articles of a kind which are ordinarily so substantially changed in the United States that the articles in their changed condition become products of the United States. An article excepted from marking under subpart D of this part is not within the scope of section 304(a)(2), Tariff Act of 1930, as amended (19 U.S.C. 1304(a)(2)), and is not subject to the requirements of this section.

## Subpart C—Marking of Containers or Holders

### § 134.21 Special marking.

This subpart includes only country of origin marking requirements and exceptions under section 304(b), Tariff Act of 1930, as amended (19 U.S.C.

## 19 CFR Ch. I (4–1–99 Edition)

1304(b)), for containers or holders. Special marking may be required by the Internal Revenue Service on alcoholic beverage bottles and other requirements may be imposed by reason of the nature of the contents by other Government agencies.

### § 134.22 General rules for marking of containers or holders.

(a) *Contents excepted from marking.* When an article is excepted from the marking requirements by subpart D of this part, the outermost container or holder in which the article ordinarily reaches the ultimate purchaser shall be marked to indicate the country of origin of the article whether or not the article is marked to indicate its country of origin.

(b) *Containers or holders treated as imported articles.* Containers or holders for imported merchandise which are subject to treatment as imported articles under the Harmonized Tariff Schedule of the United States (19 U.S.C. 1202), shall be marked to indicate clearly the country of their own origin in addition to any marking which may be required to show the country of origin of their contents; however, no marking is required for any good of a NAFTA country which is a usual container.

(c) *Containers or holders bearing a U.S. address.* Containers or holders of imported merchandise bearing the name and address of an importer, distributor, or other person or company in the United States shall be marked in close proximity to the U.S. address to indicate clearly the country of origin of the contents with a marking such as “Contents made in France” or “Contents Product of Spain.”

(d) *Usual containers—(1) “Usual container” defined.* For purposes of this subpart, a usual container means the container in which a good will ordinarily reach its ultimate purchaser. Containers which are not included in the price of the goods with which they are sold, or which impart the essential character to the whole, or which have significant uses, or lasting value independent of the contents, will generally not be regarded as usual containers. However, the fact that a container is sturdy and capable of repeated use with its contents does not preclude it from

being considered a usual container so long as it is the type of container in which its contents are ordinarily sold. A usual container may be any type of container, including one which is specially shaped or fitted to contain a specific good or set of goods such as a camera case or an eyeglass case, or packing, storage and transportation materials.

(2) *A good of a NAFTA country which is a usual container.* A good of a NAFTA country which is a usual container, whether or not disposable and whether or not imported empty or filled, is not required to be marked with its own country of origin. If imported empty, the importer must be able to provide satisfactory evidence to Customs at the time of importation that it will be used only as a usual container (that it is to be filled with goods after importation and that such container is of a type in which these goods ordinarily reach the ultimate purchaser).

(e) *Exceptions.* Containers or holders of imported articles are not required to be marked if:

(1) *Excepted articles.* They are containers or holders of articles within the exceptions set forth in paragraph (f), (g), or (h) in § 134.32 or they are containers of a good of a NAFTA country within the exceptions set forth in paragraph (e), (f), (g), (h), (i), (p) or (q) of § 134.32.

(2) *Excepted containers or holders.* The container or holder itself is within an exception set forth in subpart D of this part.

(3) *To be filled by the importer.* The container or holder is within the exception set forth in § 134.24(c).

[T.D. 72-262, 37 FR 20318, Sept. 29, 1972, as amended by T.D. 94-1, 58 FR 69471, Dec. 30, 1993]

#### § 134.23 Containers or holders designed for or capable of reuse.

(a) *Usual and ordinary reusable containers or holders.* Except for goods of a NAFTA country which are usual containers, containers or holders designed for or capable of reuse after the contents have been consumed, whether imported full or empty, must be individually marked to indicate the country of their own origin with a marking such as, "Container Made in (name of

country)." Examples of the containers or holders contemplated are heavy duty steel drums, tanks, and other similar shipping, storage, transportation containers or holders capable of reuse. These containers or holders are subject to the treatment specified in General Rule of Interpretation 5(b), Harmonized Tariff Schedule of the United States (19 U.S.C. 1202).

