Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16.....	as of January 1
Title 17 through Title 27	as of April 1
Title 28 through Title 41	as of July 1
Title 42 through Title 50.....	as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, January 1, 2024), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.

Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

PAST PROVISIONS OF THE CODE

Provisions of the Code that are no longer in force and effect as of the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on any given date in the past by using the appropriate List of CFR Sections Affected (LSA). For the convenience of the reader, a “List of CFR Sections Affected” is published at the end of each CFR volume. For changes to the Code prior to the LSA listings at the end of the volume, consult previous annual editions of the LSA. For changes to the Code prior to 2001, consult the List of CFR Sections Affected compilations, published for 1949-1963, 1964-1972, 1973-1985, and 1986-2000.

“[RESERVED]” TERMINOLOGY

The term “[Reserved]” is used as a place holder within the Code of Federal Regulations. An agency may add regulatory information at a “[Reserved]” location at any time. Occasionally “[Reserved]” is used editorially to indicate that a portion of the CFR was left vacant and not dropped in error.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

- (a) The incorporation will substantially reduce the volume of material published in the Federal Register.
- (b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.
- (c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

Subpart A—General

§ 701.1 Administration.

(a) Subject to the availability of funds, this part provides the terms, conditions and requirements of the Emergency Conservation Program (ECP) and the Emergency Forest Restoration Program (EFRP) administered by the Farm Service Agency (FSA). Neither program is an entitlement program and payments will only be made to the extent that the Deputy Administrator announces the eligibility of benefits for certain natural disasters, the areas in which such benefits will be available, the time period in which the disaster and the rehabilitation must occur, and only so long as all the conditions for eligibility specified in this

§ 701.2

7 CFR Ch. VII (1–1–24 Edition)

part and elsewhere in law are met. However, the Deputy Administrator will not apply any non-statutory limitation on payments provided for in this part in such a way that it would necessarily result in the non-expenditure of program funds required to otherwise be made by law.

(b) ECP and EFRP are administered by the Administrator, FSA through the Deputy Administrator, FSA, and shall be carried out in the field by State and county FSA committees (State and county committees), subject to the availability of funds. Except as otherwise provided in this rule, discretionary determinations to be made under this rule will be made by the Deputy Administrator. Matters committed to the discretion of the Deputy Administrator shall be considered in all cases to be permissive powers and no person or legal entity shall, under any circumstances, be considered to be entitled to an exercise of such power in their favor.

(c) State and county committees, and representatives and employees, do not have authority to modify or waive any regulations in this part.

(d) The State committee may take any action authorized or required of the county committee by this part, but which the county committee has not taken, such as:

(1) Correct or require a county committee to correct any action taken by such county committee that is not in accordance with this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(e) No provision or delegation herein to a State or county committee shall preclude the Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(f) The Deputy Administrator may authorize State and county committees to waive or modify deadlines and other requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the program.

(g) The Deputy Administrator may limit the authority of state and county

committees to approve cost share in excess of specified amounts.

(h) Data furnished by the applicants will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, the failure to provide data could result in program benefits being withheld or denied.

(i) FSA may consult with any other Federal agency, State agency, or other provider of technical assistance for such assistance as is determined by FSA to be necessary to implement ECP or EFRP. FSA is responsible for the technical aspects of ECP and EFRP but may enter into a Memorandum of Agreement with another party to provide technical assistance. If the requirement for technical assistance results in undue delay or significant hardship to producers in a county, the State committee may request in writing that FSA waive this requirement for that county. However, nothing in this paragraph or in this part creates a right of appeal or action for an applicant with respect to provisions relating to internal procedures of FSA.

(j) The provisions in this part shall not create an entitlement in any person or legal entity to any ECP or EFRP cost share or claim or any particular notice or form or procedure.

(k) Additional terms and conditions may be set forth in the application or the forms participants will be required to sign for participation in the ECP or EFRP.

[69 FR 10302, Mar. 4, 2004, as amended at 75 FR 70087, Nov. 17, 2010]

§ 701.2 Definitions.

(a) The terms defined in part 718 of this chapter shall be applicable to this part and all documents issued in accordance with this part, except as otherwise provided in this section.

(b) The following definitions shall apply to this part:

Agricultural producer means an owner, operator, or tenant of a farm or ranch used to produce for food or fiber, crops (including but not limited to, grain or row crops; seed crops; vegetables or fruits; hay forage or pasture; orchards or vineyards; flowers or bulbs; or field grown ornamentals) or livestock (including but not limited to, dairy or beef cattle; poultry; swine; sheep or

Farm Service Agency, USDA

§ 701.15

goats; fish or other animals raised by aquaculture; other livestock or fowl) for commercial production. Producers of animals raised for recreational uses only are not considered agricultural producers.

Annual agricultural production means production of crops for food or fiber in a commercial operation that occurs on an annual basis under normal conditions.

Applicant means a person or legal entity who has submitted to FSA a request to participate in the ECP or EFRP.

Cost-share payment means the payment made by FSA to assist a program participant under this part to establish practices required to address qualifying damage suffered in connection with a qualifying disaster.

Deputy Administrator means the Deputy Administrator for Farm Programs, FSA, the ECP Program Manager, or designee.

Farmland means land devoted to agricultural production, including land used for aquaculture, or other land as may be determined by the Deputy Administrator.

Forestland means land that is at least 120 feet wide and 1 acre in size and at least 10 percent covered by live trees of any size.

Natural disaster means wildfires, hurricanes or excessive winds, drought, ice storms or blizzards, floods, or other naturally-occurring resource impacting events as determined by FSA. For EFRP, a natural disaster also includes insect or disease infestations as determined by FSA in consultation with other Federal and State agencies as appropriate.

Nonindustrial private forest land means rural lands with existing tree cover, or which are suitable for growing trees, that are owned by a private non-industrial forest landowner as defined in this section.

Owners of nonindustrial private forest means, for purposes of the EFRP, an individual, group, association, corporation, Indian Tribe, or other legal private entity owning nonindustrial private forest land or who receives concurrence from the landowner for making the claim in lieu of the owner; and, for practice implementation, the one

who holds a lease on the land for a minimum of 10 years. Owners or lessees principally engaged in the primary processing of raw wood products are excluded from this definition. Owners of land leased to lessees who would be excluded under the previous sentence are also excluded.

Socially disadvantaged farmer or rancher means a farmer or rancher who is a member of a socially disadvantaged group. A socially disadvantaged group is a group whose members have been subjected to racial or ethnic prejudice because of their identity as members of a group without regard to their individual qualities.

[69 FR 10302, Mar. 4, 2004, as amended at 75 FR 70088, Nov. 17, 2010]

§ 701.14 Onsite inspections.

(a) An onsite inspection must be made before approval of any request for ECP or EFRP assistance.

(b) Notwithstanding paragraph (a) of this section, onsite inspections may be waived by FSA, in its discretion only, where damage is so severe that an onsite inspection is unnecessary, as determined by FSA.

[69 FR 10302, Mar. 4, 2004, as amended at 75 FR 70088, Nov. 17, 2010]

(a) Subject to paragraphs (b) and (c) of this section, costs will not be shared for practices or components of practices that are started before a request

§ 701.16

for cost share under this part is submitted with the applicable county FSA office.

(b) Costs may be shared for drought and non-drought practices or components of practices that are started before a request is submitted with the county FSA office, only if:

(1) Considered and approved on a case-by-case basis in accordance with instructions of the Deputy Administrator;

(2) The disaster that is the basis of a claim for cost-share assistance created a situation that required the producer to take immediate action to prevent further losses;

(3) The Deputy Administrator determines that the request for assistance was filed within a reasonable amount of time after the start of the enrollment period; and

(4) The practice was started no more than 60 days before the ECP or EFRP designation was approved for the applicable county office.

(c) Any action taken prior to approval of a claim is taken at the producer's own risk.

(d) An application for relief may be denied for any reason.

(e) All payments under this part are subject to the availability of funds.

[69 FR 10302, Mar. 4, 2004, as amended at 75 FR 70088, Nov. 17, 2010]

7 CFR Ch. VII (1-1-24 Edition)

§§ 701.17-701.20 [Reserved]

§ 701.21 Filing payment application.

Cost-share assistance is conditioned upon the availability of funds and the performance of the practice in compliance with all applicable specifications and program regulations.

(a) *Completion of practice.* After completion of the approved practice, the participant must certify completion and request payment by the payment request deadline. FSA will provide the participant with a form or another manner to be used to request payment.

(b) *Proof of completion.* Participants shall submit to FSA, at the local county office, the information needed to establish the extent of the performance of approved practices and compliance with applicable program provisions.

(c) *Payment request deadline.* The time limits for submission of information shall be determined by the Deputy Administrator. The payment request deadline for each ECP practice will be provided in the agreement after the application is approved. Time limits may be extended where failure to submit required information within the applicable time limits is due to reasons beyond the control of the participant.

§ 701.22 Eligibility to file for cost-share assistance.

Any eligible participant, as defined in this part, who paid part of the cost of an approved practice may file an application for cost-share payment.

§ 701.23 Eligible costs.

(a) Cost-share assistance may be authorized for all reasonable costs incurred in the completion of the practice, up to the maximums provided in §§ 701.126, 701.127, and 701.226.

(b) Eligible costs shall be limited as follows:

(1) Costs for use of personal equipment shall be limited to those incurred beyond the normal operation of the eligible land.

(2) Costs for personal labor shall be limited to personal labor not normally required in the operation of the eligible land.

(3) Costs for the use of personal equipment and labor must be less than that charged for such equipment and

Farm Service Agency, USDA

§ 701.32

labor by commercial contractors regularly employed in such areas.

(4) Costs shall not exceed those needed to achieve the minimum performance necessary to resolve the problem being corrected by the practice. Any costs above those levels shall not be considered to be eligible costs for purposes of calculations made under this part.

(c) Costs shall not exceed the practice specifications in § 701.112(d) or § 701.212(d) for cost-share calculations.

(d) The gross amount on which the cost-share eligibility may be computed will not include any costs that were reimbursed by a third party including, but not limited to, an insurance indemnity payment.

(e) Total cost-share payments from all sources shall not exceed the total of eligible costs of the practice to the applicant.

§ 701.24 Dividing cost-share among more than one participant.

(a) For qualifying cost-share assistance under this part, the cost shall be credited to the participant who personally performed the practice or who paid to have it performed by a third party. If a payment or credit was made by one participant to another potential participant, paragraph (c) of this section shall apply.

(b) If more than one participant contributed to the performance of the practice, the cost-share assistance for the practice shall be divided among those eligible participants in the proportion they contributed to the performance of the practice. FSA may determine what proportion was contributed by each participant by considering the value of the labor, equipment, or material contributed by each participant and any other factors deemed relevant toward performance.

(c) Allowance by a participant of a credit to another participant through adjustment in rent, cash or other consideration, may be considered as a cost of a practice to the paying party only if FSA determines that such credit is directly related to the practice. An applicant who was fully reimbursed shall

be considered as not having contributed to the practice performance.

§ 701.25 Practices carried out with aid from ineligible persons or ineligible legal entities.

Any assistance provided by someone other than the eligible participant, including assistance from a State or Federal agency, shall be deducted from the participant's total costs incurred for the practice for the purpose of computing ECP or EFRP cost shares. If unusual conditions exist, the Deputy Administrator may waive deduction of such contributions upon a request from the State committee and demonstration of the need for such a waiver.

§§ 701.26–701.30 [Reserved]

§ 701.31 Maintenance and proper use of practices.

(a) Each participant receiving cost-share assistance is responsible for the required maintenance and proper use of the practice. Some practices have an established life span or minimum period of time during which they are expected to function as a conservation practice with proper maintenance. Cost-share assistance shall not be authorized for normal upkeep or maintenance of any practice.

(b) If a practice is not properly maintained for the established life span, the participant may be required to refund all or part of cost-share assistance received. The Deputy Administrator will determine what constitutes failure to maintain a practice and the amount that must be refunded.

§ 701.32 Failure to comply with program provisions.

Costs may be shared for performance actually rendered even though the minimum requirements otherwise established for a practice have not been satisfied if a reasonable effort was made to satisfy the minimum requirements and if the practice, as performed, will adequately address the need for the practice.

§ 701.33

§ 701.33 Death, incompetency, or disappearance.

In case of death, incompetency, or disappearance of any participant, any cost-share payment due shall be paid to the successor, as determined in accordance with part 707 of this chapter.

§ 701.34 Appeals.

Part 11 of this title and parts 614 and 780 of this chapter apply to determinations made under this part.

The ECP or EFRP participant shall be wholly responsible for any actions taken with respect to the project and shall, in addition, be responsible for returning and refunding any ECP or EFRP cost shares made, where the purpose of the project cannot be accomplished because of the applicants' lack of clearances or other problems.

(a) If FSA determines that a participant has taken any action designed to defeat, or has the effect of defeating, the purposes of this program, the participant shall be required to refund all or part of any of the program payments otherwise due or paid that participant or related person or legal entity for that particular disaster. These actions include, but are not limited to, failure to properly maintain or deliberately destroying a practice and providing false or misleading information related to practices, costs, or arrangements between entities or individuals that would have an effect on any eligibility determination, including, but not limited to, a payment limit eligibility.

(b) All or any part of cost-share assistance that otherwise would be due

any participant may be withheld, or required to be refunded, if the participant has adopted, or participated in, any scheme or device designed to evade the maximum cost-share limitation that applies to the program or to evade any other requirement or provision of the program or this part.

(c) If FSA determines that a participant has employed any scheme or device to deprive any other person or legal entity of cost-share assistance, or engaged in any actions to receive payments under this part that also were designed to avoid claims of the United States or its instrumentalities or agents against that party, related parties, or third parties, the participant shall refund all or part of any of those program payments paid to that participant for the project.

(d) For purposes of this section, a scheme or device can include, but is not limited to, instances of coercion, fraud, or misrepresentation regarding the claim for ECP or EFRP assistance and the facts and circumstances surrounding such claim.

(e) A participant who has knowingly supplied false information or filed a false claim shall be ineligible for cost-share assistance related to the disaster for which the false information was filed, or for any period of time FSA deems appropriate. False information or a false claim includes, but is not limited to, a request for payment for a practice not carried out, a false billing, or a billing for practices that do not meet required specifications.

§§ 701.100–701.102 [Reserved]

§ 701.103 Eligible losses, objective, and payments.

(a) FSA will provide cost-share assistance to farmers and ranchers to rehabilitate farmland damaged by wind erosion, floods, hurricanes, wildfire, or other natural disasters as determined by the Deputy Administrator, and to carry out emergency water conservation measures during periods of severe drought, subject to the availability of funds and only for areas, natural disas-

ters, and time periods approved by the Deputy Administrator.

(b) The objective of the ECP is to make cost-share assistance available to eligible participants on eligible land for certain practices, to rehabilitate farmland damaged by floods, hurricanes, wildfire, wind erosion, or other natural disasters, and for the installation of water conservation measures during periods of severe drought.

(c) Payments may also be made under this subpart for:

(1) Emergency water conservation or water enhancement measures (including measures to assist confined livestock) during periods of severe drought; and

(2) Floodplain easements for runoff and other emergency measures that the Deputy Administrator determines is necessary to safeguard life and property from floods, drought, and the products of erosion on any watershed whenever fire, flood, or other natural occurrence is causing or has caused, a sudden impairment of the watershed.

(d) Payments under this part are subject to the availability of appropriated funds and any limitations that may otherwise be provided for by Congress.

§ 701.104 Producer eligibility.

(a) To be eligible to participate in the ECP the Deputy Administrator must determine that a person or legal entity is an agricultural producer with an interest in the land affected by the natural disaster, and that person or legal entity must be liable for or have paid the expense that is the subject of the cost share. The applicant must be a landowner or user in the area where the qualifying event has occurred, and must be a party who will incur the expense that is the subject of the cost share.

(b) Federal agencies and States, including all agencies and political subdivisions of a State, are ineligible to participate in the ECP.

(c) All producer eligibility is subject to the availability of funds and an application may be denied for any reason.

§ 701.105

7 CFR Ch. VII (1–1–24 Edition)

§ 701.105 Land eligibility.

(a) For land to be eligible, the Deputy Administrator must determine that land that is the subject of the cost share:

(1) Will have new conservation problems caused as a result of a natural disaster that, if not treated, would:

- (i) Impair or endanger the land;
- (ii) Materially affect the productive capacity of the land;
- (iii) Represent unusual damage that, except for wind erosion, is not of the type likely to recur frequently in the same area; and
- (iv) Be so costly to repair that Federal assistance is or will be required to return the land to productive agricultural use. Conservation problems existing prior to the disaster are not eligible for cost-share assistance.

(2) Be physically located in a county in which the ECP has been implemented; and

(3) Be one of the following:

- (i) Land expected to have annual agricultural production,
- (ii) A field windbreak or a farmstead shelterbelt on which the ECP practice to be implemented involves removing debris that interferes with normal farming operations on the farm and correcting damage caused by the disaster; or
- (iii) A farm access road on which debris interfering with the normal farming operation needs to be removed.

(b) Land is ineligible for cost share if the Deputy Administrator determines that it is, as applicable:

(1) Protected by a levee or dike that was not effectively and properly functioning prior to the disaster, or is protected, or intended to be protected, by a levee or dike not built to U.S. Army Corps of Engineers, NRCS, or comparable standards;

(2) Adjacent to water impoundment reservoirs that are subject to inundation when the reservoir is filled to capacity;

(3) Land on which levees or dikes are located;

(4) Subject to frequent damage or susceptible to severe damage according to paragraph (c) of this section;

(5) Subject to flowage or flood easements and inundation when water is released in normal operations;

(6) Between any levee or dike and a stream, river, or body of water, including land between two or more levees or dikes;

(7) Located in an old or new channel of a stream, creek, river or other similar body of water, except that land located within or on the banks of an irrigation canal may be eligible if the Deputy Administrator determines that the canal is not a channel subject to flooding;

(8) In greenhouses or other confined areas, including but not limited to, land in corrals, milking parlors, barn lots, or feeding areas;

(9) Land on which poor farming practices, such as failure to farm on the contour, have materially contributed to damaging the land;

(10) Unless otherwise provided for, not considered to be in annual agricultural production, such as land devoted to stream banks, channels, levees, dikes, native woodland areas, roads, and recreational uses; or

(11) Devoted to trees including, but not limited to, timber production.

(c) To determine the likely frequency of damage and of the susceptibility of the land to severe damage under paragraph (b)(6) of this section, FSA will consider all relevant factors, including, but not limited to, the location of the land, the history of damage to the land, and whether the land was or could have been protected by a functioning levee or dike built to U. S. Army Corps of Engineers, NRCS, or comparable standards. Further, in making such determinations, information may be obtained and used from the Federal Emergency Management Agency or any other Federal, State (including State agencies or political subdivisions), or other entity or individual providing information regarding, for example, flood susceptibility for the land, soil surveys, aerial photographs, or flood plain data or other relevant information.

(d) Additional provisions making Government-owned land eligible is specified in § 701.106.

(a) *State-owned land.* When land is owned by a State, whether it is eligible for cost share is as specified in this paragraph (a) in addition to the requirements in § 701.105.

(1) If an eligible person or legal entity has a lease for the State-owned land that allows cost share, and files a cost share request for the State-owned land, the land is eligible for cost share if, as determined by FSA, the:

(i) Eligible person or legal entity will directly benefit from the practice; or

(ii) The land will remain in agricultural production throughout the established practice life span.

(2) If an eligible person or legal entity files a cost-share request for State-owned land, the land is ineligible for cost share if, as determined by FSA, the:

(i) Practice is for the primary benefit of the State or State agencies; or

(ii) Eligible person or legal entity is prohibited by the lease from accepting cost-share.

(b) *Federally-owned farmland.* When land is federally owned, whether it is eligible for cost-share is as specified in this paragraph (a), in addition to the requirements in § 701.105.

(1) If an eligible person or legal entity files a cost-share request on federally owned farmland, the land is eligible if all of the following apply:

(i) An eligible private person or legal entity is farming or ranching the farmland;

(ii) An eligible person or legal entity has a lease that does not prohibit cost-share;

(iii) The practice will primarily benefit nearby or adjacent privately owned farmland of the eligible person or legal entity performing the practice;

(iv) A person or legal entity performing the practice has authorization from a Federal agency to install and maintain the practice;

(v) The Federal land is the most practical location for the eligible practice; and

(vi) During a drought, the practice will primarily benefit the livestock owned or managed by the eligible person or legal entity performing the practice.

(2) If an eligible person or legal entity files a cost share request on federally-owned land, the land is ineligible if the practices performed on these lands are for the benefit of land owned by a Federal agency.

(c) *Federal or State agency.* For the purposes of this subpart, private persons or legal entities exclude Federal and State agencies.

(a) Where any person who would otherwise be eligible to receive a payment dies before the payment is received, payment may be released in accordance with this section so long as, and only if, a timely program application has been filed by the deceased before the death or filed in a timely way before or after the death by a person legally authorized to act for the deceased. Timeliness will be determined under the relevant program regulations. All program conditions for payment under the relevant program regulations must have been met for the deceased to be considered otherwise eligible for the payment. However, the payment will not be made under this section unless, in addition, a separate release application is filed in accordance with § 707.7. If these conditions are met, payment may be released without regard to the claims of creditors other than the United States, in accordance with the following order of precedence:

(1) To the administrator or executor of the deceased person's estate.

(2) To the surviving spouse, if there is no administrator or executor and none is expected to be appointed, or if an administrator or executor was appointed but the administration of the estate is closed (i) prior to application by the administrator or executor for such payment or (ii) prior to the time when a check, draft, or certificate issued for such payment to the administrator or executor is negotiated or used.

(3) If there is no surviving spouse, to the sons and daughters in equal shares. Children of a deceased son or daughter

of a deceased person shall be entitled to their parent's share of the payment, share and share alike. If there are no surviving direct descendants of a deceased son or daughter of such deceased person, the share of the payment which otherwise would have been made to such son or daughter shall be divided equally among the surviving sons and daughters of such deceased person and the estates of any deceased sons or daughters where there are surviving direct descendants.

(4) If there is no surviving spouse and no direct descendant, payment shall be made to the father and mother of the deceased person in equal shares, or the whole thereof to the surviving father or mother.

(5) If there is no surviving spouse, no direct descendant, and no surviving parent, payment shall be made to the brothers and sisters of the deceased person in equal shares. Children of a deceased brother or sister shall be entitled to their parent's share of the payment, share and share alike. If there are no surviving direct descendants of the deceased brother or sister of such deceased person, the share of the payment which otherwise would have been made to such brother or sister shall be divided equally among the surviving brothers and sisters of such deceased person and the estates of any deceased brothers or sisters where there are surviving direct descendants.

(6) If there is no surviving spouse, direct descendant, parent, or brothers or sisters or their descendants, the payment shall be made to the heirs-at-law in accordance with the law of the State of domicile of the deceased person.

(b) If any person who is entitled to payment under the above order of precedence is a minor, payment of his share shall be made to his legal guardian, but if no legal guardian has been appointed payment shall be made to his natural guardian or custodian for his benefit, unless the minor's share of the payment exceeds \$1,000, in which event payment shall be made only to his legal guardian.

(c) Any payment which the deceased person could have received may be made jointly to the persons found to be entitled to such payment or shares thereof under this section or, pursuant

§ 707.4

to instructions issued by the Farm Service Agency, a separate payment may be issued to each person entitled to share in such payment.

§ 707.4 Disappearance.

(a) Where any person who would otherwise be eligible to receive a payment disappears before the payment is received, payment may be released in accordance with this section so long as, and only if, a timely program application has been filed by that person before the disappearance or filed timely before or after the disappearance by someone legally authorized to act for the person involved. Timeliness will be determined under the relevant program regulations. All program conditions for payment under the relevant program regulations must have been met for the person involved to be considered otherwise eligible for the payment. However, the payment will not be made unless, in addition, a separate release application is filed in accordance with § 707.7. If these conditions are met, payment may be released without regard to the claims of creditors other than the United States, in accordance with the following order of precedence:

(1) The conservator or liquidator of his estate, if one be duly appointed.

(2) The spouse.

(3) An adult son or daughter or grandchild for the benefit of his estate.

(4) The mother or father for the benefit of his estate.

(5) An adult brother or sister for the benefit of his estate.

(6) Such person as may be authorized under State law to receive payment for the benefit of his estate.

(b) A person shall be deemed to have disappeared if (1) he has been missing for a period of more than 3 months, (2) a diligent search has failed to reveal his whereabouts, and (3) such person has not communicated during such period with other persons who would be expected to have heard from him. Evidence of such disappearance must be presented to the county committee in the form of a statement executed by the person making the application for payment, setting forth the above facts, and must be substantiated by a state-

§ 707.5 Incompetency.

(a) Where any person who would otherwise be eligible to receive a payment is adjudged incompetent by a court of competent jurisdiction before the payment is received, payment may be released in accordance with this section so long as, and only if, a timely and binding program application has been filed by the person involved while capable or by someone legally authorized to file an application for the person involved. Timeliness is determined under the relevant program regulations. In all cases, the payment application must have been timely under the relevant program regulations and all program conditions for payment must have been met by or on behalf of the person involved. However, the payment will not be made unless, in addition, a separate release application is filed in accordance with § 707.7. If these conditions are met, payment may be released without regard to the claims of creditors other than the United States, to the guardian or committee legally appointed for the person involved. In case no guardian or committee had been appointed, payment, if for not more than \$1,000, may be released without regard to claims of creditors other than the United States, to one of the following in the following order for the benefit of the person who was the subject of the adjudication:

(1) The spouse.

(2) An adult son, daughter, or grandchild.

(3) The mother or father.

The release of funds under this paragraph will be made without regard to claims of creditors other than the United States unless the agency determines otherwise.

[75 FR 81836, Dec. 30, 2010]

§ 707.6 Death, disappearance, or incompetency of one eligible to apply for payment pursuant to the regulations in this part.

In case any person entitled to apply for a release of a payment pursuant to the provisions of § 707.3, § 707.4, § 707.5, or this section, dies, disappears, or is adjudged incompetent, as the case may be, after he has applied for such payment but before the payment is received, payment may be made upon proper application therefor, without regard to claims of creditors other than the United States, to the person next entitled thereto in accordance with the order of precedence set forth in § 707.3, § 707.4, or § 707.5, as the case may be.

[30 FR 6246, May 5, 1965, as amended at 75 FR 81836, Dec. 29, 2010]

§ 707.7 Release application.

No payment may be made under this part unless a proper program application was filed in accordance with the rules for the program that generated the payment. That application must have been timely and filed by someone legally authorized to act for the deceased, disappeared, or declared-incompetent person. The filer can be the party that earned the payment themselves—such as the case of a person who filed a program application before they died—or someone legally authorized to act for the party that earned the payment. All program conditions for payment must have been met before the death, disappearance, or incompetency except for the timely filing of the application for payment by the person legally authorized to act for the party earning the payment. But, further, for the payment to be released under the rules of this part, a second

application must be filed. That second application is a release application filed under this section. In particular, as to the latter, where all other conditions have been met, persons desiring to claim payment for themselves or an estate in accordance with this part 707 must do so by filing a release application on Form FSA-325, "Application for Payment of Amounts Due Persons Who Have Died, Disappeared or Have Been Declared Incompetent. If the person who died, disappeared, or was declared incompetent did not apply for payment by filing the applicable program application for payment form, such program application for payment must also be filed in accordance with applicable regulations. If the payment is made under the Naval Stores Conservation Program, Part II of the Form FSA-325 shall be executed by the local District Supervisor of the U.S. Forest Service. In connection with applications for payment under all other programs itemized in § 707.1, Form FSA-325, and program applications for payments where required, shall be filed with the FSA county office where the person who earned the payment would have been required to file his application.

This part governs how FSA administers marketing quotas, allotments, base acres, and acreage reports for those programs to which this part applies. The regulations to which this part applies are those that establish procedures for measuring allotments and program eligible acreage, for determining program compliance, farm reconstitutions, application of finality, and equitable relief from compliance or ineligibility.

(b) For all programs, except for those administered under parts 761 through 774 of this chapter:

(1) The provisions of this part will be administered under the general supervision of the Administrator, FSA, and carried out in the field by State and county FSA committees (State and county committees);

(2) State and county committees, and representatives and employees thereof, do not have authority to modify or waive any regulations in this part;

(4) The Deputy Administrator, FSA, may authorize State and county committees to waive or modify deadlines and other requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the program.

(c) The programs under parts 761 through 774 will be administered according to the part, or parts, applicable to the specific program.

§ 718.9

§ 718.8 Administrative county and servicing FSA county office.

(a) FSA farm records are maintained in an administrative county determined by FSA. Generally, a farm's administrative county is based on the physical location county of the farm. If all land on the farm is physically located in one physical location county, the farm's records will be administratively located in that physical location county.

(b) In cases where there is no FSA office in the county in which the farm is physically located or where a servicing FSA county office is responsible for more than one administrative county, the farm records will be administratively located as specified in paragraph (a) of this section and with a servicing FSA county office that FSA as designated as responsible for that administrative county.

(c) Farm operators and owners can conduct their farm's business in any FSA county office. FSA's designation of a farm's administrative county is based on where land of the farm is located as specified in paragraph (a) of this section or as might be required under paragraph (b) of this section.

(d) Farm operators and owners can request a change to their servicing FSA county office and that request may necessitate a change to the farm's administrative county as specified in paragraph (a) or (b) of this section. If the requested servicing FSA county office is not responsible for and does not have an administrative county for the physical location of the farm according to paragraphs (a) or (b) of this section and FSA approves the request for change of servicing FSA county office, FSA will designate the administrative county for the farm from those available in the requested servicing FSA county office.

(e) If a county contiguous to the county in which the farm is physically located in the same State does not have a servicing FSA county office, the farm will be administratively located by FSA in a contiguous county in another contiguous State that is convenient to the farm operator and owner. Requests for changes to a farm's servicing FSA county office, which may or may not result in a change to a farm's

administrative county under this section, must be submitted to FSA by August 1 of each year for the change to take effect that calendar year.

(f) When land on the farm is physically located in more than one county, the farm will be administered by a servicing FSA county office determined by FSA to be the administrative county responsibility for administration of programs for one or more of the physical counties involved in the farm's constitution. Paragraph (b), (c), or (d) of this section applies if changes occur to the servicing FSA county office and administrative county.

(g) Farm operators and owners cannot request a change to a farm's administrative county. The operator and owner of a farm serviced by an FSA county office responsible for a farm's administrative county can request a change of servicing FSA county office to another FSA servicing county office in the same State by August 1 for the change to take effect that calendar year. Review and approval of any change to the servicing FSA county office is solely at the discretion of FSA. Requests for change in servicing FSA county office, which may or may not result in a change to a farm's administrative county, will be reviewed and approved by county committee if all the following can be determined to apply:

(1) The requested change does not impact the constitution of a farm;

(2) The requested change will not result in increased program eligibility or additional benefits for the farm's producers that would not be earned absent the change in servicing FSA county office and, if applicable, administrative county being made; and

(3) The change is not to circumvent any of the provisions of other program regulations to which this part applies.

(h) The State committee will submit all requests for exceptions from regulations specified in this section to the Deputy Administrator.

[84 FR 45886, Sept. 3, 2019]

§ 718.9 Signature requirements.

(a) When a program authorized by this chapter or chapter XIV of this title requires the signature of a producer, landowner, landlord, or tenant,

§718.10

then a spouse may sign all such FSA or CCC documents on behalf of the other spouse, except as otherwise specified in this section, unless such other spouse has provided written notification to FSA and CCC that such action is not authorized. The notification must be provided to FSA for each farm.

(b) A spouse may not sign a document on behalf of the other spouse with respect to:

(1) Program document required to be executed in accordance with part 3 of this title;

(2) Easements entered into under part 1410 of this title;

(3) Power of attorney;

(4) Such other program documents as determined by FSA or CCC.

(c) An individual; duly authorized officer of a corporation; duly authorized partner of a partnership; executor or administrator of an estate; trustee of a trust; guardian; or conservator may delegate to another the authority to act on their behalf with respect to FSA and CCC programs administered by USDA service center agencies by execution of a Power of Attorney, or such other form as approved by the Deputy Administrator. FSA and CCC may, at their discretion, allow the delegations of authority by other individuals through use of the Power of Attorney or such other form as approved by the Deputy Administrator.

(d) Notwithstanding another provision of this regulation or any other FSA or CCC regulation in this title, a parent may execute documents on behalf of a minor child unless prohibited by a statute or court order.

(e) Notwithstanding any other provision in this title, an authorized agent of the Bureau of Indian Affairs (BIA) of the United States Department of Interior may sign as agent for landowners with properties affiliated with or under the management or trust of the BIA. For collection purposes, such payments will be considered as being made to the persons who are the beneficiaries of the payment or may, alternatively, be considered as an obligation of all persons on the farm in general. In the event of a need for a refund or other claim may be collected, among other means, by other monies due such persons or the farm.

7 CFR Ch. VII (1–1–24 Edition)

(f) Documents that were previously acted on and approved by the FSA county office or county committee will not subsequently be determined inadequate or invalid because of the lack of signature authority of any person signing the document on behalf of the applicant or any other individual, entity, general partnership, or joint venture, unless the person signing the program document knowingly and willfully falsified the evidence of signature authority or a signature. However, FSA may require affirmation of the document by those parties deemed appropriate for an affirmation, as determined by the Deputy Administrator. Nothing in this paragraph relieves participants of any other program requirements.

[68 FR 16172, Apr. 3, 2003; 69 FR 250, Jan. 5, 2004, as amended at 80 FR 41995, July 16, 2015]

Or in case the action required to be taken may be performed by mailing, the action shall be considered to be taken within the prescribed period if the mailing is postmarked by midnight of such next working day. Where the action required to be taken is with a prescribed number of days after the mailing of notice, the day of mailing shall be excluded in computing such period of time.

§718.11 Disqualification due to Federal crop insurance violation.

provides false or inaccurate information to the Federal Crop Insurance Corporation (FCIC) or to an approved insurance provider with respect to a policy or plan of FCIC insurance, after notice and an opportunity for a hearing on the record, will be subject to one or more of the sanctions described in section 515(h)(3). In section 515(h)(3), the FCIA specifies that in the case of a violation committed by a producer, the producer may be disqualified for a period of up to 5 years from receiving any monetary or non-monetary benefit under a number of programs. - (7) The Consolidated Farm and Rural Development Act (7 U.S.C. 1921 *et seq.*).
- (8) Any law that provides assistance to a producer of an agricultural commodity affected by a crop loss or a decline in prices of agricultural commodities.

(b) Violation determinations are made by FCIC. However, upon notice from FCIC to FSA that a producer has been found to have committed a violation to which paragraph (a) of this section applies, that person will be ineligible for payments under the programs specified in paragraph (a) of this section that are funded by FSA for the same period of time for which, as determined by FCIC, the producer will be ineligible for crop insurance benefits of the kind referred to in paragraph (a)(1) of this section. Appeals of the determination of ineligibility will be administered under the rules set by FCIC.

(3) Similarly affected other producers in the area, as determined by CCC.

(b) FSA may approve acreage as “prevented planted acreage” if all other conditions for such approval are met and provided the conditions in paragraphs (b)(1) through (6) of this section are met.

(1) Except as specified in paragraph (b)(2) of this section, producers must report the acreage, on forms specified by FSA, within 15 calendar days after the final planting date determined for the crop by FSA.

(2) If the acreage is reported after the period identified in paragraph (b)(1) of this section, the application must be filed in time to permit:

(i) The county committee or its authorized representative to make a farm visit to verify eligible disaster conditions that prevented the specified acreage or crop from being planted; or

(ii) The county committee or its authorized representative the opportunity to determine, based on visual inspection, that the acreage or crop in question was affected by eligible disaster conditions such as damaging weather or other adverse natural occurrences that prevented the acreage or crop from being planted.

(3) A farm visit to inspect the acreage or crop is required for all late-filed acreage reports where prevented planting credit is sought. Under no circumstance may acreage reported after the 15-day period referenced in paragraph (b)(1) of this section be deemed acceptable unless the criteria in paragraph (b)(2) of this section are met. State and county committees do not have the authority to waive the field inspection and verification provisions for late-filed reports.

(4) All determinations made during field inspections must be documented on each late-filed acreage report, with

results also recorded in county committee minutes to support the documentation.

(5) The acreage must have been prevented from being planted as the result of a natural disaster and not a management decision.

(6) The prevented planted acreage report was approved by the county committee. The county committee may disapprove prevented planted acreage credit if it is not satisfied with the documentation provided.

(c) To receive prevented planted credit for acreage, the producer must show to the satisfaction of FSA that the producer intended to plant the acreage. Documentation supporting such intent includes documents related to field preparation, seed purchase, and any other information that shows the acreage could and would have been planted and harvested absent the natural disaster or eligible cause of loss that prevented the planting.

(d) Prevented planted acreage credit will not be given to crops where the prevented-planted acreage was affected by drought, unless:

(1) On the final planting date for non-irrigated acreage, the area that is prevented from being planted has insufficient soil moisture for germination of seed and progress toward crop maturity because of a prolonged period of dry weather, as determined by CCC; and

(2) Prolonged precipitation deficiencies exceeded the D2 level as determined using the U.S. Drought Monitor; and

(3) Verifiable information is collected from sources whose business or purpose it is to record weather conditions, as determined by CCC, and including but not limited to the local weather reporting stations of the U.S. National Weather Service.

(e) Prevented planted acreage credit under this part applies to irrigated crops where the acreage was prevented from being planted due to a lack of water resulting from drought conditions or contamination by saltwater intrusion of an irrigation supply resulting from drought conditions if there was not a reasonable probability of having adequate water to carry out an irrigation practice.

(f) Acreage ineligible for prevented planting coverage includes, but is not limited to, acreage:

(1) With respect to which the planting history or conservation plans indicate it would remain fallow for crop rotation purposes;

(2) Used for conservation purposes or intended to be or considered to have been left unplanted under any program administered by USDA, including the Conservation Reserve and Wetland Reserve Programs;

(3) Not planted because of a management decision;

(4) Affected by the containment or release of water by any governmental, public, or private dam or reservoir project, if an easement exists on the acreage affected for the containment or release of water;

(5) Where any other person receives a prevented planted payment for any crop for the same crop year, unless the acreage meets all the requirements for double cropping under this part;

(6) Where pasture or other forage crop is in place on the acreage during the time that planting of the crop generally occurs in the area;

(7) Where another crop is planted (previous or subsequent) that does not meet the double cropping definition;

(8) Where any volunteer or cover crop is hayed, grazed, or otherwise harvested on the acreage for the same crop year;

(9) Where there is an inadequate supply of irrigation water beginning on the Federal crop insurance sale closing date for the previous crop year or the Noninsured Crop Disaster Assistance Program (NAP) application closing date for the crop as specified in part 1437 of this title through the final planting date of the current year;

(10) On which a failure or breakdown of irrigation equipment or facilities, unless the failure or breakdown is due to a natural disaster;

(11) That is under quarantine imposed by a county, State, or Federal government agency;

(12) That is affected by chemical or herbicide residue, unless the residue is due to a natural disaster;

(13) That is affected by drifting herbicide;

§718.104

7 CFR Ch. VII (1-1-24 Edition)

(14) On which a crop was produced, but the producer was unable to obtain a market for the crop;

(15) Involving a planned planting of a “value loss crop” as that term is defined for NAP as specified in part 1437 of this title, including, but not limited to, Christmas trees, aquaculture, or ornamental nursery, for which NAP assistance is provided under value loss procedure;

(16) For which the claim for prevented planted credit relates to trees or other perennials unless the producer can prove resources were available to plant, grow, and harvest the crop, as applicable;

(17) That is affected by wildlife damage;

(18) Upon which, the reduction in the water supply for irrigation is due to participation in an electricity buy-back program, or the sale of water under a water buy-back or legislative changes regarding water usage, or any other cause which is not a natural disaster; or

(19) That is devoted to non-cropland.

(g) CCC may allow exceptions to acreage ineligible for prevented planting coverage when surface water or ground water is reduced because of a natural disaster (as determined by CCC).

(h) Failed acreage is acreage that was planted with the proper equipment during the planting period but failed as a result of an eligible cause of loss, as determined by CCC.

(i) To be approved by CCC as failed acreage the acreage must have been reported as failed acreage before disposition of the crop, and the acreage must have been planted under normal conditions but failed as the result of a natural disaster and not a management decision. Producers who file a failed acreage report must have the request acted on by the county committee. The county committee will deny the acreage report if it is not satisfied with the documentation provided.

(j) To receive failed acreage credit the producer must show all of the following:

(1) That the acreage was planted under normal conditions using the proper equipment with the intent to harvest the acreage.

(2) Provide documentation that the crop was planted using farming practices consistent for the crop and area, but could not be brought to harvest because of disaster-related conditions.

(k) The eligible cause for failed acreage must have:

(1) Occurred after the crop was planted, and

(2) Before the normal harvest date for the crop in the applicable crop year or in the case of multiple plantings, the harvest date of the first planting in the applicable planting period, and

(3) Other producers in the area were similarly affected as determined by CCC.

(1) Eligible failed acreage will be determined on the basis of the producer planting the crop under normal conditions with the expectation to take the crop to harvest.

(m) Acreage ineligible for failed acreage credit includes, but is not limited to acreage:

(1) Which was planted using methods that could not be considered normal for the area and without the expectation of harvest;

(2) Used for conservation purposes or intended to be or considered to have been un-harvested under any program administered by USDA, including the Conservation Reserve and Wetland Reserve Programs; or

(3) That failed because of a management decision.

§718.104 Late-filed and revised acreage reports.

(a) Late-filed acreage reports may be accepted after the final reporting date through the crop’s immediately subsequent crop year’s final reporting date and processed by FSA if both of the following apply:

(1) The crop or identifiable crop residue remains in the field, permitting FSA to verify and determine the acreage and

(2) The crop acreage and common land unit for which the reported crop acreage report is being filed has not already been determined by FSA.

(b) Acreage reports submitted later than the date specified in paragraph (a)

of this section will not be processed by FSA and will not be used for program purposes.

(c) The person or legal entity filing a report late must pay the cost of a farm inspection and measurement unless FSA determines that failure to report in a timely manner was beyond the producer's control. The cost of the inspection and measurement is equal to the amount FSA would charge for measurement service; however, FSA's determination of acreage as a result of the inspection and measurement is not considered a paid for measurement service under § 718.101. The acreage measured will be entered as determined acres.

(d) When an acceptable late-filed acreage report is filed in accordance with this section, the reported crop acreage will be entered for the amount that was actually reported to FSA before FSA determined acres, and the determined crop acreage will be entered as it was determined and established by FSA.

(e) Revised acreage reports may be filed to change the acreage reported if:

(1) The acreage has not already been determined by FSA; and

(2) Actual crop or residue is present in the field.

(f) Revised reports will be filed and accepted:

(1) At any time for all crops if the crop or residue still exists in the field for inspection to verify the existence and use made of the crop, the lack of the crop, or a disaster condition affecting the crop; and

(2) If the producer was in compliance with all other program requirements at the reporting date.

[71 FR 13742, Mar. 17, 2006, as amended at 80 FR 41996, July 16, 2015; 84 FR 45887, Sept. 3, 2019]

§ 718.105 Tolerances and adjustments.

(a) Tolerance is the amount by which the determined acreage for a crop may differ from the reported acreage or allotment for the crop and still be considered in compliance with program requirements under §§ 718.102(b)(1), (b)(3) and (b)(5).

(b) Tolerance rules apply to those fields for which a staking and referencing was performed but such acre-

age was not planted according to those measurements or when a measurement service is not requested for acreage destroyed to meet program requirements.

(c) Tolerance rules do not apply to:

(1) Program requirements of §§ 718.102(b)(2), (b)(4) and (b)(6);

(2) Official fields upon which the entire field is devoted to one crop;

(3) Those fields for which staking and referencing was performed and such acreage was planted according to those measurements; or

(4) The adjusted acreage for farms using measurement after planting which have a determined acreage greater than the marketing quota crop allotment.

(d) If the acreage report for a crop is outside the tolerance for that crop:

(1) FSA may consider the requirements of §§ 718.102 (b)(1), (b)(3) and (b)(5) not to have been met;

(2) Participants may be ineligible for all or a portion of payments or benefits subject to the requirements of §§ 718.102 (b)(1), (b)(3) and (b)(5); and

(3) Participants may be ineligible for all or a portion of payments or benefits under a program that requires accurate crop acreage reports under rules governing the program.

[68 FR 16176, Apr. 3, 2003, as amended at 80 FR 41996, July 16, 2015; 84 FR 45887, Sept. 3, 2019]

§ 718.106 Non-compliance and false acreage reports.

(a) Participants who provide false or inaccurate acreage reports may be ineligible for some or all payments or benefits, subject to the requirements of § 718.102(b)(1) and (3).

(b) [Reserved]

[80 FR 41996, July 16, 2015]

§ 718.107 Acreages.

(a) If an acreage has been established by FSA for an area delineated on an aerial photograph or within a GIS, such acreage will be recognized by the county committee as the acreage for the area until such time as the boundaries of such area are changed. When boundaries not visible on the aerial photograph are established from data furnished by the producer, such acreage shall not be recognized as official

§ 718.108

acreage until an authorized representative of FSA verifies the boundaries.

(b) Measurements of any row crop shall extend beyond the planted area by the larger of 15 inches or one-half the distance between the rows.

(c) The entire acreage of a field or subdivision of a field devoted to a crop shall be considered as devoted to the crop subject to a deduction or adjustment except as otherwise provided in this part.

§ 718.108 Measuring acreage including skip row acreage.

(a) When one crop is alternating with another crop, whether or not both crops have the same growing season, only the acreage that is actually planted to the crop being measured will be considered to be acreage devoted to the measured crop.

(b) Subject to the provisions of this paragraph and section, whether planted in a skip row pattern or without a pattern of skipped rows, the entire acreage of the field or subdivision may be considered as devoted to the crop only where the distance between the rows, for all rows, is 40 inches or less. If there is a skip that creates idle land wider than 40 inches, or if the distance between any rows is more than 40 inches, then the area planted to the crop shall be considered to be that area which would represent the smaller of; a 40 inch width between rows, or the normal row spacing in the field for all other rows in the field—those that are not more than 40 inches apart. The allowance for individual rows would be made based on the smaller of actual spacing between those rows or the normal spacing in the field. For example, if the crop is planted in single, wide rows that are 48 inches apart, only 20 inches to either side of each row (for a total of 40 inches between the two rows) could, at a maximum, be considered as devoted as the crop and normal spacing in the field would control. Half the normal distance between rows will also be allowed beyond the outside planted rows not to exceed 20 inches and will reflect normal spacing in the field.

(c) In making calculations under this section, further reductions may be made in the acreage considered planted

7 CFR Ch. VII (1–1–24 Edition)

if it is determined that the acreage is more sparsely planted than normal using reasonable and customary full production planting techniques.

(d) The Deputy Administrator has the discretionary authority to allow row allowances other than those specified in this section in those instances in which crops are normally planted with spacings greater or less than 40 inches, such as in case of tobacco, or where other circumstances are present which the Deputy Administrator finds justifies that allowance.

(e) Paragraphs (a) through (d) of this section shall apply with respect to the 2003 and subsequent crops. For preceding crops, the rules in effect on January 1, 2002, shall apply.

§ 718.109 Deductions.

(a) Any contiguous area which is not devoted to the crop being measured and which is not part of a skip-row pattern under § 718.108 shall be deducted from the acreage of the crop if such area meets the following minimum national standards or requirements:

(1) A minimum width of 30 inches;

(2) For tobacco—three-hundredths (.03) acre. Turn areas, terraces, permanent irrigation and drainage ditches, sod waterways, non-cropland, and subdivision boundaries each of which is at least 30 inches in width may be combined to meet the 0.03-acre minimum requirement; or

(3) For all other crops and land uses— one-tenth (.10) acre. Turn areas, terraces, permanent irrigation and drainage ditches, sod waterways, non-cropland, and subdivision boundaries each of which is at least 30 inches in width and each of which contain 0.1 acre or more may be combined to meet any larger minimum prescribed for a State in accordance with this subpart.

(b) If the area not devoted to the crop is located within the planted area, the part of any perimeter area that is more than 217.8 feet (33 links) in width will be considered to be an internal deduction if the standard deduction is used.

(c) A standard deduction of 3 percent of the area devoted to a row crop and zero percent of the area devoted to a close-sown crop may be used in lieu of measuring the acreage of turn areas.

§ 718.110 Adjustments.

(a) The farm operator or other interested producer having excess tobacco acreage (other than flue-cured or burley) may adjust an acreage of the crop in order to avoid a marketing quota penalty if such person:

(1) Notifies the county committee of such election within 15 calendar days after the date of mailing of notice of excess acreage by the county committee; and

(2) Pays the cost of a farm inspection to determine the adjusted acreage prior to the date the farm visit is made.

(b) The farm operator may adjust an acreage of tobacco (except flue-cured and burley) by disposing of such excess tobacco prior to the marketing of any of the same kind of tobacco from the farm. The disposition shall be witnessed by a representative of FSA and may take place before, during, or after the harvesting of the same kind of tobacco grown on the farm. However, no credit will be allowed toward the disposition of excess acreage after the tobacco is harvested but prior to marketing, unless the county committee determines that such tobacco is representative of the entire crop from the farm of the kind of tobacco involved.

§ 718.111 Notice of measured acreage.

(a) FSA will provide notice of measured acreage and mail it to the farm operator. This notice constitutes notice to all parties who have ownership, leasehold interest, or other interest in such farm.

(b) [Reserved]

§ 718.112 Redetermination.

(a) A redetermination of crop acreage, appraised yield, or farm-stored production for a farm may be initiated by the county committee, State committee, or Deputy Administrator at any time. Redetermination may be requested by a producer with an interest in the farm if the producer pays the cost of the redetermination. The request must be submitted to FSA within 5 calendar days after the initial appraisal of the yield of a crop, or before the farm-stored production is removed from storage. A redetermination will

be undertaken in the manner prescribed by the Deputy Administrator. A redetermination will be used in lieu of any prior determination unless it is determined by the representative of the Deputy Administrator that there is good cause not to do so.

(b) FSA will refund the payment of the cost for a redetermination when, because of an error in the initial determination:

(1) The appraised yield is changed by at least the larger of:

(i) Five percent or 5 pounds for cotton;

(ii) Five percent or 1 bushel for wheat, barley, oats, and rye; or

(iii) Five percent or 2 bushels for corn and grain sorghum; or

(2) The farm stored production is changed by at least the smaller of 3 percent or 600 bushels; or

(3) The acreage of the crop is:

(i) Changed by at least the larger of 3 percent or 0.5 acre; or

(ii) Considered to be within program requirements.

Subpart C—Reconstitution of Farms, Allotments, Quotas, and Base Acres

SOURCE: 68 FR 16178, Apr. 3, 2003, unless otherwise noted.

§ 718.201 Farm constitution.

(a) In order to implement FSA programs and monitor compliance with regulations, FSA must have records on what land is being farmed by a particular producer. This is accomplished by a determination of what land or group of lands “constitute” an individual unit or farm. Land that was properly constituted under prior regulations will remain so constituted until a reconstitution is required by paragraph (c) of this section. The constitution and identification of land as a “farm” for the first time and the subsequent reconstitution of a farm made thereafter will include all land operated by an individual entity or joint operation as a single farming unit except that it may not include:

§ 718.201

7 CFR Ch. VII (1-1-24 Edition)

(1) Land under separate ownership unless the owners agree in writing or have previously agreed in writing and the labor, equipment, accounting system, and management are operated in common by the operator, but separate from other tracts;

(2) Land under a lease agreement of less than 1 year duration;

(3) Federally owned land unless it is rangeland on which no crops are planted and on which there are no crop base acres established;

(4) State-owned wildlife lands unless the former owner has possession of the land under a leasing agreement;

(5) Land constituting a farm that is declared ineligible to be enrolled in a program under the regulations governing the program;

(6) For base acre crops, land located in counties that are not contiguous except where:

(i) Counties are divided by a river;

(ii) Counties do not share a common border because of a correction line adjustment; or

(iii) The land is within 20 miles, by road, of other land that will be a part of the farming unit;

(7) Land subject to either a default election or a valid election made under part 1412 of this title for each and all covered commodities constituted with land that has a different default election or valid election for each and all covered commodities, irrespective of whether or not any of the land has base acres; or

(8) Land subject to an election of individual coverage under the Agriculture Risk Coverage Program (ARC-IC) in any State constituted with any land in another State.

(b)(1) If all land on the farm is physically located in one county, the farm shall be administratively located in such county. If there is no FSA office in the county or the county offices have been consolidated, the farm shall be administratively located in the contiguous county most convenient for the farm operator.

(2) If the land on the farm is located in more than one county, the farm shall be administratively located in either of such counties as the county committees and the farm operator agree. If no agreement can be reached,

the farm shall be administratively located in the county where the principal dwelling is situated, or where the major portion of the farm is located if there is no dwelling.

(c) A reconstitution of a farm either by division or by combination is required whenever:

(1) A change has occurred in the operation of the land since the last constitution or reconstitution and as a result of such change the farm does not meet the conditions for constitution of a farm as specified in paragraph (a) of this section, except that no reconstitution will be made if the county committee determines that the primary purpose of the change in operation is to establish eligibility to transfer allotments subject to sale or lease, or increase the amount of program benefits received;

(2) The farm was not properly constituted the previous time;

(3) An owner requests in writing that the land no longer be included in a farm composed of tracts under separate ownership;

(4) The county committee determines that the farm was reconstituted on the basis of false information;

(5) The county committee determines that tracts included in a farm are not being operated as a single farming unit.

(d) An owner can file a written request to have FSA reconstitute from original tracts areas that are less than 10 DCP cropland acres and less than 5 percent of the original tract, if such request is accompanied by sufficient data from which FSA can determine the political county and State of land in both the original tract and the proposed tract. Any owner-initiated requests for tract divisions for physical location will be performed and effective prospectively from date of request and approval by FSA.

(e) Reconstitution shall not be approved if the county committee determines that the primary purpose of the reconstitution is to:

(1) Circumvent the provisions of part 12 of this title; or

Farm Service Agency, USDA

§ 718.205

(2) Circumvent any other chapter of this title.

[68 FR 16178, Apr. 3, 2003, as amended at 80 FR 41996, July 16, 2015; 84 FR 45887, Sept. 3, 2019]

§ 718.202 Determining the land constituting a farm.

(a) In determining the constitution of a farm, consideration shall be given to provisions such as ownership and operation. For purposes of this part, the following rules shall be applicable to determining what land is to be included in a farm.

(b) A minor shall be considered to be the same owner or operator as the parent, court-appointed guardian, or other person responsible for the minor child, unless the parent or guardian has no interest in the minor's farm or production from the farm, and the minor:

- (1) Is a producer on a farm;
- (2) Maintains a separate household from the parent or guardian;
- (3) Personally carries out the farming activities; and
- (4) Maintains a separate accounting for the farming operation.

(c) A minor shall not be considered to be the same owner or operator as the parent or court-appointed guardian if the minor's interest in the farming operation results from being the beneficiary of an irrevocable trust and ownership of the property is vested in the trust or the minor.

(d) A life estate tenant shall be considered to be the owner of the property for their life.

(e) A trust shall be considered to be an owner with the beneficiary of the trust; except a trust can be considered a separate owner or operator from the beneficiary, if the trust:

- (1) Has a separate and distinct interest in the land or crop involved;
- (2) Exercises separate responsibility for the separate and distinct interest; and
- (3) Maintains funds and accounts separate from that of any other individual or entity for the interest.

(f) The county committee shall require specific proof of ownership.

(g) Land owned by different persons of an immediate family living in the same household and operated as a single farming unit shall be considered as

being under the same ownership in determining a farm.

(h) All land operated as a single unit and owned and operated by a parent corporation and subsidiary corporations of which the parent corporation owns more than 50 percent of the value of the outstanding stock, or where the parent is owned and operated by subsidiary corporations, shall be constituted as one farm.

§ 718.203 County committee action to reconstitute a farm.

Action to reconstitute a farm may be initiated by the county committee, the farm owner, or the operator with the concurrence of the owner of the farm. Any request for a farm reconstitution shall be filed with the county committee.

§ 718.204 Reconstitution of base acres.

(a) Farms will be reconstituted in accordance with this subpart when it is determined that the land areas are not properly constituted and, to the extent practicable as determined by county committee, the reconstitution will be based on the facts and conditions existing at the time the change requiring the reconstitution occurred.

(b) Reconstitutions will be effective for the calendar year if initiated by August 1 of that year. Any reconstitution initiated after August 1 will not be effective for that year; it will be effective for the subsequent year.

(c) The Deputy Administrator may approve an exception to permit a reconstitution initiated after August 1 to be effective for the same year, if FSA determines that the failure is due to administrative problems as determined by FSA at the local or national level. Producers have no right to seek an exception under this paragraph. When such situations exist, FSA will establish procedures under which reconstitutions will be accepted and when those reconstitutions will become effective.

[79 FR 57714, Sept. 26, 2014, as amended at 84 FR 45887, Sept. 3, 2019]

§ 718.205 Substantive change in farming operation, and changes in related legal entities.

(a) Land that is properly constituted as a farm shall not be reconstituted if:

§ 718.206

(1) The reconstitution request is based upon the formation of a newly established legal entity which owns or operates the farm or any part of the farm and the county committee determines there is not a substantive change in the farming operation;

(2) The county committee determines that the primary purpose of the request for reconstitution is to:

(i) Obtain additional benefits under one or more commodity programs;

(ii) Avoid damages or penalties under a contract or statute;

(iii) Correct an erroneous acreage report; or

(iv) Circumvent any other program provisions. In addition, no farm shall remain as constituted when the county committee determines that a substantive change in the farming operation has occurred which would require a reconstitution, except as otherwise approved by the State committee with the concurrence of the Deputy Administrator.

(b) In determining whether a substantive change has occurred with respect to a farming operation, the county committee shall consider factors such as the composition of the legal entities having an interest in the farming operation with respect to management, financing, and accounting. The county committee shall also consider the use of land, labor, and equipment available to the farming operations and any other relevant factors that bear on the determination.

(c) Unless otherwise approved by the State committee with the concurrence of the Deputy Administrator, when the county committee determines that a corporation, trust, or other legal entity is formed primarily for the purpose of obtaining additional benefits under the commodity programs of this title, the farm shall remain as constituted, or shall be reconstituted, as applicable, when the farm is owned or operated by:

(1) A corporation having more than 50 percent of the stock owned by members of the same family living in the same household;

(2) Corporations having more than 50 percent of the stock owned by stockholders common to more than one corporation; or

7 CFR Ch. VII (1-1-24 Edition)

(3) Trusts in which the beneficiaries and trustees are family members living in the same household.

(d) Application of the provisions of paragraph (c) of this section shall not limit or affect the application of paragraphs (a) and (b) of this section.

§ 718.206 Determining farms, tracts, and base acres when reconstitution is made by division.

(a) The methods for dividing farms, tracts, and base acres are, in order of precedence: Estate, designation by landowner, cropland, and default. The proper method will be determined on a crop-by-crop basis.

(b) The estate method for reconstitution is the pro-rata distribution of base acres for a parent farm among the heirs in settling an estate. If the estate sells a tract of land before the farm is divided among the heirs, the base acres for that tract will be determined according to paragraphs (c) through (e) of this section.

(1) Base acres must be divided in accordance with a will, but only if the county committee determines that the terms of the will are such that a division can reasonably be made by the estate method.

(2) If there is no will or the county committee determines that the terms of a will are not clear as to the division of base acres, the base acres will be apportioned in the manner agreed to in writing by all interested heirs or devisees who acquire an interest in the property for which base acres have been established. An agreement by the administrator or executor will not be accepted in lieu of an agreement by the heirs or devisees.

(3) If base acres are not apportioned as specified in paragraph (b)(1) or (2) of this section, the base acres must be divided as specified in paragraph (d) or (e) of this section, as applicable.

(c) If the ownership of a tract of land is transferred from a parent farm, the transferring owner may request that the county committee divide the base acres, including historical acreage that has been double cropped, between the parent farm and the transferred tract, or between the various tracts if the entire farm is sold to two or more purchasers.

(1) If the county committee determines that base acres cannot be divided in the manner designated by the owner because the owner's designation does not meet the requirements of paragraph (c)(2) of this section, FSA will notify the owner and permit the owner to revise the designation to meet the requirements. If the owner does not furnish a revised designation of base acres within a reasonable time after such notification, or if the revised designation does not meet the requirements, the county committee will divide the base acres in a pro-rata manner in accordance with paragraph (d) or (e) of this section.

(2) The landowner may designate a manner in which base acres are divided by filing a signed written memorandum of understanding of the designation of base acres with the county committee before the transfer of ownership of the land. Both the transferring owner and transferee must sign the written designation of base acres.

(i) Within 30 days after a prescribed form, letter, or notice of base acres is issued by FSA following the reconstitution of a farm but before any subsequent transfer of ownership of the land, all owners in existence at time of the reconstitution request may seek a different manner of base acre designation by agreeing in writing by executing a form CCC-517 or other designated form.

(ii) The landowner must designate the base acres that will be permanently reduced when the sum of the base acres exceeds the effective cropland plus double-cropped acres for the farm.

(iii) When the part of the farm from which the ownership is being transferred was owned for less than 3 years, the designation by landowner method of designating base acres cannot be used unless the county committee determines that the primary purpose of the ownership transfer was other than to retain or to sell base acres. In the absence of such a determination, and if the farm contains land that has been owned for less than 3 years, the part of the farm that has been owned for less than 3 years will be considered as a separate farm and the base acres must be assigned to that farm in accordance with paragraph (d) or (e) of this sec-

tion. Such apportionment will be made prior to any designation of base acres with respect to the part that has been owned for 3 years or more.

(3) The designation by landowner method may be applied, at the owner's request, to land owned by an Indian Tribal Council that is leased to two or more producers for the production of any crop of a commodity for which base acres have been established. If the land is leased to two or more producers, an Indian Tribal Council may request that the county committee divide the base acres between the applicable tracts in the manner designated by the Council. The use of this method is not subject to the requirements specified in paragraph (c)(2) of this section.

(d) The cropland method for reconstitution is the pro-rata distribution of base acres to the resulting tracts in the same proportion that each resulting tract bears to the cropland for the parent tract. This method of division will be used if paragraphs (b) and (c) of this section do not apply.

(e) The default method for reconstitution is the separation of tracts from a farm with each tract maintaining the base acres attributed to the tract when the reconstitution is initiated.

(f) Farm program payment yields calculated for the resulting farms of a division may be increased or decreased if the county committee determines the method used did not provide an equitable distribution considering available land, cultural operations, and changes in the type of farming conducted on the farm. Any increase in the farm program payment yield on a resulting farm will be offset by a corresponding decrease on another resulting farm of the division.

[80 FR 41997, July 16, 2015]

§ 718.207 Determining base acres when reconstitution is made by combination.

(a) When two or more farms or tracts are combined for a year, that year's base acres, with respect to the combined farm or tract, as required by applicable program regulations, will not be greater than the sum of the base acres for each of the farms or tracts

§ 718.301

comprising the combination, subject to the provisions of § 718.204.

Subpart D—Equitable Relief From Ineligibility

SOURCE: 67 FR 66307, Oct. 31, 2002, unless otherwise noted.

§ 718.301 Applicability.

(a) This subpart is applicable to programs administered by the Farm Service Agency under chapters VII and XIV of this title, except for an agricultural credit program carried out under the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 *et seq.*), as amended. Administration of this subpart shall be under the supervision of the Deputy Administrator, except that such authority shall not limit the exercise of authority allowed State Executive Directors of the Farm Service Agency as provided for in § 718.307.

(b) Section 718.306 does not apply to a function performed under either section 376 of the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 *et seq.*), or a conservation program administered by the Natural Resources Conservation Service of the United States Department of Agriculture.

(c) The relief provisions of this part cannot be used to extend a benefit or assistance not otherwise available under law or not otherwise available to others who have satisfied or complied with every eligibility or compliance requirement of the provisions of law or regulations governing the program benefit or assistance.

§ 718.302 Definitions and abbreviations.

In addition to the definitions provided in § 718.2 of this part, the following terms apply to this subpart:

Covered program means a program specified in § 718.301 of this subpart.

FSA means the Farm Service Agency of the United States Department of Agriculture.

7 CFR Ch. VII (1–1–24 Edition)

OGC means the Office of the General Counsel of the United States Department of Agriculture.

[67 FR 66307, Oct. 31, 2002, as amended at 80 FR 41998, July 16, 2015]

§ 718.303 Reliance on incorrect actions or information.

(a) Notwithstanding any other law, if an action or inaction by a participant is based upon good faith reliance on the action or advice of an authorized representative of an FSA county or State committee, and that action or inaction results in the participant's noncompliance with the requirements of a covered program that is to the detriment of the participant, then that action or inaction still may be approved by the Deputy Administrator as meeting the requirements of the covered program, and benefits may be extended or payments made in as specified in § 718.305.

(b) This section applies only to a participant who:

(1) Relied in good faith upon the action of, or information provided by, an FSA county or State committee or an authorized representative of such committee regarding a covered program;

(2) Acted, or failed to act, as a result of the FSA action or information; and

(3) Was determined to be not in compliance with the requirements of that covered program.

(c) This section does not apply to cases where the participant had sufficient reason to know that the action or information upon which they relied was improper or erroneous or where the participant acted in reliance on their own misunderstanding or misinterpretation of program provisions, notices or information.

[80 FR 41998, July 16, 2015]

§ 718.304 Failure to fully comply.

(a) When the failure of a participant to fully comply with the terms and conditions of a covered program precludes the providing of payments or benefits, relief may be authorized as specified in § 718.305 if the participant

made a good faith effort to comply fully with the requirements of the covered program.

(b) This section only applies to participants who are determined by FSA to have made a good faith effort to comply fully with the terms and conditions of the covered program and have performed substantial actions required for program eligibility.

[80 FR 41998, July 16, 2015]

§ 718.305 Forms of relief.

(a) The Administrator of FSA, Executive Vice President of CCC, or their designee, may authorize a participant in a covered program to:

(1) Retain loans, payments, or other benefits received under the covered program;

(2) Continue to receive loans, payments, and other benefits under the covered program;

(3) Continue to participate, in whole or in part, under any contract executed under the covered program;

(4) In the case of a conservation program, re-enroll all or part of the land covered by the program; and

(5) Receive such other equitable relief as determined to be appropriate.

(b) As a condition of receiving relief under this subpart, the participant may be required to remedy their failure to meet the program requirement, or mitigate its affects.

§ 718.306 Finality.

(a) A determination by an FSA State or county committee (or employee of such committee) becomes final on an application for benefits and binding 90 days from the date the application for benefits has been filed, and supporting documentation required to be supplied by the producer as a condition for eligibility for the particular program has been filed, unless any of the following exceptions exist:

(1) The participant has requested an administrative review of the determination in accordance with part 780 of this chapter;

(2) The determination was in any way based on erroneous, innocent, or purposeful misrepresentation; false statement; fraud; or willful misconduct by or on behalf of the participant;

(3) The determination was modified by the Administrator, FSA, or in the case of CCC programs conducted under Chapter XIV of this title, the Executive Vice President, CCC; or

(4) The participant knew or had reason to know that the determination was erroneous.

(b) Should an erroneous determination become final under the provisions of this section, the erroneous decision will be corrected according to paragraph (c) of this section.

(1) If, as a result of the erroneous decision, payment was issued, no action will be taken by FSA, CCC, or a State or county committee to recover unearned payment amounts unless one or more of the exceptions in paragraph (a) of this section applies;

(2) If payment was not issued before the error was discovered, the payment will not be issued. FSA and CCC are under no obligation to issue payments or render decisions that are contrary to law or regulation.

(c) FSA and CCC will modify and correct determinations when errors are discovered. As specified in paragraph (b) of this section, FSA or CCC may be precluded from recovering unearned payments that issued as a result of the erroneous decision. FSA or CCC's inability to recover or demand refunds of unearned amounts as specified in paragraph (b) will only be effective through the year in which the error was found and communicated to the participant.

[67 FR 66307, Oct. 31, 2002, as amended at 80 FR 41998, July 16, 2015]

§ 718.307 Special relief approval authority for State Executive Directors.

(a) *General nature of the special authority.* Notwithstanding provisions in this subpart providing supervision and relief authority to other officials, an SED, after consultation with and approval from OGC but without further review by other officials (other than the Secretary) may grant relief to a participant under the provisions of §§ 718.303 through 718.305 as if the SED were the final arbiter within the agency of such matters so long as:

(1) The program matter with respect to which the relief is sought is a program matter in a covered program

§ 718.307

7 CFR Ch. VII (1–1–24 Edition)

which is operated within the State under the control of the SED;

(2) The total amount of relief which will be provided to the participant (that is, to the individual or entity that applies for the relief) by that SED under this special authority for errors during that year is less than \$20,000 (including in that calculation, any loan amount or other benefit of any kind payable for that year and any other year);

(3) The total amount of such relief which has been previously provided to the participant using this special authority for errors, as calculated above, is not more than \$5,000;

(4) The total amount of loans, payments, and benefits of any kind for which relief is provided to similarly situated participants by an SED for errors for any year under the authority provided in this section, as calculated above, is not more than \$1,000,000.

(b) *Report of the exercise of the power.* A grant of relief shall be considered to be under this section and subject to the special finality provided in this section only if the SED grants the relief in writing when granting the relief to the party who will receive the benefit of such relief and only if, in that document, the SED declares that they are exercising that power. The SED must report the exercise of that power to the Deputy Administrator so that a full accounting may be made in keeping with

the limitations of this section. Absent such a report, relief will not be considered to have been made under this section.

(c) *Additional limits on the authority.* The authority provided under this section does not extend to:

(1) The administration of payment limitations under part 1400 of this chapter (§§ 1001 to 1001F of 7 U.S.C. 1308 *et seq.*);

(2) The administration of payment limitations under a conservation program administered by the Secretary; or

(3) Highly erodible land and wetland conservation requirements under subtitles B or C of Title XII of the Food Security Act of 1985 (16 U.S.C. 3811 *et seq.*) as administered under 7 CFR part 12.

(d) Relief may not be provided by the SED under this section until a written opinion or written acknowledgment is obtained from OGC that grounds exist for determination that requirements for granting relief under § 718.303 or § 718.304 have been met, that the form of relief is authorized under § 718.305, and that the granting of the relief is within the lawful authority of the SED.

(e) *Relation to other authorities.* The authority provided under this section is in addition to any other applicable authority that may allow relief.

§ 755.1 Administration.

(a) This part establishes the terms and conditions under which the Reimbursement Transportation Cost Payment (RTCP) Program for geographically disadvantaged farmers and ranchers will be administered.

(b) The RTCP Program will be administered under the general supervision of the FSA Administrator, or a designee, and will be carried out in the field by FSA State and county committees and FSA employees.

(c) FSA State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this part, except as provided in paragraph (e) of this section.

(d) The FSA State committee will take any action required by the provisions of this part that has not been taken by the FSA county committee. The FSA State committee will also:

(1) Correct or require an FSA county committee to correct any action taken by the county committee that is not in compliance with the provisions of this part.

(2) Require an FSA county committee to not take an action or implement a decision that is not in compliance with the provisions of this part.

(e) No provision or delegation of this part to an FSA State committee or a county committee will preclude the FSA Administrator, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State committee or a county committee.

(f) The Deputy Administrator for Farm Programs, FSA, may waive or modify program requirements of this part in cases where failure to meet requirements does not adversely affect the operation of the program and where the requirement is not statutorily mandated.

§ 755.2 Definitions.

The following definitions apply to this part. The definitions in parts 718 and 1400 of this title also apply, except where they may conflict with the definitions in this section.

Actual transportation rate means the transportation rate that reflects the actual transportation costs incurred and can be determined by supporting documentation.

Agricultural commodity means any agricultural commodity (including horticulture, aquaculture, and floriculture), food, feed, fiber, livestock (including elk, reindeer, bison, horses, or deer), or insects, and any product thereof.

Agricultural operation means a parcel or parcels of land; or body of water applicable to aquaculture, whether contiguous or noncontiguous, constituting a cohesive management unit for agricultural purposes. An agricultural operation will be regarded as located in the county in which the principal dwelling is situated, or if there is no dwelling thereon, it will be regarded to be in the county in which the major portion of the land or applicable body of water is located.

Application period means the period established by the Deputy Administrator for geographically disadvantaged farmers and ranchers to apply for program benefits.

County office or FSA county office means the FSA offices responsible for administering FSA programs in a specific area, sometimes encompassing more than one county, in a State.

Department or USDA means the U.S. Department of Agriculture.

Eligible reimbursement amount means the reported costs incurred to transport an agricultural commodity or input used to produce an agricultural commodity in an insular area, Alaska, or Hawaii, over a distance of more than 30 miles. The amount is calculated by multiplying the number of units of the reported transportation amount times the applicable transportation fixed, set, or actual rate times the applicable FY allowance (COLA).

Farm Service Agency or FSA means the Farm Service Agency of the USDA.

Fiscal year or FY means the year beginning October 1 and ending the following September 30. The fiscal year will be designated for this part by year reference to the calendar year in which it ends. For example, FY 2010 is from October 1, 2009, through September 30, 2010 (inclusive).

Fixed transportation rate means the per unit transportation rate determined by FSA to reflect the transportation cost applicable to an agricultural commodity or input used to produce an agricultural commodity in a particular region.

FY allowance (COLA) means the non-foreign area cost of living allowance or post differential, as applicable, for that FY set by Office of Personnel Management for Federal employees stationed

in Alaska, Hawaii, and other insular areas, as authorized by 5 U.S.C. 5941 and E.O. 10000 and specified in 5 CFR part 591, subpart B, appendices A and B.

Geographically disadvantaged farmer or rancher means a farmer or rancher in an insular area, Alaska, or Hawaii.

Input transportation costs means those transportation costs of inputs used to produce an agricultural commodity including, but not limited to, air freight, ocean freight, and land freight of chemicals, feed, fertilizer, fuel, seeds, plants, supplies, equipment parts, and other inputs as determined by FSA.

Insular area means the Commonwealth of Puerto Rico; Guam; American Samoa; the Commonwealth of the Northern Mariana Islands; the Federated States of Micronesia; the Republic of the Marshall Islands; the Republic of Palau; and the Virgin Islands of the United States.

Payment amount means the amount due a producer that is the sum of all eligible reimbursement amounts, as calculated by FSA subject to the availability of funds, and subject to an \$8,000 cap per producer per FY.

Producer means any geographically disadvantaged farmer or rancher who is an individual, group of individuals, partnership, corporation, estate, trust, association, cooperative, or other business enterprise or other legal entity, as defined in §1400.3 of this title, who is, or whose members are, a citizen of or legal resident alien in the United States, and who, as determined by the Secretary, shares in the risk of producing an agricultural commodity in substantial commercial quantities, and who is entitled to a share of the agricultural commodity from the agricultural operation.

Reported transportation amount means the reported number of units (such as pounds, bushels, pieces, or parts) applicable to an agricultural commodity or input used to produce an agricultural commodity, which is used in calculating the eligible reimbursement amount.

Set transportation rate means the transportation rate established by FSA for a commodity or input for which there is not a fixed transportation rate

or supporting documentation of the actual transportation rate.

United States means the 50 States of the United States of America, the District of Columbia, the Commonwealths of Puerto Rico and the Northern Mariana Islands, and any other territory or possession of the United States.

Verifiable records means evidence that is used to substantiate the amount of eligible reimbursements by geographically disadvantaged farmers and ranchers in an agricultural operation that can be verified by FSA through an independent source.

§ 755.3 Time and method of application.

(a) To be eligible for payment, producers must obtain and submit a completed application for payment and meet other eligibility requirements specified in this part. Producers may obtain an application in person, by mail, or by facsimile from any county FSA office. In addition, producers may download a copy of the application at <http://www.sc.egov.usda.gov>.

(b) An application for payment must be submitted on a completed application form. Applications and any other supporting documentation must be submitted to the FSA county office serving the county where the agricultural operation is located, but, in any case, must be received by the FSA county office by the close of business on the last day of the application period established by the Deputy Administrator.

(c) All producers who incurred transportation costs for eligible reimbursements and who share in the risk of an agricultural operation must certify to the information on the application before the application will be considered complete. FSA may require the producer to provide documentation to support all verifiable records.

(d) Each producer requesting payment under this part must certify to the accuracy and truthfulness of the information provided in their application and any supporting documentation. All information provided is subject to verification by FSA. Refusal to allow FSA or any other agency of the Department of Agriculture to verify any information provided will result in

a denial of eligibility. Furnishing the information is voluntary; however, without it program benefits will not be approved. Providing a false certification to the Federal Government may be punishable by imprisonment, fines and other penalties or sanctions.

(e) To ensure all producers are provided an opportunity to submit actual costs for reimbursement at the actual cost rate, applicants will have 30 days after the end of the FY to provide supporting documentation of actual transportation costs to the FSA County Office. The actual costs documented in supporting documentation will override previously reported costs of eligible reimbursable costs at the fixed or set rate made during the application period.

(f) If verifiable records are not provided to FSA, the producer will be ineligible for payment.

(g) If supporting documentation is provided within 30 days after the end of the FY, but an application was not submitted to the applicable FSA County Office before the end of the application period, the producer is not eligible for payment.

(h) Producers who submit applications after the application period are not entitled to any payment consideration or determination of eligibility. Regardless of the reason why an application is not submitted to or received by FSA, any application received after the close of business on such date will not be eligible for benefits under this program.

§ 755.4 Eligibility.

(a) To be eligible to receive payments under this part, a geographically disadvantaged farmer or rancher must:

(1) Be a producer of an eligible agricultural commodity in substantial commercial quantities;

(2) Incur transportation costs for the transportation of the agricultural commodity or input used to produce the agricultural commodity;

(3) Submit an accurate and complete application for payment as specified in § 755.3; and

(4) Be in compliance with the wetland and highly erodible conservation requirements in part 12 of this title and meet the adjusted gross income and

§ 755.5

pay limit eligibility requirements in part 1400 of this title, as applicable, except that the \$8,000 cap provided for in this rule is a per producer cap, not a per person cap. For example, a partnership of four individuals would be considered one producer, not four persons, for the purposes of this cap and thus the partnership could only generate a single \$8,000 payment under this program if the cap holds because of full subscription of the program.

(b) Individual producers in an agricultural operation that is an entity are only eligible for a payment based on their share of the operation. A producer is not eligible for payment based on the share of production of any other producer.

(c) Multiple producers, such as the buyer and seller of a commodity (for example, a producer of hay and a livestock operation that buys the hay), are not eligible for payments for the same eligible transportation cost. Unless the multiple producers agree otherwise, only the last buyer will be eligible for the payment.

(d) A person or entity determined to be a "foreign person" under part 1400 of this title is not eligible to receive benefits under this part, unless that person provides land, capital, and a substantial amount of active personal labor in the production of crops on such farm.

(e) State and local governments and their political subdivisions and related agencies are not eligible for RTCP payments.

§ 755.5 Proof of eligible reimbursement costs incurred.

(a) To be eligible for reimbursement based on FSA fixed or set rates as specified in § 755.7, the requirements specified in paragraphs (b) and (c) of this section must be met at the time of the application. To be eligible for reimbursement of actual costs, the requirements of paragraph (d) must also be met, within 30 days after the end of the applicable fiscal year.

(b) Eligible verifiable records to support eligible reimbursement costs include, but are not limited to:

- (1) Invoices;
- (2) Account statements;
- (3) Contractual Agreements; or

7 CFR Ch. VII (1-1-24 Edition)

(4) Bill of Lading.

(c) Verifiable records must show:

- (1) Name of producer(s);
- (2) Commodity and unit of measure;
- (3) Type of input(s) associated with transportation costs;
- (4) Date(s) of service;
- (5) Name of person or entity providing the service, as applicable, and;
- (6) Retail sales receipts with verifiable records handwritten as applicable.

(d) To be eligible for reimbursement based on actual costs, the producer must provide supporting documentation that documents the specific costs incurred for transportation of each commodity or input. Such documentation must:

- (1) Show transportation costs for each specific commodity or input, and
- (2) Show the units of measure for each commodity or input, such that FSA can determine the transportation cost per unit.

§ 755.6 Availability of funds.

(a) Payments under this part are subject to the availability of funds.

(b) A reserve will be created to handle appeals and errors.

§ 755.7 Transportation rates.

(a) Payments may be based on fixed, set, or actual transportation rates. Fixed and set transportation rates will be established by FSA, based on available data for transportation costs for that commodity or input in the applicable State or insular region.

(b) Fixed transportation rates will establish per unit transportation costs for each eligible commodity or input used to produce the eligible commodity.

(c) Set transportation rates will be established for those transportation costs that are not on the FSA list of fixed rates and for which an actual rate cannot be documented. The set transportation rate will be set by FSA, based on available data of transportation costs for similar commodities and inputs.

(d) Actual transportation rates will be determined based on supporting documentation.

Farm Service Agency, USDA

§ 755.12

§ 755.8 Calculation of individual payments.

(a) Transportation cost for each commodity or input will be calculated by multiplying the number of reported eligible units (the reported transportation amount) times the fixed, set, or actual transportation rate, as applicable.

(b) Eligible reimbursement amounts will be calculated by multiplying the result of paragraph (a) of this section times the appropriate FY COLA percentage, as provided in this part.

(c) If transported inputs are used for both eligible and ineligible commodities, the eligible reimbursable costs will be determined on a revenue share of eligible commodities times input cost, as determined by FSA, and transportation may be allowed only for those commodities which were produced for the commercial market.

(d) The total payment amount for a producer is the sum of all eligible reimbursable amounts determined in paragraph (b) of this section for all commodities and inputs used to produce the eligible commodities listed on the application.

(e) Payment amounts are subject to \$8,000 cap per FY per producer as defined in this part, not per "person" or "legal entity" as those terms might be defined in part 1400 of this title.

(f) In the event that approval of all calculated payment amounts would result in expenditures in excess of the amount available, FSA will recalculate the payment amounts in a manner that FSA determines to be fair and reasonable.

§ 755.9 Misrepresentation and scheme or device.

(a) In addition to other penalties, sanctions or remedies as may apply, a producer will be ineligible to receive payments under this part if the producer is determined by FSA to have:

(1) Adopted any scheme or device that tends to defeat the purpose of this part;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any payment to any producer engaged in a misrepresentation, scheme,

or device, must be refunded with interest together with such other sums as may become due. Any producer engaged in acts prohibited by this section and receiving payment under this part will be jointly and severally liable with other producers involved in such claim for benefits for any refund due under this section and for related charges. The remedies provided in this part will be in addition to other civil, criminal, or administrative remedies that may apply.

§ 755.10 Death, incompetence, or disappearance.

(a) In the case of the death, incompetency, or disappearance of a person or the dissolution of an entity that is eligible to receive a payment in accordance with this part, such alternate person or persons specified in part 707 of this chapter may receive such payment, as determined appropriate by FSA.

(b) Payments may be made to an otherwise eligible producer who is now deceased or to a dissolved entity if a representative who currently has authority to enter into an application for the producer or the producer's estate signs the application for payment. Proof of authority over the deceased producer's estate or a dissolved entity must be provided.

(c) If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must be identified in the application for payment.

§ 755.11 Maintaining records.

Persons applying for payment under this part must maintain records and accounts to document all eligibility requirements specified in this part. Such records and accounts must be retained for 3 years after the date of payment to the producer under this part.

§ 755.12 Refunds; joint and several liability.

(a) Any producer that receives excess payment, payment as the result of erroneous information provided by any person, or payment resulting from a

§ 755.13

failure to comply with any requirement or condition for payment under this part, must refund the amount of that payment to FSA.

(b) Any refund required will be due from the date of the disbursement by the agency with interest determined in accordance with paragraph (d) of this section and late payment charges as provided in part 1403 of this title.

(c) Each producer that has an interest in the agricultural operation will be jointly and severally liable for any refund and related charges found to be due to FSA.

(d) Interest will be applicable to any refunds to FSA required in accordance with parts 792 and 1403 of this title except as otherwise specified in this part. Such interest will be charged at the rate that the U.S. Department of the Treasury charges FSA for funds, and will accrue from the date FSA made the payment to the date the refund is repaid.

(e) FSA may waive the accrual of interest if it determines that the cause of the erroneous payment was not due to any action of the person or entity, or was beyond the control of the person or entity committing the violation. Any waiver is at the discretion of FSA alone.

§ 755.13 Miscellaneous provisions and appeals.

(a) *Offset.* FSA may offset or withhold any amount due to FSA from any benefit provided under this part in accordance with the provisions of part 1403 of this title.

(b) *Claims.* Claims or debts will be settled in accordance with the provisions of part 1403 of this title.

(c) *Other interests.* Payments or any portion thereof due under this part will be made without regard to questions of title under State law and without regard to any claim or lien against the eligible reimbursable costs thereof, in favor of the owner or any other creditor except agencies and instrumentalities of the U.S. Government.

(d) *Assignments.* Any producer entitled to any payment under this part may assign any payments in accordance with the provisions of part 1404 of this title.

7 CFR Ch. VII (1–1–24 Edition)

(e) *Violations regarding controlled substances.* The provisions of § 718.6 of this chapter, which generally limit program payment eligibility for persons who have engaged in certain offenses with respect to controlled substances, will apply to this part.

(f) *Appeals.* The appeal regulations specified in parts 11 and 780 of this chapter apply to determinations made under this part.

§ 756.1 Applicability.

(a) The Oriental Fruit Fly (OFF) Program will provide payments to eligible producers who suffered losses due to the Oriental fruit fly quarantine in Miami-Dade County, Florida, in accordance with Public Law 116–6 (the Consolidated Appropriations Act, 2019).

(b) The regulations in this part are applicable to crops affected by the Oriental fruit fly quarantine.

(c) In any case in which money must be refunded to the Farm Service Agency (FSA) in connection with this part, interest will be due to run from the date of disbursement of the sum to be refunded. This paragraph (c) will apply,

unless waived by the Deputy Administrator for Farm Programs, FSA, irrespective of any other regulation in this part.

§ 756.2 Administration.

(a) The OFF Program will be administered under the general supervision of the Administrator, FSA, and the Deputy Administrator for Farm Programs, FSA. The OFF Program is carried out by FSA State committees and FSA county committees with instructions issued by the Deputy Administrator.

(b) FSA State committees and FSA county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations in this part, except as provided in paragraph (e) of this section.

(c) The FSA State committee will take any required action not taken by the FSA county committee. The FSA State committee will also:

(1) Correct or require correction of an action taken by an FSA county committee that is not in compliance with this part; or

(2) Require an FSA county committee to not take an action or implement a decision that is not under the regulations of this part.

(d) The Deputy Administrator for Farm Programs, FSA, or a designee, may determine any question arising under these programs, or reverse or modify a determination made by an FSA State committee or FSA county committee.

(e) The Deputy Administrator for Farm Programs, FSA, may authorize FSA State committees and FSA county committees to waive or modify non-statutory deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the OFF Program.

(f) A representative of FSA may execute applications and related documents only under the terms and conditions determined and announced by FSA. Any document not executed under such terms and conditions, including any purported execution before the date authorized by FSA, will be null and void.

(g) Items of general applicability to program participants, including, but not limited to, application periods, application deadlines, internal operating guidelines issued to State and county offices, prices, and payment factors established by the OFF Program, are not subject to appeal.

§ 756.3 Definitions.

The definitions in this section apply for all purposes of OFF Program administration.

Administrative county office is the FSA county office where a producer's FSA records are maintained.

APHIS means Animal Plant Health and Inspection Service, U.S. Department of Agriculture.

Application period means the dates established by the Deputy Administrator for producers to apply for OFF Program benefits.

Calendar year means January 1st through December 31st.

Deputy Administrator means the Deputy Administrator for Farm Programs, FSA.

FSA means the Farm Service Agency, U.S. Department of Agriculture.

NAP means Non-insured Crop Disaster Assistance Program.

OFF Program means the Oriental Fruit Fly Program.

OFF quarantine period means August 28, 2015, through February 13, 2016.

Oriental fruit fly quarantine means the quarantine put in place during the OFF quarantine period in the quarantine area to protect against the entry and spread of the Oriental fruit fly by requiring strict adherence to treatment or destruction of the host crop.

Prevented planting means when producers chose not to plant an annual crop during the 2015 through 2016 season due to the Oriental fruit fly quarantine.

Producer means a person, partnership, association, corporation, estate, trust, or other legal entity that produces an eligible crop as a landowner, landlord, tenant, or sharecropper.

Program year means the relevant application year. The program year for OFF will be 2015 and include total revenue losses for calendar year 2015 and calendar year 2016.

§ 756.4

Quarantine area means the area mapped by The Florida Department of Agriculture and Consumer Services Division, Division of Plant Industry (FDACS–DPI). The map identifies areas where the Oriental Fruit Fly was detected and the associated boundaries of the area quarantined by APHIS. The map is available by contacting FDACS–DPI, The Doyle Conner Building, 1911 SW 34th St., Gainesville, FL 32608–7100 or <https://www.fdacs.gov/Divisions-Of-fices/Plant-Industry>.

Reliable documentation means evidence provided by the participant that is used to substantiate the amount of revenue reported when verifiable documentation is not available, including copies of receipts, ledgers of income, income statements of deposit slips, register tapes, invoices for custom harvesting, and records to verify production costs, contemporaneous measurements truck scale tickets, and contemporaneous diaries that are determined acceptable by the FSA county committee. To determine whether the records are acceptable, the FSA county committee will consider whether they are consistent with the records of other producers of the crop in that area.

Revenue means the gross income from crop sales received during the applicable calendar years for the crops that suffered a loss due to the Oriental fruit fly quarantine. Revenue does not mean revenue received for crops grown under contract for crop owners unless the grower had an ownership share of the crop.

RMA means Risk Management Agency.

Secretary means the Secretary of the United States Department of Agriculture, or the Secretary's delegate.

Verifiable documentation means evidence that can be verified by FSA through an independent source.

§ 756.4 Qualifying disaster event.

The OFF Program will provide assistance to eligible producers who suffered revenue losses due to the State of Florida and APHIS implemented quarantine that took place from August 28, 2015, through February 13, 2016, in Miami-Dade County, Florida.

7 CFR Ch. VII (1–1–24 Edition)

§ 756.5 Eligible producers.

(a) To be an eligible producer, the producer must:

(1) Be an individual person that is a U.S. Citizen or Resident Alien, or a partnership, association, corporation, estate, trust, or other legal entity consisting solely of U.S. Citizens or Resident Aliens that produces an eligible crop as a landowner, landlord, tenant, or sharecropper; and

(2) Comply with all provisions of this part and, as applicable:

- (i) 7 CFR part 3—Debt Management;
- (ii) 7 CFR part 12—Highly Erodible Land and Wetland Conservation;
- (iii) 7 CFR 400.680, Controlled substance;
- (iv) 7 CFR part 1400, adjusted gross income (AGI) provisions:

(A) Program year 2015 will be used to determine AGI for the OFF Program, therefore the AGI will be the average of tax years 2013, 2012, and 2011; and

(B) The OFF Program allows an exception to the \$900,000 average AGI limitation if at least 75 percent of the average AGI was derived from farming, ranching, or forestry operations. CCC–942 is used to collect the producer and certified public accountant (CPA) or attorney certification statements;

(v) 7 CFR part 707—Payments Due Persons Who Have Died, Disappeared, or Have Been Declared Incompetent;

(vi) 7 CFR part 718—Provisions Applicable to Multiple Programs; and

(vii) 7 CFR part 1400—Payment Limitation and Payment Eligibility.

(b) A receiver or trustee of an insolvent or bankrupt debtor's estate, an executor or an administrator of a deceased person's estate, a guardian of an estate of a ward or an incompetent person, and trustees of a trust is considered to represent the insolvent or bankrupt debtor, the deceased person, the ward or incompetent, and the beneficiaries of a trust, respectively. The production of the receiver, executor, administrator, guardian, or trustee is the production of the person or estate represented by the receiver, executor, administrator, guardian, or trustee. OFF Program documents executed by any such person will be accepted by FSA only if they are legally valid and such person has the authority to sign the applicable documents.

(c) A minor who is otherwise an eligible producer is eligible to receive an OFF Program payment only if the minor meets one of the following requirements:

(1) The right of majority has been conferred on the minor by court proceedings or by statute.

(2) A guardian has been appointed to manage the minor's property and the applicable OFF Program documents are signed by the guardian.

(3) Any OFF Program application signed by the minor is cosigned by a person determined by the FSA county committee to be financially responsible.

(d) Foreign person rules in 7 CFR part 1400, subpart E, are not applicable to the OFF Program.

(e) Producers will not be required to be in the business of producing and marketing agricultural products at the time of OFF Program application.

(f) The producer must have been actively producing and marketing agricultural products during the OFF quarantine period.

§ 756.6 Eligible and ineligible causes of revenue loss.

(a) To be eligible for payments under this part the producer must have suffered a loss of revenue due to the Oriental fruit fly quarantine of one or more of the following types:

(1) Revenue loss on crop(s) planted or prevented from being planted within the Oriental Fruit Fly quarantine area during the OFF quarantine period. Crops that suffered a revenue loss due to prevented planting must have a prior history of being planted or be able to provide verifiable or reliable documentation demonstrating legitimate intent to plant the crop during the OFF quarantine period;

(2) Pre or post-harvest treatment costs;

(3) Transportation costs to a post-harvest treatment facility;

(4) Crop quality loss;

(5) Crop spoilage;

(6) Crop drop; or

(7) Reduced post-harvest shelf life.

(b) An ineligible cause of revenue loss under this part will apply to the following:

(1) Losses determined by FSA to be the result of poor management decisions or poor farming practices, such as using non-optimal chemical application, over-tilling, monoculture (growing of same crop year after year), allowing soil erosion, nonoptimal planting time, or poor quality seed selection.

(2) Losses due to conditions or events occurring outside of the applicable growing season for the crop.

(3) Losses due to failure of a power supply or lack of irrigation.

(4) Losses to crops not intended for harvest.

(5) Losses to home gardens for personal use and not intended to market.

(6) Losses to non-fruit bearing ornamental nursery.

(7) Losses caused by theft.

(8) Losses caused by disease or pest infestation other than the Oriental fruit fly.

(9) Losses to purchased crops.

§ 756.7 Time and method of application.

(a) An application for OFF Program payment under this part must be submitted in person, by mail, email, or facsimile to the FSA county office serving as the farm's administrative county office by the close of business 60 calendar days after the signup start date announced by FSA. A National Special Program (SP) Notice will be issued providing OFF program details including signup start date and program requirements.

(b) An application will include only the producer's share of revenue for the crops negatively affected by the Oriental fruit fly quarantine for the applicable calendar years.

(c) Once signed by a producer, the application for payment is considered to contain information and certifications of and pertaining to the producer regardless of who entered the information on the application.

(d) The producer applying for the OFF Program under this part certifies the accuracy and truthfulness of the information provided in the application as well as any documentation filed with or in support of the application.

(1) All information is subject to verification or spot check by FSA at

§ 756.8

any time, either before or after payment is issued. Refusal to allow FSA or any agency of the Department of Agriculture to verify any information provided will result in the participant's forfeiting eligibility for the OFF Program. FSA may at any time, including before, during, or after processing and paying an application, require the producer to submit any additional information necessary to implement or determine any eligibility provision of this part. Furnishing required information is voluntary; however, without it, FSA is under no obligation to act on the application or approve payment.

(2) Providing a false certification will result in ineligibility and can also be punishable by imprisonment, fines, and other penalties.

(e) The application submitted in accordance with paragraph (a) of this section is not considered valid and complete for issuance of payment under this part unless FSA determines all the applicable eligibility provisions have been satisfied and the participant has submitted all required documentation by the application deadline date announced by FSA.

(f) Applicants must submit all eligibility forms as listed on the FSA-438 Oriental Fruit Fly Program (OFF) Application within 60 calendar days from the date of submitting the application if not already on file with FSA.

§ 756.8 Calculating OFF Program payments.

(a) A revenue loss calculation and factor will determine the OFF Program payment.

(1) A factor will be applied to reduce the participant's payment to ensure that total OFF Program payments are no more than 70 percent of the total revenue losses by all eligible OFF Program participants.

(2) If necessary, at the close of the OFF Program sign-up period, a national payment factor may be determined by the Secretary and announced if full payment of all approved OFF Program applications would result in payments in excess of available OFF Program funds, less a reserve amount of 3 percent. A Price Support Division SP Notice will be issued to announce

7 CFR Ch. VII (1-1-24 Edition)

the issuance of OFF and, if applicable, the factored rate.

(b)(1) The OFF Program payment calculation is:

(Calendar year 2014 producer certified gross revenue
– Calendar year 2015 producer certified gross revenue)
+ (Calendar year 2014 producer certified gross revenue
– Calendar year 2016 producer certified gross revenue)
= Total revenue loss for calendar year 2015 and calendar year 2016
× 70%
= OFF Program payment (subject to proration after sign-up, see paragraph (a)(2) of this section)

(2) If the producer did not have 2014 revenue, then 2019 revenue will be used, and the calculation will be:

(Calendar year 2019 producer certified gross revenue
– Calendar year 2015 producer certified gross revenue)
+ (Calendar year 2019 producer certified gross revenue
– Calendar year 2016 producer certified gross revenue)
= Total revenue loss for calendar year 2015 and calendar year 2016
× 70%
= OFF Program Payment (subject to proration after sign-up, see paragraph (a)(2) of this section)

(c) If there is no gross revenue loss determined for calendar year 2015 or calendar year 2016, the payment will be zero.

§ 756.9 Availability of funds and timing of payments.

The total available program funds are \$9 million as provided by Public Law 116-6 (the Consolidated Appropriations Act, 2019). OFF Program payments will be issued after all applications are received and FSA has approved the application.

§ 756.10 Miscellaneous provisions.

(a) Producers who are approved for OFF Program payment will not be required to purchase future NAP or crop insurance for those crops affected by the quarantine as is often required by other disaster programs, because the Oriental fruit fly quarantine was not an eligible covered loss by NAP, and

Farm Service Agency, USDA

§ 756.16

RMA does not offer quarantine as an endorsement in Florida.

(b) All persons with a financial interest in a legal entity receiving payments under this part are jointly and severally liable for any refund, including related charges, that is determined to be due to FSA for any reason.

(c) In the event that any application under this part resulted from erroneous information or a miscalculation, the payment will be recalculated and any excess refunded to FSA with interest to be calculated from the date of disbursement.

(d) Any payment to any participant under this part will be made without regard to questions of title under State law, and without regard to any claim or lien against the commodity, or proceeds in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholding in part 3 of this title apply to payments under this part.

(e) Any participant entitled to any payment may assign any payment(s) in accordance with regulations governing the assignment of payment in part 3 of this title.

(f) The regulations in part 11 of this title and part 780 of this chapter apply to determinations under this part.

§ 756.12 Payment limitation.

(a) For the program year 2015, direct or indirect payments made to an eligible person or legal entity, other than a joint venture or general partnership, will not exceed \$125,000.

(b) The attribution of payment provisions in 7 CFR 1400.105 will be used to attribute payments to persons and legal entities for payment limitation determinations.

§ 756.13 Estates and trusts; minors.

(a) A receiver of an insolvent debtor's estate and the trustee of a trust estate will, for the purpose of this part, be considered to represent the insolvent affected producer or manufacturer and the beneficiaries of the trust, respectively.

(1) The production of the receiver or trustee will be considered to be the production of the represented person.

(2) Program documents executed by any such person will be accepted only if they are legally valid and such person has the authority to sign the applicable documents.

(b) [Reserved]

§ 756.14 Misrepresentation, scheme, or device.

(a) A producer will be ineligible to receive assistance under the OFF Program if the producer is determined by the FSA State committee or FSA county committee to have knowingly:

(1) Adopted any scheme or device that tends to defeat the purpose of the OFF Program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a determination under the OFF Program, then FSA will notify the appropriate investigating agencies of the United States and take steps deemed necessary to protect the interests of the Government.

(b) Any funds disbursed pursuant to this part to any person or operation engaged in a misrepresentation, scheme, or device, will be refunded to FSA. The remedies provided in this part are in addition to other civil, criminal, or administrative remedies that may apply.

§ 756.15 Death, incompetency, or disappearance.

In the case of the death, incompetency, or disappearance of any affected producer who would otherwise receive an OFF Program payment, such payment may be made to the person or persons specified in the regulations in part 707 of this chapter. The person requesting such payment must file Form FSA-325, "Application for Payment of Amounts Due Persons Who Have Died, Disappeared, or Have Been Declared Incompetent," as provided in part 707.

§ 756.16 Maintenance and inspection of records.

(a) Producers randomly selected for compliance spot checks by FSA must, in accordance with program notice instructions issued by the Deputy Administrator, provide adequate reports of revenue as applicable. The producer must report documentary evidence of

§ 756.17

7 CFR Ch. VII (1–1–24 Edition)

crop revenue to FSA together with any supporting documentation to verify information entered on the application. Verifiable documentation is preferred. If verifiable documentation is not available, FSA will accept reliable documentation, if determined to be acceptable by the FSA county committee.

(b) If supporting documentation is not presented to the county FSA office requesting the information within 30 calendar days of the request, producers will be determined ineligible for OFF Program benefits.

(c) The producer must maintain any existing books, records, and accounts supporting any information furnished in an approved OFF Program application for 3 years following the end of the year during which the application for payment was filed.

(d) The producer must permit authorized representatives of the Department of Agriculture and the General Accounting Office, during regular business hours, to inspect, examine, and make copies of such books, records, and accounts.

(b) FSA representatives do not have authority to modify or waive any of the provisions of the regulations of this part as amended or supplemented.

(c) The Administrator will take any action required by the regulations of this part that the Administrator determines has not already been taken. The Administrator will also:

(1) Correct or require correction of any action taken that is not in accordance with the regulations of this part; or

(2) Require withholding taking any action that is not in accordance with this part.

(d) No provision or delegation in these regulations will preclude the Administrator or a designee or other such person, from determining any question arising under this part, or from reversing or modifying any determination made under this part.

(e) Absent a delegation to the contrary, this part will be administered by the Deputy Administrator for Farm Programs of FSA on behalf of the Administrator of FSA or the Secretary, but nothing in this part will inhibit the ability of the Administrator of FSA or the person holding the equivalent position in the event of a reorganization to delegate the functions of DAFFP under these regulations to another person. Likewise, nothing shall inhibit the ability of the Secretary to reassign any duties with respect to the designations of disasters under this part.

§ 756.17 Appeals.

Any producer who is dissatisfied with a determination made pursuant to this part may make a request for reconsideration or appeal of such determination in accordance with the appeal regulations in 7 CFR parts 11 and 780.

§ 759.2 Purpose.

(a) This part specifies the types of incidents that can result in an area being determined a disaster area, which under other regulations makes qualified farmers in such areas eligible for Emergency loans (EM) or eligible for such other assistance that may be available, based on Secretarial disaster designations. Nothing in this part overrides provision of those regulations that govern the actual administration and availability of the disaster assistance regulations.

(b) This part specifies the responsibility of the County Emergency Board (CEB), State Emergency Board (SEB), and the State Executive Director (SED) in regard to Secretarial Designations with regards to disasters. It also

§ 759.1 Administration.

(a) This part will be administered under the general supervision and direction of the Administrator, Farm Service Agency (FSA).

addresses matters relating to the handling of a Presidential declaration of disaster or the imposition of a USDA quarantine by the Secretary with respect to triggering the availability of EM loans.

§ 759.3 Abbreviations and definitions.

(a) *Abbreviations.* The following abbreviations apply to this part.

CEB means the County Emergency Board.

CED means the County Executive Director.

DAFP means the Deputy Administrator for Farm Programs of the Farm Service Agency.

EM means Emergency loan administered under 7 CFR part 764.

FSA means the Farm Service Agency.

LAR means the Loss Assessment Report.

SEB means the State Emergency Board.

SED means the State Executive Director.

USDA means the United States Department of Agriculture.

(b) *Definitions.* The following definitions apply to this part.

Administrator means the Administrator of FSA.

Contiguous county is used in reference to a primary county as defined in this section. A contiguous county is any county whose boundary touches at any point with that of the primary county. For programs other than the EM Program, disaster assistance regulations will specify whether benefits will be available only in the primary counties or also in the contiguous counties. For the EM Program that issue is addressed in § 759.6, unless specified otherwise in the disaster assistance regulations for other programs or in § 759.6 for the EM Program, only the “primary” county will be considered the qualifying “disaster county.” Therefore, if the disaster assistance regulations specify that they cover the disaster area and contiguous counties, then the only eligible counties would be the primary county and those contiguous to that county. Coverage would not include coverage of those counties that are in turn contiguous to those counties that are contiguous to the primary county.

County is used when referring to a geographical area, a local administrative subdivision of a State or a similar political subdivision of the United States generally considered to be in county usage, for example, it includes an area referred to as a “county” or “parish.” Except where otherwise specified, the use of the term county or similar political subdivision is for administrative purposes only.

CEB is comprised of the representatives of several USDA agencies that have responsibilities for reporting the occurrence of, and assessing the damage caused by, a natural disaster, and for requesting approval in declaring a county a disaster area.

CED is the person in charge of administering the local FSA county office for a particular county.

Disaster area is the county or counties declared or designated as a disaster area as a result of natural disaster related losses. The disaster area only includes the primary counties, but benefits may be available in the counties contiguous to the primary county if so provided by the disaster assistance regulations or, in the case of the EM Program, in § 759.6.

LAR is a loss assessment report prepared by the CEB relating to the State and county where the potential disaster occurred and for which county or counties the CEB is responsible. The LAR includes as applicable, but is not limited to, starting and ending dates of the disaster, crop year affected, type of disaster incident, area of county affected by disaster; total number of farms affected, crop loss or pasture loss data associated with the applicable disaster (or both types of losses), livestock destroyed, and other property losses.

Natural disaster is a disaster in which unusual and adverse weather conditions or other natural phenomena have substantially affected farmers by causing severe physical losses, severe production losses, or both.

Primary county is a county determined to be a disaster area.

Presidential declaration is a declaration of a disaster by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121-2) requiring Federal

§ 759.5

emergency assistance to supplement State and local efforts to save lives and protect property, public health and safety, or to avert or lessen the threat of a disaster.

Production losses (severe) within a county are those in which there has been a reduction county-wide of at least a 30 percent or more loss of production of at least one crop in the county.

SEB means the State Emergency Board which is comprised of the representatives of several USDA agencies having emergency program responsibilities at the State level. The board is required to respond to emergencies and carry out the Secretary's emergency preparedness responsibilities.

SED is the person who serves as the Chairperson of the USDA SEB in each State, is responsible for providing the leadership and coordination for all USDA emergency programs at the State level, and is subject to the supervision of DAFP.

Severe physical losses means, for the purpose of determining an Administrator's declaration of physical loss, losses that consist of severe damage to, or destruction of: Physical farm property including farmland (except sheet erosion); structures on the land including, but not limited to, building, fences, dams; machinery, equipment, supplies, and tools; livestock, livestock products, poultry and poultry products; harvested crops and stored crops.

Substantially affected when used to refer to producers and to the relationship of a particular producer to a particular disaster means a producer who has sustained qualifying physical or production losses, as defined in this section, as a result of the natural disaster.

U.S. Drought Monitor is a system for classifying drought severity according to a range of abnormally dry to exceptional drought. It is a collaborative effort between Federal and academic partners that is produced on a weekly basis to synthesize multiple indices, outlooks, and drought impacts on a map and in narrative form. This synthesis of indices is reported by the National Drought Mitigation Center.

United States means each of the several States, the Commonwealth of

7 CFR Ch. VII (1-1-24 Edition)

Puerto Rico, the Virgin Islands of the United States, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands. Extension of disaster assistance, following a disaster designation, to insular areas of the United States not covered by this definition of "United States" will be only as authorized by law, and as determined by the Administrator on behalf of the Secretary to be appropriate.

§ 759.5 Secretarial disaster area determination and notification process.

(a) *U.S. Drought Monitor*. With respect to drought and without requiring an LAR:

(1) If any portion of a county is physically located in an area with a Drought Monitor Intensity Classification value of D3 (drought-extreme) or higher during any part of the growing season of the crops affected by the disaster in the county, then the county will be designated a disaster area by the Secretary.

(2) If any portion of a county meets the threshold Drought Monitor Intensity Classification value of D2 (drought-severe) for at least 8 consecutive weeks during the growing season of affected crops, then the county will be designated a disaster area by the Secretary.

(b) *CEB and SEB recommendations*. In instances where counties have been impacted by a disaster but the county has not been designated a disaster area under the provisions of paragraph (a) of this section, CEB will make a disaster designation recommendation request to SEB when a disaster has resulted in severe production losses. The determination of the sufficiency of the production losses will be governed by the provisions in paragraph (c) of this section. The CEB may make such efforts as are needed to identify counties that have been impacted and had such production losses. A farmer, Indian Tribal Council, or local governing body may initiate the process by reporting production losses or drought conditions to CEB and suggesting that there be a recommendation in favor of designating a county as a disaster area. Recommendations by a CEB in favor of a disaster designation by a CEB under

this paragraph are subject to the following:

(1) A LAR is required as part of a CEB disaster designation request. CEB will submit a disaster designation request with a LAR to SEB for review and recommendation for approval by the Secretary. CEB's written request and SEB recommendation must be submitted within three months of the last day of the occurrence of a natural disaster.

(2) If SEB determines a qualifying natural disaster and loss have occurred, SEB will forward the recommendation to the Administrator. The natural disaster may include drought conditions that were not sufficiently severe to meet the criteria in paragraph (a) of this section. Since the U.S. Drought Monitor tracks only drought conditions, not specifically agricultural losses resulting from those conditions, it is possible for a drought that does not meet the criteria in paragraph (a) of this section to result in production losses that constitute a natural disaster.

(3) The Secretary or the Secretary's designee will make disaster area determinations. The Secretary may delegate the authority to the SED. In such case, the SED will act on behalf of the Secretary, subject to review by DAFP as may be appropriate and consistent with the delegation. The delegation of authority to the SED may be revoked by the authority making that delegation or by other authorized person. In all cases, DAFP may reverse any SED determination made in accordance with this section unless the delegation to the SED specifies that such review is not allowed.

(c) *Eligible production losses.* For purposes of making determinations under paragraph (b) of this section, in order for an area to be declared a disaster area under paragraph (b) of this section based on production losses, the county must have had production losses of 30 percent of at least one crop in the county as the result of a natural disaster.

(d) *Discretionary exception to production losses for designating a county as a disaster county.* For purposes of the EM program only, unless otherwise specified in the designation, a county may

be designated by DAFP as a designated disaster county even though the conditions specified in paragraphs (a) through (c) of this section are not present so long as the disaster has otherwise produced such significant production losses, or other such extenuating circumstances so as to justify, in the opinion of the Secretary, the designation of a county as a disaster area. In making this determination, the Secretary may consider all relevant factors including such factors as the nature and extent of production losses; the number of farmers who have sustained qualifying production losses; the number of farmers that other lenders in the county indicate they will not be in position to provide emergency financing; whether the losses will cause undue hardship to a certain segment of farmers in the county; whether damage to particular crops has resulted in undue hardship; whether other Federal or State benefit programs, which are being made available due to the same disaster, will consequently lessen undue hardship and the demand for EM; and any other factors considered relevant.

§ 759.6 EM to be made available.