(b) *Other reusable containers or holders.* Containers or holders which give the whole importation its essential character, as described in General Rule of Interpretation 5(a) (19 U.S.C. 1202), must be individually marked to clearly indicate their own origin with a marking such as, "Container made in (name of country)." Examples of the containers contemplated are mustard jars reusable as beer mugs; shaving soap containers reusable as shaving mugs; fancy cologne bottles reusable as flower vases, and other containers which have a lasting value or decorative use.

[T.D. 72-262, 37 FR 20318, Sept. 29, 1972, as amended by T.D. 89-1, 53 FR 51256, Dec. 21, 1988; T.D. 94-1, 58 FR 69471, Dec. 30, 1993]

#### § 134.24 Containers or holders not designed for or capable of reuse.

(a) *Containers ordinarily discarded after use.* Disposable containers or holders subject to the provisions of this section are the usual ordinary types of containers or holders, including cans, bottles, paper or polyethylene bags, paperboard boxes, and similar containers or holders which are ordinarily discarded after the contents have been consumed.

(b) *Imported empty.* Disposable containers or holders imported for distribution or sale are subject to treatment as imported articles in accordance with the Harmonized Tariff Schedule of the United States (19 U.S.C. 1202), and shall be marked to indicate clearly the country of their own origin. However, when the containers are packed and sold in multiple units (dozens, gross, etc.), this requirement ordinarily may be met by marking the outermost container which reaches the ultimate purchaser.

(c) *Imported to be filled—(1) If unmarked.* When disposable containers or holders or usual containers which are

## § 134.25

goods of a NAFTA country are imported by persons or firms who fill or package them with various products which they sell, these persons or firms are the "ultimate purchasers" of these containers or holders or usual containers which are goods of a NAFTA country and they may be excepted from individual marking pursuant to 19 U.S.C. 1304(a)(3)(D). The outside wrappings or packages containing the containers shall be clearly marked to indicate the country of origin.

(2) *If marked.* If the disposable containers or holders or the usual containers which are goods of a NAFTA country are marked with the country of origin at the time of importation and the marking will be visible after they are filled, the marking shall clearly indicate that the container only and not the contents were made in the named country. For example, bottles, drums, or other containers imported empty, to be filled in the United States, shall be marked with such words as "Bottle (or container) made in (name of country)."

(d) *Imported full—*(1) *When contents are excepted from marking.* Usual disposable containers in use as such at the time of importation shall not be required to be marked to show the country of their own origin, but shall be marked to indicate the origin of their contents regardless of the fact that the contents are excepted from marking requirements; however, such marking is not required if the contents are excepted from marking requirements under paragraph (f), (g), or (h) of § 134.32 or, in the case of a good of a NAFTA country, under paragraph (e), (f), (g), (h), (i), (p) or (q) of that section.

(2) *Sealed containers or holders.* Disposable containers or holders of imported merchandise, which are sold without normally being opened by the ultimate purchaser (e.g., individually wrapped soap bars or tennis balls in a vacuum sealed can), shall be marked to indicate the country of origin of their contents.

(3) *Unsealed containers.* Unsealed disposable containers of imported merchandise normally unopened by the ultimate purchaser, may be excepted from marking if the article is so marked that the country of origin is

## 19 CFR Ch. I (4-1-99 Edition)

clearly visible without unpacking the container. However, if the container is normally opened by the ultimate purchaser prior to purchase, only the article need be marked.

[T.D. 72-262, 37 FR 20318, Sept. 29, 1972, as amended by T.D. 89-1, 53 FR 51255, Dec. 21, 1988; T.D. 94-1, 58 FR 69471, Dec. 30, 1993]

### § 134.25 Containers or holders for repacked J-list articles and articles incapable of being marked.

(a) *Certification requirements.* If an article subject to these requirements is intended to be repacked in new containers for sale to an ultimate purchaser after its release from Customs custody, or if the port director having custody of the article, has reason to believe such article will be repacked after its release, the importer shall certify to the port director that: (1) If the importer does the repacking, the new container shall be marked to indicate the country of origin of the article in accordance with the requirements of this part; or (2) if the article is intended to be sold or transferred to a subsequent purchaser or repacker, the importer shall notify such purchaser or transferee, in writing, at the time of sale or transfer, that any repacking of the article must conform to these requirements. The importer, or his authorized agent, shall sign the following statement.