(a) For purposes of the EM Program under part 764, subpart I, of this chapter, a county will be considered an eligible disaster area as designated by FSA for coverage of the EM Program as follows:

(1) *Secretarial designations.* When production losses meet the requirements in § 759.5 and the county has been designated as a disaster area for that reason, or when the discretionary exception to production losses for EM under § 759.5(d) has been exercised, the primary and contiguous counties will be areas in which otherwise eligible producers can receive EM loans.

(2) *Physical loss notification.* When only qualifying physical losses occur, the SED will submit a request to the FSA Administrator to make a determination that a natural disaster has occurred in a county, resulting in severe physical losses. If the FSA Administrator determines that such a natural disaster has occurred, then EM can be made available to eligible farmers for physical losses only in the primary

county (the county that was the subject of that determination) and the counties contiguous to that county.

(3) *USDA quarantine.* Any quarantine imposed by the Secretary of Agriculture under the Plant Protection Act or the animal quarantine laws, as defined in section 2509 of the Food, Agriculture, Conservation, and Trade Act of 1990, automatically authorizes EM for production and physical losses resulting from the quarantine in a primary county (the county in which the quarantine was in force) and (where the quarantine effects extend beyond that county) the counties contiguous to that primary county.

§ 760.5

PAYMENTS TO DAIRY FARMERS FOR MILK

§ 760.3 Indemnity payments on milk.

(a) The amount of an indemnity payment for milk, including, but not limited to organic milk, made to an affected farmer who is determined by the county committee to be in compliance with all the terms and conditions of this subpart will be in the amount of the fair market value of the farmer's normal marketings for the application period, as determined in accordance with §§ 760.4 and 760.5, less:

(1) Any amount the affected farmer received for whole milk marketed during the application period; and

(2) Any payment not subject to refund that the affected farmer received from a milk handler with respect to milk removed from the commercial market during the application period.

(b) The eligible period for Dairy Indemnity Payment Program (DIPP) benefits for milk for the same loss is limited to 3 calendar months from when the first claim for milk benefits is approved. Upon written request from an affected farmer on the milk indemnity form authorized by the Deputy Administrator, the Deputy Administrator may authorize, at the Deputy Administrator's discretion, additional months of benefits for the affected farmer for milk due to extenuating circumstances, which may include allowing additional time for public agency approval of a removal plan for cow indemnification and confirmation of site disposal for affected cows. Additionally, the Deputy Administrator has discretion to approve additional months based on issues that are beyond the control of the affected farmer who is seeking cow indemnification, as well as when the affected farmer is following a plan to reduce chemical residues in milk, cows, and heifers to marketable levels.

[86 FR 70703, Dec. 13, 2021]

§ 760.4 Normal marketings of milk.

(a) The county committee shall determine the affected farmer's normal marketings which, for the purposes of this subpart, shall be the sum of the quantities of whole milk which such farmer would have sold in the commercial market in each of the pay periods

in the application period but for the removal of his whole milk from the commercial market because of the detection of a residue of a violating substance.

(b) Normal marketings for each pay period are based on the average daily production during the base period.

(c) Normal marketings determined in paragraph (b) of this section are adjusted for any change in the daily average number of cows milked during each pay period the milk is off the market compared with the average number of cows milked daily during the base period.

(d) If only a portion of a pay period falls within the application period, normal marketings for such pay period shall be reduced so that they represent only that part of such pay period which is within the application period.

[43 FR 10535, Mar. 14, 1978, as amended by Amdt. 1, 44 FR 36360, July 22, 1979]

§ 760.5 Fair market value of milk.

(a) The county committee shall determine the fair market value of the affected farmer's normal marketings, which, for the purposes of this subpart, shall be the sum of the net proceeds such farmer would have received for his normal marketings in each of the pay periods in the application period.

(b) The county committee shall determine the net proceeds the affected farmer would have received in each of the pay periods in the application period (1) in the case of an affected farmer who markets his whole milk through a milk handler, by multiplying the affected farmer's normal marketings for each such pay period by the average net price per hundred-weight of whole milk paid during the pay period by such farmer's milk handler in the same area for whole milk similar in quality and butterfat test to that marketed by the affected farmer in the base period used to determine his normal marketings, or (2) in the case of an affected farmer whose commercial market consists of direct retail sales to consumers, by multiplying the affected farmer's normal marketings for each such pay period by the average net price per hundredweight of whole milk, as determined by the county committee, which other producers in the

§ 760.6

same area who marketed their whole milk through milk handlers received for whole milk similar in quality and butterfat test to that marketed by the affected farmer during the base period used to determine his normal marketings.

(c) In determining the net price for whole milk, the county committee shall deduct from the gross price therefor any transportation, administrative, and other costs of marketing which it determines are normally incurred by the affected farmer but which were not incurred because of the removal of his whole milk from the commercial market.

§ 760.6 Information to be furnished.

The affected farmer shall furnish to the county committee complete and accurate information sufficient to enable the county committee or the Deputy Administrator to make the determinations required in this subpart. Such information shall include, but is not limited to:

(a) A copy of the notice from, or other evidence of action by, the public agency which resulted in the removal of the affected farmer's whole milk from the commercial market.

(b) The specific name of the violating substance causing the removal of his whole milk from the commercial market, if not included in the notice or other evidence of action furnished under paragraph (a) of this section.

(c) The quantity and butterfat test of whole milk produced and marketed during the base period. This information must be a certified statement from the affected farmer's milk handler or any other evidence the county committee accepts as an accurate record of milk production and butterfat tests during the base period.

(d) The average number of cows milked during the base period and during each pay period in the application.

(e) If the affected farmer markets his whole milk through a milk handler, a statement from the milk handler showing, for each pay period in the application period, the average price per hundred-weight of whole milk similar in quality to that marketed by the affected farmer during the base period used to determine his normal mar-

ketings. If the milk handler has information as to the transportation, administrative, and other costs of marketing which are normally incurred by producers who market through the milk handler but which the affected farmer did not incur because of removal of his whole milk from the market, the average price stated by the milk handler shall be the average gross price paid producers less any such costs. If the milk handler does not have such information, the affected farmer shall furnish a statement setting forth such costs, if any.

(f) The amount of proceeds, if any, received by the affected farmer from the marketing of whole milk produced during the application period.

(g) The amount of any payments not subject to refund made to the affected farmer by the milk handler with respect to the whole milk produced during the application period and remove from the commercial market.

(h) To the extent that such information is available to the affected farmer, the name of any pesticide, chemical, or toxic substance used on the farm within 24 months prior to the application period, the use made of the pesticide, chemical, or toxic substance, the approximate date of such use, and the name of the manufacturer and the registration number, if any, on the label on the container of the pesticide, chemical, or toxic substance.

(i) To the extent possible, the source of the pesticide, chemical, or toxic substance that caused the contamination of the whole milk, the results of any laboratory tests on the feed supply, and the monthly milk testing results that detail the chemical residue levels.

(j) Such other information as the county committee may request to enable the county committee or the Deputy Administrator to make the determinations required in this subpart.

be made under this subpart to an affected farmer under the conditions in this section.

(b) If the pesticide, chemical, or toxic substance, in the contaminated milk was used by the affected farmer, the affected farmer must establish that each of the conditions in this section are met:

(1) That the pesticide, chemical, or toxic substance, when used, was registered (if applicable) and approved for use as provided in § 760.2(f);

(2) That the contaminated milk was not the result of the affected farmer's failure to use the pesticide, chemical, or toxic substance, according to the directions and limitations stated on the label; and

(3) That the contaminated milk was not otherwise the affected farmer's fault.

(c) If the violating substance in the contaminated milk was not used by the affected farmer, the affected farmer must establish that each of the conditions in this section are met:

(1) The affected farmer did not know or have reason to believe that any purchased feed contained a violating substance;

(2) None of the milk was produced by dairy cattle that the affected farmer knew, or had reason to know at the time they were acquired, had elevated levels of a violating substance; and

(3) The contaminated milk was not otherwise the affected farmer's fault.

(d) The affected farmer has adopted recommended practices and taken action to eliminate or reduce chemical residues of violating substances from the milk as soon as practicable following the initial discovery of the contaminated milk.

§ 760.8 Application for payments for milk.

The affected farmer or his legal representative, as provided in §§ 760.25 and 760.29, must sign and file an application for payment on a form which is approved for that purpose by the Deputy Administrator. The form must be filed with the county FSA office for the county where the farm headquarters are located no later than December 31 following the end of the fiscal year in

which the loss occurred, or such later date as the Deputy Administrator may specify. The application for payment shall cover application periods of at least 28 days, except that, if the entire application period, or the last application period, is shorter than 28 days, applications for payment may be filed for such shorter period. The application for payment shall be accompanied by the information required by § 760.6 as well as any other information which will enable the county committee to determine whether the making of an indemnity payment is precluded for any of the reasons set forth in § 760.7. Such information shall be submitted on forms approved for the purpose by the Deputy Administrator.

[43 FR 10535, Mar. 14, 1978, as amended at 51 FR 12986, Apr. 17, 1986; 52 FR 17935, May 13, 1987]

§ 760.9 Payments for the same loss.

(a) No indemnity payment shall be made for contaminated milk resulting from residues of chemicals or toxic substances if, within 30 days after receiving a complete application, the Deputy Administrator determines that other legal recourse is available to the farmer. An application shall not be deemed complete unless it contains all information necessary to make a determination as to whether other legal recourse is available to the farmer. However, notwithstanding such a determination, the Deputy Administrator may reopen the case at a later date and make a new determination on the merits of the case as may be just and equitable.

(b) In the event that a farmer receives an indemnity payment under this subpart, and such farmer is later compensated for the same loss by the person (or the representative or successor in interest of such person) responsible for such loss, the indemnity payment shall be refunded by the farmer to the Department of Agriculture: *Provided*, That the amount of such refund shall not exceed the amount of other compensation received by the farmer.

(c) For any affected farmer that exceeded 3 months of milk indemnity payments before December 13, 2021 no further payments for milk indemnity

§ 760.10

7 CFR Ch. VII (1–1–24 Edition)

will be made for the same loss except as provided in § 760.3(b) and the affected farmer may apply for cow indemnity as specified in this subpart.

(d) An affected farmer that has an approved application for cow indemnity is no longer eligible for milk indemnity payments for the same loss.

(e) Cows purchased or bred after the initial discovery of the milk contamination are not eligible for DIPP benefits due to the same loss.

[Amdt. 1, 44 FR 36361, June 22, 1979, as amended at 84 FR 28176, June 18, 2019; 86 FR 70703, Dec. 13, 2021]

§ 760.10 Indemnity payments for cows.

(a) The Deputy Administrator for Farm Programs (DAFP) will determine eligibility for DIPP indemnification based on if the cows of the affected farmer are likely to be not marketable for 3 months or longer [from the date the affected farmer submits an application for cow indemnification per § 760.13]. The Deputy Administrator will review the following factors in making that determination:

- (1) Milk testing results;
- (2) Non marketability of affected cows through commercial marketing facilities;
- (3) Type and source of chemical residues impacting the milk and animal tissues; and
- (4) Projected duration for chemical residue reduction including the actions taken by the affected farmer to reduce the chemical residues to marketable levels since the affected cows were discovered.

(b) See § 760.11 for indemnity payment eligibility for bred and open heifers.

(c) Affected farmers applying for indemnification of cows, including heifers, must develop a removal plan both to permanently remove the affected cows by depopulating the cows.

(1) The removal plan for affected cows for which an affected farmer applies for indemnification under DIPP must be approved by the applicable public agency where the cows are located and must be in accordance with any applicable Environmental Protection Agency (EPA) and public agency depopulation and animal disposal requirements and guidelines, including contaminant disposal requirements, in

the State where the affected cows are located.

(2) The approved removal plan must be submitted with the application for indemnification.

(d) The amount of an indemnity payment for cows to an affected farmer who is determined by the Deputy Administrator to be eligible for indemnification and by the county committee to be in compliance with all the terms and conditions of this subpart will be based on the national average fair market value of the cows. DIPP cow indemnification will be based on the 100 percent value of the Livestock Indemnity Program (LIP) rates as applicable for the calendar year for milk indemnification established for dairy cows, per head. For example, for a 100-cow farm: 100 cows multiplied by \$1,300 (2021 LIP rate based on 100 percent value of average cow) = \$130,000 payment.

(e) For any cow indemnification payment under this section or § 760.11, the affected farmer has the option to receive 50 percent of calculated payment in advance after application approval with the remaining fifty percent paid after the affected cows have been depopulated and removed. Otherwise, the affected farmer may choose to receive 100 percent of payment after cows have been depopulated and removed. Documented records of depopulation and removal of affected cows must be provided to FSA to the satisfaction of the county committee, before the final payment will be made.

(f) Upon written request from an affected farmer on a form authorized by the Deputy Administrator, the Deputy Administrator may approve, at the Deputy Administrator's discretion, indemnification of additional affected cows as specified in paragraphs (f)(1) through (3) of this section.

(1) The affected cows were depopulated or died above normal mortality rates for cows between approval of the affected farmer's application for the first month of milk indemnity and public agency approval of the affected farmer's removal plan for cow indemnification. Normal mortality rates established annually by the FSA State

Farm Service Agency, USDA

§ 760.12

committee for their state for the following cow and heifer weight groups will be used:

- (i) Dairy, nonadult less than 400 pounds;
- (ii) Dairy, nonadult 400 pounds or more; and
- (iii) Dairy, adult cow.

(2) This request may include both cows that were included in applications for milk indemnity and heifers that were affected from the same loss.

(3) An affected farmer making such a request must submit the information specified in § 760.12(c).

(g) Affected cows that are marketed as cull or for breeding are not eligible for indemnification.

[86 FR 70703, Dec. 13, 2021]

§ 760.11 Indemnity payments for bred and open heifers.

(a) Bred (young dairy female in gestation) and open (young dairy female not in gestation) heifers that contain elevated levels of chemical residues as the result of the same loss may be eligible for indemnification through DIPP. For affected bred and open heifers participating affected farmers may receive indemnification if the farmer's dairy cows were determined to be likely not marketable for three months or longer according to § 760.10(a) and the Deputy Administrator determines the bred and open heifers to be eligible under paragraph (b) of this section. Except as provided in this section or otherwise stated in this subpart, the provisions in this subpart for cow indemnity apply equally to bred and open heifers, for example the removal requirements in § 760.10(b).

(b) The county committee will make the recommendation to the Deputy Administrator to determine if eligible bred and open heifers that have been affected by the same loss will likely be not marketable for 3 months or longer from the date the affected farmer submits an application for cow indemnification per § 760.13 because of elevated levels of chemical residues that will pass through milk once lactating. Affected farmers must provide the information specified in § 760.12(a) and (b) for the county committee to make a recommendation of eligibility to the Deputy Administrator. The Deputy Ad-

ministrator will take into consideration the recommendation of the county committee in making its eligibility determination.

(c) The amount of the cow indemnity for bred and open heifers will be based on the national average fair market value of the non-adult heifers. DIPP bred and open heifer indemnification will be based on the 100 percent value of the Livestock Indemnity Program (LIP) rates as applicable for the calendar year of milk indemnification established for non-adult dairy, by weight range, per head. For example, for an affected farmer with 40 bred or open heifers at different weight ranges: 10 bred heifers at 800 pounds or more multiplied by \$986.13 (\$9861.30), 10 bred or open heifers at 400 to 799 pounds multiplied by \$650.00 (\$6500.00), 10 open heifers at 250 to 399 pounds multiplied by \$325.00 (\$3250.00), and 10 open heifers 250 pounds or less multiplied by \$57.65 (\$576.50) = \$20,187.80 payment.

[86 FR 70704, Dec. 13, 2021]

§ 760.12 Information to be furnished for payment on dairy cows, and bred and open heifers.

(a) To apply for DIPP for affected cows, the affected farmer must provide the county committee complete and accurate information to enable the Deputy Administrator to make the determinations required in this subpart in addition to providing the information requested in § 760.6(a), (b), (h), and (i), if not previously provided to FSA in a milk indemnity application. The information specified in this section must be submitted as part of the cow indemnity application and includes, but is not limited to, the following items:

(1) An inventory of all dairy cows as of the date of application including lactating cows, bred heifers, and open heifers on the farm;

(2) A detailed description and timeline of how, where, and when cows will be depopulated and permanently removed from the farm (the removal plan);

(3) Documentation of public agency approval of the removal plan for cow depopulation and cow and contaminate

§ 760.13

disposal in accordance with any applicable EPA and public agency disposal requirements and guidelines;

(4) Documentation from 2 separate commercial markets stating that such market declined to accept the affected cows through a cull cow market, slaughter facility, or processing facility due to elevated levels of chemical residues;

(5) Documentation of any projected timelines for reducing chemical residues, any actions the affected farmer has taken to reduce chemical residues to marketable levels including any documents verifying steps undertaken, and any professional assistance obtained, including, discussion of strategy with the public agencies; and

(6) Any other documentation that may support the determination that the affected cows or milk from such cows is likely to be not marketable for longer than 3 months; and other documentation as requested or determined to be necessary by the county committee or the Deputy Administrator.

(b) To apply for DIPP for bred and open heifers the affected farmer must provide the information specified in paragraph (a) of this section and: veterinarian records, blood test results, and other testing information requested by the county committee for the recommendation specified in § 760.11(b) and eligibility for indemnification.

(c) To request consideration for indemnification of affected cows and heifers under § 760.10(e), the affected farmer must submit the information specified in paragraphs (c)(1) and (2) of this section to provide an accounting of affected cows and heifers that were depopulated or died above normal mortality rates for cows between approval of the affected farmer's application for the first month of milk indemnity and the public agency approval of the affected farmer's removal plan for cow indemnification.

(1) Herd health record documenting cow and heifer deaths; and

(2) Farm inventory or other record identifying the loss of dairy cows and heifers.

(d) The affected farmer certifies at application that once the cow indemnity application is approved, the af-

ected farmer will dry off all lactating cows in a reasonable timeframe and discontinue milking.

§ 760.13 Application for payment of cows.

(a) Any affected farmer may apply for cow indemnity under §§ 760.10 and 760.11. To apply for DIPP for affected cows, the affected farmer must sign and file an application for payment on a form that is approved for that purpose by the Deputy Administrator and provide the information described in § 760.12.

(b) The form must be filed with the FSA county office for the county where the farm headquarters is located by December 31 following the fiscal year end in which the affected farmer's milk was removed from the commercial market, except that affected farmers that have received 3 months of milk indemnity payments prior to December 13, 2021, must file the form within 120 days after December 13, 2021. Upon written request from an affected farmer and at Deputy Administrator's discretion, the deadline for that affected farmer may be extended.

PAYMENTS TO MANUFACTURERS AFFECTED BY PESTICIDES

§ 760.20 Payments to manufacturers of dairy products.

An indemnity payment may be made to the affected manufacturer who is determined by the Deputy Administrator to be in compliance with all the terms and conditions of this subpart in the amount of the fair market value of the product removed from the commercial market because of pesticide residues, less any amount the manufacturer receives for the product in the form of salvage.

NOTE: Manufacturers are not eligible for payment when dairy products are contaminated by chemicals, toxic substances (other than pesticides) or nuclear radiation or fallout.

Such information shall include, but is not limited to:

(a) A copy of the notice or other evidence of action by the public agency which resulted in the product being removed from the commercial market.

(b) The name of the pesticide causing the removal of the product from the commercial market and, to the extent possible, the source of the pesticide.

(c) A record of the quantity of milk or butterfat used to produce the product for which an indemnity payment is requested.

(d) The identity of any pesticide used by the affected manufacturer.

(e) Such other information as the Deputy Administrator may request to enable him to make the determinations required in this subpart.

§ 760.23 Other requirements for manufacturers.

An indemnity payment may be made under this subpart to an affected manufacturer only under the following conditions:

(a) If the pesticide contaminating the product was used by the affected manufacturer, he establishes each of the following: (1) That the pesticide, when used, was registered and recommended for such use as provided in § 760.2(f); (2) that the contamination of his product was not the result of his failure to use

the pesticide in accordance with the directions and limitations stated on the label of the pesticide; and (3) that the contamination of his product was not otherwise his fault.

(b) If the pesticide contaminating the product was not used by the affected manufacturer: (1) He did not know or have reason to believe that the milk from which the product was processed contained a harmful level of pesticide residue, and (2) the contamination of his product was not otherwise his fault.

(c) In the event that a manufacturer receives an indemnity payment under this subpart, and such manufacturer is later compensated for the same loss by the person (or the representative or successor in interest of such person) responsible for such loss, the indemnity payment shall be refunded by the manufacturer to the Department of Agriculture: *Provided*, That the amount of such refund shall not exceed the amount of other compensation received by the manufacturer.

Subpart B—General Provisions for Supplemental Agricultural Disaster Assistance Programs

SOURCE: 74 FR 31571, July 2, 2009, unless otherwise noted.

§ 760.101 Applicability.

(a) This subpart establishes general conditions for this subpart and subparts C through H of this part and applies only to those subparts. Subparts C through H cover the following programs provided for in the “2008 Farm Bill” (Pub. L. 110-246):

(1) Emergency Assistance for Livestock, Honey Bees, and Farm-Raised Fish Program (ELAP);

(2) Livestock Forage Disaster Program (LFP);

(3) Livestock Indemnity Payments Program (LIP);

(4) Supplemental Revenue Assistance Payments Program (SURE); and

(5) Tree Assistance Program (TAP).

(b) To be eligible for payments under these programs, participants must comply with all provisions under this subpart and the relevant particular subpart for that program. All other provisions of law also apply.

§ 760.102 Administration of ELAP, LFP, LIP, SURE, and TAP.

(a) The programs in subparts C through H of this part will be administered under the general supervision and direction of the Administrator, Farm Service Agency (FSA), and the Deputy Administrator for Farm Programs, FSA (who is referred to as the “Deputy Administrator” in this part).

(b) FSA representatives do not have authority to modify or waive any of the provisions of the regulations of this part as amended or supplemented, except as specified in paragraph (e) of this section.

(c) The State FSA committee will take any action required by the regulations of this part that the county FSA committee has not taken. The State FSA committee will also:

(1) Correct, or require a county FSA committee to correct, any action taken by such county FSA committee that is not in accordance with the regulations of this part or

§ 760.103

(2) Require a county FSA committee to withhold taking any action that is not in accordance with this part.

(d) No provision or delegation to a State or county FSA committee will preclude the Administrator, the Deputy Administrator for Farm Programs, or a designee or other such person, from determining any question arising under the programs of this part, or from reversing or modifying any determination made by a State or county FSA committee.

(e) The Deputy Administrator for Farm Programs may authorize State and county FSA committees to waive or modify non-statutory deadlines, or other program requirements of this part in cases where lateness or failure to meet such requirements does not adversely affect operation of the programs in this part. Participants have no right to seek an exception under this provision. The Deputy Administrator's refusal to consider cases or circumstances or decision not to exercise this discretionary authority under this provision will not be considered an adverse decision and is not appealable.

§ 760.103 Eligible producer.

(a) In general, the term "eligible producer" means, in addition to other requirements as may apply, an individual or entity described in paragraph (b) of this section that, as determined by the Secretary, assumes the production and market risks associated with the agricultural production of crops or livestock on a farm either as the owner of the farm, when there is no contract grower, or a contract grower of the livestock when there is a contract grower.

(b) To be eligible for benefits, an individual or entity must be a:

(1) Citizen of the United States;

(2) Resident alien; for purposes of this part, resident alien means "lawful alien" as defined in 7 CFR part 1400;

(3) Partnership of citizens of the United States; or

(4) Corporation, limited liability corporation, or other farm organizational structure organized under State law.

7 CFR Ch. VII (1-1-24 Edition)

§ 760.104 Risk management purchase requirements.

(a) To be eligible for program payments under:

(1) ELAP, SURE, and TAP, eligible producers for any commodity at any location for which the producer seeks benefits must have for every commodity on every farm in which the producer has an interest for the relevant program year:

(i) In the case of an "insurable commodity," (which for this part means a commodity for which the Deputy Administrator determines catastrophic coverage is available from the USDA Risk Management Agency (RMA)) obtained catastrophic coverage or better under a policy or plan of insurance administered by RMA under the Federal Crop Insurance Act (FCIA) (7 U.S.C. 1501-1524), except that this obligation will not include crop insurance pilot programs so designated by RMA or to forage crops intended for grazing, and

(ii) In the case of a "noninsurable commodity," (which is any commodity for which, as to the particular production in question, is not an "insurable commodity," but for which coverage is available under the Noninsured Crop Disaster Assistance Program (NAP) operated under 7 CFR part 1437), have obtained NAP coverage by filing the proper paperwork and fee within the relevant deadlines, except that this requirement will not include forage on grazing land.

(2) LFP, with respect to those grazing lands incurring losses for which assistance is being requested, eligible livestock producers must have:

(i) Obtained a policy or plan of insurance for the forage crop under FCIA, or

(ii) Filed the required paperwork and paid the administrative fee by the applicable State filing deadline for NAP coverage for that grazing land.

(b) Producers who did not purchase a policy or plan of insurance administered by RMA in accordance with FCIA (7 U.S.C. 1501-1524), or NAP coverage for their applicable crops, will not be eligible for assistance under ELAP, LFP, SURE, and TAP, as provided in paragraph (a) of this section unless the producer is one of the classes of farmers for which an exemption under § 760.107 apply, is exempt under the

“buy-in” provisions of this subpart, or is granted relief from that requirement by the Deputy Administrator under some other provision of this part.

(c) Producers who have obtained insurance by a written agreement as specified in § 400.652(d) of this title even though that production would not normally be considered an “insurable commodity” under the rules of this subpart, will be considered to have met the risk management purchase requirement of this subpart with respect to such production. The commodity to which the agreement applies will be considered for purposes of this subpart to be an “insurable commodity.”

(d) Producers by an administrative process who were granted NAP coverage for the relevant period as a form of relief in an administrative proceeding, or who were awarded NAP coverage for the relevant period through an appeal through the National Appeals Division (NAD), will be considered as having met the NAP eligibility criteria of this section for that crop as long as the applicable NAP service fee has been paid.

(e) The risk management purchase requirement for programs specified under this part will be determined based on the initial intended use of a crop at the time a policy or plan of insurance or NAP coverage was purchased and as reported on the acreage report.

[74 FR 31571, July 2, 2009, as amended at 74 FR 46673, Sept. 11, 2009]

§ 760.105 Waiver for certain crop years; buy-in.

(a) For the 2008 crop year, the insurance or NAP purchase requirements of § 760.104 (this is referred to as the “purchase” requirement) will be waived for eligible producers for losses during the 2008 crop year if the eligible producer paid a fee (buy-in fee) equal to the applicable NAP service fee or catastrophic risk protection plan fee to the Secretary by September 16, 2008. Payment of a buy-in fee under this section is for the sole purpose of becoming eligible for participation in ELAP, LFP, SURE, and TAP. Payment of a buy-in fee does not provide any actual insurance or NAP coverage or assistance.

(b) For the 2009 crop year, the purchase requirement will be waived for purchases where the closing date for coverage occurred prior to August 14, 2008, so long as the buy-in fee set by the Secretary of Agriculture was paid by January 12, 2009.

(c) Any producer of 2008 commodities who is otherwise ineligible because of the purchase requirement and who did not meet the conditions of paragraph (a) of this section may still be covered for ELAP, SURE, or TAP assistance if the producer paid the applicable fee described in paragraph (d) of this section no later than May 18, 2009, provided that in the case of each:

(1) Insurable commodity, excluding grazing land, the eligible producers on the farm agree to obtain a policy or plan of insurance under FCIA (7 U.S.C. 1501–1524), excluding a crop insurance pilot program under that subtitle, for the next insurance year for which crop insurance is available to the eligible producers on the farm at a level of coverage equal to 70 percent or more of the recorded or appraised average yield indemnified at 100 percent of the expected market price, or an equivalent coverage, and

(2) Noninsurable commodity, the eligible producers on the farm must agree to file the required paperwork, and pay the administrative fee by the applicable State filing deadline, for NAP for the next year for which a policy is available.

(d) For producers seeking eligibility under paragraph (c) of this section, the applicable buy-in fee for the 2008 crop year was the catastrophic risk protection plan fee or the applicable NAP service fee in effect prior to NAP service fee adjustments specified in the 2008 Farm Bill.

§ 760.106 Equitable relief.

(a) The Secretary may provide equitable relief on a case-by-case basis for the purchase requirement to eligible participants that:

(1) Are otherwise ineligible or provide evidence, satisfactory to FSA, that the failure to meet the requirements of § 760.104 for one or more eligible crops on the farm was unintentional and not because of any fault of

§760.107

the participant, as determined by the Secretary, or

(2) Failed to meet the requirements of §760.104 due to the enactment of the 2008 Farm Bill after the:

(i) Applicable sales closing date for a policy or plan of insurance in accordance with the FCIA (7 U.S.C. 1501-1524) or

(ii) Application closing date for NAP.

(b) Equitable relief will not be granted to participants in instances of:

(c) In general, no relief that is discretionary will be allowed except upon a finding by the Deputy Administrator or the Deputy Administrator's designee that the person seeking the relief acted in good faith as determined in accordance with such rules and procedures as may be set by the Deputy Administrator.

§760.107 Socially disadvantaged, limited resource, or beginning farmer or rancher.

(a) Risk management purchase requirements, as provided in §760.104, will be waived for a participant who, as specified in paragraphs (b)(1) through (3) of this section, is eligible to be con-

sidered a "socially disadvantaged farmer or rancher," a "limited resource farmer or rancher," or a "beginning farmer or rancher."

(b) To qualify for this section as a "socially disadvantaged farmer or rancher," "limited resource farmer or rancher," or "beginning farmer or rancher," participants must meet eligibility criteria as follows:

(1) A "socially disadvantaged farmer or rancher" is, for this section, a farmer or rancher who is a member of a socially disadvantaged group whose members have been subjected to racial or ethnic prejudice because of their identity as members of a group without regard to their individual qualities. Gender is not included as a covered group. Socially disadvantaged groups include the following and no others unless approved in writing by the Deputy Administrator:

(i) American Indians or Alaskan Natives,

(ii) Asians or Asian-Americans,

(iii) Blacks or African Americans,

(iv) Native Hawaiians or other Pacific Islanders, and

(v) Hispanics.

(2) A "limited resource farmer or rancher" means for this section a producer who is both:

(i) A producer whose direct or indirect gross farm sales do not exceed \$100,000 in both of the two calendar years that precede the calendar year that corresponds to the relevant program year, adjusted upwards for any general inflation since fiscal year 2004, inflation as measured using the Prices Paid by Farmer Index compiled by the National Agricultural Statistics Service (NASS), and

(ii) A producer whose total household income is at or below the national poverty level for a family of four, or less than 50 percent of the county median household income for the same two calendar years referenced in paragraph (b)(2)(i) of this section, as determined annually using Commerce Department data. (Limited resource farmer or rancher status can be determined using a Web site available through the Limited Resource Farmer and Rancher Online Self Determination Tool through

the National Resource and Conservation Service at <http://www.lrftool.sc.egov.usda.gov/tool.asp>.)

(3) A “beginning farmer or rancher” means for this section a person or legal entity who for a program year both:

(i) Has never previously operated a farm or ranch, or who has not operated a farm or ranch in the previous 10 years, applicable to all members (shareholders, partners, beneficiaries, etc., as fits the circumstances) of an entity, and

(ii) Will have or has had for the relevant period materially and substantially participated in the operation of a farm or ranch.

(c) If a legal entity requests to be considered a “socially disadvantaged,” “limited resource,” or “beginning” farmer or rancher, at least 50 percent of the persons in the entity must in their individual capacities meet the definition as provided in paragraphs (b)(1) through (3) of this section and it must be clearly demonstrated that the entity was not formed for the purposes of avoiding the purchase requirements or formed after the deadline for the purchase requirement.

[74 FR 31571, July 2, 2009, as amended at 76 FR 54075, Aug. 31, 2011]

§ 760.108 Payment limitation.

(a) For 2008, no person, as defined and determined under the provisions in part 1400 of this title in effect for 2008 may receive more than:

(1) \$100,000 total for the 2008 program year under ELAP, LFP, LIP, and SURE combined or

(2) \$100,000 for the 2008 program year under TAP.

(b) For 2009 and subsequent program years, no person or legal entity, excluding a joint venture or general partnership, as determined by the rules in part 1400 of this title may receive, directly or indirectly, more than:

(1) \$100,000 per program year total under ELAP, LFP, LIP, and SURE combined; or

(2) \$100,000 per program year under TAP.

(c) The Deputy Administrator may take such actions as needed, whether or not specifically provided for, to avoid a duplication of benefits under the multiple programs provided for in

this part, or duplication of benefits received in other programs, and may impose such cross-program payment limitations as may be consistent with the intent of this part.

(1) FSA will review ELAP payments after the funding factor as specified in § 760.208 is determined to be 100 percent. FSA will ensure that total ELAP payments provided to a participant in a year, together with any amount provided to the same participant for the same loss as a result of any Federal crop insurance program, the Non-insured Crop Disaster Assistance Program, or any other Federal disaster program, plus the value of the commodity that was not lost, is not more than 95 percent of the value of the commodity in the absence of the loss, as estimated by FSA.

(2) [Reserved]

(d) In applying the limitation on average adjusted gross income (AGI) for 2008, an individual or entity is ineligible for payment under ELAP, LFP, LIP, SURE, and TAP if the individual’s or entity’s average adjusted gross income (AGI) exceeds \$2.5 million for 2007, 2006, and 2005 under the provisions in part 1400 of this title in effect for 2008.

(e) For 2009 through 2011, the average AGI limitation provisions in part 1400 of this title relating to limits on payments for persons or legal entities, excluding joint ventures and general partnerships, with certain levels of average adjusted gross income (AGI) will apply under this subpart and will apply to each applicant for ELAP, LFP, LIP, SURE, and TAP. Specifically, for 2009 through 2011, a person or legal entity with an average adjusted gross non-farm income, as defined in § 1404.3 of this title, that exceeds \$500,000 will not be eligible to receive benefits under this part.

(f) The direct attribution provisions in part 1400 of this title apply to ELAP, LFP, LIP, SURE, and TAP for 2009 and subsequent years. Under those rules, any payment to any legal entity will also be considered for payment limitation purposes to be a payment to persons or legal entities with an interest in the legal entity or in a sub-entity. If

§ 760.109

any such interested person or legal entity is over the payment limitation because of direct payment or their indirect interests or a combination thereof, then the payment to the actual payee will be reduced commensurate with the amount of the interest of the interested person in the payee. Likewise, by the same method, if anyone with a direct or indirect interest in a legal entity or sub-entity of a payee entity exceeds the AGI levels that would allow a participant to directly receive a payment under this part, then the payment to the actual payee will be reduced commensurately with that interest. For all purposes under this section, unless otherwise specified in part 1400 of this title, the AGI figure that will be relevant for a person or legal entity will be an average AGI for the three taxable years that precede the most immediately preceding complete taxable year, as determined by CCC.

[74 FR 31571, July 2, 2009, as amended at 74 FR 46673, Sept. 11, 2009]

§ 760.109 Misrepresentation and scheme or device.

(a) A participant who is determined to have deliberately misrepresented any fact affecting a program determination made in accordance with this part, or otherwise used a scheme or device with the intent to receive benefits for which the participant would not otherwise be entitled, will not be entitled to program payments and must refund all such payments received, plus interest as determined in accordance with part 792 of this chapter. The participant will also be denied program benefits for the immediately subsequent period of at least 2 crop years, and up to 5 crop years. Interest will run from the date of the original disbursement by FSA.

(b) A participant will refund to FSA all program payments, plus interest, as determined in accordance with part 792 of this chapter, provided however, that in any case it will run from the date of the original disbursement, received by such participant with respect to all contracts or applications, as may be applicable, if the participant is determined to have knowingly done any of the following:

7 CFR Ch. VII (1-1-24 Edition)

(1) Adopted any scheme or device that tends to defeat the purpose of the program,

(2) Made any fraudulent representation, or

(3) Misrepresented any fact affecting a program determination.

§ 760.110 Appeals.

(a) *Appeals.* Appeal regulations set forth at parts 11 and 780 of this title apply to this part.

(b) *Determinations not eligible for administrative review or appeal.* FSA determinations that are not in response to a specific individual participant's application are not to be construed to be individual program eligibility determinations or adverse decisions and are, therefore, not subject to administrative review or appeal under parts 11 or 780 of this title. Such determinations include, but are not limited to, application periods, deadlines, coverage periods, crop years, fees, prices, general statutory or regulatory provisions that apply to similarly situated participants, national average payment prices, regions, crop definition, average yields, and payment factors established by FSA for any of the programs for which this subpart applies or similar matters requiring FSA determinations.

§ 760.111 Offsets, assignments, and debt settlement.

(a) Any payment to any participant under this part will be made without regard to questions of title under State law, and without regard to any claim or lien against the commodity, or proceeds, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings in part 792 of this title apply to payments made under this part.

(b) Any participant entitled to any payment may assign any payment(s) in accordance with regulations governing the assignment of payments in part 1404 of this title.

§ 760.112 Records and inspections.

(a) Any participant receiving payments under any program in ELAP, LFP, LIP, SURE, or TAP, or any other legal entity or person who provides information for the purposes of enabling

Farm Service Agency, USDA

§ 760.201

a participant to receive a payment under ELAP, LFP, LIP, SURE, or TAP, must:

(1) Maintain any books, records, and accounts supporting the information for 3 years following the end of the year during which the request for payment was submitted, and

(2) Allow authorized representatives of USDA and the Government Accountability Office, during regular business hours, to inspect, examine, and make copies of such books or records, and to enter the farm and to inspect and verify all applicable livestock and acreage in which the participant has an interest for the purpose of confirming the accuracy of information provided by or for the participant.

(b) [Reserved]

§ 760.113 Refunds; joint and several liability.

(a) In the event that the participant fails to comply with any term, requirement, or condition for payment or assistance arising under ELAP, LFP, LIP, SURE, or TAP and if any refund of a payment to FSA will otherwise become due in connection with this part, the participant must refund to FSA all payments made in regard to such matter, together with interest and late-payment charges as provided for in part 792 of this chapter provided that interest will in all cases run from the date of the original disbursement.

(b) All persons with a financial interest in an operation or in an application for payment will be jointly and severally liable for any refund, including related charges, that is determined to be due FSA for any reason under this part.

§ 760.114 Minors.

A minor child is eligible to apply for program benefits under ELAP, LFP, LIP, SURE, or TAP if all the eligibility requirements are met and the provision for minor children in part 1400 of this title are met.

§ 760.115 Deceased individuals or dissolved entities.

(a) Payments may be made for eligible losses suffered by an eligible participant who is now a deceased individual or is a dissolved entity if a representa-

tive, who currently has authority to enter into a contract, on behalf of the participant, signs the application for payment.

(b) Legal documents showing proof of authority to sign for the deceased individual or dissolved entity must be provided.

(c) If a participant is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must sign the application for payment.

§ 760.116 Miscellaneous.

(a) As a condition to receive benefits under ELAP, LFP, LIP, SURE, or TAP, a participant must have been in compliance with the provisions of parts 12 and 718 of this title, and must not otherwise be precluded from receiving benefits under those provisions or under any law.

(b) Rules of the Commodity Credit Corporation that are cited in this part will be applied to this subpart in the same manner as if the programs covered in this subpart were programs funded by the Commodity Credit Corporation.

(b) A loss covered under LFP, LIP, or SURE is not eligible for ELAP.

(c) To be eligible, the loss must have occurred:

(1) During the calendar year for which payment is being requested and

(2) Due to an eligible adverse weather event or loss condition that occurred on or after January 1, 2008, and before October 1, 2011.

(d) For a livestock feed loss to be considered an eligible loss, the livestock feed loss must be one of the following:

(1) Loss of purchased forage or feedstuffs that was intended for use as feed for the participant's eligible livestock that was physically located in the county where the eligible adverse weather or eligible loss condition occurred on the beginning date of the eli-

gible adverse weather or eligible loss condition. The loss must be due to an eligible adverse weather or eligible loss condition, as determined by the Deputy Administrator, including, but not limited to, blizzard, flood, hurricane, tidal surge, tornado, volcanic eruption, wildfire on non-Federal land, or lightning;

(2) Loss of mechanically harvested forage or feedstuffs intended for use as feed for the participant's eligible livestock that was physically located in the county where the eligible adverse weather or eligible loss condition occurred on the beginning date of the eligible adverse weather or eligible loss condition. The loss must have occurred after harvest due to an eligible adverse weather or eligible loss condition, as determined by the Deputy Administrator, including, but not limited to, blizzard, flood, hurricane, tidal surge, tornado, volcanic eruption, wildfire on non-Federal land, or lightning;

(3) A loss resulting from the additional cost incurred for providing or transporting livestock feed to eligible livestock due to an eligible adverse weather or eligible loss condition as determined by the Deputy Administrator, including, but not limited to, costs associated with equipment rental fees for hay lifts and snow removal. The additional costs incurred must have been incurred for losses suffered in the county where the eligible adverse weather or eligible loss condition occurred;

(4) A loss resulting from the additional cost of purchasing additional livestock feed, above normal quantities, required to maintain the eligible livestock during an eligible adverse weather or eligible loss condition, until additional livestock feed becomes available, as determined by the Deputy Administrator. To be eligible, the additional feed purchased above normal quantities must be feed that is fed to maintain livestock in the county where the eligible adverse weather or eligible loss condition occurred.

(e) For a grazing loss to be considered eligible, the grazing loss must have been incurred on eligible grazing lands physically located in the county where the eligible adverse weather or eligible loss condition occurred. The grazing loss must be due to an eligible adverse

weather or eligible loss condition, as determined by the Deputy Administrator, including, but not limited to, flood, freeze, hurricane, hail, tidal surge, volcanic eruption, and wildfire on non-Federal land. The grazing loss will not be eligible if it is due to an adverse weather condition covered by LFP as specified in subpart D, such as drought or wildfire on federally managed land where the producer is prohibited by the Federal agency from grazing the normally permitted livestock on the managed rangeland due to a fire.

(f) For a loss due to livestock death to be considered eligible, the livestock death must have occurred in the county where the eligible loss condition occurred. The livestock death must be due to an eligible loss condition determined as eligible by the Deputy Administrator and not related to an eligible adverse weather event as specified in Subpart E for LIP.

(g) For honeybee or farm-raised fish feed losses to be considered eligible, the honeybee or farm-raised fish feed producer must have incurred the loss in the county where the eligible adverse weather or eligible loss condition occurred. The honeybee or farm-raised fish feed losses must be for feed that was intended as feed for the honeybees or farm-raised fish that was damaged or destroyed due to an eligible adverse weather or eligible loss condition, as determined by the Deputy Administrator, including, but not limited to, earthquake, excessive wind, flood, hurricane, tidal surge, tornado, volcanic eruption, and wildfire.

(h) For honeybee colony or honeybee hive losses to be considered eligible, the honeybee colony or honeybee hive producer must have incurred the loss in the county where the eligible adverse weather or eligible loss condition occurred. The honeybee colony or honeybee hive losses must be due to an eligible adverse weather or eligible loss condition, as determined by the Deputy Administrator, including, but not limited to, earthquake, excessive wind, flood, hurricane, tornado, volcanic eruption, and wildfire. To be eligible for a loss of honeybees due to colony collapse disorder, the eligible honeybee producer must provide acceptable docu-

mentation to support that the loss was due to colony collapse disorder. Except for 2008 and 2009 honeybee losses, acceptable documentation must include an acceptable colony collapse disorder certification by an independent third party as determined by the Deputy Administrator, plus any other documentation requested by FSA. For 2008 and 2009 honeybee losses such an independent certification is not required in all cases, but rather a self-certification by the honeybee producer as determined acceptable by the Deputy Administrator may be allowed in addition to whatever other documentation might be requested.

(i) For a death loss for bait fish or game fish to be considered eligible, the producer must have incurred the loss in the county where the eligible adverse weather or eligible loss condition occurred. The bait fish or game fish death must be due to an eligible adverse weather or eligible loss condition as determined by the Deputy Administrator including, but not limited to, an earthquake, flood, hurricane, tidal surge, tornado, and volcanic eruption.

(e) To be considered an eligible farm-raised fish producer for feed loss purposes, the participant must have produced eligible farm-raised fish, as specified in § 760.204(h)(1), with the intent to harvest for commercial use as part of a farming operation and must have had a loss that is determined to be eligible as specified in § 760.203(g);

(f) A producer seeking payments must not be ineligible under the restrictions applicable to foreign persons

contained in § 760.103(b) and must meet all other requirements of subpart B and other applicable USDA regulations.

§ 760.206 Notice of loss and application process.

(a) To apply for ELAP, the participant that suffered eligible livestock, honeybee, or farm-raised fish losses must submit, to the FSA administrative county office that maintains the participant's farm records for the agricultural operation, the following:

(1) Purchased feed intended as feed for livestock, honeybees, or farm-raised fish that was lost, or additional feed purchased above normal quantities to sustain livestock, honeybees, and farm-raised fish for a short period of time until additional feed becomes available, due to an eligible adverse weather or eligible loss condition. To be considered acceptable documentation, the participant must provide original feed receipts and each feed receipt must include the date of feed purchase, name, address, and telephone number of feed vendor, type and quantity of feed purchased, cost of feed purchased, and signature of feed vendor if the vendor does not have a license to conduct this type of transaction.

(2) Harvested feed intended as feed for livestock, honeybees, or farm-

raised fish that was lost due to an eligible adverse weather or eligible loss condition. Documentation may include, but is not limited to, weight tickets, truck scale tickets, contemporaneous diaries used to verify that the crop was stored with the intent to feed the crop to livestock, honeybees, or farm-raised fish, and custom harvest documents that clearly identify the amount of feed produced from the applicable acreage. Documentation must clearly identify the acreage from which the feed was produced.

(c) For eligible honeybee colony and honeybee hive losses and eligible farm-raised fish losses, the participant must also provide documentation of inventory on the beginning date of the eligible adverse weather or loss condition and the ending inventory. Documentation may include, but is not limited to, any combination of the following:

§ 760.207 Notice of loss and application period.

(a) In addition to submitting an application for payment at the appropriate time, the participant that suffered eligible livestock, honeybee, or farm-raised fish losses that create or could create a claim for benefits must:

(1) For losses during calendar year 2008 and in calendar year 2009 prior to September 11, 2009, provide a notice of loss to FSA no later than December 10, 2009;

(2) For losses on or after September 11, 2009, the participant must provide a notice of loss to FSA within the earlier of:

(i) 30 calendar days of when the loss is apparent to the participant or

(ii) 30 calendar days after the end of the calendar year in which the loss occurred.

(3) The participant must submit the notice of loss required in paragraphs (a)(1) and (a)(2) of this section to the administrative FSA county office

(b) In addition to the notices of loss required in paragraph (a) of this section, a participant must also submit a completed application for payment no later than:

(1) 30 calendar days after the end of the calendar year in which the loss occurred or

(2) December 10, 2009 for losses that occurred during 2008.

§ 760.208 Availability of funds.

By law, “up to” \$50 million per year for the years in question may be approved for use by the Secretary and accordingly, within that cap, the only funds that will be considered available to pay claims will be that amount approved by the Secretary. Nothing in these regulations will limit the ability of the Secretary to restrict the availability of funds for the program as permitted by the relevant legislation. Payments will not be made for claims arising out of a particular year until, for all claims for that year, the time for applying for a payment has passed. In the event that, within the limits of the funding made available by the Secretary within the statutory cap, approval of eligible applications would result in expenditures in excess of the amount available, FSA will prorate the available funds by a national factor to reduce the total expected payments to the amount made available by the Secretary. FSA will make payments based on the factor for the national rate determined by FSA. FSA will prorate the payments in such manner as it determines appropriate and reasonable. Claims that are unpaid or prorated for a calendar year for any reason will not be carried forward for payment under other funds for later years or otherwise, but will be considered, as to any unpaid amount, void and nonpayable.

§ 760.209 Livestock payment calculations.

(a) Payments for an eligible livestock producer will be calculated based on losses for no more than 90 days during the calendar year. Payment calculations for feed losses will be based on 60 percent of the producer’s actual cost for:

(1) Livestock feed that was purchased forage or feedstuffs intended for use as

feed for the participant’s eligible livestock that was physically damaged or destroyed due to the direct result of an eligible adverse weather or eligible loss condition, as provided in § 760.203(d)(1);

(2) Livestock feed that was mechanically harvested forage or feedstuffs intended for use as feed for the participant’s eligible livestock that was physically damaged or destroyed after harvest due to the direct result of an eligible adverse weather or eligible loss condition, as provided in § 760.203(d)(2);

(3) The additional cost incurred for providing or transporting livestock feed to eligible livestock due to an eligible adverse weather or eligible loss condition, as provided in § 760.203(d)(3); or

(4) The additional cost of purchasing additional livestock feed above normal, to maintain the eligible livestock during an eligible adverse weather or eligible loss condition until additional livestock feed becomes available, as provided in § 760.203(d)(4).

(b) Payments for an eligible livestock producer for grazing losses, except for losses due to wildfires on non-Federal land, will be calculated based on 60 percent of the lesser of:

(1) The total value of the feed cost for all covered livestock owned by the eligible livestock producer based on the number of days grazing was lost, not to exceed 90 days of daily feed cost for all covered livestock, or

(2) The total value of grazing lost for all eligible livestock based on the normal carrying capacity, as determined by the Secretary, of the eligible grazing land of the eligible livestock producer for the number of grazing days lost, not to exceed 90 days of lost grazing.

(c) The total value of feed cost to be used in the calculation for paragraph (b)(1) of this section is based on the number of days grazing was lost and equals the product obtained by multiplying:

(1) A payment quantity equal to the feed grain equivalent, as determined in paragraph (d) of this section;

(2) A payment rate equal to the corn price per pound, as determined in paragraph (e) of this section;

§ 760.209

7 CFR Ch. VII (1-1-24 Edition)

(3) The number of all covered livestock owned by the eligible producer converted to an animal unit basis;

(4) The number of days grazing was lost, not to exceed 90 calendar days during the normal grazing period for the specific type of grazing land; and

(5) The producer's ownership share in the livestock.

(d) The feed grain equivalent to be used in the calculation for paragraph (c)(1) of this section equals, in the case of:

(1) An adult beef cow, 15.7 pounds of corn per day or

(2) Any other type or weight of livestock, an amount determined by the Secretary that represents the average number of pounds of corn per day necessary to feed that specific type of livestock.

(e) The corn price per pound to be used in the calculation for paragraph (c)(2) of this section equals the quotient obtained by dividing:

(1) The higher of:

(i) The national average corn price per bushel of corn for the 12-month period immediately preceding March 1 of the calendar year for which payments are calculated; or

(ii) The national average corn price per bushel of corn for the 24-month period immediately preceding March 1 of the calendar year for which payments are calculated; by

(2) 56.

(f) The total value of grazing lost to be used in the calculation for paragraph (b)(2) of this section equals the product obtained by multiplying:

(1) A payment quantity equal to the feed grain equivalent of 15.7 pounds of corn per day;

(2) A payment rate equal to the corn price per pound, as determined in paragraph (e) of this section;

(3) The number of animal units the eligible livestock producer's grazing land or pastureland can sustain during the normal grazing period in the county for the specific type of grazing land or pastureland, in the absence of an eligible adverse weather or eligible loss condition, determined by dividing the:

(i) Number of eligible grazing land or pastureland acres of the specific type of grazing land or pastureland by

(ii) The normal carrying capacity of the specific type of eligible grazing land or pastureland; and

(4) The number of days grazing was lost, not to exceed 90 calendar days during the normal grazing period for the specific type of grazing land.

(1) The result of dividing:

(i) The number of acres of grazing land or pastureland acres affected by the fire by

(ii) The normal carrying capacity of the specific type of eligible grazing land or pastureland; times

(2) The daily value of grazing as calculated by FSA under this section; times

(3) The number of days grazing was lost due to fire, not to exceed 180 calendar days; times

(4) 50 percent.

(h) Payments for an eligible livestock producer for eligible livestock death losses due to an eligible loss condition will be based on the following:

(1) Payments will be calculated by multiplying:

(i) The national payment rate for each livestock category times

(ii) The number of eligible livestock that died in each category as a result of an eligible loss condition in excess of normal mortality, as determined in paragraph (d)(2) of this section;

(2) Normal mortality for each livestock category as determined by FSA on a statewide basis using local data sources including, but not limited to, State livestock organizations and the Cooperative Extension Service for the State.

(3) National payment rates to be used in the calculation for paragraph (b)(1) of this section for eligible livestock owners and eligible livestock contract growers are:

(i) A national payment rate for eligible livestock owners that is based on 75 percent of the average fair market value of the applicable livestock as computed using nationwide prices for the previous calendar year unless some other price is approved by the Deputy Administrator.

(ii) A national payment rate for eligible livestock contract growers that is based on 75 percent of the relevant average income loss sustained by the contract grower, with respect to the dead livestock.

(i) Payments calculated in this section are subject to the adjustments and limits provided for in this part.

§ 760.210 Honeybee payment calculations.

(a) An eligible honeybee producer may receive payments for honeybee feed losses due to an eligible adverse weather or loss condition, as provided in § 760.203(g), based on 60 percent of the producer's actual cost for honeybee feed that was:

(2) Intended as feed for an eligible honeybee colony, as provided in § 760.204(g);

(b) An eligible honeybee producer may receive payments for honeybee colony losses due to an eligible adverse weather or eligible loss condition, as provided in § 760.203(h), based on 60 percent of the average fair market value for the number of honeybee colonies that were damaged or destroyed due to an eligible adverse weather or eligible loss condition, as computed using nationwide prices unless some other price data is approved for use by the Deputy Administrator, for losses in excess of normal honeybee mortality, as determined by the Deputy Administrator.

(c) An eligible honeybee producer may receive payments for honeybee hive losses due to an eligible adverse weather or eligible loss condition, as provided in § 760.203(h), based on 60 percent of the average fair market value for the number of honeybee hives that were damaged or destroyed due to an eligible adverse weather or eligible loss condition, as computed using nationwide prices unless some other price data is approved for use by the Deputy Administrator.

(d) Payments calculated in this section are subject to the adjustments and limits provided for in this part.

§ 760.211 Farm-raised fish payment calculations.

(a) An eligible farm-raised fish producer may receive payments for fish feed losses due to an eligible adverse weather or eligible loss condition, as provided in § 760.203(g), based on 60 percent of the producer's actual replacement cost for the fish feed that was:

(1) Damaged or destroyed due to an eligible adverse weather or eligible loss condition and

(2) Intended as feed for the eligible farm-raised fish, as provided in § 760.204(h)(1).

(b) An eligible producer of farm-raised game or sport fish may receive payments for death losses of farm-raised fish due to an eligible adverse weather or eligible loss condition, as provided in § 760.203(i), based on 60 percent of the average fair market value of the game fish or sport fish that died as a direct result of an eligible adverse weather or eligible loss condition, as computed using nationwide prices unless some other price data is approved for use by the Deputy Administrator.

(c) Payments calculated in this section or elsewhere with respect to ELAP are subject to the adjustments and limits provided for in this part and are also subject to the payment limitations and average adjusted gross income limitations that are contained in subpart B.

§ 760.301 Applicability.

(a) This subpart establishes the terms and conditions under which the Livestock Forage Disaster Program (LFP) will be administered.

(b) Eligible livestock producers will be compensated for eligible grazing losses for covered livestock that occur due to a qualifying drought or fire that occurs:

(1) On or after January 1, 2008, and before October 1, 2011, and

Poultry means a domesticated chicken, turkey, duck, or goose. Poultry are further delineated by sex, age, and purpose of production, as determined by FSA.

Sheep means a domesticated, ruminant mammal of the genus *Ovis*.

Swine means a domesticated omnivorous pig, hog, or boar. Swine are further delineated by sex and weight, as determined by FSA.

U.S. Drought Monitor is a system for classifying drought severity according to a range of abnormally dry to exceptional drought. It is a collaborative effort between Federal and academic partners, produced on a weekly basis, to synthesize multiple indices, outlooks, and drought impacts on a map and in narrative form. This synthesis of indices is reported by the National Drought Mitigation Center at <http://www.drought.unl.edu/dm/monitor.html>.

§ 760.305 Eligible grazing losses.

(a) A grazing loss due to drought is eligible for LFP only if the grazing loss for the covered livestock occurs on land that:

- (1) Is native or improved pastureland with permanent vegetative cover or
- (2) Is planted to a crop planted specifically for the purpose of providing grazing for covered livestock; and
- (3) Is grazing land or pastureland that is owned or leased by the eligible livestock producer that is physically located in a county that is, during the normal grazing period for the specific type of grazing land or pastureland for the county, rated by the U.S. Drought Monitor as having a:

(i) D2 (severe drought) intensity in any area of the county for at least 8 consecutive weeks during the normal grazing period for the specific type of grazing land or pastureland for the county, as determined by the Secretary, or

(ii) D3 (extreme drought) or D4 (exceptional drought) intensity in any area of the county at any time during the normal grazing period for the specific type of grazing land or pastureland for the county, as determined by the Secretary. (As specified elsewhere in this subpart, the amount of potential payment eligibility will be higher than under (a)(3)(i) of this section where the D4 trigger applies or where the D3 condition as determined by the Secretary lasts at least 4 weeks during the normal grazing period for the specific type of grazing land or pastureland for the county.)

(b) A grazing loss is not eligible for LFP if the grazing loss due to drought on land used for haying or grazing under the Conservation Reserve Program established under subchapter B of chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3831–3835a).

(c) A fire qualifies for LFP only if:

(1) The grazing loss occurs on rangeland that is managed by a Federal agency and

(2) The eligible livestock producer is prohibited by the Federal agency from grazing the normal permitted livestock on the managed rangeland due to a fire.

(d) An eligible livestock producer may be eligible for LFP payments only on those grazing lands incurring losses for which the livestock producer:

(1) Meets the risk management purchase requirements specified in § 760.104; or

(2) Does not meet the risk management purchase requirements specified in § 760.104 because the risk management purchase requirement is waived according to §§ 760.105, 760.106, or 760.107.

§ 760.306 Application for payment.

(a) To apply for LFP, the participant that suffered eligible grazing losses:

(1) During 2008, must submit a completed application for payment and re-

quired supporting documentation to the administrative FSA county office no later than December 10, 2009 or

(2) During 2009 and later years, must submit a completed application for payment and required supporting documentation to the administrative FSA county office no later than 30 calendar days after the end of the calendar year in which the grazing loss occurred.

(b) A participant must also provide a copy of the grower contract, if a contract grower, and other supporting documents required for determining eligibility as an applicant at the time the participant submits the completed application for payment. Supporting documents must include:

(1) Evidence of loss,

(2) Current physical location of livestock in inventory,

(3) Evidence of meeting risk management purchase requirements as specified in subpart B,

(4) Evidence that grazing land or pastureland is owned or leased,

(5) A report of acreage according to part 718 of this chapter for the grazing lands incurring losses for which assistance is being requested under this subpart;

(6) Adequate proof, as determined by FSA that the grazing loss:

(i) Was for the covered livestock;

(ii) If the loss of grazing occurred as the result of a fire that the:

(A) Loss was due to a fire and

(B) Participant was prohibited by the Federal agency from grazing the normal permitted livestock on the managed rangeland due to a fire;

(iii) Occurred on or after January 1, 2008, and before October 1, 2011; and

(iv) Occurred in the calendar year for which payments are being requested;

(7) Adequate proof, absent an appropriate waiver (if there is a waiver, it itself must be documented by the producer), as determined by FSA, that the participant had obtained, for the grazing land incurring the losses for which assistance is being requested, one or both of the following:

(i) A policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524); or

(ii) Filed the required paperwork, and paid the administrative fee by the applicable State filing deadline, for the

§ 760.307

7 CFR Ch. VII (1-1-24 Edition)

noninsured crop disaster assistance program;

(8) Any other supporting documentation as determined by FSA to be necessary to make a determination of eligibility of the participant. Supporting documents include, but are not limited to: Verifiable purchase and sales records; grower contracts; veterinarian records; bank or other loan papers; rendering truck receipts; Federal Emergency Management Records; National Guard records; written contracts; production records; private insurance documents; sales records; and similar documents determined acceptable to FSA.

(c) Data furnished by the participant will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, without all required data, program benefits will not be approved or provided.

§ 760.307 Payment calculation.

(a) An eligible livestock producer will be eligible to receive payments for grazing losses for qualifying drought as specified in § 760.305(a) equal to one, two, or three times the monthly payment rate specified in paragraphs (e) or (f) of this section. Total LFP payments to an eligible livestock producer in a calendar year for grazing losses due to qualifying drought will not exceed three monthly payments for the same livestock. Payments calculated in this section or elsewhere with respect to LFP are subject to the adjustments and limits provided for in this part and are also subject to the payment limitations and average adjusted gross income provisions that are contained in subpart B. Payment may only be made to the extent that eligibility is specifically provided for in this subpart. Hence, with respect to drought, payments will be made only as a “one month” payment, a “two month” payment, or a “three month” payment based on the provisions of paragraphs (b), (c), and (d) of this section.

(b) To be eligible to receive a one month payment, that is a payment equal to the monthly feed cost as determined under paragraph (g) of this section, the eligible livestock producer must own or lease grazing land or pastureland that is physically located in a county that is rated by the U.S.

Drought Monitor as having at least a D2 severe drought (intensity) in any area of the county for at least 8 consecutive weeks during the normal grazing period for the specific type of grazing land or pastureland in the county.

(c) To be eligible to receive a two month payment, that is a payment equal to twice the monthly feed cost as determined under paragraph (g) of this section, the eligible livestock producer must own or lease grazing land or pastureland that is physically located in a county that is rated by the U.S. Drought Monitor as having at least a D3 (extreme drought) intensity in any area of the county at any time during the normal grazing period for the specific type of grazing land or pastureland for the county.

(d) To be eligible to receive a three month payment, that is a payment equal to three times the monthly feed cost as determined under paragraph (g) of this section, the eligible livestock producer must own or lease grazing land or pastureland that is physically located in a county that is rated by the U.S. Drought Monitor as having at least a D3 (extreme drought) intensity in any area of the county for at least 4 weeks during the normal grazing period for the specific type of grazing land or pastureland for the county, or is rated as having a D4 (exceptional drought) intensity in any area of the county at any time during the normal grazing period for the specific type of grazing land or pastureland for the county.

(e) The monthly payment rate for LFP for grazing losses due to a qualifying drought, except as provided in paragraph (f) of this section, will be equal to 60 percent of the lesser of:

(1) The monthly feed cost for all covered livestock owned or leased by the eligible livestock producer, as determined in paragraph (g) of this section or

(2) The monthly feed cost calculated by using the normal carrying capacity of the eligible grazing land of the eligible livestock producer, as determined in paragraph (j) of this section.

(f) In the case of an eligible livestock producer that sold or otherwise disposed of covered livestock due to a qualifying drought in 1 or both of the 2

Farm Service Agency, USDA

§ 760.401

production years immediately preceding the current production year, the payment rate is 80 percent of the monthly payment rate calculated in paragraph (e) of this section.

(g) The monthly feed cost for covered livestock equals the product obtained by multiplying:

(1) 30 days;

(2) A payment quantity equal to the amount referred to in paragraph (h) of this section as the “feed grain equivalent”, as determined under paragraph (h) of this section; and

(3) A payment rate equal to the corn price per pound, as determined in paragraph (i) of this section.

(h) The feed grain equivalent equals, in the case of:

(1) An adult beef cow, 15.7 pounds of corn per day or

(2) In the case of any other type or weight of covered livestock, an amount determined by the Secretary that represents the average number of pounds of corn per day necessary to feed that specific type of livestock.

(i) The corn price per pound equals the quotient obtained by dividing:

(1) The higher of:

(i) The national average corn price per bushel for the 12-month period immediately preceding March 1 of the calendar year for which LFP payment is calculated or

(ii) The national average corn price per bushel for the 24-month period immediately preceding March 1 of the calendar year for which LFP payment is calculated

(2) By 56.

(j) The monthly feed cost using the normal carrying capacity of the eligible grazing land equals the product obtained by multiplying:

(1) 30 days;

(2) A payment quantity equal to the feed grain equivalent of 15.7 pounds of corn per day;

(3) A payment rate equal to the corn price per pound, as determined in paragraph (i) of this section; and

(4) The number of animal units the eligible livestock producer’s grazing land or pastureland can sustain during the normal grazing period in the county for the specific type of grazing land or pastureland, in the absence of a

drought or fire, determined by dividing the:

(i) Number of eligible grazing land or pastureland acres of the specific type of grazing land or pastureland by

(ii) The normal carrying capacity of the specific type of eligible grazing land or pastureland as determined under this subpart.

(k) An eligible livestock producer will be eligible to receive payments for grazing losses due to a fire as specified in § 760.305(c):

(1) For the period, subject to paragraph (1)(2) of this section:

(i) Beginning on the date on which the Federal Agency prohibits the eligible livestock producer from using the managed rangeland for grazing and

(ii) Ending on the earlier of the last day of the Federal lease of the eligible livestock producer or the day that would make the period a 180 day period and

(2) For grazing losses that occur on not more than 180 days per calendar year.

(3) For 50 percent of the monthly feed cost, as determined under § 760.308(g), pro-rated to a daily rate, for the total number of livestock covered by the Federal lease of the eligible livestock producer.

Subpart E—Livestock Indemnity Program

SOURCE: 74 FR 31575, July 2, 2009, unless otherwise noted.

§ 760.401 Applicability.

(a) This subpart establishes the terms and conditions under which the Livestock Indemnity Program (LIP) will be administered under Titles XII and XV of the 2008 Farm Bill (Pub. L. 110-246).

(b) Eligible livestock owners and contract growers will be compensated in accordance with § 760.406 for eligible livestock deaths in excess of normal mortality that occurred in the calendar year for which benefits are being requested as a direct result of an eligible adverse weather event. An “eligible adverse weather event” is one, as determined by the Secretary, occurring in the program year that could and did,

even when normal preventative or corrective measures were taken and good farming practices were followed, directly result in the death of livestock. Because feed can be purchased or otherwise obtained in the event of a drought, drought is not an eligible adverse weather event except when anthrax, resulting from drought, causes the death of eligible livestock.

§ 760.405 Application process.

(a) In addition to submitting an application for payment at the appropriate time, a producer or contract grower that suffered livestock losses that create or could create a claim for benefits must:

(1) For losses during 2008 and losses in 2009, prior to July 13, 2009, provide a notice of loss to FSA no later than September 13, 2009.

(2) For losses on or after July 13, 2009, provide a notice of loss to FSA within the earlier of:

(i) 30 calendar days of when the loss of livestock is apparent to the participant or

(ii) 30 calendar days after the end of the calendar year in which the loss of livestock occurred.

(3) The participant must submit the notice of loss required in paragraphs (a)(1) and (a)(2) to the FSA administrative county office that maintains the participant's farm records for the agricultural operation.

(b) In addition to the notices of loss required in paragraph (a) of this section, a participant must also submit a completed application for payment no later than

(1) 30 calendar days after the end of the calendar year in which the loss of livestock occurred or

(2) September 13, 2009 for losses during 2008.

(c) Applicants must submit supporting documentation with their application. For contract growers, the information must include a copy of the grower contract and other documents establishing their status. In addition, for all applicants, including contract growers, supporting documents must show:

- (2) Current physical location of livestock in inventory,
- (3) Physical location of claimed livestock at the time of death, and
- (4) Inventory numbers and other inventory information necessary to establish actual mortality as required by FSA.

(d) The participant must provide adequate proof that the death of the eligible livestock occurred as a direct result of an eligible adverse weather event in the calendar year for which benefits are requested. The quantity and kind of livestock that died as a direct result of the eligible adverse weather event during the calendar year for which benefits are being requested may be documented by: purchase records; veterinarian records; bank or other loan papers; rendering-plant truck receipts; Federal Emergency Management Agency records; National Guard records; written contracts; production records; Internal Revenue Service records; property tax records; private insurance documents; and other similar verifiable documents as determined by FSA.

(e) If adequate verifiable proof of death documentation is not available, the participant may provide reliable records, in conjunction with verifiable beginning and ending inventory records, as proof of death. Reliable records may include contemporaneous producer records, dairy herd improvement records, brand inspection records, vaccination records, pictures, and other similar reliable documents as determined by FSA.

(f) Certification of livestock deaths by third parties may be accepted only if verifiable proof of death records or reliable proof of death records in conjunction with verifiable beginning and ending inventory records are not available and both of the following conditions are met:

(1) The livestock owner or livestock contract grower, as applicable, certifies in writing:

(i) That there is no other verifiable or reliable documentation of death available;

(ii) The number of livestock, by category identified in this subpart and by FSA were in inventory at the time the applicable adverse weather event occurred;

(i) Their knowledge of the livestock deaths;

(ii) Their affiliation with the livestock owner;

(iii) The accuracy of the deaths claimed by the livestock owner or contract grower including, but not limited to, the number and kind or type of the participant's livestock that died because of the eligible adverse weather event; and

(iv) Other information required by FSA to determine the certification acceptable.

(g) Data furnished by the participant and the third party will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, without all required data program benefits will not be approved or provided.

§ 760.406 Payment calculation.

(a) Under this subpart, separate payment rates for eligible livestock owners and eligible livestock contract growers are specified in paragraphs (b) and (c) of this section, respectively. Payments for LIP are calculated by multiplying the national payment rate for each livestock category by the number of eligible livestock in excess of normal mortality in each category that died as a result of an eligible adverse weather event. Normal mortality for each livestock category will be determined by FSA on a State-by-State basis using local data sources including, but not limited to, State livestock organizations and the Cooperative Extension Service for the State. Adjustments will be applied as specified in paragraph (d) of this section.

(b) The LIP national payment rate for eligible livestock owners is based on 75 percent of the average fair market value of the applicable livestock as computed using nationwide prices for

§ 760.500

the previous calendar year unless some other price is approved by the Deputy Administrator.

(c) The LIP national payment rate for eligible livestock contract growers is based on 75 percent of the average income loss sustained by the contract grower with respect to the dead livestock.

(d) The LIP payment calculated for eligible livestock contract growers will be reduced by the amount the participant received from the party who contracted with the producer to raise the livestock for the loss of income from the dead livestock.

Subpart F—Tree Assistance Program

SOURCE: 75 FR 25108, May 7, 2010, unless otherwise noted.

§ 760.500 Applicability.

(a) This subpart establishes the terms and conditions under which the Tree Assistance Program (TAP) will be administered under Titles XII and XV of the Food, Conservation, and Energy Act of 2008 (Pub. L. 110-246, the 2008 Farm Bill).

(b) Eligible orchardists and nursery tree growers will be compensated as specified in § 760.506 for eligible tree, bush, and vine losses in excess of 15 percent mortality, or, where applicable, 15 percent damage, adjusted for normal mortality and normal damage, that occurred in the calendar year for which benefits are being requested and as a direct result of a natural disaster.

§ 760.501 Administration.

The program will be administered as specified in § 760.102 and in this subpart.

§ 760.502 Definitions.

The following definitions apply to this subpart. The definitions in parts 718 and 1400 of this title also apply, except where they conflict with the definitions in this section.

Bush means, a low, branching, woody plant, from which at maturity of the bush, an annual fruit or vegetable crop is produced for commercial purposes, such as a blueberry bush. The definition does not cover plants that produce

7 CFR Ch. VII (1-1-24 Edition)

a bush after the normal crop is harvested such as asparagus.

Commercial use means used in the operation of a business activity engaged in as a means of livelihood for profit by the eligible producer.

County committee means the respective FSA committee.

County office means the FSA or U.S. Department of Agriculture (USDA) Service Center that is responsible for servicing the farm on which the trees, bushes, or vines are located.

Cutting means a piece of a vine which was planted in the ground to propagate a new vine for the commercial production of fruit, such as grapes, kiwi fruit, passion fruit, or similar fruit.

Deputy Administrator or DAFP means the Deputy Administrator for Farm Programs, FSA, USDA, or the designee.

Eligible nursery tree grower means a person or legal entity that produces nursery, ornamental, fruit, nut, or Christmas trees for commercial sale.

Eligible orchardist means a person or legal entity that produces annual crops from trees, bushes, or vines for commercial purposes.

FSA means the Farm Service Agency.

Lost means, with respect to the extent of damage to a tree or other plant, that the plant is destroyed or the damage is such that it would, as determined by FSA, be more cost effective to replace the tree or other plant than to leave it in its deteriorated, low-producing state.

Natural disaster means plant disease, insect infestation, drought, fire, freeze, flood, earthquake, lightning, or other natural occurrence of such magnitude or severity so as to be considered disastrous, as determined by the Deputy Administrator.

Normal damage means the percentage, as established for the area by the FSA State Committee, of trees, bushes, or vines in the individual stand that would normally be damaged during a calendar year for a producer.

Normal mortality means percentage, as established for the area by the FSA State Committee, of expected lost trees, bushes, or vines in the individual stand that normally occurs during a calendar year for a producer. This term refers to the number of whole trees,

bushes, or vines that are destroyed or damaged beyond rehabilitation. Mortality does not include partial damage such as lost tree limbs.

Seedling means an immature tree, bush, or vine that was planted in the ground or other growing medium to grow a new tree, bush, or vine for commercial purposes.

Stand means a contiguous acreage of the same type of trees (including Christmas trees, ornamental trees, nursery trees, and potted trees), bushes (including shrubs), or vines.

State committee means the respective FSA committee.

Tree means a tall, woody plant having comparatively great height, and a single trunk from which an annual crop is produced for commercial purposes, such as a maple tree for syrup, papaya tree, or orchard tree. Trees used for pulp or timber are not considered eligible trees under this subpart.

Vine means a perennial plant grown under normal conditions from which an annual fruit crop is produced for commercial market for human consumption, such as grape, kiwi, or passion fruit, and that has a flexible stem supported by climbing, twining, or creeping along a surface. Perennials that are normally propagated as annuals such as tomato plants, biennials such as the plants that produce strawberries, and annuals such as pumpkins, squash, cucumbers, watermelon, and other melons, are excluded from the term vine in this subpart.

§ 760.503 Eligible losses.

(a) To be considered an eligible loss under this subpart:

(1) Eligible trees, bushes, or vines must have been lost or damaged as a result of natural disaster as determined by the Deputy Administrator;

(2) The individual stand must have sustained a mortality loss or damage, as the case may be, loss in excess of 15 percent after adjustment for normal mortality or damage;

(3) The loss could not have been prevented through reasonable and available measures; and

(4) The trees, bushes, or vines, in the absence of a natural disaster, would not normally have required rehabilita-

tion or replanting within the 12-month period following the loss.

(b) The damage or loss must be visible and obvious to the county committee representative. If the damage is no longer visible, the county committee may accept other evidence of the loss as it determines is reasonable.

(c) The county committee may require information from a qualified expert, as determined by the county committee, to determine extent of loss in the case of plant disease or insect infestation.

(d) The Deputy Administrator will determine the types of trees, bushes, and vines that are eligible.

(e) An individual stand that did not sustain a sufficient loss as specified in paragraph (a)(2) of this section is not eligible for payment, regardless of the amount of loss sustained.

§ 760.504 Eligible orchardists and nursery tree growers.

(a) To be eligible for TAP payments, the eligible orchardist or nursery tree grower must:

(1) Have planted, or be considered to have planted (by purchase prior to the loss of existing stock planted for commercial purposes) trees, bushes, or vines for commercial purposes, or have a production history, for commercial purposes, of planted or existing trees, bushes, or vines;

(2) Have suffered eligible losses of eligible trees, bushes, or vines occurring between January 1, 2008, and September 30, 2011, as a result of a natural disaster or related condition;

(3) Meet the risk management purchase requirement as specified in § 760.104 or the waiver requirements in § 760.105 or § 760.107; and

(4) Have continuously owned the stand from the time of the disaster until the time that the TAP application is submitted.

(b) A new owner of an orchard or nursery who does not meet the requirements of paragraph (a) of this section may receive TAP payments approved for the previous owner of the orchard or nursery and not paid to the previous owner, if the previous owner of the orchard or nursery agrees to the succession in writing and if the new owner:

§ 760.505

(1) Acquires ownership of trees, bushes, or vines for which benefits have been approved;

(2) Agrees to complete all approved practices that the original owner has not completed; and

(3) Otherwise meets and assumes full responsibility for all provisions of this part, including refund of payments made to the previous owner, if applicable.

(c) A producer seeking payment must not be ineligible under the restrictions applicable to citizenship and foreign corporations contained in § 760.103(b) and must meet all other requirements of subpart B of this part.

(d) Federal, State, and local governments and agencies and political subdivisions thereof are not eligible for payment under this subpart.

§ 760.505 Application.

(a) To apply for TAP, a producer that suffered eligible tree, bush, or vine losses that occurred:

(1) During calendar years 2008, 2009, or 2010, prior to May 7, 2010, must provide an application for payment and supporting documentation to FSA no later than July 6, 2010.

(2) On or after May 7, 2010, must provide an application for payment and supporting documentation to FSA within 90 calendar days of the disaster event or date when the loss of trees, bushes, or vines is apparent to the producer.

(b) The producer must submit the application for payment within the time specified in paragraph (a) of this section to the FSA administrative county office that maintains the producer's farm records for the agricultural operation.

(c) A complete application includes all of the following:

(1) A completed application form provided by FSA;

(2) An acreage report for the farming operation as specified in part 718, subpart B, of this chapter;

(3) Subject to verification and a loss amount determined appropriate by the county committee, a written estimate of the number of trees, bushes, or vines lost or damaged that is certified by the producer or a qualified expert, includ-

7 CFR Ch. VII (1-1-24 Edition)

ing the number of acres on which the loss occurred; and

(4) Sufficient evidence of the loss to allow the county committee to calculate whether an eligible loss occurred.

(d) Before requests for payment will be approved, the county committee:

(1) Must make an eligibility determination based on a complete application for assistance;

(2) Must verify actual qualifying losses and the number of acres involved by on-site visual inspection of the land and the trees, bushes, or vines;

(3) May request additional information and may consider all relevant information in making its determination; and

(4) Must verify actual costs to complete the practices, as documented by the producer.

§ 760.506 Payment calculations.

(a) Payment to an eligible orchardist or nursery tree grower for the cost of replanting or rehabilitating trees, bushes, or vines damaged or lost due to a natural disaster, in excess of 15 percent damage or mortality (adjusted for normal damage or mortality), will be calculated as follows:

(1) For the cost of planting seedlings or cuttings, to replace lost trees, bushes, or vines, the lesser of:

(i) 70 percent of the actual cost of the practice, or

(ii) The amount calculated using rates established by the Deputy Administrator for the practice.

(2) For the cost of pruning, removal, and other costs incurred for salvaging damaged trees, bushes, or vines, or in the case of mortality, to prepare the land to replant trees, bushes, or vines, the lesser of:

(i) 50 percent of the actual cost of the practice, or

(ii) The amount calculated using rates established by the Deputy Administrator for the practice.

(b) An orchardist or nursery tree grower that did not plant the trees, bushes, or vines, but has a production history for commercial purposes on planted or existing trees and lost the trees, bushes, or vines as a result of a natural disaster, in excess of 15 percent

damage or mortality (adjusted for normal damage or mortality), will be eligible for the salvage, pruning, and land preparation payment calculation as specified in paragraph (a)(2) of this section. To be eligible for the replanting payment calculation as specified in paragraph (a)(1) of this section, the orchardist or nursery grower who did not plant the stock must be a new owner who meets all of the requirements of § 760.504(b) or be considered the owner of the trees under provisions appearing elsewhere in this subpart.

(c) Eligible costs for payment calculation include costs for:

(1) Seedlings or cuttings, for tree, bush, or vine replanting;

(2) Site preparation and debris handling within normal horticultural practices for the type of stand being re-established, and necessary to ensure successful plant survival;

(3) Pruning, removal, and other costs incurred to salvage damaged trees, bushes, or vines, or, in the case of tree mortality, to prepare the land to replant trees, bushes, or vines;

(4) Chemicals and nutrients necessary for successful establishment;

(5) Labor to plant seedlings or cuttings as determined reasonable by the county committee; and

(6) Labor used to transplant existing seedlings established through natural regeneration into a productive tree stand.

(d) The following costs are not eligible:

(1) Costs for fencing, irrigation, irrigation equipment, protection of seedlings from wildlife, general improvements, re-establishing structures, and windscreens.

(2) Any other costs not listed in paragraphs (c)(1) through (c)(6) of this section, unless specifically determined eligible by the Deputy Administrator.

(e) Producers must provide the county committee documentation of actual costs to complete the practices, such as receipts for labor costs, equipment rental, and purchases of seedlings or cuttings.

(f) When lost stands are replanted, the types planted may be different from those originally planted. The alternative types will be eligible for payment if the new types have the same

general end use, as determined and approved by the county committee. Payments for alternative types will be based on the lesser of rates established to plant the types actually lost or the cost to establish the alternative used. If the type of plantings, seedlings, or cuttings differs significantly from the types lost, the costs may not be approved for payment.

(g) When lost stands are replanted, the types planted may be planted on the same farm in a different location than the lost stand. To be eligible for payment, site preparation costs for the new location must not exceed the cost to re-establish the original stand in the original location.

(h) Eligible orchardists or nursery tree growers may elect not to replant the entire eligible stand. If so, the county committee will calculate payment based on the number of qualifying trees, bushes, or vines actually replanted.

(i) If a practice, such as site preparation, is needed to both replant and rehabilitate trees, bushes, or vines, the producer must document the expenses attributable to replanting versus rehabilitation. The county committee will determine whether the documentation of expenses detailing the amounts attributable to replanting versus rehabilitation is acceptable. In the event that the county committee determines the documentation does not include acceptable detail of cost allocation, the county committee will pro-rate payment based on physical inspection of the loss, damage, replanting, and rehabilitation.

(j) The cumulative total quantity of acres planted to trees, bushes, or vines for which a producer may receive payment under this part for losses that occurred between January 1, 2008, and September 30, 2011, will not exceed 500 acres.

§ 760.507 Obligations of a participant.

(a) Eligible orchardists and nursery tree growers must execute all required documents and complete the TAP-funded practice within 12 months of application approval.

(b) Eligible orchardist or nursery tree growers must allow representatives of FSA to visit the site for the purposes

§ 760.601

of certifying compliance with TAP requirements.

(c) Producers who do not meet all applicable requirements and obligations will not be eligible for payment.

Subpart G—Supplemental Revenue Assistance Payments Program

SOURCE: 74 FR 68490, Dec. 28, 2009, unless otherwise noted.

§ 760.601 Applicability.

(a) This subpart specifies the terms and conditions of the Supplemental Revenue Assistance Payments Program (SURE).

(b) Assistance in the form of SURE payments is available for crop losses occurring in the crop year 2008 through September 30, 2011, caused by disaster as determined by the Secretary. Crop losses must have occurred in crop year 2008 or subsequent crop years due to an eligible disaster event that occurs on or before September 30, 2011.

(c) SURE provides disaster assistance to eligible participants on farms in:

(1) Disaster counties designated by the Secretary, which also includes counties contiguous to such declared disaster counties, if the participant incurred actual production losses of at least 10 percent to at least one crop of economic significance on the farm; and

(2) Any county, if the participant incurred eligible total crop losses of greater than or equal to 50 percent of the normal production on the farm, as measured by revenue, including a loss of at least 10 percent to at least one crop of economic significance on the farm.

(d) Subject to the provisions in subpart B of this part, SURE payments will be issued on 60 percent of the difference between the SURE guarantee and total farm revenue, calculated using the National Average Market Price as specified in this subpart.

[74 FR 68490, Dec. 28, 2009, as amended at 76 FR 54075, Aug. 31, 2011]

§ 760.602 Definitions.

(a) The following definitions apply to all determinations made under this subpart.

7 CFR Ch. VII (1–1–24 Edition)

(b) The terms defined in parts 718, 1400, and 1437 of this title and subpart B of this part will be applicable, except where those definitions conflict with the definitions set forth in this section. In the event that a definition in any of those parts conflicts with the definitions set forth in this subpart, the definitions in this subpart apply. Any additional conflicts will be resolved by the Deputy Administrator.

Actual crop acreage means all acreage for each crop planted or intended to be planted on the farm.

Actual production history yield means the average of the actual production history yields for each insurable or noninsurable crop as calculated under the Federal Crop Insurance Act (FCIA) (7 U.S.C. 1501–1524) or Noninsured Crop Disaster Assistance Program (NAP) as set forth in part 1437 of this title, respectively. FSA will use the actual production history yield data provided for crop insurance or NAP, if available, in the SURE payment calculation.

Actual production on the farm means, unless the Deputy Administrator determines that the context requires otherwise, the sum obtained by adding:

(1) For each insurable crop on the farm, excluding value loss crops, the product obtained by multiplying:

(i) 100 percent of the per unit price for the crop used to calculate a crop insurance indemnity for the applicable crop insurance if a crop insurance indemnity is triggered. If a price is not available, then the price is 100 percent of the NAP established price for the crop, times

(ii) The relevant per unit quantity of the crop produced on the farm, adjusted for quality losses, plus

(2) For each noninsurable crop on the farm, excluding value loss crops, the product obtained by multiplying:

(i) 100 percent of the per unit NAP established price for the crop, times

(ii) The relevant per unit quantity of the crop produced on the farm, adjusted for quality losses, plus

(3) For value loss crops, the value of inventory immediately after the disaster.

Adjusted actual production history yield means a yield that will not be less than the participant's actual production history yield for a year and:

(1) In the case of an eligible participant on a farm that has at least 4 years of actual production history for an insurable crop that are established other than pursuant to section 508(g)(4)(B) of FCIA, the average of the production history for the eligible participant without regard to any yields established under that section;

(2) In the case of an eligible participant on a farm that has less than 4 years of actual production history for an insurable crop, of which one or more were established pursuant to section 508(g)(4)(B) of FCIA, the average of the production history for the eligible participant as calculated without including the lowest of the yields established pursuant to section 508(g)(4)(B) of FCIA; or

(3) In all other cases, the actual production history yield of the eligible participant on a farm.

Adjusted NAP yield means a yield that will not be less than the participant's actual production history yield for NAP for a year and:

(1) In the case of an eligible participant on a farm that has at least 4 years of actual production history under NAP that are not replacement yields, the average of the production history without regard to any replacement yields;

(2) In the case of an eligible participant on a farm that has less than 4 years of actual production history under NAP that are not replacement yields, the average of the production history without including the lowest of replacement yields; or

(3) In all other cases, the actual production history yield of the eligible participant on the farm under NAP.

Administrative fee means a fixed fee payable by a participant for NAP or crop insurance coverage, including buy-in fees, based on the number of covered crops under NAP or insurance under FCIA.

Appraised production means production determined by FSA, or an insurance provider approved by FCIC, that was unharvested, but which was determined to reflect the crop's yield potential at the time of appraisal. An appraisal may be provided in terms of a potential value of the crop.

Aquaculture means the reproduction and rearing of aquatic species as specified in part 1437 of this title in controlled or selected environments.

Brownout means a disruption of electrical or other similar power source for any reason. A brownout, although it may indirectly have an adverse effect on crops, is not a disaster for the purposes of this subpart and losses caused by a brownout will not be considered a qualifying loss.

Catastrophic risk protection (CAT) means the minimum level of coverage offered by the Risk Management Agency (RMA) for crop insurance. CAT is further specified in parts 402 and 1437 of this title.

Counter-cyclical program payment yield means the weighted average payment yield established under part 1412, subpart C of this title.

County expected yield means an estimated yield, expressed in a specific unit of measure equal to the average of the most recent five years of official county yields established by FSA, excluding the years with the highest and lowest yields, respectively.

Crop insurance indemnity means, for the purpose of this subpart, the net payment to a participant excluding the value of the premium for crop losses covered under crop insurance administered in accordance with FCIA by RMA.

Crop of economic significance means any crop, as defined in this subpart that contributed, or, if the crop is not successfully produced, would have contributed or is expected to contribute, 5 percent or more of the total expected revenue from all of a participant's crops on a farm.

Crop year means as determined by the Deputy Administrator for a commodity on a nationwide basis the calendar year in which the crop is normally harvested or, where more than one calendar year is involved, the calendar year in which the majority of the crop would have been harvested. For crops on which catastrophic risk protection, as defined in this section, is available, the crop year will be as defined as in such coverage. Crop year determinations by the Deputy Administrator will be final in all cases and, because these are matters of general applicability,

will not considered by the Farm Service Agency to be subject to administrative appeal.

Determined acreage or determined production means the amount of acres or production for a farm established by a representative of FSA by use of appropriate means such as official acreage, digitizing and planimetry areas on the photograph or other photographic image, or computations from scaled dimensions or ground measurements. In the case of production, any production established by a representative of FSA through audit, review, measurement, appraisal, or other acceptable means of determining production, as determined by FSA.

Disaster means damaging weather, including drought, excessive moisture, hail, freeze, tornado, hurricane, typhoon, excessive wind, excessive heat, weather-related saltwater intrusion, weather-related irrigation water rationing, or any combination thereof and adverse natural occurrences such as earthquakes or volcanic eruptions. Disaster includes a related condition that occurs as a result of the damaging weather or adverse natural occurrence and exacerbates the condition of the crop, such as disease and insect infestation. It does not include brownouts or power failures.

Disaster county means a county included in the geographic area covered by a qualifying natural disaster designation under section 321(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961(a)) and for SURE, the term "disaster county" also includes a county contiguous to a county declared a disaster by the Secretary; however, farms not in a disaster county may qualify under SURE where for the relevant period, as determined under this subpart, the actual production on a farm is less than 50 percent of the normal production on the farm.

Double-cropping means, as determined by the Deputy Administrator on a regional basis, planting for harvest a crop of a different commodity on the same acres in cycle with another crop in a 12-month period in an area where such double-cropping is considered normal, or could be considered to be normal, for all growers and under normal

growing conditions and normal agricultural practices for the region and being able to repeat the same cycle in the following 12-month period.

Farm means, for the purposes of determining SURE eligibility, the entirety of all crop acreage in all counties that a producer planted or intended to be planted for harvest for normal commercial sale or on-farm livestock feeding, including native and improved grassland intended for haying. In the case of aquaculture, except for species for which an Aquaculture Grant Program payment was received, the term "farm" includes all acreage used for all aquatic species being produced in all counties that the producer intended to harvest for normal commercial sale. In the case of honey, the term "farm" means all bees and beehives in all counties that the participant intended to be harvested for a honey crop for normal commercial sale.

FCIC means the Federal Crop Insurance Corporation, a wholly owned Government Corporation operated and managed by USDA RMA.

FSA means the Farm Service Agency.

Harvested means:

(1) For insurable crops, harvested is as defined according to the applicable crop insurance policy administered in accordance with FCIA by RMA;

(2) For NAP-covered single harvest crops, a mature crop that has been removed from the field, either by hand or mechanically;

(3) For noninsurable crops with potential multiple harvests in one year or one crop harvested over multiple years, that the participant has, by hand or mechanically, removed at least one mature crop from the field during the crop year; or

(4) For mechanically harvested non-insurable crops, that the mature crop has been removed from the field and placed in or on a truck or other conveyance, except hay is considered harvested when in the bale, whether removed from the field or not. Grazing of land will not be considered harvested for the purpose of determining an unharvested or prevented planting payment factor.

Initial crop means a first crop planted for which assistance is provided under this subpart.

Insurable crop means an agricultural commodity (excluding livestock) for which the participant on a farm is eligible to obtain a policy or plan of crop insurance administered in accordance with FCIA by RMA. Such a crop for which the participant purchased insurance from RMA is referred to as an insured crop.

Insurance is available means when crop information is contained in RMA's county actuarial documents for a particular crop and a policy or plan of insurance administered in accordance with FCIA by RMA. If the Adjusted Gross Revenue Plan of crop insurance was the only plan of insurance available for the crop in the county in the applicable crop year, insurance is considered not available for that crop. If an AGR plan or a pilot plan was the only plan available, producers are not required to purchase it to meet the risk management purchase requirement, but it will satisfy the risk management purchase requirement. In that case, the other ways to meet the requirement would be, if all the requirements of this subpart are met, a buy-in or NAP.

Intended use means the original use for which a crop or a commodity is grown and produced.

Marketing year means the 12 months immediately following the established final harvest date of the crop of a commodity, as determined by the Deputy Administrator, and not an individual participant's final harvest date. FSA will use the marketing year determined by NASS, when available.

Maximum average loss level means the maximum level of crop loss that will be used in calculating SURE payments for a participant without reliable or verifiable production records as defined in this section. Loss levels are expressed in either a percent of loss or a yield per acre, and reflect the amount of production that a participant should have produced considering the eligible disaster conditions in the area or county, as determined by the FSA county committee in accordance with instructions issued by the Deputy Administrator.

Multi-use crop means a crop intended for more than one use during the calendar year such as grass harvested for seed, hay, or grazing.

Multiple planting means the planting for harvest of the same crop in more than one planting period in a crop year on the same or different acreage. This is also sometimes referred in this rule as multiple cropping.

NAMP means the national average market price determined in accordance with §§ 760.640 and 760.641.

NASS is the USDA National Agricultural Statistics Service.

Noninsurable crop means a commercially produced crop for which the eligible participants on a farm may obtain coverage under NAP.

Noninsured Crop Disaster Assistance Program or NAP means the FSA program carried out under 7 U.S.C. 7333, as specified in part 1437 of this title.

Normal production on the farm means, for purposes of the revenue calculations of this subpart, the sum of the expected revenue for all crops on the farm. It is stated in terms of revenue, because different crops may have different units of measure.

Planted acreage means land in which seed, plants, or trees have been placed, appropriate for the crop and planting method, at a correct depth, into a seed bed that has been properly prepared for the planting method and production practice normal to the area, as determined by the FSA county committee.

Prevented planting means the inability to plant an eligible crop with proper equipment during the planting period as a result of a disaster, as determined by FSA. All prevented planted cropland must meet conditions provided in § 718.103 of this chapter. Additionally, all insured crops must satisfy the provisions of prevented planting provided in § 457.8 of this title.

Price election means, for an insured crop, the crop insurance price elected by the participant multiplied by the percentage of price elected by the participant.

Production means quantity of a crop or commodity produced on the farm expressed in a specific unit of measure including, but not limited to, bushels or

pounds and used to determine the normal production on a farm. Normal production for the whole farm is stated in terms of revenue, because different crops may have different units of measure.

Qualifying loss means a 10 percent loss of at least one crop of economic significance due to disaster and on a farm that is either:

(1) Located in a disaster county (a county for which a Secretarial disaster designation has been issued or in a county contiguous to a county that has received a Secretarial disaster designation), or

(2) If not located in any disaster county or county contiguous to such a county, but has an overall loss greater than or equal to 50 percent of normal production on the farm (expected revenue for all crops on the farm) due to disaster.

Qualifying natural disaster designation means a natural disaster designated by the Secretary for production losses under section 321(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961(a)).

Related condition means, with respect to a disaster, a condition that causes deterioration of a crop such as insect infestation, plant disease, or aflatoxin that is accelerated or exacerbated as a result of damaging weather, as determined by the Deputy Administrator.

Reliable production records means evidence provided by the participant to the FSA county office that FSA determines is adequate to substantiate the amount of production reported when verifiable records are not available, including copies of receipts, ledgers of income, income statements, deposit slips, register tapes, invoices for custom harvesting, records to verify production costs, contemporaneous measurements, truck scale tickets, and contemporaneous diaries. When the term "acceptable production records" is used in this rule, it may be either reliable or verifiable production records, as defined in this section.

Reported acreage or production means information obtained from the participant or the participant's agent, on a form prescribed by FSA or through insurance records.

RMA means the Risk Management Agency.

Salvage value means the dollar amount or equivalent for the quantity of the commodity that cannot be marketed or sold in any recognized market for the crop.

Secretary means the Secretary of Agriculture.

State means a State; the District of Columbia, the Commonwealth of Puerto Rico, and any other territory or possession of the United States.

Subsequent crop means any crop planted after an initial crop, on the same land, during the same crop year.

SURE means the Supplemental Revenue Assistance Payments Program.

Unit of measure means:

(1) For all insurable crops, the FCIC established unit of measure;

(2) For all noninsurable crops, if available, the established unit of measure used for the NAP price and yield;

(3) For aquatic species, a standard unit of measure such as gallons, pounds, inches or pieces, established by the FSA State committee for all aquatic species or varieties;

(4) For turfgrass sod, a square yard;

(5) For maple sap, a gallon; and

(6) For all other crops, the smallest unit of measure that lends itself to the greatest level of accuracy, as determined by the FSA State committee.

USDA means United States Department of Agriculture.

Value loss crop has the meaning specified in part 1437, subpart D of this title. Unless otherwise announced by FSA, value loss crops for SURE include aquaculture, floriculture, ornamental nursery, Christmas trees, mushrooms, ginseng, and turfgrass sod.

Verifiable production records mean evidence that is used to substantiate the amount of production reported and that can be verified by FSA through an independent source.

Volunteer stand means plants that grow from seed residue or are indigenous or are not planted. Volunteer plants may sprout from seeds left behind during a harvest of a previous crop; be unintentionally introduced to land by wind, birds, or fish; or be inadvertently mixed into a crop's growing medium.

§ 760.610 Participant eligibility.

(a) In addition to meeting the eligibility requirements of § 760.103, a participant must meet all of the following conditions:

(1) All insurable crops on the participant's farm must be covered by crop insurance administered by RMA in accordance with FCIA, and all non-insured crops must be covered under NAP, as specified in § 760.104, unless the participant meets the requirements in either § 760.105 or § 760.107. At the discretion of FSA, the equitable relief provisions in § 760.106 may apply.

(2) Crop losses must have occurred in crop year 2008 or subsequent crop years due to an eligible disaster event that occurred on or before September 30, 2011.

(i) For insured crops, the coverage period, as defined in the insurance policy, must have begun on or before September 30, 2011;

(ii) For NAP crops, the coverage period must have begun on or before September 30, 2011; and

(iii) The final planting date for that crop according to the Federal crop insurance or NAP policy must have been on or before September 30, 2011.

(3) A qualifying loss as defined in § 760.602 must have occurred.

(4) The participant must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of part 12 of this title, for 2008 and subsequent crop years through September 30, 2011, as applicable, and must not otherwise be barred from receiving benefits or payments under part 12 of this title or any other law.

(5) The participant must not be ineligible or otherwise barred from the requisite risk management insurance programs or NAP because of past violations where those insurance programs or NAP would otherwise be available absent such violations.

(6) The participant must have an entitlement to an ownership share of the crop and also assume production and market risks associated with the production of the crop. In the event the crop was planted but not produced, participants must have an ownership share of the crop that would have been produced.

(i) Any verbal or written contract that precludes the grower from having an ownership share renders the grower ineligible for payments under this subpart.

(ii) Growers growing eligible crops under contract are not eligible participants under this subpart unless the grower has an ownership share of the crop.

(b) In the event that a producer is determined not to be an eligible producer of a crop in accordance with this section, such crop will be disregarded in determining the producer's production or eligibility for payments under this subpart. However, any insurance, farm program, or NAP payments received by the producer on such crop will count as farm revenue if that producer is an eligible participant as a producer of other crops.

(c) Participants may not receive payments with respect to volunteer stands of crops. Volunteer stands will not be considered in either the calculation of revenue or of the SURE guarantee.

(d) A deceased applicant or an applicant that is a dissolved entity that suffered losses prior to the death or the dissolution that met all eligibility criteria prior to death or dissolution may be eligible for payments for such losses if an authorized representative signs the application for payment. Proof of authority to sign for the deceased participant or dissolved entity must be provided. If a participant is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must sign the application for payment. Eligibility of such participant will be determined, as it is for other participants, based upon ownership share and risk in producing the crop.

(e) Participants receiving payments under the Emergency Assistance for Livestock, Honey Bees, and Farm-Raised Fish Program (ELAP) as specified in subpart C of this part are not eligible to receive payments under SURE for the same loss.

(f) Participants with a farming interest in multiple counties who apply for SURE payment based on a Secretarial disaster designation must have a 10

§ 760.611

7 CFR Ch. VII (1-1-24 Edition)

percent loss of a crop of economic significance located in at least one disaster county, as defined in this subpart, to be eligible for SURE.

[74 FR 68490, Dec. 28, 2009, as amended at 76 FR 54075, Aug. 31, 2011]

§ 760.611 Qualifying losses, eligible causes and types of loss.

(a) Eligible causes of loss are disasters which cause types of losses where the crop could not be planted or where crop production was adversely affected in quantity, quality, or both. A qualifying loss, as defined in this subpart, must be the result of a disaster.

(b) A loss will not be considered a qualifying loss if any of the following apply:

(1) The cause of the loss was not the result of disaster;

(2) The cause of loss was due to poor management decisions or poor farming practices, as determined by the FSA county committee on a case-by-case basis;

(3) The cause of loss was due to failure of the participant to re-seed or replant to the same crop in a county where it is customary to re-seed or replant after a loss before the final planting date;

(4) The cause of loss was due to water contained or released by any governmental, public, or private dam or reservoir project if an easement exists on the acreage affected by the containment or release of the water;

(5) The cause of loss was due to conditions or events occurring outside of the applicable crop year growing season; or

(6) The cause of loss was due to a brownout.

(c) The following types of loss, regardless of whether they were the result of a disaster, are not qualifying losses:

(1) Losses to crops not intended for harvest in the applicable crop year;

(2) Losses of by-products resulting from processing or harvesting a crop, such as, but not limited to, cotton seed, peanut shells, wheat or oat straw, or corn stalks or stovers;

(3) Losses to home gardens; or to a crop subject to a de minimis election according to § 760.613;

(4) Losses of crops that were grazed or, if prevented from being planted, had the intended use of grazing; or

(5) Losses of first year seeding for forage production, or immature fruit crops.

(d) The following losses of ornamental nursery stock are not a qualifying loss:

(1) Losses caused by a failure of power supply or brownout as defined in § 760.602;

(2) Losses caused by the inability to market nursery stock as a result of quarantine, boycott, or refusal of a buyer to accept production;

(3) Losses caused by fires that are not the result of disaster;

(4) Losses affecting crops where weeds and other forms of undergrowth in the vicinity of nursery stock have not been controlled; or

(5) Losses caused by the collapse or failure of buildings or structures.

(e) The following losses for honey, where the honey production by colonies or bees was diminished, are not a qualifying loss:

(1) Losses caused by the unavailability of equipment or the collapse or failure of equipment or apparatus used in the honey operation;

(2) Losses caused by improper storage of honey;

(3) Losses caused by bee feeding;

(4) Losses caused by the application of chemicals;

(5) Losses caused by theft or fire not caused by a natural condition including, but not limited to, arson or vandalism;

(6) Losses caused by the movement of bees by the participant or any other legal entity or person;

(7) Losses caused by disease or pest infestation of the colonies, unless approved by the Secretary;

(8) Losses of income from pollinators; or

(9) Losses of equipment or facilities.

§ 760.613 De minimis exception.

(a) Participants seeking the de minimis exception to the risk management purchase requirements of this subpart, must certify:

(1) That a specific crop on the farm is not a crop of economic significance on the farm; or

Farm Service Agency, USDA

§ 760.621

(2) That the administrative fee required for the purchase of NAP coverage for a crop exceeds 10 percent of the value of that coverage.

(b) To be eligible for a de minimis exception to the risk management purchase requirement in §760.104, the participant must elect such exception at the same time the participant files the application for payment and the certification of interests, as specified in §760.620, and specify the crop or crops for which the participant is requesting such exception.

(c) FSA will not consider the value of any crop elected under paragraph (b) of this section in calculating both the SURE guarantee and the total farm revenue.

(d) All provisions of this subpart apply in the event a participant does not obtain an exception according to this section.

§ 760.614 Lack of access.

In addition to other provisions for eligibility provided for in this part, the Deputy Administrator may provide assistance to participants who suffered 2008 production losses that meet the lack of access provisions in 19 U.S.C. 2497(g)(7)(F), where deemed appropriate, and consistent with the statutory provision. Such a determination to exercise that authority, and the terms on which to exercise that authority, will be considered to be a determination of general effect, not a "relief" determination, and will not be considered by the Farm Service Agency to be appealable administratively either within FSA or before the National Appeals Division.

§ 760.620 Time and method of application and certification of interests.

(a) Each producer interested in obtaining a SURE payment must file an application for payment and provide an accurate certification of interests. The application will be on a form prescribed by FSA and will require information or certifications from the producer regarding any other assistance, payment, or grant benefit the producer has received for any of the producer's crops or interests on a farm as defined in this subpart; regardless of whether the crop or interest is covered in the

farm's SURE guarantee according to §760.631. The producer's certification of interests will help FSA establish whether the producer is an eligible participant.

(b) Eligible participants with a qualifying loss as defined in this subpart must submit an application for payment and certification of interests by March 1 of the calendar year that is two years after the relevant corresponding calendar year for the crop year which benefits are sought to be eligible for payment (for example, the final date to submit an application for a SURE payment for the 2009 crop year will be March 1, 2011). Producers who do not submit the application by that date will not be eligible for payment.

(c) To the extent available and practicable, FSA will assist participants with information regarding their interests in a farm, as of the date of certification, based on information already available to FSA from various sources. However, the participant is solely responsible for providing an accurate certification from which FSA can determine the participant's farm interests for the purposes of this program. As determined appropriate by FSA, failure of a participant to provide an accurate certification of interests as part of the application may render the participant ineligible for any assistance under SURE.

(d) To elect a de minimis exception to the risk management purchase requirement for a crop or crops, the participant must meet the requirements specified in §760.613. When electing a de minimis exception, the participant must specify the crops for which the exception is requested and provide the certification and supporting documentation for that exception at the time the application and certification of interests is filed with FSA.

§ 760.621 Requirement to report acreage and production.

(a) As a condition of eligibility for payment under this subpart, participants must submit an accurate and timely report of all cropland, non-cropland, prevented planting, and subsequent crop acreage and production for the farm in all counties.

§ 760.622

7 CFR Ch. VII (1-1-24 Edition)

(b) Acreage and production reports that have been submitted to FSA for NAP or to RMA for crop insurance purposes may satisfy the requirement of paragraph (a) of this section provided that the participant's certification of interests submitted as required by § 760.620 corresponds to the report requirements in paragraph (a) of this section, as determined by the FSA county committee.

(c) Reports of production submitted for NAP or FCIA purposes must satisfy the requirements of NAP or FCIA, as applicable. In all other cases, in order for production reports or appraisals to be considered acceptable for SURE, production reports and appraisals must meet the requirements set forth in part 1437 of this title.

(d) In any case where production reports or an appraisal is not acceptable, maximum loss provisions apply as specified in § 760.637.

§ 760.622 Incorrect or false producer production evidence.

(a) If production evidence, including but not limited to acreage and production reports, provided by a participant is false or incorrect, as determined by the FSA county committee at any time after an application for payment is made, the FSA county committee will determine whether:

(1) The participant submitting the production evidence acted in good faith or took action to defeat the purposes of the program, such that the information provided was intentionally false or incorrect.

(2) The same false, incorrect, or unacceptable production evidence was submitted for payment(s) under crop insurance or NAP, and if so, for NAP covered crops, make any NAP program adjustments according to § 1437.15 of this title.

(b) If the FSA county committee determines that the production evidence submitted is false, incorrect, or unacceptable, and the participant who submitted the evidence did not act in good faith or took action to defeat the purposes of the program, the provisions of § 760.109, including a denial of future program benefits, will apply. The Deputy Administrator may take further action, including, but not limited to,

making further payment reductions or requiring refunds or taking other legal action.

(c) If the FSA county committee determines that the production evidence is false, incorrect, or unacceptable, but the participant who submitted the evidence acted in good faith, payment may be adjusted and a refund may be required.

§ 760.631 SURE guarantee calculation.

(a) Except as otherwise provided in this part, the SURE guarantee for a farm is the sum obtained by adding the dollar amounts calculated in paragraphs (a)(1) through (a)(3) of this section.

(1) For each insurable crop on the farm except for value loss crops, 115 percent of the product obtained by multiplying together:

(i) The price election. If a price election was not made or a participant is eligible as specified in §§ 760.105, 760.106, or 760.107, then the percentage of price will be 55 percent of the NAP established price;

(ii) The payment acres determined according to § 760.632;

(iii) The SURE yield as calculated according to § 760.638; and

(iv) The coverage level elected by the participant. If a coverage level was not elected or a participant is eligible as specified in § 760.105, § 760.106, or § 760.107, a coverage level of 50 percent will be used in the calculation.

(2) For each noninsurable crop on a farm except for value loss crops, 120 percent of the product obtained by multiplying:

(i) 100 percent of the NAP established price for the crop;

(ii) The payment acres determined according to § 760.632;

(iii) The SURE yield calculated according to § 760.638; and

(iv) 50 percent.

(3) The guarantee for value loss crops as calculated according to § 760.634.

(4) In the case of an insurable crop for which crop insurance provides for an adjustment in the guarantee liability, or indemnity, such as in the case of prevented planting, that adjustment will be used in determining the guarantee for the insurable crop.

(5) In the case of a noninsurable crop for which NAP provides for an adjustment in the level of assistance, such as in the case of unharvested crops, that adjustment will be used for determining the guarantee for the noninsurable crop.

(b) Those participants who are eligible according to § 760.105, § 760.106, or § 760.107 who do not have crop insurance or NAP coverage will have their SURE guarantee calculated based on catastrophic risk protection or NAP coverage available for those crops.

(c) FSA will not include in the SURE guarantee the value of any crop that has a de minimis exception, according to § 760.613.

(d) For crops where coverage may exist under both crop insurance and NAP, such as for pasture, rangeland, and forage, adjustments to the guarantee will be the product obtained by multiplying the county expected yield for that crop times:

- (1) 115 percent;
- (2) 100 percent of the NAP established price;

(3) The payment acres determined according to § 760.632;

(4) The SURE yield calculated according to § 760.638; and

(5) The coverage level elected by the participant.

(e) Participants who do not have a SURE yield as specified in § 760.638 will have a yield determined for them by the Deputy Administrator.

(f) The SURE guarantee may not be greater than 90 percent of the sum of the expected revenue for each of the crops on a farm, as determined by the Deputy Administrator.

§ 760.632 Payment acres.

(a) Payment acres as calculated in this section are used in determining both total farm revenue and the SURE guarantee for a farm. Payment acreage will be calculated using the lesser of the reported or determined acres shown to have been planted or prevented from being planted to a crop.

(b) Initial crop acreage will be the payment acreage for SURE, unless the provisions for subsequent crops in this section are met. Subsequently planted or prevented planted acre acreage is considered acreage for SURE only if

the provisions of this section are met. All plantings of an annual or biennial crop are considered the same as a planting of an initial crop in tropical regions as defined in part 1437, subpart F, of this title.

(c) In cases where there is double cropped acreage, each crop may be included in the acreage for SURE only if the specific crops are either insured crops eligible for double cropping according to RMA or approved by the FSA State committee as eligible double cropping practices in accordance with procedures approved by the Deputy Administrator.

(d) Except for insured crops, participants with double cropped acreage not meeting the criteria in paragraph (c) of this section may have such acreage included in the acreage for SURE on more than one crop only if the participant submits verifiable records establishing a history of carrying out a successful double cropping practice on the specific crops for which payment is requested.

(e) Participants having multiple plantings may have each planting included in the SURE guarantee only if the planting meets the requirements of part 1437 of this title and all other provisions of this subpart are satisfied.

(f) Provisions of part 718 of this title specifying what is considered prevented planting and how it must be documented and reported will apply to this payment acreage for SURE.

(g) Subject to the provisions of this subpart, the FSA county committee will:

(1) Use the most accurate data available when determining planted and prevented planted acres; and

(2) Disregard acreage of a crop produced on land that is not eligible for crop insurance or NAP.

(h) For any crop acreage for which crop insurance or NAP coverage is canceled, those acres will no longer be considered the initial crop and will, therefore, no longer be eligible for SURE.

(i) Notwithstanding any other provisions of these or other applicable regulations that relate to tolerance in part 718 of this title, if a farm has a crop that has both FSA and RMA acreage for insured crops, payment acres for the SURE guarantee calculation will

§ 760.633

be based on acres for which an indemnity was received if RMA acres do not differ from FSA acres by more than the larger of 5 percent or 10 acres not to exceed 50 acres. If the difference between FSA and RMA acres is more than the larger of 5 percent or 10 acres not to exceed 50 acres, then the payment acres for the SURE guarantee will be calculated using RMA acres. In that case, the participant will be notified of the discrepancy and that refunds of unearned payments may be required after FSA and RMA reconcile acreage data.

§ 760.633 2008 SURE guarantee calculation.

(a) For a participant who is eligible due to the 2008 buy-in waiver for risk management purchase under the provisions of § 760.105(c), the SURE guarantee for their farm for the 2008 crop will be calculated according to § 760.631, or according to § 760.634 for value loss crops, with the exception that the:

(1) Price election in § 760.631(a)(1)(i) is 100 percent of the NAP established price for the crop;

(2) Coverage level in § 760.631(a)(1)(iv) is 70 percent; and

(3) The percent specified in § 760.631(a)(2)(iv) is 70 percent instead of 50 percent; and

(4) Coverage level used in § 760.634(a)(1)(ii) is 70 percent; and

(5) The percent specified in § 760.634(a)(2)(ii) is 70 percent instead of 50 percent.

(b) For those 2008 crops that meet the requirements of §§ 760.104, 760.105(a), 760.106, or 760.107, the SURE guarantee will be the higher of:

(1) The guarantee calculated according to § 760.631, or according to § 760.634 for value loss crops, with the exception that the percent specified in §§ 760.631(a)(1) and 760.634(a)(1) will be 120 percent instead of 115 percent;

(2) The guarantee calculated according to § 760.631, or according to § 760.634 for value loss crops, will be used with the exception that the:

(i) Price election in § 760.631(a)(1)(i) is 100 percent of the NAP established price for the crop; and

(ii) Coverage level in §§ 760.631(a)(1)(iv) and 760.634(a)(1)(ii) will be 70 percent; and

7 CFR Ch. VII (1–1–24 Edition)

(iii) The percent specified in §§ 760.631(a)(2)(iv) and 760.634(a)(2)(ii) will be 70 percent instead of 50 percent.

§ 760.634 SURE guarantee for value loss crops.

(a) The SURE guarantee for value loss crops will be the sum of the amounts calculated in paragraphs (a)(1) and (a)(2) of this section, except as otherwise specified.

(1) For each insurable crop on the farm, 115 percent of the product obtained by multiplying:

(i) The value of inventory immediately prior to disaster, and

(ii) The coverage level elected by the participant. If a coverage level was not elected or a participant is eligible as specified in §§ 760.106 or 760.107, a coverage level of 27.5 percent will be used in the calculation.

(2) For each noninsurable crop on the farm, 120 percent of the product obtained by multiplying:

(i) The value of inventory immediately prior to a disaster, and

(ii) 50 percent.

(b) Aquaculture participants who received assistance under the Aquaculture Grant Program (Pub. L. 111–5) will not be eligible for SURE assistance on those species for which a grant benefit was received under the Aquaculture Grant Program for feed losses associated with that species.

(c) In the case of an insurable value loss crop for which crop insurance provides for an adjustment in the guarantee, liability, or indemnity, such as in the case of inventory exceeding peak inventory value, the adjustment will be used in determining the SURE guarantee for the insurable crop.

(d) In the case of a noninsurable value loss crop for which NAP provides for an adjustment in the level of assistance, such as in the case of unharvested field grown inventory, the adjustment will be used in determining the SURE guarantee for the noninsurable crop.

§ 760.635 Total farm revenue.

(a) For the purpose of SURE payment calculation, total farm revenue will equal the sum obtained by adding the amounts calculated in paragraphs (a)(1) through (a)(12) of this section.

(1) The estimated actual value for each crop produced on a farm, except for value loss crops, which equals the product obtained by multiplying:

(i) The actual production of the payment acres for each crop on a farm for purposes of determining losses under FCIA or NAP; and

(ii) NAMP, as calculated for the marketing year as specified in § 760.640 and as adjusted if required as specified in § 760.641.

(2) The estimated actual value for each value loss crop produced on a farm that equals the value of inventory immediately after disaster.

(3) 15 percent of the amount of any direct payments made to the participant under part 1412 of this title.

(4) The total amount of any counter-cyclical and average crop revenue election payments made to the participant under part 1412 of this title.

(5) The total amount of any loan deficiency payments, marketing loan gains, and marketing certificate gains made to the participant under parts 1421 and 1434 of this title.

(6) The amount of payments for prevented planting.

(7) The amount of crop insurance indemnities.

(8) The amount of NAP payments received.

(9) The value of any guaranteed payments made to a participant in lieu of production pursuant to an agreement or contract, if the crop is included in the SURE guarantee.

(10) Salvage value for any crops salvaged.

(11) The value of any other disaster assistance payments provided by the Federal Government for the same loss for which the eligible participant applied for SURE.

(12) For crops for which the eligible participant received a waiver under the provisions of § 760.105(c) or obtained relief according to § 760.106, the value determined by FSA based on what the participant would have received, irrespective of any other provision, if NAP or crop insurance coverage had been obtained.

(b) Sale of plant parts or by-products, such as straw, will not be counted as farm revenue.

(c) For value loss crops:

(1) Other inventory on hand or marketed at some time other than immediately prior to and immediately after the disaster event are irrelevant for revenue purposes and will not be counted as revenue for SURE.

(2) Revenue will not be adjusted for market loss.

(3) Quality losses will not be considered in determining revenue.

(4) In no case will market price declines in value loss crops, due to any cause, be considered in the calculation of payments for those crops.

§ 760.636 Expected revenue.

The expected revenue for each crop on a farm is:

(a) For each insurable crop, except value loss crops, the product obtained by multiplying:

(1) The SURE yield as specified in § 760.638;

(2) The payment acres as specified in § 760.632; and

(3) 100 percent of the price for the crop used to calculate a crop insurance indemnity for an applicable policy of insurance if a crop insurance indemnity is triggered. If a price is not available, then the price is 100 percent of the NAP established price for the crop, and

(b) For each noninsurable crop, except value loss crops, the product obtained by multiplying

(1) The SURE yield as specified in § 760.638;

(2) The payment acres as specified in § 760.632; and

(3) 100 percent of the NAP price.

(c) For each value loss crop, the value of inventory immediately prior to the disaster.

§ 760.637 Determination of production.

(a) Except for value loss crops, production for the purposes of this part includes all harvested, appraised, and assigned production for the payment acres determined according to § 760.632.

(b) The FSA county committee will use the best available data to determine production, including RMA and NAP loss records and yields for insured and noninsured crops.

(c) The production of any eligible crop harvested more than once in a

crop year will include the total harvested production from all harvests.

(d) Crop production losses occurring in tropical regions, as defined in part 1437, subpart F of this chapter, will be based on a crop year beginning on January 1 and ending on December 31 of the same calendar year. All crop harvests in tropical regions that take place between those dates will be considered a single crop.

(e) Any record of an appraisal of crop production conducted by RMA or FSA through a certified loss adjuster will be used if available. Unharvested appraised production will be included in the calculation of revenue under SURE. If the unharvested appraised crop is subsequently harvested for the original intended use, the larger of the actual or appraised production will be used to determine payment.

(1) If no appraisal is available, the participant is required to submit verifiable or reliable production evidence.

(2) If the participant does not have verifiable or reliable production evidence, the FSA county committee will use the higher of the participant's crop certification or the maximum average loss level to determine the participant's crop production losses.

(f) Production will be adjusted based on a whole grain equivalent, as established by FSA, for all crops with an intended use of grain, but harvested as silage, cobbage, or hay, cracked, rolled, or crimped.

(g) For crops sold in a market that is not a recognized market for that crop and has no established county expected yield and NAMP, the quantity of such crops will not be considered production; rather, 100 percent of the salvage value will be included in the revenue calculation.

(h) Production from different counties that is commingled on the farm before it was a matter of record and cannot be separated by using records or other means acceptable to FSA will have the NAMP prorated to each respective county by FSA. Commingled production may be attributed to the applicable county, if the participant made the location of production of a crop a matter of record before commin-

gling, if the participant does either of the following:

(1) Provides copies of verifiable documents showing that production of the crop was purchased, acquired, or otherwise obtained from the farm in that county; or

(2) Had the farm's production in that county measured in a manner acceptable to the FSA county committee.

(i) The FSA county committee will assign production for the purpose of NAMP for the farm if the FSA county committee determines that the participant failed to provide verifiable or reliable production records.

(j) If RMA loss records are not available, or if the FSA county committee determines that the RMA loss records as reported by the insured participant appear to be questionable or incomplete, or if the FSA county committee makes inquiry, then participants are responsible for:

(1) Retaining and providing, when required, the best available verifiable and reliable production records available for the crops;

(2) Summarizing all the production evidence;

(3) Accounting for the total amount of production for the crop on a farm, whether or not records reflect this production;

(4) Providing the information in a manner that can be easily understood by the FSA county committee; and

(5) Providing supporting documentation if the FSA county committee has reason to question the disaster event or that all production has been taken into account.

(k) The participant must supply verifiable or reliable production records to substantiate production to the FSA county committee. If the eligible crop was sold or otherwise disposed of through commercial channels, acceptable production records include: Commercial receipts; settlement sheets; warehouse ledger sheets or load summaries; or appraisal information from a loss adjuster acceptable to FSA. If the eligible crop was farm-stored, sold, fed to livestock, or disposed of by means other than commercial channels, acceptable production records for these purposes include: Truck scale tickets; appraisal information from a

loss adjuster acceptable to FSA; contemporaneous reliable diaries; or other documentary evidence, such as contemporaneous reliable measurements. Determinations of reliability with respect to this paragraph will take into account, as appropriate, the ability of the agency to verify the evidence as well as the similarity of the evidence to reports or data received by FSA for the crop or similar crops. Other factors deemed relevant may also be taken into account.

(1) If no verifiable or reliable production records are available, the FSA county committee will use the higher of the participant's certification or the maximum average loss level to determine production.

(m) Participants must provide all records for any production of a crop that is grown with an arrangement, agreement, or contract for guaranteed payment.

(n) FSA may verify the production evidence submitted with records on file at the warehouse, gin, or other entity that received or may have received the reported production.

§ 760.638 Determination of SURE yield.

(a) Except for value loss crops as specified in § 760.634, a SURE yield will be determined for each crop, type, and intended use on a farm, using the higher of the participant's weighted:

(1) Adjusted actual production history yield as determined in paragraph (b) of this section; or

(2) Counter-cyclical yield as determined in paragraph (c) of this section.

(b) The adjusted actual production history yield, as defined in § 760.602, will be weighted by the applicable crop year total planted and prevented planted acres, by crop, type, and intended use for each county. RMA data will be used for calculating the SURE yield for insured crops.

(c) The counter-cyclical yield for a crop on a SURE farm will be weighted in such manner as FSA deems fit taking into account a desire for a consistent system and FSA's ability to make timely yield determinations.

(d) Participants who do not purchase crop insurance or NAP coverage, but who are otherwise eligible for payment,

will have a SURE yield determined by the FSA county committee as follows:

(1) A weighted yield, based on planted and prevented planted acres, the location county, crop type, and intended use, will be determined at 65 percent of the county expected yield for each crop.

(2) The SURE yield will be the higher of the yield calculated using the method in paragraph (d)(1) of this section or 65 percent of the weighted counter-cyclical yield as determined in paragraph (c) of this section.

(e) For those participants with crop insurance but without an adjusted actual production history yield, a SURE yield will be determined by the applicable FSA county committee. This paragraph will apply in the case where the insurance policy does not require an actual production history yield, or where a participant has no production history.

[74 FR 68490, Dec. 28, 2009, as amended at 75 FR 19189, Apr. 14, 2010]

§ 760.640 National average market price.

(a) The Deputy Administrator will establish the National Average Market Price (NAMP) using the best sources available, as determined by the Deputy Administrator, which may include, but are not limited to, data from NASS, Cooperative Extension Service, Agricultural Marketing Service, crop insurance, and NAP.

(b) NAMP may be adjusted by the FSA State committee, in accordance with instructions issued by the Deputy Administrator and as specified in § 760.641, to recognize average quality loss factors that are reflected in the market by county or part of a county.

(c) With respect to a crop for which an eligible participant on a farm receives assistance under NAP, the NAMP will not exceed the price of the crop established under NAP.

(d) To the extent practicable, the NAMP will be established on a harvested basis without the inclusion of transportation, storage, processing, marketing, or other post-harvest expenses, as determined by FSA.

(e) NAMP may be adjusted by the FSA State committee, as authorized by The Deputy Administrator, to reflect

§ 760.641

regional variations in price consistent with those prices established under the FCIA or NAP.

§ 760.641 Adjustments made to NAMP to reflect loss of quality.

(a) The Deputy Administrator will authorize FSA county committees, with FSA State committee concurrence, to adjust NAMP for a county or part of a county:

(1) To reflect the average quality discounts applied to the local or regional market price of a crop due to a reduction in the intrinsic characteristics of the production resulting from adverse weather, as determined annually by the State office of the FSA; or

(2) To account for a crop for which the value is reduced due to excess moisture resulting from a disaster related condition.

(3) For adjustments specified in paragraphs (a)(1) and (a)(2) of this section, an adjustment factor that represents the regional or local price received for the crop in the county will be calculated by the FSA State committee. The adjustment factor will be based on the average actual market price compared to NAMP.

(b) For adjustments made under paragraph (a) of this section, participants must provide verifiable evidence of actual or appraised production, clearly indicating an average loss of value caused by poor quality or excessive moisture that meets or exceeds the quality adjustment for the county or part of a county established in paragraph (a)(3) of this section to be eligible to receive the quality-adjusted NAMP as part of their SURE payment calculation. In order to be considered at all for the purpose of quality adjustments, the verifiable evidence of production must itself detail the extent of the quality loss for a specific quantity. With regard to test evidence, in addition to meeting all the requirements of this section, tests must have been completed by January 1 of the year following harvest.

§ 760.650 Calculating SURE.

(a) Subject to the provision of this subpart, SURE payments for crop losses in crop year 2008 and subsequent crop years will be calculated as the

7 CFR Ch. VII (1–1–24 Edition)

amount equal to 60 percent of the difference between:

(1) The SURE guarantee, as specified in § 760.631, § 760.633 or § 760.634 of this subpart, and

(2) The total farm revenue, as specified in § 760.635.

(b) In addition to the other provisions of this subpart and subpart B of this part, SURE payments may be adjusted downward as necessary to insure compliance with the payment limitations in subpart B and to insure that payments do not exceed the maximum amount specified in § 760.108(a)(1) or (b)(1) or otherwise exceed the perceived intent of 19 U.S.C. 2497(j). Such adjustments can include, but are not limited to, adjustments to insure that there is no duplication of benefits as specified in § 760.108(c).

Subpart H—Crop Assistance Program

AUTHORITY: 7 U.S.C. 612c.

SOURCE: 75 FR 65428, Oct. 25, 2010, unless otherwise noted.

§ 760.701 Applicability.

(a) This subpart specifies the eligibility requirements and payment calculations for the Crop Assistance Program (CAP), which will be administered using funds authorized by Section 32 of the Agricultural Adjustment Act of 1935 (7 U.S.C. 612c, as amended).

(b) CAP, within the limits of the funds made available by the Secretary for this program, is intended to help re-establish purchasing power to producers of long grain rice, medium or short grain rice, upland cotton, soybeans, and sweet potatoes who suffered a five percent or greater loss in the 2009 crop year due to disaster.

(c) Only producers who have a share in a farm located in a disaster county (a county that is the primary county that is the subject of a Secretarial disaster designation for 2009 crop year due to excessive moisture and related conditions, as determined by FSA) are eligible for CAP benefits.

§ 760.702 Definitions.

The following definitions apply to CAP. The definitions in parts 718, 760,

and 1400 of this title also apply, except where they conflict with the definitions in this section.

Acceptable production records means verifiable or reliable production records deemed acceptable by FSA.

Application means the CAP application form.

Application period means the 45-day period established by the Deputy Administrator for producers on farms in disaster counties to apply for CAP that ends December 9, 2010.

Approved yield means the amount of production per acre, computed in accordance with FCIC's Actual Production History (APH) Program at part 400, subpart G of this title or, for crops not included under part 400, subpart G of this title, the yield used to determine the guarantee. For crops covered under NAP, the approved yield is established according to part 1437 of this title.

Considered planted means acreage approved as prevented planted or failed in accordance with § 718.103 of this chapter.

Crop means the reported or determined 2009 crop year planted and considered planted acres of long grain rice, medium or short grain rice, upland cotton, soybean, or sweet potatoes as reflected on 2009 crop year form FSA-578, Report of Acreage, for a producer in a disaster county as of October 22, 2010. Subsequent crops, replacement crops, reseeded crops, and replanted crops are not eligible crops under this part and no revision of the Report of Acreage that would increase an eligibility for payment will be permitted to produce that effect.

Crop year means for 2009:

(1) For insurable crops, the crop year as defined according to the applicable crop insurance policy;

(2) For NAP covered crops, the crop year as provided in part 1437 of this title.

Disaster means excessive moisture or related condition, resulting from any of the following: flood, flash flooding, excessive rain, moisture, humidity, severe storms, thunderstorms, ground saturation or standing water, hail, winter storms, ice storms, snow, blizzard, hurricane, typhoons, tropical storms, and cold wet weather. A disaster does

not include brownouts or power failures.

Disaster county means a county included in the geographic area covered by a qualifying natural disaster designation under section 321(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961(a)). For CAP, the term "disaster county" is limited to those primary counties declared a disaster by the Secretary for excessive moisture or a related condition, which are limited to designations based on any of the following: flood, flash flooding, excessive rain, moisture, humidity, severe storms, thunderstorms, ground saturation or standing water, hail, winter storms, ice storms, snow, blizzard, hurricane, typhoons, tropical storms, and cold wet weather.

Expected production means, for a producer on a farm who attempts to determine what the producer might produce for an eligible crop on a farm, the historic yield multiplied by the producer's share of planted and considered planted acres of the crop for the farm. Expected production may be used to assist producers in determining whether the producer has a crop or crops that suffered a qualifying loss of five percent and to determine whether that crop is eligible for CAP benefits.

Historic yield means, for a producer on a farm, the higher of the county average yield or the producer's approved yields for eligible crops on the farm.

(1) An insured producer's yield will be the higher of the county average yield listed or the approved federal crop insurance APH, for the disaster year.

(2) A NAP producer's yield will be the higher of the county average yield or NAP approved yield for the disaster year.

Replacement crop means the planting or approved prevented planting of any crop for harvest following the failed planting or prevented planting of a crop of long grain rice, medium or short grain rice, upland cotton, soybeans, or sweet potatoes not in a recognized double-cropping sequence. Replacement crops are not eligible for CAP.

Reseeded or replanted crop means the second planting of a crop of long grain

§ 760.703

rice, medium or short grain rice, upland cotton, soybeans, or sweet potatoes on the same acreage after the first planting of that same crop that failed.

§ 760.703 Producer eligibility requirements.

(a) A producer must meet all of the requirements in this subpart to be eligible for a CAP payment.

(b) To be eligible, a producer must be an individual or entity who is entitled to an ownership share of an eligible crop and who has the production and market risks associated with the agricultural production of the crop on a farm. An eligible producer must be a:

- (1) Citizen of the United States;
- (2) Resident alien, which for purposes of this subpart means "lawful alien" as defined in 7 CFR part 1400;
- (3) Partnership of citizens of the United States; or
- (4) Corporation, limited liability corporation, or other farm organizational structure organized under State law.

(c) To be eligible, a producer must have:

- (1) Produced a 2009 crop year planted or considered planted long grain rice, medium or short grain rice, upland cotton, soybean, or sweet potato crop in a 2009 eligible disaster county, and
- (2) Suffered a five percent or greater loss in an eligible disaster county in 2009. A list of the disaster counties for CAP is available on the FSA Web site and at FSA county offices.

§ 760.704 Time and method of application.

(a) To request a CAP payment, the producer must submit a CAP application on the form designated by FSA to the FSA county office responsible for administration of the farm.

(b) Producers submitting an application for a crop must certify that they suffered a five percent or greater loss of the crop on the farm in a disaster county and that they have documentation to support that certification as required in § 760.713.

(c) Once submitted by a producer, the application is considered to contain information and certifications of and pertaining to the producer's crop and farm regardless of who entered the information on the application.

7 CFR Ch. VII (1-1-24 Edition)

(d) Producers requesting benefits under CAP must certify the accuracy and truthfulness of the information provided in the application as well as with any documentation that may be provided with the application or documentation that will be provided to FSA in substantiation of the application. All certifications and information are subject to verification by FSA.

(e) Producers applying for CAP must certify that they have an eligible ownership share interest in the 2009 crop acreage that sustained a five percent or greater loss. The determination and certification by a producer that a crop suffered the requisite five percent or greater farm crop loss is the expected quantity of production of the crop less the actual production of the crop.

(f) In the event that the producer does not submit documentation in response to any request of FSA to support the producer's application or documentation furnished does not show a crop loss of at least five percent as claimed, the application for that crop will be disapproved in its entirety. For quantity losses, producers need to apply a standard similar to the historic yield provisions used under previous ad hoc disaster programs. Those provisions provided that a historic yield was the higher of a county average yield or a producer's approved yield. Thus, if an applicant is determining whether a farm has a crop that suffered a loss of five percent or greater on the farm's planted and considered planted acreage, the applicant could compare the amount successfully produced in 2009 from those planted and considered planted acres to what the participant expected to produce from that acreage using either the county average yield (which may be obtained from FSA by request) or based on analysis of approved actual production history yields that may exist for producers of the crop on the farm.

(g) Unless otherwise determined necessary by FSA, producers will not be required to submit documentation of farm crop production or loss at time of application. FSA's decision not to require proof, documentation, or evidence in support of any application at

time of application is not to be construed as a determination of a producer's eligibility.

(h) Producers who apply are required to retain documentation in support of their application for three years after the date of application in accordance with § 760.713.

(i) The application submitted in accordance with this section is not considered valid and complete for issuance of payment under this part unless FSA determines all the applicable eligibility provisions have been satisfied and the producer has submitted all the required forms. In addition to the completed, certified application form, if the information for the following forms or certifications is not on file in the FSA county office or is not current for 2009, the producer must also submit:

- (1) Farm operating plan for individual or legal entity;
- (2) Average adjusted gross income statement for 2009; and
- (3) Highly erodible land conservation (HELC) and wetland conservation certification.

(j) Application approval and payment by FSA does not relieve a producer from having to submit any form, records, or documentation required, but not filed at the time of application or payment, according to paragraph (h) of this section.

§ 760.705 Payment rates and calculation of payments.

(a) CAP payments will be calculated by multiplying the total number of reported or determined acres of an eligible crop by the per acre payment rate for that crop. Payment rates are as follows:

- (1) Long grain rice, \$31.93 per acre;
- (2) Medium or short grain rice, \$52.46 per acre;
- (3) Upland cotton, \$17.70 per acre;
- (4) Soybeans, \$15.62 per acre; and
- (5) Sweet potatoes, \$155.41 per acre.

(b) Payments will be calculated based on the 2009 crop year reported or determined planted or considered planted acres of an eligible crop on a farm in a disaster county as reflected on a form FSA-578, Report of Acreage, on file in FSA as of October 22, 2010.

§ 760.706 Availability of funds.

(a) Payments specified in this subpart are subject to the availability of funds. The total available program funds are \$550 million. In order to keep payments within available funds, the Deputy Administrator may pro-rate payments, to the extent the Deputy Administrator determines that necessary.

(b) Funds for CAP are being made available only for the 2009 crop year reported and determined eligible crop acreage in disaster counties as reflected on a form FSA-578, Report of Acreage, as of October 22, 2010.

§ 760.707 Proof of loss.

(a) All certifications, applications, and documentation are subject to spot check and verification by FSA. Producers must submit documentation to FSA if and when FSA requests documentation to substantiate any certified application.

(b) Producers are responsible for retaining or providing, when required, verifiable or reliable production or loss records available for the crop. Producers are also responsible for summarizing all the production or loss evidence and providing the information in a manner that can be understood by the county committee.

(c) Any producer receiving payment under this subpart agrees to maintain any books, records, and accounts supporting any information or certification made according to this part for 3 years after the end of the year following application.

(d) Producers receiving payments or any other person who furnishes such information to FSA must permit FSA or authorized representatives of USDA and the General Accounting Office during regular business hours to inspect, examine, and to allow such persons to make copies of such books, records or other items for the purpose of confirming the accuracy of the information provided by the producer.

§ 760.708 Miscellaneous provisions and limitations.

(a) A person ineligible under § 1437.15(c) of this title concerning violations of the Noninsured Crop Disaster Assistance Program for the 2009 crop

§ 760.708

7 CFR Ch. VII (1-1-24 Edition)

year is ineligible for benefits under this subpart.

(b) A person ineligible under § 400.458 of this title for the 2009 crop year concerning violations of crop insurance regulations is ineligible for CAP.

(c) In the event that any request for CAP payment resulted from erroneous information or a miscalculation, the payment will be recalculated and the producer must refund any excess to FSA with interest to be calculated from the date of the disbursement to the producer. If for whatever reason the producer signing a CAP application overstates the loss level of the crop when the actual loss level determined by FSA for the crop is less than the level claimed, or where the CAP payment would exceed the producer's actual loss, the application will be disapproved for the crop and the full CAP payment for that crop will be required to be refunded with interest from date of disbursement. The CAP payment cannot exceed the producer's actual loss.

(d) The liability of anyone for any penalty or sanction under or in connection with this subpart, or for any refund to FSA or related charge is in addition to any other liability of such person under any civil or criminal fraud statute or any other provision of law including, but not limited to: 18 U.S.C. 286, 287, 371, 641, 651, 1001, and 1014; 15 U.S.C. 714; and 31 U.S.C. 3729.

(e) The regulations in parts 11 and 780 of this title apply to determinations under this subpart.

(f) Any payment to any person under this subpart will be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or its proceeds.

(g) Any payment made under this subpart will be considered farm revenue for 2009 for the Supplemental Revenue Assistance Payments Program.

(h) The average AGI limitation provisions in part 1400 of this title relating to limits on payments for persons or legal entities, excluding joint ventures and general partnerships, with certain levels of average adjusted gross income (AGI) apply to each applicant for CAP. Specifically, a person or legal entity with an average adjusted gross non-farm income, as defined in § 1404.3 of

this title, that exceeds \$500,000 is not eligible to receive CAP payments.

(i) No person or legal entity, excluding a joint venture or general partnership, as determined by the rules in part 1400 of this title may receive, directly or indirectly, more than \$100,000 in payments under this subpart.

(j) The direct attribution provisions in part 1400 of this title apply to CAP. Under those rules, any payment to any legal entity will also be considered for payment limitation purposes to be a payment to persons or legal entities with an interest in the legal entity or in a sub-entity. If any such interested person or legal entity is over the payment limitation because of direct payment or their indirect interests or a combination thereof, then the payment to the actual payee will be reduced commensurate with the amount of the interest of the interested person in the payee. Likewise, by the same method, if anyone with a direct or indirect interest in a legal entity or sub-entity of a payee entity exceeds the AGI levels that would allow a producer to directly receive a CAP payment, then the payment to the actual payee will be reduced commensurately with that interest. For CAP, unless otherwise specified in part 1400 of this title, the AGI amount will be that person's or legal entity's average AGI for the three taxable years that precede the 2008 taxable year (that is 2005, 2006, and 2007).

(k) For the purposes of the effect of lien on eligibility for Federal programs (28 U.S.C. 3201(e)), FSA waives the restriction on receipt of funds under CAP but only as to beneficiaries who, as a condition of such waiver, agree to apply the CAP payments to reduce the amount of the judgment lien.

(l) For CAP, producers are either eligible or ineligible. Therefore, the provisions of § 718.304 of this chapter, "Failure to Fully Comply," do not apply to this subpart.

(m) The regulations in subpart B apply to CAP. In addition to those regulations that specifically include subpart H or apply to this part, the following sections specifically apply to this subpart: §§ 760.113(a), 760.114, and 760.116(a).

Subpart I—2005–2007 Crop Disaster Program

SOURCE: 72 FR 72867, Dec. 21, 2007, unless otherwise noted.

§ 760.800 Applicability.

This part sets forth the terms and conditions for the 2005–2007 Crop Disaster Program (2005–2007 CDP). CDP makes emergency financial assistance available to producers who have incurred crop losses in quantity or quality for eligible 2005, 2006, or 2007 crop years due to disasters as determined by the Secretary under provisions of Title IX of the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act, 2007 (Pub. L. 110–28). However, to be eligible for assistance, the crop subject to the loss must have been planted or existed before February 28, 2007, or, in the case of prevented planting, would have been planted before February 28, 2007.

§ 760.801 Administration.

(a) The program will be administered under the general supervision of the Deputy Administrator for Farm Programs and will be carried out in the field by FSA State and county committees.

(b) State and county committees and representatives do not have the authority to modify or waive any of the provisions of this part.

(c) The State committee will take any action required by this part that has not been taken by a county committee. The State committee will also:

(1) Correct, or require a county committee to correct, any action taken by that FSA county committee that is not in accordance with this part; and

(2) Require a county committee to withhold taking or reverse any action that is not in accordance with this part.

(d) No provision or delegation to a State or county committee will prevent the Deputy Administrator for Farm Programs from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator for Farm Programs may authorize State and county committees to waive or modify non-statutory deadlines or other program requirements in cases where lateness or failure to meet such does not adversely affect the operation of the program.

§ 760.802 Definitions.

The following definitions apply to this part. The definitions in parts 718 and 1400 of this title also apply, except where they conflict with the definitions in this section.

Actual production means the total quantity of the crop appraised, harvested, or assigned, as determined by the FSA State or county committee in accordance with instructions issued by the Deputy Administrator for Farm Programs.

Administrative fee means an amount the producer must pay for Noninsured Crop Disaster Assistance Program (NAP) enrollment for non-insurable crops.

Affected production means, with respect to quality losses, the harvested production of an eligible crop that has a documented quality reduction of 25 percent or more on the verifiable production record.

Appraised production means production determined by FSA, or a company reinsured by the Federal Crop Insurance Corporation (FCIC), that was unharvested but was determined to reflect the crop's yield potential at the time of appraisal.

Approved yield means the amount of production per acre, computed in accordance with FCIC's Actual Production History (APH) Program at part 400, subpart G of this title or, for crops not included under part 400, subpart G of this title, the yield used to determine the guarantee. For crops covered under NAP, the approved yield is established according to part 1437 of this title. Only the approved yields based on production evidence submitted to FSA prior to May 25, 2007 will be used for purposes of the 2005–2007 CDP.

Aquaculture means a value loss crop for the reproduction and rearing of aquatic species in controlled or selected environments including, but not

limited to, ocean ranching, except private ocean ranching of Pacific salmon for profit in those States where such ranching is prohibited by law.

Aquaculture species means any aquaculture species as defined in part 1437 of this title.

Average market price means the price or dollar equivalent on an appropriate basis for an eligible crop established by FSA, or CCC, or RMA, as applicable, for determining payment amounts. Such price will be based on historical data of the harvest basis excluding transportation, storage, processing, packing, marketing, or other post-harvesting expenses. Average market prices are generally applicable to all similarly situated participants and are not established in response to individual participants. Accordingly, the established average market prices are not appealable under parts 11 or 780 of this title.

Catastrophic risk protection means the minimum level of coverage offered by FCIC.

CCC means the Commodity Credit Corporation.

Controlled environment means, with respect to those crops for which a controlled environment is expected to be provided, including but not limited to ornamental nursery, aquaculture (including ornamental fish), and floriculture, an environment in which everything that can practicably be controlled with structures, facilities, growing media (including, but not limited to, water, soil, or nutrients) by the producer, is in fact controlled by the producer.

Crop insurance means an insurance policy reinsured by FCIC under the provisions of the Federal Crop Insurance Act, as amended.

Crop year means:

- (1) For insured crops, the crop year as defined according to the applicable crop insurance policy;
- (2) For NAP covered crops, as provided in part 1437 of this title.

Damaging weather means drought, excessive moisture, hail, freeze, tornado, hurricane, typhoon, excessive wind, excessive heat, weather-related saltwater intrusion, weather-related irrigation water rationing, and earthquake and volcanic eruptions, or any combination. It also includes a related condition that occurs as a result of the damaging weather and exacerbates the condition of the crop, such as crop disease, and insect infestation.

Deputy Administrator means the Deputy Administrator for Farm Programs, Farm Service Agency, U.S. Department of Agriculture or designee.

Eligible crop means a crop insured by FCIC as defined in part 400 of this title, or included under NAP as defined under part 1437 of this title for which insurance or NAP coverage was obtained timely for the year which CDP benefits are sought.

End use means the purpose for which the harvested crop is used, such as grain, hay, or seed.

Expected production means, for an agricultural unit, the historic yield multiplied by the number of planted or prevented acres of the crop for the unit.

FCIC means the Federal Crop Insurance Corporation, a wholly owned Government Corporation within USDA.

Final planting date means the latest date, established by the Risk Management Agency (RMA) for insured crops, by which the crop must initially be planted in order to be insured for the full production guarantee or amount of insurance per acre. For NAP covered crops, the final planting date is as provided in part 1437 of this title.

Flood prevention means:

- (1) For aquaculture species, placing the aquaculture facility in an area not prone to flood;
- (2) In the case of raceways, devices or structures designed for the control of water level; and
- (3) With respect to nursery crops, placing containerized stock in a raised area above expected flood level and providing draining facilities, such as drainage ditches or tile, gravel, cinder, or sand base.

Good nursery growing practices means utilizing flood prevention, growing media, fertilization to obtain expected production results, irrigation, insect

and disease control, weed, rodent and wildlife control, and over winterization storage facilities.

Ground water means aqueous supply existing in an aquifer subsurface that is brought to the surface and made available for irrigation by mechanical means such as by pumps and irrigation wells.

Growing media means:

(1) For aquaculture species, media that provides nutrients necessary for the production of the aquaculture species and protects the aquaculture species from harmful species or chemicals or

(2) For nursery crops, a well-drained media with a minimum 20 percent air pore space and pH adjustment for the type of plant produced designed to prevent "root rot."

Harvested means:

(1) For insured crops, harvested as defined according to the applicable crop insurance policy;

(2) For NAP covered single harvest crops, that a crop has been removed from the field, either by hand or mechanically, or by grazing of livestock;

(3) For NAP covered crops with potential multiple harvests in 1 year or harvested over multiple years, that the producer has, by hand or mechanically, removed at least one mature crop from the field during the crop year;

(4) For mechanically-harvested NAP covered crops, that the crop has been removed from the field and placed in a truck or other conveyance, except hay is considered harvested when in the bale, whether removed from the field or not. Grazed land will not be considered harvested for the purpose of determining an unharvested or prevented planting payment factor. A crop that is intended for mechanical harvest, but subsequently grazed and not mechanically harvested, will have an unharvested factor applied.

Historic yield means, for a unit, the higher of the county average yield or the participant's approved yield.

(1) An insured participant's yield will be the higher of the county average yield listed or the approved federal crop insurance APH, for the disaster year.

(2) NAP participant's yield will be the higher of the county average or approved NAP APH for the disaster year.

Marketing contract means a legally binding written contract between a purchaser and grower for the purpose of marketing a crop.

Market value means:

(1) The price(s) designated in the marketing contract; or

(2) If not designated in a marketing contract, the rate established for quantity payments under §760.811.

Maximum average loss level means the maximum average level of crop loss to be attributed to a participant without acceptable production records (verifiable or reliable). Loss levels are expressed in either a percent of loss or yield per acre, and are intended to reflect the amount of production that a participant would have been expected to make if not for the eligible disaster conditions in the area or county, as determined by the county committee in accordance with instructions issued by the Deputy Administrator.

Multi-use crop means a crop intended for more than one end use during the calendar year such as grass harvested for seed, hay, and grazing.

Multiple cropping means the planting of two or more different crops on the same acreage for harvest within the same crop year.

Multiple planting means the planting for harvest of the same crop in more than one planting period in a crop year on different acreage.

NASS means the National Agricultural Statistics Service.

Net crop insurance indemnity means the indemnity minus the producer paid premium.

NAP covered means a crop for which the participants obtained assistance under section 196 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7333).

Normal mortality means the percentage of dead aquaculture species that would normally occur during the crop year.

Person means person as defined in part 1400 of this title, and all rules with respect to the determination of a person found in that part are applicable to this part. However, the determinations made in this part in accordance with part 1400, subpart B, Person Determinations, of this title will also take into account any affiliation with any entity in which an individual or entity has an interest, regardless of whether or not such entities are considered to be actively engaged in farming.

Planted acreage means land in which seed, plants, or trees have been placed, appropriate for the crop and planting method, at a correct depth, into a seedbed that has been properly prepared for the planting method and production practice normal to the USDA plant hardiness zone as determined by the county committee.

Prevented planting means the inability to plant an eligible crop with proper equipment during the planting period as a result of an eligible cause of loss, as determined by FSA.

Production means quantity of the crop or commodity produced expressed in a specific unit of measure including, but not limited to, bushels or pounds.

Rate means price per unit of the crop or commodity.

Recording county means, for a producer with farming interests in only one county, the FSA county office in which the producer's farm is administratively located or, for a producer with farming interests that are administratively located in more than one county, the FSA county office designated by FSA to control the payments received by the producer.

Related condition means, with respect to a disaster, a condition that causes deterioration of a crop, such as insect infestation, plant disease, or aflatoxin, that is accelerated or exacerbated as a result of damaging weather, as determined in accordance with instructions issued by the Deputy Administrator.

Reliable production records means evidence provided by the participant that is used to substantiate the amount of production reported when verifiable records are not available, including copies of receipts, ledgers of income, income statements of deposit slips, register tapes, invoices for custom har-

vesting, and records to verify production costs, contemporaneous measurements, truck scale tickets, and contemporaneous diaries that are determined acceptable by the county committee.

Repeat crop means, with respect to production, a commodity that is planted or prevented from being planted in more than one planting period on the same acreage in the same crop year.

RMA means the Risk Management Agency.

Salvage value means the dollar amount or equivalent for the quantity of the commodity that cannot be marketed or sold in any recognized market for the crop.

Secondary use means the harvesting of a crop for a use other than the intended use.

Secondary use value means the value determined by multiplying the quantity of secondary use times the FSA or CCC-established price for that use.

State committee means the FSA State committee.

Surface irrigation water means aqueous supply anticipated for irrigation of agricultural crops absent an eligible disaster condition impacting either the aquifer or watershed. Surface irrigation water may result from feral sources or from irrigation districts.

Tropical crops has the meaning assigned in part 1437 of this title.

Tropical region has the meaning assigned in part 1437 of this title.

Unharvested factor means a percentage established for a crop and applied in a payment formula to reduce the payment for reduced expenses incurred because commercial harvest was not performed. Unharvested factors are generally applicable to all similarly situated participants and are not established in response to individual participants. Accordingly established unharvested factors are not appealable under parts 11 and 780 of this title.

Unit means, unless otherwise determined by the Deputy Administrator, basic unit as defined in part 457 of this title that, for ornamental nursery production, includes all eligible plant species and sizes.

Unit of measure means:

(1) For all insured crops, the FCIC-established unit of measure;

(2) For all NAP covered crops, the established unit of measure, if available, used for the 2005, 2006, or 2007 NAP price and yield;

(3) For aquaculture species, a standard unit of measure such as gallons, pounds, inches, or pieces, established by the State committee for all aquaculture species or varieties;

(4) For turfgrass sod, a square yard;

(5) For maple sap, a gallon;

(6) For honey, pounds; and

(7) For all other crops, the smallest unit of measure that lends itself to the greatest level of accuracy with minimal use of fractions, as determined by the State committee.

United States means all 50 States of the United States, the Commonwealth of Puerto Rico, the Virgin Islands of the United States, and to the extent the Deputy Administrator determines it to be feasible and appropriate, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and the former Trust Territory of the Pacific Islands, which include Palau, Federated States of Micronesia, and the Marshall Islands.

USDA means the United States Department of Agriculture.

USDA Plant Hardiness Zone means 11 regions or planting zones as defined by a 10 degree Fahrenheit difference in the average annual minimum temperature.

Value loss crop has the meaning assigned in part 1437 of this title.

Verifiable production record means:

(1) For quantity losses, evidence that is used to substantiate the amount of production reported and that can be verified by FSA through an independent source; or

(2) For quality losses, evidence that is used to substantiate the amount of production reported and that can be verified by FSA through an independent source including determined quality factors and the specific quantity covered by those factors.

Yield means unit of production, measured in bushels, pounds, or other unit of measure, per area of consideration, usually measured in acres.

§ 760.803 Eligibility.

(a) Participants will be eligible to receive disaster benefits under this part only if they incurred qualifying quan-

tity or quality losses for the 2005, 2006, or 2007 crops, as further specified in this part, as a result of damaging weather or any related condition. Participants may not receive benefits with respect to volunteer stands of crops.

(b) Payments may be made for losses suffered by an eligible participant who, at the time of application, is a deceased individual or is a dissolved entity if a representative, who currently has authority to enter into a contract for the participant, signs the 2005, 2006, or 2007 Crop Disaster Program application. Participants must provide proof of the authority to sign legal documents for the deceased individual or dissolved entity. If a participant is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must sign the application for payment.

(c) As a condition to receive benefits under this part, the Participant must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of part 12 of this title for the 2005, 2006, or 2007 crop year, as applicable, and must not otherwise be precluded from receiving benefits under parts 12 or 1400 of this title or any law.

§ 760.804 Time and method of application.

(a) The 2005, 2006, 2007 Crop Disaster Program application must be submitted on a completed FSA-840, or such other form designated for such application purpose by FSA, in the FSA county office in the participant's control county office before the close of business on a date that will be announced by the Deputy Administrator.

(b) Once signed by a participant, the application for benefits is considered to contain information and certifications of and pertaining to the participant regardless of who entered the information on the application.

(c) The participant requesting benefits under this program certifies the accuracy and truthfulness of the information provided in the application as well as any documentation filed with or in support of the application. All information is subject to verification by FSA.

§ 760.805

For example, as specified in § 760.818(f), the participant may be required to provide documentation to substantiate and validate quality standards and marketing contract prices. Refusal to allow FSA or any agency of the Department of Agriculture to verify any information provided will result in the participant's forfeiting eligibility under this program. Furnishing required information is voluntary; however without it, FSA is under no obligation to act on the application or approve benefits. Providing a false certification to the government is punishable by imprisonment, fines, and other penalties.

(d) FSA may require the participant to submit any additional information it deems necessary to implement or determine any eligibility provision of this part. For example, as specified in § 760.818(f), the participant may be required to provide documentation to substantiate and validate quality standards and marketing contract prices.

(e) The application submitted in accordance with paragraph (a) of this section is not considered valid and complete for issuance of payment under this part unless FSA determines all the applicable eligibility provisions have been satisfied and the participant has submitted all of following completed forms:

(1) If Item 16 on FSA-840 is answered "YES," FSA-840M, Crop Disaster Program for Multiple Crop—Same Acreage Certification;

(2) CCC-502, Farm Operating Plan for Payment Eligibility;

(3) CCC-526, Payment Eligibility Average Adjusted Gross Income Certification;

(4) AD-1026, Highly Erodible Land Conservation (HELIC) and Wetland Conservation Certification; and

(5) FSA-578, Report of Acreage.

(f) Application approval and payment by FSA does not relieve a participant from having to submit any form required, but not filed, according to paragraph (e) of this section.

§ 760.805 Limitations on payments and other benefits.

(a) A participant may receive benefits for crop losses for only one of the

7 CFR Ch. VII (1-1-24 Edition)

2005, 2006, or 2007 crop years as specified under this part.

(b) Payments will not be made under this part for grazing losses.

(c) Payments determined to be issued are considered due and payable not later than 60 days after a participant's application is completed with all information necessary for FSA to determine producer eligibility for benefits.

(d) FSA may divide and classify crops based on loss susceptibility, yield, and other factors.

(e) No person, as defined by part 1400 subpart B of this title, may receive more than a total of \$80,000 in disaster benefits under this part. In applying the \$80,000 per person payment limitation, regardless of whether 2005, 2006, or 2007 crop year benefits are at issue or sought, the most restrictive "person" determination for the participant in the years 2005, 2006, and 2007, will be used to limit benefits.

(f) No participant may receive disaster benefits under this part in an amount that exceeds 95 percent of the value of the expected production for the relevant period as determined by FSA. Accordingly, the sum of the value of the crop not lost, if any; the disaster payment received under this part; and any crop insurance payment or payments received under the NAP for losses to the same crop, cannot exceed 95 percent of what the crop's value would have been if there had been no loss.

(g) An individual or entity whose adjusted gross income is in excess of \$2.5 million, as defined by and determined under part 1400 subpart G of this title, is not eligible to receive disaster benefits under this part.

(h) Any participant in a county eligible for either of the following programs must complete a duplicate benefits certification. If the participant received a payment authorized by either of the following, the amount of that payment will be reduced from the calculated 2005-2007 CDP payment:

(1) The Hurricane Indemnity Program (subpart B of this part);

(2) The Hurricane Disaster Programs (subparts D, E, F, and G of part 1416 of this title);

(3) The 2005 Louisiana Sugarcane Hurricane Disaster Assistance Program; or

(4) The 2005 Crop Florida Sugarcane Disaster Program.

§ 760.806 Crop eligibility requirements.

(a) A participant on a farm is eligible for assistance under this section with respect to losses to an insurable commodity or NAP if the participant:

(1) In the case of an insurable commodity, obtained a policy or plan of insurance under the Federal Crop Insurance Act for the crop incurring the losses; or

(2) In the case of a NAP covered crop, filed the required paperwork and paid the administrative fee by the applicable filing deadline, for the noninsurable commodity under section 196 of the Federal Agriculture Improvement and Reform Act of 1996 for the crop incurring the losses.

(b) The reasons a participant either elected not to have coverage or did not have coverage mentioned in paragraphs (a)(1) or (2) of this section are not relevant to the determination of the participant's ineligibility under this section. In addition, such reasons for not having crop insurance coverage have no bearing for consideration under part 718, subpart D of this chapter.

§ 760.807 Miscellaneous provisions.

(a) A person is not eligible to receive disaster assistance under this part if it is determined by FSA that the person has:

(1) Adopted any scheme or other device that tends to defeat the purpose of this part;

(2) Made any fraudulent representation;

(3) Misrepresented any fact affecting a program determination;

(4) Is ineligible under § 1400.5 of this title; or

(5) Does not have entitlement to an ownership share of the crop.

(i) Growers growing eligible crops under contract for crop owners are not eligible unless the grower can be determined to have a share of the crop.

(ii) Any verbal or written contract that precludes the grower from having an ownership share renders the grower ineligible for benefits under this part.

(b) A person ineligible under § 1437.15(c) of this title for any year is likewise ineligible for benefits under this part for that year or years.

(c) A person ineligible under § 400.458 of this title for any year is likewise ineligible for benefits under this part for that year or years.

(d) All persons with a financial interest in the operation receiving benefits under this part are jointly and severally liable for any refund, including related charges, which is determined to be due FSA for any reason.

(e) In the event that any request for assistance or payment under this part resulted from erroneous information or a miscalculation, the assistance or payment will be recalculated and any excess refunded to FSA with interest to be calculated from the date of the disbursement to the producer.

(f) The liability of anyone for any penalty or sanction under or in connection with this part, or for any refund to FSA or related charge is in addition to any other liability of such person under any civil or criminal fraud statute or any other provision of law including, but not limited to: 18 U.S.C. 286, 287, 371, 641, 651, 1001, and 1014; 15 U.S.C. 714; and 31 U.S.C. 3729.

(g) The regulations in parts 11 and 780 of this title apply to determinations under this part.

(h) Any payment to any person will be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or its proceeds.

(i) For the purposes of the effect of lien on eligibility for Federal programs (28 U.S.C. 3201(e)), FSA waives the restriction on receipt of funds or benefits under this program but only as to beneficiaries who, as a condition of such waiver, agree to apply the benefits received under this part to reduce the amount of the judgment lien.

(j) Under this program, participants are either eligible or ineligible. Participants in general, do not render performance or need to comply. They either suffered eligible losses or they did not. Accordingly, the provisions of § 718.304 of this chapter do not apply to this part.

§ 760.808

7 CFR Ch. VII (1-1-24 Edition)

§ 760.808 General provisions.

(a) For calculations of loss, the participant's existing unit structure will be used as the basis for the calculation established in accordance with:

(1) For insured crops, part 457 of this title; or

(2) For NAP covered crops, part 1437 of this title.

(b) County average yield for loss calculations will be the average of the 2001 through 2005 official county yields established by FSA, excluding the years with the highest and lowest yields, respectively.

(c) County committees will assign production or reduce the historic yield when the county committee determines:

(1) An acceptable appraisal or record of harvested production does not exist;

(2) The loss is due to an ineligible cause of loss or practices, soil type, climate, or other environmental factors that cause lower yields than those upon which the historic yield is based;

(3) The participant has a contract providing a guaranteed payment for all or a portion of the crop; or

(4) The crop was planted beyond the normal planting period for the crop.

(d) The county committee will establish a maximum average loss level that reflects the amount of production producers would have produced if not for the eligible damaging weather or related conditions in the area or county for the same crop. The maximum average loss level for the county will be expressed as either a percent of loss or yield per acre. The maximum average loss level will apply when:

(1) Unharvested acreage has not been appraised by FSA, or a company reinsured by FCIC; or

(2) Acceptable production records for harvested acres are not available from any source.

(e) Assignment of production or reduction in yield will apply for practices that result in lower yields than those for which the historic yield is based.

§ 760.809 Eligible damaging conditions.

(a) Except as provided in paragraphs (b) and (c) of this section, to be eligible for benefits under this part the loss of the crop, or reduction in quality, or prevented planting must be due to

damaging weather or related conditions as defined in § 760.802.

(b) Benefits are not available under this part for any losses in quantity or quality, or prevented planting due to:

(1) Poor farming practices;

(2) Poor management decisions; or

(3) Drifting herbicides.

(c) With the exception of paragraph (d) of this section, in all cases, the eligible damaging condition must have directly impacted the specific crop or crop acreage during its planting or growing period.

(d) If FSA has determined that there has been an eligible loss of surface irrigation water due to drought and such loss of surface irrigation water impacts eligible crop acreage, FSA may approve assistance to the extent permitted by section 760.814.

§ 760.810 Qualifying 2005, 2006, or 2007 quantity crop losses.

(a) To receive benefits under this part, the county committee must determine that because of eligible damaging weather or related condition specifically impacting the crop or crop acreage, the participant with respect to the 2005, 2006, or 2007 crop:

(1) Was prevented from planting a crop;

(2) Sustained a loss in excess of 35 percent of the expected production of a crop; or

(3) Sustained a loss in excess of 35 percent of the value for value loss crops.

(b) Qualifying losses under this part do not include losses:

(1) For the 2007 crop, those acres planted, or in the case of prevented planting, would have been planted, on or after February 28, 2007;

(2) That are determined by FSA to be the result of poor management decisions, poor farming practices, or drifting herbicides;

(3) That are the result of the failure of the participant to re-seed or replant the same crop in the county where it is customary to re-seed or replant after a loss;

(4) That are not as a result of a damaging weather or a weather related condition specifically impacting the crop or crop acreage;

Farm Service Agency, USDA

§ 760.811

(5) To crops not intended for harvest in crop year 2005, 2006, or 2007;

(6) Of by-products resulting from processing or harvesting a crop, such as cottonseed, peanut shells, wheat, or oat straw;

(7) To home gardens;

(8) That are a result of water contained or released by any governmental, public, or private dam or reservoir project if an easement exists on the acreage affected for the containment or release of the water; or

(9) If losses could be attributed to conditions occurring outside of the applicable crop year growing season.

(c) Qualifying losses under this part for nursery stock will not include losses:

(1) For the 2007 crop, that nursery inventory acquired on or after February 28, 2007;

(2) Caused by a failure of power supply or brownouts;

(3) Caused by the inability to market nursery stock as a result of lack of compliance with State and local commercial ordinances and laws, quarantine, boycott, or refusal of a buyer to accept production;

(4) Caused by fire unless directly related to an eligible natural disaster;

(5) Affecting crops where weeds and other forms of undergrowth in the vicinity of the nursery stock have not been controlled; or

(6) Caused by the collapse or failure of buildings or structures.

(d) Qualifying losses under this part for honey, where the honey production by colonies or bees was diminished, will not include losses:

(1) For the 2007 crop, for production from those bees acquired on or after February 28, 2007;

(2) Where the inability to extract was due to the unavailability of equipment, the collapse or failure of equipment, or apparatus used in the honey operation;

(3) Resulting from storage of honey after harvest;

(4) To honey production because of bee feeding;

(5) Caused by the application of chemicals;

(6) Caused by theft, fire, or vandalism;

(7) Caused by the movement of bees by the producer or any other person; or

(8) Due to disease or pest infestation of the colonies.

(e) Qualifying losses for other value loss crops, except nursery, will not include losses for the 2007 crop that were acquired on or after February 28, 2007.

(f) Loss calculations will take into account other conditions and adjustments provided for in this part.

§ 760.811 Rates and yields; calculating payments.

(a)(1) Payments made under this part to a participant for a loss of quantity on a unit with respect to yield-based crops are determined by multiplying the average market price times 42 percent, times the loss of production which exceeds 35 percent of the expected production, as determined by FSA, of the unit.

(2) Payments made under this part to a participant for a quantity loss on a unit with respect to value-based crops are determined by multiplying the payment rate established for the crop by FSA times the loss of value that exceeds 35 percent of the expected production value, as determined by FSA, of the unit.

(3) As determined by FSA, additional quality loss payments may be made using a 25 percent quality loss threshold. The quality loss threshold is determined according to § 760.817.

(b) Payment rates for the 2005, 2006, or 2007 year crop losses will be 42 percent of the average market price.

(c) Separate payment rates and yields for the same crop may be established by the State committee as authorized by the Deputy Administrator, when there is supporting data from NASS or other sources approved by FSA that show there is a significant difference in yield or value based on a distinct and separate end use of the crop. Despite potential differences in yield or values, separate rates or yields will not be established for crops with different cultural practices, such as those grown organically or hydroponically.

(d) Production from all end uses of a multi-use crop or all secondary uses for multiple market crops will be calculated separately and summarized together.

§ 760.812

(e) Each eligible participant's share of a disaster payment will be based on the participant's ownership entitlement share of the crop or crop proceeds, or, if no crop was produced, the share of the crop the participant would have received if the crop had been produced. If the participant has no ownership share of the crop, the participant is ineligible for assistance under this part.

(f) When calculating a payment for a unit loss:

(1) An unharvested payment factor will be applied to crop acreage planted but not harvested;

(2) A prevented planting factor will be applied to any prevented planted acreage eligible for payment; and

(3) Unharvested payment factors may be adjusted if costs normally associated with growing the crop are not incurred.

§ 760.812 Production losses; participant responsibility.

(a) Where available and determined accurate by FSA, RMA loss records will be used for insured crops.

(b) If RMA loss records are not available, or if the FSA county committee determines the RMA loss records are inaccurate or incomplete, or if the FSA county committee makes inquiry, participants are responsible for:

(1) Retaining or providing, when required, the best verifiable or reliable production records available for the crop;

(2) Summarizing all the production evidence;

(3) Accounting for the total amount of unit production for the crop, whether or not records reflect this production;

(4) Providing the information in a manner that can be easily understood by the county committee; and

(5) Providing supporting documentation if the county committee has reason to question the damaging weather event or question whether all production has been accounted for.

(c) In determining production under this section, the participant must supply verifiable or reliable production records to substantiate production to the county committee. If the eligible crop was sold or otherwise disposed of

7 CFR Ch. VII (1-1-24 Edition)

through commercial channels, production records include: commercial receipts; settlement sheets; warehouse ledger sheets; load summaries; or appraisal information from a loss adjuster acceptable to FSA. If the eligible crop was farm-stored, sold, fed to livestock, or disposed of in means other than commercial channels, production records for these purposes include: truck scale tickets; appraisal information from a loss adjuster acceptable to FSA; contemporaneous diaries; or other documentary evidence, such as contemporaneous measurements.

(d) Participants must provide all records for any production of a crop that is grown with an arrangement, agreement, or contract for guaranteed payment.

§ 760.813 Determination of production.

(a) Production under this part includes all harvested production, unharvested appraised production, and assigned production for the total planted acreage of the crop on the unit.

(b) The harvested production of eligible crop acreage harvested more than once in a crop year includes the total harvested production from all these harvests.

(c) If a crop is appraised and subsequently harvested as the intended use, the actual harvested production must be taken into account to determine benefits. FSA will analyze and determine whether a participant's evidence of actual production represents all that could or would have been harvested.

(d) For all crops eligible for loan deficiency payments or marketing assistance loans with an intended use of grain but harvested as silage, ensilage, cobbage, hay, cracked, rolled, or crimped, production will be adjusted based on a whole grain equivalent as established by FSA.

(e) For crops with an established yield and market price for multiple intended uses, a value will be calculated by FSA with respect to the intended use or uses for disaster purposes based on historical production and acreage evidence provided by the participant and FSA will determine the eligible acres for each use.

(f) For crops sold in a market that is not a recognized market for the crop

with no established county average yield and average market price, 42 percent of the salvage value received will be deducted from the disaster payment.

(g) If a participant does not receive compensation based upon the quantity of the commodity delivered to a purchaser, but has an agreement or contract for guaranteed payment for production, the determination of the production will be the greater of the actual production or the guaranteed payment converted to production as determined by FSA.

(h) Production that is commingled between units before it was a matter of record or combination of record and cannot be separated by using records or other means acceptable to FSA will be prorated to each respective unit by FSA. Commingled production may be attributed to the applicable unit, if the participant made the unit production of a commodity a matter of record before commingling and does any of the following, as applicable:

(1) Provides copies of verifiable documents showing that production of the commodity was purchased, acquired, or otherwise obtained from beyond the unit;

(2) Had the production measured in a manner acceptable to the county committee; or

(3) Had the current year's production appraised in a manner acceptable to the county committee.

(i) The county committee will assign production for the unit when the county committee determines that:

(1) The participant has failed to provide adequate and acceptable production records;

(2) The loss to the crop is because of a disaster condition not covered by this part, or circumstances other than natural disaster, and there has not otherwise been an accounting of this ineligible cause of loss;

(3) The participant carries out a practice, such as multiple cropping, that generally results in lower yields than the established historic yields;

(4) The participant has a contract to receive a guaranteed payment for all or a portion of the crop;

(5) A crop was late-planted;

(6) Unharvested acreage was not timely appraised; or

(7) Other appropriate causes exist for such assignment as determined by the Deputy Administrator.

(j) For peanuts, the actual production is all peanuts harvested for nuts, regardless of their disposition or use, as adjusted for low quality.

(k) For tobacco, the actual production is the sum of the tobacco: marketed or available to be marketed; destroyed after harvest; and produced but unharvested, as determined by an appraisal.

§ 760.814 Calculation of acreage for crop losses other than prevented planted.

(a) Payment acreage of a crop is limited to the lesser of insured acreage or NAP covered acreage of the crop, as applicable, or actual acreage of the crop planted for harvest.

(b) In cases where there is a repeat crop or a multiple planted crop in more than one planting period, or if there is multiple cropped acreage meeting criteria established in paragraph (c) or (d) of this section, each of these crops may be considered separate crops if the county committee determines that all of the following conditions are met:

(1) Were planted with the intent to harvest;

(2) Were planted within the normal planting period for that crop;

(3) Meet all other eligibility provisions of this part including good farming practices; and

(4) Could reach maturity if each planting was harvested or would have been harvested.

(c) In cases where there is multiple-cropped acreage, each crop may be eligible for disaster assistance separately if both of the following conditions are met:

(1) The specific crops are approved by the State committee as eligible multiple-cropping practices in accordance with procedures approved by the Deputy Administrator and separately meet all requirements, including insurance or NAP requirements ; and

(2) The farm containing the multiple-cropped acreage has a history of successful multiple cropping more than one crop on the same acreage in the same crop year, in the year previous to the disaster, or at least 2 of the 4 crop

§ 760.815

7 CFR Ch. VII (1-1-24 Edition)

years immediately preceding the disaster crop year based on timely filed crop acreage reports.

(d) A participant with multiple-cropped acreage not meeting the criteria in paragraph (c) of this section may be eligible for disaster assistance on more than one crop if the participant has verifiable records establishing a history of carrying out a successful multiple-cropping practice on the specific crops for which assistance is requested. All required records acceptable to FSA as determined by the Deputy Administrator must be provided before payments are issued.

(e) A participant with multiple-cropped acreage not meeting the criteria in paragraphs (c) or (d) of this section must select the crop for which assistance will be requested. If more than one participant has an interest in the multiple cropped acreage, all participants must agree to the crop designated for payment by the end of the application period or no payment will be approved for any crop on the multiple-cropped acreage.

(f) Benefits under this part apply to irrigated crops where, in cases determined by the Deputy Administrator, acreage was affected by a lack of surface irrigation water due to drought or contamination of ground water or surface irrigation water due to saltwater intrusion. In no case is a loss of ground water, for any reason, an eligible cause of loss.

§ 760.815 Calculation of prevented planted acreage.

(a) When determining losses under this part, prevented planted acreage will be considered separately from planted acreage of the same crop.

(b) For insured crops, or NAP covered crops, as applicable, disaster payments under this part for prevented planted acreage will not be made unless RMA or FSA, as applicable, documentation indicates that the eligible participant received a prevented planting payment under either NAP or the RMA-administered program.

(c) The participant must prove, to the satisfaction of the county committee, an intent to plant the crop and that such crop could not be planted because of an eligible disaster. The coun-

ty committee must be able to determine the participant was prevented from planting the crop by an eligible disaster that:

(1) Prevented other producers from planting on acreage with similar characteristics in the surrounding area;

(2) Occurred after the previous planting period for the crop; and

(3) Unless otherwise approved by the Deputy Administrator, began no earlier than the planting season for that crop.

(d) Prevented planted disaster benefits under this part do not apply to:

(1) Acreage not insured or NAP covered;

(2) Any acreage on which a crop other than a cover crop was harvested, hayed, or grazed during the crop year;

(3) Any acreage for which a cash lease payment is received for the use of the acreage the same crop year, unless the county committee determines the lease was for haying and grazing rights only and was not a lease for use of the land;

(4) Acreage for which the participant or any other person received a prevented planted payment for any crop for the same acreage, excluding share arrangements;

(5) Acreage for which the participant cannot provide verifiable proof to the county committee that inputs such as seed, chemicals, and fertilizer were available to plant and produce a crop with the expectation of producing at least a normal yield; and

(6) Any other acreage for which, for whatever reason, there is cause to question whether the crop could have been planted for a successful and timely harvest, or for which prevented planting credit is not allowed under the provisions of this part.

(e) Prevented planting payments are not provided on acreage that had either a previous or subsequent crop planted in the same crop year on the acreage, unless the county committee determines that all of the following conditions are met:

(1) There is an established practice of planting two or more crops for harvest on the same acreage in the same crop year;

(2) Both crops could have reached maturity if each planting was harvested or would have been harvested;

(3) Both the initial and subsequent planted crops were planted or prevented planting within the normal planting period for that crop;

(4) Both the initial and subsequent planted crops meet all other eligibility provisions of this part including good farming practices; and

(5) The specific crops meet the eligibility criteria for a separate crop designation as a repeat or approved multiple cropping practice set out in § 760.814.

(f)(1) Disaster benefits under this part do not apply to crops where the prevented planted acreage was affected by a disaster that was caused by drought unless on the final planting date or the late planting period for non-irrigated acreage, the area that was prevented from being planted had insufficient soil moisture for germination of seed and progress toward crop maturity because of a prolonged period of dry weather;

(2) Verifiable information collected by sources whose business or purpose is to record weather conditions, including, but not limited to, local weather reporting stations of the U.S. National Weather Service.

(g) Prevented planting benefits under this part apply to irrigated crops where adequate irrigation facilities were in place before the eligible disaster and the acreage was prevented from being planted due to a lack of water resulting from drought conditions or contamination by saltwater intrusion of an irrigation supply resulting from drought conditions.

(h) For NAP covered crops, prevented planting provisions apply according to part 718 of this chapter.

(i) Late-filed crop acreage reports for prevented planted acreage in previous years are not acceptable for CDP purposes.

§ 760.816 Value loss crops.

(a) Notwithstanding any other provisions of this part, this section applies to value loss crops and tropical crops. Unless otherwise specified, all the eligibility provisions of part 1437 of this

title apply to value loss crops and tropical crops under this part.

(b) For value loss crops, benefits under this part are calculated based on the loss of value at the time of the damaging weather or related condition, as determined by FSA.

(c) For tropical crops:

(1) CDP benefits for 2005 are calculated according to general provisions of part 1437, but not subpart F, of this title.

(2) CDP benefits for 2006 and 2007 are calculated according to part 1437, subpart F of this title.

§ 760.817 Quality losses for 2005, 2006, and 2007 crops.

(a) Subject to other provisions of this part, assistance will be made available to participants determined eligible under this section for crop quality losses of 25 percent or greater of the value that all affected production of the crop would have had if the crop had not suffered a quality loss.

SOURCE: 72 FR 72881, Dec. 21, 2007, unless otherwise noted.

§ 760.1000 Applicability.

(a) This subpart establishes the terms and conditions under which the following programs will be administered under Title IX of the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act, 2007 for participants affected by eligible disaster events and located in counties that are eligible as specified in § 760.1001:

- (1) The 2005–2007 Livestock Compensation Program (2005–2007 LCP); and
- (2) The 2005–2007 Catfish Grant Program (2005–2007 CGP).

(b) Farm Service Agency (FSA) funds as are necessary for the programs in subparts L and M of this part are available under Title IX of the U.S. Troop Readiness, Veterans' Care, Katrina Re-

7 CFR Ch. VII (1–1–24 Edition)

covery, and Iraq Accountability Appropriations Act, 2007.

§ 760.1001 Eligible counties, disaster events, and disaster periods.

(a) Except as provided in this subpart, FSA will provide assistance under the programs listed in § 760.1000 to eligible participants who have suffered certain losses due to eligible disaster events in eligible disaster counties provided in paragraph (c) of this section.

(b) The “Disaster Period” is the time period in which losses occurred for the particular disaster that may be considered eligible for the programs under subparts L and M of this part. The start and end dates for each eligible disaster period are specified at <http://disaster.fsa.usda.gov>.

(c) Eligible counties are those primary counties declared by the Secretary or designated for the applicable loss by the President, including counties contiguous to those counties, between January 1, 2005, and February 28, 2007 (that is after January 1, 2005 and before February 28, 2007). The listing is provided at <http://disaster.fsa.usda.gov>. For counties where there was an otherwise timely Presidential declaration, but the declarations do not cover agricultural physical loss, the subject counties may still be eligible if the counties were the subject of an approved Administrator's Physical Loss Notice (APLN) when the APLN applies to a natural disaster timely designated by the President.

§ 760.1002 Definitions.

The following definitions apply to the programs in subpart L and M of this part. The definitions in parts 718 and 1400 of this title also apply, except where they conflict with the definitions in this section.

(b) As specified in § 760.1106(c), the payment under the 2005–2007 LCP may not exceed the smaller of the calculated payment in § 760.1106(a) or the value of the producer's eligible feed loss, increased feed costs, or forage or grazing loss.

(c) A person may receive no more than \$80,000 under 2005–2007 LCP, subpart L of this part. In applying the \$80,000 per person payment limitation, regardless of whether the 2005, 2006, or 2007 calendar year benefits are at issue or sought, the most restrictive “person” determination for the participant in the years 2005, 2006, and 2007, will be used to limit benefits. The rules and definitions of part 1400 of this title apply in construing who is a qualified separate “person” for purposes of this limit. All payment eligibility requirements of part 1400 as they apply to any other payments, also apply to payments under subpart L of this part.

(d) For payments under 2005–2007 CGP, a farming operation may receive no more than \$80,000, except for general partnerships and joint ventures, in which case assistance will not exceed \$80,000 times the number of eligible members of the general partnership or joint venture. This limit must be enforced by the state government administering the grant program.

(e) The provisions of part 1400, subpart G, of this title apply to these programs. That is the rules that limit the eligibility for benefits of those individuals or entities with an adjusted gross income greater than a certain limit will be applied in the same manner to payments under subparts L and M of this part.

and must not otherwise be precluded from receiving benefits under any law.

(g) An individual or entity determined to be a foreign person under part 1400 of this title is not eligible to receive benefits under subparts L and M of this part.

(h) In addition to limitations provided in subparts L and M of this part, participants cannot receive duplicate benefits under subparts L and M of this part for the same loss or any similar loss under:

If a participant is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must sign the application for payment.

(b) [Reserved]

§ 760.1106 Payment calculation.

(a) Preliminary, unadjusted LCP payments are calculated for a producer by multiplying the national payment rate for each livestock category, as provided in paragraph (c) of this section, by the number of eligible livestock for the producer in each category. The national payment rate represents the cost of the amount of corn needed to maintain the specific livestock for 30 days, as determined by FSA. As provided in subpart K of this part, a producer may receive benefits for only one of the three program years, 2005, 2006, or 2007. The producer must indicate which year has been chosen. Payments are available only with respect to disaster-related feed losses in the period from January 2, 2005 through February 27, 2007, in eligible counties for losses during the times specified for the disaster periods as specified in § 760.1001(b).

(b) The preliminary LCP payment calculated in accordance with paragraph (a) of this section:

(1) For 2005 LCP provided for under this subpart will be reduced by the amount the participant received for the specific livestock under the Feed Indemnity Program in accordance with subpart D of this part and LCP for the 2005 hurricanes under subpart B of part 1416 of this title; and

(2) For 2006 LCP under this subpart will be reduced by the amount the participant received for the same or similar loss under the Livestock Assistance Grant Program in accordance with subpart H of this part.

(c) Subject to such other limitations as may apply, including those in paragraph (b) of this section, the payment

Farm Service Agency, USDA

§ 760.1202

under the 2005–2007 LCP may not exceed for the relevant year chosen by the producer the smaller of either the:

(1) Payment calculated in paragraph (a) of this section for that year; or

(2) Value of the producer's eligible feed loss, increased feed costs, or forage or grazing loss as determined by FSA for that year.

(d) The actual payment to the producer will be the amount provided for in paragraph (c) of this section subject to the adjustments and limits provided for in this section or in this part.

§ 760.1107 Appeals.

The appeal regulations in parts 11 and 780 of this title apply to determinations made under this subpart.

§ 760.1108 Offsets, assignments, and debt settlement.

(a) Any payment to any participant will be made without regard to any claim or lien against the commodity, or proceeds, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings in parts 792 and 1403 of this title apply to payments made under this subpart.

(b) Any participant entitled to any payment may assign any payments in accordance with regulations governing the assignment of payments in part 1404 of this chapter.

§ 760.1109 Recordkeeping and inspections.

Participants receiving payments under this subpart or any other person who furnishes information for the purposes of enabling the participant to receive a payment under this subpart must maintain any books, records, and accounts supporting that information for a minimum of 3 years following the end of the year during which the application for payment was filed. Participants receiving payments or any other person who furnishes the information to FSA must allow authorized representatives of USDA and the General Accounting Office, during regular business hours, and to enter upon, inspect, examine, and make copies of the books or records, and to inspect and verify all applicable livestock and acreage in which the participant has an interest

for the purpose of confirming the accuracy of the information provided by or for the participant.

§ 760.1110 Refunds; joint and several liability.

In the event there is a failure to comply with any term, requirement, or condition for payment or assistance arising under this subpart, and if any refund of a payment to FSA will otherwise become due in connection with this subpart, all payments made in regard to such matter must be refunded to FSA together with interest and late-payment charges as provided for in part 792 of this title, provided that interest will run from the date of the disbursement of the refund to the producer.

Subpart M—2005–2007 Catfish Grant Program

SOURCE: 72 FR 72881, Dec. 21, 2007, unless otherwise noted.

§ 760.1200 Administration.

FSA will administer a limited 2005–2007 CGP to provide assistance to catfish producers in eligible counties that suffered catfish feed and related losses between January 1, 2005, and February 28, 2007, that is after January 1, 2005, and before February 28, 2007. Under the 2005–2007 CGP, FSA will provide grants to State governments in those States that have catfish producers that are located in eligible counties and that have agreed to participate in the 2005–2007 CGP. The amount of each grant will be based on the total value of catfish feed and related losses suffered in eligible counties in the subject state. Each State must submit a work plan providing a summary of how the State will implement the 2005–2007 CGP.

§ 760.1201 Application for payment.

Application procedures for 2005–2007 CGP will be as determined by the State governments.

§ 760.1202 Eligible producers.

(a) To be considered an eligible catfish producer, a participant must:

(1) Raise catfish in a controlled environment and be physically located in

§ 760.1203

an eligible county on the beginning date of the disaster period;

(2) Maintain the catfish for commercial use as part of a farming operation;

(3) Have a risk in production of such catfish; and

(4) Have suffered one of the following types of losses relating to catfish feed as a direct result of the county's disaster event that occurred in that year:

(i) Physical loss of feed that was damaged or destroyed,

(ii) Cost to the extent allowed by FSA, associated with lost feeding days, or

(iii) Cost associated with increased feed prices.

(b) [Reserved]

§ 760.1203 Payment calculation.

(a) Producers must be paid for feed losses of higher costs only for one of the three years, 2005, 2006, or 2007, and the loss must be for eligible catfish feed losses in an eligible county, as determined pursuant to subpart K of this part. Further, the feed loss or higher costs must be caused by the disaster that caused the county to qualify as an eligible county. The loss, moreover, to qualify for payment, must have occurred during the allowable time period provided in this part, namely the period beginning on January 2, 2005 and ending February 27, 2007. The producer must pick the year of the benefits sought.

(b) Subject to all adjustments and limits provided for in this part the amount of assistance provided to each participant from the State will be equal to the smaller of:

(1) Depending on the year chosen by the producer, the value of the participant's 2005, 2006, or 2007 catfish feed and related losses as a direct result of an eligible disaster event, as determined by the State or

(2) Result of multiplying:

(i) Total tons of catfish feed purchased by the participant in depending on the year chosen by the producer 2005 (entire year), 2006 (entire year), or 2007 (through February 27, 2007, only), times,

(ii) Catfish feed payment rate for 2005, 2006, or 2007, as applicable, as set by FSA.

7 CFR Ch. VII (1-1-24 Edition)

(c) The catfish feed rate represents 61 percent of the normal cost of a ton of feed for a year divided by six to reflect the normal feeding price for catfish.

Subpart N—Dairy Economic Loss Assistance Payment Program

SOURCE: 74 FR 67808, Dec. 21, 2009, unless otherwise noted.

§ 760.1301 Administration.

(a) This subpart establishes, subject to the availability of funds, the terms and conditions under which the Dairy Economic Loss Assistance Payments (DELAP) program as authorized by section 10104 of the Farm Security and Rural Investment Act of 2002 (Pub. L. 107-171) will be administered with respect to funds appropriated under Section 748 of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2010 (2010 Agriculture Appropriations Bill, Pub. L. 111-80).

(b) The DELAP program will be administered under the general supervision of the Administrator, FSA, and the Deputy Administrator for Farm Programs, FSA (who is referred to as the "Deputy Administrator" in this part), and will be carried out by FSA's Price Support Division (PSD) and Kansas City Management Office (KCMO).

(c) FSA representatives do not have authority to modify or waive any of the provisions of the regulations of this subpart, except as provided in paragraph (d) of this section.

(d) The State committee will take any action required by the provisions of this subpart that has not been taken by the county committee. The State committee will also:

(1) Correct or require the county committee to correct any action taken by the county committee that is not in compliance with the provisions of this subpart.

(2) Require a county committee to not take an action or implement a decision that is not in compliance with the provisions of this subpart.

(e) No provision or delegation of this subpart to PSD, KCMO, a State committee, or a county committee will preclude the Administrator, FSA, or a

designee, from determining any question arising under the program or from reversing or modifying any determination made by PSD, KCMO, a State committee, or a county committee.

(f) The Deputy Administrator may waive or modify non-statutory deadlines and other program requirements of this part in cases where lateness or failure to meet other requirements does not adversely affect the operation of the program. Participants have no right to seek an exception under this provision. The Deputy Administrator's refusal to consider cases or circumstances or decision not to exercise the discretionary authority of this provision will not be considered an adverse decision and is not appealable.

§ 760.1302 Definitions and acronyms.

The following definitions apply to this subpart. The definitions in parts 718 and 1400 of this title also apply, except where they may conflict with the definitions in this section.

County office or FSA county office means the FSA offices responsible for administering FSA programs in a specific area, sometimes encompassing more than one county, in a State.

Dairy operation means any person or group of persons who, as a single unit, as determined by FSA, produce and market milk commercially produced from cows, and whose production facilities are located in the United States. In any case, however, dairy operation may be given by the agency the same meaning as the definition of dairy operation as found in part 1430 of this title for other dairy assistance programs.

Department or USDA means the U. S. Department of Agriculture.

Deputy Administrator means the Deputy Administrator for Farm programs (DAFP), FSA, or a designee.

Eligible production means milk from cows that was produced during February through July 2009, by a dairy producer in the United States and marketed commercially by a producer in a participating State.

Farm Service Agency or FSA means the Farm Service Agency of the USDA.

Fiscal year or FY means the year beginning October 1 and ending the following September 30. The fiscal year

will be designated for this subpart by year reference to the calendar year in which it ends. For example, FY 2009 is from October 1, 2008, through September 30, 2009 (inclusive).

Marketed commercially means sold to the market to which the dairy operation normally delivers whole milk and receives a monetary amount and in any case this term will be construed to allow the use of MILC records in making DELAP payments.

Milk handler means the marketing agency to or through which the dairy operation commercially markets whole milk.

Milk marketing means a marketing of milk for which there is a verifiable sales or delivery record of milk marketed for commercial use.

Participating State means each of the 50 States in the United States of America, the District of Columbia, and the Commonwealth of Puerto Rico, or any other territory or possession of the United States.

Payment quantity means the pounds of milk production for which an operation is eligible to be paid under this subpart.

Producer means any individual, group of individuals, partnership, corporation, estate, trust association, cooperative, or other business enterprise or other legal entity, as defined in 7 CFR 1400.3, who is, or whose members are, a citizen of or legal resident alien in the United States, and who directly or indirectly, as determined by the Secretary, shares in the risk of producing milk, and who is entitled to a share of the commercial production available for marketing from the dairy operation. This term, and other terms in this subpart, will in any case be applied in a way that allows MILC records to be used to make DELAP payments.

United States means the 50 States of the United States of America, the District of Columbia, the Commonwealth of Puerto Rico, and any other territory or possession of the United States.

Verifiable production records means evidence that is used to substantiate the amount of production marketed commercially by a dairy operation and its producers and that can be verified by FSA through an independent source.

§ 760.1303 Requesting benefits.

(a) If as a dairy operation or producer, your records are currently available in the FSA county office from previous participation in a fiscal year 2009 dairy program administered by FSA, you do not need to request benefits under this subpart to receive payments. FSA will make payments as specified in this subpart to eligible dairy producers based on production data maintained by the FSA county office for the months of February through July 2009.

(b) If records are not available in the FSA county office, dairy producers may request benefits. The request for benefits may be a letter or email; no specific form is required.

(1) Submit your request for DELAP to: Deputy Administrator for Farm Programs, FSA, USDA, STOP 0512, 1400 Independence Avenue, SW., Washington, DC 20250-0512; Attention: DELAP Program. Or you may send your request for DELAP via fax to (202) 690-1536 or e-mail to *Danielle.Cooke@wdc.usda.gov*.

(2) The complete request as described in this subpart must be received by FSA by the close of business on January 19, 2010.

(3) The complete request for benefits must include all of the following:

- (i) The name and location of the dairy operation;
- (ii) Contact information for the dairy operation, including telephone number;
- (iii) Name, percentage share, and tax identification number for the entity or individual producer's receiving a share of the payment; and
- (iv) Proof of production (acceptable documentation as specified in § 760.1305).

(4) Requests for benefits and related documents not provided to FSA as required by this subpart, will not be approved.

(5) If not already provided and available to FSA, the dairy producer or dairy operation must provide documentation to support:

- (i) The amount (quantity in pounds) of milk produced by the dairy operation during the months of February 2009 through July 2009;
- (ii) Percentage share of milk production during February through July 2009

attributed to each producer in the dairy operation; and

(iii) Average adjusted gross income for each individual or entity with a share in the operation and any additional entities or individuals as needed to apply the adjusted gross income rules of these regulations.

(6) Each dairy producer requesting benefits under this subpart is responsible for providing accurate and truthful information and any supporting documentation. If the dairy operation provides the required information, each dairy producer who shares in the risk of a dairy operation's total production is responsible for the accuracy and truthfulness of the information submitted for the request for benefits before the request will be considered complete. Providing a false statement, request, or certification to the Government may be punishable by imprisonment, fines, other penalties, or sanctions.

(c) All information provided by the dairy producer or dairy operation is subject to verification, spot check, and audit by FSA. Further verification information may be obtained from the dairy operation's milk handler or marketing cooperative if necessary for FSA to verify provided information. Refusal to allow FSA or any other USDA agency to verify any information provided or the inability of FSA to verify such information will result in a determination of ineligibility for benefits under this subpart.

(d) Data furnished by dairy producers and dairy operations, subject to verification, will be used to determine eligibility for program benefits. Although participation in the DELAP program is voluntary, program benefits will not be provided unless a producer or operation furnishes all requested data or such data is already recorded at the FSA county office.

§ 760.1304 Eligibility.

(a) Payment under DELAP will only be made to producers, but the dairy "operation" must first qualify its production within limits provided for in this subpart in order to have the individuals or entities that qualify as "producers" receive payment subject to whatever additional limits (such as

the adjusted gross income provisions of these regulations) apply. As needed the agency may construe the terms of this regulation in any manner needed to facilitate and expedite payments using existing data and records from other assistance programs. Further, those parties (State and local governments and their political subdivisions and related agencies) excluded from the MILC program will not be eligible for DELAP payments notwithstanding any other provision of these regulation. That said, to be eligible to receive payments under this subpart, a dairy producer in the United States must:

(1) Have produced milk in the United States and commercially marketed the milk produced any time during February 2009 through July 2009;

(2) Be a producer, as defined in § 760.1302;

(3) Provide FSA with proof of milk production commercially marketed by all dairy producers in the dairy operation during February 2009 through July 2009; and

(4) Submit an accurate and complete request for benefits as specified in § 760.1303, if production data is not available in the FSA county office.

(b) To be eligible to receive a payment, each producer in an eligible dairy operation must meet the average adjusted gross income eligibility requirements of 7 CFR part 1400. No person or entity will be eligible to receive any payment or direct or indirect benefit under this subpart if their annual average adjusted nonfarm income is over \$500,000 as determined under 7 CFR part 1400. In the case of indirect benefits, direct benefits to other parties will be reduced accordingly. This will mean that all of the attribution rules of part 1400 will apply. For example if Individual A is over the limit and owns 100 percent of Corporation C which had a 20 percent interest in Corporation B which had a 50 percent interest in milk producer Corporation A, the AGI of Individual A would result in a 10 percent (100 percent times 20 percent times 50 percent) loss in benefits to Corporation A. For DELAP, the relevant period for the annual average adjusted nonfarm income is 2005 through 2007.

(1) Individual dairy producers in a dairy operation that is an entity are only eligible for a payment based on their share of the dairy operation.

(2) No payment will be made to any other producer based on the share of any dairy producer who exceeds the income limit or who, because of the attribution rules, has their payment reduced.

§ 760.1305 Proof of production.

(a) Dairy producers requesting benefits must, as required by this subpart, provide adequate proof of the dairy operation's eligible production during the months of February through July 2009, if those records are not already available at the FSA county office. The dairy operation must also provide proof that the eligible production was also commercially marketed during the same period.

(b) To be eligible for payment, dairy producers marketing milk during February through July 2009 must provide any required supporting documents to assist FSA in verifying production. Supporting documentation may be provided by either the dairy producer or by the dairy operation for each of its producers. Examples of supporting documentation may include, but are not limited to: Milk marketing payment stubs, tank records, milk handler records, daily milk marketings, copies of any payments received as compensation from other sources, or any other documents available to confirm the production and production history of the dairy operation. Dairy operations and producers may also be required to allow FSA to examine the herd of cattle as production evidence. If supporting documentation requested is not presented to FSA, the request for benefits will be denied.

§ 760.1306 Availability of funds.

(a) Payments under this subpart are subject to the availability of funds. The total available program funds are \$290,000,000.

(b) FSA will prorate the available funds by a national factor to ensure payments do not exceed \$290,000,000. The payment will be made based on the national payment rate as determined

§ 760.1307

by FSA. FSA will prorate the payments based on the amount of milk production eligible for payments in a fair and reasonable manner.

(c) A reserve will be created to handle new applications, appeals, and errors.

§ 760.1307 Dairy operation payment quantity.

(a) A dairy operation's payment quantity (the quantity of milk on which the "operation" can generate payments for "producers" involved in the operation) will be determined by FSA, based on the pounds of production of commercially marketed milk during the months of February 2009 through July 2009, multiplied by two.

(b) The maximum payment quantity for which a dairy operation can generate payments for its dairy producers under this subpart will be 6,000,000 pounds.

(c) The dairy operation's payment quantity will be used to determine the amount of DELAP payments made to dairy producers.

§ 760.1308 Payment rate.

(a) A national per-hundredweight payment rate will be calculated by dividing the available funding, less a reserve established by FSA, by the total pounds of eligible production approved for payment.

(b) Each eligible dairy producer's payment with respect to an operation will be calculated by multiplying the payment rate determined in paragraph (a) of this section by the dairy producer's share in the dairy operation's eligible production payment quantity as determined in accordance with section § 760.1307.

(c) In the event that approval of all eligible requests for benefits would result in expenditures in excess of the amount available, FSA will reduce the payment rate in a manner that FSA determines to be fair and reasonable.

§ 760.1309 Appeals.

The appeal regulations set forth at 7 CFR parts 11 and 780 apply to determinations made under this subpart.

7 CFR Ch. VII (1-1-24 Edition)

§ 760.1310 Misrepresentation and scheme or device.

(a) In addition to other penalties, sanctions or remedies as may apply, a dairy producer or operation will be ineligible to receive benefits under this subpart if the producer or operation is determined by FSA to have:

(1) Adopted any scheme or device that tends to defeat the purpose of this subpart;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any payment to any person or operation engaged in a misrepresentation, scheme, or device, must be refunded with interest together with such other sums as may become due. Any dairy operation or person engaged in acts prohibited by this section and receiving payment under this subpart will be jointly and severally liable with other producers or operations involved in such claim for benefits for any refund due under this section and for related charges. The remedies provided in this subpart will be in addition to other civil, criminal, or administrative remedies that may apply.

§ 760.1311 Death, incompetence, or disappearance.

(a) In the case of the death, incompetency, or disappearance of a person or the dissolution of an entity that is eligible to receive benefits in accordance with this subpart, such alternate person or persons specified in 7 CFR part 707 may receive such benefits, as determined appropriate by FSA.

(b) Payments may be made to an otherwise eligible dairy producer who is now deceased or to a dissolved entity if a representative who currently has authority to enter into an application for the producer or the producer's estate makes the request for benefits as specified in § 760.1303. Proof of authority over the deceased producer's estate or a dissolved entity must be provided.

(c) If a dairy producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must be identified in the request for benefits.

§ 760.1312 Maintaining records.

(a) Persons requesting benefits under this subpart must maintain records and accounts to document all eligibility requirements specified in this subpart. Such records and accounts must be retained for 3 years after the date of payment to the dairy producer under this subpart.

(c) Any payment to any participant under this subpart will be made without regard to questions of title under State law, and without regard to any claim or lien against the commodity, or proceeds, in favor of the owner or any other creditor except agencies of the U.S. Government. (3) For an uninsured crop, the participant's unit structure established in accordance with part 1437 of this title.

(b) FSA county committees will make the necessary adjustments to assign production or reduce the 2017 WHIP yield or WHIP+ yield when the county committee determines:

(1) An acceptable appraisal or record of harvested production does not exist;

(2) The loss is due to an ineligible cause of loss;

(3) The loss is due to practices, soil type, climate, or other environmental factors that cause lower yields than those upon which the historic yield is based;

(4) The participant has a contract providing a guaranteed payment for all or a portion of the crop; or

(5) The crop was planted beyond the normal planting period for the crop.

(c) Assignment of production or reduction in yield will apply for practices that result in lower yields than those for which the historic yield is based.

(d) Eligibility and payments under this subpart will be determined based on a unit's:

(1) Physical location county for insured crops; and

(2) Administrative county for NAP covered crops and uninsured crops.

(h) FSA will use the most reliable data available at the time payments under this subpart are calculated. If additional data or information is provided or becomes available after a payment is issued, FSA will recalculate the payment amount and the producer must return any overpayment amount to FSA. In all cases, payments can only issue based on the payment formula for losses that affirmatively occurred.

(i) A participant who received a payment for a loss under 2017 WHIP cannot:

(1) Be paid for the same loss under WHIP+; or

(2) Refund the 2017 WHIP payment to be eligible for payment for that loss under WHIP+.

§ 760.1506 Availability of funds and timing of payments.

(a) For 2017 WHIP:

(1) An initial payment will be issued for 50 percent of each 2017 WHIP payment calculated according to this subpart, as determined by the Secretary. The remainder of the calculated 2017 WHIP payment will be paid to a participant only after the application period has ended and any crop insurance indemnity or NAP payment the participant is entitled to receive for the crop has been calculated and reported to FSA, and then only if there are funds available for such payment as discussed in this subpart.

(2) In the event that, within the limits of the funding made available by the Secretary, approval of eligible applications would result in payments in excess of the amount available, FSA will prorate payments by a national

factor to reduce the payments to an amount that is less than available funds as determined by the Secretary. FSA will prorate the payments in such manner as it determines equitable.

(3) Applications and claims that are unpaid or prorated for any reason will not be carried forward for payment under other funds for later years or otherwise, but will be considered, as to any unpaid amount, void and nonpayable.

(b) For WHIP:

(1) For the 2018 crop year, the calculated WHIP+ payment will be paid at 100 percent.

(2) For the 2019 and 2020 crop years, an initial payment will be issued for 50 percent of each WHIP+ payment calculated according to this subpart, as determined by the Secretary. Up to the remaining 50 percent of the calculated WHIP+ payment will be paid only to the extent that there are funds available for such payment as discussed in this subpart.

(3) In the event that, within the limits of the funding made available by the Secretary, approval of eligible applications would result in payments in excess of the amount available, FSA will prorate 2019 and 2020 payments by a national factor to reduce the payments to the remaining available funds, as determined by the Secretary. FSA will prorate the payments accordingly.

(4) Applications and claims that are unpaid or prorated for aforementioned reasons of fund availability will not be carried forward for payment and will be considered, as to any unpaid amount, void and non-payable.

(d) To be eligible for more than \$125,000 in payments for the applicable period specified in this section, a person or legal entity must submit FSA-892 and provide a certification in the manner prescribed by FSA from a certified public accountant or attorney that at least 75 percent of the person or legal entity's average adjusted gross income was average adjusted gross farm income. Persons or legal entities who fail to provide FSA-892 and the required certification may not receive a 2017 WHIP payment, directly or indirectly, of more than \$125,000.

(e) The direct attribution provisions in part 1400 of this chapter apply to payments under this subpart for both payment limitation as well as in determining average AGI as defined and used in this rule.

§ 760.1508 Qualifying disaster events.

(a) A producer will be eligible for payments under this subpart for a crop, tree, bush, or vine loss only if the producer suffered a loss to the crop, tree,

bush, or vine on the unit due to a qualifying disaster event.

(b) For a loss due to hurricane and conditions related to hurricanes, the crop, tree, bush, or vine loss must have occurred on acreage that was physically located in a county that received a:

(1) Presidential Emergency Disaster Declaration authorizing public assistance for categories C through G or individual assistance due to a hurricane occurring in the 2017 calendar year; or

(2) Secretarial Disaster Designation for a hurricane occurring in the 2017 calendar year.

(c) A producer with crop, tree, bush, or vine losses on acreage not located in a physical location county that was eligible under paragraph (b) of this section will be eligible for 2017 WHIP for losses due to hurricane and related conditions only if the producer provides supporting documentation that is acceptable to FSA from which the FSA county committee determines that the loss of the crop, tree, bush, or vine on the unit was reasonably related to a qualifying disaster event as specified in this subpart. Supporting documentation may include furnishing climatological data from a reputable source or other information substantiating the claim of loss due to a qualifying disaster event.

(d) For a loss due to wildfires and conditions related to wildfire in the 2017 calendar year, all counties where wildfires occurred, as determined by FSA county committees, are eligible for 2017 WHIP; a Presidential Emergency Disaster Declaration or Secretarial Disaster Designation for wildfire is not required. The loss of the crop, tree, bush, or vine must be reasonably related to wildfire and conditions related to wildfire, as specified in this subpart's definition of qualifying disaster event.

(e) For WHIP+, for a loss due to a qualifying disaster event, the crop, tree, bush, or vine loss must have occurred on acreage that was physically located in a county that received a:

(1) Presidential Emergency Disaster Declaration authorizing public assistance for categories C through G or individual assistance due to a qualifying

disaster event occurring in the 2018 or 2019 calendar years; or

(2) Secretarial Disaster Designation for a qualifying disaster event occurring in the 2018 or 2019 calendar years.

(f) A producer with crop, tree, bush, or vine losses on acreage not located in a physical location county that was eligible under paragraph (e) of this section will be eligible for WHIP+ for losses due to qualifying disaster events only if the producer provides supporting documentation that is acceptable to FSA from which the FSA county committee determines that the loss of the crop, tree, bush, or vine on the unit was reasonably related to a qualifying disaster event as specified in this subpart. Supporting documentation may include furnishing climatological data from a reputable source or other information substantiating the claim of loss due to a qualifying disaster event.

§ 760.1509 Eligible and ineligible losses.

(a) Except as provided in paragraphs (b) through (e) of this section, to be eligible for payments under this subpart the unit must have suffered a loss of the crop, tree, bush, or vine, or prevented planting of a crop, due to a qualifying disaster event.

(b) A loss will not be eligible under this subpart if any of the following apply:

(1) The cause of loss is determined by FSA to be the result of poor management decisions, poor farming practices, or drifting herbicides;

(2) The cause of loss was due to failure of the participant to re-seed or replant to the same crop in a county where it is customary to re-seed or replant after a loss before the final planting date;

(3) The cause of loss was due to water contained or released by any governmental, public, or private dam or reservoir project if an easement exists on the acreage affected by the containment or release of the water;

(4) The cause of loss was due to conditions or events occurring outside of the applicable growing season for the crop, tree, bush, or vine;

(5) The cause of loss was due to failure of a power supply or brownout; or

(6) FSA or RMA have previously disapproved a notice of loss for the crop and disaster event unless that notice of loss was disapproved solely because it was filed after the applicable deadline.

(c) The following types of loss, regardless of whether they were the result of an eligible disaster event, are not eligible losses:

(1) Losses to crops intended for grazing;

(2) Losses to crops for which FCIC coverage or NAP coverage is unavailable;

(3) Losses to volunteer crops;

(4) Losses to crops not intended for harvest;

(5) Losses of by-products resulting from processing or harvesting a crop, such as, but not limited to, cotton seed, peanut shells, wheat or oat straw, or corn stalks or stovers;

(6) Losses to home gardens;

(7) Losses of first year seeding for forage production, or immature fruit crops; or

(8) Losses to crops that occur after harvest.

(d) The following losses of ornamental nursery stock are not eligible losses:

(1) Losses caused by the inability to market nursery stock as a result of lack of compliance with State and local commercial ordinances and laws, quarantine, boycott, or refusal of a buyer to accept production;

(2) Losses affecting crops where weeds and other forms of undergrowth in the vicinity of nursery stock have not been controlled; or

(3) Losses caused by the collapse or failure of buildings or structures.

(e) The following losses for honey, as a crop, where the honey production by colonies or bees was diminished, are not eligible losses:

(1) Losses caused by the unavailability of equipment or the collapse or failure of equipment or apparatus used in the honey operation;

(2) Losses caused by improper storage of honey;

(3) Losses caused by bee feeding;

(4) Losses caused by the application of chemicals;

(5) Losses caused by theft;

(6) Losses caused by the movement of bees by or for the participant;

(7) Losses caused by disease or pest infestation of the colonies, unless approved by the Deputy Administrator;

(8) Losses of income from pollinators; or

(9) Losses of equipment or facilities.

(f) Qualifying losses for trees, bushes, and vines will not include losses:

(1) That could have been prevented through reasonable and available measures; and

(2) To trees, bushes, or vines that were abandoned or were not in use or intended for commercial operation at the time of the loss.

§ 760.1510 Application for payment.

(a) An application for payment under this subpart must be submitted to the FSA county office serving as the farm's administrative county office by the close of business on October 30, 2020. Producers must submit:

(1) For 2017 WHIP, a completed form FSA-890, Wildfires and Hurricanes Indemnity Program Application; or

(2) For WHIP+, a completed form FSA-894, Wildfires and Hurricanes Indemnity Program + Application.

(b) Once signed by a producer, the application for payment is considered to contain information and certifications of and pertaining to the producer regardless of who entered the information on the application.

(c) The producer applying for payment under this subpart certifies the accuracy and truthfulness of the information provided in the application as well as any documentation filed with or in support of the application. All information is subject to verification or spot check by FSA at any time, either before or after payment is issued. Refusal to allow FSA or any agency of the Department of Agriculture to verify any information provided will result in the participant's forfeiting eligibility for payment under this subpart. FSA may at any time, including before, during, or after processing and paying an application, require the producer to submit any additional information necessary to implement or determine any eligibility provision of

this subpart. Furnishing required information is voluntary; however, without it FSA is under no obligation to act on the application or approve payment. Providing a false certification will result in ineligibility and can also be punishable by imprisonment, fines, and other penalties.

(d) The application submitted in accordance with paragraph (a) of this section is not considered valid and complete for issuance of payment under this subpart unless FSA determines all the applicable eligibility provisions have been satisfied and the participant has submitted all of following completed forms and information:

(1) Report of all acreage for the crop for the unit for which payments under this subpart are requested, on FSA-578, Report of Acreage, or in another format acceptable to FSA;

(2) AD-1026, Highly Erodible Land Conservation (HELC) and Wetland Conservation Certification; and

(3) For 2017 WHIP:

(i) FSA-891, Crop Insurance and/or NAP Coverage Agreement;

(ii) FSA-892, Request for an Exception to the WHIP Payment Limitation of \$125,000, if the applicant is requesting 2017 WHIP payments in excess of the \$125,000 payment limitation; and

(iii) FSA-893, 2018 Citrus Actual Production History and Approved Yield Record, Florida Only, for participants applying for payment for a citrus crop located in Florida;

(4) For WHIP+:

(i) FSA-895, Crop Insurance and/or NAP Coverage Agreement;

(ii) FSA-896, Request for an Exception to the WHIP Payment Limitation of \$125,000, if 75 percent or more of an applicant's average AGI is attributable to activities related to farming, ranching, or forestry and the applicant wants to be eligible to receive WHIP+ payments of more than \$125,000, up to the \$250,000 payment limitation per crop year, with an overall WHIP+ limit of \$500,000; and

(iii) FSA-897, Actual Production History and Approved Yield Record (WHIP+ Select Crops Only), for applicants requesting payments for select crops.

(e) Application approval and payment by FSA does not relieve a participant

§ 760.1511

7 CFR Ch. VII (1–1–24 Edition)

from having to submit any form required, but not filed, according to paragraph (d) of this section.

[83 FR 33801, July 18, 2018, as amended 84 FR 48530, Sept. 13, 2019; 86 FR 446, Jan. 6, 2021]

§ 760.1511 Calculating payments for yield-based crop losses.

(a) Payments made under this subpart to a participant for a loss to yield-based crops, including losses due to prevented planting, subject to § 760.1514(i) and (j), are determined for a unit by:

(1) Multiplying the eligible acres by the 2017 WHIP yield in paragraph (c) of this section or the WHIP+ yield in paragraph (d) of this section by the price;

(2) Multiplying the result from paragraph (a)(1) of this section by the applicable 2017 WHIP factor or WHIP+ factor in paragraph (b) of this section;

(3) Multiplying the applicable production in paragraph (d) of this section by the price;

(4) Subtracting the result from paragraph (a)(3) of this section from the result of paragraph (a)(2) of this section;

(5) Multiplying the result from paragraph (a)(4) of this section by the participant’s share in paragraph (e) of this section;

(6) Multiplying the result from paragraph (a)(5) of this section by the applicable payment factor in paragraph (g) of this section;

(7) Subtracting the amount of the gross insurance indemnity or NAP payment from the result from paragraph (a)(6) of this section;

(8) Subtracting the secondary use or salvage value of the crop from the result from paragraph (a)(7) of this section; and

(b) If the NAP or crop insurance coverage is at the coverage level listed in the first column, then the 2017 WHIP factor is listed in the second column, and the WHIP+ factor is listed in the third column:

TABLE 1 TO § 760.1511(b)

Coverage level	2017 WHIP factor (percent)	WHIP+ factor (percent)
(1) No crop insurance or No NAP coverage	65	70
(2) Catastrophic coverage	70	75
(3) More than catastrophic coverage but less than 55 percent	72.5	77.5
(4) At least 55 percent but less than 60 percent	75	80
(5) At least 60 percent but less than 65 percent	77.5	82.5
(6) At least 65 percent but less than 70 percent	80	85
(7) At least 70 percent but less than 75 percent	85	87.5
(8) At least 75 percent but less than 80 percent	90	92.5
(9) At least 80 percent	95	95

(c) The 2017 WHIP yield is:

(1) The producer’s APH for insured crops under a crop insurance policy that has an associated yield and for NAP covered crops, excluding all crops located in Puerto Rico;

(2) The county expected yield for crops located in Puerto Rico and uninsured crops, excluding citrus crops located in Florida; or

(3) For uninsured citrus crops located in Florida:

(i) Determined based on information provided on FSA–893 and supported by evidence that meets the requirements of § 760.1513(c), or

(ii) If FSA–893 and supporting documentation are not submitted, the county expected yield.

(d) The WHIP+ yield is:

(1) The producer’s APH for insured crops under a crop insurance policy that has an associated yield and for NAP covered crops, excluding all crops located in Puerto Rico;

(2) The county expected yield for crops located in Puerto Rico and uninsured crops, excluding select crops; or

(3) For select crops:

(i) Determined based on information provided on FSA–897 and supported by evidence that meets the requirements of § 760.1513(c), or

(ii) If FSA-897 and supporting documentation are not submitted, the county expected yield.

(e) The production used to calculate a payment under this subpart will be determined as specified in § 760.1513.

(f) The eligible participant's share of a payment under this subpart is based on the participant's ownership entitlement share of the crop or crop proceeds, or, if no crop was produced, the share of the crop the participant would have received if the crop had been produced. If the participant has no ownership share of the crop, the participant is ineligible for payment.

(g) Payment factors will be used to calculate payments for crops produced with significant and variable production and harvesting expenses that are not incurred because the crop acreage was prevented planted, or planted but not harvested, as determined by FSA. The use of payment factors is based on whether the crop acreage was unharvested or prevented planted, not whether a participant actually incurs or does not incur expenses. Payment factors are generally applicable to all similarly situated participants and are not established in response to individual participants. Accordingly established payment factors are not appealable under parts 11 and 780 of this title. A crop that is intended for mechanical harvest, but subsequently grazed and not mechanically harvested, will have an unharvested payment factor applied.

(h) Production from all end uses of a multi-use crop will be calculated separately and summarized together.

[83 FR 33801, July 18, 2018, as amended 84 FR 48530, Sept. 13, 2019; 86 FR 446, Jan. 6, 2021]

§ 760.1512 Production losses; participant responsibility.

(a) For any record submitted along with the certification of production, the record must be either a verifiable or reliable record that substantiates the certification to the satisfaction of the FSA county committee. If the eligible crop was sold or otherwise disposed of through commercial channels, a record of that disposition must be provided to FSA with the certification.

(1) Acceptable production records include:

(i) RMA or NAP records, if accurate and complete;

(ii) Commercial receipts;

(iii) Settlement sheets;

(iv) Warehouse ledger sheets or load summaries; or

(v) Appraisal information from a loss adjuster acceptable to FSA.

(2) If the eligible crop was farm-stored, sold, fed to livestock, or disposed of by means other than verifiable commercial channels, acceptable records for these purposes include:

(i) Truck scale tickets;

(ii) Appraisal information from a loss adjuster acceptable to FSA;

(iii) Contemporaneous reliable diaries; or

(iv) Other documentary evidence, such as contemporaneous reliable measurements.

(3) Determinations of reliability with respect to this paragraph will take into account, as appropriate, the ability for FSA to review and verify or compare the evidence against the similarity of the evidence or reports or data received by FSA for the crop or similar crops. Other factors deemed relevant may also be taken into account.

(b) If RMA or NAP records are not available, or if the FSA county committee determines the RMA or NAP records as reported by the insured or covered participant appear to be questionable or incomplete, or if the FSA county committee makes inquiry, the participant is responsible for:

(1) Retaining and providing, at time of application and whenever required by FSA, the best available verifiable or reliable or other production records for the crop;

(2) Summarizing all the production evidence;

(3) Accounting for the total amount of unit production for the crop, whether or not records reflect this production;

(4) Providing the information in a manner that can be easily understood by the FSA county committee; and

(5) Providing supporting documentation if the FSA county committee has reason to question the disaster event or that all production has been taken into account.

(c) FSA may verify the production evidence submitted with records on file

§ 760.1513

7 CFR Ch. VII (1–1–24 Edition)

at the warehouse, gin, or other entity that received or may have received the reported production.

(d) Participants must provide all records for any production of a crop that is grown with an arrangement, agreement, or contract for guaranteed payment.

(e) Under WHIP+, participants requesting payments for losses to adulterated wine grapes must submit verifiable sales tickets that document that the reduced price received was due to adulteration due to a qualifying disaster event. For adulterated wine grapes that have not been sold, participants must submit verifiable records obtained by testing or analysis to establish that the wine grapes were adulterated due to a qualifying disaster event and the price they would receive due to adulteration.

[83 FR 33801, July 18, 2018, as amended 84 FR 48531, Sept. 13, 2019]

§ 760.1513 Determination of production.

(a) The harvested production of eligible crop acreage harvested more than once in a crop year includes the total harvested production from all the harvests in the crop year.

(b) If a crop is appraised and subsequently harvested as the intended use, the actual harvested production must be taken into account to determine payments. FSA will analyze and determine whether a participant's evidence of actual production represents all that could or would have been harvested.

(c) For all crops eligible for loan deficiency payments or marketing assistance loans (see parts 1421 and 1434 of this title) with an intended use of grain but harvested as silage, ensilage, cabbage, hay, cracked, rolled, or crimped, production will be converted to a whole grain equivalent based on conversion factors as previously established by FSA.

(d) If a participant does not receive compensation based upon the quantity of the commodity delivered to a purchaser, but has an agreement or contract for guaranteed payment for production, the determination of the production will be the greater of the actual production or the guaranteed pay-

ment converted to production as determined by FSA.

(e) Production that is commingled between crop years, units, ineligible and eligible acres, or different practices before it was a matter of record or combination of record and cannot be separated by using records or other means acceptable to FSA will be prorated to each respective year, unit, type of acreage, or practice, respectively. Commingled production may be attributed to the applicable unit, if the participant made the unit production of a commodity a matter of record before commingling and does any of the following, as applicable:

(1) Provides copies of verifiable documents showing that production of the commodity was purchased, acquired, or otherwise obtained from beyond the unit;

(2) Had the production measured in a manner acceptable to the FSA county committee; or

(3) Had the current year's production appraised in a manner acceptable to the FSA county committee.

(f) The FSA county committee will assign production for the unit when the FSA county committee determines that:

(1) The participant has failed to provide adequate and acceptable production records;

(2) The loss to the crop is because of a disaster condition not covered by this subpart, or circumstances other than natural disaster, and there has not otherwise been an accounting of this ineligible cause of loss;

(3) The participant carries out a practice, such as multiple cropping, that generally results in lower yields than the established historic yields;

(5) A crop was late-planted;

(6) Unharvested acreage was not timely appraised; or

(7) Other appropriate causes exist for such assignment as determined by the Deputy Administrator.

(g) The FSA county committee will establish a county disaster yield that reflects the amount of production producers would have produced considering the eligible disaster events in the county or area for the same crop. The county disaster yield for the county or

area will be expressed as either a percent of loss or yield per acre. The county disaster yield will apply when:

(1) Unharvested acreage has not been appraised by FSA or a company reinsured by FCIC; or

(2) Acceptable production records for harvested acres are not available from any source.

(h) In no case will the production amount of any applicant be less than the producer's certified loss.

(i) Under WHIP+, production for eligible adulterated wine grapes will be adjusted for quality deficiencies due to a qualifying disaster event. Wine grapes are eligible for production adjustment only if adulteration occurred prior to harvest and as a result of a qualifying disaster event or as a result of a related condition (such as application of fire retardant). Losses due to all other causes of adulteration (such as addition of artificial flavoring or chemicals for economic purposes) are not eligible for WHIP+. Production will be eligible for quality adjustment if, due to a qualifying disaster event, it has a value of less than 75 percent of the average market price of undamaged grapes of the same or similar variety. The value per ton of the qualifying damaged production and the average market price of undamaged grapes will be determined on the earlier of the date the damaged production is sold or the date of final inspection for the unit. Grape production that is eligible for quality adjustment will be reduced by:

(1) Dividing the value per ton of the damaged grapes by the value per ton for undamaged grapes; and

(2) Multiplying this result (not to exceed 1.000) by the number of tons of the eligible damaged grapes.

[83 FR 33801, July 18, 2018, as amended 84 FR 48531, Sept. 13, 2019]

§ 760.1514 Eligible acres.

(a) Eligible acreage will be calculated using the lesser of the reported or determined acres shown to have been planted or prevented from being planted to a crop.

(b) Initial crop acreage will be the payment acreage for under this subpart, unless the provisions for subsequent crops in this section are met.

Subsequently planted or prevented planted acre acreage is considered acreage for under this subpart only if the provisions of this section are met. All plantings of an annual or biennial crop are considered the same as a planting of an initial crop in tropical regions as defined in part 1437, subpart F, of this title.

(c) In cases where there is double cropped acreage, each crop may be included in the acreage only if the specific crops are approved by the FSA State committee as eligible double cropping practices in accordance with procedures approved by the Deputy Administrator.