#### CERTIFICATE OF MARKING—REPACKED J-LIST ARTICLES AND ARTICLES INCAPABLE OF BEING MARKED

(Port of entry) \_\_\_\_\_

I, \_\_\_\_\_ of \_\_\_\_\_, certify that if the article(s) covered by this entry (entry no.(s) dated \_\_\_\_\_), is (are) repacked in a new container(s), while still in my possession, the new containers, unless excepted, shall be marked in a conspicuous place as legibly, indelibly, and permanently as the nature of the container(s) will permit, in such manner as to indicate the country of origin of the article(s) to the ultimate purchaser(s) in accordance with the requirements of 19 U.S.C. 1304 and 19 CFR part 134. I further certify that if the article(s) is (are) intended to be sold or transferred by me to a subsequent purchaser or repacker, I will notify such purchaser or transferee, in writing, at the time of sale or transfer, of the marking requirements.

§ 134.26

The certification statement may appear as a typed or stamped statement on an appropriate entry document or commercial invoice, or on a preprinted attachment to such entry or invoice; or it may be submitted in blanket form to cover all importations of a particular product for a given period (e.g., calendar year). If the blanket procedure is used, a certification must be filed at each port where the article is entered.

(b) *Facsimile signatures.* The certification statement may be signed by means of an authorized facsimile signature.

(c) *Time of filing.* The certification statement shall be filed with the port director at the time of entry summary. If the certification is not available at that time, a bond shall be given for its production in accordance with § 141.66, Customs Regulations (19 CFR 141.66). In case of repeated failure to timely file the certification required under this section, the port director may decline to accept a bond for the missing document and demand redelivery of the merchandise under § 134.51, Customs Regulations (19 CFR 134.51).

(d) *Notice to subsequent purchaser or repacker.* If the article is sold or transferred to a subsequent purchaser or repacker the following notice shall be given to the purchaser or repacker:

NOTICE TO SUBSEQUENT PURCHASER OR  
REPACKER

These articles are imported. The requirements of 19 U.S.C. 1304 and 19 CFR part 134 provide that the articles or their containers must be marked in a conspicuous place as legibly, indelibly and permanently as the nature of the article or container will permit, in such a manner as to indicate to an ultimate purchaser in the United States, the English name of the country of origin of the article.

(e) *Duties and penalties.* Failure to comply with the certification requirements in paragraph (a) may subject the importer to a demand for liquidated damages under § 134.54(a) and for the additional duty under 19 U.S.C. 1304. ### § 134.34 Certain repacked articles.

(a) *Exception for repacked articles.* An exception under § 134.32(d) may be au-

thorized in the discretion of the port director for imported articles which are to be repacked after release from Customs custody under the following conditions:

(1) The containers in which the articles are repacked will indicate the origin of the articles to an ultimate purchaser in the United States.

(2) The importer arranges for supervision of the marking of the containers by Customs officers at the importer's expense or secures such verification, as may be necessary, by certification and the submission of a sample or otherwise, of the marking prior to the liquidation of the entry.

(b) *Liquidation of entries.* The liquidation of such entries may be deferred for a period of not more than 60 days from the date that a request for repacking is granted. Extensions of the 60-day deferral period may be granted by the port director in his discretion upon written application by the importer.

### § 134.35 Articles substantially changed by manufacture.

(a) *Articles other than goods of a NAFTA country.* An article used in the United States in manufacture which results in an article having a name, character, or use differing from that of the imported article, will be within the principle of the decision in the case of *United States v. Gibson-Thomsen Co., Inc.*, 27 C.C.P.A. 267 (C.A.D. 98). Under this principle, the manufacturer or processor in the United States who converts or combines the imported article into the different article will be considered the “ultimate purchaser” of the imported article within the contemplation of section 304(a), Tariff Act of 1930, as amended (19 U.S.C. 1304(a)), and the article shall be excepted from marking. The outermost containers of the imported articles shall be marked in accord with this part.

(b) *Goods of a NAFTA country.* A good of a NAFTA country which is to be processed in the United States in a manner that would result in the good becoming a good of the United States under the NAFTA Marking Rules is excepted from marking. Unless the good is processed by the importer or on its behalf, the outermost container of the

good shall be marked in accord with this part.

[T.D. 72-262, 37 FR 20318, Sept. 29, 1972, as amended by T.D. 94-1, 58 FR 69472, Dec. 30, 1993]

### § 134.36 Inapplicability of marking exception for articles processed by importer.

An article which is to be processed in the United States by the importer or for his account shall not be considered to be within the specifications of section 304(a)(3)(G), of the Tariff Act of 1930, as amended (19 U.S.C. 1304(a)(3)(G)), if there is a reasonable method of marking which will not be obliterated, destroyed, or permanently concealed by such processing.