(d) Except for insured crops, participants with double cropped acreage not meeting the criteria in paragraph (c) of this section may have such acreage included in the acreage on more than one crop only if the participant submits verifiable records establishing a history of carrying out a successful double cropping practice on the specific crops for which payment is requested.

(e) Participants having multiple plantings may receive payments for each planting included only if the planting meets the requirements of part 1437 of this title and all other provisions of this subpart are satisfied.

(f) Losses due to prevented planting are eligible under this subpart only if the loss was due to a qualifying disaster event. Provisions of parts 718 and 1437 of this title specifying what is considered prevented planting and how it must be documented and reported apply. Crops located in tropical regions are not eligible for prevented planting.

(g) Subject to the provisions of this subpart, the FSA county committee will:

(1) Use the most accurate data available when determining planted and prevented planted acres; and

(2) Disregard acreage of a crop produced on land that is not eligible for crop insurance or NAP.

(h) If a farm has a crop that has both FSA and RMA acreage for insured crops, eligible acres will be based on the lesser of RMA or FSA acres.

(i) For 2017 WHIP, prevented planting acres will be considered eligible acres if they meet all requirements of this subpart.

§ 760.1515

(j) For WHIP+:

(1) 2018 and 2020 crop year prevented planting acres and 2019 crop year uninsured and NAP-covered prevented planting acres will be eligible acres if they meet all requirements of this subpart; and

(2) 2019 crop year insured prevented planting acres will not be eligible acres.

§ 760.1515 Calculating payments for value loss crops.

(a) Payments made under this subpart to a participant for a loss on a unit with respect to value loss crops are determined by:

(1) Multiplying the field market value of the crop immediately before the qualifying disaster event by the 2017 WHIP factor or WHIP+ factor specified in § 760.1511(b);

(2) Subtracting the sum of the field market value of the crop immediately after the qualifying disaster event and the value of the crop lost due to ineligible causes of loss from the result from paragraph (a)(1) of this section;

(3) Multiplying the result from paragraph (a)(2) of this section by the participant's share;

(4) Multiplying the result from paragraph (a)(3) of this section by the applicable payment factor;

(5) Subtracting the gross insurance indemnity or NAP payment from the result from paragraph (a)(4) of this section;

(6) Subtracting the secondary use or salvage value of the crop from the result from paragraph (a)(5) of this section; and

(7) Subtracting the amount of any payment for future economic losses received under the Florida Citrus Recovery Block Grant Program.

(b) In the case of an insurable value loss crop for which crop insurance provides for an adjustment in the guarantee, liability, or indemnity, such as in the case of inventory exceeding peak inventory value, the adjustment will be used in determining the payment under this subpart for the crop.

(c) In the case of a NAP eligible value loss crop for which NAP provides for an adjustment in the level of assistance,

7 CFR Ch. VII (1–1–24 Edition)

such as in the case of unharvested field grown inventory, the adjustment will be used in determining the payment for the crop.

§ 760.1516 Calculating payments for tree, bush, and vine losses.

(a) Payments will be calculated separately based on the growth stage of the trees, bushes, or vines, as determined by the Deputy Administrator.

(b) Payments made under this subpart to a participant for a loss on a unit with respect to tree, bush, and vine losses are determined by:

(1) Multiplying the expected value (see paragraph (c) of this section) of the trees, bushes, or vines immediately before the qualifying disaster event by the 2017 WHIP factor or WHIP+ factor specified in § 760.1511(b);

(2) Subtracting the actual value (see paragraph (d) of this section) of the trees, bushes, or vines immediately after the qualifying disaster event from the result of paragraph (b)(1) of this section;

(3) Multiplying the result of paragraph (b)(2) of this section by the participant's share;

(4) Subtracting the amount of any insurance indemnity received from the result of paragraph (b)(3) of this section; and

(5) Subtracting the value of any secondary use or salvage value from the result of paragraph (b)(4) of this section.

(c) Expected value is determined by multiplying the total number of trees, bushes, or vines that were damaged or destroyed by a qualifying disaster event by the price.

(d) Actual value is determined by:

(1) Multiplying the number of trees, bushes, or vines damaged by a qualifying disaster event by the damage factor;

(2) Adding the result of paragraph (d)(1) of this section and the number of trees, bushes, or vines destroyed by a qualifying disaster event;

(3) Multiplying the result of paragraph (d)(2) of this section by the price; and

(4) Subtracting the result of paragraph (d)(3) of this section from the expected value from paragraph (c) of this section.

(e) The FSA county committee will adjust the number of damaged and destroyed trees, bushes, and vines, if it determines that the number of damaged or destroyed trees, bushes, or vines certified by the participant is inaccurate.

(f) Citrus trees located in Florida are ineligible for payment under 2017 WHIP.

[83 FR 33801, July 18, 2018, as amended 84 FR 48532, Sept. 13, 2019]

§ 760.1517 Requirement to purchase crop insurance or NAP coverage.

(a) For the first 2 consecutive crop years for which crop insurance or NAP coverage is available after the enrollment period for 2017 WHIP or WHIP+ ends, subject to paragraph (c) of this section, a participant who receives payment under this subpart for a crop loss in a county must obtain:

(1) For an insurable crop, crop insurance with at least a 60 percent coverage level for that crop in that county; or

(2) For a NAP eligible crop:

(i) NAP coverage with a coverage level of 60 percent, if available for the applicable crop year, or NAP catastrophic coverage if NAP coverage is not offered at a 60 percent coverage level for that crop year.

(ii) Participants who exceed the average adjusted gross income limitation for NAP payment eligibility¹ for the applicable crop year may meet the purchase requirement specified in paragraph (a)(2)(i) of this section by purchasing Whole-Farm Revenue Protection crop insurance coverage, if eligible, or paying the NAP service fee and premium even though the participant will not be eligible to receive a NAP payment due to the average adjusted gross income limit but will be eligible for the WHIP payment.

(b) For the first 2 consecutive insurance years for which crop insurance is available after the enrollment period for 2017 WHIP ends, subject to para-

graph (c) of this section, any participant who receives 2017 WHIP payments for a tree, bush, or vine loss must purchase a plan of insurance for the tree, bush, or vine with at least a 60 percent coverage level.

(c) The final crop year to purchase crop insurance or NAP coverage to meet the requirements of paragraphs (a) and (b) of this section is the:

(1) 2021 crop year for 2017 WHIP payment eligibility, except as provided in paragraph (c)(2) of this section;

(2) 2023 crop year for:

(i) WHIP+ payment eligibility; and

(ii) 2017 WHIP payment eligibility for losses due to Tropical Storm Cindy, losses of peach and blueberry crops in calendar year 2017 due to extreme cold, and blueberry productivity losses in calendar year 2018 due to extreme cold and hurricane damage in calendar year 2017.

This provision will apply, unless waived by the Deputy Administrator, irrespective of any other rule.

(f) A representative of CCC may execute applications and related documents only under the terms and conditions determined and announced by CCC. Any document not executed under such terms and conditions, including any purported execution before the date authorized by CCC, will be null and void.

(2) The cause of loss was due to failure of the participant to store the commodity in an eligible structure before the qualifying disaster event; or

(3) The cause of loss was due to water contained or released by any governmental, public, or private dam or reservoir project if an easement exists on the acreage affected by the containment or release of the water.

(b) Once signed by a producer, the application for payment is considered to contain information and certifications of and pertaining to the producer regardless of who entered the information on the application.

(c) The producer applying for the On-Farm Storage Loss Program under this subpart certifies the accuracy and truthfulness of the information provided in the application as well as any documentation filed with or in support of the application. All information is subject to verification or spot check by FSA at any time, either before or after payment is issued. Refusal to allow FSA or any agency of the Department of Agriculture to verify any information provided will result in the participant's forfeiting eligibility for this program. FSA may at any time, including before, during, or after processing and paying an application, require the producer to submit any additional information necessary to implement or determine any eligibility provision of this subpart. Furnishing required information is voluntary; however, without it FSA is under no obligation to act on the application or approve payment. Providing a false certification will result in ineligibility and can also be punishable by imprisonment, fines, and other penalties.

(d) The application submitted in accordance with paragraph (a) of this section is not considered valid and complete for issuance of payment under this subpart unless FSA determines all the applicable eligibility provisions have been satisfied and the participant has submitted all required documentation.

(e) Application approval and payment by FSA does not relieve a participant from having to submit any form required, but not filed.

§ 760.1612 Calculating payments on-farm storage losses.

(a) Payments made under this subpart to a participant for loss of stored commodities are calculated, except hay or silage, by:

(1) Multiplying the eligible quantity of the eligible commodity by the RMA determined price;

(2) Multiplying the result from paragraph (a)(1) of this section by a 75 percent factor.

(b) Payments made under this subpart to a participant for loss of stored hay or silage, by:

(1) Any amount the affected farmer received for milk marketed during the application period; and

(2) Any payment not subject to refund that the affected farmer received from a milk handler with respect to milk removed from the commercial market during the application period.

(b) [Reserved]

[88 FR 62290, Sept. 11, 2023]

§ 760.1705 Normal marketings of milk.

(a) The FSA county committee will determine the affected farmer’s normal marketings of milk which, for the purposes of this subpart, will be the sum of the quantities of milk for which the farmer would have sold in the commercial market in each of the pay periods in the application period be it not for the removal of the affected farmer’s milk from the commercial market as a result of a qualifying disaster event.

(b) Normal marketings for each pay period are based on the average daily production during the base period.

(c) Normal marketings determined in paragraph (b) of this section are adjusted for any change in the daily average number of cows milked during each pay period the milk is off the market compared with the average number of cows milked daily during the base period.

(d) If only a portion of a pay period falls within the application period, normal marketings for such pay period will be reduced so that they represent only that part of such pay period which is within the application period.

§ 760.1706

(e) The days eligible for indemnification begin on the date milk was removed or dumped and continue for the concurrent days milk was removed or dumped. Once the dairy operation returns to the normal marketing of milk, the dairy operation is no longer eligible for assistance for milk removed or dumped due to that qualifying disaster event unless after restarting commercial marketing of milk, additional milk is removed or dumped due to the same qualifying disaster event.

§ 760.1706 Fair market value of milk.

(a) The FSA county committee will determine the fair market value of the affected farmer's dumped milk, which, for the purposes of this subpart, will be the sum of the net proceeds such farmer would have received for normal marketings in each of the pay periods in the application period but for the qualifying disaster event.

(b) The base period per cow average daily milk production is determined by dividing the full month of milk marketings by the average number of cows in milk production for that month and the number of days in that month. To determine the milk loss payment, the base period per cow average daily milk production is multiplied by the number of milking cows in production for the claim period and by the number of days milk was removed or dumped in the claim period with the result divided by 100 to determine the applicable hundredweight and then multiplied by the hundredweight pay price.

(c) To determine the hundredweight pay price for milk, the FSA county committee will deduct from the gross pay price from the claim period milk marketing statement the per hundredweight hauling rate for the applicable month and the per hundredweight \$0.15 promotion fee which it determines are normally incurred by the affected farmer but which were not incurred because of the removal of the farmer's milk from the commercial market.

§ 760.1707 Information to be furnished.

(a) The affected farmer must furnish to the FSA county committee complete and accurate information sufficient to enable the FSA county committee or the Deputy Administrator to make the determinations required in this subpart. Such information must include, but is not limited to:

(1) A copy of the notice from, or other evidence of action by, the public agency which resulted in the dumping or removal of the affected farmer's milk from the commercial market.

(2) The specific weather or disaster event and its results on milk marketing for the claim period.

(3) The quantity and butterfat test of milk produced and marketed during the base period. This information must be a certified statement from the affected farmer's milk marketing organization or any other evidence the FSA county committee accepts as an accurate record of milk production and butterfat tests during the base period.

(4) The average number of dry cows, bred heifers, and cows milked during the base period and during each pay period in the application.

(5) The affected farmer will provide two milk marketing statements, one for the base period and one for the claim period.

(6) On the milk marketing statement the per hundredweight hauling rate and the per hundredweight \$0.15 promotion fee, which are normally incurred by affected farmers who market through the milk marketing organization, that the affected farmer did not incur because of the dumping or removal of the milk from the commercial market, then the average price stated by the milk marketing organization will be the average gross price paid less these costs. If the milk marketing organization does not have this information, the affected farmer will furnish a statement specifying these costs, if any.

(7) The amount of proceeds, if any, received by the affected farmer from the marketing of milk produced during the application period.

(8) The amount of any payments not subject to refund made to the affected

farmer by the milk marketing organization with respect to the milk produced during the application period and removed from the commercial market.

(9) A detailed written statement from the affected farmer regarding the circumstances of the milk removal or dumping, the type and geographic scope of the weather event, what transportation limitations occurred in addition to how and where the removed or dumped milk was discarded.

(b) If requested by FSA, the affected farmer must provide additional documentation that establishes the affected farmer's eligibility for a Milk Loss Program payment.

[88 FR 62290, Sept. 11, 2023]

§ 760.1708 Application for payments for milk loss.

The affected farmer or the affected farmer's legal representative must sign and file an application for payment on a form which is approved for that purpose by the Deputy Administrator. The form must be filed with the county FSA office for the county where the farm headquarters are located no later than close of business of the designated deadline announced by the Secretary for 2020, 2021, and 2022 losses.

[88 FR 62291, Sept. 11, 2023]

§ 760.1709 Payment limitation and AGI.

(a) Per calendar year, a person or legal entity, other than a joint venture or general partnership, is eligible to receive, directly or indirectly payments of not more than \$125,000 according to the provisions in § 760.1507(b)(1); or not more than \$250,000 according to the provisions in § 760.1507(b)(2) if at least 75 percent of the person's or legal entity's average adjusted gross income is average adjusted gross farm income and the applicant provides the required certification(s) and documentation. Payments made to a joint venture or general partnership cannot exceed an amount determined by multiplying the maximum payment limitation by the number of persons and legal entities that comprise the first-level ownership of the joint venture or general partnership.

(b) To certify the average adjusted gross farm income, a person or legal entity, including all members with an ownership interest in a legal entity, general partnership, or joint venture, must provide the following:

(1) A certification in the manner prescribed by FSA from the person or legal entity that the average adjusted gross farm income of the person or legal entity is at least 75 percent of the average adjusted gross income; and

(2) A certification in the manner prescribed by FSA from a licensed certified public accountant or attorney that the average adjusted gross farm income of the person or legal entity is at least 75 percent of the average adjusted gross income.

(c) A new legal entity will have its adjusted gross farm income averaged only for those years for which it was in business; however, a new legal entity will not be considered "new" to the extent it takes over an existing operation and has any elements of common ownership interest and land with the preceding person or legal entity, or with persons or legal entities with an interest in the "old" legal entity. When there is such commonality, income of the previous person or legal entity will be averaged with that of the "new" legal entity for the base period.

(d) For a person filing a joint federal tax return, the certification of average adjusted gross farm income will be reported as if the person had filed a separate federal tax return and the calculation is consistent with the information supporting the filed joint return.

(e) All persons and legal entities are subject to an audit by FSA of any information submitted for the purpose of increasing the program's payment limitation. As a part of this audit, income tax returns may be requested, and if requested, must be supplied by all related persons and legal entities. In addition to any other requirement under any Federal statute, relevant Federal income tax returns and documentation must be retained a minimum of 2 years after the end of the calendar year corresponding to the year for which payments or benefits are requested. Failure to provide necessary and accurate information to verify compliance will

§ 760.1710

result in ineligibility for Milk Loss Program benefits.

(f) The direct attribution provisions in § 760.1507 apply for both payment limitation as well as in determining average adjusted gross farm income as defined and used in this subpart.

[88 FR 62291, Sept. 11, 2023]

§ 760.1710 Time and method of application.

(a) A completed FSA-376, Milk Loss Program Application, must be submitted at the time of application along with the information listed in § 760.1707 to the affected farmer's recording county office by the close of business on the Milk Loss Program application deadline. Applications may be submitted in person or by mail, email, facsimile, or other methods announced by FSA. The Deputy Administrator has the discretion and authority to waive or modify deadlines and other requirements or program provisions in cases where the Deputy Administrator determines it is equitable to do so and where the Deputy Administrator finds that the lateness or failure to meet such other requirements or program provisions do not adversely affect Milk Loss Program operation.

(b) Failure of an individual, entity, or a member of an entity to submit the following payment limitation and payment eligibility forms within 60 days from the date of the Milk Loss Program application deadline, may result in no payment or a reduced payment:

(1) Form AD-2047, Customer Data Worksheet, for new customers or existing customers who need to update their customer profile;

(2) Form CCC-860, Socially Disadvantaged, Limited Resource, Beginning and Veteran Farmer or Rancher Certification, if applicable for the program year or years for which the affected farmer is applying for the Milk Loss Program and if the affected farmer chooses to provide that certification;

(3) Form CCC-901, Member Information for Legal Entities, if applicable;

(4) Form CCC-902, Farm Operating Plan for an individual or legal entity as provided in 7 CFR part 1400;

(5) Form FSA-510, Request for an Exception to the \$125,000 Payment Limitation for Certain Programs, accom-

(6) Form AD-1026, Highly Erodible Land Conservation (HELIC) and Wetland Conservation (WC) Certification, for the Milk Loss Program and applicable affiliates as provided in 7 CFR part 12.

(c) If supporting documentation is requested under § 760.1707(b), the documentation must be submitted to FSA within 60 calendar days from the request or the application will be disapproved by FSA.

(d) Milk Loss Program payments are limited to 30 days per year for each of 2020, 2021, and 2022.

(e) Each Milk Loss Program application is limited to the milk loss for one calendar month due to a qualifying disaster event or multiple qualifying disaster events. Milk loss that occurs in a subsequent month for the same qualifying disaster event will require a separate application.

§ 760.1711 Limitation of authority.

(a) FSA county executive directors and State and county committees do not have authority to modify or waive any of the provisions of the regulations in this subpart.

(b) The FSA State committee may take any action authorized or required by the regulations in this subpart to be taken by the FSA county committee when such action has not been taken by the FSA county committee. The FSA State committee may also:

(1) Correct, or require a county committee to correct, any action taken by such county committee which is not in accordance with the regulations in this subpart; or

Program documents executed by any such person will be accepted only if they are legally valid and such person has the authority to sign the applicable documents.

Subpart R—Quality Loss Adjustment Program

SOURCE: 86 FR 446, Jan. 6, 2021, unless otherwise noted.

§ 760.1800 Applicability.

This subpart specifies the terms and conditions for the Quality Loss Adjustment (QLA) Program. The QLA Program provides disaster assistance for crop quality losses that were a consequence of hurricanes, excessive moisture, floods, qualifying drought, tornadoes, typhoons, volcanic activity, snowstorms, and wildfires occurring in calendar years 2018 and 2019.

§ 760.1801 Administration.

(a) The QLA Program is administered under the general supervision of the Administrator, Farm Service Agency (FSA), and the Deputy Administrator for Farm Programs, FSA. The QLA Program is carried out by FSA State and county committees with instructions issued by the Deputy Administrator.

(b) FSA State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations in this subpart or instructions issued by the Deputy Administrator.

(c) The FSA State committee will take any action required by the regulations in this subpart that the FSA county committee has not taken. The FSA State committee will also:

(1) Correct, or require an FSA county committee to correct, any action taken by the FSA county committee that is not in accordance with the regulations in this subpart; or

(2) Require an FSA county committee to withhold taking any action that is not in accordance with this subpart.

(d) No delegation to an FSA State or county committee precludes the FSA Administrator or the Deputy Administrator from determining any question arising under this subpart or from reversing or modifying any determination made by an FSA State or county committee.

(e) The Deputy Administrator has the authority to:

(1) Permit State and county committees to waive or modify a non-statutory deadline specified in this subpart; and

(2) Delegate authority to FSA State or county committees to make determinations under § 760.1812(f) and (g).

(f) Items of general applicability to program participants, including, but not limited to, application periods, application deadlines, internal operating guidelines issued to FSA State and county offices, prices, and payment factors established under this subpart, are not subject to appeal in accordance with part 780 of this chapter.

§ 760.1802 Definitions.

The following definitions apply to this subpart. The definitions in §§ 718.2 and 1400.3 of this title also apply, except where they conflict with the definitions in this section. In the event of conflict, the definitions in this section apply.

Affected production means the producer's ownership share of harvested production of an eligible crop, adjusted to standard moisture as established by the U.S. Grains Standards Act, a State regulatory agency, or industry standard, that had both:

(1) A quality loss due to a qualifying disaster event; and

(2) At least a 5 percent quality loss due to all eligible disaster events.

Average market price means the average market price determined according to § 1437.12 of this title.

Coverage level means the percentage determined by multiplying the elected yield percentage under a crop insurance policy or NAP coverage by the elected price percentage.

Crop insurance means an insurance policy reinsured by FCIC under the provisions of the Federal Crop Insurance Act, as amended. It does not include private plans of insurance.

Crop insurance indemnity means, for the purpose of this subpart, the payment to a participant for crop losses covered under crop insurance administered by RMA in accordance with the Federal Crop Insurance Act (7 U.S.C. 1501–1524).

Crop year means:

(1) For insurable crops, the crop year as defined according to the applicable crop insurance policy; and

(2) For NAP-eligible crops, the crop year as defined in § 1437.3 of this title.

Eligible crop means a crop for which coverage was available either from FCIC under part 400 of this title, or through NAP under § 1437.4 of this title.

Eligible disaster event means a disaster event that is an eligible cause of loss specified in § 1437.10 of this title, excluding insect infestation.

FCIC means the Federal Crop Insurance Corporation, a wholly owned Government Corporation of USDA, administered by RMA.

FSA means the Farm Service Agency, an agency of USDA.

Grading factor means a factor that describes the physical condition or a feature that is evaluated to determine the quality of the production, such as broken kernels and low-test weight.

Good farming practices means the cultural practices generally recognized as compatible with agronomic and weather conditions and used for the crop to make normal progress toward maturity, as determined by FSA. These practices are:

(1) For conventional farming practices, those generally recognized by agricultural experts for the area, which could include one or more counties; or

(2) For organic farming practices, those generally recognized by the organic agricultural experts for the area or contained in the organic system plan that is in accordance with the National Organic Program specified in part 205 of this title.

Harvested means:

(1) For insurable crops, harvested as defined according to the applicable crop insurance policy;

(2) For NAP-eligible single harvest crops, that a crop has been removed from the field, either by hand or mechanically;

(3) For NAP-eligible crops with potential multiple harvests in 1 year or harvested over multiple years, that the producer has, by hand or mechanically, removed at least 1 mature crop from the field during the crop year; and

(4) For mechanically harvested NAP-eligible crops, that the crop has been removed from the field and placed in a

truck or other conveyance, except hay is considered harvested when in the bale, whether removed from the field or not.

Insurable crop means an agricultural crop (excluding livestock) for which the producer on a farm is eligible to obtain a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524).

Multiple market crop means a crop that is delivered to a single market but can have fresh and processed prices based on grading. For example, a producer may intend to sell all production of an apple crop as fresh production; however, based on grading of the crop at the market, the producer is compensated for some production at the fresh price and for some production at the processing price.

Multiple planting means the planting for harvest of the same crop in more than one planting period in a crop year on different acreage.

NAP means the Noninsured Crop Disaster Assistance Program under section 196 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7333) and part 1437 of this title.

NAP-eligible crop means an agricultural crop for which the producer on a farm is eligible to obtain NAP coverage.

NAP service fee means the amount specified in § 1437.7 of this title that the producer must pay to obtain NAP coverage.

Nutrient factor means a factor determined by a test that measures the nutrient value of a crop to be fed to livestock. Examples include, but are not limited to, relative feed value and total digestible nutrients.

Production means quantity of the crop produced, which is expressed in a specific unit of measure including, but not limited to, bushels or pounds.

QLA Program means the Quality Loss Adjustment Program.

Qualifying disaster event means a hurricane, flood, tornado, typhoon, volcanic activity, snowstorm, wildfire, excessive moisture, qualifying drought, or a related condition that occurred in the 2018 or 2019 calendar year.

Qualifying drought means an area within the county was rated by the U.S. Drought Monitor as having a D3

(extreme drought) or higher level of drought intensity during the applicable calendar year.

Quality loss means:

(1) For forage crops, a reduction in an applicable nutrient factor for the crop; and

(2) For crops other than forage, a reduction in the total dollar value of the crop due to reduction in the physical condition of the crop indicated by an applicable grading factor.

Related condition means damaging weather or an adverse natural occurrence that occurred as a direct result of a specified qualifying disaster event, such as excessive rain, high winds, flooding, mudslides, and heavy smoke, as determined by the Deputy Administrator. The term does not include insect infestation.

Reliable production record means evidence provided by the participant that is used to substantiate the amount of production reported when verifiable records are not available, including copies of receipts, ledgers of income, income statements of deposit slips, register tapes, invoices for custom harvesting, and records to verify production costs, contemporaneous measurements, truck scale tickets, and contemporaneous diaries that are determined acceptable by the FSA county committee. To determine whether the records are acceptable, the FSA county committee will consider whether they are consistent with the records of other producers of the crop in that area.

RMA means the Risk Management Agency, an agency of USDA.

Salvage value means the dollar amount or equivalent for the quantity of the commodity that cannot be marketed or sold in any recognized market for the crop.

Secondary use means the harvesting of a crop for a use other than the intended use.

Unit of measure means:

(1) For insurable crops, the FCIC-established unit of measure; and

(2) For NAP-eligible crops, the established unit of measure used for the NAP price and yield.

USDA means the U.S. Department of Agriculture.

U.S. Drought Monitor is a system for classifying drought severity according

to a range of abnormally dry to exceptional drought. It is a collaborative effort between Federal and academic partners, produced on a weekly basis, to synthesize multiple indices, outlooks, and drought impacts on a map and in narrative form. This synthesis of indices is reported by the National Drought Mitigation Center at <http://droughtmonitor.unl.edu>.

Value loss crop has the meaning specified in subpart D of part 1437 of this title.

Verifiable documentation means evidence that can be verified by FSA through an independent source.

Verifiable percentage of loss is the percentage of loss determined by comparing the applicable nutrient factors for a producer's affected production of a forage crop with the average of such nutrient factors from the 3 preceding crop years, as documented on FSA-899, Historical Nutritional Value Weighted Average Worksheet.

WHIP+ means the Wildfires and Hurricanes Indemnity Program Plus under subpart O of this part.

§ 760.1803 Participant eligibility.

(a) Participants will be eligible to receive a payment under this subpart only if they incurred a loss to an eligible crop due to a qualifying disaster event, as further specified in this subpart.

(b) To be an eligible participant under this subpart, a person or legal entity must be a:

- (1) Citizen of the United States;
- (2) Resident alien; for purposes of this subpart, resident alien means "lawful alien" (see §1400.3 of this title);
- (3) Partnership consisting solely of citizens of the United States or resident aliens; or
- (4) Corporation, limited liability company, or other similar organizational structure organized under State law consisting solely of citizens or resident aliens of the United States.

(c) If any person who would otherwise be eligible to receive a payment dies before the payment is received, payment may be released as specified in §707.3 of this chapter. Similarly, if any person or legal entity who would otherwise have been eligible to apply for a payment dies or is dissolved, respec-

tively, before the payment is applied for, payment may be released in accordance with this subpart if a timely application is filed by an authorized representative. Proof of authority to sign for the deceased producer or dissolved entity must be provided. If a participant is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must sign the application. Eligibility of such participant will be determined, as it is for other participants, based upon ownership share and risk in producing the crop.

(d) An ownership share is required to be eligible for a payment under this subpart. Growers growing eligible crops under contract for crop owners are not eligible for a payment under this subpart unless the grower is also determined to have an ownership share of the crop. Any verbal or written contract that precludes the grower from having an ownership share renders the grower ineligible for payments under this subpart.

(e) A person or legal entity is not eligible to receive assistance under this subpart if FSA determines that the person or legal entity:

(1) Adopted any scheme or other device that tends to defeat the purpose of this subpart or any of the regulations applicable to this subpart;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination under any or all of the following: This subpart and parts 12, 400, 1400, and 1437 of this title.

(f) A person who is ineligible for crop insurance or NAP under §400.458 or §1437.16 of this title, respectively, for any year is ineligible for payments under this subpart for the same year.

(g) The provisions of §718.11 of this chapter, providing for ineligibility for payments for offenses involving controlled substances, apply.

(h) As a condition of eligibility to receive payments under this subpart, the participant must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of part 12 of this title for the applicable crop year for which

§ 760.1804

the producer is applying for benefits under this subpart, and must not otherwise be precluded from receiving payments under part 12, 400, 1400, or 1437 of this title or any law.

§ 760.1804 Eligibility of affected production.

(a) To be eligible for the QLA Program, an eligible crop's affected production must have suffered a quality loss due to a qualifying disaster event and had at least a 5 percent quality loss due to all eligible disaster events. Whether affected production of a crop had a 5 percent loss will be determined separately for crops with different crop types, intended uses, certified organic or conventional status, county, and crop year.

(b) Affected production of the following is not eligible for the QLA Program:

- (1) Crops that were not grown commercially;
- (2) Crops that were intended for grazing or were grazed;
- (3) Crops not intended for harvest;
- (4) Volunteer crops;
- (5) Value loss crops;
- (6) Maple sap;
- (7) Honey;
- (8) By-products resulting from processing or harvesting a crop, such as, but not limited to, cotton seed, peanut shells, wheat or oat straw, or corn stalks or stovers;
- (9) First-year seeding for forage production;
- (10) Immature fruit crops;
- (11) Crops for which FCIC coverage or NAP coverage is unavailable;
- (12) Multiple market crops for which the producer previously received a crop insurance indemnity or WHIP+ payment for a quality loss;
- (13) Crops for which production used to calculate a crop insurance indemnity or WHIP+ payment was adjusted based on a comparison of the producer's sale price to FCIC established price;
- (14) Crops that received a crop insurance indemnity, NAP payment, or WHIP+ payment based on the quantity of production that was considered unmarketable;
- (15) Crops for which the producer previously received a crop insurance in-

7 CFR Ch. VII (1-1-24 Edition)

demnity, NAP payment, or WHIP+ payment for which production was reported as salvage value or secondary use;

(16) Sugar beets for which a member of a cooperative processor received a payment through a cooperative agreement; and

(17) Crops that were destroyed.

(c) Only affected production from initial crop acreage will be eligible for a QLA Program payment, unless the provisions for subsequent crops in this section are met. All plantings of an annual or biennial crop are considered the same as a planting of an initial crop in tropical regions as defined in part 1437, subpart F, of this title.

(d) In cases where there is double cropped acreage, affected production of each crop may be eligible only if the specific crops are approved by the FSA State committee as eligible double cropping practices in accordance with procedures approved by the Deputy Administrator.

(e) Participants having affected production from multiple plantings may receive payments for each planting only if the planting meets the requirements of part 1437 of this title and all other provisions of this subpart are satisfied.

§ 760.1805 Qualifying disaster events.

(a) A producer is eligible for payments under this subpart only if the producer's affected production of an eligible crop suffered a crop quality loss due to a qualifying disaster event.

(b) A crop quality loss due to a qualifying disaster event must have occurred on acreage that was physically located in a county that received a:

- (1) Presidential Emergency Disaster Declaration authorizing public assistance for categories C through G or individual assistance due to a qualifying disaster event occurring in the 2018 or 2019 calendar years; or
 - (2) Secretarial Disaster Designation for a qualifying disaster event occurring in the 2018 or 2019 calendar years.
- (c) A producer with a crop quality loss on acreage not physically located in a county that was eligible under paragraph (b) of this section will be eligible for the QLA Program for losses due to qualifying disaster events only

if the producer provides supporting documentation from which the FSA county committee determines that the crop quality loss on the unit was reasonably related to a qualifying disaster event as specified in this subpart. Supporting documentation may include furnishing climatological data from a reputable source or other information substantiating the claim of loss due to a qualifying disaster event.

§ 760.1806 Ineligible losses.

(a) A loss is not eligible under this subpart if any of the following apply:

(1) The cause of loss is determined by FSA to be the result of poor management decisions, poor farming practices, or drifting herbicides;

(2) The loss could have been mitigated using good farming practices, including losses due to high moisture content that could be mitigated by following best practices for drying and storing the crop;

(3) The qualifying disaster event occurred after the crop was harvested;

(4) FSA or RMA have previously disapproved a notice of loss for the crop and disaster event, unless that notice of loss was disapproved solely because it was filed after the applicable deadline; or

(5) The cause of loss was due to:

(i) Conditions or events occurring outside of the applicable growing season for the crop;

(ii) Insect infestation;

(iii) Water contained or released by any governmental, public, or private dam or reservoir project if an easement exists on the acreage affected by the containment or release of the water;

§ 760.1807 Miscellaneous provisions.

(a) All persons with a financial interest in a legal entity receiving payments under this subpart are jointly and severally liable for any refund, including related charges, that is determined to be due to FSA for any reason.

(b) In the event that any application under this subpart resulted from erro-

neous information or a miscalculation, the payment will be recalculated and any excess refunded to FSA with interest to be calculated from the date of the disbursement.

(c) Any payment to any participant under this subpart will be made without regard to questions of title under State law, and without regard to any claim or lien against the commodity, or proceeds, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings in part 3 of this chapter apply to payments made under this subpart.

(d) Any participant entitled to any payment may assign any payment(s) in accordance with regulations governing the assignment of payments in part 3 of this chapter.

(e) The regulations in parts 11 and 780 of this title apply to determinations under this subpart.

§ 760.1808 General provisions.

(a) Eligibility and payments under this subpart will be determined based on the county where the affected production was harvested.

(b) FSA county committees will make any necessary adjustments to the applicant's affected production and other information on the application form used to calculate a payment when the county committee determines:

(1) Additional documentation has been requested by FSA but has not been provided by the participant;

(2) The loss is due to an ineligible cause; or

(3) The participant has a contract providing a guaranteed payment for all or a portion of the crop.

(c) Unless otherwise specified, all eligibility provisions of part 1437 of this title also apply to tropical crops for eligibility under this subpart.

(d) FSA will use the most reliable data available at the time payments under this subpart are calculated. If additional data or information is provided or becomes available after a payment is issued, FSA will recalculate the payment amount and the producer must return any overpayment amount to FSA. In all cases, payments can

§ 760.1809

only issue based on the payment formula for losses that affirmatively occurred.

(e) Production that is commingled between counties, crop years, or ineligible and eligible acres before it was a matter of record or combination of record and cannot be separated by using records or other means acceptable to FSA will be prorated to each respective year, county, or type of acreage, respectively.

§ 760.1809 Payment and adjusted gross income limitation.

(a) A person or legal entity, other than a joint venture or general partnership, is eligible to receive, directly or indirectly, payments of not more than \$125,000 for each of the 2018, 2019, and 2020 crop years under this subpart.

(b) Payments made to a joint operation, including a joint venture or general partnership, cannot exceed the amount determined by multiplying the maximum payment amount specified in paragraph (a) of this section by the number of persons and legal entities, other than joint operations, that comprise the ownership of the joint operation.

(c) The direct attribution provisions in §1400.105 of this title apply to payments under this subpart.

(d) The notification of interest provisions in §1400.107 of this title apply to payments under this subpart.

(e) The provisions for recognizing persons added to a farming operation for payment limitation purposes as described in §1400.104 of this title apply to payments under this subpart.

(f) The \$900,000 average AGI limitation provisions in part 1400 of this title relating to limits on payments for persons or legal entities, excluding joint ventures and general partnerships, apply to each applicant for the QLA Program unless at least 75 percent of the person or legal entity's average AGI is derived from farming, ranching, or forestry-related activities. A person's or legal entity's average AGI for each of the program years 2018, 2019 or 2020, is determined by using the average of the adjusted gross incomes for the 3 taxable years preceding the most immediately preceding taxable year. If the person's or legal entity's average

7 CFR Ch. VII (1-1-24 Edition)

AGI is below \$900,000 or at least 75 percent of the person or legal entity's average AGI is derived from farming, ranching, or forestry-related activities, the person or legal entity, is eligible to receive payments under this subpart.

§ 760.1810 Time and method of application.

(a) A completed FSA-898, Quality Loss Adjustment (QLA) Program Application, must be submitted in person, by mail, email, or facsimile to any FSA county office by the close of business on March 5, 2020.

(b) An application submitted in accordance with paragraph (a) of this section is not considered valid and complete for issuance of payment under this subpart unless FSA determines all the applicable eligibility provisions have been satisfied and the producer has submitted all of following by March 19, 2020:

(1) Documentation required by §760.1811;

(2) FSA-578, Report of Acreage, for all acreage for any crop for which payments under this subpart are requested;

(3) FSA-895, Crop Insurance and/or NAP Coverage Agreement; and

(4) For forage crops, FSA-899, Historical Nutritional Value Weighted Average Worksheet, if verifiable documentation of historical nutrient factors is available.

(c) In addition to the forms listed in paragraph (b) of this section, applicants must also submit all the following eligibility forms within 60 days from the date of signing the QLA Program application if not already on file with FSA:

(1) AD-1026, Highly Erodible Land Conservation (HELIC) and Wetland Conservation Certification;

(2) CCC-902 Automated, Farm Operating Plan for Payment Eligibility 2009 and Subsequent Program Years;

(3) CCC-941 Average Adjusted Gross Income (AGI) Certification and Consent to Disclosure of Tax Information; and

(4) CCC-942 Certification of Income from Farming, Ranching and Forestry Operations, if applicable.

(d) Failure to submit all required forms by the applicable deadlines in

paragraphs (b) and (c) of this section may result in no payment or a reduced payment.

(e) Application approval and payment by FSA does not relieve a participant from having to submit any form required, but not filed, according to this section.

(f) Once signed by a producer, the application is considered to contain information and certifications of and pertaining to the producer regardless of who entered the information on the application.

(g) The producer applying for payment under this subpart certifies the accuracy and truthfulness of the information provided in the application as well as any documentation filed with or in support of the application. All information is subject to verification or spot check by FSA at any time, either before or after payment is issued. Refusal to allow FSA or any agency of the USDA to verify any information provided will result in the participant's forfeiting eligibility for payment under this subpart. FSA may at any time, including before, during, or after processing and paying an application, require the producer to submit any additional information necessary to implement or determine any eligibility provision of this subpart. Furnishing information specified in this subpart is voluntary; however, FSA may choose not to act on the application or approve payment if the required information is not provided. Providing a false certification will result in ineligibility and can also be punishable by imprisonment, fines, and other penalties.

§ 760.1811 Required documentation and verification.

(a) If requested by FSA, an applicant must provide documentation that establishes the applicant's ownership share and value at risk in the crop.

(b) The applicant must provide acceptable documentation that is dated and contains all information required to substantiate the applicant's certification to the satisfaction of the FSA county committee. Verifiable documentation is required to substantiate the total dollar value loss and associated affected production, grading factors, and nutritional factors. FSA may

verify the records with records on file at the warehouse, gin, or other entity that received or may have received the reported production. Reliable production records are required to substantiate the reported amount of affected production for applications not based on the total dollar value loss.

(c) To be considered acceptable, verifiable documentation for grain crops that were sold may come from any time between harvest and sale of the affected production, unless the FSA county committee determines the record is not representative of the condition within 30 days of harvest. For all other crops, the verifiable documentation must come from tests or analysis completed within 30 days of harvest, unless the FSA county committee determines that the record is representative of the condition of the affected production at time of harvest. Examples of acceptable records for purposes of this paragraph (c) include:

- (1) Warehouse grading sheets;
- (2) Settlement sheets;
- (3) Sales receipts showing grade and price or disposition to secondary market due to quality; and
- (4) Laboratory test results.

(d) For forage crops, producers must submit verifiable documentation showing the nutrient factors for the affected production. Producers must also submit verifiable documentation of the historical nutrient factors for the 3 preceding crop years if available. The nutrient factors that must be documented for a crop will be determined by the FSA county committee based on the standard practice for the crop in that county.

(e) For all crops other than forage crops, producers must submit verifiable documentation of the total dollar value loss due to quality, if available, and verifiable documentation of grading factors due to quality.

(f) The participant is responsible for:

- (1) Retaining, providing, and summarizing, at time of application and whenever required by FSA, the best available verifiable production records for the crop;
- (2) Providing the information in a manner that can be easily understood by the FSA county committee; and

§760.1812

7 CFR Ch. VII (1-1-24 Edition)

(3) Providing supporting documentation about the disaster event if the FSA county committee has reason to question the disaster event.

(e) Participants must provide all records for any production of a crop that is grown with an arrangement, agreement, or contract for guaranteed payment.

(f) Participants are required to retain documentation in support of their application for 3 years after the date of approval.

(g) Participants receiving QLA Program payments or any other person who furnishes such information to USDA must permit authorized representatives of USDA or the Government Accountability Office, during regular business hours, to enter the agricultural operation and to inspect, examine, and make copies of books, records, or other items for the purpose of confirming the accuracy of the information provided by the participant.

§760.1812 Payment calculation.

(a) Payments will be calculated separately for crops based on the crop type, intended use, certified organic or conventional status, county, and crop year.

(b) For forage crops with verifiable documentation of nutrient factors for the affected production and for the 3 preceding crop years, the payment will be equal to the producer's total affected production multiplied by the producer's verifiable percentage of loss, multiplied by the average market price, multiplied by 70 percent.

(c) For forage crops with verifiable documentation of nutrient factors for the affected production but not for the 3 preceding crop years, the payment will be equal to the producer's total affected production multiplied by the county average percentage of loss in paragraph (f) of this section, multiplied by the average market price, multiplied by 70 percent, multiplied by 50 percent.

(d) For crops other than forage with verifiable documentation of the total dollar value loss due to quality, the payment will be equal to the producer's total dollar value loss on the affected production, multiplied by 70 percent.

(e) For crops other than forage without verifiable documentation of the total dollar value loss but with verifiable documentation of grading factors, the payment will be equal to the producer's affected production multiplied by the county average loss per unit of measure in paragraph (g) of this section, multiplied by 70 percent, multiplied by 50 percent.

(f) The county average percentage of loss is the average percentage of loss from producers eligible for payment under paragraph (b) of this section if at least 5 producers in a county are eligible for payment for a crop under paragraph (b) of this section. If less than 5 producers in a county are eligible for payment for a crop under paragraph (b) of this section, the Deputy Administrator will:

(1) Determine a county average percentage of loss based on the best available data, including, but not limited to, evidence of losses in contiguous counties; or

(2) If a county average percentage of loss cannot be determined due to insufficient data, not issue payments to applicants under paragraph (c) of this section.

(g) The county average loss per unit of measure is based on the weighted average sales price from producers eligible for payment under paragraph (d) of this section if at least 5 producers in a county are eligible for payment for a crop under paragraph (d) of this section. If less than 5 producers are eligible for payment in a county under paragraph (d) of this section, the Deputy Administrator will:

(1) Determine a county average loss per unit of measure based on the best available data, including, but not limited to, evidence of losses in contiguous counties; or

(2) If a county average loss per unit of measure cannot be determined due to insufficient data, not issue payments to applicants under paragraph (e) of this section.

§760.1813 Availability of funds and timing of payments.

(a) Payments will be issued after the application period has ended and all applications have been reviewed by FSA.

(b) In the event that, within the limits of the funding made available by the Secretary, approval of eligible applications would result in payments in excess of the amount available, FSA will prorate payments by a national factor to reduce the payments to an amount that is less than available funds as determined by the Secretary.

(c) Applications and claims that are unpaid or prorated for any reason will not be carried forward for payment under other funds for later years or otherwise, but will be considered, as to any unpaid amount, void and nonpayable.

§760.1814 Requirement to purchase crop insurance or NAP coverage.

(a) For the first 2 consecutive crop years for which crop insurance or NAP coverage is available after the enrollment period for the QLA Program ends, a participant who receives payment under this subpart for a crop loss in a county must obtain:

(1) For an insurable crop, crop insurance with at least a 60 percent coverage level for that crop in that county; or

(2) For a NAP-eligible crop, NAP coverage with a coverage level of 60 percent.

(b) Participants who exceed the average adjusted gross income limitation for NAP payment eligibility¹ for the applicable crop year may meet the purchase requirement specified in paragraph (a)(2) of this section by purchasing Whole-Farm Revenue Protection crop insurance coverage, if eligible, or paying the NAP service fee and premium even though the participant will not be eligible to receive a NAP payment due to the average adjusted gross income limit.

(c) The final crop year to purchase crop insurance or NAP coverage to meet the requirements of paragraph (a) of this section is the 2023 crop year.

(d) A participant who obtained crop insurance or NAP coverage for the crop in accordance with the requirements for WHIP+ in §760.1517 is considered to have met the requirement to purchase

crop insurance or NAP coverage for the QLA Program.

(e) If a producer fails to obtain crop insurance or NAP coverage as required in this section, the producer must reimburse FSA for the full amount of QLA Program payment plus interest. A producer will only be considered to have obtained NAP coverage for the purposes of this section if the participant submitted a NAP application for coverage and paid the requisite NAP service fee and any applicable premium by the applicable deadline and completed all program requirements required under the coverage agreement, including filing an acreage report.

Specialty crops means fruits, tree nuts, vegetables, culinary herbs and spices, medicinal plants, and nursery, floriculture, and horticulture crops. This includes common specialty crops identified by USDA’s Agricultural Marketing Service at <https://www.ams.usda.gov/services/grants/scbgp/specialty-crop> and other crops as designated by the Deputy Administrator.

Substantial beneficial interest (SBI) has the same meaning as specified in the applicable crop insurance policy. For the purposes of ERP Phase 1, Federal crop insurance records for “transfer of coverage, right to indemnity” are considered the same as SBIs.

STRP means the Seafood Trade Relief Program announced in the notice of funds availability published on September 14, 2020 (85 FR 56572–56575).

Underserved farmer or rancher means a beginning farmer or rancher, limited resource farmer or rancher, socially disadvantaged farmer or rancher, or veteran farmer or rancher.

United States means all 50 States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any other territory or possession of the United States.

U.S. Drought Monitor means the system for classifying drought severity according to a range of abnormally dry to

exceptional drought. It is a collaborative effort between Federal and academic partners, produced on a weekly basis, to synthesize multiple indices, outlooks, and drought impacts on a map and in narrative form. This synthesis of indices is reported by the National Drought Mitigation Center at <http://droughtmonitor.unl.edu>.

Veteran farmer or rancher means a farmer or rancher:

(1) Who has served in the Armed Forces (as defined in 38 U.S.C. 101(10)²) and:

- (i) Has not operated a farm or ranch for more than 10 years; or
- (ii) Has obtained status as a veteran (as defined in 38 U.S.C. 101(2)³) during the most recent 10-year period; or

(2) That is an entity and at least 50 percent of the ownership interest is held by members who meet the criteria in paragraph (1) of this definition.

WHIP+ means the Wildfires and Hurricanes Indemnity Program Plus under 7 CFR part 760, subpart O.

§ 760.1902 Producer eligibility requirements.

(a) To be eligible for ERP Phase 2, a producer must have suffered a loss in disaster year allowable gross revenue, as compared to the benchmark allowable gross revenue, due to necessary expenses associated with losses of eligible crops due in whole or in part to a qualifying disaster event that occurred in the 2020 or 2021 calendar year.

(b) To be eligible for an ERP Phase 2 payment, a producer must be a:

- (1) Citizen of the United States;
- (2) Resident alien, which for purposes of this subpart means “lawful alien” as defined in part 1400 of this title;
- (3) Partnership organized under State law consisting solely of citizens of the United States or resident aliens;
- (4) Corporation, limited liability company, or other organizational structure organized under State law

²The term “Armed Forces” means the United States Army, Navy, Marine Corps, Air Force, Space Force, and Coast Guard, including the reserve components.

³The term “veteran” means a person who served in the active military, naval, air, or space service, and who was discharged or released under conditions other than dishonorable.

§ 760.1903 Allowable gross revenue.

(a) For the purposes of this subpart, “allowable gross revenue” includes revenue from:

(1) Sales of eligible crops produced by the producer, which includes sales resulting from value added through post-production activities that were reportable on IRS Schedule F;

(2) Sales of eligible crops a producer purchased for resale that had a change in characteristic due to the time held (for example, a plant purchased at a size of 2 inches and sold as an 18-inch plant after 4 months), less the cost or other basis of such eligible crops;

(3) The taxable amount of cooperative distributions directly related to the sale of the eligible crops produced by the producer;

(4) Benefits for eligible crops under the following agricultural programs: 2017 WHIP, ARC and PLC, BCAP, LDP, MLG, MFP, the On-Farm Storage Loss Program, and STRP;

(5) CCC loans for eligible crops, if treated as income and reported to IRS;

(6) Crop insurance proceeds for eligible crops, minus the amount of administrative fees and premiums;

(7) NAP payments for eligible crops, minus the amount of service fees and premiums;

(8) ELAP payments for an aquaculture crop;

(9) Payments issued through grant agreements with FSA for losses of eligible crops;

(10) Grants from the Department of Commerce, National Oceanic and Atmospheric Administration and State program funds providing direct payments for the loss of eligible crops or the loss of revenue from eligible crops;

(11) Other revenue directly related to the production of eligible crops that IRS requires the producer to report as income;

(12) For the disaster year only, ERP Phase 1 payments issued to another

person or entity for the producer’s share of an eligible crop, regardless of the tax year in which the payment would be reported to IRS; and

(13) For the benchmark year only, 2018, 2019 and 2020 WHIP+ and QLA payments.

(b) Allowable gross revenue does not include revenue from sources other than those listed in paragraph (a) of this section, including but not limited to, revenue from:

(1) Federal assistance programs not included in paragraph (a) of this section;

(2) Sales of livestock, animal by-products, and any commodities that are excluded from “eligible crops”;

(3) Resale items not held for characteristic change;

(4) Income from a pass-through entity such as an S Corp or limited liability company;

(5) Conservation program payments;

(6) Any pandemic assistance payments that were not for the loss of eligible crops or the loss of revenue from eligible crops;

(7) Custom hire income;

(8) Net gain from hedging or speculation;

(9) Wages, salaries, tips, and cash rent;

(10) Rental of equipment or supplies; and

(11) Acting as a contract producer of an agricultural commodity.

(c) A producer is required to certify to an adjusted allowable gross revenue for the benchmark year on FSA-521 if the producer had a decreased operation capacity in a disaster year for which they are applying for ERP Phase 2, compared to the benchmark year.

(d) A producer may certify to an adjusted allowable gross revenue for the benchmark year on FSA-521 if either of the following apply:

(1) The producer did not have a full year of revenue for 2018 or 2019; or

(2) The producer had expanded their operation capacity in a disaster year for which they are applying for ERP Phase 2, compared to the benchmark year.

(e) Change in operation capacity does not include crop rotation from year to year, changes in farming practices such

as converting from conventional tillage to no-till, or increasing the rate of fertilizers or chemicals. If requested by FSA, producers are required to submit documentation to FSA to support adjustments described in paragraphs (c) and (d) of this section within 30 calendar days of the request. The documentation to support an adjustment due to a change in operation capacity must show that the adjustment to the producer's benchmark revenue is due to an:

- (1) Addition or decrease in production capacity of the farming operation;
- (2) Increase or decrease in the use of existing production capacity; or
- (3) Physical alterations that were made to existing production capacity.

(f) If a producer began farming in 2020 or 2021 and did not have allowable gross revenue in a benchmark year, the producer may certify to an adjusted benchmark allowable gross revenue on form FSA-521 that represents what had been the producer's reasonably expected disaster year revenue prior to the impact of the qualifying disaster event. If requested by FSA, documentation required to support a producer's certification must be provided within 30 calendar days of FSA's request, or the producer will be considered ineligible for ERP Phase 2. Acceptable documentation must be generated in the ordinary course of business and dated prior to the impact of the disaster event and includes, but is not limited to:

- (1) Financial documents such as a business plan or cash flow statement that demonstrate an expected level of revenue;
- (2) Sales contracts or purchase agreements; and
- (3) Documentation supporting production capacity, use of existing production capacity, or physical alterations that demonstrate production capacity.

(g) The allowable gross revenue will be based on the year for which the revenue would be reported for the purpose of filing a tax return, except for the ERP Phase 1 payments specified in paragraph (a)(12) of this section.

(h) Producers who file or would be eligible to file a joint tax return will certify their allowable gross revenue

based on what it would have been had they filed taxes separately for the applicable year.

(i) On form FSA-521, for each applicable disaster year, producers must indicate the percentage of their allowable gross revenue from specialty and high value crops and the percentage from other crops. The percentages certified must be equal to the percentages that the producer would have reasonably expected to receive for the disaster year if not for the qualifying disaster event.

(j) The Deputy Administrator may determine that certain eligible crops produced by a producer that do not generate revenue for the producer directly from the sale of the crop and that the producer uses within their ordinary operation may be included in a producer's allowable gross revenue. This determination is at the Deputy Administrator's discretion. The value of the eligible crop reported in the producer's allowable gross revenue will be based on the producer's actual production of the crop and a price for the crop based on the best available data for each crop, as determined by the Deputy Administrator and published through guidance on FSA's website.

[88 FR 1883, Jan. 11, 2023 as amended at 88 FR 39768, June 20, 2023]

§ 760.1904 Time and method of application.

(a) A completed FSA-521, Emergency Relief Program (ERP) Phase 2 Application, must be submitted to the producer's recording county office by the close of business on the date announced by the Deputy Administrator. Applications may be submitted in person or by mail, email, facsimile, or other methods announced by FSA.

(b) Failure of an individual, entity, or a member of an entity to submit the following payment limitation and payment eligibility forms within 60 days from the date of the ERP Phase 2 application deadline, may result in no payment or a reduced payment:

- (1) Form AD-2047, Customer Data Worksheet, for new customers or existing customers who need to update their customer profile;
- (2) Form CCC-860, Socially Disadvantaged, Limited Resource, Beginning

Farm Service Agency, USDA

§ 760.1905

and Veteran Farmer or Rancher Certification, applicable for the program year or years for which the producer is applying for ERP;

(3) Form CCC-901, Member Information for Legal Entities, if applicable;

(4) Form CCC-902, Farm Operating Plan for an individual or legal entity as provided in 7 CFR part 1400;

(5) Form FSA-510, Request for an Exception to the \$125,000 Payment Limitation for Certain Programs, accompanied by a certification from a certified public accountant or attorney as to that person or legal entity's certification, for a legal entity and all members of that entity, for each applicable program year, including the legal entity's members, partners, or shareholders, as provided in 7 CFR part 1400; and

(6) Form AD-1026, Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification, for the ERP Phase 2 applicant and applicable affiliates as provided in 7 CFR part 12.

(c) If requested by FSA, the producer must provide additional documentation that establishes the producer's eligibility for ERP Phase 2. If supporting documentation is requested, the documentation must be submitted to FSA within 30 calendar days from the request or the application will be disapproved by FSA. FSA may request supporting documentation to verify information provided by the producer and the produce's eligibility including, but not limited to, the producer's:

(1) Allowable gross revenue reported on the ERP Phase 2 application;

(2) Percentages of the expected allowable gross revenue from:

(i) Specialty and high value crops; and

(ii) Other crops; and

(3) Ownership share in the agricultural commodities.

§ 760.1905 Payment calculation.

(a) ERP Phase 2 payments will be calculated separately for each disaster year. If a producer indicates that they have expected revenue for both specialty and high value crops and other crops for a disaster year, a payment will be calculated separately for:

(1) Specialty and high value crops; and

(2) Other crops.

(b) To determine a producer's ERP Phase 2 payment amount, FSA will calculate:

(1) The producer's benchmark year allowable gross revenue, adjusted according to 7 CFR 760.1903, if applicable, multiplied by the ERP factor of 70 percent; minus

(2) The producer's disaster year allowable gross revenue; minus

(3) The sum of the producer's gross ERP Phase 1 payments for the 2020 program year, if the calculation is for the 2020 disaster year, or for the 2021 and 2022 program years, if the calculation is for the 2021 disaster year; minus

(4) The sum of the producer's net CFAP payments (excluding payments for contract producer revenue), net 2020 WHIP+ payments, and net 2020 Quality Loss Adjustment (QLA) Program payments, if the calculation is for the 2020 disaster year; and

(5) Multiplied by the percentage of the expected disaster year revenue for specialty and high value crops or other crops, as applicable, to determine the separate payments for specialty and high value crops or other crops.

(c) FSA will issue an initial payment equal to the lesser of the amount calculated according to this section or the maximum initial payment amount of \$2,000. If a producer has also received a payment under ERP Phase 1, FSA will reduce the producer's initial ERP Phase 2 payment amount by subtracting the producer's ERP Phase 1 gross payment amount.

(d) After the close of the ERP Phase 2 application period, FSA will issue a final payment equal to the amount calculated according to this section minus the amount of the producer's initial payment. If total calculated payments exceed the total funding available for ERP Phase 2, the ERP factor may be adjusted and the final payment amounts will be prorated to stay within the amount of available funding. If there are insufficient funds, a differential of 15 percent will be used for underserved producers similar to ERP Phase 1, but with a cap at the statutory maximum of 70 percent. For example, if the ERP Factor is set at 50 percent, the

§ 760.1906

7 CFR Ch. VII (1–1–24 Edition)

factor used for underserved producers will be 65 percent, but if the factor is set at 55 percent or higher, the factor for underserved producers will be capped at 70 percent.

(e) If a producer receives assistance through CFAP or ERP Phase 1 after their ERP Phase 2 payment is calculated, the producer's ERP Phase 2 payment will be recalculated and the producer must refund any resulting overpayment.

[88 FR 1883, Jan. 11, 2023, as amended at 88 FR 62292, Sept. 11, 2023]

§ 760.1906 Payment limitation and attribution.

(a) The payment limitation for ERP is determined by the person's or legal entity's average adjusted gross farm income (income from activities related to farming, ranching, or forestry). Specifically, if their average adjusted gross farm income is less than 75 percent of their average adjusted gross income (AGI) for the three taxable years preceding the most immediately preceding complete tax year, a person or legal entity, other than a joint venture or general partnership, cannot receive, directly or indirectly, more than \$125,000 in payments for specialty crops and high value crops¹ and \$125,000 in payment for all other crops under:

(1) ERP Phase 1 for program year 2020 and ERP Phase 2 for program year 2020, combined; and

(2) ERP Phase 1 for program year 2021 and ERP Phase 2 for program year 2021, combined.

(b) If at least 75 percent of the person or legal entity's average AGI is derived from farming, ranching, or forestry related activities and the producer provides the required certification and documentation, as discussed below, the person or legal entity, other than a joint venture or general partnership, is eligible to receive, directly or indirectly, up to:

¹High value crops were not defined in ERP Phase 1; therefore, only ERP Phase 1 payments for specialty crops, as defined in the ERP Phase 1 notice of funds availability, will be counted toward the increased payment limitation for specialty and high value crops.

(1) \$900,000 for specialty crops and high value crops combined for:

(i) ERP Phase 1 for program year 2020 and ERP Phase 2 for program year 2020, combined; and

(ii) ERP Phase 1 for program year 2021 and ERP Phase 2 for program year 2021, combined.; and

(2) \$250,000 for all other crops for:

(i) ERP Phase 1 for program year 2020 and ERP Phase 2 for program year 2020, combined; and

(ii) ERP Phase 1 for program year 2021 and ERP Phase 2 for program year 2021, combined.

(c) The relevant tax years for establishing a producer's AGI and percentage derived from farming, ranching, or forestry related activities are:

(1) Years 2016, 2017, and 2018 for program year 2020; and

(2) Years 2017, 2018, and 2019 for program year 2021.

(d) To receive more than \$125,000 in ERP payments, producers must submit form FSA-510, accompanied by a certification from a certified public accountant or attorney as to that person or legal entity's certification. If a producer requesting the increased payment limitation is a legal entity, all members of that entity must also complete form FSA-510 and provide the required certification according to the direct attribution provisions in 7 CFR 1400.105, "Attribution of Payments." If a legal entity would be eligible for the increased payment limitation based on the legal entity's average AGI from farming, ranching, or forestry related activities but a member of that legal entity either does not complete a form FSA-510 and provide the required certification or is not eligible for the increased payment limitation, the payment to the legal entity will be reduced for the limitation applicable to the share of the ERP Phase 2 payment attributed to that member.

(e) If a producer files form FSA-510 and the accompanying certification after their ERP Phase 2 payment is issued but before the deadline announced by FSA, FSA will process the form FSA-510 and issue the additional payment amount if a maximum initial payment amount has not been reached.

(f) A payment made to a legal entity will be attributed to those members

who have a direct or indirect ownership interest in the legal entity, unless the payment of the legal entity has been reduced by the proportionate ownership interest of the member due to that member's ineligibility. Attribution of payments made to legal entities will be tracked through four levels of ownership in legal entities as follows:

(1) First level of ownership: Any payment made to a legal entity that is owned in whole or in part by a person will be attributed to the person in an amount that represents the direct ownership interest in the first-level or payment legal entity;

(2) Second level of ownership: Any payment made to a first-level legal entity that is owned in whole or in part by another legal entity (referred to as a second-level legal entity) will be attributed to the second-level legal entity in proportion to the ownership of the second-level legal entity in the first-level legal entity; if the second-level legal entity is owned in whole or in part by a person, the amount of the payment made to the first-level legal entity will be attributed to the person in the amount that represents the indirect ownership in the first-level legal entity by the person;

(3) Third and fourth levels of ownership: Except as provided in the second-level ownership in paragraph (f)(2) of this section and in the fourth level of ownership in paragraph (f)(4) of this section, any payments made to a legal entity at the third and fourth levels of ownership will be attributed in the same manner as specified in paragraph (f)(2) of this section; and

(4) Fourth-level of ownership: If the fourth level of ownership is that of a legal entity and not that of a person, a reduction in payment will be applied to the first-level or payment legal entity in the amount that represents the indirect ownership in the first-level or payment legal entity by the fourth-level legal entity.

(g) Payments made directly or indirectly to a person who is a minor child will not be combined with the earnings of the minor's parent or legal guardian.

(h) A producer that is a legal entity must provide the names, addresses, ownership share, and valid taxpayer identification numbers of the members

holding an ownership interest in the legal entity. Payments to a legal entity will be reduced in proportion to a member's ownership share when a valid taxpayer identification number for a person or legal entity that holds a direct or indirect ownership interest, at the first through fourth levels of ownership in the business structure, is not provided to FSA.

(i) If an individual or legal entity is not eligible to receive ERP Phase 2 payments due to the individual or legal entity failing to satisfy payment eligibility provisions, the payment made either directly or indirectly to the individual or legal entity will be reduced to zero. The amount of the reduction for the direct payment to the producer will be commensurate with the direct or indirect ownership interest of the ineligible individual or ineligible legal entity.

(j) Like other programs administered by FSA, payments made to an Indian Tribe or Tribal organization, as defined in section 4(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304), will not be subject to payment limitation.

[88 FR 1883, Jan. 11, 2023 as amended at 88 FR 39768, June 20, 2023]

§ 760.1907 Eligibility subject to verification.

(a) Producers who are approved for participation in ERP Phase 2 are required to retain documentation in support of their application for 3 years after the date of approval.

(b) Participants receiving ERP Phase 2 payments must permit authorized representatives of USDA or the Government Accountability Office, during regular business hours, to enter the agricultural operation and to inspect, examine, and to allow representatives to make copies of books, records, or other items for the purpose of confirming the accuracy of the information provided by the participant.

§ 760.1908 Miscellaneous provisions.

(a) If an ERP Phase 2 payment resulted from erroneous information provided by a producer, or any person acting on their behalf, the payment will be recalculated and the producer must

§ 760.1909

refund any excess payment with interest calculated from the date of the disbursement of the payment.

(b) If FSA determines that the producer intentionally misrepresented information provided on their application, the application will be disapproved and the producer must refund the full payment to FSA with interest from the date of disbursement.

(c) Any required refunds must be resolved in accordance with part 3 of this title.

(d) A producer, whether a person or legal entity, that either fails to timely provide all required documentation or fails to satisfy any eligibility requirement for ERP Phase 2, is not eligible to receive ERP Phase 2 payments, directly or indirectly. An ERP Phase 2 payment to an eligible legal entity applicant whose member(s) either fails to timely provide all required documentation or fails to satisfy any eligibility requirement for ERP Phase 2 will be reduced proportionate to that member's ownership interest in the legal entity.

(e) Any payment under this subpart will be made without regard to questions of title under State law and without regard to any claim or lien against the commodity or proceeds from the sale of the commodity. The regulations governing offsets in part 3 of this title apply to payments made under this subpart.

(f) For the purposes of the effect of a lien on eligibility for Federal programs (28 U.S.C. 3201(e)), USDA waives the restriction on receipt of funds under ERP Phase 2 but only as to beneficiaries who, as a condition of the waiver, agree to apply the ERP Phase 2 payments to reduce the amount of the judgment lien.

(g) In addition to any other Federal laws that apply to ERP Phase 2, the following laws apply: 15 U.S.C. 714; 18 U.S.C. 286, 287, 371, and 1001.

§ 760.1909 Perjury.

In either applying for or participating in ERP Phase 2, or both, the producer is subject to laws against perjury and any resulting penalties and prosecution, including, but not limited to, 18 U.S.C. 1621. If the producer willfully makes and represents as true any

7 CFR Ch. VII (1-1-24 Edition)

verbal or written declaration, certification, statement, or verification that the producer knows or believes not to be true, in the course of either applying for or participating in ERP Phase 2, or both, then the producer may be guilty of perjury and, except as otherwise provided by law, may be fined, imprisoned for not more than 5 years, or both, regardless of whether the producer makes such verbal or written declaration, certification, statement, or verification within or without the United States.

§ 760.1910 Requirement to purchase crop insurance or NAP coverage.

(a) Producers must report all crops that suffered a revenue loss in whole or in part due to a qualifying disaster event on form FSA-522, Crop Insurance and/or NAP Coverage Agreement.

(b) All producers who receive ERP Phase 2 payments must file an accurate acreage report and purchase crop insurance or NAP coverage where crop insurance is not available, for the next 2 available crop years. For each crop reported according to paragraph (a) of this section, participants must obtain crop insurance or NAP, as may be applicable:

(1) At a coverage level equal to or greater than 60 percent for insurable crops; or

(2) At the catastrophic level or higher for NAP crops.

(c) Availability will be determined from the date a producer receives an ERP payment and may vary depending on the timing and availability of crop insurance or NAP for a producer's particular crops. The final crop year to purchase crop insurance or NAP coverage to meet the second year of coverage for this requirement is the 2026 crop year.

(d) In situations where crop insurance is unavailable for a crop, an ERP participant must obtain NAP coverage. Section 1001D of the Food Security Act of 1985 (1985 Farm Bill) provides that a person or entity with an AGI greater than \$900,000 is not eligible to participate in NAP; however, producers with

Farm Service Agency, USDA

§ 761.1

an AGI greater than \$900,000 are eligible for ERP. To reconcile this restriction in the 1985 Farm Bill and the requirement to obtain NAP or crop insurance coverage, ERP participants may meet the purchase requirement by purchasing Whole-Farm Revenue Protection (WFRP) crop insurance coverage, if eligible, or they may pay the applicable NAP service fee despite their ineligibility for a NAP payment. In other words, the service fee must be paid even though no NAP payment may be made because the AGI of the person or entity exceeds the 1985 Farm Bill limitation.

(e) If both Federal crop insurance and NAP coverage are unavailable for a crop, the producer must obtain WFRP crop insurance coverage, if eligible.

(f) For all crops listed on form FSA-522, producers who have the crop or crop acreage in subsequent years and who fail to obtain the 2 years of crop insurance or NAP coverage required as required by this section, must refund the ERP Phase 2 payment with interest from the date of disbursement. Producers who do not plant a crop listed on form FSA-522 in a year for which this requirement applies are not subject to the crop insurance or NAP purchase requirement for that year.

(g) Producers who received an ERP Phase 1 payment for a crop are not required to obtain additional years of crop insurance or NAP coverage for that crop if they also receive an ERP Phase 2 payment for a loss associated with that crop.

Subpart A—General Provisions

§ 761.1 Introduction.

(a) The Administrator delegates the responsibility to administer Farm Loan Programs of the Consolidated Farm and Rural Development Act (7

§761.2

7 CFR Ch. VII (1–1–24 Edition)

U.S.C. 1921 *et seq.*) to the Deputy Administrator for Farm Loan Programs subject to any limitations established in 7 CFR 2.16(a)(2) and 7 CFR 2.42.

(b) The Deputy Administrator:

(1) Delegates to each State Executive Director within the State Executive Director's jurisdiction the authority, and in the absence of the State Executive Director, the person acting in that position, to act for, on behalf of, and in the name of the United States of America or the Farm Service Agency to do and perform acts necessary in connection with making and guaranteeing loans, such as, but not limited to, making advances, servicing loans and other indebtedness, and obtaining, servicing, and enforcing or releasing security and other instruments related to the loan. For actions that do not result in a loss to the Farm Service Agency, a State Executive Director may redelegate authorities received under this paragraph to a Farm Loan Chief, Farm Loan Specialist, District Director, Farm Loan Manager, or Senior Farm Loan Officer, Farm Loan Officer, Loan Analyst, Loan Resolution Specialist, or Program Technician.

(2) May establish procedures for further re delegation or limitation of authority.

(c) This part and parts 762 through 767 of this subchapter describe the Agency's policies for its Farm Loan Programs. (1) If the financial institution is not a member of the Federal Reserve System, the institution must pledge acceptable collateral with a correspondent bank that is a member of the Federal Reserve System. The correspondent bank must inform the Federal Reserve Bank that it is holding securities pledged for the supervised bank account in accordance with 31 CFR part 202 (Treasury Circular 176).

(2) When the balance in the account has been reduced, the financial institution may request a release of part or

(b) Loan proceeds may be deposited electronically.

§ 761.53 Interest bearing accounts.

(a) A supervised bank account, if possible, will be established as an interest bearing deposit account provided that the funds will not be immediately disbursed, and the account is held jointly by the borrower and the Agency if this arrangement will benefit the borrower.

(b) Interest earned on a supervised bank account will be treated as normal income security.

§ 761.54 Withdrawals from a supervised bank account.

(a) The Agency will authorize a withdrawal from the supervised bank account for an approved purpose after ensuring that:

(1) Sufficient funds in the supervised bank account are available;

(2) No loan proceeds are disbursed prior to confirmation of proper lien position, except to pay for lien search if needed;

(c) The Agency will withdraw funds from a supervised bank account without borrower counter-signature only for the following purposes:

(1) For application on Agency indebtedness;

(2) To refund Agency loan funds;

(3) To protect the Agency's lien or security;

(4) To accomplish a purpose for which such advance was made; or

(5) In the case of a deceased borrower, to continue to pay necessary farm expenses to protect Agency security in conjunction with the borrower's estate.

§ 761.55 Closing a supervised bank account.

(a) If the supervised bank account is no longer needed and the loan account is not paid in full, the Agency will determine the source of the remaining funds in the supervised bank account. If the funds are determined to be:

(1) Loan funds:

(i) From any loan type, except Youth loan, and the balance is less than \$1,000, the Agency will provide the balance to the borrower to use for authorized loan purposes;

(ii) From a Youth loan, and the balance is less than \$100, the Agency will provide the balance to the borrower to use for authorized loan purposes;

(2) Loan funds:

(i) From any loan type, except Youth loan, and the balance is \$1,000 or greater, the Agency will apply the balance to the FLP loan;

(ii) From a Youth loan, and the balance is \$100 or greater, the Agency will apply the balance to the FLP loan;

(3) Normal income funds, the Agency will apply the balance to the remaining current year's scheduled payments and pay any remaining balance to the borrower; and

(4) Basic security funds, the Agency will apply the balance to the FLP loan as an extra payment or the borrower may apply the balance toward the purchase of basic security, provided the Agency obtains a lien on such security and its security position is not diminished.

(b) If the borrower is uncooperative in closing a supervised bank account, the Agency will make written demand to the financial institution for the balance and apply it in accordance with paragraph (a) of this section.

(c) In the event of a borrower's death, the Agency may:

(1) Apply the balance to the borrower's FLP loan;

§§ 761.56–761.100

(4) Continue to pay expenses from the supervised bank account in conjunction with the borrower's estate.

- (2) Revenues, by source;
- (3) Other sources of funds, including borrowed funds;

- (2) Submit financial information and an updated farm operating plan when requested by the Agency;
- (3) Immediately notify the Agency of any proposed or actual significant

change in the farming operation, any significant changes in family income, expenses, or the development of problem situations, or any losses or proposed significant changes in security.

(c) If the borrower fails to comply with these requirements, unless due to reasons outside the borrower's control, the non-compliance may adversely impact future requests for assistance.

[72 FR 63285, Nov. 8, 2007, as amended at 87 FR 13123, Mar. 9, 2022]

§ 761.103 Farm assessment.

(a) The Agency, in collaboration with the applicant, will assess the farming operation to:

(1) Determine the applicant's financial condition, organizational structure, and management strengths and weaknesses;

(2) Identify and prioritize training and progression lending needs; and

(3) Develop a progressive lending plan to assist the borrower in achieving financial viability and transitioning to private commercial credit or other sources of credit in the shortest time practicable, except for CL.

(b) Except for ML, the initial assessment must evaluate, at a minimum, the:

- (1) Farm organization and key personnel qualifications;
- (2) Type of farming operation;
- (3) Goals for the operation;
- (4) Adequacy of real estate, including facilities, to conduct the farming operation;
- (5) Adequacy of chattel property used to conduct the farming operation;
- (6) Historical performance, except for streamlined CL;
- (7) Farm operating plan;
- (8) Progression lending plan, except for streamlined CL;
- (9) Training plan; and
- (10) Graduation plan, except for CL.

(c) For ML, the Agency will complete a narrative that will evaluate, at a minimum, the:

- (2) Amount of assistance necessary to cover expenses to carry out the proposed farm operating plan, including building an adequate equity base;
- (3) The goals of the operation;

(e) The Agency reviews the assessment to determine a borrower's progress at least annually, combining any required classification and graduation reviews as part of the review. For streamlined CLs, the borrower must provide a current balance sheet and income tax records. Any negative trends noted between the previous years' and the current years' information must be evaluated and addressed in the assessment of the streamlined CL borrower.

(f) If a CL borrower becomes financially distressed, delinquent, or receives any servicing options available under part 766 of this chapter, all elements of the assessment in paragraph (b) of this section must be addressed.

[72 FR 63285, Nov. 8, 2007, as amended at 75 FR 54012, Sept. 3, 2010; 76 FR 5057, Jan. 28, 2011; 78 FR 3835, Jan. 17, 2013; 78 FR 65529, Nov. 1, 2013; 86 FR 43391, Aug. 9, 2021; 87 FR 13123, Mar. 9, 2022]

§ 761.104 Developing the farm operating plan.

(a) An applicant or borrower must submit a farm operating plan to the Agency, upon request, for loan making or servicing purposes.

(b) An applicant or borrower may request Agency assistance in developing the farm operating plan.

(c) The farm operating plan will be based on accurate and verifiable information.

(1) Historical information will be used as a guide.

(2) Positive and negative trends, mutually agreed upon changes and improvements, and current input prices will be taken into consideration when arriving at reasonable projections.

(3) Projected yields will be calculated according to the following priorities:

(i) The applicant or borrower's own production records for the previous 3 years;

(ii) The per-acre actual production history of the crops produced by the farming operation used to determine Federal crop insurance payments, if available;

(iii) FSA Farm Program actual yield records;

(iv) County averages;

(v) State averages.

(4) If the applicant or borrower's production history has been substantially affected by a disaster declared by the President or designated by the Secretary of Agriculture, or the applicant or borrower has had a qualifying loss from such disaster but the farming operation was not located in a declared or designated disaster area, the applicant or borrower may:

(i) Use county average yields, or state average yields if county average yields are not available, in place of the disaster year yields when the county or state average yields are realistic and reasonable compared to the applicant's actual non-disaster year yields, as determined by the agency approval official; or

(ii) Exclude the production year with the lowest actual or county average yield if their yields were affected by disasters during at least 2 of the 3 years.

(d) Unit prices for agricultural commodities established by the Agency will generally be used. Applicants and borrowers that provide evidence that they will receive a premium price for a commodity may use a price above the price established by the Agency.

(e) For MLs, when projected yields and unit prices cannot be determined as specified in paragraphs (c) and (d) of this section because the data is not available or practicable, other documentation from other reliable sources may be used to assist in developing the applicant's farm operating plan.

(f) Except as provided in paragraph (g) of this section, the applicant or borrower must sign the final farm operating plan prior to approval of any loan or servicing action.

(g) If the Agency believes the applicant or borrower's farm operating plan is inaccurate, or the information upon

§ 761.105

which it is based cannot be verified, the Agency will discuss and try to resolve the concerns with the applicant or borrower. If an agreement cannot be reached, the Agency will make loan approval and servicing determinations based on the Agency's revised farm operating plan.

[72 FR 63285, Nov. 8, 2007, as amended at 78 FR 3835, Jan. 17, 2013; 86 FR 43391, Aug. 9, 2021]

(2) Is financially distressed or delinquent;

(3) Has a loan deferred, excluding deferral of an installment under subpart B of part 766; or

(4) Is receiving a limited resource interest rate on any loan, in which case the review will be completed at least every 2 years.

(b) To the extent practicable, the year-end analysis will be completed within 60 days after the end of the business year or farm budget planning period and must include:

(1) An analysis comparing actual income, expenses, and production to projected income, expenses, and production for the preceding production cycle; and

(2) An updated farm operating plan.

Subpart D—Allocation of Farm Loan Programs Funds to State Offices

§ 761.201 Purpose.

(a) This subpart addresses:

(1) The allocation of funds for direct and guaranteed FO, CL, and OL loans;

(2) The establishment of socially disadvantaged target participation rates; and

(3) The reservation of loan funds for beginning farmers.

7 CFR Ch. VII (1–1–24 Edition)

(b) The Agency does not allocate EM loan funds to State Offices but makes funds available following a designated or declared disaster. EM loan funds are available on a first-come first-served basis.

(c) State funding information is available for review in any State Office.

§ 761.202 Timing of allocations.

The Agency's National Office allocates funds for FO, CL, and OL loans to the State Offices on a fiscal year basis, as made available by the Office of Management and Budget. However, the National Office will retain control over the funds when funding or administrative constraints make allocation to State Offices impractical.

[72 FR 63285, Nov. 8, 2007, as amended at 75 FR 54013, Sept. 3, 2010]

§ 761.203 National reserves for Farm Ownership and Operating loans.

(a) *Reservation of funds.* At the start of each fiscal year, the National Office reserves a portion of the funds available for each direct and guaranteed loan program. These reserves enable the Agency to meet unexpected or justifiable program needs during the fiscal year.

(b) *Allocation of reserved funds.* The National Office distributes funds from the reserve to one or more State Offices to meet a program need or Agency objective.

§ 761.204 Methods of allocating funds to State Offices.

FO, CL, and OL loan funds are allocated to State Offices using one or more of the following allocation methods:

(a) Formula allocation, if data, as specified in § 761.205, is available to use the formula for the State.

(b) Administrative allocation, if the Agency cannot adequately meet program objectives with a formula allocation. The National Office determines the amount of an administrative allocation on a case-by-case basis.

Farm Service Agency, USDA

§ 761.208

(c) Base allocation, to ensure funding for at least one loan in each State, District, or County Office. In making a base allocation, the National Office may use criteria other than those used in the formula allocation, such as historical Agency funding information.

[72 FR 63285, Nov. 8, 2007, as amended at 75 FR 54013, Sept. 3, 2010]

§ 761.205 Computing the formula allocation.

(a) The formula allocation for FO, CL, or OL loan funds is equal to:

(1) The amount available for allocation by the Agency minus the amounts

held in the National Office reserve and distributed by base and administrative allocation, multiplied by

(2) The State Factor, which represents the percentage of the total amount of the funds for a loan program that the National Office allocates to a State Office.

formula allocation = (amount available for allocation – national reserve – base allocation – administrative allocation) × State Factor

(b) To calculate the State Factor, the Agency:

(1) Uses the following criteria, data sources, and weights:

Criteria	Loan type criterion is used for	Data source	Weight for FO loans (percent)	Weight for OL loans (percent)
Farm operators with sales of \$2,500–\$39,999 and less than 200 days work off the farm.	FO, CL, and OL loans	U.S. Census of Agriculture.	15	15
Farm operators with sales of \$40,000 or more and less than 200 days work off farm.	FO, CL, and OL loans	U.S. Census of Agriculture.	35	35
Tenant farm operators	FO, CL, and OL loans	U.S. Census of Agriculture.	25	20
3-year average net farm income	FO, CL, and OL loans	USDA Economic Research Service.	15	15
Value of farm real estate assets	FOs and CLs	USDA Economic Research Service.	10	N/A
Value of farm non-real estate assets	OL loans	USDA Economic Research Service.	N/A	15

(2) Determines each State’s percentage of the national total for each criterion;

(3) Multiplies the percentage for each State determined in paragraph (b)(2) of this section by the applicable weight for that criterion;

(4) Sums the weighted criteria for each State to obtain the State factor.

§ 761.206 Pooling of unobligated funds allocated to State Offices.

The Agency periodically pools unobligated FO, CL, and OL loan funds that have been allocated to State Offices. When pooling these funds, the Agency places all unobligated funds in the appropriate National Office reserve. The pooled funds may be retained in the national reserve or reallocated to the States.

§ 761.207 Distribution of loan funds by State Offices.

A State Office may distribute its allocation of loan funds to District or County level using the same allocation methods that are available to the National Office. State Offices may reserve a portion of the funds to meet unexpected or justifiable program needs during the fiscal year.

§ 761.208 Target participation rates for socially disadvantaged groups.

(a) *General.* (1) The Agency establishes target participation rates for providing FO, CL, and OL loans to members of socially disadvantaged groups.

(2) The Agency sets the target participation rates for State and County levels annually.

(3) When distributing loan funds in counties within Indian reservations, the Agency will allocate the funds on a reservation-wide basis.

(4) The Agency reserves and allocates sufficient loan funds to achieve these

target participation rates. The Agency may also use funds that are not reserved and allocated for socially disadvantaged groups to make or guarantee loans to members of socially disadvantaged groups.

(b) *FO and CL, loans based on ethnicity or race.* The FO and CL, loan target participation rate based on ethnicity or race in each:

(1) State is equal to the percent of the total rural population in the State who are members of such socially disadvantaged groups.

(2) County is equal to the percent of rural population in the county who are members of such socially disadvantaged groups.

(c) *OL loans based on ethnicity or race.* The OL loan target participation rate based on ethnicity or race in each:

(1) State is equal to the percent of the total number of farmers in the State who are members of such socially disadvantaged groups.

(2) County is equal to the percent of the total number of farmers in the county who are members of socially disadvantaged ethnic groups.

(d) *Women farmers.* (1) The target participation rate for women farmers in each:

(i) State is equal to the percent of farmers in the State who are women.

(ii) County is equal to the percent of farmers in the county who are women.

(2) In developing target participation rates for women, the Agency will consider the number of women who are current farmers and potential farmers.

When evaluating these offers, the Agency will consider the likelihood of the debtor obtaining a larger income or additional assets, including inheritance prospects within 5 years, from which legal or enforced collection could be made.

(c) A borrower is not eligible for debt settlement if:

- (1) The borrower is indebted on another active FLP loan that the borrower cannot or will not debt settle; or
- (2) The debt has been referred to the OIG, OGC, or Justice because of suspected civil or criminal violation, unless investigation was declined or advice was provided that the debt can be canceled, compromised, or adjusted.

(2) The amount is reasonable based on the Agency's determination of what the borrower can pay to settle the debt.

(b) *Adjustment*. The Agency may settle a debt owed to the Agency through an adjustment agreement if the requirements of this subpart are met and:

(1) The borrower agrees to pay the adjustment amount for a period of time not to exceed 5 years; and

(2) The amount is reasonable based on the Agency's determination of what the borrower can pay to settle the debt; and

(3) The borrower provides documentation that funds are, or will be, available to pay the adjustment offer through its term.

(c) *Cancellation*. The Agency may cancel a debt owed to the Agency if the requirements of this subpart are met and the application and supporting documents indicate that the borrower is unable to pay a compromise or adjustment offer.

§ 761.407 Failure to pay.

(a) Failure to pay any compromise amount approved by FSA by the date

agreed will result in cancellation of the compromise agreement.

(b) Failure to pay debt adjustment amounts approved by FSA by the dates agreed will result in cancellation of the adjustment agreement.

(c) A debtor who has entered into an agreement under this subpart may request that FSA extend a repayment date for 90 days. The debtor must provide information that supports the basis for the request at the time the request is made.

(d) If a debtor is delinquent under the terms of an adjustment agreement and FSA determines the debtor is likely to be financially unable to meet the terms of the agreement, the existing agreement may be cancelled and the debtor may be allowed to apply for a different type of settlement more consistent with the debtor's repayment ability.

(e) If an agreement is cancelled, any payments received will be retained as payments on the debt owed.

§ 761.408 Administrator authority.

On an individual case basis, the Agency may consider granting an exception to any requirement of this part if:

(a) The exception is not inconsistent with the authorizing statute or other applicable law; and

(b) The Agency's financial interest would be adversely affected by acting in accordance with this part and granting an exception would resolve or eliminate the adverse effect upon its financial interest.

§§ 762.1–762.100 [Reserved]

§ 762.101 Introduction.

(a) *Scope.* This subpart contains regulations governing Operating loans, Farm Ownership loans, and Conservation loans guaranteed by the Agency. This subpart applies to lenders, holders, borrowers, Agency personnel, and other parties involved in making, guaranteeing, holding, servicing, or liquidating such loans.

(b) *Lender list.* The Agency maintains a current list of lenders who express a desire to participate in the guaranteed loan program. This list is made available to farmers upon request.

(c) *Lender classification.* Lenders who participate in the Agency guaranteed loan program will be classified into one of the following categories:

- (1) Standard Eligible Lender under § 762.105;
 - (2) Certified Lender;
 - (3) Preferred Lender under § 762.106;
- or

(4) Micro Lender under § 762.107.

(d) *Type of guarantee.* Guarantees are available for both a loan note or a line of credit. A loan note is used for a loan of fixed amount and term. A line of credit has a fixed term, but no fixed amount. The principal amount outstanding at any time, however, may not exceed the line of credit ceiling contained in the contract. Both guarantees are evidenced by the same loan guarantee form.

(e) *Termination of loan guarantee.* The loan guarantee will automatically terminate as follows:

(1) Upon full payment of the guaranteed loan. A zero balance within the period authorized for advances on a line of credit will not terminate the guarantee;

(2) Upon payment of a final loss claim; or

(3) Upon written notice from the lender to the Agency that a guarantee is no longer desired provided the lender holds all of the guaranteed portion of the loan. The loan guarantee will be returned to the Agency office for cancellation within 30 days of the date of the notice by the lender.

§ 762.102 Abbreviations and definitions.

Abbreviations and definitions for terms used in this part are provided in § 761.2 of this chapter.

[72 FR 63297, Nov. 8, 2007]

§ 762.103 Full faith and credit.

(a) *Fraud and misrepresentation.* The loan guarantee constitutes an obligation supported by the full faith and credit of the United States. The Agency may contest the guarantee only in cases of fraud or misrepresentation by a lender or holder, in which:

(1) The lender or holder had actual knowledge of the fraud or misrepresentation at the time it became the lender or holder, or

(2) The lender or holder participated in or condoned the fraud or misrepresentation.

(b) *Lender violations.* The loan guarantee cannot be enforced by the lender,

regardless of when the Agency discovers the violation, to the extent that the loss is a result of:

- (1) Violation of usury laws;
- (2) Negligent servicing;
- (3) Failure to obtain the required security; or,
- (4) Failure to use loan funds for purposes specifically approved by the Agency.

(c) *Enforcement by holder.* The guarantee and right to require purchase will be directly enforceable by the holder even if:

- (1) The loan guarantee is contestable based on the lender's fraud or misrepresentation; or
- (2) The loan note guarantee is unenforceable by the lender based on a lender violation.

§ 762.104 Appeals.

(a) A decision made by the lender adverse to the borrower is not a decision by the Agency, whether or not concurred in by the Agency, and may not be appealed.

(b) The lender or Agency may request updated information from the borrower to implement an appeal decision.

(c) Appeals will be handled in accordance with parts 11 and 780 of this title.

[64 FR 7378, Feb. 12, 1999, as amended at 72 FR 63297, Nov. 8, 2007]

§ 762.105 Eligibility and substitution of lenders.

(a) *General.* To participate in FSA guaranteed farm loan programs, a lender must meet the eligibility criteria in this part. The standard eligible lender must demonstrate eligibility and provide such evidence as the Agency may request.

(b) *Standard eligible lender eligibility criteria.* (1) A lender must have experience in making and servicing agricultural loans and have the capability to make and service the loan for which a guarantee is requested;

(2) The lenders must not have losses or deficiencies in processing and servicing guaranteed loans above a level which would indicate an inability to properly process and service a guaranteed agricultural loan.

(3) A lender must be subject to credit examination and supervision by an ac-

ceptable State or Federal regulatory agency;

(4) The lender must maintain an office near enough to the collateral's location so it can properly and efficiently discharge its loan making and loan servicing responsibilities or use Agency approved agents, correspondents, branches, or other institutions or persons to provide expertise to assist in carrying out its responsibilities. The lender must be a local lender unless it:

(i) Normally makes loans in the region or geographic location in which the applicant's operation being financed is located, or

(ii) Demonstrates specific expertise in making and servicing loans for the proposed operation.

(5) The lender, its officers, or agents must not be debarred or suspended from participation in Government contracts or programs or be delinquent on a Government debt.

(c) *Substitution of lenders.* A new eligible lender may be substituted for the original lender, upon the original lender's concurrence, under the following conditions:

(1) The Agency approves of the substitution in writing by executing a modification of the guarantee to identify the new lender, the amount of debt at the time of the substitution and any new loan terms if applicable.

(2) The new lender agrees in writing to:

(i) Assume all servicing and other responsibilities of the original lender and to acquire the unguaranteed portion of the loan;

(ii) Execute a lender's agreement if one is not in effect;

(iii) [Reserved]

(iv) Give any holder written notice of the substitution. If the rate and terms are changed, written concurrence from the holder is required.

(3) The original lender will:

(i) Assign their promissory note, lien instruments, loan agreements, and other documents to the new lender.

(ii) If the loan is subject to an existing interest assistance agreement, submit a request for subsidy for the partial year that it has owned the loan.

(d) *Lender name or ownership changes.*

(1) When a lender begins doing business under a new name or undergoes an

§ 762.106

7 CFR Ch. VII (1-1-24 Edition)

ownership change the lender will notify the Agency.

(2) The lender's CLP, PLP, or MLP status is subject to reconsideration when ownership changes.

(3) The lender will execute a new lender's agreement when ownership changes.

[64 FR 7378, Feb. 12, 1999, as amended at 66 FR 7567, Jan. 24, 2001; 81 FR 72690, Oct. 21, 2016]

§ 762.106 Preferred and certified lender programs.

(a) *General.* (1) Lenders who desire PLP or CLP status must prepare a written request addressing:

(i) The States in which they desire to receive PLP or CLP status and their branch offices which they desire to be considered by the Agency for approval; and

(ii) Each item of the eligibility criteria for PLP or CLP approval in this section, as appropriate.

(2) The lender may include any additional supporting evidence or other information the lender believes would be helpful to the Agency in making its determination.

(3) The lender must send its request to the Agency State office for the State in which the lender's headquarters is located.

(4) The lender must provide any additional information requested by the Agency to process a PLP or CLP request if the lender continues with the approval process.

(b) *CLP criteria.* The lender must meet the following requirements to obtain CLP status:

(1) Qualify as a standard eligible lender under § 762.105;

(2) Have a lender loss rate not in excess of the maximum CLP loss rate established by the Agency and published periodically in a FEDERAL REGISTER Notice. The Agency may waive the loss rate criteria for those lenders whose loss rate was substantially affected by a disaster as defined in § 761.2(b) and part 759 of this chapter.

(3) Have proven an ability to process and service Agency guaranteed loans by showing that the lender:

(i) Submitted substantially complete and correct guaranteed loan applications; and

(ii) Serviced all guaranteed loans according to Agency regulations;

(4) Have made the minimum number of guaranteed OL, FO, CL, or SW loans established by the Agency and published periodically in a FEDERAL REGISTER Notice.

(5) Not be under any regulatory enforcement action such as a cease and desist order, written agreement, or an appointment of conservator or receiver, based upon financial condition;

(6) Designate a qualified person or persons to process and service Agency guaranteed loans for each of the lender offices which will process CLP loans. To be qualified, the person must meet the following conditions:

(i) Have attended Agency sponsored training in the past 12 months or will attend training in the next 12 months; and

(ii) Agree to attend Agency sponsored training each year;

(7) Use forms acceptable to the Agency for processing, analyzing, securing, and servicing Agency guaranteed loans and lines of credit;

(c) *PLP criteria.* The lender must meet the following requirements to obtain PLP status:

(1) Meet the CLP eligibility criteria under this section.

(2) Have a credit management system, satisfactory to the Agency, based on the following:

(i) The lender's written credit policies and underwriting standards;

(ii) Loan documentation requirements;

(iii) Exceptions to policies;

(iv) Analysis of new loan requests;

(v) Credit file management;

(vi) Loan funds and collateral management system;

(vii) Portfolio management;

(viii) Loan reviews;

(ix) Internal credit review process;

(x) Loan monitoring system; and

(xi) The board of director's responsibilities.

(3) Have made the minimum number of guaranteed OL, FO, CL, or SW loans established by the Agency and published periodically in a FEDERAL REGISTER Notice.

(4) Have a lender loss rate not in excess of the rate of the maximum PLP loss rate established by the Agency and

published periodically in a FEDERAL REGISTER Notice. The Agency may waive the loss rate criteria for those lenders whose loss rate was substantially affected by a disaster as defined in § 761.2(b) and part 759 of this chapter.

(5) Show a consistent practice of submitting applications for guaranteed loans containing accurate information supporting a sound loan proposal.

(6) Show a consistent practice of processing Agency guaranteed loans without recurring major or minor deficiencies.

(7) Demonstrate a consistent, above average ability to service guaranteed loans based on the following:

(i) Borrower supervision and assistance;

(ii) Timely and effective servicing; and

(iii) Communication with the Agency.

(8) Designate a person or persons, either by name, title, or position within the organization, to process and service PLP loans for the Agency.

(d) *CLP and PLP approval.* (1) If a lender applying for CLP or PLP status is or has recently been involved in a merger or acquisition, all loans and losses attributed to both lenders will be considered in the eligibility calculations.

(2) The Agency will determine which branches of the lender have the necessary experience and ability to participate in the CLP or PLP program based on the information submitted in the lender application and on Agency experience.

(3) Lenders who meet the criteria will be granted CLP or PLP status for a period not to exceed 5 years.

(4) PLP status will be conditioned on the lender carrying out its credit management system as proposed in its request for PLP status and any additional loan making or servicing requirements agreed to and documented the PLP lender's agreement. If the PLP lender's agreement does not specify any agreed upon process for a particular action, the PLP lender will act according to regulations governing CLP lenders.

(e) *Monitoring CLP and PLP lenders.* CLP and PLP lenders will provide information and access to records upon

Agency request to permit the Agency to audit the lender for compliance with these regulations.

(f) *Renewal of CLP or PLP status.* (1) PLP or CLP status will expire within a period not to exceed 5 years from the date the lender's agreement is executed, unless a new lender's Agreement is executed.

(2) Renewal of PLP or CLP status is not automatic. A lender must submit a written request for renewal of a lender's agreement with PLP or CLP status which includes information:

(i) Updating the material submitted in the initial application; and,

(ii) Addressing any new criteria established by the Agency since the initial application.

(3) PLP or CLP status will be renewed if the applicable eligibility criteria under this section are met, and no cause exists for denying renewal under paragraph (g) of this section.

(g) *Revocation of PLP or CLP status.* (1) The Agency may revoke the lender's PLP or CLP status at any time during the 5 year term for cause.

(2) Any of the following instances constitute cause for revoking or not renewing PLP or CLP status:

(i) Violation of the terms of the lender's agreement;

(ii) Failure to maintain PLP or CLP eligibility criteria. The Agency may allow a PLP lender with a loss rate which exceeds the maximum PLP loss rate, to retain its PLP status for a two-year period, if:

(A) The lender documents in writing why the excessive loss rate is beyond their control;

(B) The lender provides a written plan that will reduce the loss rate to the PLP maximum rate within two years from the date of the plan, and

(C) The Agency determines that exceeding the maximum PLP loss rate standard was beyond the control of the lender. Examples include, but are not limited to, a freeze with only local impact, economic downturn in a local area, drop in local land values, industries moving into or out of an area, loss of access to a market, and biological or chemical damage.

(D) The Agency will revoke PLP status if the maximum PLP loss rate is

§ 762.107

not met at the end of the two-year period, unless a second two year extension is granted under this subsection.

(iii) Knowingly submitting false or misleading information to the Agency;

(iv) Basing a request on information known to be false;

(v) Deficiencies that indicate an inability to process or service Agency guaranteed farm loan programs loans in accordance with this subpart;

(vi) Failure to correct cited deficiencies in loan documents upon notification by the Agency;

(vii) Failure to submit status reports in a timely manner;

(viii) Failure to use forms, or follow credit management systems (for PLP lenders) accepted by the Agency; or

(ix) Failure to comply with the reimbursement requirements of § 762.144(c)(7) and (c)(8).

(3) A lender which has lost PLP or CLP status must be reconsidered for eligibility to continue as a Standard Eligible Lender (for former PLP and CLP lenders), or as a CLP lender (for former PLP lenders) in submitting loan guarantee requests. They may reapply for CLP or PLP status when the problem causing them to lose their status has been resolved.

(c) *Renewal of MLP Status.* MLP Status will expire within a period not to exceed 5 years from the date the lender's agreement is executed, unless a new lender's agreement is executed.

(1) Renewal of MLP Status is not automatic. A lender must submit a new application for renewal.

(2) MLP Status will be renewed if the applicable eligibility criteria under this section are met, and no cause exists for denying renewal under paragraph (d)(1) of this section.

(d) *Revocation of MLP Status.* The Agency may revoke the lender's MLP Status at any time during the 5 year term for cause as specified in paragraph (d)(1) of this section.

(1) Any of the following instances constitutes cause for revoking or not renewing MLP Status:

(i) Violation of the terms of the lender's agreement;

§ 762.110 Loan application.

(a) *General.* This paragraph (a) specifies the general requirements for guaranteed loan applications:

(1) Lenders must perform at least the same level of evaluation and documentation for a guaranteed loan that the lender typically performs for non-guaranteed loans of a similar type and amount.

(2) The application thresholds in this section apply to any single loan, or package of loans submitted for consideration at any one time. A lender must not split a loan into two or more parts in order to fall below the threshold in order to avoid additional documentation.

(3) The Agency may require lenders with a lender loss rate in excess of the rate for CLP lenders to assemble additional documentation specified in paragraph (d) of this section.

(b) *EZ Guarantee loans.* MLP lenders may submit an EZ Guarantee application for loans up to \$50,000. All other lenders may submit EZ Guarantee applications for loans up to \$100,000. Lenders must submit:

(1) An EZ Guarantee application form.

(2) If the loan fails to pass the underwriting criteria for EZ Guarantee approval in § 762.125(d), or the responses in the application are insufficient for the Agency to make a loan decision, the lender must provide additional information as requested by the Agency.

(3) Balance sheet;

(4) Cash flow budget; and

(5) Credit report.

(d) *Loans over \$125,000.* A complete application for loans over \$125,000 will require items specified in paragraph (c) of this section, plus the following items:

(1) Verification of income;

(2) Verification of debts exceeding an amount determined by the Agency;

(3) Three years financial history;

(4) Three years of production history (for standard eligible lenders only);

(5) Proposed loan agreements; and,

(6) If construction or development is planned, a copy of the plans, specifications, and development schedule.

(e) *Applications from PLP lenders.* Notwithstanding paragraphs (c) and (d) of this section, a complete application for PLP lenders will consist of at least:

(1) An application form;

(2) A loan narrative;

(3) Any other items agreed to during the approval of the PLP lender's status and contained in the PLP lender agreement.

(f) *CL Guarantees.* In addition to the other requirements in this section, the following items apply when a lender is requesting a CL guarantee:

(1) Lenders must submit a copy of the conservation plan or Forest Stewardship Management Plan;

(2) Lenders must submit plans to transition to organic or sustainable agriculture when the funds requested will be used to facilitate the transition and the lender is requesting consideration for priority funding;

(3) When CL guarantee applicants meet all the following criteria, the cash flow budget requirement in this section will be waived:

(i) Be current on all payments to all creditors including the Agency (if currently an Agency borrower);

(ii) Debt to asset ratio is 40 percent or less;

(iii) Balance sheet indicates a net worth of 3 times the requested loan amount or greater; and

(g) *Submitting applications.* (1) All lenders must compile and maintain in their files a complete application for each guaranteed loan.

(2) The Agency will notify CLP lenders which items to submit to the Agency.

§§ 762.111-762.119

7 CFR Ch. VII (1-1-24 Edition)

(4) All lenders must certify that the required items, not submitted, are in their files.

(5) The Agency may request additional information from any lender or review the lender's loan file as needed to make eligibility and approval decisions.

(h) *Incomplete applications.* If the lender does not provide the information needed to complete its application by the deadline established in an Agency request for the information, the application will be considered withdrawn by the lender.

(i) *Conflict of interest.* (1) When a lender submits the application for a guaranteed loan, the lender will inform the Agency in writing of any relationship which may cause an actual or potential conflict of interest.

(2) Relationships include:

(i) The lender or its officers, directors, principal stockholders (except stockholders in a Farm Credit System institution that have stock requirements to obtain a loan), or other principal owners having a financial interest (other than lending relationships in the normal course of business) in the applicant or borrower.

(ii) The applicant or borrower, a relative of the applicant or borrower, anyone residing in the household of the applicant or borrower, any officer, director, stockholder or other owner of the applicant or borrower holds any stock or other evidence of ownership in the lender.

(iii) The applicant or borrower, a relative of the applicant or borrower, or anyone residing in the household of the applicant or borrower is an Agency employee.

(iv) The officers, directors, principal stockholders (except stockholders in a Farm Credit System institution that have stock requirements to obtain a loan), or other principal owners of the lender have substantial business dealings (other than in the normal course of business) with the applicant or borrower.

(v) The lender or its officers, directors, principal stockholders, or other principal owners have substantial business dealings with an Agency employee.

(3) The lender must furnish additional information to the Agency upon request.

(4) The Agency will not approve the application until the lender develops acceptable safeguards to control any actual or potential conflicts of interest.

(j) *Market placement program.* Except for CL guarantees, when the Agency determines that a direct applicant or borrower may qualify for guaranteed credit, the Agency may submit the applicant or borrower's financial information to one or more guaranteed lenders. If a lender indicates interest in providing financing to the applicant or borrower through the guaranteed loan program, the Agency will assist in completing the application for a guarantee.

§§ 762.111-762.119 [Reserved]

§ 762.120 Applicant eligibility.

Unless otherwise provided, applicants must meet all of the following requirements to be eligible for a guaranteed OL, FO, or CL.

(a) *Agency loss.* (1) Except as provided in paragraph (a)(2) of this section, the applicant, and anyone who will execute the promissory note, has not caused the Agency a loss by receiving debt forgiveness on all or a portion of any direct or guaranteed loan made under the authority of the Act by debt write-down or write-off; compromise, adjustment, reduction, or charge-off under the provisions of section 331 of the Act; discharge in bankruptcy; or through payment of a guaranteed loss claim on:

(i) More than three occasions on or prior to April 4, 1996; or

(ii) Any occasion after April 4, 1996.

(2) The applicant may receive a guaranteed OL to pay annual farm operating and family living expenses, provided the applicant meets all other requirements for the loan, if the applicant and anyone who will execute the promissory note:

(i) Received a write-down under section 353 of the Act;

(ii) Is current on payments under a confirmed reorganization plan under chapter 11, 12, or 13 of title 11 of the United States Code; or

(iii) Received debt forgiveness on not more than one occasion after April 4, 1996, resulting directly and primarily from a Presidentially-designated emergency for a county or contiguous county in which the applicant operates. Only applicants who were current on all existing direct and guaranteed FSA loans prior to the beginning date of the incidence period for a Presidentially-designated emergency and received debt forgiveness on that debt within three years after the designation of such emergency meet this exception.

(b) *Delinquent Federal debt.* The applicant, and anyone who will execute the promissory note, is not delinquent on any Federal debt, other than a debt under the Internal Revenue Code of 1986. (Any debt under the Internal Revenue Code of 1986 may be considered by the lender in determining cash flow and creditworthiness.)

(c) *Outstanding judgments.* The applicant, and anyone who will execute the promissory note, have no outstanding unpaid judgment obtained by the United States in any court. Such judgments do not include those filed as a result of action in the United States Tax Courts.

(d) *Citizenship.* (1) The applicant must be a citizen of the United States, a United States non-citizen national, or a qualified alien under applicable Federal immigration laws. For an entity applicant, the majority interest of the entity must be held by members who are United States citizens, United States non-citizen nationals, or qualified aliens under applicable Federal immigration laws.

(2) United States non-citizen nationals and qualified aliens must provide the appropriate documentation as to their immigration status as required by the United States Department of Homeland Security, Bureau of Citizenship and Immigration Services.

(e) *Legal capacity.* The applicant and all borrowers on the loan must possess the legal capacity to incur the obligations of the loan.

(f) *False or misleading information.* The applicant, in past dealings with the

Agency, must not have provided the Agency with false or misleading documents or statements.

(g) *Credit history.* (1) The individual or entity applicant and all entity members must have acceptable credit history demonstrated by debt repayment.

(2) A history of failures to repay past debts as they came due when the ability to repay was within their control will demonstrate unacceptable credit history.

(3) Unacceptable credit history will not include:

(i) Isolated instances of late payments which do not represent a pattern and were clearly beyond their control; or,

(ii) Lack of credit history.

(h) *Test for credit.* Except for CL guarantees,

(1) The applicant is unable to obtain sufficient credit elsewhere without a guarantee to finance actual needs at reasonable rates and terms.

(2) The potential for sale of any significant nonessential assets will be considered when evaluating the availability of other credit.

(3) Ownership interests in property and income received by an individual or entity applicant, and any entity members as individuals will be considered when evaluating the availability of other credit to the applicant.

(i) *For OLS:*

(1) The individual or entity applicant must be an operator of not larger than a family farm after the loan is closed.

(2) In the case of an entity borrower:

(i) The entity must be authorized to operate, and own if the entity is also an owner, a farm in the State or States in which the farm is located; and

(ii) If the entity members holding a majority interest are related by marriage or blood, at least one member of the entity must operate the family farm; or,

(iii) If the entity members holding a majority interest are not related by marriage or blood, the entity members holding at least 50 percent interest must also operate the family farm.

(j) *For FOs:*

(1) The individual must be the operator of not larger than a family farm and the owner of a farm after the loan is closed. Ownership of the family farm

§762.121

7 CFR Ch. VII (1–1–24 Edition)

operation or the farm real estate may be held either directly in the individual's name or indirectly through interest in a legal entity.

(2) In the case of an entity borrower:

(i) An ownership entity must be authorized to own a farm in the state or states in which the farm is located. An operating entity must be authorized to operate a farm in the state or states in which the farm is located; and

(ii) If the entity members holding a majority interest are related by marriage or blood, at least one member of the entity must operate the family farm and at least one member of the entity or the entity must own the farm; or

(iii) If the entity members holding a majority interest are not related by marriage or blood, the entity members holding at least 50 percent interest must operate the family farm and the entity members holding at least 50 percent or the entity must own the farm.

(3) If the entity is an operator-only entity, the individuals that own the farm (real estate) must own at least 50 percent of the family farm (operating entity).

(4) All ownership may be held either directly in the individual's name or indirectly through interest in a legal entity.

(k) *For entity applicants.* Except for CL, entity applicants must meet the following additional eligibility criteria:

(1) Each entity member's ownership interest may not exceed the family farm definition limits;

(2) The collective ownership interest of all entity members may exceed the family farm definition limits only if the following conditions are met:

(i) All of the entity members are related by blood or marriage;

(ii) All of the members are or will be operators of the entity; and,

(iii) The majority interest holders of the entity must meet the requirements of paragraphs (d), (f), (g), and (i) through (j) of this section;

(3) The entity must be controlled by farmers engaged primarily and directly in farming in the United States after the loan is made; and

(4) If the applicant has one or more embedded entities, at least 75 percent

of the individual ownership interests of each embedded entity must be owned by members actively involved in managing or operating the family farm.

(1) *For CL entity applicants.* Entity applicants for CL guarantees must meet the following eligibility criteria:

(1) The majority interest holders of the entity must meet the requirements of paragraph (d), (f), and (g) of this section;

(2) The entity must be controlled by farmers engaged primarily and directly in farming in the United States after the loan is made;

(3) If the applicant has one or more embedded entities, at least 75 percent of the individual ownership interests of each embedded entity must be owned by members actively involved in managing or operating the family farm; and

(4) The entity must be authorized to operate a farm in the State or States in which the farm is located.

(m) *For CL individual applicants.* Individual applicants for CL guarantees must be farmers in the United States.

(n) *Controlled substances.* The applicant, and anyone who will sign the promissory note, must not be ineligible as a result of a conviction for controlled substances according to 7 CFR part 718 of this chapter. If the lender uses the lender's Agency approved forms, the certification may be an attachment to the form.

(o) *Disqualification.* The applicant, and all entity members in the case of an entity, must not be ineligible due to disqualification resulting from a Federal Crop Insurance violation, according to 7 CFR part 718.

(i) Payment of costs associated with reorganizing a farm to improve its profitability;

(ii) Purchase of livestock, including poultry, and farm equipment or fixtures, quotas and bases, and cooperative stock for credit, production, processing or marketing purposes;

(iii) Payment of annual farm operating expenses, examples of which include feed, seed, fertilizer, pesticides, farm supplies, repairs and improvements which are to be expensed, cash rent and family subsistence;

(x) Payment of training costs required or recommended by the Agency.

(2) Loan funds under a line of credit may be advanced only for the following purposes:

(i) Payment of annual operating expenses, family subsistence, and purchase of feeder animals;

(ii) Payment of current annual operating debts advanced for the current operating cycle; (Under no circumstances can carry-over operating debts from a previous operating cycle be refinanced);

(iii) Purchase of routine capital assets, such as replacement of livestock, that will be repaid within the operating cycle;

(iv) Payment of scheduled, non-delinquent, term debt payments provided the debt is for authorized FO or OL purposes.

(v) Purchase of cooperative stock for credit, production, processing or marketing purposes; and

(vi) Payment of loan closing costs.

(b) *Farm ownership loan purposes.* Guaranteed FO are authorized only to:

(1) Acquire or enlarge a farm; examples include, but are not limited to, providing down payments, purchasing easements for the applicant's portion of land being subdivided, and participating in the down payment FO program under part 764 of this chapter;

(2) Make capital improvements; examples include, but are not limited to, the construction, purchase, and improvement of a farm dwelling, service buildings and facilities that can be made fixtures to the real estate, (Capital improvements to leased land may be financed subject to the limitations in § 762.122);

(c) *CL purposes.* Loan funds disbursed under a CL guarantee may be used for any conservation activities included in a conservation plan or Forestry Stewardship Management Plan including, but not limited to:

(1) The installation of conservation structures to address soil, water, and related resources;

(2) The establishment of forest cover for sustained yield timber management, erosion control, or shelter belt purposes;

(3) The installation of water conservation measures;

(4) The installation of waste management systems;

(5) The establishment or improvement of permanent pasture;

(6) Other purposes including the adoption of any other emerging or existing conservation practices, techniques, or technologies; and

(7) Refinancing indebtedness incurred for any authorized CL purpose, when refinancing will result in additional conservation benefits.