## Subpart E—Method and Location of Marking Imported Articles

### § 134.41 Methods and manner of marking.

(a) *Suggested methods of marking.* Section 304 of the Tariff Act of 1930, as amended (19 U.S.C. 1304), requires that the marking of the country of origin be legible, indelible, and permanent. Definite methods of marking are prescribed only for articles provided for in § 134.43 and for articles which are the objects of special rulings by the Commissioner of Customs. As a general rule, marking requirements are best met by marking worked into the article at the time of manufacture. For example, it is suggested that the country of origin on metal articles be die sunk, molded in or etched; on earthenware or chinaware be glazed on in the process of firing; and on paper articles be imprinted.

(b) *Degree of permanence and visibility.* The degree of permanence should be at least sufficient to insure that in any reasonably foreseeable circumstance, the marking shall remain on the article (or its container) until it reaches the ultimate purchaser unless it is deliberately removed. The marking must survive normal distribution and store handling. The ultimate purchaser in the United States must be able to find the marking easily and read it without strain.

### § 134.42 Specific method may be required.

Marking merchandise by specific methods, such as die stamping, cast-in-the-mold lettering, etching, or engraving, or cloth labels may be required by the Commissioner of Customs in accordance with section 304(a), Tariff Act of 1930, as amended (19 U.S.C. 1304(a)). Notices of such rulings shall be published in the FEDERAL REGISTER and the Customs Bulletin.

### § 134.43 Methods of marking specific articles.

(a) *Marking previously required by certain provisions of the Tariff Act of 1930.* Except for goods of a NAFTA country, articles of a class or kind listed below shall be marked legibly and conspicuously by die stamping, cast-in-the-mold lettering, etching (acid or electrolytic), engraving, or by means of metal plates which bear the prescribed marking and which are securely attached to the article in a conspicuous place by welding, screws, or rivets: knives, forks, steels, cleavers, clippers, shears, scissors, safety razors, blades for safety razors, surgical instruments, dental instruments, scientific and laboratory instruments, pliers, pincers, nippers and hinged hand tools for holding and splicing wire, vacuum containers, and parts of the above articles. Goods of a NAFTA country shall be marked by any reasonable method which is legible, conspicuous and permanent as otherwise provided in this part.

(b) *Watch, clock, and timing apparatus.* The country of origin marking requirements on watches, clocks, and timing apparatus are intensive and require special methods. (See § 11.9 of this chapter and Chapter 91, Additional U.S. Note 4, Harmonized Tariff Schedule of the United States (19 U.S.C. 1202)).

(c) *Native American-style jewelry—(1) Definition.* For the purpose of this provision, Native American-style jewelry is jewelry which incorporates traditional Native American design motifs, materials and/or construction and therefore looks like, and could possibly be mistaken for, jewelry made by Native Americans.

## § 134.44

## 19 CFR Ch. I (4–1–99 Edition)

(2) *Method of marking.* Except as provided in 19 U.S.C. 1304(a)(3) and in paragraph (c)(3) of this section, Native American-style jewelry must be indelibly marked with the country of origin by cutting, die-sinking, engraving, stamping, or some other permanent method. The indelible marking must appear legibly on the clasp or in some other conspicuous location, or alternatively, on a metal or plastic tag indelibly marked with the country of origin and permanently attached to the article.

(3) *Exception.* If it is technically or commercially infeasible to mark in the manner specified in paragraph (c)(2) of this section, or in the case of a good of a NAFTA country, the article may be marked by means of a string tag or adhesive label securely affixed, or some other similar method.

(d) *Native American-style arts and crafts—(1) Definition.* For the purpose of this provision, Native American-style arts and crafts are arts and crafts, such as pottery, rugs, kachina dolls, baskets and beadwork, which incorporate traditional Native American design motifs, materials and/or construction and therefore look like, and could possibly be mistaken for, arts and crafts made by Native Americans.

(2) *Method of Marking.* Except as provided for in 19 U.S.C. 1304(a)(3) and § 134.32 of this part, Native American-style arts and crafts must be indelibly marked with the country of origin by means of cutting, die-sinking, engraving, stamping, or some other equally permanent method. On textile articles, such as rugs, a sewn in label is considered to be an equally permanent method.

(3) *Exception.* Where it is technically or commercially infeasible to mark in the manner specified in paragraph (d)(2) of this section, or in the case of a good of a NAFTA country, the article may be marked by means of a string tag or adhesive label securely affixed, or some other similar method.

(e) *Assembled articles.* Where an article is produced as a result of an assembly operation and the country of origin of such article is determined under this chapter to be the country in which the article was finally assembled, such ar-

ticle may be marked, as appropriate, in a manner such as the following:

(1) Assembled in (country of final assembly);

(2) Assembled in (country of final assembly) from components of (name of country or countries of origin of all components); or

(3) Made in, or product of, (country of final assembly).

## § 134.44 Location and other acceptable methods of marking.

(a) *Other acceptable methods.* Except for articles described in § 134.43 of this part or the subject of a ruling by the Commissioner of Customs, any method of marking at any location insuring that country of origin will conspicuously appear on the article shall be acceptable. Such marking must be legible and sufficiently permanent so that it will remain on the article (or its container when the container and not the article is required to be marked) until it reaches the ultimate purchaser unless deliberately removed.

(b) *Articles marked with paper sticker labels.* If paper sticker or pressure sensitive labels are used, they must be affixed in a conspicuous place and so securely that unless deliberately removed they will remain on the article while it is in storage or on display and until it is delivered to the ultimate purchaser.

(c) *Articles marked with tags.* When tags are used, they must be attached in a conspicuous place and in a manner which assures that unless deliberately removed they will remain on the article until it reaches the ultimate purchaser.

[T.D. 72–262, 37 FR 20318, Sept. 29, 1972, as amended by T.D. 94–1, 58 FR 69472, Dec. 30, 1993]

## § 134.45 Approved markings of country name.

(a) *Language.* (1) Except as otherwise provided in paragraph (a)(2) of this section, the markings required by this

part shall include the full English name of the country of origin, unless another marking to indicate the English name of the country of origin is specifically authorized by the Commissioner of Customs. Notice of acceptable markings other than the full English name of the country of origin shall be published in the FEDERAL REGISTER and the Customs Bulletin.

(2) A good of a NAFTA country may be marked with the name of the country of origin in English, French or Spanish.

(b) *Abbreviations and variant spellings.* Abbreviations which unmistakably indicate the name of a country, such as "Gt. Britain" for "Great Britain" or "Luxemb" and "Luxembg" for "Luxembourg" are acceptable. Variant spellings which clearly indicate the English name of the country of origin, such as "Brasil" for "Brazil" and "Italie" for "Italy," are acceptable.

(c) *Adjectival form.* The adjectival form of the name of a country shall be accepted as a proper indication of the name of the country of origin of imported merchandise provided the adjectival form of the name does not appear with other words so as to refer to a kind or species of product. For example, such terms as "English walnuts" or "Brazil nuts" are unacceptable.

(d) *Colonies, possessions, or protectorates.* The name of a colony, possession, or protectorate outside the boundaries of the mother country shall usually be considered acceptable marking. When the Commissioner of Customs finds that the name is not sufficiently well known to insure that the ultimate purchasers will be fully informed of the country of origin, or where the name appearing alone may cause confusion, deception, or mistake, clarifying words shall be required. In such cases, the Commissioner of Customs shall specify in decisions published in the FEDERAL REGISTER and the Customs Bulletin the additional wording to be used in conjunction with the name of the colony, possession, or protectorate.

**§ 134.51 Procedure when importation found not legally marked.**

(a) *Notice to mark or redeliver.* When articles or containers are found upon examination not to be legally marked, the port director shall notify the importer on Customs Form 4647 to arrange with the port director's office to properly mark the article or containers, or to return all released articles to Customs custody for marking, exportation, or destruction.

(b) *Identification of articles.* When an imported article which is not legally marked is to be exported, destroyed, or marked under Customs supervision, the

identity of the imported article shall be established to the satisfaction of the port director.

(c) *Supervision.* Verification of marking, exportation, or destruction of articles found not to be legally marked shall be at the expense of the importer and shall be performed under Customs supervision unless the port director accepts a certificate of marking as provided for in § 134.52 in lieu of marking under Customs supervision.