§ 762.122

(d) *Highly erodible land or wetlands conservation.* Loans may not be made for any purpose which contributes to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity. A decision by the Agency to reject an application for this reason may be appealable. An appeal questioning whether the presence of a wetland, converted wetland, or highly erodible land on a particular property must be filed directly with the USDA agency making the determination in accordance with the agency's appeal procedures.

(e) *Judgment debts.* Loans may not be used to satisfy judgments obtained in the United States District courts. However, Internal Revenue Service judgment liens may be paid with loan funds.

[64 FR 7378, Feb. 12, 1999, as amended at 72 FR 63297, Nov. 8, 2007; 73 FR 74345, Dec. 8, 2008; 75 FR 54014, Sept. 3, 2010; 77 FR 15938, Mar. 19, 2012; 78 FR 65529, Nov. 1, 2013; 86 FR 43391, Aug. 9, 2021]

§ 762.122 Loan limitations.

(a) *Dollar limits.* The Agency will not guarantee any loan that would result in the applicant's total indebtedness exceeding the limits established in § 761.8 of this chapter.

(b) *Leased land.* When FO or CL funds are used for improvements to leased land the terms of the lease must provide reasonable assurance that the applicant will have use of the improvement over its useful life, or provide compensation for any unexhausted value of the improvement if the lease is terminated.

(c) *Tax-exempt transactions.* The Agency will not guarantee any loan made with the proceeds of any obligation the interest on which is excluded from income under section 103 of the Internal Revenue Code of 1986. Funds generated through the issuance of tax-exempt obligations may not be used to purchase the guaranteed portion of any Agency guaranteed loan. An Agency guaranteed loan may not serve as collateral for a tax-exempt bond issue.

(d) *Floodplain restrictions.* The Agency will not guarantee any loan to purchase, build, or expand buildings located in a special 100 year floodplain as defined by FEMA flood hazard area

7 CFR Ch. VII (1-1-24 Edition)

maps unless flood insurance is available and purchased.

[64 FR 7378, Feb. 12, 1999; 64 FR 38298, July 16, 1999, as amended at 66 FR 7567, Jan. 24, 2001; 72 FR 63297, Nov. 8, 2007; 73 FR 74345, Dec. 8, 2008; 75 FR 54014, Sept. 3, 2010; 79 FR 78693, Dec. 31, 2014]

§ 762.123 Insurance and farm inspection requirements.

(a) *Insurance.* (1) Lenders must require borrowers to maintain adequate property, public liability, and crop insurance to protect the lender and Government's interests.

(2) By loan closing, applicants must either:

(i) Obtain at least the catastrophic risk protection (CAT) level of crop insurance coverage, if available, for each crop of economic significance, as defined by § 400.651 of this title, or

(ii) Waive eligibility for emergency crop loss assistance in connection with the uninsured crop. EM loan assistance under part 764 of this chapter is not considered emergency crop loss assistance for purposes of this waiver and execution of the waiver does not render the borrower ineligible for EM loans.

(3) Applicants must purchase flood insurance if buildings are or will be located in a special flood hazard area as defined by FEMA flood hazard area maps and if flood insurance is available.

(4) Insurance, including crop insurance, must be obtained as required by the lender or the Agency based on the strengths and weaknesses of the loan.

(b) *Farm inspections.* Before submitting an application the lender must make an inspection of the farm to assess the suitability of the farm and to determine any development that is needed to make it a suitable farm.

[64 FR 7378, Feb. 12, 1999, as amended at 70 FR 56107, Sept. 26, 2005; 72 FR 63297, Nov. 8, 2007; 86 FR 43391, Aug. 9, 2021]

§ 762.124 Interest rates, terms, charges, and fees.

(a) *Interest rates.* (1) The interest rate on a guaranteed loan or line of credit may be fixed or variable as agreed upon between the borrower and the lender. The lender may charge different rates

on the guaranteed and the non-guaranteed portions of the note. The guaranteed portion may be fixed while the unguaranteed portion may be variable, or vice versa. If both portions are variable, different bases may be used.

(2) If a variable rate is used, it must be tied to an index or rate specifically agreed to between the lender and borrower in the loan instruments and the rate adjustments must be in accordance with normal practices of the lender for unguaranteed loans. Upon request, the lender must provide the Agency with copies of its written rate adjustment practices.

(3) At the time of loan closing or loan restructuring, the interest rate on both the guaranteed portion and the unguaranteed portion of a fixed or variable rate OL or FO loan may not exceed the rates established and announced by the Agency on the FSA website (www.fsa.usda.gov).

(4) Interest must be charged only on the actual amount of funds advanced and for the actual time the funds are outstanding. Interest on protective advances made by the lender to protect the security will be charged at the note rate but limited to paragraph (a)(3) of this section.

(5) The lender and borrower may collectively obtain a temporary reduction in the interest rate through the interest assistance program in accordance with § 762.150.

(b) *OL terms.* (1) Loan funds or advances on a line of credit used to pay annual operating expenses will be repaid when the income from the year's operation is received, except when the borrower is establishing a new enterprise, developing a farm, purchasing feed while feed crops are being established, or recovering from disaster or economic reverses.

(2) The final maturity date for each loan cannot exceed 7 years from the date of the promissory note or line of credit agreement. Advances for purposes other than for annual operating expenses will be scheduled for repayment over the minimum period necessary considering the applicant's ability to repay and the useful life of the security, but not in excess of 7 years.

(3) All advances on a line of credit must be made within 5 years from the date of the Loan Guarantee.

(c) *FO terms.* Each loan must be scheduled for repayment over a period not to exceed 40 years from the date of the note or such shorter period as may be necessary to assure that the loan will be adequately secured, taking into account the probable depreciation of the security.

(d) *CL terms.* Each loan must be scheduled for repayment over a period not to exceed 30 years from the date of the note or such shorter period as may be necessary to assure that the loan will be adequately secured, taking into account the probable depreciation of the security.

(e) *Balloon installments under loan note guarantee.* Balloon payment terms are permitted on FO, OL, or CL subject to the following:

(1) Extended repayment schedules may include equal, unequal, or balloon installments if needed on any guaranteed loan to establish a new enterprise, develop a farm, or recover from a disaster or an economical reversal.

(2) Loans with balloon installments must have adequate collateral at the time the balloon installment comes due. Crops, livestock other than breeding livestock, or livestock products produced are not sufficient collateral for securing such a loan.

(3) The borrower must be projected to be able to refinance the remaining debt at the time the balloon payment comes due based on the expected financial condition of the operation, the depreciated value of the collateral, and the principal balance on the loan.

(f) *Charges and fees.* (1) The lender may charge the applicant and borrower fees for the loan provided they are no greater than those charged to unguaranteed customers for similar transactions. Similar transactions are those involving the same type of loan requested (for example, operating loans or farm real estate loans).

(2) Late payment charges (including default interest charges) are not covered by the guarantee. These charges may not be added to the principal and interest due under any guaranteed note or line of credit. However, late payment charges may be made outside of

§ 762.125

7 CFR Ch. VII (1–1–24 Edition)

the guarantee if they are routinely made by the lender in similar types of loan transactions.

(3) Lenders may not charge a loan origination and servicing fee greater than 1 percent of the loan amount for the life of the loan when a guaranteed loan is made in conjunction with a down payment FO under part 764 of this chapter.

[64 FR 7378, Feb. 12, 1999, as amended at 72 FR 17358, Apr. 9, 2007; 72 FR 63297, Nov. 8, 2007; 73 FR 74345, Dec. 8, 2008; 75 FR 54014, Sept. 3, 2010; 77 FR 15938, Mar. 19, 2012; 78 FR 14005, Mar. 4, 2013; 87 FR 13123, Mar. 9, 2022]

§ 762.125 Financial feasibility.

(a) *General.* Except for streamlined CL guarantees (see § 762.110(f)), the following requirements must be met:

(1) Notwithstanding any other provision of this section, PLP lenders will follow their internal procedures on financial feasibility as agreed to by the Agency during PLP certification.

(2) The applicant's proposed operation must project a feasible plan.

(3) For standard eligible lenders, the projected income and expenses of the borrower and operation used to determine a feasible plan must be based on the applicant's proven record of production and financial management.

(4) For CLP lenders, the projected income and expenses of the borrower and the operation must be based on the applicant's financial history and proven record of financial management.

(5) For those farmers without a proven history, a combination of any actual history and any other reliable source of information that are agreeable with the lender, the applicant, and the Agency will be used.

(6) The cash flow budget analyzed to determine a feasible plan must represent the predicted cash flow of the operating cycle.

(7) Lenders must use price forecasts that are reasonable and defensible. Sources must be documented by the lender and acceptable to the Agency.

(8) When a feasible plan depends on income from other sources in addition to income from owned land, the income must be dependable and likely to continue.

(9) The lender will analyze business ventures other than the farm operation

to determine their soundness and contribution to the operation. Except for CL, guaranteed loan funds will not be used to finance a nonfarm enterprise. Nonfarm enterprises include, but are not limited to: raising earthworms, exotic birds, tropical fish, dogs, or horses for nonfarm purposes; welding shops; boarding horses; and riding stables.

(10) When the applicant has or will have a cash flow budget developed in conjunction with a proposed or existing Agency direct loan, the two cash flow budgets must be consistent.

(b) *Estimating production.* Except for streamlined CL guarantees (see § 762.110(f)), the following requirements must be met:

(1) Standard eligible lenders must use the best sources of information available for estimating production in accordance with this subsection when developing cash flow budgets.

(2) Deviations from historical performance may be acceptable, if specific to changes in operation and adequately justified and acceptable to the Agency.

(3) For existing farmers, actual production for the past 3 years will be utilized.

(4) For those farmers without a proven history, a combination of any actual history and any other reliable source of information that are agreeable with the lender, the applicant, and the Agency will be used.

(5) When the production of a growing commodity can be estimated, it must be considered when projecting yields.

(6) When the applicant's production history has been so severely affected by a declared disaster that an accurate projection cannot be made, the following applies:

(i) County average yields are used for the disaster year if the applicant's disaster year yields are less than the county average yields. If county average yields are not available, State average yields are used. Adjustments can be made, provided there is factual evidence to demonstrate that the yield used in the farm plan is the most probable to be realized.

(ii) To calculate a historical yield, the crop year with the lowest actual or county average yield may be excluded,

provided the applicant's yields were affected by disasters at least 2 of the previous 5 consecutive years.

(c) *Refinancing.* Loan guarantee requests for refinancing must ensure that a reasonable chance for success still exists. The lender must demonstrate that problems with the applicant's operation that have been identified, can be corrected, and the operation returned to a sound financial basis.

(d) *EZ Guarantee feasibility.* Notwithstanding any other provision of this section:

(1) The Agency will evaluate EZ Guarantee application financial feasibility using criteria determined and announced by the Agency on the FSA Web site (www.fsa.usda.gov).

(2) *EZ Guarantee* applications that satisfy the criteria will be determined to meet the financial feasibility standards in this section.

(3) *EZ Guarantee* applications that do not satisfy the criteria will require further documentation as determined by the Agency and announced on the FSA Web site (www.fsa.usda.gov).

[64 FR 7378, Feb. 12, 1999, as amended at 66 FR 7567, Jan. 24, 2001; 75 FR 54014, Sept. 3, 2010; 81 FR 72691, Oct. 21, 2016]

§ 762.126 Security requirements.

(a) *General.* (1) The lender is responsible for ensuring that proper and adequate security is obtained and maintained to fully secure the loan, protect the interest of the lender and the Agency, and assure repayment of the loan or line of credit.

(2) The lender will obtain a lien on additional security when necessary to protect the Agency's interest.

(b) *Guaranteed and unguaranteed portions.* (1) All security must secure the entire loan or line of credit. The lender may not take separate security to secure only that portion of the loan or line of credit not covered by the guarantee.

(2) The lender may not require compensating balances or certificates of deposit as means of eliminating the lender's exposure on the unguaranteed portion of the loan or line of credit. However, compensating balances or certificates of deposit as otherwise used in the ordinary course of business

are allowed for both the guaranteed and unguaranteed portions.

(c) *Identifiable security.* The guaranteed loan must be secured by identifiable collateral. To be identifiable, the lender must be able to distinguish the collateral item and adequately describe it in the security instrument.

(d) *Type of security.* (1) Guaranteed loans may be secured by any property if the term of the loan and expected life of the property will not cause the loan to be undersecured.

(2) For loans with terms greater than 7 years, a lien must be taken on real estate.

(3) Loans can be secured by a mortgage on leasehold properties if the lease has a negotiable value and is subject to being mortgaged.

(4) The lender or Agency may require additional personal and corporate guarantees to adequately secure the loan. These guarantees are separate from, and in addition to, the personal obligations arising from members of an entity signing the note as individuals.

(e) *Lien position.* All guaranteed loans will be secured by the best lien obtainable. Provided that:

(1) Any chattel-secured guaranteed loan must have a higher lien priority (including purchase money interest) than an unguaranteed loan secured by the same chattels and held by the same lender.

(2) Junior lien positions are acceptable only if the total amount of debt with liens on the security, including the debt in junior lien position, is less than or equal to 85 percent of the value of the security. Junior liens on crops or livestock products will not be relied upon for security unless the lender is involved in multiple guaranteed loans to the same borrower and also has the first lien on the collateral.

(3) When taking a junior lien, prior lien instruments will not contain future advance clauses (except for taxes, insurance, or other reasonable costs to protect security), or cancellation, summary forfeiture, or other clauses that jeopardize the Government's or the lender's interest or the borrower's ability to pay the guaranteed loan, unless any such undesirable provisions are

limited, modified, waived or subordinated by the lienholder for the benefit of the Agency and the lender.

(f) Additional security, or any loan of \$10,000 or less may be secured by the best lien obtainable on real estate without title clearance or legal services normally required, provided the lender believes from a search of the county records that the applicant can give a mortgage on the farm and provided that the lender would, in the normal course of business, waive the title search. This exception to title clearance will not apply when land is to be purchased.

(g) *Multiple owners.* If security has multiple owners, all owners must execute the security documents for the loan.

(h) *Exceptions.* The Deputy Administrator for Farm Loan Programs has the authority to grant an exception to any of the requirements involving security, if the proposed change is in the best interest of the Government and the collection of the loan will not be impaired.

[64 FR 7378, Feb. 12, 1999, as amended at 70 FR 56107, Sept. 26, 2005]

§ 762.127 Appraisal requirements.

(a) *General.* The general requirements for an appraisal are:

(1) *Value of collateral.* The lender is responsible for ensuring that the value of chattel and real estate pledged as collateral is sufficient to fully secure the guaranteed loan.

(2) *Additional security.* The lender is not required to complete an appraisal or evaluation of collateral that will serve as additional security, but the lender must provide an estimated value.

(3) *Appraisal cost.* Except for authorized liquidation expenses, the lender is responsible for all appraisal costs, which may be passed on to the borrower or transferee in the case of a transfer and assumption.

(b) *Chattel security.* The requirements for chattel appraisals are:

(1) *Need for chattel appraisal.* A current appraisal (not more than 12 months old) of primary chattel security is required on all loans except loans or lines of credit for annual production purposes secured by crops,

which require an appraisal only when the guarantee is requested late in the current production year and actual yields can be reasonably estimated. An appraisal is not required for loans of \$50,000 or less if a strong equity position exists.

(2) *Basis of value.* The appraised value of chattel property will be based on public sales of the same or similar property in the market area. In the absence of such public sales, reputable publications reflecting market values may be used.

(3) *Appraisal form.* Appraisal reports may be on the Agency's appraisal of chattel property form or on any other appraisal form containing at least the same information.

(4) *Experience and training.* Chattel appraisals will be performed by appraisers who possess sufficient experience or training to establish market (not retail) values as determined by the Agency.

(c) *Real estate security.* The requirements for real estate appraisals are:

(1) *Loans of \$250,000 or less.* The lender must document the value of the real estate by applying the same policies and procedures as their non-guaranteed loans.

(2) *Loans greater than \$250,000.* The lender must document the value of real estate using a current appraisal (not more than 18 months old) completed by a State Certified General Appraiser. Real estate appraisals must be completed in accordance with USPAP. Restricted reports as defined in USPAP are not acceptable. The Agency may allow an appraisal more than 18 months old to be used only if documentation provided by the lender reflects each of the following:

(i) Market conditions have remained stable or improved based on sales of similar properties,

(ii) The property in question remains in the same or better condition, and

(iii) The value of the property has remained the same or increased.

(3) Agency determinations under paragraph (c)(2) of this section to permit appraisals more than 18 months old are not appealable.

[78 FR 65529, Nov. 1, 2013, as amended at 86 FR 43391, Aug. 9, 2021]

§ 762.128 Environmental and special laws.

(a) *Environmental requirements.* The requirements found in part 799 of this chapter must be met for guaranteed OL, FO, and CL. CLP, PLP, and MLP lenders may certify that they have documentation in their file to demonstrate compliance with paragraph (c) of this section. Standard eligible lenders must submit evidence supporting compliance with this section.

(b) *Determination.* The Agency determination of whether an environmental problem exists will be based on:

(1) The information supplied with the application;

(2) The Agency Official's personal knowledge of the operation;

(3) Environmental resources available to the Agency including, but not limited to, documents, third parties, and governmental agencies;

(4) A visit to the farm operation when the available information is insufficient to make a determination;

(5) Other information supplied by the lender or applicant upon Agency request. If necessary, information not supplied with the application will be requested by the Agency.

(c) *Special requirements.* Lenders will assist in the environmental review process by providing environmental information. In all cases, the lender must retain documentation of their investigation in the applicant's case file.

(1) A determination must be made as to whether there are any potential impacts to a 100 year floodplain as defined by Federal Emergency Management Agency floodplain maps, Natural Resources Conservation Service data, or other appropriate documentation.

(2) The lender will assist the borrower in securing any applicable permits or waste management plans. The lender may consult with the Agency for guidance on activities which require consultation with State regulatory agencies, special permitting or waste management plans.

(3) The lender will examine the security property to determine if there are any structures or archeological sites which are listed or may be eligible for listing in the National Register of Historic Places. The lender may consult with the Agency for guidance on which

situations will need further review in accordance with the National Historical Preservation Act and part 799 of this chapter.

(4) The applicant must certify they will not violate the provisions of §363 of the Act, the Food Security Act of 1985, and Executive Order 11990 relating to Highly Erodible Land and Wetlands.

(5) All lenders are required to ensure that due diligence is performed in conjunction with a request for guarantee of a loan involving real estate. Due diligence is the process of evaluating real estate in the context of a real estate transaction to determine the presence of contamination from release of hazardous substances, petroleum products, or other environmental hazards and determining what effect, if any, the contamination has on the security value of the property. The Agency will accept as evidence of due diligence the most current version of the American Society of Testing Materials (ASTM) transaction screen questionnaire available from 100 Barr Harbor Drive, West Conshohocken, Pennsylvania 19428-2959, or similar documentation, approved for use by the Agency, supplemented as necessary by the ASTM phase I environmental site assessments form.

(d) *Equal opportunity and non-discrimination.* (1) With respect to any aspect of a credit transaction, the lender will not discriminate against any applicant on the basis of race, color, religion, national origin, sex, marital status, or age, provided the applicant can execute a legal contract. Nor will the lender discriminate on the basis of whether all or a part of the applicant's income derives from any public assistance program, or whether the applicant in good faith, exercises any rights under the Consumer Protection Act.

(2) Where the guaranteed loan involves construction, the contractor or subcontractor must file all compliance reports, equal opportunity and non-discrimination forms, and otherwise comply with all regulations prescribed by the Secretary of Labor pursuant to Executive Orders 11246 and 11375.

(e) *Other Federal, State and local requirements.* Lenders are required to coordinate with all appropriate Federal, State, and local agencies and comply

§ 762.129

with special laws and regulations applicable to the loan proposal.

[64 FR 7378, Feb. 12, 1999, as amended at 72 FR 63297, Nov. 8, 2007; 75 FR 54014, Sept. 3, 2010; 81 FR 51284, Aug. 3, 2016; 81 FR 72691, Oct. 21, 2016]

§ 762.129 Percent of guarantee and maximum loss.

(a) *Percent of guarantee.* The percent of guarantee will not exceed 90 percent based on the credit risk to the lender and the Agency both before and after the transaction. The Agency will determine the percentage of guarantee. See paragraph (b) of this section for exceptions.

(b) *Exceptions.* The guarantee will be determined by the Agency except:

(1) For OLs and FOs, the guarantee will be issued at 95 percent when:

(i) The sole purpose of a guaranteed FO or OL is to refinance an Agency direct farm loan and when only a portion of the loan is used to refinance a direct Agency loan, a weighted percentage of a guarantee will be provided;

(ii) The purpose of a guaranteed FO is to participate in the down payment loan program;

(iii) A guaranteed OL is made to a farmer who is participating in the Agency's down payment loan program. The guaranteed OL must be made during the period that a borrower has the down payment loan outstanding;

(iv) A guaranteed OL is made to a farmer whose farm land is subject to the jurisdiction of an Indian tribe and whose loan is secured by one or more security instruments that are subject to the jurisdiction of an Indian tribe;

(v) A guaranteed FO or OL is made to a qualified socially disadvantaged farmer; or

(vi) A guaranteed FO or OL is made to a qualified beginning farmer.

(2) For CLs, the guarantee will be issued at 80 percent; however, the guarantee will be issued at 90 percent if:

(i) The applicant is a qualified socially disadvantaged farmer; or

(ii) The applicant is a qualified beginning farmer.

(c) *CLP and PLP guarantees.* All guarantees issued to CLP or PLP lenders will not be less than 80 percent.

(d) *Maximum loss.* The maximum amount the Agency will pay the lender

7 CFR Ch. VII (1-1-24 Edition)

under the loan guarantee will be any loss sustained by such lender on the guaranteed portion including:

(1) The pro rata share of principal and interest indebtedness as evidenced by the note or by assumption agreement;

(2) Any loan subsidy due and owing;

(3) The pro rata share of principal and interest indebtedness on secured protective and emergency advances made in accordance with this subpart; and

(4) Principal and interest indebtedness on recapture debt pursuant to a shared appreciation agreement. Provided that the lender has paid the Agency its pro rata share of the recapture amount due.

§ 762.130 Loan approval and issuing the guarantee.

(a) *Processing timeframes.* (1) *Standard eligible lenders.* Complete applications from Standard Eligible Lenders will be approved or rejected, and the lender notified in writing, no later than 30 calendar days after receipt.

(2) *CLP and PLP lenders.*

(i) Complete applications from CLP or PLP lenders will be approved or rejected not later than 14 calendar days after receipt.

(ii) For PLP lenders, if the 14 day time frame is not met, the proposed guaranteed loan will automatically be approved, subject to funding, and receive an 80 or 95 percent guarantee for FO or OL loans, and 80 or 90 percent guarantee for CL, as appropriate.

(3) Complete applications. For purposes of determining the application processing timeframes, an application will be not be considered complete until all information required to make an approval decision, including the information for an environmental review, is received by the Agency.

(4) The Agency will confirm the date an application is received with a written notification to the lender.

(b) *Funding preference.* Loans are approved subject to the availability of funding. When it appears that there are

not adequate funds to meet the needs of all approved applicants, applications that have been approved will be placed on a preference list according to the date of receipt of a complete application. If approved applications have been received on the same day, the following will be given priority:

- (1) An application from a veteran
- (2) An application from an Agency direct loan borrower
- (3) An application from a applicant who:
 - (i) Has a dependent family,
 - (ii) Is an owner of livestock and farm implements necessary to successfully carry out farming operations, or
 - (iii) Is able to make down payments.
- (4) Any other approved application.

(c) *Conditional commitment.* (1) The lender must meet all of the conditions specified in the conditional commitment to secure final Agency approval of the guarantee.

(2) The lender, after reviewing the conditions listed on the conditional commitment, will complete, execute, and return the form to the Agency. If the conditions are not acceptable to the lender, the Agency may agree to alternatives or inform the lender and the applicant of their appeal rights.

(d) *Lender requirements prior to issuing the guarantee—(1) Lender certification.* The lender will certify as to the following on the appropriate Agency form:

- (i) No major changes have been made in the lender's loan or line of credit conditions and requirements since submission of the application (except those approved in the interim by the Agency in writing);
- (ii) Required hazard, flood, crop, worker's compensation, and personal life insurance (when required) are in effect;
- (iii) Truth in lending requirements have been met;
- (iv) All equal employment and equal credit opportunity and nondiscrimination requirements have been or will be met at the appropriate time;
- (v) The loan or line of credit has been properly closed, and the required security instruments have been obtained, or will be obtained, on any acquired property that cannot be covered initially under State law;

(vi) The borrower has marketable title to the collateral owned by the borrower, subject to the instrument securing the loan or line of credit to be guaranteed and subject to any other exceptions approved in writing by the Agency. When required, an assignment on all USDA crop and livestock program payments has been obtained;

(vii) When required, personal, joint operation, partnership, or corporate guarantees have been obtained;

(viii) Liens have been perfected and priorities are consistent with requirements of the conditional commitment;

(ix) Loan proceeds have been, or will be disbursed for purposes and in amounts consistent with the conditional commitment and as specified on the loan application. In line of credit cases, if any advances have occurred, advances have been disbursed for purposes and in amounts consistent with the conditional commitment and line of credit agreements;

(x) There has been no material adverse change in the borrower's condition, financial or otherwise, since submission of the application; and

(xi) All other requirements specified in the conditional commitment have been met.

(2) *Inspections.* The lender must notify the Agency of any scheduled inspections during construction and after the guarantee has been issued. The Agency may attend these field inspections. Any inspections or review performed by the Agency, including those with the lender, are solely for the benefit of the Agency. Agency inspections do not relieve any other parties of their inspection responsibilities, nor can these parties rely on Agency inspections for any purpose.

(3) *Execution of lender's agreement.* The lender must execute the Agency's lender's agreement and deliver it to the Agency.

(4) *Closing report and guarantee fees.*

(i) The lender must complete an Agency closing report form and return it to the Agency along with any guarantee fees.

(ii) The guarantee fee is established by the Agency at the time the guarantee is obligated. The current fee schedule is available at <http://www.fsa.usda.gov> and any FSA office.

Guaranteed fees may be adjusted annually based on factors that affect program costs. The nonrefundable fee is paid to the Agency by the lender. The fee may be passed on to the borrower and included in loan funds. The guarantee fee for the loan type will be calculated as follows:

(A) FO guarantee fee = Loan Amount × % guaranteed × (FO percentage established by FSA).

(B) OL guarantee fee = Loan Amount × % guaranteed × (OL percentage established by FSA).

(C) CL guarantee fee = Loan Amount × % guaranteed × (CL percentage established by FSA).

(iii) The following guaranteed loan transactions are not charged a fee:

(A) Loans involving interest assistance;

(B) Loans where a majority of the funds are used to refinance an Agency direct loan; and

(C) Loans to beginning, socially disadvantaged, or veteran farmers involved in the direct Down payment Loan Program or beginning farmers participating in a qualified State Beginning Farmer Program.

(e) *Promissory notes, line of credit agreements, mortgages, and security agreements.* The lender will use its own promissory notes, line of credit agreements, real estate mortgages (including deeds of trust and similar instruments), and security agreements (including chattel mortgages), provided:

(1) The forms meet Agency requirements;

(2) Documents comply with State law and regulation;

(3) The principal and interest repayment schedules are stated clearly in the notes and are consistent with the conditional commitment;

(4) The note is executed by the individual liable for the loan. For entity applicants, the promissory note will be executed to evidence the liability of the entity, any embedded entities, and the individual liability of all entity members. Individual liability can be waived by the Agency for members holding less than 10 percent ownership in the entity if the collectability of the loan will not be impaired; and

(5) When the loan purpose is to refinance or restructure the lender's own

debt, the lender may continue to use the existing debt instrument and attach an allonge that modifies the terms of the original note.

(f) *Replacement of loan guarantee, or assignment guarantee agreement.* If the guarantee or assignment guarantee agreements are lost, stolen, destroyed, mutilated, or defaced, except where the evidence of debt was or is a bearer instrument, the Agency will issue a replacement to the lender or holder upon receipt of acceptable documentation including a certificate of loss and an indemnity bond.

§§ 762.131-762.139 [Reserved]

§ 762.140 General servicing responsibilities.

(a) *General.* (1) Lenders are responsible for servicing the entire loan in a reasonable and prudent manner, protecting and accounting for the collateral, and remaining the mortgagee or secured party of record.

(2) The lender cannot enforce the guarantee to the extent that a loss results from a violation of usury laws or negligent servicing.

(b) *Borrower supervision.* The lender's responsibilities regarding borrower supervision include, but are not limited to the following:

(1) Ensuring loan funds are not used for unauthorized purposes.

(2) Ensuring borrower compliance with the covenants and provisions contained in the promissory note, loan agreement, mortgage, security instruments, any other agreements, and this part. Any violations which indicate non-compliance on the part of the borrower must be reported, in writing, to both the Agency and the borrower.

(3) Ensuring the borrower is in compliance with all laws and regulations applicable to the loan, the collateral, and the operations of the farm.

(4) Receiving all payments of principal and interest on the loan as they fall due and promptly disbursing to any holder its pro-rata share according to the amount of interest the holder has

in the loan, less only the lender's servicing fee.

(5) Performing an annual analysis of the borrower's financial condition to determine the borrower's progress for all term loans with aggregate balances greater than \$100,000 and all line of credit loans. The annual analysis will include:

(i) For loans secured by real estate only, the analysis for standard eligible lenders must include an analysis of the borrower's balance sheet. CLP lenders will determine the need for the annual analysis based on the financial strength of the borrower and document the file accordingly. PLP lenders will perform an annual analysis in accordance with the requirements established in the lender's agreement.

(ii) For loans secured by chattels, all lenders will review the borrower's progress regarding business goals, trends and changes in financial performance, and compare actual to planned income and expenses for the past year.

(iii) An account of the whereabouts or disposition of all collateral.

(iv) A discussion of any observations about the farm business with the borrower.

(v) For borrowers with an outstanding loan balance for existing term loans of \$100,000 or less, the need for an annual analysis will be determined by the Agency for SEL, CLP, and MLP lenders. The annual analysis for PLP lenders will be in accordance with requirements in lender's credit management system (CMS).

(c) *Monitoring of development.* The lender's responsibilities regarding the construction, repairs, or other development include, but are not limited to:

(1) Determining that all construction is completed as proposed in the loan application;

(2) Making periodic inspections during construction to ensure that any development is properly completed within a reasonable period of time; and

(3) Verification that the security is free of any mechanic's, materialmen's, or other liens which would affect the lender's lien or result in a different lien priority from that proposed in the request for guarantee.

(d) *Loan installments.* When a lender receives a payment from the sale of encumbered property, loan installments will be paid in the order of lien priority. When a payment is received from the sale of unencumbered property or other sources of income, loan installments will be paid in order of their due date. Agency approval is required for any other proposed payment plans.

[64 FR 7378, Feb. 12, 1999, as amended at 69 FR 44579, July 27, 2004; 81 FR 72692, Oct. 21, 2016]

§ 762.141 Reporting requirements.

Lenders are responsible for providing the local Agency credit officer with all of the following information on the loan and the borrower:

(a) When the guaranteed loan becomes 30 days past due, and following the lender's meeting or attempts to meet with the borrower, all lenders will submit the appropriate Agency form showing guaranteed loan borrower default status. The form will be resubmitted every 60 days until the default is cured either through restructuring or liquidation.

(b) All lenders will submit the appropriate guaranteed loan status reports as of March 31 and September 30 of each year;

(c) CLP lenders also must provide the following:

(1) A written summary of the lender's annual analysis of the borrower's operation. This summary should describe the borrower's progress and prospects for the upcoming operating cycle. This annual analysis may be waived or postponed if the borrower is financially strong. The summary will include a description of the reasons an analysis was not necessary.

(2) For lines of credit, an annual certification stating that a cash flow projecting at least a feasible plan has been developed, that the borrower is in compliance with the provisions of the line of credit agreement, and that the previous year income and loan funds and security proceeds have been accounted for.

(d) In addition to the requirements of paragraphs (a), (b), and (c) of this section, the standard eligible lender also will provide:

§762.142

7 CFR Ch. VII (1-1-24 Edition)

(1) Borrower's balance sheet, and income and expense statement for the previous year.

(2) For lines of credit, the cash flow for the borrower's operation that projects a feasible plan or better for the upcoming operating cycle. The standard eligible lender must receive approval from the Agency before advancing future years' funds.

(3) An annual farm visit report or collateral inspection.

(e) PLP lenders will submit additional reports as required in their lender's agreement.

(f) A lender receiving a final loss payment must complete and return an annual report on its collection activities for each unsatisfied account for 3 years following payment of the final loss claim.

§762.142 Servicing related to collateral.

(a) *General.* The lender's responsibilities regarding servicing collateral include, but are not limited to, the following:

(1) Obtain income and insurance assignments when required.

(2) Ensure the borrower has or obtains marketable title to the collateral.

(3) Inspect the collateral as often as deemed necessary to properly service the loan.

(4) Ensure the borrower does not convert loan security.

(5) Ensure the proceeds from the sale or other disposition of collateral are accounted for and applied in accordance with the lien priorities on which the guarantee is based or used for the purchase of replacement collateral.

(6) Ensure the loan and the collateral are protected in the event of foreclosure, bankruptcy, receivership, insolvency, condemnation, or other litigation.

(7) Ensure taxes, assessments, or ground rents against or affecting the collateral are paid.

(8) Ensure adequate insurance is maintained.

(9) Ensure that insurance loss payments, condemnation awards, or similar proceeds are applied on debts in accordance with lien priorities on which the guarantee was based, or used to re-

build or acquire needed replacement collateral.

(b) *Partial releases.* (1) A lender may release guaranteed loan security without FSA concurrence as follows:

(i) When the security item is being sold for market value and the proceeds will be applied to the loan in accordance with lien priorities. In the case of term loans, proceeds will be applied as extra payments and not as a regular installment on the loan.

(ii) The security item will be used as a trade-in or source of down payment funds for a like item that will be taken as security.

(iii) The security item has no present or prospective value.

(2) A partial release of security may be approved in writing by the Agency upon the lender's request when:

(i) Proceeds will be used to make improvements to real estate that increase the value of the security by an amount equal to or greater than the value of the security being released.

(ii) Security will be released outright with no consideration, but the total unpaid balance of the guaranteed loan is less than or equal to 75 percent of the value of the security for the loan after the release, excluding the value of growing crops or planned production, based on a current appraisal of the security.

(iii) Significant income generating property will not be released unless it is being replaced and business assets will not be released for use as a gift or any similar purpose.

(iv) Agency concurrence is provided in writing to the lender's written request. Standard eligible lenders and CLP lenders will submit the following to the Agency:

(A) A current balance sheet on the borrower; and

(B) A current appraisal of the security. Based on the level of risk and estimated equity involved, the Agency will determine what security needs to be appraised. Any required security appraisals must meet the requirements of §762.127; and

(C) A description of the purpose of the release; and

(D) Any other information requested by the Agency to evaluate the proposed servicing action.

(3) The lender will provide the Agency copies of any agreements executed to carry out the servicing action.

(4) PLP lenders will request servicing approval in accordance with their agreement with the Agency at the time of PLP status certification.

(c) *Subordinations.* (1) The Agency may subordinate its security interest on a direct loan when a guaranteed loan is being made if the requirements of the regulations governing Agency direct loan subordinations are met and only in the following circumstances:

(i) To permit a guaranteed lender to advance funds and perfect a security interest in crops, feeder livestock, livestock offspring, or livestock products;

(ii) When the lender requesting the guarantee needs the subordination of the Agency's lien position to maintain its lien position when servicing or restructuring;

(iii) When the lender requesting the guarantee is refinancing the debt of another lender and the Agency's position on real estate security will not be adversely affected; or

(iv) To permit a line of credit to be advanced for annual operating expenses.

(2) The Agency may subordinate its basic security in a direct loan to permit guaranteed line of credit only when both of the following additional conditions are met:

(i) The total unpaid balance of the direct loans is less than or equal to 75 percent of the value of all of the security for the direct loans, excluding the value of growing crops or planned production, at the time of the subordination. The direct loan security value will be determined by an appraisal. The lender requesting the subordination and guarantee is responsible for providing the appraisal and may charge the applicant a reasonable appraisal fee.

(ii) The applicant cannot obtain sufficient credit through a conventional guaranteed loan without a subordination.

(3) The lender may not subordinate its interest in property which secures a guaranteed loan except as follows:

(i) The lender may subordinate its security interest in crops, feeder livestock, livestock offspring, or livestock

products when no funds have been advanced from the guaranteed loan for their production, so a lender can make a loan for annual production expenses; or

(ii) The lender may, with written Agency approval, subordinate its interest in basic security in cases where the subordination is required to allow another lender to refinance an existing prior lien, no additional debt is being incurred, and the lender's security position will not be adversely affected by the subordination.

(iii) The Agency's national office may provide an exception to the subordination prohibition if such action is in the Agency's best interest. However, in no case can the loan made under the subordination include tax exempt financing.

(d) *Transfer and assumption.* Transfers and assumptions are subject to the following conditions:

(1) For standard eligible and CLP lenders, the servicing action must be approved by the Agency in writing.

(2) For standard eligible and CLP lenders, the transferee must apply for a loan in accordance with § 762.110, including a current appraisal, unless the lien position of the guaranteed loan will not change, and any other information requested by the Agency to evaluate the transfer and assumption.

(3) PLP lenders may process transfers and assumptions in accordance with their agreement with the Agency.

(4) Any required security appraisals must meet the requirements of § 762.127.

(5) The Agency will review, approve or reject the request in accordance with the time frames in § 762.130.

(6) The transferee must meet the eligibility requirements and loan limitations for the loan being transferred, all requirements relating to loan rates and terms, loan security, feasibility, and environmental and other laws applicable to a applicant under this part.

(7) The lender will use its own assumption agreements or conveyance instruments, providing they are legally sufficient to obligate the transferee for the total outstanding debt. The lender will provide the Agency copies of any agreements executed to carry out the servicing action.

§ 762.143

(8) The Agency approves the transfer and assumption by executing a modification of the guarantee to designate the party that assumed the guaranteed debt, the amount of debt at the time of the assumption, including interest that is being capitalized, and any new loan terms, if applicable.

(9) The lender must give any holder notice of the transfer. If the rate and terms are changed, written concurrence from the holder is required.

(10) The Agency will agree to releasing the transferor or any guarantor from liability only if the requirements of § 762.146(c) are met.

[64 FR 7378, Feb. 12, 1999, as amended at 66 FR 7567, Jan. 24, 2001; 69 FR 44579, July 27, 2004]

§ 762.143 Servicing distressed accounts.

(a) A borrower is in default when 30 days past due on a payment or in violation of provisions of the loan documents.

(b) In the event of a borrower default, SEL and CLP lenders will:

(1) Report to the Agency in accordance with § 762.141.

(2) Determine whether it will repurchase the guaranteed portion from the holder in accordance with § 762.144, if the guaranteed portion of the loan was sold on the secondary market.

(3) Arrange a meeting with the borrower within 15 days of default (45 days after payment due date for monetary defaults) to identify the nature of the delinquency and develop a course of action that will eliminate the delinquency and correct the underlying problems. Non-monetary defaults will be handled in accordance with the lender's note, loan agreements and any other applicable loan documents.

(i) The lender and borrower will prepare a current balance sheet and cash flow projection in preparation for the meeting. If the borrower refuses to cooperate, the lender will compile the best financial information available.

(ii) The lender or the borrower may request the attendance of an Agency official. If requested, the Agency official will assist in developing solutions to the borrower's financial problems.

(iii) The lender will summarize the meeting and proposed solutions on the

7 CFR Ch. VII (1-1-24 Edition)

Agency form for guaranteed loan borrower default status completed after the meeting. The lender will indicate the results on this form for the lender's consideration of the borrower for interest assistance in conjunction with rescheduling under § 762.145(b).

(iv) The lender must decide whether to restructure or liquidate the account within 90 days of default, unless the lender can document circumstances that justify an extension by the Agency.

(v) The lender may not initiate foreclosure action on the loan until 60 days after eligibility of the borrower to participate in the interest assistance programs has been determined by the Agency. If the lender or the borrower does not wish to consider servicing options under this section, this should be documented, and liquidation under § 762.149 should begin.

(vi) If a borrower is current on a loan, but will be unable to make a payment, a restructuring proposal may be submitted in accordance with § 762.145 prior to the payment coming due.

(c) PLP lenders will service defaulted loans according to their lender's agreement.

[64 FR 7378, Feb. 12, 1999, as amended at 72 FR 63297, Nov. 8, 2007]

§ 762.144 Repurchase of guaranteed portion from a secondary market holder.

(a) *Request for repurchase.* The holder may request the lender to repurchase the unpaid guaranteed portion of the loan when:

(1) The borrower has not made a payment of principal and interest due on the loan for at least 60 days; or

(2) The lender has failed to remit to the holder its pro-rata share of any payment made by the borrower within 30 days of receipt of a payment.

(b) *Repurchase by the lender.* (1) When a lender is requested to repurchase a loan from the holder, the lender must consider the request according to the servicing actions that are necessary on the loan. In order to facilitate servicing and simplified accounting of loan transactions, lenders are encouraged to repurchase the loan upon the holder's request.

(2) The repurchase by the lender will be for an amount equal to the portion of the loan held by the holder plus accrued interest.

(3) The guarantee will not cover separate servicing fees that the lender accrues after the repurchase.

(c) *Repurchase by the Agency.* (1) If the lender does not repurchase the loan, the holder must inform the Agency in writing that demand was made on the lender and the lender refused. Following the lender's refusal, the holder may continue as holder of the guaranteed portion of the loan or request that the Agency purchase the guaranteed portion. Within 30 days after written demand to the Agency from the holder with required attachments, the Agency will forward to the holder payment of the unpaid principal balance, with accrued interest to the date of repurchase. If the holder does not desire repurchase or purchase of a defaulted loan, the lender must forward the holder its pro-rata share of payments, liquidation proceeds and Agency loss payments.

(2) With its demand on the Agency, the holder must include:

(i) A copy of the written demand made upon the lender.

(ii) Originals of the guarantee and note properly endorsed to the Agency, or the original of the assignment of guarantee.

(iii) A copy of any written response to the demand of the holder by the lender.

(iv) An account to which the Agency can forward the purchase amount via electronic funds transfer.

(3) The amount due the holder from the Agency includes unpaid principal, unpaid interest to the date of demand, and interest which has accrued from the date of demand to the proposed payment date.

(i) Upon request by the Agency, the lender must furnish upon Agency request a current statement, certified by a bank officer, of the unpaid principal and interest owed by the borrower and the amount due the holder.

(ii) Any discrepancy between the amount claimed by the holder and the information submitted by the lender must be resolved by the lender and the holder before payment will be approved

by the Agency. The Agency will not participate in resolution of any such discrepancy. When there is a discrepancy, the 30 day Agency payment requirement to the holder will be suspended until the discrepancy is resolved.

(iii) In the case of a request for Agency purchase, the Agency will only pay interest that accrues for up to 90 days from the date of the demand letter to the lender requesting the repurchase. However, if the holder requested repurchase from the Agency within 60 days of the request to the lender and for any reason not attributable to the holder and the lender, the Agency cannot make payment within 30 days of the holder's demand to the Agency, the holder will be entitled to interest to the date of payment.

(4) At the time of purchase by the Agency, the original assignment of guarantee will be assigned by the holder to the Agency without recourse, including all rights, title, and interest in the loan.

(5) Purchase by the Agency does not change, alter, or modify any of the lender's obligations to the Agency specified in the lender's agreement or guarantee; nor does the purchase waive any of the Agency's rights against the lender.

(6) The Agency succeeds to all rights of the holder under the Guarantee including the right of set-off against the lender.

(7) Within 180 days of the Agency's purchase, the lender will reimburse the Agency the amount of repurchase, with accrued interest, through one of the following ways:

(i) By liquidating the loan security and paying the Agency its pro-rata share of liquidation proceeds; or

(ii) Paying the Agency the full amount the Agency paid to the holder plus any accrued interest.

(8) The lender will be liable for the purchase amount and any expenses incurred by the Agency to maintain the loan in its portfolio or liquidate the security. While the Agency holds the guaranteed portion of the loan, the lender will transmit to the Agency any payment received from the borrower, including the pro-rata share of liquidation or other proceeds.

§ 762.145

7 CFR Ch. VII (1-1-24 Edition)

(9) If the borrower files for reorganization under the provisions of the bankruptcy code or pays the account current while the purchase by the Government is being processed, the Agency may hold the loan as long it determines this action to be in the Agency's interest. If the lender is not proceeding expeditiously to collect the loan or reimbursement is not waived under this paragraph, the Agency will demand payment by the lender and collect the purchase amount through administrative offset of any claims due the lender.

(10) The Agency may sell a purchased guaranteed loan on a non-recourse basis if it determines that selling the portion of the loan that it holds is in the Government's best interest. A non-recourse purchase from the Agency requires a written request to the Agency from the party that wishes to purchase it, and written concurrence from the lender:

(d) *Repurchase for servicing.* (1) If, due to loan default or imminent loan restructuring, the lender determines that repurchase is necessary to adequately service the loan, the lender may repurchase the guaranteed portion of the loan from the holder, with the written approval of the Agency.

(2) The lender will not repurchase from the holder for arbitrage purposes. With its request for Agency concurrence, the lender will notify the Agency of its plans to resell the guaranteed portion following servicing.

(3) The holder will sell the guaranteed portion of the loan to the lender for an amount agreed to between the lender and holder.

[64 FR 7378, Feb. 12, 1999, as amended at 69 FR 44579, July 27, 2004]

§ 762.145 Restructuring guaranteed loans.

(a) *General.* (1) To restructure guaranteed loans standard eligible lenders must:

(i) Obtain prior written approval of the Agency for all restructuring actions; and,

(ii) Provide the items in paragraph (b) and (e) of this section to the Agency for approval.

(2) If the standard eligible lender's proposal for servicing is not agreed to by the Agency, the Agency approval of-

official will notify the lender in writing within 14 days of the lender's request.

(3) To restructure guaranteed loans CLP lenders must:

(i) Obtain prior written approval of the Agency only for debt write down under this section.

(ii) Submit all calculations required in paragraph (e) of this section for debt writedown.

(iii) For restructuring other than write down, provide FSA with a certification that each requirement of this section has been met, a narrative outlining the circumstances surrounding the need for restructuring, and copies of any applicable calculations.

(4) PLP lenders will restructure loans in accordance with their lender's agreement.

(5) All lenders will submit copies of any restructured notes or lines of credit to the Agency.

(b) *Requirements.* For any restructuring action, the following conditions apply:

(1) The borrower meets the eligibility criteria of § 762.120, except the provisions regarding prior debt forgiveness and delinquency on a federal debt do not apply.

(2) The borrower's ability to make the amended payment is documented by the following:

(i) A feasible plan.

(ii) Current financial statements from all liable parties.

(iii) Verification of nonfarm income.

(iv) Verification of all debts of exceeding an amount determined by the Agency.

(v) Applicable credit reports.

(vi) Financial history (and production history for standard eligible lenders) for the past 3 years to support the cash flow projections.

(3) A final loss claim may be reduced, adjusted, or rejected as a result of negligent servicing after the concurrence with a restructuring action under this section.

(4) Loans secured by real estate and/or equipment can be restructured using a balloon payment, equal installments, or unequal installments. Under no circumstances may livestock or crops alone be used as security for a loan to be rescheduled using a balloon payment. If a balloon payment is used, the

projected value of the real estate and/or equipment security must indicate that the loan will be fully secured when the balloon payment becomes due. The projected value will be derived from a current appraisal adjusted for depreciation of depreciable property, such as buildings and other improvements, that occurs until the balloon payment is due. For equipment security, a current appraisal is required. The lender is required to project the security value of the equipment at the time the balloon payment is due based on the remaining life of the equipment, or the depreciation schedule on the borrower's Federal income tax return. Loans restructured with a balloon payment that are secured by real estate will have a minimum term of 5 years, and other loans will have a minimum term of 3 years before the scheduled balloon payment. If statutory limits on terms of loans prevent the minimum terms, balloon payments may not be used. If the loan is rescheduled with unequal installments, a feasible plan, as defined in §762.2(b), must be projected for when installments are scheduled to increase.

(5) If a borrower is current on a loan, but will be unable to make a payment, a restructuring proposal may be submitted prior to the payment coming due.

(6) The lender may capitalize the outstanding interest when restructuring the loan as follows:

(i) As a result of the capitalization of interest, a rescheduled promissory note may increase the amount of principal the borrower is required to pay. However, in no case will such principal amount exceed the statutory loan limits contained in §761.8 of this chapter.

(ii) When accrued interest causes the loan amount to exceed the statutory loan limits, rescheduling may be approved without capitalization of the amount that exceeds the limit. Non-capitalized interest may be scheduled for repayment over the term of the rescheduled note.

(iii) Only interest that has accrued at the rate indicated on the borrower's original promissory notes may be capitalized. Late payment fees or default interest penalties that have accrued due to the borrower's failure to make

payments as agreed are not covered under the guarantee and may not be capitalized.

(iv) The Agency will execute a modification of guarantee form to identify the new loan principal and the guaranteed portion if greater than the original loan amounts, and to waive the restriction on capitalization of interest, if applicable, to the existing guarantee documents. The modification form will be attached to the original guarantee as an addendum.

(v) Approved capitalized interest will be treated as part of the principal and interest that accrues thereon, in the event that a loss should occur.

(7) The lender's security position will not be adversely affected because of the restructuring. New security instruments may be taken if needed, but a loan does not have to be fully secured in order to be restructured, unless it is restructured with a balloon payment. When a loan is restructured using a balloon payment the lender must take a lien on all assets and project the loan to be fully secured at the time the balloon payment becomes due, in accordance with paragraph (b)(4) of this section.

(8) Any holder agrees to any changes in the original loan terms. If the holder does not agree, the lender must repurchase the loan from the holder for any loan restructuring to occur.

(9) After a guaranteed loan is restructured, the lender must provide the Agency with a copy of the restructured promissory note.

(10) For CL, the lender must ensure that the borrower is maintaining the practice for which the CL was made.

(c) *Rescheduling.* The following conditions apply when a guaranteed loan is rescheduled or reamortized:

(1) Payments will be rescheduled within the following terms:

(i) FO and existing SW may be amortized over the remaining term of the note or rescheduled with an uneven payment schedule. The maturity date cannot exceed 40 years from the date of the original note.

(ii) OL notes must be rescheduled over a period not to exceed 15 years from the date of the rescheduling. An OL line of credit may be rescheduled over a period not to exceed 7 years

from the date of the rescheduling or 10 years from the date of the original note, whichever is less. Advances cannot be made against a line of credit loan that has had any portion of the loan rescheduled.

(iii) CL will be amortized over the remaining term or rescheduled with an uneven payment schedule. The maturity date cannot exceed 30 years from the date of the original note.

(2) The interest rate for a rescheduled loan is the negotiated rate agreed upon by the lender and the borrower at the time of the action, subject to the loan limitations for each type of loan.

(3) A new note is not necessary when rescheduling occurs. However, if a new note is not taken, the existing note or line of credit agreement must be modified by attaching an allonge or other legally effective amendment, evidencing the revised repayment schedule and any interest rate change. If a new note is taken, the new note must reference the old note and state that the indebtedness evidenced by the old note or line of credit agreement is not satisfied. The original note or line of credit agreement must be retained.

(d) *Deferrals.* The following conditions apply to deferrals:

(1) Payments may be deferred up to 5 years, but the loan may not be extended beyond the final due date of the note.

(2) The principal portion of the payment may be deferred either in whole or in part.

(3) Interest may be deferred only in part. Payment of a reasonable portion of accruing interest as indicated by the borrower's cash flow projections is required for multi-year deferrals.

(4) There must be a reasonable prospect that the borrower will be able to resume full payments at the end of the deferral period.

(e) *Debt writedown.* The following conditions apply to debt writedown:

(1) A lender may only write down a delinquent guaranteed loan or line of credit in an amount sufficient to permit the borrower to develop a feasible plan as defined in § 762.102(b).

(2) The lender will request other creditors to negotiate their debts before a writedown is considered.

(3) The borrower cannot develop a feasible plan after consideration is given to rescheduling and deferral under this section.

(4) The present value of the loan to be written down, based on the interest rate of the rescheduled loan, will be equal to or exceed the net recovery value of the loan collateral.

(5) The loan will be restructured with regular payments at terms no shorter than 5 years for a line of credit and OL term note; and no shorter than 20 years for FO and CL, unless required to be shorter by paragraphs (c)(1)(i) through (iii) of this section.

(6) No further advances may be made on a line of credit that is written down.

(7) Loans may not be written down with interest assistance. If a borrower's loan presently on interest assistance requires a writedown, the writedown will be considered without interest assistance.

(8) The writedown is based on writing down the shorter-term loans first.

(9) When a lender requests approval of a writedown for a borrower with multiple loans, the security for all of the loans will be cross-collateralized and continue to serve as security for the loan that is written down. If a borrower has multiple loans and one loan is written off entirely through debt writedown, the security for that loan will not be released and will remain as security for the other written down debt. Additional security instruments will be taken if required to cross-collateralize security and maintain lien priority.

(10) The writedown will be evidenced by an allonge or amendment to the existing note or line of credit reflecting the writedown.

(11) The borrower executes an Agency shared appreciation agreement for loans which are written down and secured by real estate.

(i) The lender will attach the original agreement to the restructured loan document.

(ii) The lender will provide the Agency a copy of the executed agreement, and

(iii) Security instruments must ensure future collection of any appreciation under the agreement.

Farm Service Agency, USDA

§ 762.146

(12) The lender will prepare and submit the following to the Agency:

(i) A current appraisal of all security in accordance with § 762.127.

(ii) A completed report of loss on the appropriate Agency form for the proposed writedown loss claim.

(iii) Detailed writedown calculations as follows:

(A) Calculate the present value.

(B) Determine the net recovery value.

(C) If the net recovery value exceeds the present value, writedown is unavailable; liquidation becomes the next servicing consideration. If the present value equals or exceeds the net recovery value, the debt may be written down to the present value.

(iv) The lender will make any adjustment in the calculations as requested by the Agency.

§ 762.146 Other servicing procedures.

(a) *Additional loans and advances.* (1) Notwithstanding any provision of this section, the PLP lender may make additional loans or advances in accordance with the lender's agreement with the Agency.

(2) SEL and CLP lenders must not make additional loans or advances without prior written approval of the Agency, except as provided in the borrower's loan or line of credit agreement.

(3) In cases of a guaranteed line of credit, lenders may make an emergency advance when a line of credit has reached its ceiling. The emergency advance will be made as an advance under the line and not as a separate note. The lender's loan documents must contain sufficient language to provide that any emergency advance will constitute a debt of the borrower to the lender and be secured by the security instrument. The following conditions apply:

(i) The loan funds to be advanced are for authorized operating loan purposes;

(ii) The financial benefit to the lender and the Government from the ad-

vance will exceed the amount of the advance; and

(iii) The loss of crops or livestock is imminent unless the advance is made.

(4) Protective advance requirements are found in § 762.149.

(b) *Release of liability upon withdrawal.* An individual who is obligated on a guaranteed loan may be released from liability by a lender, with the written consent of the Agency, provided the following conditions have been met:

(1) The individual to be released has withdrawn from the farming operation;

(2) A divorce decree or final property settlement does not hold the withdrawing party responsible for the loan payments;

(3) The withdrawing party's interest in the security is conveyed to the individual or entity with whom the loan will be continued;

(4) The ratio of the amount of debt to the value of the remaining security is less than or equal to .75, or the withdrawing party has no income or assets from which collection can be made; and

(5) Withdrawal of the individual does not result in legal dissolution of the entity to which the loans are made. Individually liable members of a general or limited partnership may not be released from liability.

(6) The remaining liable party projects a feasible plan (see § 761.2(b) of this chapter).

(c) *Release of liability after liquidation.* After a final loss claim has been paid on the borrower's account, the lender may release the borrower or guarantor from liability if:

(1) The Agency agrees to the release in writing;

(2) The lender documents its consideration of the following factors concerning the borrower or guarantors:

(i) The likelihood that the borrower or guarantor will have a sufficient level of income in the reasonably near future to contribute to a meaningful reduction of the debt;

(ii) The prospect that the borrower or guarantor will inherit assets in the near term that may be attached by the Agency for payment of a significant portion of the debt;

(iii) Whether collateral has been properly accounted for, and whether liability should be retained in order to take action against the borrower or a third party for conversion of security;

(iv) The availability of other income or assets which are not security;

(v) The possibility that assets have been concealed or improperly transferred;

(vi) The effect of other guarantors on the loan; and

(vii) Cash consideration or other collateral in exchange for the release of liability.

(3) The lender will use its own release of liability documents.

(d) *Interest rate changes.* (1) The lender may change the interest rate on a performing (nondelinquent) loan only with the borrower's consent.

(2) If the loan has been sold on the secondary market, the lender must repurchase the loan or obtain the holder's written consent.

(3) To change a fixed rate of interest to a variable rate of interest or vice versa, the lender and the borrower must execute a legally effective allonge or amendment to the existing note.

(4) If a new note is taken, it will be attached to and refer to the original note.

(5) The lender will inform the Agency of the rate change.

(e) *Consolidation.* Two or more Agency guaranteed loans may be consolidated, subject to the following conditions:

(1) The borrower must project a feasible plan after the consolidation. See § 761.2(b) of this chapter for definition of feasible plan.

(2) Only OL may be consolidated.

(3) Existing lines of credit may only be consolidated with a new line of credit if the final maturity date and conditions for advances of the new line of credit are made the same as the existing line of credit.

(4) Guaranteed OL may not be consolidated with a line of credit, even if the line of credit has been rescheduled.

(5) Guaranteed loans made prior to October 1, 1991, cannot be consolidated with those loans made on or after October 1, 1991.

(6) OL secured by real estate or with an outstanding interest assistance agreement or shared appreciation agreement cannot be consolidated.

(7) A new note or line of credit agreement will be taken. The new note or line of credit agreement must describe the note or line of credit agreement being consolidated and must state that the indebtedness evidenced by the note or line of credit agreement is not satisfied. The original note or line of credit agreement must be retained.

(8) The interest rate for a consolidated OL loan is the negotiated rate agreed upon by the lender and the borrower at the time of the action, subject to the loan limitations for each type of loan.

(9) The Agency approves the consolidation by executing a modification of guarantee. The modification will indicate the consolidated loan amount, new terms, and percentage of guarantee, and will be attached to the originals of the guarantees being consolidated. If loans with a different guarantee percentage are consolidated, the new guarantee will be at the lowest percentage of guarantee being consolidated.

(10) Any holders must consent to the consolidation, or the guaranteed portion must be repurchased by the lender.

[64 FR 7378, Feb. 12, 1999, as amended at 66 FR 7567, Jan. 24, 2001; 78 FR 65530, Nov. 1, 2013]

§ 762.147 Servicing shared appreciation agreements.

(a) *Lender responsibilities.* The lender is responsible for:

(1) Monitoring the borrower's compliance with the shared appreciation agreement;

(2) Notifying the borrower of the amount of recapture due; and,

(3) Beginning October 1, 1999, a notice of the agreement's provisions not later than 12 months before the end of the agreement; and

(4) Reimbursing the Agency for its pro-rata share of recapture due.

(b) *Recapture.* (1) Recapture of any appreciation of real estate security will take place at the end of the term of the agreement, or sooner if the following occurs:

Farm Service Agency, USDA

§ 762.148

(i) On the conveyance of the real estate security (or a portion thereof) by the borrower.

(A) If only a portion of the real estate is conveyed, recapture will only be triggered against the portion conveyed. Partial releases will be handled in accordance with § 762.142(b).

(B) Transfer of title to the spouse of the borrower on the death of such borrower will not be treated as a conveyance under the agreement.

(ii) On repayment of the loan; or

(iii) If the borrower ceases farming.

(2) Calculating recapture.

(i) The amount of recapture will be based on the difference between the value of the security at the time recapture is triggered and the value of the security at the time of writedown, as shown on the shared appreciation agreement.

(ii) Security values will be determined through appraisals obtained by the lender and meeting the requirements of § 762.127.

(iii) All appraisal fees will be paid by the lender.

(iv) The amount of recapture will not exceed the amount of writedown shown on the shared appreciation agreement.

(v) If recapture is triggered within 4 years of the date of the shared appreciation agreement, the lender shall recapture 75 percent of any positive appreciation in the market value of the property securing the loan or line of credit agreement.

(vi) If recapture is triggered after 4 years from the date of the shared appreciation agreement, the lender shall recapture 50 percent of any positive appreciation in the market value of the property securing the loan or line of credit agreement.

(3) Servicing recapture debt.

(i) If recapture is triggered under the shared appreciation agreement and the borrower is unable to pay the recapture in a lump sum, the lender may:

(A) Reschedule the recapture debt with the consent of the Agency, provided the lender can document the borrower's ability to make amortized payments on the recapture debt, plus pay all other obligations. In such case, the recapture debt will not be covered by the guarantee;

(B) Pay the Agency its pro rata share of the recapture due. In such case, the recapture debt of the borrower will be covered by the guarantee; or

(C) Service the account in accordance with § 762.149.

(ii) If recapture is triggered, and the borrower is able but unwilling to pay the recapture in a lump sum, the lender will service the account in accordance with § 762.149.

(4) Paying the Agency. Any shared appreciation recaptured by the lender will be shared on a pro-rata basis between the lender and the Agency.

[64 FR 7378, Feb. 12, 1999, as amended at 75 FR 54014, Sept. 3, 2010]

§ 762.148 Bankruptcy.

(a) *Lender responsibilities.* The lender must protect the guaranteed loan debt and all collateral securing the loan in bankruptcy proceedings. The lender's responsibilities include, but are not limited to:

(1) Filing a proof of claim where required and all the necessary papers and pleadings;

(2) Attending, and where necessary, participating in meetings of the creditors and court proceedings;

(3) Protecting the collateral securing the guaranteed loan and resisting any adverse changes that may be made to the collateral;

(4) Seeking a dismissal of the bankruptcy proceeding when the operation as proposed by the borrower to the bankruptcy court is not feasible;

(5) When permitted by the bankruptcy code, requesting a modification of any plan of reorganization if it appears additional recoveries are likely.

(6) Monitor confirmed plans under chapters 11, 12 and 13 of the bankruptcy code to determine borrower compliance. If the borrower fails to comply, the lender will seek a dismissal of the reorganization plan; and

(7) Keeping the Agency regularly informed in writing on all aspects of the proceedings.

(i) The lender will submit a default status report when the borrower defaults and every 60 days until the default is resolved or a final loss claim is paid.

(ii) The default status report will be used to inform the Agency of the bankruptcy filing, the reorganization plan confirmation date and effective date, when the reorganization plan is complete, and when the borrower is not in compliance with the reorganization plan.

(b) *Bankruptcy expenses.* (1) Reorganization.

(i) Expenses, such as legal fees and the cost of appraisals incurred by the lender as a direct result of the borrower's chapter 11, 12, or 13 reorganization, are covered under the guarantee, provided they are reasonable, customary, and provide a demonstrated economic benefit to the lender and the Agency.

(ii) Lender's in-house expenses, which are those expenses which would normally be incurred for administration of the loan, including in-house lawyers, are not covered by the guarantee.

(2) Liquidation expenses in bankruptcy.

(i) Reasonable and customary liquidation expenses may be deducted from the proceeds of the collateral in liquidation bankruptcy cases.

(ii) In-house expenses are not considered customary liquidation expenses, may not be deducted from collateral proceeds, and are not covered by the guarantee.

(c) *Estimated loss claims in reorganization*—(1) *At confirmation.* The lender may submit an estimated loss claim upon confirmation of the reorganization plan in accordance with the following:

(i) The estimated loss payment will cover the guaranteed percentage of the principal and accrued interest written off, plus any allowable costs incurred as of the effective date of the plan.

(ii) The lender will submit supporting documentation for the loss claim, and any additional information requested by the Agency, including justification for the legal fees included on the claim.

(iii) The estimated loss payment may be revised as consistent with a court-approved reorganization plan.

(iv) Protective advances made and approved in accordance with §762.149 may be included in an estimated loss claim associated with a reorganization, if:

(A) They were incurred in connection with the initiation of liquidation action prior to bankruptcy filing; or

(B) The advance is required to provide repairs, insurance, etc. to protect the collateral as a result of delays in the case, or failure of the borrower to maintain the security.

(2) Interest only losses. The lender may submit an estimated loss claim for interest only after confirmation of the reorganization plan in accordance with the following:

(i) The loss claims may cover interest losses sustained as a result of a court-ordered, permanent interest rate reduction.

(ii) The loss claims will be processed annually on the anniversary date of the effective date of the reorganization plan.

(iii) If the borrower performs under the terms of the reorganization plan, annual interest reduction loss claims will be submitted on or near the same date, beyond the period of the reorganization plan.

(3) Actual loss.

(i) Once the reorganization plan is complete, the lender will provide the Agency with documentation of the actual loss sustained.

(ii) If the actual loss sustained is greater than the prior estimated loss payment, the lender may submit a revised estimated loss claim to obtain payment of the additional amount owed by the Agency under the guarantee.

(iii) If the actual loss is less than the prior estimated loss, the lender will reimburse the Agency for the overpayment plus interest at the note rate from the date of the payment of the estimated loss.

(4) Payment to holder. In reorganization bankruptcy, if a holder makes demand upon the Agency, the Agency will pay the holder interest to the plan's effective date. Accruing interest thereafter will be based upon the provisions of the reorganization plan.

(d) *Liquidation under the bankruptcy code.* (1) Upon receipt of notification that a borrower has filed for protection under Chapter 7 of the bankruptcy

code, or a liquidation plan under chapter 11, the lender must proceed according to the liquidation procedures of this part.

(2) If the property is abandoned by the trustee, the lender will conduct the liquidation according to § 762.149.

(3) Proceeds received from partial sale of collateral during bankruptcy may be used by the lender to pay reasonable costs, such as freight, labor and sales commissions, associated with the partial sale. Reasonable use of proceeds for this purpose must be documented with the final loss claim in accordance with § 762.149(i)(4).

[64 FR 7378, Feb. 12, 1999, as amended at 71 FR 43957, Aug. 3, 2006; 73 FR 32637, June 10, 2008; 75 FR 54014, Sept. 3, 2010]

§ 762.149 Liquidation.

(a) *Mediation.* When it has been determined that default cannot be cured through any of the servicing options available, or if the lender does not wish to utilize any of the authorities provided in this part, the lender must:

(1) Participate in mediation according to the rules and regulations of any State which has a mandatory farmer-creditor mediation program;

(2) Consider private mediation services in those States which do not have a mandatory farmer-creditor mediation program; and

(3) Not agree to any proposals to re-write the terms of a guaranteed loan which do not comply with this part. Any agreements reached as a result of mediation involving defaults and or loan restructuring must have written concurrence from the Agency before they are implemented.

(b) *Liquidation plan.* If a default cannot be cured after considering servicing options and mediation, the lender will proceed with liquidation of the collateral in accordance with the following:

(1) Within 150 days after the payment due date, all lenders will prepare a liquidation plan. Standard eligible and CLP lenders will submit a written liquidation plan to the Agency which includes:

(i) Current balance sheets from all liable parties or, if the parties are not cooperative, the best information available, or in liquidation bank-

ruptcies, a copy of the bankruptcy schedules or discharge notice;

(ii) A proposed method of maximizing the collection of debt which includes specific plans to collect any remaining loan balances on the guaranteed loan after loan collateral has been liquidated, including possibilities for judgment;

(A) If the borrower has converted loan security, the lender will determine whether litigation is cost effective. The lender must address, in the liquidation plan, whether civil or criminal action will be pursued. If the lender does not pursue the recovery, the reason must be documented when an estimated loss claim is submitted.

(B) Any proposal to release the borrower from liability will be addressed in the liquidation plan in accordance with § 762.146(c)(2);

(iii) An independent appraisal report on all collateral securing the loan that meets the requirements of § 762.127 and a calculation of the net recovery value of the security as defined in § 761.2(b) of this chapter. The appraisal requirement may be waived by the Agency in the following cases:

(A) The bankruptcy trustee is handling the liquidation and the lender has submitted the trustee's determination of value;

(B) The lender's proposed method of liquidation rarely results in receipt of less than market value for livestock and used equipment; or

(C) A purchase offer has already been received for more than the debt;

(iv) An estimate of time necessary to complete the liquidation;

(v) An estimated loss claim must be filed no later than 150 days past the payment due date unless the account has been completely liquidated and then a final loss claim must be filed.

(vi) An estimate of reasonable liquidation expenses; and

(vii) An estimate of any protective advances.

(2) PLP lenders will submit a liquidation plan as required by their lender's agreement.

(c) *Agency approval of the liquidation plan.* (1) CLP lender's or standard eligible lender's liquidation plan, and any revisions of the plan, must be approved by the Agency.

(2) If, within 20 calendar days of the Agency's receipt of the liquidation plan, the Agency fails to approve it or fails to request that the lender make revisions, the lender may assume the plan is approved. The lender may then proceed to begin liquidation actions at its discretion as long as it has been at least 60 days since the borrower's eligibility for interest assistance was considered.

(3) At its option, the Agency may liquidate the guaranteed loan as follows:

(i) Upon Agency request, the lender will transfer to the Agency all rights and interests necessary to allow the Agency to liquidate the loan. The Agency will not pay the lender for any loss until after the collateral is liquidated and the final loss is determined; and

(ii) If the Agency conducts the liquidation, interest accrual will cease on the date the Agency notifies the lender in writing that it assumes responsibility for the liquidation.

(d) *Estimated loss claims.* An estimated loss claim must be submitted by all lenders no later than 150 days after the payment due date unless the account has been completely liquidated and then a final loss claim must be filed. The estimated loss will be based on the following:

(1) The Agency will pay the lender the guaranteed percentage of the total outstanding debt, less the net recovery value of the remaining security, less any unaccounted for security; and

(2) The lender will discontinue interest accrual on the defaulted loan at the time the estimated loss claim is paid by the Agency. The Agency will not pay interest beyond 210 days from the payment due date. If the lender estimates that there will be no loss after considering the costs of liquidation, an estimated loss of zero will be submitted and interest accrual will cease upon the approval of the estimated loss and never later than 210 days from the payment due date. The following exceptions apply:

(i) In the case of a Chapter 7 bankruptcy, in cases where the lender filed an estimated loss claim, the Agency will pay the lender interest that accrues during and up to 45 days after the discharge on the portion of the chattel

only secured debt that was estimated to be secured, but upon final liquidation was found to be unsecured, and up to 90 days after the date of discharge on the portion of real estate secured debt that was estimated to be secured, but was found to be unsecured upon final disposition.

(ii) The Agency will pay the lender interest that accrues during and up to 90 days after the time period the lender is unable to dispose of acquired property due to state imposed redemption rights on any unsecured portion of the loan during the redemption period, if an estimated loss claim was paid by the Agency during the liquidation action.

(3) Packager fees and outside consultant fees for servicing of guaranteed loans are not covered by the guarantee, and will not be paid in an estimated loss claim.

(e) *Protective advances.* (1) Prior written authorization from the Agency is required for all protective advances in excess of \$5,000 for CLP lenders and \$3,000 for standard eligible lenders. The dollar amount of protective advances allowed for PLP lenders will be specified when PLP status is awarded by the Agency or as contained in the lender's agreement.

(2) The lender may claim recovery for the guaranteed portion of any loss of monies advanced as protective advances as allowed in this part, plus interest that accrues on the protective advances.

(3) Payment for protective advances is made by the Agency when the final loss claim is approved, except in bankruptcy actions.

(4) Protective advances are used only when the borrower is in liquidation, liquidation is imminent, or when the lender has taken title to real property in a liquidation action.

(5) Legal fees are not a protective advance.

(6) Protective advances may only be made when the lender can demonstrate the advance is in the best interest of the lender and the Agency.

(7) Protective advances must constitute a debt of the borrower to the lender and be secured by the security instrument.

(8) Protective advances must not be made in lieu of additional loans.

(f) *Unapproved loans or advances.* The amount of any payments made by the borrower on unapproved loans or advances outside of the guarantee will be deducted from any loss claim submitted by the lender on the guaranteed loan, if that loan or advance was paid prior to, and to the detriment of, the guaranteed loan.

(g) *Acceleration.* (1) If the borrower is not in bankruptcy, the lender shall send the borrower notice that the loan is in default and the entire debt has been determined due and payable immediately after other servicing options have been exhausted.

(2) The loan cannot be accelerated until after the borrower has been considered for interest assistance and the conclusion of mandatory mediation in accordance with § 762.149.

(3) The lender will submit a copy of the acceleration notice or other document to the Agency.

(h) *Foreclosure.* (1) The lender is responsible for determining the necessary parties to any foreclosure action, or who should be named on a deed of conveyance taken in lieu of foreclosure.

(2) When the property is liquidated, the lender will apply the net proceeds to the guaranteed loan debt.

(3) When it is necessary to enter a bid at a foreclosure sale, the lender may bid the amount that it determines is reasonable to protect its and the Agency's interest. At a minimum, the lender will bid the lesser of the net recovery value or the unpaid guaranteed loan balance.

(i) *Final loss claims.* (1) Lenders must submit a final loss claim when the security has been liquidated and all proceeds have been received and applied to the account. All proceeds must be applied to principal first and then toward accrued interest if the interest is still accruing. The application of the loss claim payment to the account does not automatically release the borrower of liability for any portion of the borrower's debt to the lender. The lender will continue to be responsible for collecting the full amount of the debt and sharing these future recoveries with

the Agency in accordance with paragraph (j) of this section.

(2) If a lender acquires title to property either through voluntary conveyance or foreclosure proceeding, the lender will submit a final loss claim after disposing of the property. The lender may pay reasonable maintenance expenses to protect the value of the property while it is owned by the lender. These may be paid as protective advances or deducted as liquidation expenses from the sales proceeds when the lender disposes of the property. The lender must obtain Agency written concurrence before incurring maintenance expenses which exceed the amounts allowed in § 762.149(e)(1). Packager fees and outside consultant fees for servicing of guaranteed loans are not covered by the guarantee, and will not be paid in a final loss claim.

(3) The lender will make its records available to the Agency for the Agency's audit of the propriety of any loss payment.

(4) All lenders will submit the following documents with a final loss claim:

(i) An accounting of the use of loan funds;

(ii) An accounting of the disposition of loan security and its proceeds;

(iii) A copy of the loan ledger indicating loan advances, interest rate changes, protective advances, and application of payments, rental proceeds, and security proceeds, including a running outstanding balance total; and

(iv) Documentation, as requested by the Agency, concerning the lender's compliance with the requirements of this part.

(5) The Agency will notify the lender of any discrepancies in the final loss claim or, approve or reject the claim within 40 days. Failure to do so will result in additional interest being paid to the lender for the number of days over 40 taken to process the claim.

(6) The Agency will reduce a final loss claim based on its calculation of the dollar amount of loss caused by the lender's negligent servicing of the account. Loss claims may be reduced or rejected as a result of the following:

(i) A loss claim may be reduced by the amount caused by the lender's failure to secure property after a default,

§ 762.150

and will be reduced by the amount of interest that accrues when the lender fails to contact the borrower or takes no action to cure the default, once it occurs. Losses incurred as a result of interest accrual during excessive delays in collection, as determined by the Agency, will not be paid.

(ii) Unauthorized release of security proceeds, failure to verify ownership or possession of security to be purchased, or failure to inspect collateral as often required so as to ensure its maintenance.

(7) Losses will not be reduced for the following:

(i) Servicing deficiencies that did not contribute materially to the dollar amount of the loss.

(ii) Unaccounted security, as long as the lender's efforts to locate and recover the missing collateral was equal to that which would have been expended in the case of an unguaranteed loan in the lender's portfolio.

(8) Default interest, late charges, and loan servicing fees are not payable under the loss claim.

(9) The final loss will be the remaining outstanding balance after application of the estimated loss payment and the application of proceeds from the liquidation of the security.

(10) If the final loss is less than the estimated loss, the lender will reimburse the Agency for the overpayment, plus interest at the note rate from the date of the estimated loss payment.

(11) The lender will return the original guarantee marked paid after receipt of a final loss claim.

(j) *Future Recovery.* The lender will remit any recoveries made on the account after the Agency's payment of a final loss claim to the Agency in proportion to the percentage of guarantee, in accordance with the lender's agreement, until the account is paid in full or otherwise satisfied.

(k) *Overpayments.* The lender will repay any final loss overpayment determined by the Agency upon request.

(l) *Electronic funds transfer.* The lender will designate one or more financial institutions to which any Agency payments will be made via electronic funds transfer.

(m) *Establishment of Federal debt.* Any amounts paid by the Agency on ac-

7 CFR Ch. VII (1-1-24 Edition)

count of liabilities of the guaranteed loan borrower will constitute a Federal debt owing to the Agency by the guaranteed loan borrower. In such case, the Agency may use all remedies available to it, including offset under the Debt Collection Improvement Act of 1996, to collect the debt from the borrower. Interest charges will be established at the note rate of the guaranteed loan on the date the final loss claim is paid.

§ 762.150 Interest assistance program.

(a) *Requests for interest assistance.* In addition to the loan application items required by § 762.110, to apply for interest assistance the lender's cash flow budget for the guaranteed applicant must reflect the need for interest assistance and the ability to cash flow with the subsidy. Interest assistance is available only on new guaranteed Operating Loans (OL).

(b) *Eligibility requirements.* The lender must document that the following conditions have been met for the applicant to be eligible for interest assistance:

(1) A feasible plan cannot be achieved without interest assistance, but can be achieved with interest assistance.

(2) If significant changes in the borrower's cash flow budget are anticipated after the initial 12 months, then the typical cash flow budget must demonstrate that the borrower will still have a feasible plan following the anticipated changes, with or without interest assistance.

(3) The typical cash flow budget must demonstrate that the borrower will have a feasible plan throughout the term of the loan.

(4) The borrower, including members of an entity borrower, does not own any significant assets that do not contribute directly to essential family living or farm operations. The lender must determine the market value of any such non-essential assets and prepare a cash flow budget and interest assistance calculations based on the assumption that these assets will be sold and the market value proceeds used for debt reduction. If a feasible plan can

then be achieved, the borrower is not eligible for interest assistance.

(5) A borrower may only receive interest assistance if their total debts (including personal debts) prior to the new loan exceed 50 percent of their total assets (including personal assets). An entity's debt to asset ratio will be based upon a financial statement that consolidates business and personal debts and assets of the entity and its members. Beginning farmers § 761.2(b) of this chapter, as defined in § 762.102, are excluded from this requirement.

(c) *Maximum assistance.* The maximum total guaranteed OL debt on which a borrower can receive interest assistance is \$400,000, regardless of the number of guaranteed loans outstanding. This is a lifetime limit.

(d) *Maximum time for which interest assistance is available.* (1) A borrower may only receive interest assistance for one 5-year period. The term of the interest assistance agreement executed under this section shall not exceed 5 consecutive years from the date of the initial agreement signed by the applicant, including any entity members, or the outstanding term of the loan, whichever is less. This is a lifetime limit.

(2) Beginning farmers § 761.2(b) of this chapter, as defined in § 762.102, however, may be considered for two 5-year periods. The applicant must meet the definition of a beginning farmer and meet the other eligibility requirements outlined in paragraph (b) of this section at the onset of each 5-year period. A needs test will be completed in the fifth year of IA eligibility for beginning farmers, to determine continued eligibility for a second 5-year period.

(3) Notwithstanding the limitation of paragraph (d)(1) of this section, a new interest assistance agreement may be approved for eligible borrowers to provide interest assistance through June 8, 2009, provided the total period does not exceed 10 years from the effective date of the original interest assistance agreement.

(e) *Multiple loans.* In the case of a borrower with multiple guaranteed loans with one lender, interest assistance can be applied to each loan, only to one loan or any distribution the lender selects, as necessary to achieve a feasible

plan, subject to paragraph (c) of this section.

(f) *Terms.* The typical term of scheduled loan repayment will not be reduced solely for the purpose of maximizing eligibility for interest assistance. A loan must be scheduled over the maximum term typically used by lenders for similar type loans within the limits in § 762.124. An OL for the purpose of providing annual operating and family living expenses will be scheduled for repayment when the income is scheduled to be received from the sale of the crops, livestock, and/or livestock products which will serve as security for the loan. An OL for purposes other than annual operating and family living expenses (*i.e.* purchase of equipment or livestock, or refinancing existing debt) will be scheduled over 7 years from the effective date of the proposed interest assistance agreement, or the life of the security, whichever is less.

(g) *Rate of interest.* The lender interest rate will be set according to § 762.124(a).

(h) *Agreement.* The lender and borrower must execute an interest assistance agreement as prescribed by the Agency.

(i) *Interest assistance claims and payments.* To receive an interest assistance payment, the lender must prepare and submit a claim on the appropriate Agency form. The following conditions apply:

(1) Interest assistance payments will be four (4) percent of the average daily principal loan balance prorated over the number of days the loan has been outstanding during the payment period. For loans with a note rate less than four (4) percent, interest assistance payments will be the weighted average interest rate multiplied by the average daily principal balance.

(2) The lender may select at the time of loan closing the date that they wish to receive an interest assistance payment. That date will be included in the interest assistance agreement.

(i) The initial and final claims submitted under an agreement may be for a period less than 12 months. All other claims will be submitted for a 12-month

§ 762.150

7 CFR Ch. VII (1-1-24 Edition)

period, unless there is a lender substitution during the 12-month period in accordance with this section.

(ii) In the event of liquidation, the final interest assistance claim will be submitted with the estimated loss claim or the final loss claim if an estimated loss claim was not submitted. Interest will not be paid beyond the interest accrual cutoff dates established in the loss claims according to § 762.149(d)(2).

(3) A claim should be filed within 60 days of its due date. Claims not filed within 1 year from the due date will not be paid, and the amount due the lender will be permanently forfeited.

(4) All claims will be supported by detailed calculations of average daily principal balance during the claim period.

(5) Requests for continuation of interest assistance for agreements dated prior to June 8, 2007 will be supported by the lender's analysis of the applicant's farming operation and need for continued interest assistance as set out in their Interest Assistance Agreements. The following information will be submitted to the Agency:

(i) A summary of the operation's actual financial performance in the previous year, including a detailed income and expense statement.

(ii) A narrative description of the causes of any major differences between the previous year's projections and actual performance, including a detailed income and expense statement.

(iii) A current balance sheet.

(iv) A cash-flow budget for the period being planned. A monthly cash-flow budget is required for all lines of credit and operating loans made for annual operating purposes. All other loans may include either an annual or monthly cash-flow budget.

(v) A copy of the interest assistance needs analysis portion of the application form which has been completed based on the planned period's cash-flow budget.

(6) Interest Assistance Agreements dated June 8, 2007 or later do not require a request for continuation of interest assistance. The lender will only be required to submit an Agency IA payment form and the average daily

principal balance for the claim period, with supporting documentation.

(7) Lenders may not charge or cause a borrower with an interest assistance agreement to be charged a fee for preparation and submission of the items required for an annual interest assistance claim.

(j) *Transfer, consolidation, and writedown.* Loans covered by interest assistance agreements cannot be consolidated. Such loans can be transferred only when the transferee was liable for the debt on the effective date of the interest assistance agreement. Loans covered by interest assistance can be transferred to an entity if the entity is eligible in accordance with §§ 762.120 and 762.150(b) and at least one entity member was liable for the debt on the effective date of the interest assistance agreement. Interest assistance will be discontinued as of the date of any writedown on a loan covered by an interest assistance agreement.

(k) *Rescheduling and deferral.* When a borrower defaults on a loan with interest assistance or the loan otherwise requires rescheduling or deferral, the interest assistance agreement will remain in effect for that loan at its existing terms. The lender may reschedule the loan in accordance with § 762.145. For Interest Assistance Agreements dated June 8, 2007 or later increases in the restructured loan amount above the amount originally obligated do not require additional funding; however, interest assistance is not available on that portion of the loan as interest assistance is limited to the original loan amount.

(l) *Bankruptcy.* In cases where the interest on a loan covered by an interest assistance agreement is reduced by court order in a reorganization plan under the bankruptcy code, interest assistance will be terminated effective on the date of the court order. Guaranteed loans which have had their interest reduced by bankruptcy court order are not eligible for interest assistance.

(m) *Termination of interest assistance payments.* Interest assistance payments will cease upon termination of the loan guarantee, upon reaching the expiration date contained in the agreement, or upon cancellation by the Agency

Farm Service Agency, USDA

§ 762.160

under the terms of the interest assistance agreement. In addition, for loan guarantees sold into the secondary market, Agency purchase of the guaranteed portion of a loan will terminate the interest assistance.

(n) *Excessive interest assistance.* Upon written notice to the lender, borrower, and any holder, the Agency may amend or cancel the interest assistance agreement and collect from the lender any amount of interest assistance granted which resulted from incomplete or inaccurate information, an error in computation, or any other reason which resulted in payment that the lender was not entitled to receive.

(o) *Condition for cancellation.* The Interest Assistance Agreement is incontestable except for fraud or misrepresentation, of which the lender or borrower have actual knowledge at the time the interest assistance agreement is executed, or which the lender or borrower participates in or condones.

(p) *Substitution.* If there is a substitution of lender, the original lender will prepare and submit to the Agency a claim for its final interest assistance payment calculated through the effective date of the substitution. This final claim will be submitted for processing at the time of the substitution.

(1) Interest assistance will continue automatically with the new lender.

(2) The new lender must follow paragraph (i) of this section to receive their initial and subsequent interest assistance payments.

(q) *Exception Authority.* The Deputy Administrator for Farm Loan Programs has the authority to grant an exception to any requirement involving interest assistance if it is in the best interest of the Government and is not inconsistent with other applicable law.

§ 762.159 Pledging of guarantee.

A lender may pledge all or part of the guaranteed or unguaranteed portion of the loan as security to a Federal Home Loan Bank, a Federal Reserve Bank, a Farm Credit System Bank, or any

other funding source determined acceptable by the Agency.

[70 FR 56107, Sept. 26, 2005]

§ 762.160 Assignment of guarantee.

(a) The following general requirements apply to assigning guaranteed loans:

(1) Subject to Agency concurrence, the lender may assign all or part of the guaranteed portion of the loan to one or more holders at or after loan closing, if the loan is not in default. However, a line of credit cannot be assigned. The lender must always retain the unguaranteed portion in their portfolio, regardless of how the loan is funded.

(2) The Agency may refuse to execute the Assignment of Guarantee and prohibit the assignment in case of the following:

(i) The Agency purchased and is holder of a loan that was assigned by the lender that is requesting the assignment.

(ii) The lender has not complied with the reimbursement requirements of § 762.144(c)(7), except when the 180 day reimbursement or liquidation requirement has been waived by the Agency.

(3) The lender will provide the Agency with copies of all appropriate forms used in the assignment.

(4) The guaranteed portion of the loan may not be assigned by the lender until the loan has been fully disbursed to the borrower.

(5) The lender is not permitted to assign any amount of the guaranteed or unguaranteed portion of the loan to the applicant or borrower, or members of their immediate families, their officers, directors, stockholders, other owners, or any parent, subsidiary, or affiliate.

(6) Upon the lender's assignment of the guaranteed portion of the loan, the lender will remain bound to all obligations indicated in the Guarantee, Lender's Agreement, the Agency program regulations, and to future program regulations not inconsistent with the provisions of the Lenders Agreement. The lender retains all rights under the security instruments for the protection of the lender and the United States.

(b) The following will occur upon the lender's assignment of the guaranteed portion of the loan:

(1) The holder will succeed to all rights of the Guarantee pertaining to the portion of the loan assigned.

(2) The lender will send the holder the borrower's executed note attached to the Guarantee.

(3) The holder, upon written notice to the lender and the Agency, may assign the unpaid guaranteed portion of the loan. The holder must assign the guaranteed portion back to the original lender if requested for servicing or liquidation of the account.

(4) The Guarantee or Assignment of Guarantee in the holder's possession does not cover:

(i) Interest accruing 90 days after the holder has demanded repurchase by the lender, except as provided in the Assignment of Guarantee and §762.144(c)(3)(iii).

(ii) Interest accruing 90 days after the lender or the Agency has requested the holder to surrender evidence of debt repurchase, if the holder has not previously demanded repurchase.

(c) Negotiations concerning premiums, fees, and additional payments for loans are to take place between the holder and the lender. The Agency will participate in such negotiations only as a provider of information.

§ 763.1 Introduction.

(a) *Purpose.* The Land Contract Guaranteed Program provides certain financial guarantees to the seller of a farm through a land contract sale to a beginning farmer or a socially disadvantaged farmer.

(b) *Types of guarantee.* The seller may request either of the following:

(1) *The prompt payment guarantee plan.* The Agency will guarantee an amount not to exceed three amortized annual installments plus an amount equal to the total cost of any related real estate taxes and insurance incurred during the period covered by the annual installment; or

(2) *The standard guarantee plan.* The Agency will guarantee an amount equal to 90 percent of the outstanding principal under the land contract.

(c) *Guarantee period.* The guarantee period is 10 years for either plan regardless of the term of the land contract.

§ 763.2 Abbreviations and definitions.

Abbreviations and definitions for terms used in this part are in §761.2 of this chapter.

§ 763.3 Full faith and credit.

(a) The land contract guarantee constitutes an obligation supported by the full faith and credit of the United States. The Agency may contest the guarantee only in cases of fraud or misrepresentation by the seller, in which:

(1) The seller had actual knowledge of the fraud or misrepresentation at the time it became the seller, or

(2) The seller participated in or condoned the fraud or misrepresentation.

(b) Loss claims also may be reduced or denied to the extent that any negligence contributed to the loss under § 763.22.

§ 763.4 Authorized land contract purpose.

The Agency will only guarantee the Contract installments, real estate taxes and insurance; or outstanding principal balance for an eligible seller of a family farm, through a land contract sale to an eligible beginning or socially disadvantaged farmer.

§ 763.5 Eligibility.

(a) *Seller eligibility requirements.* The private seller, and each entity member in the case of an entity seller, must:

- (1) Possess the legal capacity to enter into a legally binding agreement;
- (2) Not have provided false or misleading documents or statements during past or present dealings with the Agency;
- (3) Not be ineligible due to disqualification resulting from Federal Crop Insurance violation, according to 7 CFR part 718; and
- (4) Not be suspended or debarred under 2 CFR parts 180 and 417.

(b) *Buyer eligibility requirements.* The buyer must meet the following requirements to be eligible for the Land Contract Guarantee Program:

- (1) Is a beginning farmer or socially disadvantaged farmer engaged primarily in farming in the United States after the guarantee is issued.
- (2) Is the owner and operator of a family farm after the Contract is completed. Ownership of the family farm operation or the farm real estate may be held either directly in the individual's name or indirectly through interest in a legal entity. In the case of an entity buyer:
 - (i) Each entity member's ownership interest may not exceed the amount specified in the family farm definition in § 761.2 of this chapter.
 - (ii) If the applicant has one or more embedded entities, at least 75 percent of the individual ownership interests of each embedded entity must be owned by members actively involved in managing or operating the family farm.
 - (iii) An ownership entity must be authorized to own a farm in the state or

states in which the farm is located. An operating entity must be authorized to operate a farm in the state or states in which the farm is located.

(iv) If the entity members holding a majority interest are related by blood or marriage, at least one member of the entity must:

- (A) Operate the family farm and
- (B) Own the farm after the contract is completed;

(v) If the entity members holding a majority interest are not related by blood or marriage, the entity members holding a majority interest must:

- (A) Operate the family farm; and
- (B) Own the farm, or the entity itself must own the farm after the contract is completed;

(vi) If the entity is an operator-only entity, the individuals that own the farm (real estate) must own at least 50 percent of the family farm (operating entity).

(vii) All ownership may be held either directly in the individual's name or indirectly through interest in a legal entity.

(3) Must have participated in the business operations of a farm or ranch for at least 3 years out of the last 10 years prior to the date the application is submitted. Of those 3 years, 1 year can be substituted with the following experience:

- (i) Postsecondary education in agriculture business, horticulture, animal science, agronomy, or other agricultural related fields,
- (ii) Significant business management experience, or
- (iii) Leadership or management experience while serving in any branch of the military.

(4) The buyer, and all entity members in the case of an entity, must not have caused the Agency a loss by receiving debt forgiveness on all or a portion of any direct or guaranteed loan made under the authority of the Act by debt write-down or write-off; compromise, adjustment, reduction, or charge off under the provisions of section 331 of the Act; discharge in bankruptcy; or through payment of a guaranteed loss claim on more than three occasions on or prior to April 4, 1996 or any occasion after April 4, 1996. If the debt forgiveness is resolved by repayment of the

§ 763.6

Agency's loss, the Agency may still consider the debt forgiveness in determining the applicant's creditworthiness.

(5) The buyer, and all entity members in the case of an entity, must not be delinquent on any Federal debt, other than a debt under the Internal Revenue Code of 1986, when the guarantee is issued.

(6) The buyer, and all entity members in the case of an entity, may have no outstanding unpaid judgment awarded to the United States in any court. Such judgments do not include those filed as a result of action in the United States Tax Courts.

(7) The buyer, and all entity members in the case of an entity, must be a citizen of the United States, United States non-citizen national, or a qualified alien under applicable Federal immigration laws. United States non-citizen nationals and qualified aliens must provide the appropriate documentation as to their immigration status as required by the United States Department of Homeland Security, Bureau of Citizenship and Immigration Services.

(8) The buyer, and all entity members in the case of an entity, must possess the legal capacity to enter into a legally binding agreement.

(9) The buyer, and all entity members in the case of an entity, must not have provided false or misleading documents or statements during past or present dealings with the Agency.

(10) The buyer, and all entity members in the case of an entity, must not be ineligible as a result of a conviction for controlled substances according to 7 CFR part 718.

(11) The buyer, and all entity members in the case of an entity, must have an acceptable credit history demonstrated by satisfactory debt repayment.

(i) A history of failures to repay past debts as they came due when the ability to repay was within their control will demonstrate unacceptable credit history.

(ii) Unacceptable credit history will not include:

(A) Isolated instances of late payments which do not represent a pattern

7 CFR Ch. VII (1-1-24 Edition)

and were clearly beyond their control; or

(B) Lack of credit history.

(12) The buyer is unable to enter into a contract unless the seller obtains an Agency guarantee to finance the purchase of the farm at reasonable rates and terms.

(13) The buyer, and all entity members in the case of an entity, must not be ineligible due to disqualification resulting from Federal Crop Insurance violation, according to 7 CFR part 718.

(14) The buyer, and all entity members in the case of an entity, must not be suspended or debarred under 2 CFR parts 180 and 417.

(1) \$500,000 or

(2) The current market value of the property.

(b) A guarantee will not be issued if the appraised value of the farm is greater than \$500,000.

(c) Existing land contracts are not eligible for the Land Contract Guarantee Program.

(d) Guarantees may not be used to establish or support a non-eligible enterprise.

§ 763.8 Incomplete applications.

(a) Within 10 days of receipt of an incomplete application, the Agency will provide the seller and buyer written notice of any additional information that must be provided. The seller or buyer, as applicable, must provide the additional information within 20 calendar days of the date of the notice.

(b) If the additional information is not received, the Agency will provide written notice that the application will be withdrawn if the information is not received within 10 calendar days of the date of the second notice.

§ 763.9 Processing complete applications.

Applications will be approved or rejected and all parties notified in writing no later than 30 calendar days after application is considered complete.

§ 763.10 Feasibility.

(a) The buyer's proposed operation as described in a form acceptable to the Agency must represent the operating cycle for the farm operation and must project a feasible plan as defined in §761.2(b) of this chapter.

(b) The projected income, expenses, and production estimates:

(1) Must be based on the buyer's last 3 years actual records of production and financial management unless the buyer has been farming less than 3 years;

(2) For those farming less than 3 years, a combination of any actual history and other reliable sources of information may be used. Sources must be documented and acceptable to the Agency; and

(3) May deviate from historical performance if deviations are the direct

§ 763.11

result of specific changes in the operation, reasonable, justified, documented, and acceptable to the Agency.

(c) Price forecasts used in the plan must be reasonable, documented, and acceptable to the Agency.

(d) The Agency will analyze the buyer's business ventures other than the farm operation to determine their soundness and contribution to the operation.

(e) When a feasible plan depends on income from sources other than from owned land, the income must be dependable and likely to continue.

(f) When the buyer's farm operating plan is developed in conjunction with a proposed or existing Agency direct loan, the two farm operating plans must be consistent.

§ 763.11 Maximum loss amount, guarantee period, and conditions.

(a) *Maximum loss amount.* The maximum loss amount due to nonpayment by the buyer covered by the guarantee is based on the type of guarantee initially selected by the seller as follows:

(1) The prompt payment guarantee will cover:

(i) Three amortized annual installments; or

(ii) An amount equal to three annual installments (including an amount equal to the total cost of any tax and insurance incurred during the period covered by the annual installments).

(2) The standard guarantee will cover an amount equal to 90 percent of the outstanding principal balance.

(b) *Guarantee period.* The period of the guarantee will be 10 years from the effective date of the guarantee unless terminated earlier under § 763.23.

(c) *Conditions.* The seller will select an escrow agent to service a Land Contract Agreement if selecting the prompt payment guarantee plan, and a servicing agent to service a Land Contract Agreement if selecting the standard guarantee plan.

(1) An escrow agent must provide the Agency evidence of being a bonded title insurance company, attorney, financial institution or fiscally responsible institution.

(2) A servicing agent must provide the Agency evidence of being a bonded commercial lending institution or

7 CFR Ch. VII (1-1-24 Edition)

similar entity, registered and authorized to provide escrow and collection services in the State in which the real estate is located.

§ 763.12 Down payment, rates, terms, and installments.

(a) *Down payment.* The buyer must provide a minimum down payment of five percent of the purchase price of the farm.

(b) *Interest rate.* The interest rate charged by the seller must be fixed at a rate not to exceed the Agency's direct FO loan interest rate in effect at the time the guarantee is issued, plus three percentage points. The seller and buyer may renegotiate the interest rate for the remaining term of the contract following expiration of the guarantee.

(c) *Land contract terms.* The contract payments must be amortized for a minimum of 20 years and payments on the contract must be of equal amounts during the term of the guarantee.

(d) *Balloon installments.* Balloon payments are prohibited during the 10-year term of the guarantee.

§ 763.13 Fees.

(a) *Payment of fees.* The seller and buyer will be responsible for payment of any expenses or fees necessary to process the Land Contract Agreement required by the State or County to ensure that proper title is vested in the seller including, but not limited to, attorney fees, recording costs, and notary fees.

(b) [Reserved]

§ 763.14 Appraisals.

(a) *Standard guarantee plan.* For the standard guarantee plan, the value of real estate to be purchased will be established by an appraisal obtained at Agency expense and completed as specified in § 761.7 of this chapter. An appraisal is required prior to, or as a condition of, approval of the guarantee.

(b) *Prompt payment guarantee plan.* The Agency may, at its option and expense, obtain an appraisal to determine value of real estate to be purchased under the Prompt Payment Guarantee plan.

§ 763.15 Taxes and insurance.

(a) The seller will ensure that taxes and insurance on the real estate are paid timely and will provide the evidence of payment to the escrow or servicing agent.

(b) The seller will maintain flood insurance, if available, if buildings are located in a special 100-year floodplain as defined by FEMA flood hazard area maps.

(c) The seller will report any insurance claim and use of proceeds to the escrow or servicing agent.

§ 763.16 Environmental regulation compliance.

(a) *Environmental compliance requirements.* The environmental requirements contained in part 799 of this chapter must be met prior to approval of guarantee request.

(b) *Determination.* The Agency determination of whether an environmental problem exists will be based on:

(1) The information supplied with the application;

(2) Environmental resources available to the Agency including, but not limited to, documents, third parties, and government agencies;

(3) Other information supplied by the buyer or seller upon Agency request; and

(4) A visit to the farm.

[76 FR 75430, Dec. 2, 2011, as amended at 81 FR 51284, Aug. 3, 2016]

§ 763.17 Approving application and executing guarantee.

(a) Approval is subject to the availability of funds, meeting the requirements in this part, and the participation of an approved escrow or servicing agent, as applicable.

(b) Upon approval of the guarantee, all parties (buyer, seller, escrow or servicing agent, and Agency official) will execute the Agency's guarantee agreement.

(c) The "Land Contract Agreement for Prompt Payment Guarantee" or the "Land Contract Agreement for Standard Guarantee" will describe the conditions of the guarantee, outline the covenants and any agreements of the buyer, seller, escrow or servicing agent, and the Agency, and outline the process for payment of loss claims.

§ 763.18 General servicing responsibilities.

(a) For the prompt payment guarantee plan, the seller must use a third party escrow agent approved by the Agency. The escrow agent will:

(1) Provide the Agency a copy of the recorded Land Contract;

(2) Handle transactions relating to the Land Contract between the buyer and seller;

(3) Receive Land Contract installment payments from the buyer and send them to the seller;

(4) Provide evidence to the Agency that property taxes are paid and insurance is kept current on the security property;

(5) Send a notice of payment due to the buyer at least 30 days prior to the installment due date;

(6) Notify the Agency and the seller if the buyer defaults;

(7) Service delinquent accounts as specified in § 763.20(a);

(8) Make demand on the Agency to pay missed payments;

(9) Send the seller any missed payment amount paid by the Agency under the guarantee;

(10) Notify the Agency on March 31 and September 30 of each year of the outstanding balance on the Land Contract and the status of payment; and

(11) Perform other duties as required by State law and as agreed to by the buyer and the seller;

(b) For the standard guarantee plan, the seller must use a third party servicing agent approved by the Agency. The servicing agent will:

(1) Provide the Agency a copy of the recorded Land Contract;

(2) Handle transactions relating to the Land Contract between the buyer and seller;

(3) Receive Land Contract installment payments from the buyer and send them to the seller;

(4) Provide evidence to the Agency that property taxes are paid and insurance is kept current on the security property;

(5) Perform a physical inspection of the farm each year during the term of the guarantee, and provide an annual inspection report to the Agency;

(6) Obtain from the buyer a current balance sheet, income statement, cash

§763.19

flow budget, and any additional information needed, perform, and provide the Agency an analysis of the buyer's financial condition on an annual basis;

(7) Notify the Agency on March 31 and September 30 of each year of the outstanding balance on the Land Contract and the status of payment;

(8) Send a notice of payment due to the buyer at least 30 days prior to the installment due date;

(9) Notify the Agency and the seller if the buyer defaults;

(10) Service delinquent accounts as specified in §763.20(b); and

(11) Perform other duties as required by State law and as agreed to by the buyer and the seller.

§763.19 Contract modification.

(a) The seller and buyer may modify the land contract to lower the interest rate and corresponding amortized payment amount without Agency approval.

(b) With prior written approval from the Agency, the seller and buyer may modify the land contract provided that, in addition to a feasible plan for the upcoming operating cycle, a feasible plan can be reasonably projected throughout the remaining term of the guarantee. Such modifications may include but are not limited to:

(1) Deferral of installments,

(2) Leasing or subleasing, and

(3) Partial releases. All proceeds from a partial release or royalties from mineral extraction must be applied to a prior lien, if one exists, and in addition, the same amount must be credited to the principal balance of the land contract.

(4) Transfer and assumption. If the guarantee is to remain in effect, any transfer of the property and assumption of the guaranteed debt must be made to an eligible buyer for the Land Contract Guarantee Program as specified in §763.5(b), and must be approved by the Agency in writing. If an eligible buyer for transfer and assumption cannot be found, the Deputy Administrator for Farm Loan Programs may make an exception to this requirement when in the Government's best financial interests.

7 CFR Ch. VII (1-1-24 Edition)

(5) Assignment. The seller may not assign the contract to another party without written consent of the Agency.

(c) Any contract modifications other than those listed above must be approved by the Deputy Administrator for Farm Loan Programs, and will only be approved if such action is determined permissible by law and in the Government's best financial interests.

§763.20 Delinquent servicing and collecting on guarantee.

(a) *Prompt payment guarantee plan.* If the buyer fails to pay an annual amortized installment or a portion of an installment on the contract or taxes or insurance when due, the escrow agent:

(1) Must make a written demand on the buyer for payment of the defaulted amount within 30 days of the missed payment, taxes, or insurance and send a copy of the demand letter to the Agency and to the seller; and

(2) Must make demand on the Agency within 90 days from the original payment, taxes, or insurance due date, for the missed payment in the event the buyer has not made the payment.

(b) *Standard guarantee plan.* If the buyer fails to pay an annual amortized installment or a portion of an installment on the contract, then the seller has the option of either liquidating the real estate, or having the amount of the loss established by the Agency by an appraisal of the real estate. For either option, the servicing agent:

(1) Must make a written demand on the buyer for payment of the defaulted amount within 30 days of the missed payment, and send a copy of the demand letter to the Agency and to the seller; and

(2) Must immediately inform the Agency which option the seller has chosen for establishing the amount of the loss, in the event the buyer does not make the payment within 60 days of the demand letter.

(i) *Liquidation method.* If the seller chooses the liquidation method, the servicing agent will:

(A) Submit a liquidation plan to the Agency within 120 days from the missed payment for approval prior to any liquidation action. The Agency may require and pay for an appraisal

prior to approval of the liquidation plan.

(B) Complete liquidation within 12 months of the missed installment unless prevented by bankruptcy, redemption rights, or other legal action.

(C) Credit an amount equal to the sale price received in a liquidation of the security property, with no deduction for expenses, to the principal balance of the land contract.

(D) File a loss claim immediately after liquidation, which must include a complete loan ledger.

(E) Base the loss claim amount on the appraisal method if the property is reacquired by the seller, through liquidation.

(ii) *Appraisal method.* If the seller chooses to have the loss amount established by appraisal rather than liquidation, the Agency will complete an appraisal on the real estate, and the loss claim amount will be based on the difference between the appraised value at the time the loss is calculated and the unpaid principal balance of the land contract at that time.

(A) The only administrative appeal allowed under §761.6 of this chapter related to the resulting appraisal amount will be a determination of whether the appraisal is Uniform Standards of Professional Appraisal Practice (USPAP) compliant.

(B) The seller will give the Agency a lien on the security property in the amount of the loss claim payment. If the property sells within 5 years from the date of the loss payment for an amount greater than the appraised value used to establish the loss claim amount, the seller must repay the difference, up to the amount of the loss claim. For purposes of determining the amount to be repaid (recapture), the market value of the property may be reduced by the value of certain capital improvements, as specified in §766.202(a)(1)-(3) of this chapter, made by the seller to the property in the time period from the loss claim to final disposition. If the property is not sold within 5 years from the date of the loss payment, the Agency will release the lien and the seller will have no further obligation to the Agency.

§ 763.21 Establishment of Federal debt and Agency recovery of loss claim payments.

(a) Any amount paid by FSA as a result of an approved loss claim is immediately due and payable by the buyer after FSA notifies the buyer that a loss claim has been paid to the seller. If the debt is not restructured into a repayment plan or the obligation otherwise cured, FSA may use all remedies available, including offset as authorized by the Debt Collection Improvement Act of 1996, to collect the debt.

(1) Interest on the debt will be at the FLP non-program real property loan rate in effect at the time of the first Agency payment of a loss claim.

(2) The debt may be scheduled for repayment consistent with the buyer's repayment ability, not to exceed 7 years. Before any payment plan can be approved, the buyer must provide the Agency with the best lien obtainable on all of the buyer's assets. This includes the buyer's ownership interest in the real estate under contract for guarantees using the prompt payment guarantee plan. When the buyer is an entity, the best lien obtainable will be taken on all of the entity's assets, and all assets owned by individual members of the entity, including their ownership interest in the real estate under contract.

(b) Annually, buyers with an Agency approved repayment plan under this section will supply the Agency a current balance sheet, income statement, cash flow budget, complete copy of Federal income tax returns, and any additional information needed to analyze the buyer's financial condition.

(c) If a buyer fails to make required payments to the Agency as specified in the approved repayment plan, the debt will be treated as a non-program loan debt, and servicing will proceed as specified in §766.351(c) of this chapter.

§ 763.22 Negligence and negligent servicing.

(a) The Agency may deny a loss claim in whole or in part due to negligence that contributed to the loss claim. This could include, but is not limited to:

§ 763.23

(1) The escrow and servicing agent failing to seek payment of a missed installment from the buyer within the prescribed timeframe or otherwise does not enforce the terms of the land contract;

(2) Losing the collateral to a third party, such as a taxing authority, prior lien holder, *etc*;

(3) Not performing the duties and responsibilities required of the escrow or servicing agent;

(4) The seller's failure to disclose environmental issues; or

(5) Any other action in violation of the land contract or guarantee agreement that does not terminate the guarantee.

(b) [Reserved]

§ 763.23 Terminating the guarantee.

(a) The guarantee and the Agency's obligations will terminate at the earliest of the following circumstances:

(1) Full payment of the land contract;

(2) Agency payment to the seller of 3 annual installments plus property taxes and insurance, if applicable, under the prompt payment guarantee plan, if not repaid in full by the buyer. An Agency approved repayment plan will not constitute payment in full until such time as the entire amount due for the Agency approved repayment plan is paid in full;

(3) Payment of a loss claim through the standard guarantee plan;

(4) Sale of real estate without guarantee being properly assigned;

(5) The seller terminates the land contract for reasons other than monetary default; or

(6) If for any reason the land contract becomes null and void.

(b) If none of the events in paragraph (a) of this section occur, the guarantee will automatically expire, without notice, 10 years from the effective date of the guarantee.

Subpart C—Requirements for All Direct Program Loans

§ 764.101 General eligibility requirements.

The following requirements must be met unless otherwise provided in the eligibility requirements for the particular type of loan.

(a) *Controlled substances.* The applicant, and anyone who will sign the promissory note, must not be ineligible for loans as a result of a conviction for controlled substances according to 7 CFR part 718 of this chapter.

(b) *Legal capacity.* The applicant, and anyone who will sign the promissory note, must possess the legal capacity to incur the obligation of the loan. A Youth loan applicant will incur full personal liability upon execution of the promissory note without regard to the applicant's minority status.

(c) *Citizenship.* The applicant, and anyone who will sign the promissory note, must be a citizen of the United States, United States non-citizen national, or a qualified alien under applicable Federal immigration laws.

(d) *Credit history.* The applicant must have acceptable credit history demonstrated by debt repayment.

(1) As part of the credit history, the Agency will determine whether the applicant will carry out the terms and conditions of the loan and deal with the Agency in good faith. In making this determination, the Agency may

examine whether the applicant has properly fulfilled its obligations to other parties, including other agencies of the Federal Government.

(2) When the applicant caused the Agency a loss by receiving debt forgiveness, the applicant may be ineligible for assistance in accordance with eligibility requirements for the specific loan type. If the debt forgiveness is cured by repayment of the Agency's loss, the Agency may still consider the debt forgiveness in determining the applicant's credit worthiness.

(3) A history of failures to repay past debts as they came due when the ability to repay was within the applicant's control will demonstrate unacceptable credit history. The following circumstances, for example, do not automatically indicate an unacceptable credit history:

(i) Foreclosures, judgments, delinquent payments of the applicant which occurred more than 36 months before the application, if no recent similar situations have occurred, or Agency delinquencies that have been resolved through loan servicing programs available under 7 CFR part 766.

(ii) Isolated incidents of delinquent payments which do not represent a general pattern of unsatisfactory or slow payment.

(iii) "No history" of credit transactions by the applicant.

(iv) Recent foreclosure, judgment, bankruptcy, or delinquent payment when the applicant can satisfactorily demonstrate that the adverse action or delinquency was caused by circumstances that were of a temporary nature and beyond the applicant's control; or the result of a refusal to make full payment because of defective goods or services or other justifiable dispute relating to the purchase or contract for goods or services.

(e) *Availability of credit elsewhere.* Except for CL, the applicant, and all entity members in the case of an entity, must be unable to obtain sufficient credit elsewhere to finance actual needs at reasonable rates and terms. The Agency will evaluate the ability to obtain credit based on factors including, but not limited to:

(1) Loan amounts, rates, and terms available in the marketplace; and

(2) Property interests, income, and significant non-essential assets.

(f) *Not in delinquent status on Federal debt.* As provided in 31 CFR part 285, except for EM loan applicants, the applicant, and anyone who will sign the promissory note, must not be in delinquent status on any Federal debt, other than a debt under the Internal Revenue Code of 1986 at the time of loan closing. All delinquent debts, however, will be considered in determining credit history and ability to repay under this part.

(g) *Outstanding judgments.* The applicant, and anyone who will sign the promissory note, must have no outstanding unpaid judgments obtained by the United States in any court. Such judgments do not include those filed as a result of action in the United States Tax Courts.

(h) *Federal crop insurance violation.* The applicant, and all entity members in the case of an entity, must not be ineligible due to disqualification resulting from Federal crop insurance violation according to 7 CFR part 718.

(i) *Managerial ability.* The applicant must have sufficient managerial ability to assure reasonable prospects of loan repayment, as determined by the Agency. The applicant must demonstrate this managerial ability by:

(1) *Education.* For example, the applicant obtained a 4-year college degree in agricultural business, horticulture, animal science, agronomy, or other agricultural-related field.

(2) *On-the-job training.* For example, the applicant is currently working on a farm as part of an apprenticeship program.

(3) *Farming experience.* For example, the applicant has been an owner, manager, or operator of a farm business for at least one entire production cycle or for MLs, made for OL purposes, the applicant may have obtained and successfully repaid one FSA Youth-OL. Farm experience of the applicant, without regard to any lapse of time between the farm experience and the new application, will be taken into consideration in determining loan eligibility. If farm experience occurred more than 5 years prior to the date of the new application, the applicant must demonstrate sufficient on-the-job training or edu-

cation within the last 5 years to demonstrate managerial ability.

(4) *Alternatives for MLs made for OL purposes.* Applicants for MLs made for OL purposes, also may demonstrate managerial ability by one of the following:

(i) Certification of a past participation with an agriculture-related organization, such as, but not limited to, 4-H Club, FFA, beginning farmer and rancher development programs, or Community Based Organizations, that demonstrates experience in a related agricultural enterprise; or

(ii) A written description of a self-directed apprenticeship combined with either prior sufficient experience working on a farm or significant small business management experience. As a condition of receiving the loan, the self-directed apprenticeship requires that the applicant seek, receive, and apply guidance from a qualified person during the first cycle of production and marketing typical for the applicant's specific operation. The individual providing the guidance must be knowledgeable in production, management, and marketing practices that are pertinent to the applicant's operation, and agree to form a developmental partnership with the applicant to share knowledge, skills, information, and perspective of agriculture to foster the applicant's development of technical skills and management ability.

(j) *Borrower training.* The applicant must agree to meet the training requirements in subpart K of this part.

(k) *Operator of a family farm.* Except for CL:

(1) The applicant must be the operator of a family farm after the loan is closed.

(2) For an entity applicant, if the entity members holding a majority interest are:

(i) Related by blood or marriage, at least one member must be the operator of a family farm;

(ii) Not related by blood or marriage, the entity members holding at least 50 percent interest must be operators of a family farm.

(3) Except for EM loans, the collective interests of the members may be larger than a family farm only if:

§ 764.102

(i) Each member's ownership interest is not larger than a family farm;

(ii) All of the members of the entity are related by blood or marriage; and

(iii) All of the members are or will become operators of the family farm; and

(4) If the entity applicant has an operator and ownership interest for farm ownership loans and emergency loans for farm ownership loan purposes, in any other farming operation, that farming operation must not exceed the requirements of a family farm.

(1) *Entity composition.* If the applicant has one or more embedded entities, at least 75 percent of the individual ownership interests of each embedded entity must be owned by members actively involved in managing or operating the family farm.

(b) The total principal balance owed to the Agency at any one time by the applicant, or any one who will sign the promissory note, cannot exceed the limits established in § 761.8 of this chapter.

(c) The funds from the FLP loan must be used for farming operations located in the United States.

(d) The Agency will not make a loan if the proceeds will be used:

(1) For any purpose that contributes to excessive erosion of highly erodible land, or to the conversion of wetlands;

(2) To drain, dredge, fill, level, or otherwise manipulate a wetland; or

(3) To engage in any activity that results in impairing or reducing the flow, circulation, or reach of water, except in the case of activity related to the maintenance of previously converted wetlands as defined in the Food Security Act of 1985.

(e) Any construction financed by the Agency must comply with the standards established in § 761.10 of this chapter.

7 CFR Ch. VII (1–1–24 Edition)

(f) Loan funds will not be used to establish or support a non-eligible enterprise, even if the non-eligible enterprise contributes to the farm. Notwithstanding this limitation, an EM loan may cover qualified equine losses as specified in subpart I of this part.

[72 FR 63298, Nov. 8, 2007, as amended at 75 FR 54015, Sept. 3, 2010; 76 FR 75434, Dec. 2, 2011]

§ 764.103 General security requirements.

(a) Security requirements specific to each loan program are outlined in subparts D through I of this part.

(b) All loans must be secured by assets having a security value of at least 100 percent of the loan amount, except for EM loans as provided in subpart I of this part. If the applicant's assets do not provide adequate security, the Agency may accept:

(1) A pledge of security from a third party; or

(2) Interests in property not owned by the applicant (such as leases that provide a mortgageable value, water rights, easements, mineral rights, and royalties).

(c) An additional amount of security up to 150 percent of the loan amount will be taken when available, except for downpayment loans, MLs made for purposes other than annual operating, and youth loans.

(d) The Agency will choose the best security available when there are several alternatives that meet the Agency's security requirements.

(e) The Agency will take a lien on all assets that are not essential to the farming operation and are not being converted to cash to reduce the loan amount when each such asset, or aggregate value of like assets (such as stocks), has a value in excess of \$15,000. The value of this security is not included in the Agency's additional security requirement stated in paragraph (c) of this section. This requirement does not apply to downpayment loans, CL, ML, or youth loans.

[72 FR 63298, Nov. 8, 2007, as amended at 73 FR 74345, Dec. 8, 2008; 75 FR 54015, Sept. 3, 2010; 78 FR 3835, Jan. 17, 2013; 86 FR 43391, Aug. 9, 2021]

§ 764.104 General real estate security requirements.

(a) *Agency lien position requirements.* If real estate is pledged as security for a loan, the Agency must obtain a first lien, if available. When a first lien is not available, the Agency may take a junior lien under the following conditions:

(1) The prior lien does not contain any provisions that may jeopardize the Agency's interest or the applicant's ability to repay the FLP loan;

(2) Prior lienholders agree to notify the Agency prior to foreclosure;

(3) The applicant must agree not to increase an existing prior lien without the written consent of the Agency; and

(4) Equity in the collateral exists.

(i) To replace or repair the damaged real estate improvements which are essential to the farming operation;

(ii) To make other essential real estate improvements; or

(iii) To pay any prior real estate lien, including the purchase contract.

(3) The purchase contract must provide the applicant with possession, control and beneficial use of the property, and entitle the applicant to marketable title upon fulfillment of the contract terms.

(4) The purchase contract must not:

(i) Be subject to summary cancellation upon default;

(ii) Contain provisions which jeopardize the Agency's security position or the applicant's ability to repay the loan.

(5) The purchase contract holder must agree in writing to:

(i) Not sell or voluntarily transfer their interest without prior written consent of the Agency;

(ii) Not encumber or cause any liens to be levied against the property;

(iii) Not take any action to accelerate, forfeit, or foreclose the applicant's interest in the security property until a specified period of time after notifying the Agency of the intent to do so;

(iv) Consent to the Agency making the loan and taking a security interest in the applicant's interest under the purchase contract as security for the FLP loan;

(v) Not take any action to foreclose or forfeit the interest of the applicant under the purchase contract because the Agency has acquired the applicant's interest by foreclosure or voluntary conveyance, or because the Agency has subsequently sold or assigned the applicant's interest to a third party who will assume the applicant's obligations under the purchase contract;

(vi) Notify the Agency in writing of any breach by the applicant; and

(vii) Give the Agency the option to rectify the conditions that amount to a breach within 30 days after the date the Agency receives written notice of the breach.

(6) If the Agency acquires the applicant's interest under the purchase contract by foreclosure or voluntary conveyance, the Agency will not be deemed to have assumed any of the applicant's obligations under the contract, provided that if the Agency fails to perform the applicant's obligations while it holds the applicant's interest is grounds for terminating the purchase contract.

(b) When the property could have significant environmental problems or costs as described in part 799 of this chapter;

(c) When the Agency cannot obtain a valid lien;

(d) When the property is the applicant's personal residence and appurtenances and:

§ 764.252 Eligibility requirements.

(a) The applicant must comply with the general eligibility requirements established in § 764.101.

(b) The applicant and anyone who will sign the promissory note, except as provided in paragraph (c) of this section, must not have received debt forgiveness from the Agency on any direct or guaranteed loan.

(c) The applicant and anyone who will sign the promissory note, may receive direct OL loans to pay annual farm operating and family living expenses, provided that the applicant meets all other applicable requirements under this part, if the applicant:

(2) Is current on payments under a confirmed reorganization plan under Chapter 11, 12, or 13 of Title 11 of the United States Code; or

(3) Received debt forgiveness on not more than one occasion after April 4, 1996, resulting directly and primarily from a Presidentially-designated emergency for the county or contiguous county in which the applicant operates. Only applicants who were current on all existing direct and guaranteed

FLP loans prior to the beginning date of the incidence period of a Presidentially-designated emergency and received debt forgiveness on that debt within 3 years after the designation of such emergency meet this exception.

(d) In the case of an entity applicant, the entity must be:

(1) Controlled by farmers engaged primarily and directly in farming in the United States; and

(2) Authorized to operate the farm in the State in which the farm is located.

(e) The applicant and anyone who will sign the promissory note, may close an OL in no more than 7 calendar years, either as an individual or as a member of an entity, except as provided in paragraphs (e)(1) through (4) of this section. The years may be consecutive or nonconsecutive, and there is no limit on the number of OLs closed in a year. Microloans made to a beginning farmer or a veteran farmer are not counted toward this limitation. Youth loans are not counted toward this limitation. The following exceptions apply:

(1) This limitation does not apply if the applicant and anyone who will sign the promissory note is a beginning farmer.

(2) This limitation does not apply if the applicant's land is subject to the jurisdiction of an Indian tribe, the loan is secured by one or more security instruments subject to the jurisdiction of an Indian tribe, and commercial credit is generally not available to such farm operations.

§ 764.253

(iii) Has successfully completed, or will complete within one year, borrower training. Previous waivers to the borrower training requirements are not applicable under this paragraph.

§ 764.253 Limitations.

The applicant must comply with the general limitations established at § 764.102.

(2) The limited resource Operating Loan interest rate is available to applicants who are unable to develop a feasible plan at regular interest rates.

(3) The interest rate charged will be the lower rate in effect at the time of loan approval or loan closing.

(4) The Agency's Direct ML OL interest rate on an ML to a beginning farmer or veteran farmer is available in each Agency office. ML borrowers in these groups have the option of choosing the ML OL interest rate or the Direct OL interest rate in effect at the time of approval, or if lower, the rate in effect at the time of closing.

In no event will the term of the loan exceed 7 years from the date of the note. Crops and livestock produced for sale will not be considered adequate security for such loans.

(2) The Agency schedules the repayment of all other OL loans based on the applicant's ability to repay and the useful life of the security. In no event will the term of the loan exceed 7 years from the date of the note. Repayment schedules may include equal, unequal,

7 CFR Ch. VII (1-1-24 Edition)

or balloon installments if needed to establish a new enterprise, develop a farm, or recover from a disaster or economic reversal. Loans with balloon installments:

(i) Must have adequate security at the time the balloon installment comes due. Crops, livestock other than breeding stock, or livestock products produced are not adequate collateral for such loans;

(ii) Are only authorized when the applicant can project the ability to refinance the remaining debt at the time the balloon payment comes due based on the expected financial condition of the operation, the depreciated value of the collateral, and the principal balance on the loan;

(iii) Are not authorized when loan funds are used for real estate repairs or improvements.

(2) For loans made for purposes other than annual operating purposes, loans must be secured by a first lien on farm property or products purchased with loan funds and having a security value of at least 100 percent of the loan amount.

(3) A lien on real estate is not required unless the value of the farm products, farm property, and other assets available to secure the loan is not at least equal to 100 percent of the loan amount.

Subpart I—Emergency Loan Program

SOURCE: 72 FR 63298, Nov. 8, 2007, unless otherwise noted. Redesignated at 75 FR 54015, Sept. 3, 2010.

§ 764.351 Emergency loan uses.

(a) *Physical losses*—(1) *Real estate losses.* EM loan funds for real estate physical losses may only be used to repair or replace essential property damaged or destroyed as a result of a disaster as follows:

(i) For any FO purpose, as specified in § 764.151, except subparagraph (e) of that section;

(ii) To establish a new site for farm dwelling and service buildings outside of a flood or mudslide area; and

(iii) To replace land from the farm that was sold or conveyed, if such land is necessary for the farming operation to be effective.

(2) *Chattel losses.* EM loan funds for chattel physical losses may only be used to repair or replace essential property damaged or destroyed as a result of a disaster as follows:

(i) Purchase livestock, farm equipment, quotas and bases, and cooperative stock for credit, production, processing, or marketing purposes;

(ii) Pay customary costs associated with obtaining and closing a loan that an applicant cannot pay from other sources (e.g., fees for legal, architectural, and other technical services, but

§ 764.352

7 CFR Ch. VII (1-1-24 Edition)

not fees for agricultural management consultation, or preparation of Agency forms);

(iii) Repair or replace household contents damaged in the disaster;

(iv) Pay the costs to restore perennials, which produce an agricultural commodity, to the stage of development the damaged perennials had obtained prior to the disaster;

(v) Pay essential family living and farm operating expenses, in the case of an operation that has suffered livestock losses not from breeding stock, or losses to stored crops held for sale; and

(vi) Refinance farm-related debts other than real estate to improve farm profitability, if the applicant has refinanced direct or guaranteed loans four times or fewer and one of the following conditions is met:

(A) A designated or declared disaster caused the need for refinancing; or

(B) The debts to be refinanced are owed to a creditor other than the USDA.

(b) *Production losses.* EM loan funds for production losses to agricultural commodities (except the losses associated with the loss of livestock) may be used to:

(1) Pay costs associated with reorganizing the farm to improve its profitability except that such costs must not include the payment of bankruptcy expenses;

(2) Pay annual operating expenses, which include, but are not limited to, feed, seed, fertilizer, pesticides, farm supplies, and cash rent;

(3) Pay costs associated with Federal or State-approved standards under the Occupational Safety and Health Act of 1970 (29 U.S.C. 655 and 667) if the applicant can show that compliance or non-compliance with the standards will cause substantial economic injury;

(4) Pay borrower training costs required or recommended by the Agency;

(5) Pay essential family living expenses;

(6) Refinance farm-related debts other than real estate to improve farm profitability, if the applicant has refinanced direct or guaranteed loans four times or fewer and one of the following conditions is met:

(i) A designated or declared disaster caused the need for refinancing; or

(ii) The debts to be refinanced are owed to a creditor other than the USDA; and

(7) Replace lost working capital.

§ 764.352 Eligibility requirements.

The applicant:

(a) Must comply with the general eligibility requirements established at § 764.101.

(b) Must be an established farmer.

(c) Must be the owner-operator or tenant-operator as follows:

(1) For a loan made under § 764.351(a)(1), must have been:

(i) The owner-operator of the farm at the time of the disaster; or

(ii) The tenant-operator of the farm at the time of the disaster whose lease on the affected real estate exceeds the term of the loan. The operator will provide prior notification to the Agency if the lease is proposed to terminate during the term of the loan. The lessor will provide the Agency a mortgage on the real estate as security for the loan;

(2) For a loan made under § 764.351(a)(2) or (b), must have been the operator of the farm at the time of the disaster; and

(3) In the case of an entity, the entity must be:

(i) Engaged primarily and directly in farming in the United States; and

(ii) Authorized to operate and own the farm, if the funds are used for farm ownership loan purposes, in the State in which the farm is located.

(d) Must demonstrate the intent to continue the farming operation after the designated or declared disaster.

(e) And all entity members must be unable to obtain sufficient credit elsewhere at reasonable rates and terms. To establish this, the applicant must obtain written declinations of credit, specifying the reasons for declination, from legally organized commercial lending institutions within reasonable proximity of the applicant as follows:

(1) In the case of a loan in excess of \$300,000, two written declinations of credit are required;

(2) In the case of a loan of \$300,000 or less, one written declination of credit is required; and

(3) In the case of a loan of \$100,000 or less, the Agency may waive the requirement for obtaining a written declination of credit, if the Agency determines that it would pose an undue burden on the applicant, the applicant certifies that they cannot get credit elsewhere, and based on the applicant's circumstances credit is not likely to be available.

(4) Notwithstanding the applicant's submission of the required written declinations of credit, the Agency may contact other commercial lending institutions within reasonable proximity of the applicant and make an independent determination of the applicant's ability to obtain credit elsewhere.

(f) And all entity members in the case of an entity, must not have received debt forgiveness from the Agency on more than one occasion on or before April 4, 1996, or any time after April 4, 1996. A write down associated with a restructuring action under Section 353 of the Act is not considered debt forgiveness for EM Loan purposes.

(g) Must submit an application to be received by the Agency no later than 8 months after the date the disaster is declared or designated in the county of the applicant's operation.

(h) For production loss loans, must have a disaster yield that is at least 30 percent below the normal production yield of the crop, as determined by the Agency, which comprises a basic part of an applicant's total farming operation.

(i) For physical loss loans, must have suffered disaster-related damage to chattel or real estate essential to the farming operation, or to household contents that must be repaired or replaced, to harvested or stored crops, or to perennial crops.

(j) Must meet all of the following requirements if the ownership structure of the family farm changes between the time of a qualifying loss and the time an EM loan is closed:

(1) The applicant, including all owners must meet all of the eligibility requirements;

(2) The individual applicant, or all owners of an entity applicant, must have had an ownership interest in the

farming operation at the time of the disaster; and

(3) The amount of the loan will be based on the percentage of the former farming operation transferred to the applicant and in no event will the individual portions aggregated equal more than would have been authorized for the former farming operation.

(k) Must agree to repay any duplicative Federal assistance to the agency providing such assistance. An applicant receiving Federal assistance for a major disaster or emergency is liable to the United States to the extent that the assistance duplicates benefits available to the applicant for the same purpose from another source.

(1) Whose primary enterprise is to breed, raise, and sell horses may be eligible under this part.

[72 FR 63298, Nov. 8, 2007, as amended at 76 FR 75434, Dec. 2, 2011; 87 FR 13124, Mar. 9, 2022]

§ 764.353 Limitations.

(a) EM loans must comply with the general limitations established at § 764.102.

(b) EM loans may not exceed the lesser of:

(1) The amount of credit necessary to restore the farming operation to its pre-disaster condition;

(2) In the case of a physical loss loan, the total eligible physical losses caused by the disaster; or

(3) In the case of a production loss loan, 100 percent of the total actual production loss sustained by the applicant as calculated in paragraph (c) of this section.

(c) For production loss loans, the applicant's actual crop production loss will be calculated as follows:

(1) Subtract the disaster yield from the normal yield to determine the per acre production loss;

(2) Multiply the per acre production loss by the number of acres of the farming operation devoted to the crop to determine the volume of the production loss;

(3) Multiply the volume of the production loss by the market price for such crop as determined by the Agency to determine the dollar value for the production loss; and

§ 764.354

7 CFR Ch. VII (1-1-24 Edition)

(4) Subtract any other disaster related compensation or insurance indemnities received or to be received by the applicant for the production loss.

(d) For a physical loss loan, the applicant's total eligible physical losses will be calculated as follows:

(1) Add the allowable costs associated with replacing or repairing chattel covered by hazard insurance (excluding labor, machinery, equipment, or materials contributed by the applicant to repair or replace chattel);

(2) Add the allowable costs associated with repairing or replacing real estate, covered by hazard insurance;

(3) Add the value of replacement livestock and livestock products for which the applicant provided:

(i) Written documentation of inventory on hand immediately preceding the loss;

(ii) Records of livestock product sales sufficient to allow the Agency to establish a value;

(4) Add the allowable costs to restore perennials to the stage of development the damaged perennials had obtained prior to the disaster;

(5) Add, in the case of an individual applicant, the allowable costs associated with repairing or replacing household contents, not to exceed \$20,000; and

(6) Subtract any other disaster related compensation or insurance indemnities received or to be received by the applicant for the loss or damage to the chattel or real estate.

(e) EM loan funds may not be used for physical loss purposes unless:

(1) The physical property was covered by general hazard insurance at the time that the damage caused by the natural disaster occurred. The level of the coverage in effect at the time of the disaster must have been the tax or cost depreciated value, whichever is less. Chattel property must have been covered at the tax or cost depreciated value, whichever is less, when such insurance was readily available and the benefit of the coverage was greater than the cost of the insurance; or

(2) The loan is to a poultry farmer to cover the loss of a chicken house for which the applicant did not have hazard insurance at the time of the loss and the applicant:

(i) Applied for, but was unable to obtain hazard insurance for the chicken house;

(ii) Uses the loan to rebuild the chicken house in accordance with industry standards in effect on the date the applicant submits an application for the loan;

(iii) Obtains, for the term of the loan, hazard insurance for the full market value of the chicken house; and

(iv) Meets all other requirements for the loan.

(f) EM loan funds may not be used to refinance consumer debt, such as automobile loans, or credit card debt unless such credit card debt is directly attributable to the farming operation.

(g) Losses associated with horses used for racing, showing, recreation, or pleasure or loss of income derived from racing, showing, recreation, boarding, or pleasure are not considered qualified losses under this section.

[72 FR 63298, Nov. 8, 2007, as amended at 76 FR 75434, Dec. 2, 2011]

§ 764.354 Rates and terms.

(a) *Rates.* (1) The interest rate is the Agency's Emergency Loan Actual Loss rate, available in each Agency office.

(2) The interest rate charged will be the lower rate in effect at the time of loan approval or loan closing.

(b) *Terms.* (1) The Agency schedules repayment of EM loans based on the useful life of the security, the applicant's repayment ability, and the type of loss.

(2) The repayment schedule must include at least one payment every year.

(3) EM loans for annual operating expenses, except expenses associated with establishing a perennial crop that are subject to paragraph (b)(4), must be repaid within 12 months. The Agency may extend this term to not more than 24 months to accommodate the production cycle of the agricultural commodities.

(4) EM loans for production losses or physical losses to chattel (including, but not limited to, assets with an expected life between one and 7 years) may not exceed 7 years. The Agency may extend this term up to a total

length not to exceed 20 years, if necessary to improve the applicant's repayment ability and real estate security is available.

(5) The repayment schedule for EM loans for physical losses to real estate is based on the applicant's repayment ability and the useful life of the security, but in no case will the term exceed 40 years.

§ 764.355 Security requirements.

(a) EM loans made under § 764.351(a)(1) must comply with the general security requirements established at §§ 764.103, 764.104 and 764.155(b).

(b) EM loans made as specified in § 764.351(a)(2) and (b) must generally comply with the general security requirements established in §§ 764.103, 764.104, and 764.255(b). These general security requirements, however, do not apply to equine loss loans to the extent that a lien is not obtainable or obtaining a lien may prevent the applicant from carrying on the normal course of business. Other security may be considered for an equine loss loan in the order of priority as follows:

- (1) Real estate,
- (2) Chattels and crops, other than horses,
- (3) Other assets owned by the applicant,
- (4) Third party pledges of property not owned by the applicant,
- (5) Repayment ability under paragraph (c) of this section.

(c) Notwithstanding the requirements of paragraphs (a) and (b) of this section, when adequate security is not available because of the disaster, the loan may be approved if the Agency determines, based on an otherwise feasible plan, there is a reasonable assurance that the applicant has the ability to repay the loan provided:

- (1) The applicant has pledged as security for the loan all available personal and business security, except as provided in § 764.106;
- (2) The farm operating plan, approved by the Agency, indicates the loan will be repaid based upon the applicant's production and income history; addresses applicable pricing risks through the use of marketing con-

tracts, hedging, options, or other revenue protection mechanisms, and includes a marketing plan or similar risk management practice;

(3) The applicant has had positive net cash farm income in at least 3 of the past 5 years; and

(4) The applicant has provided the Agency an assignment on any USDA program payments to be received.

(d) For loans over \$25,000, title clearance is required when real estate is taken as security.

(e) For loans of \$25,000 or less, when real estate is taken as security, a certification of ownership in real estate is required. Certification of ownership may be in the form of an affidavit which is signed by the applicant, names the record owner of the real estate in question and lists the balances due on all known debts against the real estate. Whenever the Agency is uncertain of the record owner or debts against the real estate security, a title search is required.

§ 764.356 Appraisal and valuation requirements.

(a) In the case of physical losses associated with livestock, the applicant must have written documentation of the inventory of livestock and records of livestock product sales sufficient to allow the Agency to value such livestock or livestock products just prior to the loss.

(b) In the case of farm assets damaged by the disaster, the value of such security shall be established as of the day before the disaster occurred.

(c) In the case of an equine loss loan:

(1) The applicant's Federal income tax and business records will be the primary source of financial information. Sales receipts, invoices, or other official sales records will document the sales price of individual animals.

(2) If the applicant does not have 3 complete years of business records, the Agency will obtain the most reliable and reasonable information available from sources such as the Cooperative Extension Service, universities, and

breed associations to document production for those years for which the applicant does not have a complete year of business records.

(iii) The applicant has been determined eligible for the type of loan requested;

(iv) All security requirements for the type of loan requested have been, or will be met before the loan is closed;

(v) The applicant's total indebtedness to the Agency, including the proposed loan, will not exceed the maximum limits established in §761.8 of this chapter;

(vi) There have been no significant changes in the farm operating plan or the applicant's financial condition since the time the Agency received a complete application; and

(vii) All other pertinent requirements have been, or will be met before the loan is closed.

(2) The Agency will place conditions upon loan approval it determines necessary to protect its interest and maximize the applicant's potential for success.

(b) *Loan denial.* The Agency will not approve a loan if it determines that:

(1) The applicant's farm operating plan does not reflect a feasible plan;

(2) The proposed use of loan funds is not authorized for the type of loan requested;

(3) The applicant does not meet the eligibility requirements for the type of loan requested;

(4) There is inadequate security for the type of loan requested;

(5) Approval of the loan would cause the applicant's total indebtedness to the Agency to exceed the maximum limits established in §761.8 of this chapter;

(6) The applicant's circumstances may not permit continuous operation and management of the farm; or

(7) The applicant, the farming operation, or other circumstances surrounding the loan are inconsistent with the authorizing statutes, other Federal laws, or Federal credit policies.

(c) *Overturn of an Agency decision by appeal.* If an FLP loan denial is overturned on administrative appeal, the Agency will not automatically approve the loan. Unless prohibited by the final appeal determination or otherwise advised by the Office of General Counsel, the Agency will:

(1) Request current financial information from the applicant as necessary to determine whether any changes in the applicant's financial condition or agricultural conditions which occurred after the Agency's adverse decision was made will adversely affect the applicant's farming operation;

(2) Approve a loan for crop production:

(i) Only if the Agency can determine that the applicant will be able to produce a crop in the production cycle for which the loan is requested; or

(ii) For the next production cycle, upon review of current financial data and a farm operating plan for the next production cycle, if the Agency determines the loan can be repaid. The new farm operating plan must reflect any financial issues resolved in the appeal.

(3) Determine whether the applicant's farm operating plan, as modified based on the appeal decision, reflects a feasible plan, which includes repayment of the proposed loan and demonstrates that all other credit needs can be met.

§ 764.402 Loan closing.

(a) *Signature requirements.* Signatures on loan documents are required as follows:

(1) For individual applicants, only the applicant is required to sign the promissory note.

(2) For entity applicants, the promissory note will be executed to evidence the liability of the entity, any embedded entities, and the individual liability of all entity members.

(3) Despite minority status, a youth executing a promissory note for a Youth loan will incur full personal liability for the debt.

(4) A cosigner will be required to sign the promissory note if they assist the applicant in meeting the repayment requirements for the loan requested.

(5) All signatures needed for the Agency to acquire the required security interests will be obtained according to State law.

(b) *Payment of fees.* The applicant, or in the case of a real estate purchase, the applicant and seller, must pay all filing, recording, notary, lien search, and any other fees necessary to process and close a loan.

(c) *Chattel-secured loans.* The following requirements apply to loans secured by chattel:

(1) The Agency will close a chattel loan only when it determines the Agency requirements for the loan have been satisfied;

(2) A financing statement is required for every loan except when a filed financing statement covering the applicant's property is still effective, covers all types of chattel property that will serve as security for the loan, describes the land on which crops and fixtures are or will be located, and complies with the law of the jurisdiction where filed;

(3) A new security agreement is required for new loans, as necessary to secure the loan under State law, prior to the disbursement of loan funds.

(d) *Real estate-secured loans.* (1) The Agency will close a real estate loan only when it determines that the Agency requirements for the loan have been satisfied and the closing agent can issue a policy of title insurance or final title opinion as of the date of closing.

The title insurance or final title opinion requirement may be waived:

(i) For loans of \$25,000 or less;

(ii) As provided in § 764.235 for CLs and § 764.355 for EMs;

(iii) When the real estate is considered additional security by the Agency; or

(iv) When the real estate is a non-essential asset.

(2) The title insurance or final title opinion must show title vested as required by the Agency, the lien of the Agency's security instrument in the priority required by the Agency, and title to the security property, subject only to those exceptions approved in writing by the Agency.

(3) The Agency must approve agents who will close FLP loans. Closing agents must meet all of the following requirements to the Agency's satisfaction:

(i) Be licensed in the state where the loan will be closed;

(ii) Not be debarred or suspended from participating in any Federal programs;

(iii) Maintain liability insurance;

(iv) Have a fidelity bond that covers all employees with access to loan funds;

(v) Have current knowledge of the requirements of State law in connection with the loan closing and title clearance;

(vi) Not represent both the buyer and seller in the transaction;

(vii) Not be related as a family member or business associate with the applicant; and

(viii) Act promptly to provide required services.

(e) *Disbursement of funds.* (1) Loan funds will be made available to the applicant within 15 days of loan approval, subject to the availability of funding.

(2) If the loan is not closed within 90 days of loan approval or if the applicant's financial condition changes significantly, the Agency must reconfirm the requirements for loan approval prior to loan closing. The applicant may be required to provide updated information for the Agency to reconfirm approval and proceed with loan closing.

(3) The Agency or closing agent will be responsible for disbursing loan funds. The electronic funds transfer

process, followed by Treasury checks, are the Agency’s preferred methods of loan funds disbursement. The Agency will use these processes on behalf of borrowers to disburse loan proceeds directly to creditors being refinanced with loan funds or to sellers of chattel property that is being acquired with loan funds. A supervised bank account will be used according to subpart B of part 761 of this chapter when these processes are not practicable.

- (2) The applicant submits evidence which demonstrates to the Agency’s satisfaction the applicant’s experience and training necessary for a successful and efficient operation.

(c) If the production and financial functions of the operation are shared among individual entity members, the Agency will consider the collective

knowledge and skills of those individuals when determining whether to waive training requirements.

(d) When considering subsequent loan actions, previous training requirements that have not yet been satisfied may be waived by the Agency should the borrower submit satisfactory evidence in accordance with paragraph (b) of this section.

§§ 765.3–765.50 [Reserved]

Subpart B—Borrowers With Limited Resource Interest Rate Loans

§ 765.51 Required review.

(a) At least every 2 years, a borrower with limited resource interest rate loans is required to provide the operation's financial information to the Agency; for the Agency to determine if the borrower can afford to pay a higher interest rate on the loan. The Agency will review the information provided in accordance with § 761.105 of this chapter.

(b) If the borrower's farm operating plan shows that the debt service margin exceeds 110 percent, the Agency will increase the interest rate on the loans with a limited resource interest rate until:

- (1) A further increase in the interest rate results in a debt service margin of less than 110 percent; or
- (2) The interest rate is equal to the interest rate currently in effect for the type of loan.

(c) Except as provided in paragraph (d) of this section, the Agency will increase the limited resource interest rate to the current interest rate for the type of loan, if the borrower:

7 CFR Ch. VII (1–1–24 Edition)

(1) Purchases items not planned during the term of the loan;

(1) The borrower has the ability to obtain credit from other sources; and

(2) Adequate credit is available from other sources at reasonable rates and terms.

(b) The Agency may require partial or full graduation.

(1) In a partial graduation, all FLP loans of one type (*i.e.* all chattel loans or all real estate loans) must be paid in full by refinancing with other credit with or without an Agency guarantee.

(2) In a full graduation, all FLP loans are paid in full by refinancing with other credit with or without an Agency guarantee.

§ 765.103 Transfer and assignment of Agency liens.

The Agency may assign its lien to the new lender when the borrower is graduating and all FLP debt will be paid in full.

(7) Refunds of unused loan funds.

(c) *Payments from sale of real estate.* Notwithstanding any other provision of this section, payments derived from the sale of real estate security will be treated as regular payments at the Agency's discretion, if the FLP loans will be adequately secured after the transaction.

(1) Annual operating loan;

(2) Delinquent FLP installments, paying least secured loans first;

(3) Non-delinquent FLP installments due in the current production cycle in order of security priority, paying least secured loans first;

(4) Any future installments due.

§ 765.154

(b) *Extra payments.* An extra payment is not credited to a scheduled installment and does not relieve the borrower's responsibility to make scheduled loan installments, but will reduce the borrower's FLP indebtedness. Extra payments are applied to FLP loans in order of lien priority except for refunds of unused loan funds, which shall be applied to the loan for which the funds were advanced.

§ 765.154 Distribution of payments.

The Agency applies both regular and extra payments to each loan in the following order, as applicable:

- (i) U.S. Treasury check;
- (ii) Cashier's check; or
- (iii) Certified check.

(2) Security instruments will only be released when all loans secured by the instruments have been paid in full or otherwise satisfied.

(3) The Agency will return the paid note and satisfied security instruments to the borrower after the Agency processes the final payment and determines that the total indebtedness is paid in full.

(b) *Borrower refunds.* If the borrower refunds the entire loan after the loan is closed, the borrower must pay interest from the date of the note to the date the Agency received the funds.

(c) *Overpayments.* If an Agency miscalculation of a final payment results in an overpayment by the borrower of less than \$10, the borrower must request a refund from the Agency in writing. Overpayments of \$10 or more automatically will be refunded by the Agency.

7 CFR Ch. VII (1-1-24 Edition)

(d) *Underpayments.* If an Agency miscalculation of a final payment amount results in an underpayment, the Agency may collect all account balances resulting from its error. If the Agency cannot collect an underpayment from the borrower, the Agency will service the debt in accordance with part 761, subpart F of this chapter.

[72 FR 63309, Nov. 8, 2007, as amended at 85 FR 36693, June 17, 2020; 87 FR 13124, Mar. 9, 2022]

§§ 765.156-765.160 [Reserved]

(1) The benefits and protections of the Servicemembers Civil Relief Act apply to borrowers on active duty at all times.

(2) The requirements of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year (FY) 2005 apply during a time of a war or national emergency as declared by the President or Congress.

(2) Military reservists are eligible from the date orders are received to report for active duty.

(c) *Entity eligibility.* National Guard members and military reservists on active duty and any operating entity owned solely by the active duty borrower may be considered for protections specified in paragraph (a) of this section.

Subpart E—Protecting the Agency's Security Interest

§ 765.201 General policy.

All Agency servicing actions regarding preservation and protection of Agency security will be consistent with the covenants and agreements contained in all loan agreements and security instruments.

§ 765.202 Borrower responsibilities.

The borrower must:

(a) Comply with all provisions of the loan agreements;

(1) Non-compliance with the provisions of loan agreements and documents, other than failure to meet scheduled loan repayment installments contained in the promissory note, constitutes non-monetary default on FLP loans by the borrower;

(2) Borrower non-compliance will be considered by the Agency when making eligibility determinations for future requests for assistance and may adversely impact such requests;

(b) Maintain, protect, and account for all security;

(c) Pay the following, unless State law requires the Agency to pay:

(1) Fees for executing, filing or recording financing statements, continuation statements or other security instruments; and

(2) The cost of lien search reports;

(d) Pay taxes on property securing FLP loans when they become due;

(e) Maintain insurance coverage in an amount specified by the Agency;

(f) Protect the interests of the Agency when a third party brings suit or takes other action that could affect Agency security.

§ 765.203 Protective advances.

When necessary to protect the Agency's security interest, costs incurred for the following actions will be charged to the borrower's account:

(a) Maintain abandoned security property;

(b) Preserve inadequately maintained security;

(c) Pay real estate taxes and assessments;

(d) Pay property, hazard, or flood insurance;

(e) Pay harvesting costs;

(f) Maintain Agency security instruments;

(g) Pay ground rents;

(h) Pay expenses for emergency measures to protect the Agency's collateral; and

(i) Protect the Agency from actions by third parties.

§ 765.204 Notifying potential purchasers.

(a) *States with Central Filing System (CFS).* The Agency participates and complies with central filing systems in States where CFS has been organized. In a State with a CFS, the Agency is not required to additionally notify potential purchasers that the Agency has a lien on a borrower's chattel security, unless specifically required by State law.

(b) *States without CFS.* In a State without CFS, the Agency follows the filing requirements specified for perfecting a lien on a borrower's chattel security under State law. The Agency will distribute the list of chattel and crop borrowers to sale barns, warehouses, and other businesses that buy or sell chattels or crops. In addition, the Agency may provide the list of borrowers to potential purchasers upon request.

§ 765.205 Subordination of liens.

(a) *Borrower application requirements.* The borrower must submit the following, unless it already exists in the Agency's file and is still current as determined by the Agency:

(1) Completed Agency application for subordination form;

(2) A current financial statement, including, in the case of an entity, financial statements from all entity members;

(3) Documentation of compliance with the Agency's environmental regulations contained in part 799 of this chapter;

(4) Verification of all non-farm income;

§ 765.205

7 CFR Ch. VII (1-1-24 Edition)

(6) Verification of all debts.

(b) *Subordination of real estate security.* For loans secured by real estate, the Agency will approve a request for subordination subject to the following conditions:

(1) If a lender requires that the Agency subordinate its lien position on the borrower's existing property in order for the borrower to acquire new property and the request meets the requirements in paragraph (b)(3) of this section, the request may be approved. The Agency will obtain a valid mortgage and the required lien position on the new property. The Agency will require title clearance and loan closing for the property in accordance with § 764.402 of this chapter.

(2) If the borrower is an entity and the Agency has taken real estate as additional security on property owned by a member, a subordination for any authorized loan purpose may be approved when it meets the requirements in paragraph (b)(3) of this section and it is needed for the entity member to finance a separate farming operation. The subordination must not cause the unpaid principal and interest on the FLP loan to exceed the value of loan security or otherwise adversely affect the security.

(3) The Agency will approve a request for subordination of real estate to a creditor if:

(i) The loan will be used for an authorized loan purpose or is to refinance a loan made for an authorized loan purpose by the Agency or another creditor;

(ii) The credit is essential to the farming operation, and the borrower cannot obtain the credit without a subordination;

(iii) The FLP loan is still adequately secured after the subordination, or the value of the loan security will be increased by an amount at least equal to the advance to be made under the subordination;

(iv) Except as authorized by paragraph (c)(2) of this section, there is no other subordination outstanding with another lender in connection with the same security;

(v) The subordination is limited to a specific amount;

(vi) The loan made in conjunction with the subordination will be closed within a reasonable time and has a definite maturity date;

(vii) If the loan is made in conjunction with a guaranteed loan, the guaranteed loan meets the requirements of § 762.142(c) of this chapter;

(viii) The borrower is not in default or will not be in default on FLP loans by the time the subordination closing is complete;

(ix) The borrower can demonstrate, through a current farm operating plan, the ability to repay all debt payments scheduled, and to be scheduled, during the production cycle;

(x) Except for CL, the borrower is unable to partially or fully graduate;

(xi) The borrower must not be ineligible as a result of a conviction for controlled substances according to part 718 of this chapter;

(xii) The borrower must not be ineligible due to disqualification resulting from Federal crop insurance violation according to part 718 of this chapter;

(xiii) The borrower will not use loan funds in a way that will contribute to erosion of highly erodible land or conversion of wetlands as described in part 799 of this chapter;

(xiv) Any planned development of real estate security will be performed as directed by the lessor or creditor, as approved by the Agency, and will comply with the terms and conditions of § 761.10 of this chapter;

(xv) If a borrower with an SAA mortgage is refinancing a loan held by a lender, subordination of the SAA mortgage may only be approved when the refinanced loan does not increase the amount of debt; and

(xvi) In the case of a subordination of non-program loan security, the non-program loan security also secures a program loan with the same borrower.

(4) The Agency will approve a request for subordination of real estate to a lessee if the conditions in paragraphs (b)(3)(viii) through (xvi) of this section are met.

(c) *Chattel security.* The requirements for chattel subordinations are as follows:

Farm Service Agency, USDA

§ 765.251

(1) For loans secured by chattel, the subordination must meet the conditions contained in paragraphs (b)(3)(i) through (xiii) of this section.

(2) The Agency will approve a request for a second subordination to enable a borrower to obtain crop insurance, if the following conditions are met:

(i) The creditor to whom the first subordination was given did not provide for payment of the current year's crop insurance premium, and consents in writing to the provisions of the second subordination to pay insurance premiums from the crop or insurance proceeds;

(ii) The borrower assigns the insurance proceeds to the Agency or names the Agency in the loss payable clause of the policy; and

(iii) The subordination meets the conditions under paragraphs (b)(1) through (12) of this section.

(d) *Appraisals.* An appraisal of the property that secures the FLP loan will be required when the Agency determines it necessary to protect its interest. Appraisals will be obtained in accordance with § 761.7 of this chapter.

[72 FR 63309, Nov. 8, 2007, as amended at 75 FR 54016, Sept. 3, 2010; 78 FR 65530, Nov. 1, 2013; 81 FR 51284, Aug. 3, 2016]

§ 765.206 Junior liens.

(a) *General policy.* The borrower will not give a lien on Agency security without the consent of the Agency. Failure to obtain Agency consent will be considered by the Agency when making eligibility determinations for future requests for assistance and may adversely impact such requests.

(b) *Conditions for consent.* The Agency will consent to the terms of a junior lien if all of the following conditions are met:

(1) The borrower's ability to make scheduled loan payments is not jeopardized;

(2) The borrower provides the Agency a copy of the farm operating plan submitted to the junior lienholder, and the plan is consistent with the Agency operating plan;

(3) The total debt against the security does not exceed the security's market value;

(4) The junior lienholder agrees in writing not to foreclose the security

instrument unless written notice is provided to the Agency;

(5) The borrower is unable to graduate on any program except for CL; and

(6) The junior lien will not otherwise adversely impact the Agency's financial interests.

§ 765.207 Conditions for severance agreements.

For loans secured by real estate, a borrower may request Agency consent to a severance agreement or similar instrument so that future chattel acquired by the borrower will not become part of the real estate securing the FLP debt. The Agency will consent to severance agreements if all of the following conditions are met:

(a) The financing arrangements are in the financial interest of the Agency and the borrower;

(b) The transaction will not adversely affect the Agency's security position;

(c) The borrower is unable to graduate on any program except for CL;

(d) The transaction will not jeopardize the borrower's ability to pay all outstanding debts to the Agency and other creditors; and

(e) The property acquired is consistent with authorized loan purposes.

Subpart F—Required Use and Operation of Agency Security

§ 765.251 General.

(a) A borrower is required to be the operator of Agency security in accordance with loan purposes, loan agreements, and security instruments.

(b) A borrower who fails to operate the security without Agency consent is in violation of loan agreements and security instruments.

(c) The Agency will consider a borrower's request to lease or cease to operate the security as provided in §§ 765.252 and 765.253.

§ 765.252

7 CFR Ch. VII (1–1–24 Edition)

§ 765.252 Lease of security.

(a) *Real estate surface leases.* The borrower must request prior approval to lease the surface of real estate security. The Agency will approve requests provided the following conditions are met:

(1) The lease will not adversely affect the Agency's security interest;

(2) The term of consecutive leases for agricultural purposes does not exceed 3 years, or 5 years if the borrower and the lessee are related by blood or marriage. The term of surface leases for farm property no longer in use, such as old barns, or for nonfarm purposes, such as wind turbines, communication towers, or similar installations can be for any term;

(3) The lease does not contain an option to purchase; and

(4) The lease does not hinder the future operation or success of the farm, or, if the borrower has ceased to operate the farm, the requirements specified in § 765.253 are met. Leases for non-farm enterprises, such as solar farms, which take significant acreage of the operation out of agriculture production are not authorized. Non-productive land may be considered for this type of lease; and

(5) The lease and any contracts or agreements in connection with the lease must be reviewed and approved by the Government.

(b) *Mineral leases.* The borrower must request Agency consent to lease any mineral rights used as security for FLP loans.

(1) For FO loans made from December 23, 1985, to February 7, 2014, and loans other than FO loans secured by real estate and made from December 23, 1985, to November 1, 2013, the value of the mineral rights must have been included in the original appraisal in order for the Agency to obtain a security interest in any oil, gas, and other mineral associated with the real estate security.

(2) For all other loans not covered by paragraph (b)(1) of this section, the Agency will obtain a security interest in any oil, gas, and other mineral on or under the real estate pledged as collateral in accordance with the applicable security agreement, regardless of

whether such minerals were included in the original appraisal.

(3) The Agency may consent to a mineral lease if the proposed use of the leased rights will not adversely affect either:

(i) The Agency's security interest; or

(ii) Compliance with any applicable environmental requirements of part 799 of this chapter.

(4) The term of the mineral lease is not limited.

(c) *Lease of chattel security.* Lease of chattel security is not authorized.

(d) *Lease proceeds.* Lease proceeds are considered normal income security and may be used in accordance with § 765.303.

(e) *Lease of allotments.* (1) The Agency will not approve any crop allotment lease that will adversely affect its security interest in the allotment.

(2) The borrower must assign all rental proceeds from an allotment lease to the Agency.

§ 765.253 Ceasing to operate security.

If the borrower requests Agency consent to cease operating the security or if the Agency discovers that the borrower is failing to operate the security, the Agency will give consent if:

(a) Such action is in the Agency's best interests;

(b) The borrower is unable to graduate on any program except for CL;

(c) The borrower is not ineligible as a result of disqualification for Federal crop insurance violation according to 7 CFR part 718;

(d) Any one of the following conditions is met:

(1) The borrower is involved in the day-to-day operational activities, management decisions, costs and returns of the farming operation, and will continue to reside in the immediate farming community for reasonable management and operation involvement;

(2) The borrower's failure to operate the security is due to age or poor health, and the borrower continues to reside in the immediate farming community for reasonable management and operation involvement; or

(3) The borrower's failure to operate the security is beyond the borrower's control, and the borrower will resume the farming operation within 3 years.

Subpart G—Disposal of Chattel Security

§ 765.301 General.

(a) The borrower must account for all chattel security, and maintain records of dispositions of chattel security and the actual use of proceeds. The borrower must make these records available to the Agency upon request.

(b) The borrower may not dispose of chattel security for an amount less than its market value. All proceeds, including any amount in excess of the market value, must be distributed to lienholders for application to the borrower's account in the order of lien priority.

(1) The Agency considers the market value of normal income security to be the prevailing market price of the commodity in the area in which the farm is located.

(2) The market value for basic security is determined by an appraisal obtained in accordance with § 761.7 of this chapter.

(c) When the borrower sells chattel security, the property and proceeds remain subject to the Agency lien until the lien is released by the Agency.

(d) The Agency and all other lienholders must provide written consent before a borrower may use proceeds for a purpose other than payment of lienholders in the order of lien priority.

(e) The transaction must not interfere with the borrower's farming operation or jeopardize the borrower's ability to repay the FLP loan.

(f) The disposition must enhance the program objectives of the FLP loan.

(g) When the borrower exchanges security property for other property or purchases new property with sale proceeds, the acquisition must be essential to the farming operation as well as

meet the program objectives, purposes, and limitations for the type of loan.

(h) All checks, drafts, or money orders which the borrower receives from the sale of Agency security must be payable to the borrower and the Agency. If all FLP loan installments and any past due installments, for the period of the agreement for the use of proceeds have been paid, however, these payments from the sale of normal income security may be payable solely to the borrower.

[72 FR 63309, Nov. 8, 2007, as amended at 78 FR 65531, Nov. 1, 2013]

§ 765.302 Use and maintenance of the agreement for the use of proceeds.

(a) The borrower and the Agency will execute an agreement for the use of proceeds.

(b) The borrower must report any disposition of basic or normal income security to the Agency as specified in the agreement for the use of proceeds.

(c) If a borrower wants to dispose of normal income security in a way different than provided by the agreement for the use of proceeds, the borrower must obtain the Agency's consent before the disposition unless all FLP payments planned on the agreement have been paid.

(d) If the borrower sells normal income security to a purchaser not listed in the agreement for the use of proceeds, the borrower must immediately notify the Agency of what property has been sold and of the name and business address of the purchaser.

(e) The borrower must provide the Agency with the necessary information to update the agreement for the use of proceeds.

(f) Changes to the agreement on the use of proceeds will be recorded, dated and initialed by the borrower and the Agency.

[72 FR 63309, Nov. 8, 2007, as amended at 78 FR 65531, Nov. 1, 2013]

§ 765.303 Use of proceeds from chattel security.

(a) *General.* (1) Proceeds from the sale of basic security and normal income security must be remitted to lienholders in order of lien priority.

(2) Proceeds remitted to the Agency may be used as follows:

§ 765.304

(i) Applied to the FLP loan;
(ii) Pay customary costs appropriate to the transaction.

(3) With the concurrence of all lienholders, proceeds may be used to preserve the security because of a natural disaster or other severe catastrophe, when funds cannot be obtained by other means in time to prevent the borrower and the Agency from suffering a substantial loss.

(4) Security may be consumed as follows:

(i) Livestock may be used by the borrower's family for subsistence;

(ii) If crops serve as security and usually would be marketed, the Agency may allow such crops to be fed to the borrower's livestock, if this is preferable to marketing, provided the Agency obtains a lien or assignment on the livestock, and livestock products, at least equal to the lien on the crops.

(b) *Proceeds from the sale of normal income security.* In addition to the uses specified in paragraph (a) of this section, the agreement for the use of proceeds will allow for release of proceeds from the sale of normal income security to be used to pay essential family living and farm operating expenses. Such releases will be terminated when an account is accelerated.

(c) *Proceeds from the sale of basic security.* In addition to the uses specified in paragraph (a) of this section:

(1) Proceeds from the sale of basic security may not be used for any family living and farm operating expenses.

(2) Security may be exchanged for chattel property better suited to the borrower's needs if the Agency will acquire a lien on the new property at least equal in value to the lien held on the property exchanged.

(3) Proceeds may be used to purchase chattel property better suited to the borrower's needs if the Agency will acquire a lien on the purchased property. The value of the purchased property, together with any proceeds applied to the FLP loan, must at least equal the value of the Agency lien on the old security.

§ 765.304 Unapproved disposition.

(a) If a borrower disposes of chattel security without Agency approval, or misuses proceeds, the borrower must:

7 CFR Ch. VII (1-1-24 Edition)

(1) Make restitution to the Agency within 30 days of Agency notification; or

(2) Provide disposition or use information to enable the Agency to consider post-approval within 30 days of Agency notification.

(b) Failure to cure the first unauthorized disposition in accordance with paragraph (a) of this section, or a second unauthorized disposition, whether or not cured, constitutes a non-monetary default, will be considered by the Agency when making eligibility determinations for future requests for assistance, may adversely impact such requests, and may result in civil or criminal action.

§ 765.305 Release of security interest.

(a) When Agency security is sold, exchanged, or consumed in accordance with the agreement for the use of proceeds, the Agency will release its security interest to the extent of the value of the security disposed.

(b) Security interests on wool and mohair may be released when the security is marketed by consignment, provided all of the following conditions are met:

(1) The borrower assigns to the Agency the proceeds of any advances made, or to be made, on the wool or mohair by the broker, less shipping, handling, processing, and marketing costs;

(2) The borrower assigns to the Agency the proceeds of the sale of the wool or mohair, less any remaining costs in shipping, handling, processing, and marketing, and less the amount of any advance (including any interest which may have accrued on the advance) made by the broker against the wool or mohair; and

(3) The borrower and broker agree that the net proceeds of any advances on, or sale of, the wool or mohair will be paid by checks made payable jointly to the borrower and the Agency.

(c) The Agency will release its lien on chattel security without compensation, upon borrower request provided:

(1) The borrower has not received primary loan servicing or Disaster Set-Aside within the last 3 years;

(2) The borrower will retain the security and use it as collateral for other

credit, including partial graduation as specified in § 765.101;

(3) The security margin on each FLP direct loan will be 150 percent or more after the release. The value of the retained and released security will normally be based on appraisals obtained as specified in § 761.7 of this chapter; however, well documented recent sales of similar properties can be used if the Agency determines a supportable decision can be made without current appraisals;

(4) The release is approved by the FSA State Executive Director; and

(5) Except for CL, the borrower is unable to fully graduate as specified in § 765.101.

[72 FR 63309, Nov. 8, 2007, as amended at 78 FR 65531, Nov. 1, 2013]

§§ 765.306–765.350 [Reserved]

Subpart H—Partial Release of Real Estate Security

§ 765.351 Requirements to obtain Agency consent.

The borrower must obtain prior consent from the Agency for any transactions affecting the real estate security, including, but not limited to, sale or exchange of security, a right-of-way across security, and a partial release. The Agency may consent to such transactions provided the conditions in this section are met.

(a) *General.* The following conditions apply to all transactions affecting real estate:

(1) The transaction will enhance the objectives for which the FLP loan or loans were made;

(2) The transaction will not jeopardize the borrower's ability to repay the FLP loan, or is necessary to place the borrower's farming operation on a sound basis;

(3) Except for releases in paragraph (f) of this section, the amount received by the borrower for the security being disposed of, or the rights being granted, is not less than the market value and will be remitted to the lienholders in the order of lien priority;

(4) The transaction must not interfere with the borrower's farming operation;

(5) The market value of the remaining security is adequate to secure the FLP loans, or if the market value of the security before the transaction was inadequate to fully secure the FLP loans, the Agency's equity in the security is not diminished;

(6) The environmental requirements of part 799 of this chapter must be met;

(7) The borrower cannot graduate to other credit on any program except for CL;

(8) The borrower must not be ineligible due to disqualification resulting from Federal crop insurance violation according to 7 CFR part 718; and

(9) The disposition of real estate security for an outstanding ST loan will only be authorized if the transaction will result in full repayment of the loan.

(b) *Sale of timber, gravel, oil, gas, coal, or other minerals.* (1) Agency security instruments require that the borrower request and receive written consent from the Agency prior to certain transactions, including, but not limited to, cutting, removal, or lease of timber, gravel, oil, gas, coal, or other minerals, except small amounts used by the borrower for ordinary household purposes.

(i) The sale of timber from real estate that secures an FLP loan will be considered a disposition of a portion of the security.

(ii) When the Agency has a security interest in oil, gas, or other minerals as provided by § 765.252(b), the sale of such products will be considered a disposition of a portion of the security by the Agency.

(2) Any compensation the borrower may receive for damages to the surface of the real estate security resulting from exploration for, or recovery of, minerals must be assigned to the Agency. Such proceeds will be used to repair the damage, and any remaining funds must be remitted to lienholders in the order of lien priority or, with all lienholders' consent, used for an authorized loan purpose.

(c) *Exchange of security property.* (1) When an exchange of security results in a balance owing to the borrower, the proceeds must be used in accordance with § 765.352.

(2) Property acquired by the borrower must meet program objectives, purposes and limitations relating to the type of loan involved as well as applicable requirements for appraisal, title clearance and security.

(d) *Sale under contract for deed.* A borrower may sell a portion of the security for not less than its market value under a contract for deed subject to the following:

(1) Not less than 10 percent of the purchase price will be paid as a down payment and remitted to lienholders in the order of lien priority;

(2) Payments will not exceed 10 annual installments of principal plus interest or the remaining term of the FLP loan, whichever is less. The interest rate will be the current rate being charged on a regular FO loan plus 1 percent or the rate on the borrower's notes, whichever is greater. Payments may be in equal or unequal installments with a balloon final installment;

(3) The Agency's security rights, including the right to foreclose on either the portion being sold or retained, will not be impaired;

(4) Any subsequent payments must be assigned to the lienholders and remitted in order of lien priority, or with lienholder's approval, used in accordance with § 765.352;

(5) The mortgage on the property sold will not be released prior to either full payment of the borrower's account or receipt of the full amount of sale proceeds;

(6) The sale proceeds applied to the borrower's loan accounts will not relieve the borrower from obligations under the terms of the note or other agreements approved by the Agency;

(7) All other requirements of this section are met.

(e) *Transfer of allotments.* (1) The Agency will not approve any crop allotment lease that will adversely affect its security interest.

(2) The sale of an allotment must comply with all conditions of this subpart.

(3) The borrower may transfer crop allotments to another farm owned or controlled by the borrower. Such transfer will be treated as a lease under § 765.252.

(f) *Release without compensation.* Real estate security may be released by FSA without compensation when the requirements of paragraph (a) of this section, except paragraph (a)(3) of this section, are met, and:

(1) The borrower has not received primary loan servicing or Disaster Set-Aside within the last 3 years;

(2) The security is:

(i) To be retained by the borrower and used as collateral for other credit, including partial graduation as specified in § 765.101; or

(ii) No more than 10 acres, or the minimum size that meets all State and local requirements for a division into a separate legal lot, whichever is greater, and is transferred without compensation to a person who is related to the borrower by blood or marriage.

(3) The property released will not interfere with access to or operation of the remaining farm;

(4) Essential buildings and facilities will not be released if they reduce the utility or marketability of the remaining property;

(5) Any issues arising due to legal descriptions, surveys, environmental concerns, utilities are the borrower's responsibility and no costs or fees will be paid by FSA;

(6) The security margin on each FLP direct loan will be above 150 percent after the release. The value of the retained security will normally be based on appraisals obtained as specified in § 761.7 of this chapter; however, well documented recent sales of similar properties can be used if the Agency determines the criteria have been met and a sound decision can be made without current appraisals;

(7) The release is approved by the FSA State Executive Director; and

(8) Except for CL, the borrower is unable to fully graduate as specified in § 765.101.

[72 FR 63309, Nov. 8, 2007, as amended at 75 FR 54016, Sept. 3, 2010; 78 FR 65531, Nov. 1, 2013; 81 FR 51284, Aug. 3, 2016; 86 FR 43392, Aug. 9, 2021]

§ 765.352 Use of proceeds.

(a) Proceeds from transactions affecting the real estate security may only be used as follows:

Farm Service Agency, USDA

§ 765.402

(1) Applied on liens in order of priority;

(2) To pay customary costs appropriate to the transaction, which meet the following conditions:

(i) Are reasonable in amount;

(ii) Cannot be paid by the borrower;

(iii) Will not be paid by the purchaser;

(iv) Must be paid to consummate the transaction; and

(v) May include postage and insurance when it is necessary for the Agency to present the promissory note to the recorder to obtain a release of a portion of the real estate from the mortgage.

(3) For development or enlargement of real estate owned by the borrower as follows:

(i) Development or enlargement must be necessary to improve the borrower's debt repayment ability, place the borrower's farming operation on a sound basis, or otherwise enhance the objectives of the loan;

(ii) Such use will not conflict with the loan purposes, restrictions or requirements of the type of loan involved;

(iii) Funds will be deposited in a supervised bank account in accordance with subpart B of part 761 of this chapter;

(iv) The Agency has, or will obtain, a lien on the real estate developed or enlarged;

(v) Construction and development will be completed in accordance with §761.10 of this chapter.

(b) After acceleration, the Agency may approve transactions only when all the proceeds will be applied to the liens against the security in the order of their priority, after deducting customary costs appropriate to the transaction. Such approval will not cancel or delay liquidation, unless all loan defaults are otherwise cured.

§ 765.353 Determining market value.

(a) *Security proposed for disposition.* (1) The Agency will obtain an appraisal of the security proposed for disposition.

(2) The Agency may waive the appraisal requirement when the estimated value is less than \$50,000.

(b) *Security remaining after disposition.* The Agency will obtain an appraisal of

the remaining security if it determines that the transaction will reduce the value of the remaining security.

(c) *Appraisal requirements.* Appraisals, when required, will be conducted in accordance with §761.7 of this chapter.

Subpart I—Transfer of Security and Assumption of Debt

§ 765.401 Conditions for transfer of real estate and chattel security.

(a) *General conditions.* (1) Approval of a security transfer and corresponding loan assumption obligates a new borrower to repay an existing FLP debt.

(2) All transferees will become personally liable for the debt and assume the full responsibilities and obligations of the debt transferred when the transfer and assumption is complete. If the transferee is an entity, the entity and each entity member must assume personal liability for the loan.

(3) A transfer and assumption will only be approved if the Agency determines it is in the Agency's financial interest.

(b) *Agency consent.* A borrower must request and obtain written Agency consent prior to selling or transferring security to another party.

[72 FR 63309, Nov. 8, 2007, as amended at 79 FR 60745, Oct. 8, 2014]

§ 765.402 Transfer of security and loan assumption on same rates and terms.

An eligible applicant may assume an FLP loan on the same rates and terms as the original note if:

(a) The original borrower has died and the spouse, other relative, or joint tenant who is not obligated on the note inherits the security property;

(b) A family member of the borrower or an entity comprised solely of family members of the borrower assumes the debt along with the original borrower;

(c) An individual with an ownership interest in the borrower entity buys the entire ownership interest of the other members and continues to operate the farm in accordance with loan

§ 765.403

7 CFR Ch. VII (1–1–24 Edition)

requirements. The new owner must assume personal liability for the loan;

(d) A new entity buys the borrower entity and continues to operate the farm in accordance with loan requirements; or

(e) The original loan is an EM loan for physical or production losses and persons who were directly involved in the farm's operation at the time of the loss will assume the loan. If the original loan was made to:

(1) An individual borrower, the transferee must be a family member of the original borrower or an entity in which the entity members are comprised solely of family members of the original borrower.

(2) A trust, partnership or joint operation, the transferee must have been a member, partner or joint operator when the Agency made the original loan or remain an entity comprised solely of people who were original entity members, partners or joint operators when the entity received the original loan.

(3) A corporation, limited liability company, cooperative, or other legal business organization, the transferee must:

(i) Have been a corporate stockholder, cooperative member or other member of a legal business organization, when the Agency made the original loan or will be an entity comprised solely of entity members who were entity members when the entity received the loan; and

(ii) Assume only the portion of the physical or production loss loan equal to the transferee's percentage of ownership. In the case of entity transferees, the transferee must assume that portion of the loan equal to the combined percentages of ownership of the individual stockholders or entity members in the transferee.

[72 FR 63309, Nov. 8, 2007, as amended at 79 FR 60745, Oct. 8, 2014]

§ 765.403 Transfer of security to and assumption of debt by eligible applicants.

(a) *Transfer of real estate and chattel security.* The Agency may approve transfers of security with assumption of FLP debt, other than EM loans for physical or production losses, by trans-

ferees eligible for the type of loan being assumed if:

(1) The transferee meets all loan and security requirements in part 764 of this chapter for the type of loan being assumed; and

(2) The outstanding loan balance (principal and interest) does not exceed the maximum loan limit for the type of loan as contained in § 761.8 of this chapter.

(b) *Assumption of Non-program loans.* Applicants eligible for FO loans under part 764 of this chapter may assume Non-program loans made for real estate purposes if the Agency determines the property meets program requirements. In such case, the Agency will reclassify the Non-program loan as an FO loan.

(c) *Loan types that the Agency no longer makes.* Real estate loan types the Agency no longer makes (*i.e.* EE, RL, RHF) may be assumed and reclassified as FO loans if the transferee is eligible for an FO loan under part 764 of this chapter and the property proposed for transfer meets program requirements.

(d) *Amount of assumption.* The transferee must assume the lesser of:

(1) The outstanding balance of the transferor's loan; or

(2) The market value of the security, less prior liens and authorized costs, if the outstanding loan balance exceeds the market value of the property.

(e) *Rates and terms.* The interest rate and loan term will be determined according to rates and terms established in part 764 of this chapter for the type of loan being assumed.

§ 765.404 Transfer of security to and assumption of debt by ineligible applicants.

(a) *General.* (1) The Agency will allow the transfer of real estate and chattel security property to applicants who are ineligible for the type of loan being assumed only on Non-program loan rates and terms.

(2) The Agency will reclassify the assumed loan as a Non-program loan.

(b) *Eligibility.* Transferees must:

(1) Provide written documentation verifying their credit worthiness and debt repayment ability;

(2) Not have received debt forgiveness from the Agency;

(3) Not be ineligible for loans as a result of a conviction for controlled substances according to 7 CFR part 718; and

(4) Not be ineligible due to disqualification resulting from Federal crop insurance violation according to 7 CFR part 718.

(c) *Assumption amount.* The transferee must assume the total outstanding FLP debt or if the value of the property is less than the entire amount of debt, an amount equal to the market value of the security less any prior liens. The total outstanding FLP debt will include any unpaid deferred interest that accrued on the loan to the extent that the debt does not exceed the security's market value.

(d) *Downpayment.* Non-program transferees must make a downpayment to the Agency of not less than 10 percent of the lesser of the market value or unpaid debt.

(e) *Interest rate.* The interest rate will be the Non-program interest rate in effect at the time of loan approval.

(f) *Loan terms.* (1) For a Non-program loan secured by real estate, the Agency schedules repayment in 25 years or less, based on the applicant's repayment ability.

(2) For a Non-program loan secured by chattel property only, the Agency schedules repayment in 5 years or less, based on the applicant's repayment ability.

§ 765.405 Payment of costs associated with transfers.

The transferor and transferee are responsible for paying transfer costs such as real estate taxes, title examination, attorney's fees, surveys, and title insurance. When the transferor is unable to pay its portion of the transfer costs, the transferee, with Agency approval, may pay these costs provided:

(a) Any cash equity due the transferor is applied first to payment of costs and the transferor does not receive any cash payment above these costs;

(b) The transferee's payoff of any junior liens does not exceed \$5,000;

(c) Fees are customary and reasonable;

(d) The transferee can verify that personal funds are available to pay transferor and transferee fees; and

(e) Any equity due the transferor is held in escrow by an Agency designated closing agent and is disbursed at closing.

§ 765.406 Release of transferor from liability.

(a) *General.* Agency approval of an assumption does not automatically release the transferor from liability.

(b) *Requirements for release.* (1) The Agency may release the transferor from liability when all of the security is transferred and the total outstanding debt is assumed.

(2) If an outstanding debt balance will remain and only part of the transferor's Agency security is transferred, the written request for release of liability will not be approved, unless the deficiency is otherwise resolved to the Agency's satisfaction.

(3) If an outstanding balance will remain and all of the transferor's security has been transferred, the transferor may pay the remaining balance or request debt settlement in accordance with part 761 subpart F of this chapter. If the transferor does not resolve the debt by paying the remaining balance or submitting a debt settlement offer that is acceptable to the Agency, the Agency will service the debt in accordance with part 3 of this title using all applicable collection tools including, but not limited to, administrative offset, AWG, cross-servicing, Federal salary offset, and TOP.

(4) Except for loans in default being serviced under 7 CFR part 766, if an individual who is jointly liable for repayment of an FLP loan withdraws from the farming operation and conveys all of their interest in the security to the remaining borrower, the withdrawing party may be released from liability under the following conditions:

(i) A divorce decree or property settlement states that the withdrawing party is no longer responsible for repaying the loan;

(ii) All of the withdrawing party's interests in the security are conveyed to the persons with whom the loan will be continued; and

§§ 765.407–765.450

(iii) The persons with whom the loan will be continued can demonstrate the ability to repay all of the existing and proposed debt obligations.

Subpart J—Deceased Borrowers

§ 765.451 Continuation of FLP debt and transfer of security.

(a) *Individuals who are liable.* Following the death of a borrower, the Agency will continue the loan with any individual who is liable for the indebtedness provided that the individual complies with the obligations of the loan and security instruments.

(b) *Individuals who are not liable.* The Agency will continue the loan with a person who is not liable for the indebtedness in accordance with subpart I of this part.

§ 765.452 Borrowers with Non-program loans.

(a) *Loan continuation.* (1) The Agency will continue the loan with a jointly liable borrower if the remaining borrower continues to pay the deceased borrower's loan in accordance with the loan and security instruments.

(2) The Agency may continue the loan with an individual who inherits title to the property and is not liable for the indebtedness provided the individual makes payments as scheduled and fulfills all other responsibilities of the borrower according to the loan and security instruments.

(b) *Loan assumption.* A deceased borrower's loan may be assumed by an individual not liable for the indebtedness in accordance with subpart I of this part.

(c) *Loan discontinuation.* (1) The Agency will not continue a loan for any subsequent transfer of title by the heirs, or sale of interests between heirs to consolidate title; and

(2) The Agency treats any subsequent transfer of title as a sale subject to requirements listed in subpart I of this part.

§ 766.2 Abbreviations and definitions.

Abbreviations and definitions for terms used in this part are provided in § 761.2 of this chapter.

§§ 766.3–766.50 [Reserved]

Subpart B—Disaster Set-Aside

§ 766.51 General.

(a) DSA is available to borrowers with program loans who suffered losses as a result of a natural disaster.

(b) DSA is not intended to circumvent other servicing available under this part.

(c) Non-program loans may be serviced under this subpart for borrowers who also have program loans.

§ 766.52 Eligibility.

(a) *Borrower eligibility.* The borrower must meet all of the following requirements to be eligible for a DSA:

(1) The borrower must have operated the farm in a county designated or declared a disaster area or a contiguous county at the time of the disaster. Farmers who have rented out their land base for cash are not operating the farm.

(2) The borrower must have acted in good faith, and the borrower's inability to make the upcoming scheduled loan payments must be for reasons not within the borrower's control.

(3) The borrower cannot have more than one installment set aside on each loan.

(4) As a direct result of the natural disaster, the borrower does not have sufficient income available to pay all family living and farm operating expenses, other creditors, and debts to the Agency. This determination will be based on:

(i) The borrower's actual production, income and expense records for the year the natural disaster occurred;

(ii) Any other records required by the Agency;

(iii) Compensation received for losses; and

(iv) Increased expenses incurred because of the natural disaster.

(5) For the next production cycle, the borrower must develop a feasible plan showing that the borrower will at least be able to pay all operating expenses

7 CFR Ch. VII (1–1–24 Edition)

and taxes due during the year, essential family living expenses, and meet scheduled payments on all debts, including FLP debts. The borrower must provide any documentation required to support the farm operating plan.

(6) The borrower must not be in non-monetary default.

(7) The borrower must not be ineligible due to disqualification resulting from Federal crop insurance violation according to 7 CFR part 718.

(8) The borrower must not become 165 days past due before the appropriate Agency DSA documents are executed.

(b) *Loan eligibility.* (1) Any FLP loan to be considered for DSA must have been outstanding at the time the natural disaster occurred.

(2) All of the borrower's program and non-program loans must be current after the Agency completes a DSA of the scheduled installment.

(3) All FLP loans must be current or less than 90 days past due at the time the application for DSA is complete.

(4) The Agency has not accelerated or applied any special servicing action under this part to the loan since the natural disaster occurred.

(5) For any loan that will receive a DSA, the remaining term of the loan must equal or exceed 2 years from the due date of the installment set-aside.

(6) The loan must not have a DSA in place.

§ 766.53 Disaster Set-Aside amount limitations.

(a) The DSA amount is limited to the lesser of:

(1) The first or second scheduled annual installment on the FLP loans due after the disaster occurred; or

(2) The amount the borrower is unable to pay the Agency due to the disaster. Borrowers are required to pay any portion of an installment they are able to pay.

(b) The amount set aside will be the unpaid balance remaining on the installment at the time the DSA is complete. This amount will include the unpaid interest and any principal that would be credited to the account as if the installment were paid on the due date, taking into consideration any payments applied to principal and interest since the due date.

Farm Service Agency, USDA

§ 766.101

(c) Recoverable cost items may not be set aside.

§ 766.54 Borrower application requirements.

(a) *Requests for DSA.* (1) A borrower must submit a request for DSA in writing within eight months from the date the natural disaster was designated.

(2) All borrowers must sign the DSA request.

(b) *Required financial information.* (1) The borrower must submit actual production, income, and expense records for the production cycle in which the disaster occurred unless the Agency already has this information.

(2) The Agency may request other information needed to make an eligibility determination.

§ 766.55 Eligibility determination.

Within 30 days of a complete DSA application, the Agency will determine if the borrower meets the eligibility requirements for DSA.

§ 766.56 Security requirements.

If, prior to executing the appropriate DSA Agency documents, the borrower is not current on all FLP loans, the borrower must execute and provide to the Agency a best lien obtainable on all of their assets except those listed under § 766.112(b).

§ 766.57 Borrower acceptance of Disaster Set-Aside.

The borrower must execute the appropriate Agency documents within 45 days after the borrower receives notification of Agency approval of DSA.

§ 766.58 Installment to be set aside.

(a) The Agency will set-aside the first installment due immediately after the disaster occurred.

(b) If the borrower has already paid the installment due immediately after the disaster occurred, the Agency will set-aside the next annual installment.

§ 766.59 Payments toward set-aside installments.

(a) *Interest accrual.* (1) Interest will accrue on any principal portion of the set-aside installment at the same rate charged on the balance of the loan.

(2) If the borrower's set-aside installment is for a loan with a limited resource rate and the Agency modifies that limited resource rate, the interest rate on the set-aside portion will be modified concurrently.

(b) *Due date.* The amount set-aside, including interest accrued on the principal portion of the set-aside, is due on or before the final due date of the loan.

(c) *Applying payments.* The Agency will apply borrower payments toward set-aside installments first to interest and then to principal.

§ 766.60 Canceling a Disaster Set-Aside.

The Agency will cancel a DSA if:

(a) The Agency takes any primary loan servicing action on the loan;

(b) The borrower pays the current market value buyout in accordance with § 766.113; or

(c) The borrower pays the set-aside installment.

§ 766.61 Reversal of a Disaster Set-Aside.

If the Agency determines that the borrower received an unauthorized DSA, the Agency will reverse the DSA after all appeals are concluded.

§§ 766.62–766.100 [Reserved]

Subpart C—Loan Servicing Programs

§ 766.101 Initial Agency notification to borrower of loan servicing programs.

(a) *Borrowers notified.* The Agency will provide servicing information under this section to borrowers who:

(1) Have a current farm operating plan that demonstrates the borrower is financially distressed;

(2) Are 90 days or more past due on loan payments, even if the borrower has submitted an application for loan servicing as a financially distressed borrower;

(3) Are in non-monetary default on any loan agreements;

(4) Have filed bankruptcy;

(5) Request this information;

(6) Request voluntary conveyance of security;

(c) *Mailing.* Notices to delinquent borrowers or borrowers in non-monetary default will be sent by certified mail to the last known address of the borrower. The appropriate response time will begin three days following the date of the first class mailing. For all other borrowers requesting the notices, the notices will be sent by regular mail or hand-delivered.

(d) *Borrower response timeframes.* To be considered for loan servicing, a borrower who is:

Any information 90 or more days old or not based on the

current production cycle must be updated.

(e) The borrower need not submit any information under this section that already exists in the Agency's file and is still current as determined by the Agency.

(4) The borrower has acted in good faith.

(5) Financially distressed or current borrowers requesting servicing must pay a portion of the interest due on the loans.

§ 766.105

§ 766.105 Agency consideration of servicing requests.

(a) *Order in which Agency considers servicing options.* The Agency will consider loan servicing options and combinations of options to maximize loan repayment and minimize losses to the Agency. The Agency will consider loan servicing options in the following order for each eligible borrower who requests servicing:

(b) *Debt service margin.* (1) The Agency will attempt to achieve a 110 percent debt service margin for the servicing options listed in paragraphs (a)(2) through (4) of this section.

(2) If the borrower cannot develop a feasible plan with the 110 percent debt service margin, the Agency will reduce the debt service margin by one percent and reconsider all available servicing authorities. This process will be repeated until a feasible plan has been developed or it has been determined that a feasible plan is not possible with a 100 percent margin.

(3) The borrower must be able to develop a feasible plan with at least a 100 percent debt service margin to be considered for the servicing options listed in paragraphs (a)(1) through (4) of this section.

(c) *Appraisal of borrower's assets.* The Agency will obtain an appraisal on:

(1) All Agency security, non-essential assets, and real property unencumbered by the Agency that does not meet the criteria established in § 766.112(b), when:

- (i) A writedown is required to develop a feasible plan;

7 CFR Ch. VII (1-1-24 Edition)

§ 766.106 Agency notification of decision regarding a complete application.

The Agency will send the borrower notification of the Agency's decision within 60 calendar days after receiving a complete application for loan servicing. Except that when a real estate appraisal is involved, the Agency will send the borrower notification of the Agency's decision within 90 calendar days after receiving a complete application.

(a) *Notification to financially distressed or current borrowers.* (1) If the borrower can develop a feasible plan and is eligible for primary loan servicing, the Agency will offer to service the account.

(i) The borrower will have 45 days to accept the offer of servicing. After accepting the Agency's offer, the borrower must execute loan agreements and security instruments, as appropriate.

(2) If the borrower cannot develop a feasible plan, or is not eligible for loan servicing, the Agency will send the borrower the calculations used and the reasons for the adverse decision.

(i) The borrower may request reconsideration, mediation and appeal in accordance with 7 CFR parts 11 and 780 of this title.

(ii) The Agency will send the borrower another notification of the availability of loan servicing if the borrower becomes 90 days past due in accordance with § 766.101(a)(2).

(b) *Notification to borrowers 90 days past due or in non-monetary default.* (1) If the borrower can develop a feasible plan and is eligible for primary loan servicing, the Agency will offer to service the account.

(i) The borrower will have 45 days to accept the offer of servicing. After accepting the Agency's offer, the borrower must execute loan agreements and security instruments, as appropriate.

(ii) If the borrower does not timely accept the offer, or fails to respond, the

Agency will notify the borrower of its intent to accelerate the account.

(2) If the borrower cannot develop a feasible plan, or is not eligible for loan servicing, the Agency will send the borrower notification within 15 days, including the calculations used and reasons for the adverse decision, of its intent to accelerate the account in accordance with subpart H of this part, unless the account is resolved through any of the following options:

(i) The borrower may request reconsideration, mediation or voluntary meeting of creditors, or appeal in accordance with 7 CFR parts 11 and 780.

(ii) The borrower may request negotiation of appraisal within 30 days in accordance with § 766.115.

(iii) If the net recovery value of non-essential assets is sufficient to pay the account current, the borrower has 90 days to pay the account current.

(iv) The borrower, if eligible in accordance with § 766.113, may buy out the loans at the current market value within 90 days.

(v) The borrower may request homestead protection if the borrower's primary residence was pledged as security by providing the information required under § 766.151.

(ii) A feasible plan cannot be developed at the regular interest rate and maximum terms permitted in this section.

(e) *Capitalizing accrued interest and adding protective advances to the loan principal.* (1) The Agency capitalizes the amount of outstanding accrued interest on the loan at the time of consolidation and rescheduling.

(2) The Agency adds protective advances for the payment of real estate taxes to the principal balance at the time of consolidation and rescheduling.

(3) The borrower must resolve all other protective advances not capitalized prior to closing the servicing actions.

(iii) The original loan note rate of the note being reamortized.

(2) The interest rate for loans made at the limited resource interest rate will be the lesser of:

(i) The limited resource interest rate for that type of loan on the date a complete servicing application was received;

(ii) The limited resource interest rate for that type of loan on the date of restructure; or

(iii) The original loan note rate of the note being reamortized.

§ 766.109 Deferral.

(a) *Conditions for approving deferrals.* The Agency will only consider deferral of loan payments if:

(1) The borrower meets the loan servicing eligibility requirements in § 766.104;

(2) Rescheduling, consolidation, and reamortization of all the borrower's loans, will not result in a feasible plan with 110 percent debt service margin;

(3) The need for deferral is temporary; and

(4) The borrower develops feasible first-year deferral and post-deferral farm operating plans subject to the following:

(i) The deferral will not create excessive net cash reserves beyond that necessary to develop a feasible plan.

(ii) The Agency will consider a partial deferral if deferral of the total Agency payment would result in the borrower developing more cash availability than necessary to meet debt repayment obligations.

(b) *Deferral period.* (1) The deferral term will not exceed 5 years and will be determined based on the post-deferral plan that results in the:

(i) Greatest improvement over the first year cash available to service FLP debt;

(ii) The shortest possible deferral period.

(2) The Agency will distribute interest accrued on the deferred principal portion of the loan equally to payments over the remaining loan term after the deferral period ends.

(c) *Agency actions when borrower's repayment ability improves.* (1) If during

§766.110

the deferral period the borrower's repayment ability has increased to allow the borrower to make payments on the deferred loans, the borrower must make supplemental payments, as determined by the Agency. If the borrower agrees to make supplemental payments, but does not do so, the borrower will be considered to be in non-monetary default.

(2) If the Agency determines that the borrower's improved repayment ability will allow graduation, the Agency will require the borrower to graduate in accordance with part 765, subpart C of this chapter.

(d) *Associated loan servicing.* (1) The Agency must cancel an existing deferral if the Agency approves any new primary loan servicing action.

(2) Loans deferred will also be serviced in accordance with §§766.107, 766.108 and 766.111, as appropriate.

§766.110 Conservation Contract.

(a) *General.* (1) A debtor with only SA or Non-program loans is not eligible for a Conservation Contract. However, an SA or Non-program loan may be considered for a Conservation Contract if the borrower also has program loans.

(2) A current or financially distressed borrower may request a Conservation Contract at any time prior to becoming 90 days past due.

(3) A delinquent borrower may request a Conservation Contract during the same 60-day time period in which the borrower may apply for primary loan servicing. The borrower eligibility requirements in §766.104 will apply.

(4) A Conservation Contract may be established for conservation, recreation, and wildlife purposes.

(5) The land under a Conservation Contract cannot be used for the production of agricultural commodities during the term of the contract.

(6) Only loans secured by the real estate that will be subject to the Conservation Contract may be considered for debt reduction under this section.

(b) *Eligible lands.* The following types of lands are eligible to be considered for a Conservation Contract by the Conservation Contract review team:

(1) Wetlands or highly erodible lands; and

7 CFR Ch. VII (1-1-24 Edition)

(2) Uplands that meet any one of the following criteria:

(i) Land containing aquatic life, endangered species, or wildlife habitat of local, State, tribal, or national importance;

(ii) Land in 100-year floodplains;

(iii) Areas of high water quality or scenic value;

(iv) Historic or cultural properties listed in or eligible for the National Register of Historic Places;

(v) Aquifer recharge areas of local, regional, State, or tribal importance;

(vi) Buffer areas necessary for the adequate protection of proposed Conservation Contract areas, or other areas enrolled in other conservation programs;

(vii) Areas that contain soils generally not suited for cultivation; or

(viii) Areas within or adjacent to Federal, State, tribal, or locally administered conservation areas.

(c) *Unsuitable acreage.* Notwithstanding paragraph (b) of this section, acreage is unsuitable for a Conservation Contract if:

(1) It is not suited or eligible for the program due to legal restrictions;

(2) It has on-site or off-site conditions that prohibit the use of the land for conservation, wildlife, or recreational purposes; or

(3) The Conservation Contract review team determines that the land is not suitable for conservation, wildlife, or recreational purposes.

(3) The Conservation Contract review team determines that the land does not provide measurable conservation, wildlife, or recreational benefits;

(4) There would be a duplication of benefits as determined by the Conservation Contract review team because the acreage is encumbered under another Federal, State, or local government program for which the borrower has been or is being compensated for conservation, wildlife, or recreation benefits;

(5) The acreage subject to the proposed Conservation Contract is encumbered under a Federal, State, or local government cost share program that is inconsistent with the purposes of the proposed Conservation Contract, or the required practices of the cost share

program are not identified in the conservation management plan;

(6) The tract does not contain a legal right of way or other permanent access for the term of the contract that can be used by the Agency or its designee to carry out the contract; or

(7) The tract, including any buffer areas, to be included in a Conservation Contract is less than 10 acres.

(d) *Conservation Contract terms.* The borrower selects the term of the contract, which may be 10, 30, or 50 years.

(e) *Conservation management plan.* The Agency, with the recommendations of the Conservation Contract review team, is responsible for developing a conservation management plan. The conservation management plan will address the following:

(1) The acres of eligible land and the approximate boundaries, and

(2) A description of the conservation, wildlife, or recreation benefits to be realized.

(f) *Management authority.* The Agency has enforcement authority over the

Conservation Contract. The Agency, however, may delegate contract management to another entity if doing so is in the Agency's best interest.

(g) *Limitations.* The Conservation Contract must meet the following conditions:

(1) Result in a feasible plan for current borrowers; or

(2) Result in a feasible plan with or without primary loan servicing for financially distressed or delinquent borrowers; and

(3) Improve the borrower's ability to repay the remaining balance of the loan.

(h) *Maximum debt reduction for a financially distressed or current borrower.* The amount of debt reduction by a Conservation Contract is calculated as follows:

(1) Divide the contract acres by the total acres that secure the borrower's FLP loans to determine the contract acres percentage.

$$\frac{\text{Contract acres}}{\text{Total acres}} \text{ divided by } \frac{\text{Contract acres}}{\text{Total acres}} = \frac{\text{Contract acres}}{\text{Total acres}}$$

(2) Multiply the borrower's total unpaid FLP loan balance (principal, interest, and recoverable costs already paid by the Agency) by the percentage

calculated under paragraph (h)(1) of this section to determine the amount of FLP debt that is secured by the contract acreage.

$$\frac{\text{Total FLP debt}}{\text{Total FLP debt}} \times \frac{\text{Percent calculated under (h)(1)}}{\text{Percent calculated under (h)(1)}} = \frac{\text{Percent calculated under (h)(1)}}{\text{Percent calculated under (h)(1)}}$$

(3) Multiply the borrower's total unpaid FLP loan balance (principal, in-

terest, and recoverable costs already paid by the Agency) by 33 percent.

$$\frac{\text{Total FLP debt}}{\text{Total FLP debt}} \times 33\% = \text{Total FLP debt}$$

(4) The lesser of the amounts calculated in paragraphs (h)(2) and (h)(3)

of this section is the maximum amount

of debt reduction for a 50-year contract.

(5) The borrower will receive 60 percent of the amount calculated in para-

graph (h)(4) of this section for a 30-year contract.

$$\frac{\text{Result from (h)(4)}}{\text{Maximum debt reduction for a 30-year contract}} \times 60\% =$$

(6) The borrower will receive 20 percent of the amount calculated in para-

graph (h)(4) of this section for a 10-year contract.

$$\frac{\text{Result from (h)(4)}}{\text{Maximum debt reduction for a 10-year contract}} \times 20\% =$$

(i) *Maximum debt reduction for a delinquent borrower.* The amount of debt reduction by a Conservation Contract is calculated as follows:

(1) Divide the contract acres by the total acres that secure the borrower's FLP loans to determine the contract acres percentage.

$$\frac{\text{Contract acres}}{\text{Total acres}} \text{ divided by } \frac{\text{Total acres}}{\text{Total acres}} = \frac{\text{Percent of contract acres to total acres}}{\text{Percent of contract acres to total acres}}$$

(2) Multiply the borrower's total unpaid FLP loan balance (principal, interest, and recoverable costs already paid by the Agency) by the percentage

calculated in paragraph (i)(1) of this section to determine the amount of FLP debt that is secured by the contract acreage.

$$\frac{\text{Total FLP debt}}{\text{Percent calculated in (i)(1)}} \times \frac{\text{Percent calculated in (i)(1)}}{\text{Percent calculated in (i)(1)}} = \frac{\text{FLP debt secured by contract acres}}{\text{FLP debt secured by contract acres}}$$

(3) Multiply the market value of the total acres, less contributory value of any structural improvements, that secure the borrower's FLP loans by the

percent calculated in paragraph (i)(1) of this section to determine the current value of the acres in the contract.

$$\frac{\text{Market value of total acres less contributory value of structural improvements}}{\text{Market value of acres in the contract}} \times \frac{\text{Percent calculated in (i)(1)}}{\text{Percent calculated in (i)(1)}} = \frac{\text{Market value of acres in the contract}}{\text{Market value of acres in the contract}}$$

(j) *Conservation Contract Agreement.* The borrower must sign the Conservation Contract Agreement establishing the contract's terms and conditions.

(1) Subordination will be required for all liens that are in a prior lien position to the Conservation Contract.

(k) *Transferring title to land under Conservation Contract.* If the borrower or any subsequent landowner transfers title to the property, the Conservation Contract will remain in effect for the duration of the contract term.

(2) The Agency will not subordinate Conservation Contracts to liens of other lenders or other Governmental entities.

(l) *Borrower appeals of technical decisions.* Borrower appeals of the Natural Resources Conservation Service's (NRCS) technical decisions made in connection with a Conservation Contract, will be handled in accordance with applicable NRCS regulations. Other aspects of the denial of a conservation contract may be appealed in accordance with 7 CFR parts 11 and 780.

(n) *Breach of Conservation Contract.* If the borrower or a subsequent owner of the land under the Conservation Contract fails to comply with any of its provisions, the Agency will declare the Conservation Contract breached. If the Conservation Contract is breached, the borrower or subsequent owner of the land must restore the land to be in compliance with the Conservation Contract and all terms of the conservation management plan within 90 days. If this cure is not completed, the Agency will take the following actions:

(m) *Subordination.* For real estate with a Conservation Contract:

(1) For borrowers who have or had a loan in which debt was exchanged for the Conservation Contract and breach

§766.111

the Conservation Contract, the Agency may reinstate the debt that was cancelled, plus interest to the date of payment at the rate of interest in the promissory note, and assess liquidated damages in the amount of 25 percent of the debt cancelled, plus any actual expenses incurred by the Agency in enforcing the terms of the Conservation Contract. The borrower's account will be considered in non-monetary default; and

(2) Subsequent landowners who breach the Conservation Contract must pay the Agency the amount of the debt cancelled when the contract was executed, plus interest at the non-program interest rate to the date of payment, plus liquidated damages in the amount of 25 percent of the cancelled debt, plus any actual expenses incurred by the Agency in enforcing the terms of the Conservation Contract.

§766.111 Writedown.

(a) *Borrower eligibility.* The Agency will only consider a writedown if the borrower:

(1) Meets the eligibility criteria in §766.104;

(2) Is delinquent;

(3) Has not previously received debt forgiveness on any FLP direct loan; and

(4) Complies with the Highly Erodible Land and Wetland Conservation requirements of 7 CFR part 12.

(b) *Conditions.* The conditions required for approval of writedown are:

(1) Rescheduling, consolidation, re-amortization, deferral or some combination of these options on all of the borrower's loans would not result in a feasible plan with a 110 percent debt service margin. If a feasible plan is achieved with a debt service margin of 101 percent or more, the Agency will permit a borrower to accept a non-writedown servicing offer and waive the right to a writedown offer when the writedown offer will require additional time and appraisals to fully develop. If after obtaining an appraisal a feasible plan is achieved with and without a writedown and the borrower meets all the eligibility requirements, both op-

tions will be offered and the borrower may choose one option.

(2) The present value of the restructured loan must be greater than or equal to the net recovery value of Agency security and any non-essential assets.

(3) The writedown amount, excluding debt reduction received through Conservation Contract, does not exceed \$300,000.

(4) A borrower who owns real estate must execute an SAA in accordance with §766.201.

(c) *Associated loan servicing.* Loans written down will also be serviced in accordance with §§766.107 and 766.108, as appropriate.

(a) If the borrower is delinquent prior to restructuring, the borrower, and all entity members in the case of an entity, must execute and provide to the Agency a lien on all of their assets, except as provided in paragraph (b) of this section, when the Agency is servicing a loan.

(b) The Agency will take the best lien obtainable on all assets the borrower owns, except:

(1) When taking a lien on such property will prevent the borrower from obtaining credit from other sources;

(2) When the property could have significant environmental problems or costs as described in subpart G of 7 CFR part 1940;

(3) When the Agency cannot obtain a valid lien;

(4) When the property is subsistence livestock, cash, special collateral accounts the borrower uses for the farming operation, retirement accounts, personal vehicles necessary for family living, household contents, or small equipment such as hand tools and lawn mowers; or

(5) When a contractor holds title to a livestock or crop enterprise, or the borrower manages the enterprise under a share lease or share agreement.

§ 766.113 Buyout of loan at current market value.

(a) *Borrower eligibility.* A delinquent borrower may buy out the borrower's FLP loans at the current market value of the loan security, including security not in the borrower's possession, and all non-essential assets if:

(1) The borrower has not previously received debt forgiveness on any other FLP direct loan;

(2) The borrower has acted in good faith;

(3) The borrower does not have non-essential assets for which the net recovery value is sufficient to pay the account current;

(4) The borrower is unable to develop a feasible plan through primary loan servicing programs or a Conservation Contract, if requested;

(5) The present value of the restructured loans is less than the net recovery value of Agency security;

(6) The borrower pays the amount required in a lump sum without guaranteed or direct credit from the Agency; and

(7) The amount of debt forgiveness does not exceed \$300,000.

(b) *Buyout time frame.* After the Agency offers current market value buyout of the loan, the borrower has 90 days from the date of Agency notification to pay that amount.

§ 766.114 State-certified mediation or voluntary meeting of creditors.

(a) A borrower who is unable to develop a feasible plan but is otherwise eligible for primary loan servicing may request:

(1) State-certified mediation; or

(2) Voluntary meeting of creditors when a State does not have a certified mediation program.

(b) Any negotiation of the Agency's appraisal must be completed before State-certified mediation or voluntary meeting of creditors.

§ 766.115 Challenging the Agency appraisal.

(a) A borrower considered for primary loan servicing who does not agree with the Agency's appraisal of the borrower's assets may:

(1) Obtain a USPAP compliant technical appraisal review prepared by a State Certified General Appraiser of the Agency's appraisal and provide it to the Agency prior to reconsideration or the appeal hearing;

(2) Obtain an independent appraisal completed in accordance with § 761.7 as part of the appeals process. The borrower must:

(i) Pay for this appraisal;

(ii) Choose which appraisal will be used in Agency calculations, if the difference between the two appraisals is five percent or less.

(3) Negotiate the Agency's appraisal by obtaining a second appraisal.

(i) If the difference between the two appraisals is five percent or less, the borrower will choose the appraisal to be used in Agency calculations.

(ii) If the difference between the two appraisals is greater than five percent, the borrower may request a third appraisal. The Agency and the borrower will share the cost of the third appraisal equally. The average of the two appraisals closest in value will serve as the final value.

(iii) A borrower may request a negotiated appraisal only once in connection with an application for primary loan servicing.

(iv) The borrower may not appeal a negotiated appraisal.

(b) If the appraised value of the borrower's assets change as a result of the challenge, the Agency will reconsider its previous primary loan servicing decision using the new appraisal value.

(c) If the appeal process results in a determination that the borrower is eligible for primary loan servicing, the Agency will use the information utilized to make the appeal decision, unless stated otherwise in the appeal decision letter.

This notice informs you that you are seriously delinquent with your Farm Loan Programs (FLP) loan payment and notifies you of options that may be available to you. The Agency's primary loan servicing programs, Conservation Contract Program, current market value buyout, Homestead Protection Program, and debt settlement programs may help you repay your loan or retain your farm property and settle your FLP debt.

How to apply

To apply, you must complete, where applicable, and provide all items required in paragraph (f), within 60 days of the date you receive this notice.

Help in responding to this notice

The servicing options available to you may become complicated. You may need help to understand them and their impact on your operation. You may want to ask an attorney to help you or there are organizations that give free or low-cost advice to farmers. You may contact your State Department of Agriculture or the U.S. Department of Agriculture (USDA) Extension Service for available services in your State.

Note: Agency employees cannot recommend a particular attorney or organization.

Who will decide if you qualify?

After you submit a complete application, the Agency will determine if you meet all eligibility requirements and can develop a farm operating plan that shows that you can pay all debts and expenses.

What happens if you do not bring the account current or apply within 60 days?

The Agency will accelerate your loans if you do not bring your account current or timely apply for loan servicing. This means the Agency will take legal action to collect all the money you owe to the Agency under FLP. After acceleration of your loan accounts, the Agency will start foreclosure proceedings. The Agency will repossess or take legal action to sell your real estate, personal property, crops, livestock, equipment, or any other assets in which the Agency has a security interest. The Agency will also obtain and file judgments against you and your property or refer your account to the Department of the Treasury for collection.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2500 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

(a) Primary Loan Servicing Programs

Eligibility

You must meet the following eligibility requirements to obtain primary loan servicing:

- (1) You cannot repay your FLP debt due to one of the following circumstances beyond your control:
 - (i) Illness, injury, or death of a borrower or other individual who operates the farm;
 - (ii) Natural disaster, adverse weather, disease, or insect damage which caused severe loss of agricultural production;
 - (iii) Widespread economic conditions such as low commodity prices;
 - (iv) Damage or destruction of property essential to the farming operation; or
 - (v) Loss of, or reduction in, your or your spouse's essential non-farm income.
- (2) You do not have non-essential assets for which the net recovery value is sufficient to pay the delinquent portion of the loan. The Agency cannot write down or write off debt that you could pay with the value of your equity in these assets.
- (3) If you are in non-monetary default as a result of non-compliance with the Agency's loan agreements, you must resolve the non-monetary default prior to closing the servicing action.
- (4) You must have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.

Time limits

If the Agency determines that you can develop a feasible plan and are eligible for primary loan servicing, you will have 45 days from the date you receive the Agency's offer to accept loan servicing.

Lien requirements

If you are offered loan servicing and accept the offer, you must agree to give the Agency a lien on your other assets and you must provide this lien at closing.

Youth Loans

If you have a Youth Loan, it is not eligible for debt writedown, current market value buyout, or limited resource interest rates, but can be rescheduled or deferred. This has no effect on any other loans you may have with the Agency.

Loan consolidation, rescheduling, and reamortization

In loan consolidation, the unpaid principal and interest of two or more operating loans can be combined into one larger operating loan.

In loan rescheduling, the repayment schedule may be changed to cure the delinquency and give you new terms to repay loans made for equipment, livestock, or annual operating purposes.

In loan reamortization, the repayment schedule may be changed to cure the delinquency and give you a new schedule of repayment on loans made for real estate purposes.

When loans are consolidated, rescheduled or reamortized, accrued interest becomes principal and interest is charged on the new principal balance. The interest rate will be the lesser of:

- (1) The interest rate for that type of loan on the date a complete servicing application was received;
- (2) The interest rate for that type of loan on the date of restructure; or
- (3) The lowest original loan note rate on any of the original notes being restructured.

In addition, the Agency will consider the maximum loan terms. This means that operating loans, including carry over annual operating and family living expenses may have repayment terms of up to 15 years.

Limited resource interest rate

Limited resource interest rates are available for certain types of loans. If you have existing loans which are not at the limited resource rate, and a limited resource rate is available, the Agency will consider reducing the rate of the loans. The limited resource interest rate can be as low as five percent, however, this rate may change depending on what it costs the Government to borrow money.

For information about current interest rates, contact this office.

Loan deferral

Partial or full payments of principal and interest may be temporarily delayed for up to 5 years. You will only be considered for loan deferral if the loan servicing programs discussed above will not allow you to pay all essential family living and farm operating expenses, maintain your property, and pay your debts.

You must be able to show through a farm operating plan that you are unable to pay all essential family living and farm operating expenses, maintain your property, and pay your debts. The farm operating plan must also show that you will be able to pay your full installment at the end of the deferral period.

The interest that accrues during the deferral period must be paid in yearly payments for the rest of the loan term after the deferral period ends.

Debt writedown

Debt writedown can reduce the principal and interest on your loan. The Agency offers a writedown only when the loan servicing programs discussed above and the Conservation Contract Program, if requested, will not result in a feasible plan. To receive debt writedown, the value of your restructured loan must be equal to or greater than the recovery value to the Agency from foreclosure and repossession of your security property.

The recovery value is the market value of:

- (1) The collateral pledged as security for FLP loans minus expenses (such as the sale costs, attorneys' fees, management costs, taxes, and payment of prior liens) on the collateral that the Agency would have to pay if it foreclosed, or repossessed, and sold the collateral;
- (2) Any collateral that is not in your possession and has not been released for sale by the Agency in writing; and
- (3) Any other non-essential assets you may own.

A qualified appraiser determines the value of the collateral and any other assets you own. You may receive a writedown only if you have not previously received any form of debt forgiveness on any other FLP direct loan. The maximum amount of debt that can be written down on all direct loans is \$300,000.

Shared Appreciation Agreement

If you own real estate and receive a debt writedown, you must sign a Shared Appreciation Agreement. The term of the agreement is 5 years. Under the terms of the agreement you must repay all or a part of the amount written down at the maturity of your Shared Appreciation Agreement if your real estate collateral increased in value. Payment of shared appreciation will be required prior to the maturity of your Shared Appreciation Agreement if you:

- (1) Sell or convey the real estate;
- (2) Stop farming;
- (3) Pay off your entire FLP debt; or
- (4) Have your FLP accounts accelerated by the Agency.

If any of these events occur within the first 4 years of the agreement, you will have to pay 75 percent of the increase in value of the real estate. If any of these events occur after the fourth anniversary of the agreement, or if the Shared Appreciation Agreement matures without having previously been fully triggered, you will have to pay only 50 percent of the increase in value. You will not have to pay more than the amount of the debt written down.

Time limits

To buyout your FLP debt at the current market value, you must pay the Agency within 90 days of the date you receive the offer.

Method of payment

To buyout your FLP debt at the current market value, you must pay by cashier's check or U.S. Treasury check. The Agency will not make or guarantee a loan for this purpose.

(b) Conservation Contract Program

You may request a Conservation Contract to protect highly erodible land, wetlands, or wildlife habitats located on your real estate property that serves as security for your FLP debt. In exchange for such contract, the Agency would reduce your FLP debt. The amount of land left after the contract must be sufficient to continue your farming operation.

(c) Current Market Value Buyout

If the analysis of your debt shows that you cannot achieve a feasible plan even if the present value of your FLP debt is reduced to the value of the security, the Agency may offer you buyout of your FLP debt. You would pay the market value of all FLP security and non-essential assets, minus any prior liens. The market value is determined by a current appraisal completed by a qualified appraiser. In exchange, your loans would be satisfied.

Limits

To receive a current market value buyout offer:

- (1) You must not have previously received any form of debt forgiveness from the Agency on any other direct FLP loan;
- (2) The maximum debt to be written off with buyout does not exceed \$300,000; and
- (3) You must not have non-essential assets with a net recovery value sufficient to pay your account current.

Eligibility

To qualify, you must prove that:

- (1) You cannot repay your delinquent FLP debt due to circumstances beyond your control; and
- (2) You have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.

(d) Homestead Protection Program

Under the Homestead Protection Program, you may repurchase your primary residence, certain outbuildings, and up to 10 acres of land. If you cannot pay cashier's check or U.S. Treasury check or Agency financing is not available, you may lease your primary residence. The lease will include an option for you to purchase the property you lease.

This program may apply when primary loan servicing, the Conservation Contract Program, or current market value buyout is not available or not accepted.

You must agree to give the Agency title to your land at the time the Agency signs the Homestead Protection Agreement with you. The Agency will compute the costs of taking title including the cost of paying other creditors with outstanding liens on the property. The Agency will take title only if it can obtain a positive recovery.

Eligibility requirements

- (1) Your gross annual income from the farming operation must have been similar to other comparable operations in your area in at least two of the last 6 years.
- (2) Sixty percent (60%) of your gross annual income in at least two of the last 6 years must have come from the farming operation.
- (3) You must have lived in your homestead property for 6 years immediately before your application. If you had to leave for less than 12 months during the 6-year period and you had no control over the circumstances, you may still qualify.
- (4) You must be the owner of the property immediately prior to the Agency obtaining title.

Property restrictions and easements

The Agency may place restrictions or easements on your property which restrict your use if the property is located in a special area or has special characteristics. These restrictions and easements will be placed in leases and in deeds on properties containing wetlands, floodplains, endangered species, wild and scenic rivers, historic and cultural properties, coastal barriers, and highly erodible lands.

Leasing the homestead property

- (1) You must pay rent to the Agency to lease the property determined eligible for homestead protection. The rent the Agency charges will be similar to comparable property in your area.
- (2) You must maintain the property in good condition during the term of the lease.
- (3) You may lease the property for up to 5 years but no less than 3 years.
- (4) You cannot sublease the property.
- (5) If you do not make the rental payments to the Agency, the Agency will cancel the lease and take legal action to force you to leave.
- (6) Lease payments are not applied toward the final purchase price of the property.

Purchasing the homestead protection property

You can repurchase your homestead property at market value at any time during the lease. The market value of the property will be decided by a qualified appraiser and will reflect the value of the land after any placement of a restriction or easement such as a wetland conservation easement.

(e) Debt Settlement Programs

You can apply for debt settlement at any time; however, these programs are usually used only after it has been determined that primary loan servicing programs and the Conservation Contract Program cannot help you. Under the debt settlement programs, the debt you owe the Agency under FLP may be settled for less than the amount you owe. These programs are subject to the discretion of the Agency and are not a matter of entitlement or right. If you do not have any Agency security, you may apply for debt settlement only. If you do not apply, or do not receive approval of a debt settlement request, any FLP loan account balance remaining after liquidation of loan collateral will be forwarded to the Department of Treasury for cross-servicing and administrative wage garnishment.

Settlement alternatives

Settlement alternatives include:

- (1) Compromise: A lump-sum payment of less than the total FLP debt owed;
- (2) Adjustment: Two or more payments of less than the total amount owed to the Agency. Payments can be spread out over a maximum of 5 years if the Agency determines you will be able to make the payments as they become due; and
- (3) Cancellation: Satisfaction of Agency debt without payment.

Note: The Agency will not finance these alternatives.

Processing and requirements

If you sell loan collateral, you must apply the proceeds from the sale to your FLP loans before you can be considered for debt settlement. In the case of compromise or adjustment you may keep your collateral, if you pay the Agency the market value of your collateral along with any additional amount the Agency determines you are able to pay.

Debt amounts which are collectible through administrative offset, judgment, or by the Department of the Treasury will not be settled through debt settlement procedures. You must certify that you do not have assets or income in addition to what you stated in your application. If you qualify, your application must also be approved by the State Executive Director or the Administrator, depending on the amount of the debt to be settled.

(f) Forms, documentation, and information needed to apply

A complete application for primary loan servicing must include items (1) through (10). Additional information is required as noted if you want to be considered for the Conservation Contract Program or debt settlement programs. If you need help to complete the required forms, you may request an Agency official to assist you. The forms for requirements (1) through (8) and (11) are included with this package.

- (1) FSA-2511, "Borrower Response to Notice of the Availability of Loan Servicing-For Borrowers who Received FSA-2510," signed by all borrowers.
- (2) FSA-2001, "Request for Direct Loan Assistance."
- (3) FSA-2002, "Three Year Financial History," or other financial records, including copies of your income tax returns and any supporting documents, for each of the 3 years immediately preceding the year of application or the years you have been farming, whichever is less and if not already in the Agency case file. If your copies of tax returns are not readily available, you can obtain copies from the Internal Revenue Service.
- (4) FSA-2003, "Three Year Production History," or any other format that provides production and expense history for crops, livestock, livestock products, etc., for each of the 3 years immediately preceding the year of application or the years you have been farming, whichever is less and if not already in the Agency case file. You must be able to support this information with farm records.
- (5) FSA-2004, "Authorization to Release Information." The Agency will use this form to verify your debts and assets, as well as your non-farm income.
- (6) FSA-2005, "Creditor List." The Agency will use this form to verify your debts. Any debts less than \$1,000 can be verified by a credit report. If debts of \$1,000 or more appear on your credit report and the creditor is not listed on FSA 2005, the application cannot be considered complete.
- (7) FSA-2037, "Farm Business Plan Worksheet - Balance Sheet." In the case of an entity, the entity and all entity members must provide current financial statements.
- (8) FSA-2038, "Farm Business Plan Worksheet -Projected/Actual Income and Expenses," or other acceptable farm operating plan.

- (9) AD-1026, "Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification." You will be required to complete this form if the one you have on file does not reflect all the land you own and lease.
- (10) SCS-CPA-026, "Highly Erodible Land and Wetland Conservation Determination." This form must be obtained from and completed by the Natural Resources Conservation Service office, if not already on file with the Agency.
- (11) FSA-2732, "Debt Settlement Application." Complete this form only if you wish to apply for debt settlement. You must also comply with any Agency request for additional information needed to process a debt settlement request.
- (12) If you are applying for a Conservation Contract, a map or aerial photo of your farm identifying the portion of the land and approximate number of acres to be considered.

Divorced spouses

If you are an FLP borrower who has left the farming operation due to divorce, you may request release of liability. To be released of liability after a divorce, you must present the Agency with the following within 60 days of receiving this notice:

- (1) A divorce decree or property settlement document which states the remaining party will be responsible for all repayment to the Agency;
- (2) Evidence that you have conveyed your ownership interest in FLP security to the remaining party; and
- (3) Evidence that you do not have any repayment ability for the FLP loan through cash, income, or other non-essential assets.

The Agency will make a determination on your request and will inform you of the decision within 60 days of receiving your request.

If you are not released of liability, you will need to include all of your relevant financial information if applying for primary loan servicing, homestead protection, or debt settlement programs.

(g) How to get copies of Agency handbooks and forms

Copies of the forms for requirements (f)(1) through (f)(8) and (f)(11) have been included in this package. You may obtain copies of Agency handbooks, which include the pertinent regulations, describing available programs or additional copies of forms from this office.

(h) Reconsideration, mediation, and appeal to NAD

Reconsideration, mediation, and appeal rights pursuant to 7 CFR parts 780 and 11, respectively, will be provided to you if the Agency makes an adverse decision on your request for loan servicing or prior to acceleration of your account.

Reconsideration – according to FSA's appeal procedures in 7 CFR part 780.

Mediation – according to FSA's appeal procedures in 7 CFR part 780.

Appeal to NAD – according to the NAD appeal procedures in 7 CFR part 11.