### § 134.52 Certificate of marking.

(a) *Applicability.* Port directors may accept certificates of marking supported by samples of articles required to be marked, for which Customs Form 4647 was issued, from importers or from actual owners complying with the provision of § 141.20 of this chapter, to certify that marking of the country of origin on imported articles as required by this part has been accomplished.

(b) *Filing of certificates of marking.* The certificates of marking shall be filed in duplicate with the port director, and a sample of the marked merchandise shall accompany the certificate. The port director may waive the production of the marked sample when he is satisfied that the submission of such sample is impracticable.

(c) *Notice of acceptance.* The port director shall notify the importer or actual owner when the certificate of marking is accepted. Such notice of acceptance may be granted on the duplicate copy of the certificate of marking by use of a stamped notation of acceptance. The port director is authorized to spot check the marking of articles on which a certificate has been filed. If a spot check is performed, the approved copy of the certificate, if approval is granted, shall be returned to the importer or actual owner after the spot check is completed.

(d) *Filing of false certificate of marking.* If a false certificate of marking is filed with the port director indicating that goods have been properly marked when in fact they have not been so marked, a seizure shall be made or claim for monetary penalty reported under section 592, Tariff Act of 1930, as amended (19 U.S.C. 1592). In addition, in cases involving, willful deceit, a criminal case report may be made charging a viola-

tion of section 1001, title 18, United States Code, which provides for a fine up to \$10,000 and/or imprisonment up to 5 years for anyone who willfully conceals a material fact or uses any document knowing the same to contain any false or fraudulent statement in connection with any matter within the jurisdiction of an agency of the United States.

(e) *Authority to require physical supervision when deemed necessary.* The port director may require physical supervision of marking as specified in § 134.51(c) in those cases in which he determines that such action is necessary to insure compliance with this part. In such cases the expenses of the Customs officer shall be reimbursed to the Government as provided for in § 134.55.

### § 134.53 Examination packages.

(a) *Site of marking—(1) Customs custody.* Articles (or containers) in examination packages may be marked by the importer at the place where they have been discharged from the importing or bonded carrier or in the public stores.

(2) *Importer's premises or elsewhere.* If it is impracticable to mark the articles (or containers) in examination packages as provided in paragraph (a)(1) of this section, the merchandise may be turned over to the importer after the amount of duty, estimated to be payable under 19 U.S.C. 1304(f) has been deposited to insure compliance with the marking requirements and the payment of any additional expense which will be incurred on account of Customs supervision. (See § 134.55.) The port director may at his discretion accept the bond on Customs Form 301, containing the basic importation and entry bond conditions set forth in § 113.62 of this chapter as security for the requirements of 19 U.S.C. 1304 (f) and (g).

(b) *Failure to export, destroy, or properly mark merchandise in examination packages.* If the articles (or containers) in examination packages are not exported, destroyed, or properly marked by the importer within a reasonable time (not more than 30 days), they shall be sent to general-order stores for

### § 134.54 Articles released from Customs custody.

(a) *Demand for liquidated damages.* If within 30 days from the date of the notice of redelivery, or such additional period as the port director may allow for good cause shown, the importer does not properly mark or redeliver all merchandise previously released to him, the port director shall demand payment of liquidated damages incurred under the bond in an amount equal to the entered value of the articles not properly marked or redelivered, plus any estimated duty thereon as determined at the time of entry.

(b) *Failure to petition for relief.* A written petition addressed to the Commissioner of Customs for relief from the payment of liquidated damages may be filed with the Fines, Penalties, and Forfeitures Officer in accord with part 172 of this chapter. If a petition for relief from the payment of liquidated damages is not filed or payment of the liquidated damages is not made within a period of 60 days after the demand for payment, or if the liquidated damages are not paid within 60 days after the denial of the petition for relief, the Fines, Penalties, and Forfeiture Officer shall in accord with part 172 of this chapter report the matter to the U.S. attorney for collection.

(c) *Relief from full liquidated damages.* Any relief from the payment of the full liquidated damages incurred will be contingent upon the deposit of the marking duty required by 19 U.S.C. 1304(f), and the satisfaction of the Fines, Penalties, and Forfeitures Officer that the importer was not guilty of bad faith in permitting the illegally marked articles to be distributed, has been diligent in attempting to secure compliance with the marking requirements, and has attempted by all rea-

sonable means to effect redelivery of the merchandise.