(i) Challenging the Agency appraisal

If you timely submit a complete application for primary loan servicing, but disagree with the appraisal used by the Agency for processing your request, you may 1.) obtain a USPAP compliant technical appraisal review by a State Certified General Appraiser of the Agency appraisal and submit it to the Agency prior to reconsideration or an appeal hearing, 2.) obtain an independent appraisal, and 3.) possibly negotiate the appraised value based on the specifics of the two appraisals.

If this applies to you, the Agency will provide additional information in the notification letter advising you of the Agency’s decision concerning your loan servicing application.

(j) Acceleration and foreclosure

If you do not appeal an adverse determination, if you appeal, but are denied relief on appeal, or if you do not otherwise resolve your delinquency, the Agency will accelerate your loan accounts and demand payment of the entire debt. You may prevent Agency foreclosure on the loan collateral if, with prior Agency approval, you:

- (1) Sell all loan collateral for not less than its market value and apply all proceeds to your creditors in order of lien priority.
- (2) Transfer the collateral to someone else and have that person assume all or part of your FLP debt.
- (3) Transfer the collateral to the Agency.

If any of these options result in payment of less than you owe, you may apply for debt settlement, even if you applied before and were denied. However, applications for debt settlement filed after the 60-day time period provided in this notice will not delay acceleration, administrative offset, and foreclosure.

If the Agency determines that you cannot qualify for debt settlement, you can:

- (1) Pay your FLP loan accounts current;
- (2) Pay your FLP loan accounts in full;
- (3) Request reconsideration, mediation or appeal.

If your real estate security contains your primary residence and becomes inventory property of the Agency, homestead protection rights will be provided.

(k) The right not to be discriminated against

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter into a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

The servicing programs described by this Notice are subject to applicable Agency regulations published at 7 CFR Part 766.

 - (iii) Widespread economic conditions such as low commodity prices;
 - (iv) Damage or destruction of property essential to the farming operation; or
 - (v) Loss of, or reduction in, your or your spouse's essential non-farm income.
- (2) You do not have non-essential assets for which the net recovery value is sufficient to pay the delinquent portion of the loan. The Agency cannot write down or write off debt that you could pay with the value of your equity in these assets.
- (3) If you are in non-monetary default as a result of non-compliance with the Agency's loan agreements, you must resolve the non-monetary default prior to closing the servicing action.
- (4) You must have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.

Time limits

If the Agency determines that you can develop a feasible plan and are eligible for primary loan servicing, you will have 45 days from the date you receive the Agency's offer to accept loan servicing.

Lien requirements

If you are offered loan servicing and accept the offer, you must agree to give the Agency a lien on your other assets and you must provide this lien at closing.

Youth Loans

If you have a Youth Loan, it is not eligible for debt writedown, current market value buyout, or limited resource interest rates, but can be rescheduled or deferred. This has no effect on any other loans you may have with the Agency.

Loan consolidation, rescheduling, and reamortization

In loan consolidation, the unpaid principal and interest of two or more operating loans can be combined into one larger operating loan.

In loan rescheduling, the repayment schedule may be changed to cure the delinquency and give you new terms to repay loans made for equipment, livestock, or annual operating purposes.

In loan reamortization, the repayment schedule may be changed to cure the delinquency and give you a new schedule of repayment on loans made for real estate purposes.

When loans are consolidated, rescheduled or reamortized, accrued interest becomes principal and interest is charged on the new principal balance. The interest rate will be the lesser of:

- (1) The interest rate for that type of loan on the date a complete servicing application was received;
- (2) The interest rate for that type of loan on the date of restructure; or
- (3) The lowest original loan note rate on any of the original notes being restructured.

In addition, the Agency will consider the maximum loan terms. This means that operating loans, including carry over annual operating and family living expenses may have repayment terms of up to 15 years.

Limited resource interest rate

Limited resource interest rates are available for certain types of loans. If you have existing loans which are not at the limited resource rate, and a limited resource rate is available, the Agency will consider reducing the rate of the loans. The limited resource interest rate can be as low as five percent, however, this rate may change depending on what it costs the Government to borrow money.

For information about current interest rates, contact this office.

Loan deferral

Partial or full payments of principal and interest may be temporarily delayed for up to 5 years. You will only be considered for loan deferral if the loan servicing programs discussed above will not allow you to pay all essential family living and farm operating expenses, maintain your property, and pay your debts.

You must be able to show through a farm operating plan that you are unable to pay all essential family living and farm operating expenses, maintain your property, and pay your debts. The farm operating plan must also show that you will be able to pay your full installment at the end of the deferral period.

The interest that accrues during the deferral period must be paid in yearly payments for the rest of the loan term after the deferral period ends.

Debt writedown

Debt writedown can reduce the principal and interest on your loan. The Agency offers a writedown only when the loan servicing programs discussed above and the Conservation Contract Program, if requested, will not result in a feasible plan. To receive debt writedown, the value of your restructured loan must be equal to or greater than the recovery value to the Agency from foreclosure and repossession of your security property.

The recovery value is the market value of:

- (1) The collateral pledged as security for FLP loans minus expenses (such as the sale costs, attorneys' fees, management costs, taxes, and payment of prior liens) on the collateral that the Agency would have to pay if it foreclosed, or repossessed, and sold the collateral;
- (2) Any collateral that is not in your possession and has not been released for sale by the Agency in writing; and
- (3) Any other non-essential assets you may own.

A qualified appraiser determines the value of the collateral and any other assets you own. You may receive a writedown only if you have not previously received any form of debt forgiveness on any other FLP direct loan. The maximum amount of debt that can be written down on all direct loans is \$300,000.

Shared Appreciation Agreement

If you own real estate and receive a debt writedown, you must sign a Shared Appreciation Agreement. The term of the agreement is 5 years. Under the terms of the agreement you must repay all or a part of the amount written down at the maturity of your Shared Appreciation Agreement if your real estate collateral increased in value. Payment of shared appreciation will be required prior to the maturity of your Shared Appreciation Agreement if you:

- (1) Sell or convey the real estate;
- (2) Stop farming;
- (3) Pay off your entire FLP debt; or
- (4) Have your FLP accounts accelerated by the Agency.

If any of these events occur within the first 4 years of the agreement, you will have to pay 75 percent of the increase in value of the real estate. If any of these events occur after the fourth anniversary of the agreement, or if the Shared Appreciation Agreement matures without having previously been fully triggered, you will have to pay only 50 percent of the increase in value. You will not have to pay more than the amount of the debt written down.

Time limits

To buyout your FLP debt at the current market value, you must pay the Agency within 90 days of the date you receive the offer.

Method of payment

To buyout your FLP debt at the current market value, you must pay by cashier's check or U.S. Treasury check. The Agency will not make or guarantee a loan for this purpose.

(b) Conservation Contract Program

You may request a Conservation Contract to protect highly erodible land, wetlands, or wildlife habitats located on your real estate property that serves as security for your FLP debt. In exchange for such contract, the Agency would reduce your FLP debt. The amount of land left after the contract must be sufficient to continue your farming operation.

(c) Current Market Value Buyout

If the analysis of your debt shows that you cannot achieve a feasible plan even if the present value of your FLP debt is reduced to the value of the security, the Agency may offer you buyout of your FLP debt. You would pay the market value of all FLP security and non-essential assets, minus any prior liens. The market value is determined by a current appraisal completed by a qualified appraiser. In exchange, your loans would be satisfied.

Limits

To receive a current market value buyout offer:

- (1) You must not have previously received any form of debt forgiveness from the Agency on any other direct FLP loan;
- (2) The maximum debt to be written off with buyout does not exceed \$300,000; and
- (3) You must not have non-essential assets with a net recovery value sufficient to pay your account current.

Eligibility

To qualify, you must prove that:

- (1) You cannot repay your delinquent FLP debt due to circumstances beyond your control; and
- (2) You have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.

(d) Homestead Protection Program

Under the Homestead Protection Program, you may repurchase your primary residence, certain outbuildings, and up to 40 acres of land. If you cannot pay cashier's check or U.S. Treasury check or Agency financing is not available, you may lease your primary residence. The lease will include an option for you to purchase the property you lease.

This program may apply when primary loan servicing, the Conservation Contract Program, or current market value buyout is not available or not accepted.

You must agree to give the Agency title to your land at the time the Agency signs the Homestead Protection Agreement with you. The Agency will compute the costs of taking title including the cost of paying other creditors with outstanding liens on the property. The Agency will take title only if it can obtain a positive recovery.

Eligibility requirements

- (1) Your gross annual income from the farming operation must have been similar to other comparable operations in your area in at least two of the last 6 years.
- (2) Sixty percent (60%) of your gross annual income in at least two of the last 6 years must have come from the farming operation.
- (3) You must have lived in your homestead property for 6 years immediately before your application. If you had to leave for less than 12 months during the 6-year period and you had no control over the circumstances, you may still qualify.
- (4) You must be the owner of the property immediately prior to the Agency obtaining title.

Property restrictions and easements

The Agency may place restrictions or easements on your property which restrict your use if the property is located in a special area or has special characteristics. These restrictions and easements will be placed in leases and in deeds on properties containing wetlands, floodplains, endangered species, wild and scenic rivers, historic and cultural properties, coastal barriers, and highly erodible lands.

Leasing the homestead property

- (1) You must pay rent to the Agency to lease the property determined eligible for homestead protection. The rent the Agency charges will be similar to comparable property in your area.
- (2) You must maintain the property in good condition during the term of the lease.
- (3) You may lease the property for up to 5 years but no less than 3 years.
- (4) You cannot sublease the property.
- (5) If you do not make the rental payments to the Agency, the Agency will cancel the lease and take legal action to force you to leave.
- (6) Lease payments are not applied toward the final purchase price of the property.

Purchasing the homestead protection property

You can repurchase your homestead property at market value at any time during the lease. The market value of the property will be decided by a qualified appraiser and will reflect the value of the land after any placement of a restriction or easement such as a wetland conservation easement.

(e) Debt Settlement Programs

You can apply for debt settlement at any time; however, these programs are usually used only after it has been determined that primary loan servicing programs and the Conservation Contract Program cannot help you. Under the debt settlement programs, the debt you owe the Agency under FLP may be settled for less than the amount you owe. These programs are subject to the discretion of the Agency and are not a matter of entitlement or right. If you do not have any Agency security, you may apply for debt settlement only. If you do not apply, or do not receive approval of a debt settlement request, any FLP loan account balance remaining after liquidation of loan collateral will be forwarded to the Department of Treasury for cross-servicing and administrative wage garnishment.

Settlement alternatives

Settlement alternatives include:

- (1) Compromise: A lump-sum payment of less than the total FLP debt owed;
- (2) Adjustment: Two or more payments of less than the total amount owed to the Agency. Payments can be spread out over a maximum of 5 years if the Agency determines you will be able to make the payments as they become due; and
- (3) Cancellation: Satisfaction of Agency debt without payment.

Note: The Agency will not finance these alternatives.

Processing and requirements

If you sell loan collateral, you must apply the proceeds from the sale to your FLP loans before you can be considered for debt settlement. In the case of compromise or adjustment you may keep your collateral, if you pay the Agency the market value of your collateral along with any additional amount the Agency determines you are able to pay.

Debt amounts which are collectible through administrative offset, judgment, or by the Department of the Treasury will not be settled through debt settlement procedures. You must certify that you do not have assets or income in addition to what you stated in your application. If you qualify, your application must also be approved by the State Executive Director or the Administrator, depending on the amount of the debt to be settled.

(f) Forms, documentation, and information needed to apply

A complete application for primary loan servicing must include items (1) through (10). Additional information is required as noted if you want to be considered for the Conservation Contract Program or debt settlement programs. If you need help to complete the required forms, you may request an Agency official to assist you. The forms for requirements (1) through (8) and (11) are included with this package.

- (1) FSA-2511, "Borrower Response to Notice of the Availability of Loan Servicing-For Borrowers who Received FSA-2510-IA," signed by all borrowers.
- (2) FSA-2001, "Request for Direct Loan Assistance."
- (3) FSA-2002, "Three Year Financial History," or other financial records, including copies of your income tax returns and any supporting documents, for each of the 3 years immediately preceding the year of application or the years you have been farming, whichever is less and if not already in the Agency case file. If your copies of tax returns are not readily available, you can obtain copies from the Internal Revenue Service.
- (4) FSA-2003, "Three Year Production History," or any other format that provides production and expense history for crops, livestock, livestock products, etc., for each of the 3 years immediately preceding the year of application or the years you have been farming, whichever is less and if not already in the Agency case file. You must be able to support this information with farm records.
- (5) FSA-2004, "Authorization to Release Information." The Agency will use this form to verify your debts and assets, as well as your non-farm income.
- (6) FSA-2005, "Creditor List." The Agency will use this form to verify your debts. Any debts less than \$1,000 can be verified by a credit report. If debts of \$1,000 or more appear on your credit report and the creditor is not listed on FSA 2005, the application cannot be considered complete.
- (7) FSA-2037, "Farm Business Plan Worksheet - Balance Sheet." In the case of an entity, the entity and all entity members must provide current financial statements.
- (8) FSA-2038, "Farm Business Plan Worksheet -Projected/Actual Income and Expenses," or other acceptable farm operating plan.

- (9) AD-1026, "Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification." You will be required to complete this form if the one you have on file does not reflect all the land you own and lease.
- (10) SCS-CPA-026, "Highly Erodible Land and Wetland Conservation Determination." This form must be obtained from and completed by the Natural Resources Conservation Service office, if not already on file with the Agency.
- (11) FSA-2732, "Debt Settlement Application." Complete this form only if you wish to apply for debt settlement. You must also comply with any Agency request for additional information needed to process a debt settlement request.
- (12) If you are applying for a Conservation Contract, a map or aerial photo of your farm identifying the portion of the land and approximate number of acres to be considered.

Divorced spouses

If you are an FLP borrower who has left the farming operation due to divorce, you may request release of liability. To be released of liability after a divorce, you must present the Agency with the following within 60 days of receiving this notice:

- (1) A divorce decree or property settlement document which states the remaining party will be responsible for all repayment to the Agency;
- (2) Evidence that you have conveyed your ownership interest in FLP security to the remaining party; and
- (3) Evidence that you do not have any repayment ability for the FLP loan through cash, income, or other non-essential assets.

The Agency will make a determination on your request and will inform you of the decision within 60 days of receiving your request.

If you are not released of liability, you will need to include all of your relevant financial information if applying for primary loan servicing, homestead protection, or debt settlement programs.

(g) How to get copies of Agency handbooks and forms

Copies of the forms for requirements (f)(1) through (f)(8) and (f)(11) have been included in this package. You may obtain copies of Agency handbooks, which include the pertinent regulations, describing available programs or additional copies of forms from this office.

(h) Reconsideration, mediation, and appeal to NAD

Reconsideration, mediation, and appeal rights pursuant to 7 CFR parts 780 and 11, respectively, will be provided to you if the Agency makes an adverse decision on your request for loan servicing or prior to acceleration of your account.

Reconsideration – according to FSA’s appeal procedures in 7 CFR part 780.

Mediation – according to FSA’s appeal procedures in 7 CFR part 780.

Appeal to NAD – according to the NAD appeal procedures in 7 CFR part 11.

(i) Challenging the Agency appraisal

If you timely submit a complete application for primary loan servicing, but disagree with the appraisal used by the Agency for processing your request, you may 1.) obtain a USPAP compliant technical appraisal review by a State Certified General Appraiser of the Agency appraisal and submit it to the Agency prior to reconsideration or an appeal hearing, 2.) obtain an independent appraisal, and 3.) possibly negotiate the appraised value based on the specifics of the two appraisals.

If this applies to you, the Agency will provide additional information in the notification letter advising you of the Agency's decision concerning your loan servicing application.

(j) Acceleration and foreclosure

If you do not appeal an adverse determination, if you appeal, but are denied relief on appeal, or if you do not otherwise resolve your delinquency, the Agency will accelerate your loan accounts and demand payment of the entire debt. You may prevent Agency foreclosure on the loan collateral if, with prior Agency approval, you:

- (1) Sell all loan collateral for not less than its market value and apply all proceeds to your creditors in order of lien priority.
- (2) Transfer the collateral to someone else and have that person assume all or part of your FLP debt.
- (3) Transfer the collateral to the Agency.

If any of these options result in payment of less than you owe, you may apply for debt settlement, even if you applied before and were denied. However, applications for debt settlement filed after the 60-day time period provided in this notice will not delay acceleration, administrative offset, and foreclosure.

If the Agency determines that you cannot qualify for debt settlement, you can:

- (1) Pay your FLP loan accounts current;
- (2) Pay your FLP loan accounts in full;
- (3) Request reconsideration, mediation or appeal.

If your real estate security contains your primary residence and becomes inventory property of the Agency, homestead protection rights will be provided.

(k) The right not to be discriminated against

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter into a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

The servicing programs described by this Notice are subject to applicable Agency regulations published at 7 CFR Part 766.

may designate a member of the lessee's immediate family (that is, parent, sibling, or child) (designee) as having the right to exercise the option to purchase.

§§ 766.156–766.200 [Reserved]

Subpart E—Servicing Shared Appreciation Agreements and Net Recovery Buyout Agreements

§ 766.201 Shared Appreciation Agreement.

(a) *When a SAA is required.* The Agency requires a borrower to enter into a

§ 766.202

7 CFR Ch. VII (1–1–24 Edition)

SAA with the Agency covering all real estate security when the borrower:

(1) Owns any real estate that serves or will serve as loan security; and

(2) Accepts a writedown in accordance with § 766.111.

(b) *When SAA is due.* The borrower must repay the calculated amount of shared appreciation after a term of 5 years from the date of the writedown, or earlier if:

(1) The borrower sells or conveys all or a portion of the Agency's real estate security, unless real estate is conveyed upon the death of a borrower to a spouse who will continue farming;

(2) The borrower repays or satisfies all FLP loans;

(3) The borrower ceases farming; or

(4) The Agency accelerates the borrower's loans.

§ 766.202 Determining the shared appreciation due.

(a) The value of the real estate security at the time of maturity of the SAA (market value) will be the appraised value of the security at the highest and best use, less the increase in the value of the security resulting from capital improvements added during the term of the SAA (contributory value). The market value of the real estate security property will be determined based on a current appraisal completed within the previous 18 months in accordance with § 761.7 of this chapter, and subject to the following:

(1) Prior to completion of the appraisal, the borrower will identify any capital improvements that have been added to the real estate security since the execution of the SAA.

(2) The appraisal must specifically identify the contributory value of capital improvements made to the real estate security during the term of the SAA to make deductions for that value.

(3) For calculation of shared appreciation recapture, the contributory value of capital improvements added during the term of the SAA will be deducted from the market value of the property. Such capital improvements must also meet at least one of the following criteria:

(i) It is the borrower's primary residence. If the new residence is affixed to the real estate security as a replacement for a residence which existed on the security property when the SAA was originally executed, or, the living area square footage of the original residence was expanded, only the value added to the real property by the new or expanded portion of the original residence (if it added value) will be deducted from the market value.

(ii) It is an improvement to the real estate with a useful life of over one year and is affixed to the property, the following conditions must be met:

(A) The item must have been capitalized and not taken as an annual operating expense on the borrower's Federal income tax returns. The borrower must provide copies of appropriate tax returns to verify that capital improvements claimed for shared appreciation recapture reduction are capitalized.

(B) If the new item is affixed to the real estate as a replacement for an item that existed on the real estate at the time the SAA was originally executed, only the value added by the new item will be deducted from the market value.

(b) In the event of a partial sale, an appraisal of the property being sold may be required to determine the market value at the time the SAA was signed if such value cannot be obtained through another method.

[72 FR 63316, Nov. 8, 2007, as amended at 86 FR 43392, Aug. 9, 2021]

§ 766.203 Payment of recapture.

(a) The borrower must pay on the due date or 30 days from Agency notification, whichever is later:

(1) Seventy-five percent of the appreciation in the real estate security if the agreement is triggered within 4 years or less from the date of the writedown; or

(2) Fifty percent of such appreciation if the agreement is triggered more than 4 years from the date of the writedown or when the agreement matures.

(b) If the borrower sells a portion of the security, the borrower must pay shared appreciation only on the portion sold. Shared appreciation on the

Farm Service Agency, USDA

§ 766.251

remaining portion will be due in accordance with paragraph (a) of this section.

(c) The amount of recapture cannot exceed the amount of the debt written off through debt writedown.

§ 766.204 Amortization of recapture.

(a) The Agency will amortize the recapture into a Shared Appreciation Payment Agreement provided the borrower:

(1) Has not ceased farming and the borrower's account has not been accelerated;

(2) Provides a complete application in accordance with § 764.51(b), by the recapture due date or within 60 days of Agency notification of the amount of recapture due, whichever is later;

(3) Is unable to pay the recapture and cannot obtain funds from any other source;

(4) Develops a feasible plan that includes repayment of the shared appreciation amount;

(5) Provides a lien on all assets, except those listed in § 766.112(b); and

(6) Signs loan agreements and security instruments as required.

(b) If the borrower later becomes delinquent or financially distressed, re-amortization of the Shared Appreciation Payment Agreement can be considered under subpart C of this part.

§ 766.205 Shared Appreciation Payment Agreement rates and terms.

(a) The interest rate for Shared Appreciation Payment Agreements is the Agency's SA amortization rate.

(b) The term of the Shared Appreciation Payment Agreement is based on the borrower's repayment ability and the useful life of the security. The term will not exceed 25 years.

§ 766.206 Net Recovery Buyout Recapture Agreement.

(a) *Servicing existing Net Recovery Buyout Recapture Agreements.* Prior to July 3, 1996, the Agency was authorized to offer borrowers buy out their loans at the net recovery value. A Net Recovery Buyout Agreement was required for borrowers who bought out their loans at the net recovery value. The Agency services existing Net Recovery Buyout

Recapture Agreements as described in this section.

(b) *Requirements and terms.* (1) The term of a Net Recovery Buyout Recapture Agreement is 10 years. Net Recovery Buyout Recapture Agreements are secured by a lien on the former borrower's real estate.

(2) If the former borrower sells or conveys real estate within the 10-year term, the former borrower must repay the Agency the lesser of:

(i) The market value of the real estate parcel at the time of sale or conveyance, as determined by an Agency appraisal, minus the portion of the recovery value of the real estate paid to the Agency in the buyout;

(ii) The market value of the real estate parcel at the time of the sale or conveyance, as determined by an Agency appraisal, minus:

(A) The unpaid balance of prior liens at the time of the sale or conveyance; and

(B) The net recovery value of the real estate the borrower paid to the Agency in the buyout if this amount has not been accounted for as a prior lien;

(iii) The total amount of the FLP debt the Agency wrote off for loans secured by real estate.

(3) If the former borrower does not pay the amount due, the Agency will liquidate the Net Recovery Buyout account in accordance with subpart H of this part.

(4) If the former borrower does not sell or convey the real estate within the 10-year term, no recapture is due.

§§ 766.207–766.250 [Reserved]

Subpart F—Unauthorized Assistance

The requirement applies to all loans made by an intermediary lender to an ultimate recipient from the intermediary lender's HFIL revolving fund for as long as any portion of the intermediary lender's HFIL loan from the Agency remains unpaid.

(c) *Intermediary lender certification.* The intermediary lender must include in their file a certification that:

(1) The proposed ultimate recipient is eligible for the loan;

(2) The proposed loan is for eligible purposes; and

(3) The proposed loan complies with all applicable laws and regulations.

§ 769.121 Maintenance and monitoring of HFIL revolving fund.

(a) *Maintenance of revolving fund.* The intermediary lender must maintain the HFIL revolving fund until all of its HFIL obligations have been paid in full. All HFIL loan funds received by an intermediary lender must be deposited into an HFIL revolving fund account. Such accounts must be fully covered by Federal deposit insurance or fully collateralized with U.S. Government obligations. All cash of the HFIL revolving fund must be deposited in a separate bank account or accounts so as not to be commingled with other financial assets of the intermediary lender. All money deposited in such bank account or accounts must be security assets of the HFIL revolving fund. Loans to ultimate recipients must be from the HFIL revolving fund.

(1) The portion of the HFIL revolving fund that consists of Agency HFIL loan funds may only be used for making loans in accordance with § 769.105. The portion of the HFIL revolving fund that consists of repayments from ultimate recipients may be used for debt service, reasonable administrative costs, or for making additional loans;

(2) An intermediary lender may use revolving funds and HFIL loan funds to make loans to ultimate recipients without obtaining prior Agency concurrence in accordance with the Intermediary Relending Agreement;

(3) Any funds in the HFIL revolving fund from any source that is not needed for debt service, approved administrative costs, or reasonable reserves must be available for additional loans to ultimate recipients;

(4) All reserves and other funds in the HFIL revolving loan fund not immediately needed for loans to ultimate recipients or other authorized uses must be deposited in accounts in banks or

other financial institutions. Such accounts must be fully covered by Federal deposit insurance or fully collateralized with U.S. Government obligations, and will be interest bearing. Any interest earned thereon remains a part of the HFIL revolving fund;

(5) If an intermediary lender receives more than one HFIL loan, it does not need to establish and maintain a separate HFIL revolving loan fund for each loan; it may combine them and maintain only one HFIL revolving fund, unless the Agency requires separate HFIL revolving funds because there are significant differences in the loan purposes, Intermediary Relending Agreement, loan agreements, or requirements for the loans; and

(6) A reasonable amount of revolved funds must be used to create a reserve for bad debts. Reserves should be accumulated over a period of years. The total amount should not exceed maximum expected losses, considering the quality of the intermediary lender's portfolio of loans. Unless the intermediary lender provides loss and delinquency records that, in the opinion of the Agency, justifies different amounts, a reserve for bad debts of 6 percent of outstanding loans must be accumulated over 5 years and then maintained.

(b) *Loan monitoring reviews.* The intermediary lender must complete loan monitoring reviews, including annual and periodic reviews, and performance monitoring.

(1) At least annually, the intermediary lender must provide the Agency documents for the purpose of reviewing the financial status of the intermediary Lender, assessing the progress of utilizing loan funds, and identifying any potential problems or concerns. Non-regulated intermediary lenders must furnish audited financial statements at least annually.

(2) At any time the Agency determines it is necessary, the intermediary lender must allow the Agency or its representative to review the operations and financial condition of the intermediary lender. Upon the Agency requests, the Intermediary must submit financial or other information within

14 days unless the data requested is not available within that time frame.

(c) *Progress reports.* Each intermediary lender will be monitored by the Agency based on progress reports submitted by the intermediary lender, audit findings, disbursement transactions, visitations, and other contact with the intermediary lender as necessary.

§ 769.122 Loan servicing.

(a) *Payments.* Payments will be made to the Agency as specified in loan agreements and debt instruments. The funds from any extra payments will be applied entirely to loan principal.

(b) *Restructuring.* The Agency may restructure the intermediary lender's loan debt, if:

(1) The Government's interest will be protected;

(2) The restructuring will be performed within the Agency's budget authority; and

(3) The loan objectives cannot be met unless the HFIL loan is restructured.

(c) *Default.* In the event of monetary or non-monetary default, the Agency will take all appropriate actions to protect its interest, including, but not limited to, declaring the debt fully due and payable and may proceed to enforce its rights under the loan agreement or any other loan instruments relating to the loan under applicable law and regulations, and commencement of legal action to protect the Agency's interest. The Agency will work with the intermediary lender to correct any default, subject to the requirements of paragraph (b) of this section. Violation of any agreement with the Agency or failure to comply with reporting or other program requirements will be considered non-monetary default.

§ 769.123 Transfer and assumption.

(a) All transfers and assumptions must be approved in advance in writing by the Agency. The assuming entity must meet all eligibility criteria for the HFIL Loan Program.

(b) Available transfer and assumption options to eligible intermediary lenders include the following:

(1) The total indebtedness may be transferred to another eligible intermediary lender on the same terms; or

(2) The total indebtedness may be transferred to another eligible intermediary lender on different terms not to exceed the term for which an initial loan can be made. The assuming entity must meet all eligibility criteria for the HFIL Loan Program.

(c) The transferor must prepare the transfer document for the Agency review prior to the transfer and assumption.

(d) The transferee must provide the Agency with information required in the application as specified in § 769.109.

(e) The Agency prepared assumption agreement will contain the Agency case number of the transferor and transferee.

(f) The transferee must complete an application as specified in § 769.109(a).

(g) When the transferee makes a cash down-payment in connection with the transfer and assumption, any proceeds received by the transferor will be credited on the transferor's loan debt in order of maturity date.

(h) The Administrator or designee will approve or decline all transfers and assumptions.

§ 769.124 Appeals.

Any appealable adverse decision made by the Agency may be appealed upon written request of the intermediary as specified in 7 CFR part 11.

§ 769.125 Exceptions.

The Agency may grant an exception to any of the requirements of this part if the proposed change is in the best financial interest of the Government and not inconsistent with the authorizing law or any other applicable law.

(1) The interest rate for loans to ultimate recipients will be set by the intermediary within the limits established by the intermediary's relending plan approved by the Agency. The rate should normally be the lowest rate sufficient to cover the loan's proportional share of the HPRP revolving loan fund's debt service costs, reserve for bad debts, and administrative costs.

(2) Loans made by an intermediary to an ultimate recipient will be scheduled for repayment over a term negotiated by the intermediary and ultimate recipient; but in no case will the loan term exceed 30 years, unless otherwise specified by the Agency.

(a) The intermediary must submit a proposed relending plan which, once approved by the Agency, will be incorporated by reference as an attachment to the HPRP loan agreement. The relending plan will explain in sufficient detail the mechanics of how the funds will be distributed from the intermediary to the ultimate recipient.

(b) The intermediary's relending plan must include copies of the intermediary's proposed application forms, loan documents and security instruments, and should include information regarding:

- (1) The service area;
- (2) The proposed fees and other charges the intermediary will assess the ultimate recipients;
- (3) Eligibility criteria for the ultimate recipient;
- (4) Authorized loan purposes;

(15) A description of the requirements for maintaining adequate hazard insurance, life insurance (for principals and key employees of the ultimate recipient), workmen's compensation insurance on ultimate recipients, flood insurance, and fidelity bond coverage.

7 CFR Ch. VII (1-1-24 Edition)

(1) The intermediary and its officers, or agents are not delinquent on any Federal debt, including, but not limited to, federal income tax obligations, federal loan or loan guarantee, or obligation from another Federal agency. If delinquent, the intermediary must provide in writing the reasons for the delinquency, and the Agency will take this into consideration in deciding whether to approve the loan or advance of funds;

(2) The intermediary and its officers have not been convicted of a felony criminal violation under Federal law in the 24 months preceding the date of the loan application;

(3) The intermediary is in compliance with the restrictions and requirements in 31 U.S.C. 1352, limitation on use of appropriated funds to influence certain Federal contracting and financial transactions;

(4) The intermediary has been informed of the options by the Federal Government to collect delinquent debt; and

(5) The intermediary, its officers, or agents are not debarred or suspended from participation in Government contracts or programs.

(c) An intermediary that has received one or more HPRP loans may apply for and be considered for subsequent HPRP loans provided:

(1) The intermediary is reletting all collections from loans made from its revolving fund in excess of what is needed for the required debt service reserve and approved administrative costs;

(2) The outstanding loans of the intermediary's HPRP revolving loan fund are performing; and

(3) The intermediary is following all regulatory requirements and is complying with the terms and conditions of its HPRP loan agreement(s) and the intermediary's reletting plan(s) approved by the Agency.

(d) The Agency may require the intermediary to provide information relating to applications from ultimate recipients the intermediary has in process.

§ 769.159 Processing loan applications.

(a) *Application dates.* The opening and closing dates for the HPRP applica-

tions submission will be announced in FEDERAL REGISTER.

(b) *Intermediary loan application review.* After the closing date, the Agency will review applications from intermediaries for compliance with the provisions of this subpart.

(c) *Loan approval.* Loan approval is subject to the availability of funds. The loan will be considered approved for the intermediary on the date the Agency signs the obligation of funds confirmation.

(d) *Preferences for loan funding.* The Agency will fund eligible applications from intermediaries:

(1) First, to those with not less than 10 years' experience serving socially disadvantaged farmers and ranchers that are located in states that have adopted a statute consisting of an enactment or adoption of the Uniform Partition of Heirs Property Act, as approved and recommended for enactment in all States by the National Conference of Commissioners on Uniform State Laws in 2010, that relend to owners of heirs property (as defined by the Uniform Partition of Heirs Property Act);

(2) Second, to those that have applications from ultimate recipients already in process, or that have a history of successfully relending previous HPRP funds; and

(3) Multiple applications in the same priority tier, will be processed based by date of application received; and

(4) Any remaining applications, after priority tiers 1 and 2 have been funded, will be funded in order of the date the application was received.

(e) *Current information required.* Information supplied by the intermediary in the loan application must be updated by the intermediary if the information is more than 90 days old at the time of loan closing.

§ 769.160 Letter of conditions.

(a) If the Agency approves a loan application, the Agency will provide the intermediary with a letter of conditions listing all requirements for the loan.

(b) Immediately after reviewing the conditions and requirements in the letter of conditions, the intermediary should complete, sign, and return the

form provided by the Agency indicating the intermediary's intent to meet the conditions.

(1) If certain conditions cannot be met, the intermediary may propose alternative conditions to the Agency.

(2) The Agency loan approval official must concur with any changes made to the initially issued or proposed letter of conditions prior to loan approval.

(c) The loan request will be considered withdrawn if the intermediary does not respond within 15 calendar days from the date the letter of conditions was sent.

§ 769.161 Loan agreements.

(a) The HPRP loan agreement will specify the terms of each loan, such as:

- (1) The amount of the loan;
- (2) The interest rate;
- (3) The term and repayment schedule;
- (4) Any provisions for late charges;
- (5) The disbursement procedure;
- (6) Provisions regarding default; and
- (7) Fidelity insurance.

(b) As a condition of receiving HPRP loan funds, the intermediary will agree:

(1) To obtain written approval from the Agency prior to making any changes in the intermediary's articles of incorporation, charter, or by-laws;

(2) To maintain a separate ledger and segregated account for the HPRP revolving loan fund;

(3) To comply with the Agency's annual reporting requirements in § 769.164(g);

(4) To obtain prior written approval from the Agency regarding all forms to be used for relending purposes, as well as the intermediary's policy with regard to the amount and security to be required;

(5) To obtain written approval from the Agency prior to making any significant changes in the proposed forms, security policy, or the intermediary's relending plan;

(6) To maintain the collateral pledged as security for the HPRP loan; and

(7) To request demographics data from ultimate recipients on race, ethnicity, and gender. The response to the data request will be voluntary. The intermediary will maintain the information when voluntarily submitted by

the ultimate recipient. The intermediary agrees to make this information available when requested by FSA.

§ 769.162 Security.

(a) *Loans to intermediaries.* Security pledged to the Agency by intermediaries must be sufficient to reasonably assure repayment of the loan, while taking into consideration the intermediary's financial condition, the intermediary's relending plan, and the intermediary's management ability. The Agency will require adequate security, as determined by the Agency, to fully secure the loan:

(1) Primary security for HPRP loan will be in the form of a first lien upon the intermediary's revolving loan fund and such accounts must be fully covered by Federal deposit insurance or fully collateralized with other securities in accordance with normal banking practices and all applicable State laws. The form of the control agreement with the depository bank that will be used to perfect the Agency's security interest in the depository accounts used by the intermediary to maintain HPRP funds must be approved by the Agency. The control agreement will not require the Agency's signature for withdrawals. Among other things, the intermediary must use a depository bank that agrees to waive its offset and recoupment rights against the depository account and subordinate any liens it may have against the HPRP depository account in favor of the Agency;

(2) Additional security as needed, which includes, but is not limited to:

(i) Assignments of assessments, taxes, levies, or other sources of revenue as authorized by law;

(ii) Financial assets of the intermediary and its members; and

(ii) Capital assets or other property of the intermediary and its members.

(b) *Loans to the ultimate recipient.* The intermediary is responsible for obtaining adequate security for all loans made to ultimate recipients from the HPRP revolving loan funds as specified in the HPRP loan agreement and intermediary's relending plan. The Agency will only require concurrence with the intermediary's proposed security for a loan to an ultimate recipient

§ 769.163

from the HPRP revolving loan fund if the proposed security will also serve as security for an unrelated Agency loan.

§ 769.163 Loan closing.

(a) *HPRP loan documents and security instruments.* At loan closing, the intermediary will execute the HPRP loan agreement or supplemental loan agreement, HPRP promissory note, the HPRP security agreement, the control agreement, and any other security instruments required by the Agency.

(b) *Intermediary certification.* At loan closing, the intermediary must certify that:

(1) No changes have been made in the intermediary's relending plan except those approved in the interim by the Agency;

(2) All requirements in the letter of conditions have been met; and

(3) There has been no material change in the intermediary or its financial condition since the issuance of the letter of conditions. If there have been changes, the intermediary must explain the changes to the Agency. The Agency will review the changes and respond in writing prior to loan closing.

§ 769.164 Post award requirements.

(a) *Applicability.* Whenever this subpart imposes a requirement on loan funds from the HPRP revolving loan fund, the requirement will apply to all loans made by an intermediary to an ultimate recipient from the intermediary's HPRP revolving loan fund for as long as any portion of the intermediary's HPRP loan remains unpaid.

(b) *Applicability for HPRP loan funds.* Whenever this subpart imposes a requirement on loans made by intermediaries from HPRP loan funds, without specific reference to the HPRP revolving loan fund, such requirement only applies to loans made by an intermediary using HPRP loan funds, and will not apply to loans made from revolved funds.

(c) *File maintenance.* In addition to information normally maintained by lenders in each loan file associated with a relending loan to an ultimate recipient, the intermediary must include a certification and supporting

documentation in its file demonstrating that:

(1) The ultimate recipient is eligible for the loan;

(2) The loan is for eligible purposes; and

(3) The loan complies with all applicable laws, regulations, and the intermediary's HPRP loan agreement.

(d) *Maintenance of HPRP revolving loan fund.* For as long as any part of an HPRP loan remains unpaid, the intermediary must maintain the HPRP revolving loan fund in accordance with the requirements in paragraphs (d)(1) through (11) of this section:

(1) All HPRP loan funds received by an intermediary must be deposited into the HPRP revolving loan fund. The intermediary may transfer additional assets into the HPRP revolving loan fund;

(2) All cash of the HPRP revolving loan fund must be deposited in a separate bank account or accounts;

(3) The HPRP revolving loan fund must be segregated from other financial assets of the intermediary, and no other funds of the intermediary will be commingled with the HPRP revolving loan fund;

(4) All moneys deposited in the HPRP revolving loan fund account or accounts will be money from the HPRP revolving loan fund;

(5) Loans to ultimate recipients are advanced from the HPRP revolving loan fund;

(6) The receivables created by making loans to ultimate recipients, the intermediary's security interest in collateral pledged by ultimate recipients, collections on the receivables, interest, fees, and any other income or assets derived from the operation of the HPRP revolving loan fund are a part of the HPRP revolving loan fund;

(7) The portion of the HPRP revolving loan fund consisting of HPRP loan funds may only be used for making loans in accordance with § 769.154. The portion of the HPRP revolving loan fund that consists of revolved funds may be used for debt service reserve, approved administrative costs, or for making additional loans;

(8) A reasonable amount of revolved funds must be maintained as a reserve for bad debts. The total amount should

not exceed maximum expected losses, considering the credit quality of the intermediary's portfolio of loans. The amount of reserved funds proposed by the intermediary requires written concurrence from the Agency. Unless the intermediary provides loss and delinquency records that, in the opinion of the Agency, justifies different amounts, a reserve for bad debts of 6 percent of outstanding loans must be accumulated over 5 years and then maintained; and

(9) Any funds in the HPRP revolving loan fund from any source that is not needed for debt service reserve, approved administrative costs, or reasonable reserves must be available for additional loans to ultimate recipients.

(i) Funds may not be used for any investments in securities or certificates of deposit of over 30-day duration without the Agency's concurrence.

(ii) The intermediary must make one or more loans to ultimate recipients within 6 months of any disbursement it receives from the Agency. If funds have been unused to make loans to ultimate recipients for 6 months or more, those funds will be returned to the agency unless the Agency provides a written exception based on evidence satisfactory to the Agency that every effort is being made by the intermediary to utilize the HPRP funding in conformance with HPRP objectives;

(10) All reserves and other cash in the HPRP revolving loan fund that are not immediately needed for loans to ultimate recipients or other authorized uses must be deposited in accounts in banks or other financial institutions. Such accounts must be fully covered by Federal deposit insurance or fully collateralized with other securities in accordance with normal banking practices and all applicable State laws. Any interest earned on the account remains a part of the HPRP revolving loan fund; and

(11) If an intermediary receives more than one HPRP loan, it does not need to establish and maintain a separate HPRP revolving loan fund for each loan; it may combine them and maintain only one HPRP revolving loan fund.

(e) *Budgets and administrative costs.* The intermediary must submit an an-

nual budget of proposed administrative costs for Agency approval. The annual budget should itemize cash income and cash out-flow. Projected cash income should consist of, but is not limited to, collection of principal repayment, interest repayment, interest earnings on deposits, fees, and other income. Projected cash out-flow should consist of, but is not limited to, principal and interest payments, reserve for bad debt, and an itemization of administrative costs to operate the HPRP revolving loan fund.

(1) Proceeds received from the collection of principal repayment cannot be used for administrative expenses.

(2) The amount removed from the HPRP revolving loan fund for administrative costs in any year must be reasonable, must not exceed the actual cost of operating the HPRP revolving loan fund, including loan servicing and providing technical assistance, and must not exceed the amount approved by the Agency in the intermediary's annual budget.

(f) *Loan monitoring reviews.* The Agency may conduct loan monitoring reviews, including annual and periodic reviews, and performance monitoring.

(1) At least annually, the intermediary must provide the Agency documents for reviewing the financial status of the intermediary, assessing the progress of using loan funds, and identifying any potential problems or concerns. Non-regulated intermediaries must furnish audited financial statements at least annually.

(2) The intermediary must allow the Agency or its representative to review the operations and financial condition of the intermediary upon the Agency's request. The intermediary and its agents must provide access to all pertinent information to allow the Agency, or any party authorized by the Agency, to conduct such reviews. The intermediary must submit financial or other information within 14 calendar days upon receipt of the Agency's request, unless the data requested is not available within that time frame. Failure to supply the requested information to the satisfaction of the Agency will constitute non-monetary default. The Agency may conduct reviews, including on-site reviews, of the

§ 769.165

intermediary's operations and the operations of any agent of the intermediary, for the purpose of verifying compliance with Agency regulations and guidelines. These reviews may include, but are not limited to, audits of case files; interviews with owners, managers, and staff; audits of collateral; and inspections of the intermediary's and its agents underwriting, servicing, and liquidation guidelines.

(g) *Annual monitoring reports.* Each intermediary will be monitored by the Agency through annual monitoring reports submitted by the intermediary. Annual monitoring reports must include a description of the use of loan funds, information regarding the acreage, the number of heirs both before and after loan was made, audit findings, disbursement transactions, and any other information required by the Agency, as necessary.

(h) *Unused loan funds.* If any part of the HPRP loan has not been used in accordance with the intermediary's relending plan within 3 years from the date of the HPRP loan agreement, the Agency may cancel the approval of any funds not delivered to the intermediary. The Agency may also direct the intermediary to return any funds delivered to the intermediary that have not been used by that intermediary in accordance with the intermediary's relending plan. The Agency may, at its sole discretion, allow the intermediary additional time to use the HPRP loan funds.

§ 769.165 Loan servicing.

(a) *Payments.* The intermediary will make payments to the Agency as specified in the HPRP loan documents. All payments will be applied to interest first, any additional amount will be applied to principal.

(b) *Restructuring.* The Agency may restructure the intermediary's loan debt, if:

(1) The loan objectives cannot be met unless the HPRP loan is restructured;

(2) The Agency's interest will be protected; and

(3) The restructuring will be within the Agency's budget authority.

(c) *Default.* The Agency will work with the intermediary to correct any

7 CFR Ch. VII (1-1-24 Edition)

default, subject to the requirements of paragraph (b) of this section. In the event of monetary or non-monetary default, the Agency will take all appropriate actions to protect its interest, including, but not limited to, declaring the debt fully due and payable and may proceed to enforce its rights under the HPRP loan agreement, and any other loan instruments relating to the loan under applicable law and regulations, and commencement of legal action to protect the Agency's interest. Violation of any agreement with the Agency or failure to comply with reporting or other HPRP requirements will be considered non-monetary default.

§ 769.166 Transfers and assumptions.

(a) All transfers and assumptions must be approved in advance by the Agency. The assuming entity must meet all eligibility criteria for HPRP.

(b) Available transfer and assumption options to eligible intermediaries include:

(1) The total indebtedness may be transferred to another eligible intermediary on the same rates and terms; or

(2) The total indebtedness may be transferred to another eligible intermediary on different terms not to exceed the term for which an initial loan can be made.

(c) The transferor must prepare the transfer document for the Agency's review prior to the transfer and assumption.

(d) The transferee must provide the Agency with information required in the application as specified in § 769.158.

(e) The Agency's approved form of the assumption agreement will formally authorize the transfer and assumption and will contain the Agency case number of the transferor and transferee.

(f) When the transferee makes a cash down-payment in connection with the transfer and assumption, any proceeds received by the transferor will be credited on the transferor's loan debt in order of maturity date.

§ 769.167 Appeals.

Any appealable adverse decision made by the Agency may be appealed

Farm Service Agency, USDA

§ 770.3

upon written request of the intermediary as specified in 7 CFR part 11.

§ 769.168 Exceptions.

The Agency may grant an exception to any of the requirements of this subpart if the proposed change is in the best financial interest of the Government and not inconsistent with the authorizing law or any other applicable law.

(2) All mortgages or deeds of trust on trust or restricted land must be approved by the Department of the Interior.

(i) The borrower submits a completed Agency application form; and

(ii) The account is delinquent due to circumstances beyond the borrower's control and cannot be brought current within 1 year; or

(iii) The account is current, but due to circumstances beyond the borrower's control, the borrower will be unable to meet the annual loan payments.

(2) *Terms.* The term of a loan may not be extended beyond 40 years from the date of the original note.

(i) Reamortization within the remaining term of the loan will be predicated on a projection of the tribe's operating expenses indicating the ability to meet the new payment schedule; and

(ii) No intervening lien exists on the security for the loan which would jeopardize the Government's security priority.

(3) *Consolidation of notes.* If one or more notes are to be reamortized, consolidation of the notes is authorized.

(b) *Interest rate reduction.* The Agency may consider a reduction of the interest rate for an existing loan to the current interest rate as available from any Agency office provided:

(1) The borrower submits a completed Agency application form;

(2) The loan was made more than 5 years prior to the application for the interest reduction; and

(3) The Department of the Interior and the borrower certify that the borrower meets at least one of the criteria contained in paragraph (e)(2) of this section.

(c) *Deferral.* The Agency may consider a full or partial deferral for a period not to exceed 5 years provided:

(1) The borrower submits a completed Agency application form;

(2) The borrower presents a plan which demonstrates that due to circumstances beyond their control, they will be unable to meet all financial commitments unless the Agency payment is deferred; and

(3) The borrower will be able to meet all financial commitments, including

§770.10

7 CFR Ch. VII (1-1-24 Edition)

the Agency payments, after the deferral period has ended.

(d) *Land exchanges.* In the cases where a borrower proposes to exchange any portion of land securing a loan for other land, title clearance and a new mortgage on the land received by the borrower in exchange, which adequately secures the unpaid principal balance of the loan, will be required unless the Agency determines any remaining land or other loan security is adequate security for the loan.

(e) *Debt write-down—(1) Application.* The Agency will consider debt write-down under either the land value option or rental value option, as requested by the borrower.

(i) The borrower must submit a completed Agency application form;

(ii) If the borrower applies and is determined eligible for a land value and a rental value write-down, the borrower will receive a write-down based on the write-down option that provides the greatest debt reduction.

(2) *Eligibility.* To be eligible for debt write-down, the borrower (in the case of a tribal corporation, the Native American tribe of the borrower) must:

(i) Be located in a county which is identified as a persistent poverty county by the United States Department of Agriculture, Economic Research Service pursuant to the most recent data from the Bureau of the Census; and

(ii) Have a socio-economic condition over the immediately preceding 5 year period that meets the following two factors as certified by the Native American tribe and the Department of the Interior:

(A) The Native American tribe has a per capita income for individual enrolled tribal members which is less than 50 percent of the Federally established poverty income rate established by the Department of Health and Human Services;

(B) The tribal unemployment rate exceeds 50 percent;

(3) *Land value write-down.* The Agency may reduce the unpaid principal and interest balance on any loan made to the current market value of the land that was purchased with loan funds provided:

(i) The market value of such land has declined by at least 25 percent since

the land was purchased as established by a current appraisal;

(ii) Land value decrease is not attributed to the depletion of resources contained on or under the land;

(iii) The loan was made more than 5 years prior to the application for land value write-down;

(iv) The loan has not previously been written down under paragraph (e)(4) of this section and has not been written down within the last 5 years under this paragraph, and

(v) The borrower must meet the eligibility requirements of paragraphs (a)(1)(ii) or (iii) of this section.

(4) *Rental value write-down.* The Agency may reduce the unpaid principal and interest on any loan, so the annual loan payment for the remaining term of each loan equals the average of annual rental value of the land purchased by each such loan for the immediately preceding 5-year period provided:

(i) The loan was made more than 5 years prior to the rental value writedown;

(ii) The description of the land purchased with the loan funds and the rental values used to calculate the 5 year average annual rental value of the land have been certified by the Department of the Interior;

(iii) The borrower provides a record of any actual rents received for the land for the preceding 5 years, which will be used to calculate the average rental value. This record must be certified by the Department of the Interior. For land that has not been leased or has not received any rental income, the borrower must provide a market value rent study report for the preceding 5 years, which identifies the average annual rental value based on the market data. The market value rent study report must be prepared by a certified general appraiser and meet the requirements of USPAP.

(iv) The borrower has not previously received a write-down under this paragraph and has not had a loan written down within the last 5 years under paragraph (e)(3) of this section, and

(v) The borrower must meet the eligibility requirements of paragraph (a)(1)(ii) or (iii) of this section.

(f) *Release of reserve.* Existing reserve accounts may be released for the purpose of making ITLAP loan payments or to purchase additional lands, subject to the following:

(1) A written request is received providing details of the use of the funds;

(2) The loan is not delinquent;

(3) The loan adequately secured by a general assignment of tribal income.

7 CFR Ch. VII (1–1–24 Edition)

§ 772.6 Subordination of security.

(a) *Eligibility.* The Agency shall grant a subordination of Minor Program loan security when the transaction will further the purposes for which the loan was made, and all of the following are met:

(1) The loan will still be adequately secured after the subordination, or the value of the loan security will be increased by the amount of advances to be made under the terms of the subordination.

(2) The borrower can document the ability to pay all debts including the new loan.

(3) The action does not change the nature of the borrower's activities to the extent that they would no longer be eligible for a Minor Program loan.

(4) The subordination is for a specific amount.

(5) The borrower is unable, as determined by the Agency, to refinance its loan and graduate in accordance with this subpart.

(6) The loan funds will not be used in such a way that will contribute to erosion of highly erodible land or conversion of wetlands for the production of an agricultural commodity according to part 799 of this chapter.

(7) The borrower has not been convicted of planting, cultivating, growing, producing, harvesting or storing a controlled substance under Federal or state law. "Borrower," for purposes of this subparagraph, specifically includes an individual or entity borrower and any member of an entity borrower. "Controlled substance," for the purpose of this subparagraph, is defined at 21 CFR part 1308. The borrower will be ineligible for a subordination for the crop year in which the conviction occurred and the four succeeding crop years. An applicant must attest on the Agency application form that it, and its members if an entity, have not been convicted of such a crime.

(b) *Application.* To request a subordination, a Minor Program borrower must make the request in writing and provide the following:

(1) The specific amount of debt for which a subordination is needed;

(2) An appraisal prepared in accordance with § 761.7 of this chapter, if the request is for a subordination of more

than \$10,000, unless a sufficient appraisal report, as determined by the Agency, that is less than one year old, is on file with the Agency; and

(3) Consent and subordination, as necessary, of all other creditors' security interests.

[68 FR 69949, Dec. 16, 2003, as amended at 81 FR 51285, Aug. 3, 2016]

§ 772.7 Leasing minor program loan security.

(a) *Eligibility.* The Agency may consent to the borrower leasing all or a portion of security property for Minor Program loans to a third party when:

(1) Leasing is the only feasible way to continue to operate the enterprise and is a customary practice;

(2) The lease will not interfere with the purpose for which the loan was made;

(3) The borrower retains ultimate responsibility for the operation, maintenance and management of the facility or service for its continued availability and use at reasonable rates and terms;

(4) The lease prohibits amendments to the lease or subleasing arrangements without prior written approval from the Agency;

(5) The lease terms provide that the Agency is a lienholder on the subject property and, as such, the lease is subordinate to the rights and claims of the Agency as lienholder; and

(6) The lease is for less than 3 years and does not constitute a lease/purchase arrangement, unless the transfer and assumption provisions of this subpart are met.

(b) *Application.* The borrower must submit a written request for Agency consent to lease the property.

§ 772.8 Sale or exchange of security property.

(a) For AMP loans.

(1) Sale of all or a portion of the security property may be approved when all of the following conditions are met:

(i) The property is sold for market value based on a current appraisal prepared in accordance with § 761.7 of this chapter.

(ii) The sale will not prevent carrying out the original purpose of the loan. The borrower must execute an Assurance Agreement as prescribed by the

Farm Service Agency, USDA

§ 772.10

Agency. The covenant involved will remain in effect as long as the property continues to be used for the same or similar purposes for which the loan was made. The instrument of conveyance will contain the following non-discrimination covenant:

The property described herein was obtained or improved with Federal financial assistance and is subject to the non-discrimination provisions of title VI of the Civil Rights Act of 1964, title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, and other similarly worded Federal statutes, and the regulations issued pursuant thereto that prohibit discrimination on the basis of race, color, national origin, handicap, religion, age, or sex in programs or activities receiving Federal financial assistance. Such provisions apply for as long as the property continues to be used for the same or similar purposes for which the Federal assistance was extended, or for so long as the purchaser owns it, whichever is later.

(iii) The remaining security for the loan is adequate or will not change after the transaction.

(iv) Sale proceeds remaining after paying any reasonable and necessary selling expenses are applied to the Minor Program loan according to lien priority.

(2) Exchange of all or a portion of security property for an AMP loan may be approved when:

(i) The Agency will obtain a lien on the property acquired in the exchange;

(ii) Property more suited to the borrower's needs related to the purposes of the loan is to be acquired in the exchange;

(iii) The AMP loan will be as adequately secured after the transaction as before; and

(iv) It is necessary to develop or enlarge the facility, improve the borrower's debt-paying ability, place the operation on a more sound financial basis or otherwise further the loan objectives and purposes, as determined by the Agency.

(b) For IMP loans, a sale or exchange of real estate or chattel that is serving as security must be done as specified in part 765 of this chapter.

[68 FR 69949, Dec. 16, 2003, as amended at 69 FR 18741, Apr. 8, 2004; 78 FR 65533, Nov. 1, 2013]

§ 772.9 Releases.

(a) *Security*. Minor Program liens may be released when:

(1) The debt is paid in full;

(2) Security property is sold for market value and sale proceeds are received and applied to the borrower's creditors according to lien priority; or

(3) An exchange in accordance with § 772.8 has been concluded.

(b) *Borrower liability*. The Agency may release a borrower from liability when the Minor Program loan, plus all administrative collection costs and charges are paid in full. IMP borrowers who have had previous debt forgiveness on a farm loan program loan as defined in 7 CFR part 761, however, cannot be released from liability by FSA until the previous loss to the Agency has been repaid with interest from the date of debt forgiveness. An AMP borrower may also be released in accordance with § 772.10 in conjunction with a transfer and assumption.

(c) *Servicing of debt not satisfied through liquidation*. Balances remaining after the sale or liquidation of the security will be serviced in accordance with part 761, subpart F of this chapter and part 3 of this title.

[68 FR 69949, Dec. 16, 2003, as amended at 69 FR 7679, Feb. 19, 2004; 72 FR 64121, Nov. 15, 2007; 85 FR 36713, June 17, 2020]

§ 772.10 Transfer and assumption—AMP loans.

(a) *Eligibility*. The Agency may approve transfers and assumptions of AMP loans when:

(1) The present borrower is unable or unwilling to accomplish the objectives of the loan;

(2) The transfer will not harm the Government or adversely affect the Agency's security position;

(3) The transferee will continue with the original purpose of the loan;

(4) The transferee will assume an amount at least equal to the present market value of the loan security;

(5) The transferee documents the ability to pay the AMP loan debt as provided in the assumption agreement and has the legal capacity to enter into the contract;

(6) If there is a lien or judgment against the Agency security being transferred, the transferee is subject to

§ 772.11

such claims. The transferee must document the ability to repay the claims against the land; and

(7) If the transfer is to one or more members of the borrower's organization and there is no new member, there must not be a loss to the Government.

(b) *Withdrawal.* Withdrawal of a member and transfer of the withdrawing member's interest in the Association to a new eligible member may be approved by the Agency if all of the following conditions are met:

(1) The entire unpaid balance of the withdrawing member's share of the AMP loan must be assumed by the new member;

(2) In accordance with the Association's governing articles, the required number of remaining members must agree to accept any new member; and

(3) The transfer will not adversely affect collection of the AMP loan.

(c) *Requesting a transfer and assumption.* The transferor/borrower and transferee/applicant must submit:

(1) The written consent of any other lienholder, if applicable.

(2) A current balance sheet and cash flow statement.

(d) *Terms.* The interest rate and term of the assumed AMP loan will not be changed. Any delinquent principal and interest of the AMP loan must be paid current before the transfer and assumption will be approved by the Agency.

(e) *Release of liability.* Transferors may be released from liability with respect to an AMP loan by the Agency when:

(1) The full amount of the loan is assumed; or

(2) Less than the full amount of the debt is assumed, and the balance remaining will be serviced in accordance with § 772.9(c).

§ 772.11 Transfer and assumption—IMP loans.

Transfers and assumptions for IMP loans are processed in accordance with 7 CFR part 765. Any remaining transferor liability will be serviced in accordance with § 772.9(c) of this subpart.

(c) *Criteria.* Borrowers must graduate from the Minor Programs as follows:

(1) Borrowers with IMP loans that are classified as “commercial” or “standard” must apply for private financing within 30 days from the date the borrower is notified of lender interest, if an application is required by the lender. For good cause, the Agency may grant the borrower a reasonable amount of additional time to apply for refinancing.

(2) Borrowers with AMP loans will be considered for graduation at least every two years or more frequently if the Agency determines that the borrower's financial condition has significantly improved.

§ 772.13 Delinquent account servicing.

(a) *AMP loans.* If the borrower does not make arrangements to cure the default after notice by the Agency and is not eligible for reamortization in accordance with § 772.14, the Agency will liquidate the account in accordance with § 772.16. Delinquent AMP loans will be serviced in accordance with part 761, subpart F of this chapter and part 3 of this title.

§ 772.14 Reamortization of AMP loans.

The Agency may approve reamortization of AMP loans provided:

(a) There is no extension of the final maturity date of the loan;

(b) No intervening lien exists on the security for the loan which would jeopardize the Government's security position;

(c) If the account is delinquent, it cannot be brought current within one year and the borrower has presented a cash flow budget which demonstrates the ability to meet the proposed new payment schedule; and

(d) If the account is current, the borrower will be unable to meet the annual loan payments due to circumstances beyond the borrower's control.

§ 772.15 Protective advances.

(a) The Agency may approve, without regard to any loan or total indebtedness limitation, vouchers to pay costs, including insurance and real estate taxes, to preserve and protect the security, the lien, or the priority of the lien securing the debt owed to the Agency if the debt instrument provides that the Agency may voucher the account to protect its lien or security.

(b) The Agency may pay protective advances only when it determines it to be in the Government's best financial interest.

(c) Protective advances are immediately due and payable.

§ 772.16 Liquidation.

When the Agency determines that continued servicing will not accomplish the objectives of the loan and the delinquency or financial distress cannot be cured by the options in § 772.13, or the loan is in non-monetary default, the borrower will be encouraged to dispose of the Agency security voluntarily through sale or transfer and assumption in accordance with this part. If such a transfer or voluntary sale is not carried out, the loan will be liquidated according to 7 CFR part 766. For AMP loans, appeal rights under 7 CFR part

11 are provided in the notice of acceleration. For IMP loans, appeal rights must be exhausted before acceleration, and the notice of acceleration is not appealable.

[72 FR 64121, Nov. 15, 2007]

§ 772.18 Exception authority.

Exceptions to any requirement in this subpart can be approved in individual cases by the Administrator if application of any requirement or failure to take action would adversely affect the Government's financial interest. Any exception must be consistent with the authorizing statute and other applicable laws.

This part contains the terms and conditions for loans made under the Special Apple Loan Program. These

§ 773.2

regulations are applicable to applicants, borrowers, and other parties involved in making, servicing, and liquidating these loans. The program objective is to assist producers of apples suffering from economic loss as a result of low apple prices.

§ 773.2 Definitions.

As used in this part, the following definitions apply:

Agency is the Farm Service Agency, its employees, and any successor agency.

Apple producer is a farmer in the United States or its territories that produced apples, on not less than 10 acres, for sale in 1999 or 2000.

Applicant is the individual or business entity applying for the loan.

Business entity is a corporation, partnership, joint operation, trust, limited liability company, or cooperative.

Cash flow budget is a projection listing all anticipated cash inflows (including all farm income, nonfarm income and all loan advances) and all cash outflows (including all farm and nonfarm debt service and other expenses) to be incurred by the borrower during the period of the budget. A cash flow budget may be completed either for a 12 month period, a typical production cycle or the life of the loan, as appropriate.

Domestically owned enterprise is an entity organized in the United States under the law of the state or states in which the entity operates and a majority of the entity is owned by members meeting the citizenship test.

False information is information provided by an applicant, borrower, or other source to the Agency which information is known by the provider to be incorrect, and was given to the Agency in order to obtain benefits for which the applicant or borrower would not otherwise have been eligible.

Feasible plan is a plan that demonstrates that the loan will be repaid as agreed, as determined by the Agency.

Security is real or personal property pledged as collateral to assure repayment of a loan in the event there is a default on the loan.

USPAP is Uniform Standards of Professional Appraisal Practice.

§ 773.19 Interest rate, terms, security requirements, and repayment.

(a) *Interest rate.* The interest rate will be fixed for the term of the loan. The rate will be established by the Agency and available in each Agency Office, based upon the cost of Government borrowing for loans of similar maturities.

(b) *Terms.* The loan term will be for up to 3 years, based upon the useful life of the security offered.

(c) *Security requirements.* The Agency will take a lien on the following security, if available, as necessary to adequately secure the loan:

§ 780.1

7 CFR Ch. VII (1-1-24 Edition)

§ 780.1 General.

This part sets forth rules applicable to appealability reviews, reconsiderations, appeals and alternative dispute resolution procedures comprising in aggregate the informal appeals process of FSA. FSA will apply these rules to facilitate and expedite participants' submissions and FSA reviews of documentary and other evidence material to resolution of disputes arising under agency program regulations.

§ 780.2 Definitions.

For purposes of this part:

1994 Act means the Federal Crop Insurance Reform and Department of Agriculture Reorganization Act of 1994 (Pub. L. 103-354).

Adverse decision means a program decision by an employee, officer, or committee of FSA that is adverse to the participant. The term includes any denial of program participation, benefits, written agreements, eligibility, etc., that results in a participant receiving less funds than the participant believes should have been paid or not receiving a program benefit to which the participant believes the participant was entitled.

Agency means FSA and its county and State committees and their personnel, CCC, NRCS, and any other agency or office of the Department which the Secretary may designate, or any successor agency.

Agency record means all documents and materials maintained by FSA that are related to the adverse decision under review that are compiled and reviewed by the decision-maker or that are compiled in the record provided to the next level reviewing authority.

Appeal means a written request by a participant asking the next level reviewing authority within FSA to review a decision. However, depending on the context, the term may also refer to a request for review by NAD.

Appealability review means review of a decision-maker's determination that a decision is not appealable under this part. That decision is, however, subject to review according to § 780.5 or 7 CFR part 11 to determine whether the decision involves a factual dispute that is appealable or is, instead, an attempt to challenge generally applicable program

policies, provisions, regulations, or statutes that were not appealable.

Appellant means any participant who appeals or requests reconsideration or mediation of an adverse decision in accordance with this part or 7 CFR part 11.

Authorized representative means a person who has obtained a Privacy Act waiver and is authorized in writing by a participant to act for the participant in a reconsideration, mediation, or appeal.

CCC means the Commodity Credit Corporation, a wholly owned Government corporation within USDA.

Certified State means, in connection with mediation, a State with a mediation program, approved by the Secretary, that meets the requirements of 7 CFR part 785.

Confidential mediation means a mediation process in which neither the mediator nor parties participating in mediation will disclose to any person oral or written communications provided to the mediator in confidence, except as allowed by 5 U.S.C. 574 or 7 CFR part 785.

County committee means an FSA county or area committee established in accordance with section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)).

Determination of NRCS means a decision by NRCS made pursuant to Title XII of the Food Security Act of 1985 (16 U.S.C. 3801 *et seq.*), as amended.

FSA means the Farm Service Agency, an agency within USDA.

Final decision means a program decision rendered by an employee or officer of FSA pursuant to delegated authority, or by the county or State committee upon written request of a participant. A decision that is otherwise final shall remain final unless the decision is timely appealed to the State committee or NAD. A decision of FSA made by personnel subordinate to the county committee is considered "final" for the purpose of appeal to NAD only after that decision has been appealed to the county committee under the provisions of this part.

Hearing means an informal proceeding on an appeal to afford a participant opportunity to present testimony, documentary evidence, or both

to show why an adverse decision is in error and why the adverse decision should be reversed or modified.

Implement means the taking of action by FSA, NRCS, or CCC that is necessary to effectuate fully and promptly a final decision.

Mediation means a technique for resolution of disputes in which a mediator assists disputing parties in voluntarily reaching mutually agreeable settlement of issues within the laws, regulations, and the agency's generally applicable program policies and procedures, but in which the mediator has no authoritative decision making power.

Mediator means a neutral individual who functions specifically to aid the parties in a dispute during a mediation process.

NAD means the USDA National Appeals Division established pursuant to the 1994 Act.

NAD rules means the NAD rules of procedure published at 7 CFR part 11, implementing title II, subtitle H of the 1994 Act.

Non-certified State means a State that is not approved to participate in the certified mediation program under 7 CFR part 785, or any successor regulation.

NRCS means the Natural Resources Conservation Service of USDA.

Participant means any individual or entity who has applied for, or whose right to participate in or receive, a payment, loan, loan guarantee, or other benefit in accordance with any program of FSA to which the regulations in this part apply is affected by a decision of FSA. The term includes anyone meeting this definition regardless of whether, in the particular proceeding, the participant is an appellant or a third party respondent. The term does not include individuals or entities whose claim(s) arise under the programs excluded in the definition of "participant" published at 7 CFR 11.1.

Qualified mediator means a mediator who meets the training requirements established by State law in the State in which mediation services will be provided or, where a State has no law prescribing mediator qualifications, an individual who has attended a minimum of 40 hours of core mediator knowledge and skills training and, to

remain in a qualified mediator status, completes a minimum of 20 hours of additional training or education during each 2-year period. Such training or education must be approved by USDA, by an accredited college or university, or by one of the following organizations: State Bar of a qualifying State, a State mediation association, a State approved mediation program, or a society of dispute resolution professionals.

Reconsideration means a subsequent consideration of a program decision by the same level of decision-maker or reviewing authority.

Reviewing authority means a person or committee assigned the responsibility of making a decision on reconsideration or an appeal filed by a participant in accordance with this part.

State committee means an FSA State committee established in accordance with Section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) including, where appropriate, the Director of the Caribbean Area FSA office for Puerto Rico and the Virgin Islands.

State Conservationist means the NRCS official in charge of NRCS operations within a State, as set forth in part 600 of this title.

State Executive Director means the executive director of an FSA State office with administrative responsibility for a FSA State office as established under the Reorganization Act.

USDA means the U.S. Department of Agriculture.

Verbatim transcript means an official, written record of proceedings in an appeal hearing or reconsideration of an adverse decision appealable under this part.

§ 780.3 Reservations of authority.

(a) Representatives of FSA and CCC may correct all errors in data entered on program contracts, loan agreements, and other program documents and the results of the computations or calculations made pursuant to the contract or agreement. FSA and CCC will furnish appropriate notice of such corrections when corrections are deemed necessary.

(b) Nothing contained in this part shall preclude the Secretary, or the Administrator of FSA, Executive Vice

§ 780.4

President of CCC, the Chief of NRCS, if applicable, or a designee, from determining at any time any question arising under the programs within their respective authority or from reversing or modifying any decision made by a subordinate employee of FSA or its county and State committees, or CCC.

(vi) Other programs to which this part is made applicable by specific program regulations or notices in the FEDERAL REGISTER.

(2) The procedures contained in this part may not be used to seek review of statutes or regulations issued under Federal law or review of FSA's generally applicable interpretations of such laws and regulations.

(3) For covered programs, this part is applicable to any decision made by an employee of FSA or of its State and county committees, CCC, the personnel of FSA, or CCC, and by the officials of NRCS to the extent otherwise provided in this part, and as otherwise may be provided in individual program requirements or by the Secretary.

7 CFR Ch. VII (1-1-24 Edition)

(b) With respect to matters identified in paragraph (a) of this section, participants may request appealability review, reconsideration, mediation, or appeal under the provisions of this part, of decisions made with respect to:

(1) Denial of participation in a program;

(2) Compliance with program requirements;

(3) Issuance of payments or other program benefits to a participant in a program; and

(4) Determinations under Title XII of the Food Security Act of 1985, as amended, made by NRCS.

§ 780.5 Decisions that are not appealable.

(a) Decisions that are not appealable under this part shall include the following:

(2) Mathematical formulas established under a statute or program regulation and decisions based solely on the application of those formulas;

(3) Decisions made pursuant to statutory provisions that expressly make agency decisions final or their implementing regulations;

(7) Disapprovals or denials because of a lack of funding.

(8) Decisions made by the Administrator or a Deputy Administrator.

Farm Service Agency, USDA

§ 780.8

(c) Decisions that FSA renders under this part may be reviewed by NAD under part 11 of this title to the extent otherwise allowed by NAD under its rules and procedures. An appealability determination of the State Executive Director in an administrative review is considered by FSA to be a new decision.

§ 780.6 Appeal procedures available when a decision is appealable.

(a) For covered programs administered by FSA for CCC, the following procedures are available:

- (1) Appeal to the county committee of decisions of county committee subordinates;
- (2) Reconsideration by the county committee;
- (3) Appeal to the State committee;

(b) For decisions in agricultural credit programs administered by FSA, the following procedures are available:

- (1) Reconsideration under § 780.7;
- (2) Mediation under § 780.9;
- (3) Appeal to NAD.

(c) For programs and regulatory requirements under Title XII of the Food Security Act of 1985, as amended, to the extent not covered by paragraph (a) of this section, the following procedures are available:

§ 780.7 Reconsideration.

(a) A request for reconsideration must be submitted in writing by a participant or by a participant's authorized representative and addressed to the FSA decision maker as will be instructed in the adverse decision notification.

(b) A participant's right to request reconsideration is waived if, before requesting reconsideration, a participant:

- (1) Has requested and begun mediation of the adverse decision;

(2) Has appealed the adverse decision to a higher reviewing authority in FSA; or

(3) Has appealed to NAD.

(c) Provided a participant has not waived the right to request reconsideration, FSA will consider a request for reconsideration of an adverse decision under these rules except when a request concerns a determination of NRCS appealable under the procedures in § 780.11, the decision has been mediated, the decision has previously been reconsidered, or the decision-maker is the Administrator, Deputy Administrator, or other FSA official outside FSA's informal appeals process.

(d) A request for reconsideration will be deemed withdrawn if a participant requests mediation or appeals to a higher reviewing authority within FSA or requests an appeal by NAD before a request for reconsideration has been acted upon.

(e) The Federal Rules of Evidence do not apply to reconsiderations. Proceedings may be confined to presentations of evidence to material facts, and evidence or questions that are irrelevant, unduly repetitious, or otherwise inappropriate may be excluded.

(b) The Federal Rules of Evidence do not apply to appeals to a county committee. However, a county committee may confine presentations of evidence to material facts and may exclude evidence or questions that are irrelevant, unduly repetitious, or otherwise inappropriate.

§ 780.9

7 CFR Ch. VII (1–1–24 Edition)

(c) The official county committee decision on an appeal will be the decision letter that is issued following disposition of the appeal.

(d) Deliberations shall be in confidence except to the extent that a county committee may request the assistance of county committee or FSA employees during deliberations.

§ 780.9 Mediation.

(a) Any request for mediation must be submitted after issuance of an adverse decision but before any hearing in an appeal of the adverse decision to NAD.

(b) An adverse decision and any particular issues of fact material to an adverse decision may be mediated only once:

(1) If resolution of an adverse decision is not achieved in mediation, a participant may exercise any remaining appeal rights under this part or appeal to NAD in accordance with part 11 of this title and NAD procedures.

(2) If an adverse decision is modified as a result of mediation, a participant may exercise any remaining appeal rights as to the modified decision under this part or appeal to NAD, unless such appeal rights have been waived pursuant to agreement in the mediation.

(c) Any agreement reached during, or as a result of, the mediation process shall conform to the statutory and regulatory provisions governing the program and FSA's generally applicable interpretation of those statutes and regulatory provisions.

(d) FSA will participate in mediation in good faith and to do so will take steps that include the following:

(1) Designating a representative in the mediation;

(2) Instructing the representative that any agreement reached during, or as a result of, the mediation process must conform to the statutes, regulations, and FSA's generally applicable interpretations of statutes and regulations governing the program;

(3) Assisting as necessary in making pertinent records available for review and discussion during the mediation; and

(4) Directing the representative to forward any written agreement pro-

posed in mediation to the appropriate FSA official for approval.

(e) Mediations will be treated in a confidential manner consistent with the purposes of the mediation.

(f) For requests for mediation in a Certified State, if the factual issues implicated in an adverse decision have not previously been mediated, notice to a participant of an adverse decision will include notice of the opportunity for mediation, including a mailing address and facsimile number, if available, that the participant may use to submit a written request for mediation.

(1) If the participant desires mediation, the participant must request mediation in writing by contacting the certified mediation program or such other contact as may be designated by FSA in an adverse decision letter. The request for mediation must include a copy of the adverse decision to be mediated.

(2) Participants in mediation may be required to pay fees established by the mediation program.

(3) A listing of certified State mediation programs and means for contact may be found on the FSA Web site at <http://www.usda.gov/fsa/disputemediation.htm>.

(g) For requests for mediation in a Non-certified State, if the factual issues implicated in an adverse decision have not previously been mediated, notice to a participant of an adverse decision will, as appropriate, include notice of the opportunity for mediation, including the mailing address of the State Executive Director and a facsimile number, if available, that the participant may use to submit a written request for mediation.

(1) It is the duty of the participant to contact the State Executive Director in writing to request mediation. The request for mediation must include a copy of the adverse decision to be mediated.

(2) If resources are available for mediation, the State Executive Director will select a qualified mediator and provide written notice to the participant that mediation is available and the fees that the participant will incur for mediation.

Farm Service Agency, USDA

(3) If the participant accepts such mediation, FSA may give notice of the mediation to interested parties and third parties whose interests are known to FSA.

(h) Mediation will be considered to be at an end on that date set out in writing by the mediator or mediation program, as applicable, or when the participant receives written notice from the State Executive Director that the State Executive Director believes the mediation is at an impasse, whichever is earlier.

(i) To provide for mediator impartiality:

(1) No person shall be designated as mediator in an adverse program dispute who has previously served as an advocate or representative for any party in the mediation.

(2) As a condition of retention to mediate in an adverse program dispute under this part, the mediator shall agree not to serve thereafter as an advocate or representative for a participant or party in any other proceeding arising from or related to the mediated dispute, including, without limitation, representation of a mediation participant before an administrative appeals entity of USDA, or any other Federal Government department.

[70 FR 43266, July 27, 2005, as amended at 71 FR 30573, May 30, 2006]

§ 780.10 State committee appeals.

(a) A request for appeal to the State committee from a decision of a county committee must be submitted by a participant or by a participant's authorized representative in writing and addressed to the State Executive Director.

(b) A participant's right to appeal a decision to a State committee is waived if a participant has appealed the adverse decision to NAD before requesting an appeal to the State Committee.

(c) If a participant requests mediation or requests an appeal to NAD before a request for an appeal to the State Committee has been acted upon, the appeal to the State Committee will be deemed withdrawn. The deemed withdrawal of a participant's appeal to the State Committee will not preclude a subsequent request for a State Com-

mittee hearing on appealable matters not resolved in mediation.

(d) The Federal Rules of Evidence do not apply in appeals to a State committee. Notwithstanding, a State committee may confine presentations of evidence to material facts and exclude evidence or questions as irrelevant, unduly repetitious, or otherwise inappropriate.

(b) If the county committee hears the appeal and believes that the challenge to the NRCS determination is not frivolous, the county committee shall refer the case with its findings on other issues to the NRCS State Conservationist to review the determination, or may make such a referral in advance of resolving other issues.

(c) A decision of the county committee not to refer the case with its findings to the NRCS State Conservationist may be appealed to the State Committee.

(d) The county or State committee decision must incorporate, and be based upon, the results of the NRCS State Conservationist's review and subsequent determination.

(b) Decisions in appeals under this section are not subject to reconsideration and are administratively final.

§ 780.13 Verbatim transcripts.

(a) Appellants and their representatives are precluded from making any electronic recording of any portion of a hearing or other proceeding conducted in accordance with this part. Appellants interested in obtaining an official recording of a hearing or other proceeding may request a verbatim transcript in accordance with paragraph (b) of this section.

(b) Any party to an appeal or request for reconsideration under this part may request that a verbatim transcript be made of the hearing proceedings and that such transcript be made the official record of the hearing. The party requesting a verbatim transcript shall pay for the transcription service, provide a copy of the transcript to FSA free of charge, and allow any other party in the proceeding desiring to purchase a copy of the transcript to order it from the transcription service.

§ 780.14 [Reserved]

(a) To the extent practicable, no later than 10 business days after an agency decision maker renders an adverse decision that affects a participant, FSA will provide the participant written notice of the adverse decision and available appeal rights.

(b) A participant requesting an appealability review by the State Executive Director of an agency decision made at the county, area, district or State level that is otherwise determined by FSA not to be appealable must submit a written request for an appealability review to the State Executive Director that is received no later than 30 calendar days from the date a participant receives written notice of the decision.

(c) A participant requesting reconsideration, mediation or appeal must submit a written request as instructed in the notice of decision that is received no later than 30 calendar days from the

7 CFR Ch. VII (1-1-24 Edition)

date a participant receives written notice of the decision. A participant that receives a determination made under part 1400 of this title will be deemed to have consented to an extension of the time limitation for a final determination as provided in part 1400 of this title if the participant requests mediation.

(d) Notwithstanding the time limits in paragraphs (b) and (c) of this section, a request for an appealability review, reconsideration, or appeal may be accepted if, in the judgment of the reviewing authority with whom such request is filed, exceptional circumstances warrant such action. A participant does not have the right to seek an exception under this paragraph. FSA's refusal to accept an untimely request is not appealable.

(e) Decisions appealable under this part are final unless review options available under this part or part 11 are timely exercised.

(1) Whenever the final date for any requirement of this part falls on a Saturday, Sunday, Federal holiday, or other day on which the pertinent FSA office is not open for the transaction of business during normal working hours, the time for submission of a request will be extended to the close of business on the next working day.

(2) The date when an adverse decision or other notice pursuant to these rules is deemed received is the earlier of physical delivery by hand, by facsimile with electronic confirmation of receipt, actual stamped record of receipt on a transmitted document, or 7 calendar days following deposit for delivery by regular mail.

The price or current estimated value reported by the foreign person, as verified and/or adjusted by the County Agricultural Stabilization and Conservation Committee for the County where the land is located, will be considered to be the fair market value.

§781.5 Penalty review procedure.

(a) Whenever it appears that a foreign person has violated the reporting obligation as described in paragraph (a) of §781.4, a written notice of apparent liability will be sent to the foreign person's last known address by the Farm Service Agency. This notice will set forth the facts which indicate apparent liability, identify the type of violation listed in paragraph (a) of §781.4 which is involved, state the amount of the penalty to be imposed, include a statement of fair market value of the foreign person's interest in the subject land, and summarize the courses of action available to the foreign person.

(b) The foreign person involved shall respond to a notice of apparent liability within 60 days after the notice is mailed. If a foreign person fails to respond to the notice of apparent liability, the proposed penalty shall become final. Any of the following actions by the foreign person shall constitute a response meeting the requirements of this paragraph.

(1) Payment of the proposed penalty in the amount specified in the notice of apparent liability and filing of a report, if required, in compliance with §781.3. The amount shall be paid by check or money order drawn to the Treasurer of the United States and shall be mailed to the U.S. Department of Agriculture, P.O. Box 2415, Washington, DC 20013. The Department is not responsible for the loss of currency sent through the mails.

(2) Submission of a written statement denying liability for the penalty in whole or in part. Allegations made in any such statement must be supported by detailed factual data. (3) A request for a hearing on the proposed penalty may be filed in accordance with part 780 of this title.

(c) After a final decision is issued pursuant to an appeal under part 780 of this title, the Administrator or Administrator's designee shall mail the foreign person a notice of the determination on appeal, stating whether a report must be filed or amended in compliance with §781.3, the amount of the penalty (if any), and the date by which it must be paid. The foreign person shall file or amend the report as required by the Administrator. The penalty in the amount stated shall be paid by check or money order drawn to the Treasurer of the United States and shall be mailed to the United States Department of Agriculture, P.O. Box 2415, Washington, DC 20013. The Department is not responsible for the loss of currency sent through the mails.

(d) If the foreign person contests the notice of apparent liability by submitting a written statement or a request for a hearing thereon, the foreign person may elect either to pay the penalty or decline to pay the penalty pending resolution of the matter by the Administrator. If the Administrator determines that the foreign person is not liable for the penalty or is liable for less than the amount paid, the payment will be wholly or proportionally refunded. If the Administrator ultimately determines that the foreign person is liable, the penalty finally imposed shall not exceed the amount imposed in the notice of apparent liability.

(e) If a foreign person fails to respond to the notice of apparent liability as required by paragraph (b) of this section, or fails to pay the penalty imposed by the Administrator under paragraph (d) of this section, the case will, without further notice, be referred by the Department to the Department of

Farm Service Agency, USDA

§ 782.10 Identification of commodities subject to end-use certificate regulations.

(a) The regulations in this part are applicable to wheat and barley, respectively, imported into the U.S. from any foreign country, as defined in 19 CFR 134.1, or instrumentality of such foreign country that, as of April 8, 1994, required end-use certificates for imports of U.S.-produced wheat or barley.

(b) Because Canada is the only country with such requirements on wheat, and no country has an end-use certificate requirement for barley, only wheat originating in Canada is affected by the regulations in this part.

§ 782.11 Extent to which commodities are subject to end-use certificate regulations.

(a) In the event that Canada eliminates the requirement for end-use certificates on imports from the U.S., the provisions of the regulations in this part shall be suspended 30 calendar days following the date Canada eliminates its end-use certificate requirement, as determined by the Secretary.

(b) The provisions of the regulations in this part may be suspended if the Secretary, after consulting with domestic producers, determines that the program has directly resulted in the:

(1) Reduction of income to U.S. producers of agricultural commodities, or

(2) Reduction of the competitiveness of U.S. agricultural commodities in world export markets.

§ 782.12 Filing FSA-750, End-Use Certificate for Wheat.

- (1) Are approved in advance by KCCO,
 - (2) Contain a KCCO-assigned serial number, and

(ii) One copy shall be retained by the importer.

(2) If form FSA-750 is submitted to KCCO in accordance with paragraphs (c)(2) or (c)(3), the original form FSA-750 that is signed and dated by the importer in accordance with paragraph (d) shall be maintained by the importer,

(3) The importer shall provide a photocopy to the end user or, if the wheat is purchased for purposes of resale, the subsequent buyer(s).

All information provided is subject to verification and spot checks by FSA. Refusal to allow FSA or any other agency of the Department of Agriculture to verify any information provided will result in a determination of ineligibility. § 784.5 Payment eligibility.

(a) Payments can be made, as agreed to by FSA and subject to the availability of funds, for eligible ewe lambs considered by FSA, as determined by FSA only, to have been acquired or held during the base period by eligible sheep and lamb operations for breeding purposes. Payments may be made for eligible ewe lambs held continuously by the operation, through the end of the compliance period, from the time of the first possession of the ewe lamb in the base period. The payment rate cannot exceed the rate provided for in § 784.6 and may be prorated pursuant to § 784.7. For purposes of this section, the "base period" is the period from August 1, 2003, through July 31, 2004. A

(2) Upon request by an AMS agent or FSA representative, allow the AMS agent or FSA Representative to verify that the ewe lambs meet qualifying characteristics. Spot checks will be conducted by FSA within 30 days of the end of the sign-up period. Any animal showing evidence of parrot mouth, foot rot, or scrapie in such spot checks will be considered to have had those conditions at the time of certification. Other spot checks may be conducted as needed.

(3) Maintain documentation of any death loss of qualifying ewe lambs.

(4) Agree to refund any payments made with respect to any ewe lamb or offspring that has died before completing the full program requirements where said deaths for the operation exceed 10 percent.

(f) Proof that each lamb was held during and through the end of the base period as required by paragraph (a) of this section, as must be determined individually for each lamb, shall be provided in such manner, and with such access to the operation and the documents and information related to the operation, as FSA may request.

§ 784.6 Rate of payment and limitations on funding.

§ 784.7 Availability of funds.

Total payments under this part, unless otherwise determined by the FSA, cannot exceed \$18 million. In the event that approval of all eligible applications would result in expenditures in excess of the amount available, FSA shall prorate the available funds by a national factor to reduce the expected payments to be made to the amount available. The payment shall be made based on the national factored rate as determined by FSA. FSA shall prorate the payments in such manner as it, in its sole discretion, finds appropriate and reasonable.

§ 784.8 Appeals.

The appeal regulations set forth at parts 11 and 780 of this title apply to determinations made pursuant to this part.

§ 784.9 Misrepresentation and scheme or device.

Such records and accounts must be retained for 3 years after the date of payment to the sheep and lamb operations under this program. Destruction of the records after such date shall be at the risk of the party undertaking the destruction.

§ 784.13 Refunds; joint and several liability.

(b) All persons signing a sheep and lamb operation's application for payment as having an interest in the operation shall be jointly and severally liable for any refund, including related charges, that is determined to be due for any reason under the terms and conditions of the application or this part with respect to such operation.

(c) Interest shall be charged on refunds required of any person under this part if FSA determines that payments or other assistance was provided to a person who was not eligible for such assistance. Such interest shall be charged at the rate of interest that the United States Treasury charges the Commodity Credit Corporation for funds, from the date FSA made such benefits available to the date of repayment or the date interest increases as determined in accordance with applicable regulations. FSA may waive the ac-

7 CFR Ch. VII (1-1-24 Edition)

crual of interest if FSA determines that the cause of the erroneous determination was not due to any action of the person.

(d) Interest determined in accordance with paragraph (c) of this section may be waived at the discretion of FSA alone for refunds resulting from those violations determined by FSA to have been beyond the control of the person committing the violation.

(e) Late payment interest shall be assessed on all refunds in accordance with the provisions of, and subject to the rates prescribed in 7 CFR part 792.

A requirement that non-USDA parties who elect to participate in mediation pay a fee for mediation services

§ 785.6 Deadlines and address.

(a) *Deadlines.* (1) To be a qualifying State as of the beginning of a fiscal year and to be eligible for grant funding as of the beginning of the fiscal year, the Governor of a State or head of a State agency designated by the Governor of a State must submit a request for certification and application for grant on or before August 1 of the calendar year in which the fiscal year begins.

(2) *Requests received after August 1.* FSA will accept requests for re-certifications and for new certifications of State mediation programs after August 1 in each calendar year; however, such requests will not be considered for grant funding under § 785.7(c) until after March 1.

(3) *Requests for additional grant funds during a fiscal year.* Any request by a State's Certified Mediation Program, that is eligible for grant funding as of the beginning of the fiscal year, for additional grant funds during that fiscal year for additional, unbudgeted demands for mediation services must be submitted on or before March 1 of the fiscal year.

(b) *Address.* The request for certification or re-certification and any grant request must be mailed or delivered to: Administrator, Farm Service Agency, U.S. Department of Agriculture, Stop 0501, 1400 Independence Avenue, SW., Washington, DC 20250–0501.

§ 785.7 Distribution of Federal grant funds.

(a) *Maximum grant award.* A grant award shall not exceed 70 percent of the budgeted allowable costs of operation and administration of the State's Certified Mediation Program. In no

Farm Service Agency, USDA

§ 785.8

case will the sum granted to a State exceed \$500,000 per fiscal year.

(b) *Funding criteria.* FSA will consider the following in determining the grant award to a qualifying State:

(1) Demand for and use of mediation services (historical and projected);

(2) Scope of mediation services;

(3) Service record of the State's Certified Mediation Program, as evidenced by:

(i) Number of inquiries;

(ii) Number of requests for and use of mediation services, historical and projected, as applicable;

(iii) Number of mediations resulting in signed mediation agreements;

(iv) Timeliness of mediation services; and

(v) Activities promoting awareness and use of mediation;

(4) Historic use of program funds (budgeted versus actual); and

(5) Material changes in the State program.

(c) *Disbursements of grant funds.* (1) Grant funds will be paid in advance, in installments throughout the Federal fiscal year as requested by a State's Certified Mediation Program and approved by FSA. The initial payment to a Certified Mediation Program in a qualifying State eligible for grant funding as of the beginning of a fiscal year will represent at least one-fourth of the State's annual grant award. The initial payment will be made as soon as practicable after certification, or re-certification, after grant funds are appropriated and available.

(2) Payment of grant funds will be by electronic funds transfer to the designated account of each State's Certified Mediation Program, as approved by FSA.

(d) *Administrative reserve fund.* After funds are appropriated, FSA will set aside 5 percent of the annual appropriation for use as an administrative reserve.

(1) Subject to paragraph (a) of this section and the availability of funds, the Administrator will allocate and disburse sums from the administrative reserve in the following priority order:

(i) Disbursements to cover additional, unbudgeted demands for mediation services in qualifying States eli-

gible for grant funding as of the beginning of the fiscal year;

(ii) Grants to qualifying States whose requests for new certification or re-certification were received between August 2 and March 1. A previously qualifying State that submits a request for re-certification received after August 1 may receive a grant award effective as of the beginning of the fiscal year. A newly qualifying State that submits a request for certification received after August 1 may receive a grant award effective March 31 of the fiscal year.

(iii) Any balance remaining in the administrative reserve will be allocated pro rata to Certified Mediation Program based on their initial fiscal year grant awards.

(2) All funds from the administrative reserve will be made available on or before March 31 of the fiscal year.

(e) *Period of availability of funds.* (1) States receiving Certified Mediation Program grant funds are encouraged to obligate award funds within the Federal fiscal year of the award. A State may, however, carry forward any funds disbursed to its Certified Mediation Program that remain unobligated at the end of the fiscal year of award for use in the next fiscal year for costs resulting from obligations in the subsequent funding period. Any carryover balances plus any additional obligated fiscal year grant will not exceed the lesser of 70 percent of the State's budgeted allowable costs of operation and administration of the State's Certified Mediation Program for the subsequent fiscal year, or \$500,000.

(2) Grant funds not spent in accordance with this part will be subject to de-obligation and must be returned to the USDA.

(a) *Annual report by the State on its Certified Mediation Program.* No later than 30 days following the end of a fiscal year during which a qualifying State received a grant award under this part, the State must submit to the Administrator an annual report on its Certified Mediation Program. The annual report must include the following:

(ii) A quantitative summary for the preceding fiscal year, and for prior fiscal years, as appropriate, for comparisons of program activities and outcomes of the cases opened and closed during the reporting period; mediation services provided to clients grouped by program and subdivided by issue, USDA agency, types of covered persons and other participants; and the resolution rate for each category of issue reported for cases closed during the year;

(2) An assessment of the performance and effectiveness of State's Certified Mediation Program considering:

(i) Estimated average costs of mediation services per client with estimates furnished in terms of the allowable costs set forth in § 785.4(b)(1).

(ii) Estimated savings to the State as a result of having the State mediation program certified including:

(A) Projected costs of avoided USDA administrative appeals based on projections of the average costs of such appeals furnished to the State by FSA, with the assistance of the USDA National Appeals Division and other agencies as appropriate;

(B) In agricultural credit mediations that do not result from a USDA adverse program decision, projected cost savings to the various parties as a result of resolution of their dispute in mediation. Projected cost savings will be based on such reliable statistical data as may be obtained from State statistical sources including the State's bar association, State Department of Agriculture, State court system or Better Business Bureau, or other reliable State or Federal sources;

(iii) Recommendations for improving the delivery of mediation services to covered persons, including:

(A) Increasing responsiveness to needs for mediation services.

(B) Promoting increases in dispute resolution rates.

The regulations in 2 CFR 200.334 through 200.338 provide general record retention and access requirements for records pertaining to grants. In addition, the State must maintain and provide the Government access to pertinent records regarding services delivered by the State's Certified Mediation Program for purposes of evaluation, audit and monitoring of the State Certified Mediation Program as follows:

(a) For purposes of this section, pertinent records consist of: the names and addresses of applicants for mediation services; dates mediations opened and closed; issues mediated; dates of sessions with mediators; names of mediators; mediation services furnished to participants by the program; the sums charged to parties for each mediation service; records of delivery of services to prepare parties for mediation (including financial advisory and counseling services); and the outcome of the mediation services including formal settlement results and supporting documentation.

(b) State mediators will notify all participants in writing at the beginning of the mediation session that the USDA, including the USDA Inspector General, the Comptroller General of the United States, the Administrator, and any of their representatives will

have access to pertinent records as necessary to monitor and to conduct audits, investigations, or evaluations of mediation services funded in whole or in part by the USDA.

(c) All participants in a mediation must sign and date an acknowledgment of receipt of such notice from the mediator. The State's Certified Mediation Program must maintain originals of such acknowledgments in its mediation files for at least 3 years.

(1) The State's Certified Mediation Program, at any time, does not meet the requirements in this part for certification;

(2) The State's Certified Mediation Program is not being operated in a manner consistent with the features of the program as certified by FSA, with the regulations in this part, or the grant agreement;

(3) Costs that are not allowed under § 785.4(b) are being paid out of grant funds;

(4) The mediation program fails to grant access to mediation records for purposes specified in § 785.8; or

(5) Reports submitted by a State on its Certified Mediation Program as required by § 785.8 are false, contain misrepresentations or material omissions, or are otherwise misleading.

(b) In the event that FSA gives notice to the State of its intent to enforce any withdrawal of certification or other penalty for non-compliance, USDA agencies will cease to participate in any mediation conducted by the State's Certified Mediation Pro-

SOURCE: 73 FR 11522, Mar. 4, 2008, unless otherwise noted.

§ 786.100 Applicability.

(a) Subject to the availability of funds, this part specifies the terms and conditions applicable to the Dairy Disaster Assistance Payment Program (DDAP-III) authorized by section 9007 of Public Law 110-28 (extended by Pub. L. 110-161). Benefits are available to eligible United States producers who have suffered dairy production losses in eligible counties as a result of a natural disaster declared during the period between January 1, 2005, and December 31, 2007, (that is, after January 1, 2005, and before December 31, 2007).

(b) To be eligible for this program, a producer must have been a milk producer anytime during the period of January 2, 2005, through December 30, 2007, in a county declared a natural disaster by the Secretary of Agriculture, declared a major disaster or emergency designated by the President of the United States. For a county for which there was a timely Presidential declaration, but the declaration did not cover the loss, the county may still be eligible if the county is one for which an appropriate determination of a Farm Service Agency (FSA) Administrator's Physical Loss Notice applies. Counties contiguous to a county that is directly eligible by way of a natural disaster declaration are also eligible. Only losses occurring in eligible counties are eligible for payment in this program.

(c) Subject to the availability of funds, FSA will provide benefits to eligible dairy producers. Additional terms and conditions may be specified in the payment application that must be completed and submitted by producers to receive a disaster assistance payment for dairy production losses.

(d) To be eligible for payments, producers must meet the provisions of,

7 CFR Ch. VII (1-1-24 Edition)

and their losses must meet the conditions of, this part and any other conditions imposed by FSA.

§ 786.101 Administration.

(a) DDAP-III will be administered under the general supervision of the Administrator, FSA, or a designee, and be carried out in the field by FSA State and county committees (State and county committees) and FSA employees.

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee will take any action required by the regulations of this part that has not been taken by the county committee. The State committee will also:

(1) Correct, or require the county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this part; and

(2) Require a county committee to withhold taking any action that is not in accordance with the regulations of this part.

(d) No provision of delegation in this part to a State or county committee will preclude the Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator, Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines in cases where lateness or failure to meet such requirements do not adversely affect the operation of the DDAP-III and does not violate statutory limitations of the program.

(f) Data furnished by the applicants is used to determine eligibility for program benefits. Although participation in DDAP-III is voluntary, program benefits will not be provided unless the producer furnishes all requested data.

§ 786.102 Definitions.

§ 786.103

7 CFR Ch. VII (1-1-24 Edition)

§ 786.103 Time and method of application.

(a) Dairy producers may obtain an application, in person, by mail, by telephone, or by facsimile from any FSA county office. In addition, applicants may download a copy of the application at <http://www.sc.egov.usda.gov>.

(b) A request for benefits under this part must be submitted on a completed DDAP-III application. Applications and any other supporting documentation must be submitted to the FSA county office serving the county where the dairy operation is located, but, in any case, must be received by the FSA county office by the close of business on the date established by the Deputy Administrator. Applications not received by the close of business on such date will be disapproved as not having been timely filed and the dairy producer will not be eligible for benefits under this program.

(c) All persons who share in the milk production of the dairy operation and risk of the dairy operation's total production must certify to the information on the application before the application will be considered complete.

(d) Each dairy producer requesting benefits under this part must certify to the accuracy and truthfulness of the information provided in their application and any supporting documentation. Any information entered on the application will be considered information from the applicant regardless of who entered the information on the application. All information provided is subject to verification by FSA. Refusal to allow FSA or any other agency of the Department of Agriculture to verify any information provided may result in a denial of eligibility. Furnishing the information is voluntary; however, without it program benefits will not be approved. Providing a false certification to the Government may be punishable by imprisonment, fines, and other penalties or sanctions.

§ 786.104 Eligibility.

(a) Producers in the United States will be eligible to receive dairy disaster benefits under this part only if they have suffered dairy production losses, previously uncompensated by disaster payments including any previous dairy

disaster payment program, during the claim period applicable to a natural disaster declaration in a disaster county. To be eligible to receive payments under this part, producers in a dairy operation must:

(1) Have produced and commercially marketed milk in the United States and commercially marketed the milk produced anytime during the period of January 2, 2005 through December 30, 2007;

(2) Be a producer on a dairy farm operation physically located in an eligible county where dairy production losses were incurred as a result of a disaster for which an applicable natural disaster declaration was issued between January 1, 2005 and December 31, 2007, and limit their claims to losses that occurred in those counties, specific to conditions resulting from the declared disaster as described in the natural disaster declaration;

(3) Provide adequate proof, to the satisfaction of the FSA county committee, of the average number of cows in the dairy herd and annual milk production commercially marketed by all persons in the eligible dairy operation during the years of the base period (2003 and 2004 calendar years) and applicable disaster year that corresponds with the issuance date of the applicable natural disaster declaration, or other period as determined by FSA, to determine the total pounds of eligible losses that will be used for payment; and

(4) Apply for payments during the application period established by the Deputy Administrator.

(b) Payments may be made for losses suffered by an otherwise eligible producer who is now deceased or is a dissolved entity if a representative who currently has authority to enter into a contract for the producer or the producer's estate signs the application for payment. Proof of authority to sign for the deceased producer's estate or a dissolved entity must be provided. If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly-authorized representatives must sign the application for payment.

(c) Producers associated with a dairy operation must submit a timely application and satisfy the terms and conditions of this part, instructions issued by FSA, and instructions contained in the application to be eligible for benefits under this part.

(d) As a condition to receive benefits under this part, a producer must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of 7 CFR part 12 for the calendar year applicable to the natural disaster declaration and loss claim period, and must not otherwise be barred from receiving benefits under 7 CFR part 12 or any other law or regulation.

(e) Payments are limited to losses in eligible counties, in eligible disaster years.

(f) All payments under this part are subject to the availability of funds.

(g) Eligible losses are determined from the applicable base annual production, as defined in § 786.102, that corresponds to the natural disaster declaration and must have occurred during that same period as follows:

(1) For disaster declarations for disasters during a calendar year (2005, 2006, or 2007), the disaster claim period is the full calendar year and

(2) For disaster declarations issued during one calendar year that ends in another calendar year, the producer will be eligible for both disaster years.

(h) Deductions in eligibility will be made for any disaster payments previously received for the loss including any made under a previous dairy disaster assistance payment program for 2005.

§ 786.105 Proof of production.

(a) Evidence of production is required to establish the commercial marketing and production history of the dairy operation so that dairy production losses can be computed in accordance with § 786.106.

(b) A dairy producer must, based on the instructions issued by the Deputy Administrator, provide adequate proof of the dairy operation's commercial production, including any dairy herd inventory records available for the operation, for the years of the base period (2003 and 2004 calendar years) and dis-

aster claim period that corresponds with the issuance date of the applicable natural disaster declaration.

(1) A producer must certify and provide such proof as requested that losses for which compensation is claimed were related to the disaster declaration issued and occurred in an eligible county during the eligible claim period.

(2) A producer must certify to the average number of cows in the dairy herd during the base period and applicable disaster claim period when there is insufficient documentation available for verification.

(3) Additional supporting documentation may be requested by FSA as necessary to verify production losses to the satisfaction of FSA.

(c) Adequate proof of production history of the dairy operation under paragraph (b) of this section must be based on milk marketing statements obtained from the dairy operation's milk handler or marketing cooperative. Supporting documents may include, but are not limited to: Tank records, milk handler records, daily milk marketings, copies of any payments received from other sources for production losses, or any other documents available to confirm or adjust the production history losses incurred by the dairy operation. All information provided is subject to verification, spot check, and audit by FSA.

(d) As specified in § 786.106, loss calculations will be based on comparing the expected base annual production consistent with this part and the actual production during the applicable disaster claim year. Such calculations are subject to adjustments as may be appropriate such as a correction for losses not due to the disaster. If adequate proof of normally marketed production and any other production for relevant periods is not presented to the satisfaction of FSA, the request for benefits will be rejected. Special adjustments for new producers may be made as determined necessary by the Administrator.

§ 786.106 Determination of losses incurred.

(a) Eligible payable losses are calculated on a dairy operation by dairy operation basis and are limited to

§ 786.106

7 CFR Ch. VII (1–1–24 Edition)

those occurring during the applicable disaster claim period, as provided by § 786.104(g), that corresponds with the applicable natural disaster declaration. Specifically, dairy production losses incurred by producers under this part are determined on the established history of the dairy operation's average number of cows in the dairy herd and actual commercial production marketed during the base period and applicable disaster claim period that corresponds with the applicable natural disaster declaration, as provided by the dairy operation consistent with § 786.105. Except as otherwise provided in this part, the base annual production, as defined in § 786.102 and established in § 786.104(g) is determined for each applicable disaster year based on the average annual production per cow determined according to the following:

(1) The average of annual marketed production during the base period calendar years of 2003 and 2004, divided by;

(2) The average number of cows in the dairy operation's herd during the base period calendar years of 2003 and 2004.

(b) If relevant information to calculate the average annual production per cow for one or both of the base period calendar years of 2003 and 2004, is not available, an alternative method of determining the average annual production per cow may be established by the FSA Administrator. For example, for new dairies not in operation during 2003 and 2004, information from three similar farms may be obtained by FSA to estimate base annual production.

(c) The average annual production per cow, as determined according to paragraphs (a)(1) and (a)(2) of this section, is multiplied by the average number of cows in the dairy operation's herd during the applicable disaster year (excluding cow losses resulting from the disaster occurrence), to determine base annual production for the dairy operation for each applicable disaster claim period year.

(d) The eligible dairy production losses for a dairy operation for each of the authorized disaster claim period years will be:

(1) The relevant period's base annual production for the dairy operation cal-

culated under paragraph (c) of this section less,

(2) For each such disaster claim period for each dairy operation the actual commercially-marketed production relevant to that period.

(e) Spoiled or dumped milk, disposed of for reasons unrelated to the disaster occurrence, must be counted as production for the relevant disaster claim period. Actual production losses may be adjusted to the extent the reduction in production is not certified by the producer to be the result of the disaster identified in the natural disaster declaration or is determined by FSA not to be related to the natural disaster identified in the natural disaster declaration. FSA county committees will determine production losses that are not caused by the disaster associated with the natural disaster declaration. The calculated production loss determined in § 786.106(d) will be adjusted to account for pounds of production losses determined by the FSA county committee to not have been associated with the declared natural disaster for an eligible disaster county. The FSA county committee may convert cow numbers to actual pounds of production used in the adjustment, by multiplying the average annual production per cow determined from base period information, by the applicable number of cows determined to be ineligible to generate claims for benefits. Other appropriate adjustments will be made on such basis as the Deputy Administrator finds to be consistent with the objectives of the program.

(f) Actual production, as adjusted, that exceeds the base annual production will mean that the dairy operation incurred no eligible production losses for the corresponding claim period as a result of the natural disaster.

(g) Eligible production losses as otherwise determined under paragraphs (a) through (f) of this section for each authorized year of the program are added together to determine total eligible losses incurred by the dairy operation under DDAP-III subject to all other eligibility requirements as may be included in this part or elsewhere, including the deduction for previous payments including those made under a previous DDAP program.

Farm Service Agency, USDA

§ 786.107

(h) Payment on eligible dairy operation losses will be calculated using whole pounds of milk. No double counting is permitted, and only one payment will be made for each pound of milk calculated as an eligible loss after the distribution of the dairy operation's eligible production loss among the producers of the dairy operation according to §786.107(b). Payments under this part will not be affected by any payments for dumped or spoiled milk that the dairy operation may have received from its milk handler, marketing cooperative, or any other private party; however, produced milk that was dumped or spoiled for reasons unrelated to the disaster occurrence will still count as production.

§ 786.107 Rate of payment and limitations on funding.

(a) Subject to the availability of funds, the payment rate for eligible production losses determined according to §786.106 is, depending on the State, the annual average Mailbox milk price for the Marketing Order, applicable to the State where the eligible disaster county is located, as reported by the Agricultural Marketing Service during the relevant period. States not regulated under a Marketing Order will be assigned a payment rate based on contiguous or nearby State's Mailbox milk price. Maximum per pound payment rates for eligible losses for dairy operations located in specific states during the relevant period are as follows:

NOTE: Calculations are rounded to 7 decimal places.
 * Payment rates for 2007 are currently unavailable, but will be based on the annual average Mailbox milk price for the Marketing Order, applicable to the State where the eligible disaster county is located, as reported by the Agricultural Marketing Service, consistent with payment rates provided for 2005 and 2006.

(b) Subject to the availability of funds, each eligible dairy operation's payment is calculated by multiplying the applicable payment rate under paragraph (a) of this section by the operation's total eligible losses as adjusted pursuant to this part. Where there are multiple producers in the dairy operation, individual producers' payments are disbursed according to each producer's share of the dairy operation's production as specified in the application.

(c) If the total value of losses claimed nationwide under paragraph (b) of this section exceeds the \$16 million available for the DDAP-III, less any reserve that may be created under paragraph (e) of this section, total eligible losses of individual dairy operations that, as calculated as an overall percentage for each full disaster claim period applicable to the disaster declaration, are greater than 20 percent of the total base annual production will be paid at the maximum rate under paragraph (a)

§ 786.108

of this section to the extent available funding allows. A loss of over 20 percent in only one or two months during the applicable disaster claim period does not of itself qualify for the maximum per-pound payment. Rather, the priority level must be reached as an average over the whole disaster claim period for the relevant calendar year. Total eligible losses for a producer, as calculated under § 786.106, of less than or equal to 20 percent during the eligible claim period will then be paid at a rate, not to exceed the rate allowed in paragraph (a) of this section, determined by dividing the eligible losses of less than 20 percent by the funds remaining after making payments for all eligible losses above the 20-percent threshold.

(d) In no event will the payment exceed the value determined by multiplying the producer's total eligible loss times the average price received for commercial milk production in the producer's area as defined in paragraph (a) of this section.

(e) No participant will receive disaster benefits under this part that in combination with the value of production not lost would result in an amount that exceeds 95 percent of the value of the expected production for the relevant period as estimated by the Secretary. Unless otherwise program funds would not be fully expended, the sum of the value of the production not lost, if any; and the disaster payment received under this part, cannot exceed 95 percent of what the production's value would have been if there had been no loss. In no case, however, may the value of production and the payment exceed the value the milk would have without the loss.

(f) A reserve may be created to handle pending or disputed claims, but claims will not be payable once the available funding is expended.

§ 786.108 Availability of funds.

The total available program funds are \$16 million as provided by section 9007 of Title IX of Public Law 110-28.

§ 786.109 Appeals.

Provisions of the appeal regulations set forth at 7 CFR parts 11 and 780 apply to this part. Appeals of deter-

7 CFR Ch. VII (1-1-24 Edition)

minations of ineligibility or payment amounts are subject to the limitations in §§ 786.107 and 786.108 and other limitations that may apply.

§ 786.110 Misrepresentation, scheme, or device.

(a) In addition to other penalties, sanctions, or remedies that may apply, a dairy producer is ineligible to receive assistance under this program if the producer is determined by FSA to have:

(1) Adopted any scheme or device that tends to defeat the purpose of this program,

(2) Made any fraudulent representation,

(3) Misrepresented any fact affecting a program determination, or

(4) Violated 7 CFR 795.17 and thus be ineligible for the year(s) of violation and the subsequent year.

(b) Any funds disbursed pursuant to this part to any person or dairy operation engaged in a misrepresentation, scheme, or device, must be refunded with interest together with such other sums as may become due. Interest will run from the date of the disbursement to the producer or other recipient of the payment from FSA. Any person or dairy operation engaged in acts prohibited by this section and any person or dairy operation receiving payment under this part is jointly and severally liable with other persons or dairy operations involved in such claim for benefits for any refund due under this section and for related charges. The remedies provided in this part are in addition to other civil, criminal, or administrative remedies that may apply.

§ 786.111 Death, incompetence, or disappearance.

In the case of death, incompetency, disappearance, or dissolution of an individual or entity that is eligible to receive benefits in accordance with this part, such alternate person or persons specified in 7 CFR part 707 may receive such benefits, as determined appropriate by FSA.

§ 786.112 Maintaining records.

Persons applying for benefits under this program must maintain records

and accounts to document all eligibility requirements specified herein and must keep such records and accounts for 3 years after the date of payment to their dairy operations under this program. Destruction of the records after such date is at the risk of the party required, by this part, to keep the records.

§ 786.113 Refunds; joint and several liability.

(a) Excess payments, payments provided as the result of erroneous information provided by any person, or payments resulting from a failure to meet any requirement or condition for payment under the application or this part, must be refunded to FSA.

(b) A refund required under this section is due with interest determined in accordance with paragraph (d) of this section and late payment charges as provided in 7 CFR part 792. Notwithstanding any other regulation, interest will be due from the date of the disbursement to the producer or other recipient of the funds.

(c) Persons signing a dairy operation's application as having an interest in the operation will be jointly and severally liable for any refund and related charges found to be due under this section.

(d) In the event FSA determines a participant owes a refund under this part, FSA will charge program interest from the date of disbursement of the erroneous payment. Such interest will accrue at the rate that the United States Department of the Treasury charges FSA for funds plus additional charges as deemed appropriate by the Administrator or provided for by regulation or statute.

(e) The debt collection provisions of part 792 of this chapter applies to this part except as is otherwise provided in this part.

§ 786.114 Miscellaneous provisions.

(a) Payments or any portion thereof due under this part must be made without regard to questions of title under State law and without regard to any claim or lien against the livestock, or proceeds thereof, in favor of the owner or any other creditor except agencies

and instrumentalities of the U.S. Government.

(b) Any producer entitled to any payment under this part may assign any payments in accordance with the provisions of 7 CFR part 1404.

§ 786.115 Termination of program.

This program will be terminated after payment has been made to those applicants certified as eligible pursuant to the application period established in § 786.104. All eligibility determinations will be final except as otherwise determined by the Deputy Administrator. Any claim for payment may be denied once the allowed funds are expended, irrespective of any other provision of this part.

§ 789.1 Purpose.

This part provides guidance and procedures for use of the Defense Production Act priorities and allocations authority by the United States Department of Agriculture (USDA) with respect to food resources, food resource facilities, livestock resources, veterinary resources, plant health resources, and the domestic distribution of farm equipment and commercial fertilizer in this part. (The guidance and procedures in this part are consistent with the guidance and procedures provided in other regulations issued under Executive Order 13603. Guidance and procedures for use of the Defense Production

7 CFR Ch. VII (1–1–24 Edition)

Act priorities and allocations authority with respect to other types of resources are as follows: For all forms of energy, refer to the Department of Energy's Energy Priorities and Allocations System (EPAS) regulation in 10 CFR part 217; for all forms of civil transportation, refer to the Department of Transportation's Transportation Priorities and Allocations System (TPAS) regulation in 49 CFR part 33; for water resources, refer to the Department of Defense; for health resources, refer to the Department of Health and Human Services' Health Resources Priorities and Allocations System in 45 CFR part 101; and for all other materials, services, and facilities, including construction materials, refer to the Department of Commerce's Defense Priorities and Allocations System (DPAS) regulation in 15 CFR part 700.)

§ 789.2 Priorities and allocations authority.

(a) Section 201 of Executive Order 13603 (3 CFR, 2012 Comp., p. 225) delegates the President's authority under section 101 of the Defense Production Act to require acceptance and priority performance of contracts and orders (other than contracts of employment) to promote the national defense over performance of any other contracts or orders, and to allocate materials, services, and facilities as deemed necessary or appropriate to promote the national defense to the following agencies. Essentially, this allows the following agencies to place priority on the performance of contracts for items and materials under their jurisdiction as required for national defense initiatives including emergency preparedness activities:

(1) The Secretary of Agriculture with respect to food resources, food resource facilities, livestock resources, veterinary resources, plant health resources, and the domestic distribution of farm equipment and commercial fertilizer;

(2) The Secretary of Energy with respect to all forms of energy;

(3) The Secretary of Health and Human Services with respect to health resources;

(4) The Secretary of Transportation with respect to all forms of civil transportation;

(5) The Secretary of Defense with respect to water resources; and

(6) The Secretary of Commerce with respect to all other materials, services, and facilities, including construction materials.

(b) Section 202 of Executive Order 13603 specifies that the priorities and allocations authority may be used only to support programs that have been determined in writing as necessary or appropriate to promote the national defense by:

(1) The Secretary of Defense with respect to military production and construction, military assistance to foreign nations, military use of civil transportation, stockpiles managed by the Department of Defense, space, and directly related activities;

(2) The Secretary of Energy with respect to energy production and construction, distribution and use, and directly related activities; or

(3) The Secretary of Homeland Security with respect to all other national defense programs, including civil defense and continuity of Government.

§ 789.3 Program eligibility.

Certain programs that promote the national defense are eligible for priorities and allocations support. These include programs for military and energy production or construction, military or critical infrastructure assistance to any foreign nation, homeland security, stockpiling, space, and any directly related activity. Other eligible programs include emergency preparedness activities conducted pursuant to Title VI of the Stafford Act and critical infrastructure protection and restoration.

Emergency preparedness includes the following:

(1) Measures to be undertaken in preparation for anticipated hazards (including the establishment of appropriate organizations, operational plans, and supporting agreements, the recruitment and training of personnel, the conduct of research, the procurement and stockpiling of necessary materials and supplies, the provision of suitable warning systems, the construction or preparation of shelters, shelter areas, and control centers, and, when appropriate, the non-military evacuation of the civilian population).

Food resources also means potable water packaged in commercially marketable containers, all starches, sugars, vegetable and animal or marine fats and oils, seed, cotton, hemp, and flax fiber, but does not mean any such material after it loses its identity as an agricultural commodity or agricultural product.

Food resource facilities means plants, machinery, vehicles (including on-farm), and other facilities required for the production, processing, distribution, and storage (including cold storage) of food resources, and for the domestic distribution of farm equipment and fertilizer (excluding transportation for that distribution).

(3) *Operating supplies* are any resources carried as operating supplies according to a person's established accounting practice. Operating supplies may include hand tools and expendable tools, jigs, dies, fixtures used on production equipment, lubricants, cleaners, chemicals, and other expendable items.

National defense means programs for military and energy production or construction, military or critical infrastructure assistance to any foreign nation, homeland security, stockpiling, space, and any directly related activity. Such term includes emergency preparedness activities conducted pursuant to Title VI of the Stafford Act and critical infrastructure protection and restoration.

Official action means an action taken by USDA or another resource agency under the authority of the Defense Production Act, Executive Order 13603, or this part. Such actions include the issuance of rating authorizations, directives, set-asides, allotments, letters of understanding, demands for information, inspection authorizations, and administrative subpoenas.

Person includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative thereof, or any State or local government or agency thereof, or any Federal agency.

Plant health resources means biological products, materials, facilities, vehicles, supplies, services, and equipment required to prevent the impairment of, improve, or restore plant health conditions.

Rated order means a prime contract, a subcontract, or a purchase order in support of an approved program issued as specified in the provisions of this part. Persons may request an order (contract) be rated in response to a need that is defined in this part. However, an order does not become rated until the request is approved by USDA. USDA will assign a rating priority for each rating request approved that designates the priority of that order over other orders that have similar order specifics.

Resource agency means any agency that is delegated priorities and allocations authority as specified in § 789.2.

Secretary means the Secretary of Agriculture.

Seed is used with its commonly understood meaning and includes all seed grown for and customarily sold to users for planting for the production of agriculture crops.

Services includes any effort that is needed for or incidental to:

- (1) The development, production, processing, distribution, delivery, or use of an industrial resource or a critical technology item;
- (2) The construction of facilities;
- (3) The movement of individuals and property by all modes of civil transportation; or
- (4) Other national defense programs and activities.

Set-aside means an official action that requires a person to reserve materials, services, or facilities capacity in anticipation of the receipt of rated orders.

Stafford Act means the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (42 U.S.C. 5195–5197h).

USDA means the U.S. Department of Agriculture.

Veterinary resources means drugs, biological products, medical devices, materials, facilities, vehicles, health supplies, services, and equipment required to diagnose, mitigate or prevent the impairment of, improve, treat, cure, or restore the health conditions of the animal population.

Water resources means all usable water, from all sources, within the jurisdiction of the United States, that can be managed, controlled, and allocated to meet emergency requirements, except water resources does not include usable water that qualifies as food resources.

Subpart C—Placement of Rated Orders

§ 789.10 Delegations of authority.

(a) [Reserved]

(b) Within USDA, authority to administer APAS has been delegated to the Administrator, Farm Service Agency, through the Under Secretary for Farm and Foreign Agricultural Services. (See §§ 2.16(a)(6) and 2.42(a)(5) of this title.) The Farm Service Agency Administrator will coordinate APAS implementation and administration through the Director, USDA Office of Homeland Security and Emergency Coordination, as delegated by the Assistant Secretary for Administration. (See §§ 2.24(a)(8)(ii)(A) and 2.24(a)(8)(v); 2.95(b)(1)(i) and 2.95(b)(4) of this title.)

§ 789.11 Priority ratings.

(a) *Levels of priority.* Priority levels designate differences between orders based on national defense including emergency preparedness requirements.

(1) There are two levels of priority established by APAS, identified by the rating symbols “DO” and “DX.”

Farm Service Agency, USDA

§ 789.13

(2) All DO-rated orders have equal priority with each other and take precedence over unrated orders. All DX-rated orders have equal priority with each other and take precedence over DO-rated orders and unrated orders. (For resolution of conflicts among rated orders of equal priority, see § 789.14(c).)

(3) In addition, a directive regarding priority treatment for a given item issued by the resource agency with priorities jurisdiction for that item takes precedence over any DX-rated order, DO-rated order, or unrated order, as stipulated in the directive. (For more information on directives, see § 789.42.)

(b) *Program identification symbols.* Program identification symbols indicate which approved program is being supported by a rated order. The list of currently approved programs and their identification symbols are listed in Schedule I. For example, P1 identifies a program involving food and food resources processing and storage. Program identification symbols, in themselves, do not connote any priority. Additional programs may be approved under the procedures of Executive Order 13603 at any time.

(c) *Priority ratings.* A priority rating consists of the rating symbol DO or DX followed by the program identification symbol, such as P1 or P2. Thus, a contract for the supply of livestock feed will contain a DO-P1 or DX-P1 priority rating.

§ 789.12 Elements of a rated order.

(a) Each rated order must include:

(1) The appropriate priority rating (for example, DO-P1 for food and food resources processing and storage);

(2) A required delivery date or dates. The words “immediately” or “as soon as possible” do not constitute a delivery date. Some purchase orders, such as a “requirements contract,” “basic ordering agreement,” “prime vendor contract,” or similar procurement document, bearing a priority rating may contain no specific delivery date or dates if it provides for the furnishing of items or services from time-to-time or within a stated period against specific purchase orders, such as calls, requisitions, and delivery orders. Specific purchase orders must specify a re-

quired delivery date or dates and are to be considered as rated as of the date of their receipt by the supplier and not as of the date of the original procurement document;

(3) The written signature on a manually placed order, or the digital signature or name on an electronically placed order, of an individual authorized to sign rated orders for the person placing the order. The signature or use of the name certifies that the rated order is authorized under this part and that the requirements of this part are being followed; and

(4) A statement as follows:

(i) A statement that reads:

This is a rated order certified for national defense use, and you are required to follow all the provisions of the Agriculture Priorities and Allocations System regulation in 7 CFR part 789.

(ii) If the rated order is placed in support of emergency preparedness requirements and expedited action is necessary and appropriate to meet these requirements, the following sentences should be added following the statement specified in paragraph (a)(4)(i) of this section:

This rated order is placed for the purpose of emergency preparedness. It must be accepted or rejected within six (6) hours after receipt of the order if the order is issued in response to a hazard that has occurred; or within the greater of twelve (12) hours or the time specified in the order, if the order is issued to prepare for an imminent hazard, in accordance with 7 CFR 789.13(e).

(b) [Reserved]

§ 789.13 Acceptance and rejection of rated orders.

(a) *Mandatory acceptance.* A person must accept a rated order in accordance with the following requirements:

(1) Except as otherwise specified in this section, a person must accept every rated order received and must fill such orders regardless of any other rated or unrated orders that have been accepted.

(2) A person must not discriminate against rated orders in any manner such as by charging higher prices or by imposing different terms and conditions than for comparable unrated orders.

(b) *Mandatory rejection.* Unless otherwise directed by USDA for a rated order involving food resources, food resource facilities, livestock resources, veterinary resources, plant health resources, or the domestic distribution of farm equipment and commercial fertilizer:

(1) A person must not accept a rated order for delivery on a specific date if unable to fill the order by that date. However, the person must inform the customer of the earliest date on which delivery can be made and offer to accept the order on the basis of that date. Scheduling conflicts with previously accepted lower rated or unrated orders are not sufficient reason for rejection in this section.

(2) A person must not accept a DO-rated order for delivery on a date that would interfere with delivery of any previously accepted DO- or DX-rated orders. However, the person must offer to accept the order based on the earliest delivery date otherwise possible.

(3) A person must not accept a DX-rated order for delivery on a date that would interfere with delivery of any previously accepted DX-rated orders, but must offer to accept the order based on the earliest delivery date otherwise possible.

(4) If a person is unable to fill all of the rated orders of equal priority status received on the same day, the person must accept, based upon the earliest delivery dates, only those orders that can be filled, and reject the other orders. For example, a person must accept order A requiring delivery on December 15 before accepting order B requiring delivery on December 31. However, the person must offer to accept the rejected orders based on the earliest delivery dates otherwise possible.

(5) A person must reject the rated order if the person is prohibited by Federal law from meeting the terms of the order.

(c) *Optional rejection.* Unless otherwise directed by USDA for a rated order involving food resources, food resource facilities, livestock resources, veterinary resources, plant health resources, or the domestic distribution of farm equipment and commercial fertilizer, rated orders may be rejected in any of the following cases as long as a

supplier does not discriminate among customers:

(1) If the person placing the order is unwilling or unable to meet regularly established terms of sale or payment;

(2) If the order is for an item not supplied or for a service not capable of being performed;

(3) If the order is for an item or service produced, acquired, or provided only for the supplier's own use for which no orders have been filled for 2 years prior to the date of receipt of the rated order. If, however, a supplier has sold some of these items or provided similar services, the supplier is obligated to accept rated orders up to that quantity or portion of production or service, whichever is greater, sold or provided within the past 2 years;

(4) If the person placing the rated order, other than the Federal Government, makes the item or performs the service being ordered;

(5) If acceptance of a rated order or performance against a rated order would violate any other regulation, official action, or order of USDA, issued under the authority of the Defense Production Act or another relevant law.

(d) *Customer notification requirements.* A person in receipt of a rated order is required to provide to the customer placing the order written or electronic notification of acceptance or rejection of the order.

(1) Except as provided in paragraph (e) of this section, a person must accept or reject a rated order in writing or electronically within fifteen (15) working days after receipt of a DO-rated order and within ten (10) working days after receipt of a DX-rated order. If the order is rejected, the person must give reasons in writing or electronically for the rejection.

(2) If a person has accepted a rated order and subsequently finds that shipment or performance will be delayed, the person must notify the customer immediately, give the reasons for the delay, and advise of a new shipment or performance date. If notification is given verbally, written or electronic confirmation must be provided within 5 working days.

(e) *Exception for emergency preparedness conditions.* If the rated order is placed for the purpose of emergency

preparedness and includes the additional statement as specified in § 789.12(a)(4)(ii), a person must accept or reject a rated order and send the acceptance or rejection in writing or in an electronic format:

(1) Within 6 hours after receipt of the order if the order is issued in response to a hazard that has occurred; or

(2) Within the greater of 12 hours or the time specified in the order, if the order is issued to prepare for an imminent hazard.

§ 789.14 Preferential scheduling.

(a) A person must schedule operations, including the acquisition of all needed production items or services, in a timely manner to satisfy the delivery requirements of each rated order. Modifying production or delivery schedules is necessary only when required delivery dates for rated orders cannot otherwise be met.

(b) DO-rated orders must be given production preference over unrated orders, if necessary to meet required delivery dates, even if this requires the diversion of items being processed or ready for delivery or services being performed against unrated orders. Similarly, DX-rated orders must be given preference over DO-rated orders and unrated orders. (Examples: If a person receives a DO-rated order with a delivery date of June 3 and if meeting that date would mean delaying production or delivery of an item for an unrated order, the unrated order must be delayed. If a DX-rated order is received calling for delivery on July 15 and a person has a DO-rated order requiring delivery on June 2 and operations can be scheduled to meet both deliveries, there is no need to alter production schedules to give any additional preference to the DX-rated order.)

(c) For conflicting rated orders:

(1) If a person finds that delivery or performance against any accepted rated orders conflicts with the delivery or performance against other accepted rated orders of equal priority status, the person must give precedence to the conflicting orders in the sequence in which they are to be delivered or performed (not to the receipt dates). If the conflicting orders are scheduled to be

delivered or performed on the same day, the person must give precedence to those orders that have the earliest receipt dates.

(2) If a person is unable to resolve rated order delivery or performance conflicts as specified in this section, the person should promptly seek special priorities assistance as provided in §§ 789.20 through 789.24. If the person's customer objects to the rescheduling of delivery or performance of a rated order, the customer should promptly seek special priorities assistance as specified in §§ 789.20 through 789.24. For any rated order against which delivery or performance will be delayed, the person must notify the customer as provided in § 789.13(d)(2).

(d) If a person is unable to purchase needed production items in time to fill a rated order by its required delivery date, the person must fill the rated order by using inventoried production items. A person who uses inventoried items to fill a rated order may replace those items with the use of a rated order as provided in § 789.17(b).

§ 789.15 Extension of priority ratings.

(a) A person must use rated orders as necessary with suppliers to obtain items or services needed to fill a rated order. The person must use the priority rating indicated on the customer's rated order, except as otherwise provided in this part or as directed by USDA.

(b) The priority rating must be included as necessary on each successive order placed to obtain items or services needed to fill a customer's rated order. This continues from contractor to subcontractor to supplier throughout the entire procurement chain.

§ 789.16 Changes or cancellations of priority ratings and rated orders.

(a) The priority rating on a rated order may be changed or canceled by:

(1) An official action of USDA; or

(2) Written notification from the person who placed the rated order.

(b) If an unrated order is amended so as to make it a rated order, or a DO rating is changed to a DX rating, the supplier must give the appropriate preferential treatment to the order as

§ 789.17

7 CFR Ch. VII (1-1-24 Edition)

of the date the change is received by the supplier.

(c) An amendment to a rated order that significantly alters a supplier's original production or delivery schedule constitutes a new rated order as of the date of its receipt. The supplier must accept or reject the amended order according to the provisions of § 789.13.

(d) The following amendments do not constitute a new rated order:

(1) A change in shipping destination;

(2) A reduction in the total amount of the order;

(3) An increase in the total amount of the order that has a negligible impact upon deliveries;

(4) A minor variation in size or design; or

(5) A change that is agreed upon between the supplier and the customer.

(e) If a person no longer needs items or services to fill a rated order, any rated orders placed with suppliers for the items or services, or the priority rating on those orders, must be canceled.

(f) When a priority rating is added to an unrated order, or is changed or canceled, all suppliers must be promptly notified in writing.

§ 789.17 Use of rated orders.

(a) A person must use rated orders as necessary to obtain:

(1) Items that will be physically incorporated into other items to fill rated orders, including that portion of such items normally consumed or converted into scrap or by-products in the course of processing;

(2) Containers or other packaging materials required to make delivery of the finished items against rated orders;

(3) Services, other than contracts of employment, needed to fill rated orders; and

(4) MRO needed to produce the finished items to fill rated orders.

(b) A person may use a rated order to replace inventoried items (including finished items) if such items were used to fill rated orders, as follows:

(1) The order must be placed within 90 days of the date of use of the inventory.

(2) A DO rating and the program identification symbol indicated on the

customer's rated order must be used on the order. A DX rating must not be used even if the inventory was used to fill a DX-rated order.

(3) If the priority ratings on rated orders from one customer or several customers contain different program identification symbols, the rated orders may be combined. In this case, the program identification symbol P4 must be used (that is DO-P4).

(c) A person may combine DX- and DO-rated orders from one customer or several customers if the items or services covered by each level of priority are identified separately and clearly. If different program identification symbols are indicated on those rated orders of equal priority, the person must use the program identification symbol P4 (that is DO-P4 or DX-P4).

(d) For combining rated and unrated orders:

(1) A person may combine rated and unrated order quantities on one purchase order provided that:

(i) The rated quantities are separately and clearly identified; and

(ii) The four elements of a rated order, as required by § 789.12, are included on the order with the statement required in § 789.12(a)(4)(i) modified to read:

This purchase order contains rated order quantities certified for national defense use, and you are required to follow all the provisions of the Agriculture Priorities and Allocations System regulation in 7 CFR part 789 only as it pertains to the rated quantities.

(2) A supplier must accept or reject the rated portion of the purchase order as provided in § 789.13 and give preferential treatment only to the rated quantities as required by this part. This part must not be used to require preferential treatment for the unrated portion of the order.

(3) Any supplier who believes that rated and unrated orders are being combined in a manner contrary to the intent of this part or in a fashion that causes undue or exceptional hardship may submit a request for adjustment or exception as specified in § 789.60.

(e) A person may place a rated order for the minimum commercially procurable quantity even if the quantity needed to fill a rated order is less than that minimum. However, a person

Farm Service Agency, USDA

§ 789.20

must combine rated orders as provided in paragraph (c) of this section, if possible, to obtain minimum procurable quantities.

(f) A person is not required to place a priority rating on an order for less than \$75,000 or one-half of the Simplified Acquisition Threshold (as established in the Federal Acquisition Regulation (FAR) (see 48 CFR 2.101) or in other authorized acquisition regulatory or management systems) whichever amount is greater, provided that delivery can be obtained in a timely fashion without the use of the priority rating.

§ 789.18 Limitations on placing rated orders.

(a) *General limitations.* Rated orders may be placed only by persons with the proper authority for items and services that are needed to support approved programs.

(1) A person must not place a DO- or DX-rated order unless authorized by USDA to do so under this part.

(2) Rated orders must not be used to obtain:

(i) Delivery on a date earlier than needed;

(ii) A greater quantity of the item or services than needed, except to obtain a minimum procurable quantity. Separate rated orders must not be placed solely for the purpose of obtaining minimum procurable quantities on each order;

(iii) Items or services in advance of the receipt of a rated order, except as specifically authorized by USDA (see § 789.21(c) for information on obtaining authorization for a priority rating in advance of a rated order);

(iv) Items that are not needed to fill a rated order, except as specifically authorized by USDA or as otherwise permitted by this part;

(v) Any of the following items unless specific priority rating authority has been obtained from USDA or the Department of Commerce, as appropriate:

(A) Items for plant improvement, expansion, or construction, unless they will be physically incorporated into a construction project covered by a rated order; and

(B) Production or construction equipment or items to be used for the manu-

facture of production equipment. For information on requesting priority rating authority, see § 789.21; or

(vi) Any items related to the development of chemical or biological warfare capabilities or the production of chemical or biological weapons, unless such development or production has been authorized by the President or the Secretary of Defense.

(b) *Jurisdictional limitations.* (1) Unless authorized by the resource agency with jurisdiction (see § 789.10), the provisions of this part are not applicable to the following resources:

(i) All forms of energy (Resource agency with jurisdiction—Department of Energy);

(ii) Health resources (Resource agency with jurisdiction—Department of Health and Human Services);

(iii) All forms of civil transportation (Resource agency with jurisdiction—Department of Transportation);

(iv) Water resources (Resource agency with jurisdiction—Department of Defense, U.S. Army Corps of Engineers);

(v) All materials, services, and facilities, including construction materials for which the authority has not been delegated to other agencies under Executive Order 13603 (Resource agency with jurisdiction—Department of Commerce); and

(2) The priorities and allocations authority in this part may not be applied to communications services subject to Executive Order 13618 of July 6, 2012 (3 CFR, 2012 Comp., p. 273).

Subpart D—Special Priorities Assistance

§ 789.20 General provisions.

(a) APAS is designed to be largely self-executing. However, if production or delivery problems arise, a person should immediately contact the Farm Service Agency Administrator for special priorities assistance pursuant to §§ 789.20 through 789.24 and as directed by § 789.73. If the Farm Service Agency is unable to resolve the problem or to authorize the use of a priority rating and believes additional assistance is warranted, USDA may forward the request to another resource agency, as

§ 789.21

7 CFR Ch. VII (1-1-24 Edition)

appropriate, for action. Special priorities assistance is a service provided to alleviate problems.

(b) Special priorities assistance is available for any reason consistent with this part. Generally, special priorities assistance is provided to expedite deliveries, resolve delivery conflicts, place rated orders, locate suppliers, or verify information supplied by customers and vendors. Special priorities assistance may also be used to request rating authority for items that are not normally eligible for priority treatment.

(c) A request for special priorities assistance or priority rating authority must be submitted on Form AD-2102 (OMB Control Number 0560-0280) to the Farm Service Agency as provided in paragraph (a) of this section. Form AD-2102 may be obtained from USDA by downloading the form and instructions from <http://forms.sc.egov.usda.gov/eForms/welcomeAction.do?Home> or by contacting the Administrator of the Farm Service Agency as specified in § 789.73. Either mail or fax the form to USDA, using the address or fax number shown on the form.

§ 789.21 Requests for priority rating authority.

(a) *Rating authority for items or services not normally rated.* If a rated order is likely to be delayed because a person is unable to obtain items or services not normally rated under this part, the person may request the authority to use a priority rating in ordering the needed items or services.

(b) *Rating authority for production or construction equipment.* For a rated order for production or construction equipment not under the resource jurisdiction of USDA, follow the regulation in 15 CFR part 700.

(1) A request for priority rating authority for production or construction equipment must be submitted to the U.S. Department of Commerce on Form BIS-999 (see 15 CFR 700.51). Form BIS-999 may be obtained from USDA as specified in § 789.20(c) or from the Department of Commerce as specified in 15 CFR 700.50.

(2) When the use of a priority rating is authorized for the procurement of production or construction equipment,

a rated order may be used either to purchase or to lease such equipment. However, in the latter case, the equipment may be leased only from a person engaged in the business of leasing such equipment or from a person willing to lease rather than sell.

(c) For rating authority in advance of a rated prime contract:

(1) In certain cases and upon specific request, USDA, in order to promote the national defense, may authorize a person to place a priority rating on an order to a supplier in advance of the issuance of a rated prime contract. In these instances, the person requesting advance rating authority must obtain sponsorship of the request from USDA. The person assumes any business risk associated with the placing of a rated order if the order has to be canceled in the event the rated prime contract is not issued.

(2) The person must state the following in the request:

It is understood that the authorization of a priority rating in advance of our receiving a rated prime contract from USDA and our use of that priority rating with our suppliers in no way commits USDA or any other government agency to enter into a contract or order or to expend funds. Further, we understand that the Federal Government will not be liable for any cancellation charges, termination costs, or other damages that may accrue if a rated prime contract is not eventually placed and, as a result, we must subsequently cancel orders placed with the use of the priority rating authorized as a result of this request.

(3) In reviewing requests for rating authority in advance of a rated prime contract, USDA will consider, among other things, the following criteria:

(i) The probability that the prime contract will be awarded;

(ii) The impact of the resulting rated orders on suppliers and on other authorized programs;

(iii) Whether the contractor is the sole source;

(iv) Whether the item being produced has a long lead time; and

(v) The time period for which the rating is being requested.

(4) USDA may require periodic reports on the use of the rating authority granted through paragraph (c) of this section.

Farm Service Agency, USDA

§ 789.31

(5) If a rated prime contract is not issued, the person will promptly notify each supplier who has received any rated order related to the advanced rating authority that the priority rating on the order is canceled.

§ 789.22 Examples of assistance.

(a) While special priorities assistance may be provided for any reason in support of this part, it is usually provided in situations in which:

(1) A person is experiencing difficulty in obtaining delivery against a rated order by the required delivery date; or

(2) A person cannot locate a supplier for an item or service needed to fill a rated order.

(b) Other examples of special priorities assistance include:

(1) Ensuring that rated orders receive preferential treatment by suppliers;

(2) Resolving production or delivery conflicts between various rated orders;

(3) Assisting in placing rated orders with suppliers;

(4) Verifying the urgency of rated orders; and

(5) Determining the validity of rated orders.

§ 789.23 Criteria for assistance.

(a) Requests for special priorities assistance should be timely (for example, the request has been submitted promptly and enough time exists for USDA to meaningfully resolve the problem), and must establish that:

(1) There is an urgent need for the item; and

(2) The applicant has made a reasonable effort to resolve the problem.

(b) [Reserved]

§ 789.24 Instances in which assistance must not be provided.

(a) Special priorities assistance is provided at the discretion of USDA when it is determined that such assistance is warranted to meet the objectives of this part. Examples in which assistance must not be provided include situations in which a person is attempting to:

(1) Secure a price advantage;

(2) Obtain delivery prior to the time required to fill a rated order;

(3) Gain competitive advantage;

(4) Disrupt an industry apportionment program in a manner designed to provide a person with an unwarranted share of scarce items; or

(5) Overcome a supplier's regularly established terms of sale or conditions of doing business.

(b) [Reserved]

Subpart E—Allocations Actions

§ 789.30 Policy.

(a) It is the policy of the Federal Government that the allocations authority under Title I of the Defense Production Act may:

(1) Only be used when there is insufficient supply of a material, service, or facility to satisfy national defense supply requirements through the use of the priorities authority or when the use of the priorities authority would cause a severe and prolonged disruption in the supply of materials, services, or facilities available to support normal U.S. economic activities; and

(2) Not be used to ration materials or services at the retail level.

(b) Allocations orders, when used, will be distributed equitably among the suppliers of the materials, services, or facilities being allocated and not require any person to relinquish a disproportionate share of the civilian market.

§ 789.31 General procedures.

(a) When USDA plans to execute its allocations authority to address a supply problem within its resource jurisdiction, USDA will develop a plan that includes the following information:

(1) A copy of the written determination made in accordance with section 202 of Executive Order 13603, that the program or programs that would be supported by the allocations action are necessary or appropriate to promote the national defense;

(2) A detailed description of the situation to include any unusual events or circumstances that have created the requirement for an allocations action;

(3) A statement of the specific objective(s) of the allocations action;

(4) A list of the materials, services, or facilities to be allocated;

§ 789.32

(5) A list of the sources of the materials, services, or facilities that will be subject to the allocations action;

(6) A detailed description of the provisions that will be included in the allocations orders, including the type(s) of allocations orders, the percentages or quantity of capacity or output to be allocated for each purpose, and the duration of the allocations action (for example, anticipated start and end dates);

(7) An evaluation of the impact of the proposed allocations action on the civilian market; and

(8) Proposed actions, if any, to mitigate disruptions to civilian market operations.

(b) [Reserved]

§ 789.32 Precedence over priority rated orders.

If a conflict occurs between an allocations order and an unrelated rated order or priorities directive, the allocations order takes precedence.

§ 789.33 Controlling the general distribution of a material in the civilian market.

(a) No allocations by USDA may be used to control the general distribution of a material in the civilian market, unless the Secretary has:

(1) Made a written finding that:

(i) Such material is a scarce and critical material essential to the national defense; and

(ii) The requirements of the national defense for such material cannot otherwise be met without creating a significant dislocation of the normal distribution of such material in the civilian market to such a degree as to create appreciable hardship;

(2) Submitted the finding for the President's approval through the Assistant to the President and National Security Advisor and the Assistant to the President for Homeland Security and Counterterrorism; and

(3) The President has approved the finding.

(b) [Reserved]

§ 789.34 Types of allocations orders.

(a) The three types of allocations orders that may be used for allocations actions are:

- (1) Set-asides;
 - (2) Directives; and
 - (3) Allotments.
- (b) [Reserved]

§ 789.35 Elements of an allocations order.

(a) Each allocations order will include:

(1) A detailed description of the required allocations action(s);

(2) Specific start and end calendar dates for each required allocations action;

(3) The Secretary's written signature on a manually placed order, or the digital signature or name on an electronically placed order, of the Secretary. The signature or use of the name certifies that the order is authorized as specified in this part and that the requirements of this part are being followed;

(4) A statement that reads: "This is an allocations order certified for national defense use. [Insert the legal name of the person receiving the order] is required to comply with this order, in accordance with the provisions of 7 CFR part 789;" and

(5) A current copy of the APAS regulation (7 CFR part 789).

(b) [Reserved]

§ 789.36 Mandatory acceptance of allocations orders.

(a) A person must accept every allocations order received that the person is capable of fulfilling, and must comply with such orders regardless of any rated order that the person may be in receipt of or other commitments involving the resource(s) covered by the allocations order.

(b) A person must not discriminate against an allocations order in any manner such as by charging higher prices for resources covered by the order or by imposing terms and conditions for contracts and orders involving allocated resources(s) that differ from the person's terms and conditions for contracts and orders for the resource(s) prior to receiving the allocations order.

(c) If circumstances prevent a person from being able to accept an allocations order, the person must comply with the provisions specified in § 789.60

Farm Service Agency, USDA

§ 789.51

upon realization of the inability to accept the order.

§ 789.37 Changes or cancellations of allocations orders.

An allocations order may be changed or canceled by an official action of USDA.

Subpart F—Official Actions

§ 789.40 General provisions.

(a) USDA may take specific official actions to implement the provisions of this part.

(b) Several of these official actions (rating authorizations, directives, and letters of understanding) are discussed in this subpart. Other official actions that pertain to compliance (administrative subpoenas, demands for information, and inspection authorizations) are discussed in § 789.51(c).

§ 789.41 Rating authorizations.

(a) A rating authorization is an official action granting specific priority rating authority that:

(1) Permits a person to place a priority rating on an order for an item or service not normally ratable under this part; or

(2) Authorizes a person to modify a priority rating on a specific order or series of contracts or orders.

(b) To request priority rating authority, see section § 789.21.

§ 789.42 Directives.

(a) A directive is an official action that requires a person to take or refrain from taking certain actions in accordance with the provisions of the directive.

(b) A person must comply with each directive issued. However, a person may not use or extend a directive to obtain any items from a supplier, unless expressly authorized to do so in the directive.

(c) A priorities directive takes precedence over all DX-rated orders, DO-rated orders, and unrated orders previously or subsequently received, unless a contrary instruction appears in the directive.

(d) An allocations directive takes precedence over all priorities directives, DX-rated orders, DO-rated or-

ders, and unrated orders previously or subsequently received, unless a contrary instruction appears in the directive.

§ 789.43 Letters of understanding.

(a) A letter of understanding is an official action that may be issued in resolving special priorities assistance cases to reflect an agreement reached by all parties (USDA, the Department of Commerce (if applicable), a delegate agency (if applicable), the supplier, and the customer).

(b) A letter of understanding is not used to alter scheduling between rated orders, to authorize the use of priority ratings, to impose restrictions under this part, or to take other official actions. Rather, letters of understanding are used to confirm production or shipping schedules that do not require modifications to other rated orders.

Subpart G—Compliance

§ 789.50 General provisions.

(a) USDA may take specific official actions for any reason necessary or appropriate to the enforcement or the administration of the Defense Production Act and other applicable statutes, this part, or an official action. Such actions include administrative subpoenas, demands for information, and inspection authorizations.

(b) Any person who places or receives a rated order or an allocations order must comply with the provisions of this part.

(c) Willful violation of the provisions of Title I or section 705 of the Defense Production Act and other applicable statutes, this part, or an official action of USDA, is a criminal act, punishable as provided in the Defense Production Act and other applicable statutes, and as specified in § 789.54.

§ 789.51 Audits and investigations.

(a) Audits and investigations are official examinations of books, records, documents, other writings, and information to ensure that the provisions of the Defense Production Act and other applicable statutes, this part, and official actions have been properly followed. An audit or investigation may also include interviews and a systems

evaluation to detect problems or failures in the implementation of this part.

(b) When undertaking an audit, investigation, or other inquiry, USDA will:

(1) *Scope and purpose.* Define the scope and purpose in the official action given to the person under investigation; and

(2) *Information not available.* Have ascertained that the information sought or other adequate and authoritative data are not available from any Federal or other responsible agency.

(c) In administering this part, USDA may issue the following documents that constitute official actions:

(1) *Administrative subpoenas.* An administrative subpoena requires a person to appear as a witness before an official designated by USDA to testify under oath on matters of which that person has knowledge relating to the enforcement or the administration of the Defense Production Act and other applicable laws, this part, or official actions. An administrative subpoena may also require the production of books, papers, records, documents, and physical objects or property.

(2) *Demands for information.* A demand for information requires a person to furnish to a duly authorized representative of USDA any information necessary or appropriate to the enforcement or the administration of the Defense Production Act and other applicable statutes, this part, or official actions.

(3) *Inspection authorizations.* An inspection authorization requires a person to permit a duly authorized representative of USDA to interview the person's employees or agents, to inspect books, records, documents, other writings, and information, including electronically-stored information, in the person's possession or control at the place where that person usually keeps them or otherwise, and to inspect a person's property when such interviews and inspections are necessary or appropriate to the enforcement or the administration of the Defense Production Act and other related laws, this part, or official actions.

(d) The production of books, records, documents, other writings, and infor-

mation will not be required at any place other than where they are usually kept if, prior to the return date specified in the administrative subpoena or demand for information, a duly authorized official of USDA is furnished with copies of such material that are certified under oath to be true copies. As an alternative, a person may enter into a stipulation with a duly authorized official of USDA as to the content of the material.

(e) An administrative subpoena, demand for information, or inspection authorization will include the name, title, or official position of the person to be served, the evidence sought, and its general relevance to the scope and purpose of the audit, investigation, or other inquiry. If employees or agents are to be interviewed; if books, records, documents, other writings, or information are to be produced; or if property is to be inspected; the administrative subpoena, demand for information, or inspection authorization will describe the requirements.

(f) Service of documents will be made in the following manner:

(1) *In person.* Service of a demand for information or inspection authorization will be made personally, or by certified mail-return receipt requested at the person's last known address. Service of an administrative subpoena will be made personally. Personal service may also be made by leaving a copy of the document with someone at least 18 years old at the person's last known dwelling or place of business.

(2) *Other than to the named individual.* Service upon other than an individual may be made by serving a partner, corporate officer, or a managing or general agent authorized by appointment or by law to accept service of process. If an agent is served, a copy of the document will be mailed to the person named in the document.

(3) *Delivering individual and documentation.* Any individual 18 years of age or over may serve an administrative subpoena, demand for information, or inspection authorization. When personal service is made, the individual making the service must prepare an affidavit specifying the manner in which service was made and the identity of

Farm Service Agency, USDA

§ 789.55

the person served, and return the affidavit, and in the case of subpoenas, the original document, to the issuing officer. In case of failure to make service, the reasons for the failure will be stated on the original document.

§ 789.52 Compulsory process.

(a) If a person refuses to permit a duly authorized representative of USDA to have access to any premises or source of information necessary to the administration or the enforcement of the Defense Production Act and other applicable laws, this part, or official actions, the USDA representative may seek compulsory process. Compulsory process is the institution of appropriate legal action, including ex parte application for an inspection warrant or its equivalent, in any forum of appropriate jurisdiction.

(b) Compulsory process may be sought in advance of an audit, investigation, or other inquiry, if, in the judgment of USDA, there is reason to believe that a person will refuse to permit an audit, investigation, or other inquiry, or that other circumstances exist that make such process desirable or necessary.

§ 789.53 Notification of failure to comply.

(a) At the conclusion of an audit, investigation, or other inquiry, or at any other time, USDA may inform the person in writing when compliance with the requirements of the Defense Production Act and other applicable laws, this part, or an official action was not met.

(b) In cases in which USDA determines that failure to comply with the provisions of the Defense Production Act and other applicable laws, this part, or an official action was inadvertent, the person may be informed in writing of the particulars involved and the corrective action to be taken. Failure to take corrective action may then be construed as a willful violation of the Defense Production Act and other applicable laws, this part, or an official action.

§ 789.54 Violations, penalties, and remedies.

(a) Willful violation of the Defense Production Act, the priorities provisions of the Military Selective Service Act (50 U.S.C. App. 468), this part, or an official action, is a crime and upon conviction, a person may be punished by fine or imprisonment, or both. The maximum penalty provided by the Defense Production Act is a \$10,000 fine, or 1 year in prison, or both. The maximum penalty provided by the Military Selective Service Act is a \$50,000 fine, or 3 years in prison, or both.

(b) The Government may also seek an injunction from a court of appropriate jurisdiction to prohibit the continuance of any violation of, or to enforce compliance with, the Defense Production Act, this part, or an official action.

(c) In order to secure the effective enforcement of the Defense Production Act and other applicable laws, this part, and official actions, certain actions as follows are prohibited:

(1) Soliciting, influencing, or permitting another person to perform any act prohibited by, or to omit any act required by, the Defense Production Act and other applicable laws, this part, or an official action.

(2) Conspiring or acting in concert with any other person to perform any act prohibited by, or to omit any act required by, the Defense Production Act and other applicable laws, this part, or an official action.

(3) Delivering any item if the person knows or has reason to believe that the item will be accepted, redelivered, held, or used in violation of the Defense Production Act and other applicable laws, this part, or an official action. In such instances, the person must immediately notify USDA that, in accordance with this provision, delivery has not been made.

§ 789.55 Compliance conflicts.

If compliance with any provision of the Defense Production Act and other applicable laws, this part, or an official action would prevent a person from filling a rated order or from complying with another provision of the Defense Production Act and other applicable laws, this part, or an official action,

§ 789.60

7 CFR Ch. VII (1–1–24 Edition)

the person must immediately notify USDA for resolution of the conflict.

Subpart H—Adjustments, Exceptions, and Appeals

§ 789.60 Adjustments or exceptions.

(a) A person may submit a request to the Farm Service Agency Deputy Administrator for Management, as directed in § 789.73, for an adjustment or exception on the ground that:

(1) A provision of this part or an official action results in an undue or exceptional hardship on that person not suffered generally by others in similar situations and circumstances; or

(2) The consequences of following a provision of this part or an official action is contrary to the intent of the Defense Production Act and other applicable laws, or this part.

(b) Each request for adjustment or exception must be in writing and contain a complete statement of all the facts and circumstances related to the provision of this part or official action from which adjustment is sought and a full and precise statement of the reasons why relief should be provided.

(c) The submission of a request for adjustment or exception will not relieve any person from the obligation of complying with the provision of this part or official action in question while the request is being considered unless such interim relief is granted in writing by the Farm Service Agency Deputy Administrator for Management.

(d) A decision of the Farm Service Agency Deputy Administrator for Management under this section may be appealed to the Farm Service Agency Administrator. (For information on the appeal procedure, see § 789.61.)

§ 789.61 Appeals.

(a) Any person whose request for adjustment or exception has been denied by the Farm Service Agency Deputy Administrator for Management as specified in § 789.60, may appeal to the Farm Service Agency Administrator who will review and reconsider the denial.

(b) A person must submit the appeal in writing to the Farm Service Agency Administrator as follows:

(1) Except as provided in paragraph (b)(2) of this section, an appeal must be received by the Farm Service Agency Administrator no later than 45 days after receipt of a written notice of denial from the Farm Service Agency Deputy Administrator for Management. After the 45-day period, an appeal may be accepted at the discretion of the Farm Service Agency Administrator if the person shows good cause.

(2) For requests for adjustment or exception involving rated orders placed for the purpose of emergency preparedness (see § 789.13(e)), an appeal must be received by the Farm Service Agency Administrator no later than 15 days after receipt of a written notice of denial from the Farm Service Agency Deputy Administrator for Management.

(c) Contract performance under the order may not be stayed pending resolution of the appeal.

(d) Each appeal must be in writing and contain a complete statement of all the facts and circumstances related to the appealed action and a full and precise statement of the reasons the decision should be modified or reversed.

(e) In addition to the written materials submitted in support of an appeal, an appellant may request, in writing, an opportunity for an informal hearing. This request may be granted or denied at the discretion of the Farm Service Agency Administrator.

(f) When a hearing is granted, the Farm Service Agency Administrator may designate an employee of the Farm Service Agency to conduct the hearing and to prepare a report. The hearing officer will determine all procedural questions and impose such time or other limitations deemed reasonable. If the hearing officer decides that a printed transcript is necessary, the transcript expenses must be paid by the appellant.

(g) When determining an appeal, the Farm Service Agency Administrator may consider all information submitted during the appeal as well as any recommendations, reports, or other relevant information and documents available to USDA, or consult with any other person or group.

Farm Service Agency, USDA

§ 789.73

(h) The submission of an appeal under this section will not relieve any person from the obligation of complying with the provision of this part or official action in question while the appeal is being considered unless such relief is granted in writing by the Farm Service Agency Administrator.

(i) The decision of the Farm Service Agency Administrator will be made within 5 days after receipt of the appeal, or within 1 day for appeals pertaining to emergency preparedness, and will be the final administrative action. The Administrator will issue a written statement of the reasons for the decision to the appellant.

Subpart I—Miscellaneous Provisions

§ 789.70 Protection against claims.

A person will not be held liable for damages or penalties for any act or failure to act resulting directly or indirectly from compliance with any provision of this part, or an official action, even if such provision or action is subsequently declared invalid by judicial or other competent authority.

§ 789.71 Records and reports.

(a) Persons are required to make and preserve for at least 3 years, accurate and complete records of any transaction covered by this part or an official action.

(b) Records must be maintained in sufficient detail to permit the determination, upon examination, of whether each transaction complies with the provisions of this part or any official action. However, this part does not specify any particular method or system to be used.

(c) Records required to be maintained by this part must be made available for examination on demand by duly authorized representatives of USDA as provided in § 789.51.

(d) In addition, persons must develop, maintain, and submit any other records and reports to USDA that may be required for the administration of the Defense Production Act and other applicable statutes, and this part.

(e) Section 705(d) of the Defense Production Act, as implemented by Executive Order 13603, provides that informa-

tion obtained under that section which the Secretary deems confidential, or with reference to which a request for confidential treatment is made by the person furnishing such information, will not be published or disclosed unless the Secretary determines that the withholding of this information is contrary to the interest of the national defense. Information required to be submitted to USDA in connection with the enforcement or administration of the Defense Production Act, this part, or an official action, is deemed to be confidential under section 705(d) of the Defense Production Act and will be handled in accordance with applicable Federal law.

§ 789.72 Applicability of this part and official actions.

(a) This part and all official actions, unless specifically stated otherwise, apply to transactions in any State, territory, or possession of the United States and the District of Columbia.

(b) This part and all official actions apply not only to deliveries to other persons but also include deliveries to affiliates and subsidiaries of a person and deliveries from one branch, division, or section of a single entity to another branch, division, or section under common ownership or control.

(c) This part and its schedules will not be construed to affect any administrative actions taken by USDA, or any outstanding contracts or orders placed based on any of the regulations, orders, schedules, or delegations of authority previously issued by USDA based on authority granted to the President in the Defense Production Act. Such actions, contracts, or orders will continue in full force and effect under this part unless modified or terminated by proper authority.

§ 789.73 Communications.

Except as otherwise provided, all communications concerning this part, including requests for copies of this part and explanatory information, requests for guidance or clarification, and submission of appeals as specified in § 789.61 will be addressed to the Administrator, Farm Service Agency, Room 4752, Mail Stop 0512, USDA, 1400 Independence Ave. SW., Washington,

GENERAL

§ 795.1 [Reserved]

§ 795.2 Applicability.

(a) The provisions of this part are applicable to payments when so provided by the individual program regulations under which the payments are made. The amount of the limitation shall be as specified in the individual program regulations.

(b) The limitation shall be applied to the payments for a commodity for a crop year.

(c) The limitation shall not be applicable to payments made to States, political subdivisions, or agencies thereof for participation in the programs on

lands owned by such States, political subdivisions, or agencies thereof so long as such lands are farmed primarily in the direct furtherance of a public function. However, the limitation is applicable to persons who rent or lease land owned by States, political subdivisions, or agencies thereof.

(d) The limitation shall not be applicable to payments made to Indian tribal ventures participating in the programs where a responsible official of the Bureau of Indian Affairs or the Indian Tribal Council certifies that no more than the program payment limitation shall accrue directly or indirectly to any individual Indian and the State committee reviews and approves the exemption.

(e) Except as provided in part 1497 of this title, this part shall not be applicable to contracts entered into on or after August 1, 1988 in accordance with part 704 of this chapter.

[49 FR 14719, Apr. 13, 1984, as amended at 51 FR 8453, Mar. 11, 1986; 51 FR 36905, Oct. 16, 1986; 53 FR 29570, Aug. 5, 1988]

§ 795.3 Definitions.

(a) The terms defined in part 719 of this chapter, governing reconstitutions of farms, shall be applicable to this part and all documents issued in accordance with this part, except as otherwise provided in this section.

(b)(1) Subject to the provisions of this part, the term "person" shall mean an individual, joint stock company, corporation, association, trust, estate, or other legal entity. In order to be considered to be a separate person for the purposes of this part with respect to any crop, in addition to any other provision of this part, an individual or other legal entity must:

(i) Have a separate and distinct interest in the crop or the land on which the crop is produced;

(ii) Exercise separate responsibility for such interest; and

(iii) Be responsible for payment of the cost of farming related to such interest from a fund or account separate

§ 795.4

from that of any other individual or entity.

(2) The term "person" shall not include any cooperative association of producers that markets commodities for producers with respect to the commodities so marketed for producers.

(c) The term "family member" shall mean the individual, the great-grandparent, grandparent, child, grandchild, and great-grandchild of such individual and the spouses of all such individuals.

(d) The term "separate unit" shall mean an individual who, prior to December 31, 1985: (1) Had been engaged in a separate farming operation and (2) in accordance with the provisions of this part, had been determined to be a separate person or could have so determined under the circumstances existing at such time.

[52 FR 26295, July 14, 1987]

§ 795.4 Family members.

Effective for the 1987 through 1990 crops, an individual shall not be denied a determination that such individual was a "person" solely on the basis that:

(a) A family member cosigns for, or makes a loan to, such individual and leases, loans or gives equipment, land or labor to such an individual; and

(b) Such family members were organized as separate units prior to December 31, 1985.

[52 FR 26295, July 14, 1987]

§ 795.5 Timing for determining status of persons.

Except as otherwise set forth in this part, the status of individuals or entities as of March 1, or such other date as may be determined and announced by the Administrator shall be the basis on which determinations are made in accordance with this part for the year for which the determination is made.

[51 FR 21836, June 16, 1986; 51 FR 36905, Oct. 16, 1986]

§ 795.6 Multiple individuals or other entities.

The rules in §§ 795.5 through 795.16 shall be used to determine whether certain multiple individuals or legal entities are to be treated as one person or as separate persons for the purpose of

7 CFR Ch. VII (1-1-24 Edition)

applying the limitation. In cases in which more than one rule would appear to be applicable, the rule which is most restrictive on the number of persons shall apply.

§ 795.7 Entities or joint operations not considered as a person.

A partnership, joint venture, tenants-in-common, or joint tenants shall not be considered as a person but, notwithstanding the provisions of § 795.3, each individual or other legal entity who shares in the proceeds derived from farming by such joint operations shall be considered a separate person, except as otherwise provided in this part, and shall be listed as a producer for payment purposes on program documents. The payment shares listed on the program documents for each individual or other legal entity shall be the same as each individual or other legal entity shares in the proceeds derived from farming by such joint operation. Notwithstanding the foregoing, each individual or other legal entity who shares in the proceeds derived from farming by such joint operation shall not be considered as a separate person unless the individual or other legal entity is actively engaged in the farming operations of the partnership or other joint operation. An individual or other legal entity shall be considered as actively engaged in the farming operation only if its contribution to the joint operation is commensurate with its share in the proceeds derived from farming by such joint operation. Members of the partnership or joint venture must furnish satisfactory evidence that their contributions of land, labor, management, equipment, or capital to the joint operation are commensurate with their claimed shares of the proceeds. A capital contribution may be a direct out-of-pocket input of a specified sum or an amount borrowed by the individual. If the contribution consists substantially of capital, such capital must have been contributed directly to the joint operation by the individual or other legal entity and not acquired as a result of (a) a loan made to the joint operation, (b) a loan which was made to such individual or other legal entity by the joint operation or any of its members or related entities, or (c) a

Farm Service Agency, USDA

§ 795.10

loan made to such individual or other legal entity which was guaranteed by the joint operation or any of its members or related entities.

§ 795.8 Corporations and stockholders.

(a) A corporation (including a limited partnership) shall be considered as one person, and an individual stockholder of the corporation may be considered as a separate person to the extent that such stockholder is engaged in the production of the crop as a separate producer and otherwise meets the requirements of § 795.3, except that a corporation in which more than 50 percent of the stock is owned by an individual (including the stock owned by the individual's spouse, minor children, and trusts for the benefit of such minor children), or by a legal entity, shall not be considered as a separate person from such individual or legal entity.

(b) Where the same two or more individuals or other legal entities own more than 50 percent of the stock in each of two or more corporations, all such corporations shall be considered as one person.

(c) The percentage share of the value of the stock owned by an individual or other legal entity shall be determined as of March 1 of the crop year, except that where a stockholder voluntarily acquires stock after March 1 and before the harvest of the crop, the amount of any stock so acquired shall be included in determining the percentage share of the value of the stock owned by the stockholder. Where there is only one class of stock, a stockholder's percentage share of the value of the outstanding stock shall be equal to the percentage of the outstanding stock owned by the stockholder. If the corporation has more than one class of stock the percentage share of the value of the stock owned by a stockholder shall be determined by the Deputy Administrator on the basis of market quotations, and if market quotations are lacking or too scarce to be recognized the percentage share of the value of the stock shall be determined by the Deputy Administrator on the basis of all relevant factors affecting the fair

market value, including the rights and privileges of the various stock issues.

§ 795.9 Estate or trust.

(a) An estate or irrevocable trust shall be considered as one person except that, where two or more estates or irrevocable trusts have common beneficiaries or heirs (including spouses and minor children) with more than a 50-percent interest, all such estates or irrevocable trusts shall be considered as one person.

(b) An individual heir of an estate or beneficiary of a trust may be considered as a separate person to the extent that such heir or beneficiary is engaged in the production of crops as a separate producer and otherwise meets the requirements of § 795.3, except that an estate or irrevocable trust which has a sole heir or beneficiary shall not be considered as a separate person from such heir or beneficiary.

(c) Where an irrevocable trust or an estate is a producer on a farm and one or more of the beneficiaries or heirs of such trust or estate are minor children, the minor children's pro rata share of the program payments to the trust or estate shall be attributed to the parent of the minor children except as otherwise provided in § 795.12.

(d) A revocable trust shall not be considered as a separate person from the grantor.

§ 795.10 Club, society, fraternal or religious organization.

Each individual club, society, fraternal or religious organization may be considered as a separate person to the extent that each such club, society, fraternal or religious organization is engaged in the production of crops as a separate producer and otherwise meets the requirements of § 795.3.

§ 795.11

§ 795.11 Husband and wife.

With respect to the 1988 crop year, a husband and wife shall be considered to be one person except that such individuals who, prior to their marriage, were separately engaged in unrelated farming operations will be determined to be separate persons with respect to such farming operations so long as the operations remain separate and distinct from any farming operation conducted by the other spouse if such individuals have executed a Contract to Participate in the 1988 Price Support and Production Adjustment Programs by April 15, 1988. Such individuals must file a form FSA-561 with the county committee for each such farming operation by July 8, 1988, if they desire to be considered as separate persons under this section.

[53 FR 21410, June 8, 1988]

§ 795.12 Minor children.

(a) A minor child and his parents or guardian (or other person responsible for him) shall be considered as one person, except that the minor child may be considered as a separate person if such minor child is a producer on a farm in which the parents or guardian or other person responsible for him (including any entity in which the parents or guardian or other person responsible for him has a substantial interest, *i.e.*, more than a 20-percent interest) takes no part in the operation of the farm (including any activities as a custom farmer) and owns no interest in the farm or allotment or in any portion of the production on the farm, and if such minor child:

(1) Is represented by a court-appointed guardian who is required by law to make a separate accounting for the minor and ownership of the farm is vested in the minor, or

(2) Has established and maintains a different household from his parents or guardian and personally carries out the actual farming operations on the farm for which there is a separate accounting, or

(3) Has a farming operation resulting from his being the beneficiary of an irrevocable trust and ownership of the property is vested in the trust or the minor.

7 CFR Ch. VII (1-1-24 Edition)

(b) A person shall be considered a minor until he reaches 18 years of age. Court proceedings conferring majority on a person under 18 years of age will not change such person's status as a minor for purposes of applying the regulations.

§ 795.13 Other cases.

Where the county committee is unable to determine whether certain individuals or legal entities involved in the production of a commodity are to be treated as one person or separate persons, all the facts regarding the arrangement under which the commodity is produced shall be submitted to the State committee for decision. Where the State committee is unable to determine whether such individuals or legal entities are to be treated as one person or separate persons, all the facts regarding the arrangement under which the farming operation is conducted shall be submitted to the Deputy Administrator for decision.

§ 795.14 Changes in farming operations.

(a) Subject to the provisions of this part, a person may exercise his or her right heretofore existing under law, to divide, sell, transfer, rent, or lease his or her property if such division, sale, transfer, rental arrangement, or lease is legally binding as between the parties thereto. However, any document representing a division, sale, transfer, rental arrangement, or lease which is fictitious or not legally binding as between the parties thereto shall be considered to be for the purpose of evading the payment limitation and shall be disregarded for the purpose of applying the payment limitation. Any change in farming operations that would otherwise serve to increase the number of persons for application of the payment limitation must be bona fide and substantive.

(b) A substantive change includes, for example, a substantial increase or decrease in the size of the farm by purchase, sale, or lease; a substantial increase or decrease in the size of allotment by purchase, sale, or lease; a change from a cash lease to a share lease or vice versa; and dissolution of

Farm Service Agency, USDA

§ 795.16

an entity such as a corporation or partnership.

(c) Examples of the types of changes that would not be considered as substantive are the following:

Example 1. A corporation is owned equally by four shareholders. The corporation owns land, buildings, and equipment and in the prior year carried out substantial farming operations. Three of the shareholders propose forming a partnership which they would own equally. The partnership would cash lease land and equipment from the corporation with the objective of having the three partners considered as separate persons for purposes of applying the payment limitation under the provisions of § 795.7 of the regulations.

The formation of such a partnership and the leasing of land from a corporation in which they hold a major interest would not constitute a substantive and bona fide change in operations. Therefore, the corporation and the partners would be limited to a single payment limitation.

Example 2. Three individuals each have individual farming operations which, if continued unchanged, would permit them to have a total of three payment limitations.

The three individuals propose forming a corporation which they would own equally. The corporation would then cash lease a portion of the farmland owned and previously operated by the individuals with the objective of having the corporation considered as a separate person for purposes of applying the payment limitation under the provisions of § 795.8 of the regulations. The formation of such a corporation and the leasing of land from the stockholders would not constitute a substantive and bona fide change in operations. Therefore, the corporation and the three individuals would be limited to three payment limitations.

§ 795.15 Determining whether agreement is a share lease or a cash lease.

(a) *Cash lease.* If a rental agreement contains provisions for a guaranteed minimum rental with respect to the amount of rent to be paid to the landlord by a tenant, such agreement shall be considered to be a cash rental agreement. In addition, the rental agreement must be customary and reasonable for the area.

(b) *Share lease.* If a rental agreement contains provisions that require the payment of rent on the basis of the amount of the crop produced or the proceeds derived from the crop, such agreement shall be considered to be a

share rental agreement. In addition, the rental agreement must be customary and reasonable for the area.

[51 FR 8454, Mar. 11, 1986]

§ 795.16 Custom farming.

(a) Custom farming is the performance of services on a farm such as land preparation, seeding, cultivating, applying pesticides, and harvesting for hire with remuneration on a unit of work basis, except that, for the purpose of applying the provisions of this section, the harvesting of crops and the application of agricultural chemicals by firms regularly engaged in such businesses shall not be regarded as custom farming. A person performing custom farming shall be considered as being separate from the person for whom the custom farming is performed only if:

(1) The compensation for the custom farming is paid at a unit of work rate customary in the area and is in no way dependent upon the amount of the crop produced, and (2) the person performing the custom farming (and any other entity in which such person has more than a 20-percent interest) has no interest, directly or indirectly, (i) in the crop on the farm by taking any risk in the production of the crop, sharing in the proceeds of the crop, granting or guaranteeing the financing of the crop, (ii) in the allotment on the farm, or (iii) in the farm as landowner, landlord, mortgage holder, trustee, lienholder, guarantor, agent, manager, tenant, sharecropper, or any other similar capacity.

(b) A person having more than a 20-percent interest in any legal entity performing custom farming shall be considered as being separate from the person for whom the custom farming is performed only if:

(1) The compensation for the custom farming service is paid at a unit of work rate customary in the area and is in no way dependent upon the amount of the crop produced, and (2) the person having such interest in the legal entity performing the custom farming has no interest, directly or indirectly, (i) in the crop on the farm by taking any risk in the production of the crop, sharing in the proceeds of the crop, granting or guaranteeing the financing

§ 795.17

of the crop, (ii) in the allotment on the farm, or (iii) in the farm as landowner, landlord, mortgage holder, trustee, lienholder, guarantor, agent, manager, tenant, sharecropper, or in any other similar capacity.

§ 795.17 Scheme or device.

All or any part of the payments otherwise due a person under the upland cotton, wheat, feed grain and rice programs on all farms in which the person has an interest may be withheld or required to be refunded if the person adopts or participates in adopting any scheme or device designed to evade or which has the effect of evading the rules of this part. Such acts shall include, but are not limited to, concealing from the county committee any information having a bearing on the application of the rules of this part or submitting false information to the county committee (for example, a set-aside agreement which is entered into that differs from information furnished to the county committee concerning the manner in which program payments are actually shared, concerning the actual facts of a sale, or concerning the transfer of property) or creating fictitious entities for the purpose of concealing the interest of a person in a farming operation.

§ 795.20 Joint and several liability.

Where two or more individuals or legal entities, who are treated as one person hereunder, receive payments which in the aggregate exceed the limitation, such individuals or legal entities shall be liable, jointly and severally, for any liability arising therefrom. The provisions of this part requiring the refund of payments shall be applicable in addition to any liability under criminal and civil fraud statutes.

7 CFR Ch. VII (1-1-24 Edition)

§ 795.21 Appeals.

Any person may obtain reconsideration and review of determinations made under this part in accordance with the appeal regulations, part 780 of this chapter, as amended.

§ 795.22 Interpretations.

In interpretations previously issued pursuant to the payment limitation regulations and published at 36 FR 16569, 37 FR 3049, 39 FR 15021 and 41 FR 17527 shall be applicable in construing the provisions of this part.

§ 795.23 Paperwork Reduction Act assigned number.

The information collection requirements contained in these regulations (7 CFR part 795) have been approved by the Office of Management and Budget under the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB control number 0560-0096.

[49 FR 14719, Apr. 13, 1984]

§ 795.24 Relief.

If a producer relied on a county committee and/or State committee "person" determination for a crop year and higher reviewing authority makes a more restrictive determination, the Deputy Administrator may grant relief only for such crop year if the producer was not afforded an opportunity to exercise other alternatives with respect to the producer's farming operation and the program provisions and the county committee has determined that the producers acted in good faith based upon the original "person" determination.

SUBCHAPTER F—PUBLIC RECORDS

PART 798—AVAILABILITY OF INFORMATION TO THE PUBLIC

- Sec.
798.1 General statement.
798.2 Public inspection and copying.
798.3 Index.
798.4 Requests for records.
798.5 Appeals.
798.6 Fees.

AUTHORITY: 5 U.S.C. 301, 552; 7 CFR 1.1 through 1.16.

SOURCE: 44 FR 10353, Feb. 20, 1979, unless otherwise noted.

§ 798.1 General statement.

This part is issued in accordance with the regulations of the Secretary of Agriculture at 7 CFR 1.1 through 1.16, and appendix A, implementing the Freedom of Information Act (5 U.S.C. 552). The Secretary's regulations as implemented by the regulations in this part, govern the availability of records of the FSA and Commodity Credit Corporation (CCC) to the public.

§ 798.2 Public inspection and copying.

5 U.S.C. 552(a)(2) requires that certain materials be made available for public inspection and copying. Members of the public may request access to such materials maintained by FSA and/or CCC at the Office of the Director, Information Division, Farm Service Agency, Room 3608 South Building, P.O. Box 2415, Washington, DC 20013, between the hours of 8:15 and 4:45 p.m., Monday through Friday.

[50 FR 53259, Dec. 31, 1985]

§ 798.3 Index.

5 U.S.C. 552(a)(2) requires that each agency publish or otherwise make available a current index of all materials required to be made available for public inspection and copying. FSA maintains an index of FSA National Handbooks, CCC Board Dockets, decisions of the Board of Contract Appeals of the Department of Agriculture affecting FSA or CCC, and Marketing Quota Review Committee determinations. In view of the small number of public requests for such index, publica-

tion of the index is unnecessary and impractical. The index is maintained and available to the public at the office shown in § 798.2 and copies of the index are available upon request in person or by mail to that office.

§ 798.4 Request for records.

Request for records under 5 U.S.C. 552(a)(3) shall be made in accordance with 7 CFR 1.3. Reasonable requests for material not in existence may also be honored where their compilation will not unduly interfere with FSA operations and programs. Each FSA office in the field and each FSA office and division in Washington (see statement of Organization and Functions of FSA, 40 FR 18815, and of CCC, 35 FR 14951, and any amendments thereto) is designated as an "information center" and shall make space available to inspect and copy records in their custody not exempted from disclosure. Copies of records shall also be made available upon request. The head of each office or division is authorized to receive requests for records and to make determinations regarding requests for records in the office's custody in accordance with 7 CFR 1.4(c). Requests to Washington divisions and offices shall be addressed to USDA, FSA, P.O. Box 2415, Washington, D.C. 20013. The heads of FSA field offices shall be addressed as listed in the local telephone directory under "U.S. Government, Department of Agriculture, FSA". Names and addresses of heads of field offices may also be obtained from the office indicated in § 798.2.

§ 798.5 Appeals.

Any person whose request under § 798.4 of this part is denied shall have the right to appeal such denial. This appeal shall be submitted in accordance with 7 CFR 1.3(e) and addressed to the Administrator, FSA (Executive Vice-President, CCC), USDA, FSA, P.O. Box 2415, Washington, D.C. 20013.

§ 798.6 Fees.

This schedule supplements the fee schedule in 7 CFR, part 1, subpart A,

§ 798.6

7 CFR Ch. VII (1-1-24 Edition)

appendix A and sets forth the fees to be charged by FSA for providing copies of records, materials, and services not covered in appendix A:

(a) Records, materials and services furnished without cost.

(1) One copy each of related directives, or blank forms required by FSA for program participation, if requester is a program participant.

(2) List of names and addresses of county and/or community committee members, and names of county employees in the county.

(3) One copy of an investigation report furnished to an appellant for a program appeal.

(b) Records, materials and services for which fees are charged.

(1) *National handbooks*. Three dollars for the first copy. One dollar for each additional copy. (The term “copy” includes all national amendments to date. They will be furnished separately for the requester to assemble).

§ 799.2 FSA environmental policy.

(a) FSA will:

(1) Use all practical means to protect and, where possible, improve the quality of the human environment and avoid or minimize any adverse environmental effects of FSA actions;

(2) Ensure protection of basic resources, including important farmlands and forestlands, prime rangelands, wetlands, floodplains, and other protected resources. Consistent with Departmental Regulations and related Executive Orders, it is FSA policy not to approve or fund proposed actions that, as a result of their identifiable impacts, direct, indirect, or cumulative, would lead to or accommodate either the conversion of these land uses or encroachment upon them.

Farm Service Agency, USDA

§ 799.4

(3) Ensure that the requirements of NEPA and other State and national environmental policies designed to protect and manage impacts on the human environment are addressed:

(i) As required by 40 CFR 1501.2, at the earliest feasible stage in the planning of any FSA action,

(ii) Concurrently and in a coordinated manner,

(iii) During all stages of the decision making process,

(iv) Using professional and scientific integrity in their discussions and analyses, identifying applicable methodologies, and explaining the use of the best available information, and

(v) In consultation with all interested parties, including Federal, State, and Tribal governments;

(4) As appropriate, make environmental review available to the public through various means, which can include, but are not limited to: Posting on the National FSA Web site or a State FSA Web site, publishing in the *Federal Register*, or publishing in a newspaper in the area of interest; and

(5) Ensure that, if an FSA proposed action represents one of several phases of a larger action, the entire action is the subject of an environmental review independent of the phases of funding. If the FSA proposed action is one segment of a larger action, the entire action will be used in determining the appropriate level of FSA environmental review.

(b) A proposed action that consists of more than one categorically excluded proposed action may be categorically excluded only if all components of the proposed action are included within one or more categorical exclusions and trigger no extraordinary circumstances. The component of a proposed action that requires the highest level of NEPA review will be used to determine the required level of the NEPA review.

(a) Except as provided for in paragraph (b) of this section, this part applies to:

(1) The development or revision of FSA rules, regulations, plans, policies, or procedures;

(3) FSA legislative proposals, not including appropriations requests, developed by FSA or with significant FSA cooperation and support.

(b) This part does not apply to FSA programs specifically exempted from environmental review by the authorizing legislation for those programs.

(b) The definitions in 40 CFR part 1508 apply and are supplemented by parts 718 and 1400 of this title; in the event of a conflict the definitions in this section will be controlling. In addition, the following definitions apply to this part:

Consultation means the process of soliciting, discussing, and considering the views of other participants in the environmental review process and working toward agreement where feasible.

Environmental screening worksheet, or ESW, means the FSA screening procedure used to record the use of categorical exclusions, review if a proposed action that can be categorically excluded involves extraordinary circumstances, and evaluate the appropriate level and extent of environmental review needed in an EA or EIS when a categorical exclusion is not available or not appropriate. For the purposes of this part, the ESW may be represented by alternate documentation comparable to the ESW, and that has been approved in advance by the NECM, such as related environmental documentation, including, but not limited to, the related documentation from another agency.

Financial assistance means any form of loan, loan guarantee, grant, guaranty, insurance, payment, rebate, subsidy, or any other form of direct or indirect Federal monetary assistance.

Plow zone means the depth of previous tillage or disturbance.

Programmatic Environmental Assessment (PEA) means an assessment prepared when the significance of impacts of a program are uncertain to assist in making this determination.

Programmatic Environmental Impact Statement (PEIS) means an analysis of the potential impacts that could be associated with various components of a program or proposed action that may not yet be clearly defined or even known, to determine if the program or its various components have the potential to significantly affect the quality of the human environment.

Program participant means any person, agency, or other entity that applies for or receives FSA program benefits or assistance.

Protected resources means environmentally sensitive resources that are protected by laws, regulations, or Executive Orders for which FSA proposed actions may pose potentially significant environmental effects.

State Historic Preservation Officer (SHPO) means the state official appointed or designated under the NHPA to administer a State historic preservation program, or a representative to act for the SHPO.

§ 799.7 FSA program participant responsibilities.

(a) Potential FSA program participants requesting FSA assistance must do all of the following:

(1) Consult with FSA early in the process about potential environmental concerns associated with program participation. The program participation information required to start participation in an FSA program varies by FSA program and may be in the form of an offer, enrollment, sign-up, contract, note and security agreement, or other as is required by the relevant FSA program.

(2) Submit applications for all Federal, regional, State, and local approvals and permits early in the planning process.

(3) Coordinate the submission of program participation information to FSA and other agencies (for example, if a conservation plan is required, then the program participation information is also submitted to USDA's Natural Resources Conservation Service).

(4) Work with other appropriate Federal, State, and Tribal governments to ensure all environmental factors are identified and impacts addressed and, to the extent possible, mitigated, consistent with how mitigation is defined in 40 CFR 1508.20.

(5) Inform FSA of other Federal, State, and Tribal government environmental reviews that have previously been completed or required of the program participant.

(6) Provide FSA with a list of all parties affected by or interested in the proposed action.

(7) If requested by FSA, provide information necessary for FSA to evaluate a proposed action's potential environmental impacts and alternatives.

(8) Ensure that all compliance documentation provided is current, sufficiently detailed, complete, and submitted in a timely fashion.

(9) Be in compliance with all relevant laws, regulations, and policies regarding environmental management and protection.

(10) Not implement any component of the proposed action prior to the completion of FSA's environmental review and final decision, or FSA's approval for that proposed action, consistent with 40 CFR 1506.1.

(b) When FSA receives program participation information for assistance or notification that program participation information will be filed, FSA will contact the potential program participant about the environmental information the program participant must provide as part of the process. This required information may include:

(1) Design specifications;

(2) Topographical, aerial, and location maps;

(3) Surveys and assessments necessary for determining the impact on

§ 799.8 Significant environmental effect.

(a) In determining whether a proposed action will have a significant effect on the quality of the human environment, FSA will consider the proposed action's potential effects in the context of society as a whole, the affected region and interests, the locality, and the intensity of the potential impact as specified in 40 CFR 1508.27.

(b) [Reserved]

7 CFR Ch. VII (1–1–24 Edition)

impact or limit the range of alternatives until FSA completes its environmental review by doing one of the following:

(1) Determines that the proposed action is categorically excluded under NEPA under subpart D of this part and does not trigger any extraordinary circumstances; or

(2) Issues a FONSI or ROD under subpart E or F of this part.

(b) FSA may approve interim actions related to proposed actions provided the:

(1) Interim actions will not have an adverse environmental impact;

(2) Expenditure is necessary to maintain a schedule for the proposed action;

(3) Interim actions and expenditures will not compromise FSA's environmental compliance review and decision making process for the larger action;

(4) Interim actions and expenditures will not segment otherwise connected actions; and

(5) NEPA and associated environmental compliance review has been completed for the interim action or expenditure.

(c) FSA and program participants may develop preliminary plans or designs, or perform work necessary to support an application for Federal, State, or local permits or assistance, during the NEPA review process, provided all requirements in paragraphs (a) and (b) of this section are met.

§ 799.12 Emergency circumstances.

(a) If emergency circumstances exist that make it necessary to take action to mitigate harm to life, property, or important natural, cultural, or historic resources, FSA may take an action with significant environmental impact without complying with the requirements of this part.

(b) If emergency circumstances exist, the NECM will consult with CEQ as soon as feasible about alternative NEPA arrangements for controlling the immediate impact of the emergency, as specified in 40 CFR 1506.11.

(c) If emergency circumstances exist, the FPO will follow the emergency procedures specified in 36 CFR 800.12 regarding preservation of historic properties, if applicable.

(d) FSA assistance provided in response to a Presidentially-declared disaster under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended, 42 U.S.C. 5121–5207, is exempt from NEPA requirements, as specified in 42 U.S.C. 5159. Under a Presidentially-declared disaster, the following actions to specifically address immediate post-emergency health or safety hazards are exempt from environmental compliance requirements:

(1) Clearing roads and constructing temporary bridges necessary for performing emergency tasks and essential community services;

(2) Emergency debris removal in support of performing emergency tasks and essential community services;

(3) Demolishing unsafe structures that endanger the public or could create a public health hazard if not demolished;

(4) Disseminating public information and assistance for health and safety measures;

(5) Providing technical assistance to State, regional, local, or Tribal governments on disaster management control;

(6) Reducing immediate threats to life, property, and public health and safety; and

(7) Warning of further risks and hazards.

(c) Proposed actions other than those specified in paragraph (d) of this section that are not specifically to address immediate post-emergency health or safety hazards require the full suite of environmental compliance requirements and are not exempt.

§ 799.13 FSA as lead agency.

(a) When FSA acts as the lead agency in a NEPA review as specified in 40 CFR 1501.5, FSA will:

(1) Coordinate its review with other appropriate Federal, State, and Tribal governments; and

(2) Request other agencies to act as cooperating agencies as specified in 40 CFR 1501.6, and defined in 40 CFR 1508.5, as early in the review process as possible.

(b) If FSA acts as a lead agency for a proposed action that affects more than

Farm Service Agency, USDA

§ 799.16

one State, the NECM will designate one SEC to act as RAO.

(c) If the role of lead agency is disputed, the NECM will refer the matter to the FSA Administrator, who will attempt to resolve the matter with the other agency. If the Federal agencies cannot agree which will serve as the lead agency, the FSA Administrator will follow the procedures specified in 40 CFR 1501.5(e) to request that CEQ determine the lead agency.

§ 799.14 FSA as cooperating agency.

(a) FSA will act as a cooperating agency if requested by another agency, as specified in 40 CFR 1501.6 and defined in 40 CFR 1508.5. However, FSA may decline another agency's request if FSA determines the proposed action does not fall within FSA's area of expertise or FSA does not have jurisdiction by law. If FSA declines such a request to cooperate, that will be documented in writing to the requesting agency and a copy will be provided to CEQ.

(b) FSA may request to be designated as a cooperating agency if another agency's proposed action falls within FSA's area of expertise.

§ 799.15 Public involvement in environmental review.

(a) FSA will involve the public in the environmental review process as early as possible and in a manner consistent with 40 CFR 1506.6. To determine the appropriate level of public participation, FSA will consider:

(1) The scale of the proposed action and its probable effects;

(2) The likely level of public interest and controversy; and

(3) Advice received from knowledgeable parties and experts.

(b) Depending upon the scale of the proposed action, FSA will:

(1) Coordinate public notices and consultation with the U.S. Fish and Wildlife Service, USDA's Natural Resources Conservation Service, Federal Emergency Management Agency, the National Marine Fisheries Service, the U.S. Army Corps of Engineers, and other agencies, as appropriate, if wetlands, floodplains, ESA-listed species, or other protected resources have the potential to be impacted;

(2) Make appropriate environmental documents available to interested parties by request;

(3) Publish a Notice of Intent (NOI) to prepare an EIS, as specified in subpart F of this part; and

(4) Publish a Notice of Availability (NOA) of draft and final EISs and RODs, as specified in subpart F of this part.

(c) If the effects of a proposed action are local in nature and the scale of the proposed action is likely to generate interest and controversy at the local level, then in addition to the proposed actions specified in paragraphs (a) and (b) of this section, FSA will:

(1) Notify appropriate State, local, regional, and Tribal governments and clearinghouses, and parties and organizations, including the State Historic Preservation Officer (SHPO) and Tribal Historic Preservation Officer (THPO), known to have environmental, cultural, and economic interests in the locality affected by the proposed action; and

(2) Publish notice of the proposed action in the local media.

(d) Public review for 30 days for a FONSI is necessary if any of the limited circumstances specified in 40 CFR 1501.4(e)(2)(i) or (ii) applies.

§ 799.16 Scoping.

(a) FSA will determine the appropriate scoping process for the environmental review of a proposed action based on the nature, complexity, potential significance of effects, and level of controversy of the proposed action.

(b) As part of its scoping process, FSA will:

(1) Invite appropriate Federal, State, and Tribal governments, and other interested parties to participate in the process, if determined necessary by FSA;

(2) Identify the significant issues to be analyzed;

(3) Identify and eliminate from further review issues that were determined not significant or have been adequately addressed in any prior environmental reviews;

(4) Determine the roles of lead and cooperating agencies, if appropriate;

(5) Identify any related EAs or EISs;

§ 799.17

7 CFR Ch. VII (1–1–24 Edition)

(6) Identify other environmental reviews and consultation requirements, including NHPA requirements and State, local, regional, and Tribal requirements, so they are integrated into the NEPA process;

(7) Identify the relationship between the timing of the environmental review process and FSA’s decision making process;

(8) Determine points of contact within FSA; and

(9) Establish time limits for the environmental review process.

(c) FSA may hold public meetings as part of the scoping process, if appropriate and as time permits. The process that FSA will use to determine if a public scoping meeting is needed, and how such meetings will be announced, is specified in § 799.17.

§ 799.17 Public meetings.

(a) In consultation with the NECM, the SEC will determine if public meetings will be held on a proposed action to:

(1) Inform the public about the details of a proposed action and its possible environmental effects;

(2) Gather information about the public concerns; and

(3) Resolve, address, or respond to issues raised by the public.

(b) In determining whether to hold a public meeting, FSA will consider and determine whether:

(1) There is substantial controversy concerning the environmental impact of the proposed action;

(2) There is substantial interest in holding a public meeting;

(3) Another Federal agency or Tribal government has requested a public scoping meeting and their request is warranted; or

(4) The FSA Administrator has determined that a public meeting is needed.

(c) FSA will publish notice of a public meeting, including the time, date and location of the meeting, in the local media or *Federal Register*, as appropriate, at least 15 days before the first meeting. A notice of a public scoping meeting may be included in a Notice of Intent to prepare an EIS.

(d) If a NEPA document is to be considered at a public meeting, FSA will make the appropriate documentation available to the public at least 15 days before the meeting.

§ 799.18 Overview of FSA NEPA process.

If the proposed action:	FSA:
Is an emergency action	Follows the procedures in § 799.12
Is exempt from section 102(2)(C) of NEPA (42 U.S.C. 4332(2)(C)) by authorizing legislation for the program.	Implements the action.
Is categorically excluded under § 799.31(b) or § 1b.3 of this title	Implements the action after recording the specific categorical exclusion on the ESW (no review needed).
Is a proposed action that has the potential to impact historic properties as specified in § 799.33(e) and therefore requires the completion of an ESW.	Completes an ESW to determine if there will be an impact on historic properties. FSA will prepare an EA or EIS, as indicated, before implementing the action.
Is a categorically excluded proposed action listed in § 799.32 that requires the completion of an ESW.	Completes an ESW to determine whether extraordinary circumstances are present, as defined in § 799.33. This review includes a determination of whether the proposed action will potentially impact protected resources. If there are no extraordinary circumstances, FSA implements the action; if there are extraordinary circumstances, FSA will prepare an EA or EIS, as indicated, before implementing the action.
Involves a category of proposed actions requiring an EA listed in § 799.41.	Prepares an EA.
Involves a category of proposed actions requiring an EIS listed in § 799.51.	Prepares an EIS.

Subpart C—Environmental Screening Worksheet

§ 799.20 Purpose of the ESW.

(a) FSA uses the ESW as an initial screening tool to evaluate record the use of a categorical exclusion for a pro-

posed action and to determine the required type of environmental review.

(b) Review with the ESW is not required for proposed actions that are categorically excluded as specified in § 799.31(b) or § 1b.3 of this title, or for

proposed actions where FSA determines at an early stage that there is a need to prepare an EA or EIS.

Subpart D—Categorical Exclusions

§ 799.30 Purpose of categorical exclusion process.

(a) FSA has determined that the categories of proposed actions listed in §§ 799.31 and 799.32 do not normally individually or cumulatively have a significant effect on the human environment and do not threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, including requirements of Executive Orders and other USDA regulations in this chapter. Based on FSA's previous experience implementing these actions and similar actions through the completion of EAs, these proposed actions are categorically excluded.

(b) If a proposed action falls within one of the categories of proposed actions listed in § 1b.3 of this title, § 799.31, or § 799.32, and there are no extraordinary circumstances present as specified in § 799.33, then the proposed action is categorically excluded from the requirements to prepare an EA or an EIS.

(c) Those proposed actions in categories in § 799.31 or § 799.32 will be considered categorical exclusions unless it is determined there are extraordinary circumstances, as specified in § 799.33.

§ 799.31 Categorical exclusions to be recorded on an ESW.

(a) Proposed actions listed in this section involve no new ground disturbance below the existing plow zone (does not exceed the depth of previous tillage or disturbance) and therefore only need to be recorded on the ESW; no further review will be required. Unless otherwise noted, the proposed actions in this section also do not have the potential to cause effects to historic properties, and will therefore not be reviewed for compliance with section 106 of NHPA (54 U.S.C. 306108) or its implementing regulations, 36 CFR part 800. However, some proposed actions may require other Federal consultation to determine if there are extraordinary circumstances as specified in § 799.33.

(b) The following proposed actions are categorically excluded. These proposed actions are grouped into broader categories of similar types of proposed actions. Those proposed actions that are similar in scope (purpose, intent, and breadth) and the potential significance of impacts to those listed in this section, but not specifically listed in § 799.31 or § 799.32, will be considered categorical exclusions in this category, unless it is determined that extraordinary circumstances exist, as specified in § 799.33:

§ 799.32 Categorical exclusions requiring review with an ESW.

(a) Proposed actions listed in this section may be categorically excluded after completion of a review with an ESW to document that a proposed action does not involve extraordinary circumstances as specified in § 799.33.

(b) This section has two types of categorical exclusions, one without construction and ground disturbance and one with construction and ground disturbance that will require additional environmental review and consultation in most cases.

(c) Consultations under NHPA, ESA, and other relevant environmental mandates, may be required to document that no extraordinary circumstances exist.

(d) The following proposed actions are grouped into broader categories of similar types of proposed actions without ground disturbance. Those proposed actions that are similar in scope (purpose, intent, and breadth) and the potential significance of impacts to those listed in this section, but not specifically listed in this section, will be considered categorical exclusions in this category, unless it is determined that extraordinary circumstances exist, as specified in § 799.33:

(1) *Loan actions.* The following list includes categorical exclusions for proposed actions related to FSA loans:

- (i) Farm storage and drying facility loans for added capacity;
- (ii) Loans for livestock purchases;

- (ii) Fish stream improvement;
- (iii) Grazing land mechanical treatment; and
- (iv) Inventory property disposal or lease without protective easements or covenants (this proposed action, in particular, has the potential to cause effects to historic properties and therefore requires analysis under section 106 of NHPA (54 U.S.C. 306108), as well as under the ESA and wetland protection requirements).

(e) The following proposed actions are grouped into broader categories of similar types of proposed actions with ground disturbance, each of the listed proposed actions has the potential for extraordinary circumstances because they include construction or ground disturbance. Therefore, additional environmental review and consultation will be necessary in most cases. Those proposed actions that are similar in scope (purpose, intent, and breadth) and the potential significance of impacts to those listed in this section, but not specifically listed in this section, will be considered categorical exclusions in this category, unless it is determined that extraordinary circumstances exist, as specified in § 799.33:

(1) *Loan actions.* The following list includes categorical exclusions for proposed actions related to FSA loans:

§ 799.33 **Extraordinary circumstances.**

(a) As specified in 40 CFR 1508.4, in the definition of categorical exclusion, procedures are required to provide for extraordinary circumstances in which a normally categorically excluded action may have a significant environmental effect. The presence and impacts of extraordinary circumstances require heightened review of proposed actions that would otherwise be categorically excluded. Extraordinary circumstances include, but are not limited to:

- (1) Scientific controversy about environmental effects of the proposed action;
- (2) Impacts that are potentially adverse, significant, uncertain, or involve unique or unknown risks, including, but not limited to, impacts to protected resources. Protected resources include, but are not limited to:
 - (i) Property (for example, sites, buildings, structures, and objects) of historic, archeological, or architectural significance, as designated by Federal, Tribal, State, or local governments, or property eligible for listing on the National Register of Historic Places;
 - (ii) Federally-listed threatened or endangered species or their habitat (including critical habitat), or Federally-proposed or candidate species or their habitat;

(4) A proposed action that is related to other proposed actions with cumulative impacts (40 CFR 1508.25(a)(2));

(5) A proposed action that does not comply with 40 CFR 1506.1, “Limitations on actions during NEPA process;” and

(6) A proposed action that violates any existing Federal, State, or local government law, policy, or requirements (for example, wetland laws, Clean Water Act-related requirements, water rights).

(b) FSA will use the ESW to review proposed actions that are eligible for categorical exclusion to determine if extraordinary circumstances exist that could impact protected resources. If an extraordinary circumstance exists, and cannot be avoided or appropriately mitigated, an EA or EIS will be prepared, as specified in this part. Specifically, FSA will complete a review with the ESW for proposed actions that fall within the list of categorical exclusions specified in § 799.32 to determine whether extraordinary circumstances are present.

(c) For any proposed actions that have the potential to cause effects to historic properties, endangered species, waters of the United States, wetlands, and other protected resources, FSA will ensure appropriate analyses is completed to comply with the following mandates:

(1) For section 106 of the NHPA (54 U.S.C. 306108), the regulations in 36 CFR part 800, “Protection of Historic Properties;” if an authorized technical representative from another Federal agency assists with compliance with 36 CFR part 800, FSA will remain responsible for any consultation with SHPO, THPO, or Tribal governments;

(2) For section 7 of the ESA that governs the protection of Federally proposed, threatened and endangered species and their designated and proposed critical habitats; and

(3) For the Clean Water Act and related Executive Order provisions for avoiding impacts to wetlands and waters of the United States, including impaired waters listed under Section 303(d) of the Clean Water Act.

(d) If technical assistance is provided by another Federal agency, FSA will ensure that the environmental documentation provided is commensurate to or exceeds the requirements of the FSA ESW. If it is not, a review with an ESW is needed to determine if an EA or EIS is warranted.

§ 799.34 Establishing and revising categorical exclusions.

(a) As part of the process to establish a new categorical exclusion, FSA will consider all relevant information, including the following:

(1) Completed FSA NEPA documents;

(2) Other Federal agency NEPA documents on proposed actions that could be considered similar to the categorical exclusion being considered;

(3) Results of impact demonstration or pilot projects;

(4) Information from professional staff, expert opinions, and scientific analyses; and

(5) The experiences of FSA, private, and public parties that have taken similar actions.

(b) FSA will consult with CEQ and appropriate Federal agencies while developing or modifying a categorical exclusion.

(c) Before establishing a new final categorical exclusion, FSA will follow the CEQ specified process for establishing Categorical Exclusions, including consultation with CEQ and an opportunity for public review and comment as required by 40 CFR 1507.3.

(d) FSA will maintain an administrative record that includes the supporting information and findings used in establishing a categorical exclusion.

(e) FSA will periodically review its categorical exclusions to identify and revise exclusions that no longer effectively reflect environmental circumstances or current FSA program scope.

(f) FSA will use the same process specified in this section and the results of its periodic reviews to revise a categorical exclusion or remove a categorical exclusion.

Subpart E—Environmental Assessments

§ 799.40 Purpose of an EA.

(a) FSA prepares an EA to determine whether a proposed action would significantly affect the environment, and to consider the potential impacts of reasonable alternatives and the potential mitigation measures to the alternatives and proposed action.

(b) FSA will prepare a PEA to determine if proposed actions that are broad in scope or similar in nature have cumulative significant environmental impacts, although the impacts of the proposed actions may be individually insignificant.

(c) The result of the EA process will be either a FONSI or a determination that an EIS is required. FSA may also determine that a proposed action will significantly affect the environment without first preparing an EA; in that case, an EIS is required.

§ 799.41 When an EA is required.

(a) Proposed actions that require the preparation of an EA include the following:

- (1) New Conservation Reserve Enhancement Program (CREP) agreements;
- (2) Development of farm ponds or lakes greater than or equal to 20 acres;
- (3) Restoration of wetlands greater than or equal to 100 acres aggregate;
- (4) Installation or enlargement of irrigation facilities, including storage reservoirs, diversions, dams, wells, pumping plants, canals, pipelines, and sprinklers designed to irrigate greater than 320 acres aggregate;

(5) Land clearing operations (for example, vegetation removal, including tree stumps; grading) involving greater than or equal to 40 acres aggregate;

(6) Clear cutting operations for timber involving greater than or equal to 100 acres aggregate;

(7) Construction or major enlargement of a Concentrated Aquatic Animal Production Facility (CAAP), as defined by the U.S. Environmental Protection Agency in 40 CFR 122.24;

(8) Construction of commercial facilities or structures for processing or handling of farm production or for public sales;

(9) Construction or major expansion of a large CAFO, as defined by the U.S. Environmental Protection Agency in 40 CFR 122.23, regardless of the type of manure handling system or water system;

(10) Refinancing of a newly constructed large CAFO, as defined by the U.S. Environmental Protection Agency in 40 CFR 122.23, or CAAPs as defined by the U.S. Environmental Protection Agency in 40 CFR 122.24 through 122.25, that has been in operation for 24 months or less;

(11) Issuance of substantively discretionary FSA regulations, FEDERAL REGISTER notices, or amendments to existing programs that authorize FSA or CCC funding for proposed actions that have the potential to significantly affect the human environment;

(12) Newly authorized programs that involve substantively discretionary proposed actions and are specified in § 799.32(d);

(13) Any FSA proposed action that has been determined to trigger extraordinary circumstances specified in § 799.33(c); and

(14) Any proposed action that will involve the planting of a potentially invasive species, unless exempted by Federal law.

(b) Proposed actions that do not reach the thresholds defined in paragraph (a) of this section, unless otherwise identified under § 799.31(b) or § 799.32(c), require a review using the ESW to determine if an EA is warranted.

Farm Service Agency, USDA

§ 799.45

§ 799.42 Contents of an EA.

(a) The EA should include at least the following:

- (1) FSA cover sheet;

 - (11) References; and
 - (12) Appendixes, if appropriate.
- (b) FSA will prepare a Supplemental EA, and place the supplements in the administrative record of the original EA, if:

- (1) Substantial changes occur in the proposed action that are relevant to environmental concerns previously presented, or
 - (2) Significant new circumstances or information arise that are relevant to environmental concerns and to the proposed action or its impacts.
- (c) FSA may request that a program participant prepare or provide information for FSA to use in the EA and may use the program participant's information in the EA or Supplemental EA, provided that FSA also:
- (1) Independently evaluates the environmental issues;
 - (2) Takes responsibility for the scope and content of the EA and the process utilized, including any required public involvement; and
 - (3) Prepares the FONSI or NOI to prepare an EIS.

§ 799.43 Tiering.

(a) As specified in 40 CFR 1508.28, tiering is a process of covering general environmental review in a broad PEA, followed by subsequent narrower scope analysis to address specific proposed actions, action stages, or sites. FSA will use tiering when FSA prepares a broad PEA and subsequently prepares a site-specific ESW, EA, or PEA for a proposed action included within the program addressed in the original, broad PEA.

(b) When FSA uses tiering in a broad PEA, the subsequent ESW, EA, or PEA will:

- (1) Summarize the issues discussed in the broader statement;
- (2) Incorporate by reference the discussions from the broader statement and the conclusions carried forward into the subsequent tiered analysis and documentation; and
- (3) State where the PEA document is available.

§ 799.44 Adoption of an EA prepared by another entity.

(a) FSA may adopt an EA prepared by another Federal agency, State, or Tribal government if the EA meets the requirements of this subpart.

(b) If FSA adopts another agency's EA and issues a FONSI, FSA will follow the procedures specified in § 799.44.

§ 799.45 Finding of No Significant Impact (FONSI).

(a) If after completing the EA, FSA determines that the proposed action will not have a significant effect on the quality of the human environment, FSA will issue a FONSI.

(b) The FONSI will include the reasons FSA determined that the proposed action will have no significant environmental impacts.

(c) If the decision to issue the FONSI is conditioned upon the implementation of measures (mitigation actions) to ensure that impacts will be held to a nonsignificant level, the FONSI must include an enforceable commitment to implement such measures on the part of FSA, and any applicant or other party responsible for implementing the measures will be responsible for the commitments outlined in the FONSI.

Subpart E—Environmental Impact Statements

EDITORIAL NOTE: At 81 FR 51295, Aug. 3, 2016, subpart F was revised; however, the subpart F heading was published erroneously as a second subpart E.

§ 799.50 Purpose of an Environmental Impact Statement (EIS).

(b) FSA will prepare a PEIS for proposed actions that are broad in scope or similar in nature and may cumulatively have significant environmental impacts, although the impact of the individual proposed actions may be insignificant.

§ 799.51 When an EIS is required.

(a) The following FSA proposed actions normally require preparation of an EIS:

(1) Legislative proposals, not including appropriations requests, with the potential for significant environmental impact that are drafted and submitted to Congress by FSA;

(2) Broad Federal assistance programs administered by FSA, involving significant financial assistance or payments to program participants, that may have significant cumulative impacts on the human environment; and

(17) In the final EIS, a response to substantive comments on environmental issues.

(c) FSA may have a contractor prepare an EIS as specified in 40 CFR 1506.5(c). If FSA has a contractor prepare an EIS, FSA will:

(1) Require the contractor to sign a disclosure statement specifying it has no financial or other interest in the outcome of the proposed action, which will be included in the administrative record; and

(2) Furnish guidance and participate in the preparation of the EIS, and independently evaluate the EIS before its approval.

§ 799.54 Draft EIS.

(a) FSA will prepare the draft EIS addressing the information specified in § 799.53.

(b) FSA will circulate the draft EIS as specified in 40 CFR 1502.19.

(c) In addition to the requirements of 40 CFR 1502.19, FSA will request comments on the draft EIS from:

(1) Appropriate State and local agencies authorized to develop and enforce environmental standards relevant to the scope of the EIS;

(2) Significant new circumstances or information arise that are relevant to environmental concerns and bearing on the proposed action or its impacts.

(b) The requirements of this subpart for completing the original EIS apply to the supplemental EIS, with the exception of the scoping process, which is optional.

§ 799.57 Tiering.

(a) As specified in 40 CFR 1508.28, tiering is a process of covering general environmental review in a broad PEIS, followed by subsequent narrower scope analysis to address specific proposed actions, action stages, or sites. FSA

§ 799.58

will use tiering when FSA prepares a broad PEIS and subsequently prepares a site-specific ESW, EA, or PEA for a proposed action included within the program addressed in the original, broad PEIS.

(b) When FSA uses tiering in a broad PEIS, the subsequent ESW, EA, or PEA will:

(1) Summarize the issues discussed in the broader statement;

(2) Incorporate by reference the discussions from the broader statement and the conclusions carried forward into the subsequent tiered analysis and documentation; and

(3) State where the PEIS document is available.

§ 799.58 Adoption of an EIS prepared by another entity.

(a) FSA may elect to adopt an EIS prepared by another Federal agency, State, or Tribal government if:

(1) The NECM determines that the EIS and the analyses and procedures by which they were developed meet the requirements of this part; and

(2) The agency responsible for preparing the EIS concurs.

(b) For the adoption of another Federal agency EIS, FSA will follow the procedures specified in the CEQ regulations in 40 CFR 1506.3.

(c) For the adoption of an EIS from a state or tribe that has an established state or tribal procedural equivalent to the NEPA process (generally referred

7 CFR Ch. VII (1–1–24 Edition)

to as “mini-NEPA”), FSA will follow the procedures specified in the CEQ regulations in 40 CFR 1506.3.

§ 799.59 Record of Decision.

(a) FSA will issue a Record of Decision (ROD) within the time periods specified in 40 CFR 1506.10(b) but no sooner than 30 days after the U.S. Environmental Protection Agency’s publication of the NOA of the final EIS. The ROD will:

(1) State the decision reached;

(2) Identify all alternatives considered by FSA in reaching its decision, specifying the alternative or alternatives considered to be environmentally preferable;

(3) Identify and discuss all factors, including any essential considerations of national policy, which were considered by FSA in making its decision, and state how those considerations entered into its decision; and

(4) State whether all practicable means to avoid or minimize environmental harm from the alternative selected have been adopted and, if not, explain why these mitigation measures were not adopted. A monitoring and enforcement program will be adopted and summarized where applicable for any mitigation.

(b) FSA will distribute the ROD to all parties who request it.

(c) FSA will publish the ROD or a notice of availability of the ROD in the FEDERAL REGISTER.

An examination by official personnel for condition and checkloading of the grain shall be made as the grain is loaded aboard the export carrier. If the examination for condition and the checkloading shows that the identity or quantity of the grain has not changed or the condition of the grain has not changed beyond expected variations prescribed in the instruction, official export inspection and weight certificates shall be issued on the basis of the official "OUT" certificates and the checkloading. If the identity, quantity, or the condition has changed, official export inspection and weight certificates shall be issued on the basis of the most representative samples, including weight samples, obtained at the time the grain is loaded aboard the export carrier.

In addition, the exporters or elevator operators shall notify the Service in writing of the intention to export grain under this waiver. In the case of lots waived under this provision, if such lots are required by contract to be inspected or weighed, or if the lots are represented by official inspection or weight certificates, then such certificates shall meet the requirements of section 5 of the Act.

(2) *Grain exported for seeding purposes.* Official inspection and Class X weighing requirements do not apply to grain exported for seeding purposes, provided that (i) the grain is (A) sold or consigned for sale and invoiced as seed; and (B) identified as seed for seeding purposes on the Shipper's Export Declaration; and (ii) records pertaining to these shipments are made available, upon request by the Service, for review or copying purposes.

(3) *Grain shipped in bond.* Official inspection and weighing requirements do not apply to grain that is shipped from a foreign country to a foreign country through the United States in bond in accordance with applicable regulations of the United States Customs Service (19 CFR part 18).

(4) *Grain exported by rail or truck to Canada or Mexico.* Inspection and weighing requirements do not apply to grain exported by rail or truck from the United States to Canada or Mexico.

(5) *Grain not sold by grade.* Official inspection requirements may be waived by the Service on a shipment-by-shipment basis for export grain not sold, offered for sale, or consigned for sale by official grade if (i) the contract and any amendments clearly show that the buyer and seller mutually agree to ship the grain without official inspection and (ii) a copy of the contract and any amendments is furnished in advance of loading, along with a completed application on a form prescribed by the Service.

(6) *Service not available.* Upon request, any required official inspection or Class X weighing of grain may be waived on a shipment-by-shipment basis if (i) official personnel are not and will not be available within a 24-

hour period to perform needed inspection or weighing services and (ii) both the buyer and seller of the grain are made aware that the grain has not been officially inspected or Class X weighed.

(7) *Emergency waiver.* (i) Upon request, the requirements for official inspection or Class X weighing will be waived whenever the Service determines that an emergency exists that precludes official inspection or Class X weighing;

(ii) To qualify for an emergency waiver, the exporter or elevator operator must submit a timely written request to the Service for the emergency waiver and also comply with all conditions that the Service may require.

(8) *High quality specialty grain shipped in containers.* Official inspection and weighing requirements do not apply to high quality specialty grain exported in containers. [49 FR 30913, Aug. 2, 1984, as amended at 50 FR 45392, Oct. 31, 1985; 54 FR 5924, Feb. 7, 1989]

§ 800.46 Requirements for obtaining official services.

(a) *Consent and agreement by applicant.* In submitting a request for official services, the applicant and the owner of the grain consent to the special and general requirements specified in paragraphs (b) and (c) of this section. These requirements are essential to carry out the purposes or provisions of the Act.

(b) *General requirements*—(1) *Access to grain.* Grain on which official services are to be performed shall, except as provided in §§ 800.85, 800.86, 800.98, and 800.99, be made accessible by the applicant for the performance of the requested official service and related monitoring and supervision activities. For the purposes of this section, grain is not “accessible” if it is offered for official services (i) in containers or carriers that are closed and cannot, with reasonable effort, be opened by or for official personnel; (ii) when any portion is located so as to prohibit the securing or a representative sample; or (iii) under conditions prescribed in the instructions as being hazardous to the health or safety of official personnel.

(2) *Working space.* When official services are performed at an elevator, adequate and separate space must be provided by the applicant for the performance of the requested service and related monitoring and supervision activities. Space will be “adequate” if it meets the space, location, and safety requirements specified in the instructions.

(3) *Notice of changes.* The operator of each facility at which official services are performed must notify the appropriate agency or field office promptly, in full detail, of changes in the grain handling and weighing facilities, equip-

ment, or procedures at the elevator that could or would affect the proper performance of official services.

(4) *Loading and unloading conditions.* As applicable, each applicant for official services must provide or arrange for suitable conditions in the (i) loading and unloading areas and the truck and railroad holding areas; (ii) gallery and other grain-conveying areas; (iii) elevator legs, distributor, and spout areas; (iv) pier or dock areas; (v) deck and stowage areas in the carrier; and (vi) equipment used in loading or unloading and handling the grain. Suitable conditions are those which will facilitate accurate inspection and weighing, maintain the quantity and the quality of the grain that is to be officially inspected or weighed, and not be hazardous to the health and safety of official personnel, as prescribed in the instructions.

(5) *Timely arrangements.* Requests for official service shall be made in a timely manner; otherwise, official personnel may not be available to provide the requested service. For the purpose of this paragraph, “timely manner” shall mean not later than 2 p.m., local time, of the preceding business day.

(6) *Observation of activities.* Each applicant for official services must provide any interested person, or their agent, an opportunity to observe sampling, inspection, weighing, and loading or unloading of grain. Appropriate observation areas shall be mutually defined by the Service and facility operator. The areas shall be safe and shall afford a clear and unobstructed view of the performance of the activity, but shall not permit a close over-the-shoulder type of observation by the interested person.

(7) *Payment of bills.* Each applicant, for services under the Act, must pay bills for the services according to §§ 800.70 through 800.73.

(8) *Written confirmations.* When requested by the agency or field office, verbal requests for official services shall be confirmed in writing. Each written request shall be signed by the applicant, or the applicant’s agent, and shall show or be accompanied by the following information:

(i) The identification, quantity, and specific location of the grain;

(ii) The name and mailing address of the applicant;

(iii) The kind and scope of services desired; and

(iv) Any other information requested by the agency or field office.

(9) *Names and addresses of interested persons.* When requested, each applicant for official services shall show on the application form the name and address of each known interested person.

(10) *Surrender of superseded certificates.* When a request for official service results in a certificate being superseded, the superseded certificate must be promptly surrendered.

(11) *Recordkeeping and access.* Each applicant for official services must comply with applicable recordkeeping and access-to-facility provisions in §§ 800.25 and 800.26.

(12) *Monitoring equipment.* Owners and operators of elevators shall, upon a finding of need by the Administrator, provide equipment necessary for the monitoring by official personnel of grain loading, unloading, handling, sampling, weighing, inspection, and related activities. The finding of need will be based primarily on a consideration of manpower and efficiency.

(c) *Special requirements for official Class X and Class Y weighing services—*

(1) *General.* Weighing services shall be provided only at weighing facilities which have met the conditions, duties, and responsibilities specified in section 7A(f) of the Act and this section of the regulations. Weighing services will be available only in accordance with the requirements of § 800.115. Facilities desiring weighing services should contact the Service in advance to allow the Service time to determine if the facility complies with the provisions of the Act and regulations.

(2) *Conditions.* The facility shall provide the following information annually to the Service:

(i) The facility owner's name and address;

(ii) The facility operator's name and address;

(iii) The name of each individual employed by the facility as a weigher and a statement that each individual:

(A) Has a technical ability to operate grain weighing equipment and

(B) Has a reputation for honesty and integrity;

(iv) A blueprint or similar drawing of the facility showing the location of:

(A) The loading, unloading, and grain handling systems;

(B) The scale systems used or to be used in weighing grain; and

(C) The bins and other storage areas;

(v) The identification of each scale in the facility that is to be used for weighing grain under the Act;

(vi) The following information regarding automated data processing systems:

(A) Overall system intent, design, and layout;

(B) Make, model, and technical specifications of all hardware;

(C) Description of software, language used, and flow charts of all programs, subprograms, routines, and subroutines; and

(D) Complete operating instructions; and

(vii) Any other information deemed necessary to carry out the provisions of the Act.

If a facility has, or plans to have, an automated data processing system which is used in conjunction with any portion of the scale system, grain handling system, or the preparing or printing of official weight certificates, the facility shall make available to the Service sufficient documentation to ensure that the system cannot be used deceptively or otherwise provide inaccurate information. The Service or approved scale testing and certification organization shall conduct an onsite review to evaluate the performance and accuracy of each scale that will be used for weighing grain under the Act, and the performance of the grain loading, unloading, and related grain handling equipment and systems.

(3) *Duties and responsibilities of weighing facilities requesting official services—*

(i) *Providing official services.* Upon request, each weighing facility shall permit official weighing services to be performed promptly.

(ii) *Supervision.* Each weighing facility shall supervise its employees and shall take action necessary to assure that employees are performing their

duties according to the Act, regulations, and instructions and are not performing prohibited functions or are not involved in any action prohibited by the Act, regulations, and instructions.

(iii) *Facilities and equipment*—(A) *General*. Each weighing facility shall obtain and maintain facilities and equipment which the Service determines are needed for weighing services performed at the facility. Each facility shall operate and shall maintain each scale system and related grain handling system used in weighing according to instructions issued by the manufacturer and by the Service. A scale log book for each approved scale used for official weighing services shall be maintained according to instructions at each weighing facility.

(B) *Malfunction of scales*. Scales or scale systems that are operating in other than a correct and approved manner shall not be used for weighing grain under the Act. Before the malfunctioning scale or scale system can be used again for weighing grain under the Act, it shall be repaired and determined to be operating properly by the Service or approved scale testing and certification organization.

(iv) *Oral directives*. FGIS oral directives issued to elevator personnel shall be confirmed in writing upon request by elevator management. Whenever practicable, the Service shall issue oral directives through elevator management officials.

§ 800.55 Descriptions by grade.

(a) *General.* In any sale, offer for sale, or consignment for sale, which involves the shipment of grain in interstate or foreign commerce, the description of grain, as being of a grade in any advertising, price quotation, other negotiation of sale, contract of sale, invoice, bill of lading, other document, or description on bags or other containers of the grain, is prohibited if such description is other than by an official grade

designation, with or without additional information as to specified factors. An official grade designation contains any of the following: The term "U.S.," the numerals 1 through 5, the term "Sample grade," or the name of a subclass or a special grade of grain specified in the Official United States Standards for Grain.

(b) *Proprietary brand names or trademarks.* A description of grain by a proprietary brand name or a trademark that does not resemble an official grade designation will not be considered to be a description by grade; but a description by a proprietary brand name or trademark that contains singly or in combination any of the terms referenced in paragraph (a) of this section shall be considered to resemble an official grade designation.

(c) *Use of one or more factor designations.* In interstate commerce, a description of grain by the use of one or more grade factor designations which appear in the Official United States Standards for Grain or by other criteria will not be considered to be a description by grade.

(d) *False or misleading descriptions.* In any sale, offer for sale, or consignment for sale of any grain which involves the shipment of grain from the United States to any place outside thereof, knowingly using a false or misleading description of grain by official grade designation, or other description is prohibited.

§ 800.56 Requirements on descriptions.

Section 13 of the Act contains certain prohibitions with respect to the use of official grade designations, official marks, and other representations with respect to grain.

(a) The use of an official grade designation, with or without factor information, or of official criteria information, or of the term "official grain standards," shall not, without additional information, be considered to be a representation that the grain was officially inspected.

(b) The use of any symbol or term listed as an official mark, at § 800.0(b)(68), with respect to grain shall be considered to be a representation of official service under the Act: Provided

§ 800.60

however, that the use of the official marks "official certificate;" "officially inspected;" "official inspection;" "officially weighed;" "official weight;" and "official weighing" shall not be considered to be a representation of official service under the Act if it is clearly shown that the activity occurred under the U.S. Warehouse Act (7 U.S.C. 241 *et seq.*): Provided further, that the use of the official mark "officially tested" with respect to grain inspection and weighing equipment shall not be considered to be a representation of testing under the Act if it is clearly shown that the equipment was tested under a State statute.

GRAIN HANDLING PRACTICES

§ 800.60 Deceptive actions and practices.

In the absence of prior adequate notice to appropriate official personnel, any action or practice, including the loading, weighing, handling, or sampling of grain that knowingly causes or is an attempt to cause the issuance by official personnel of a false or incorrect official certificate or other official form, is deemed to be deceptive and, as such, is a violation of section 13(a)(3) of the Act. For the purposes of this paragraph, adequate notice is written or oral notice given to an agency or the Service, as applicable, before official personnel begin to perform official inspection or weighing services. If oral notice is given, it must be confirmed in writing within 2 business days. To be adequate, the notice must explain the nature and extent of the action or practice in question and must identify the grain, stowage container, equipment, facility, and the official personnel actually or potentially involved.

§ 800.61 Prohibited grain handling practices.

(a) *Definitions.* For the purpose of this section, dockage and foreign material in grain shall be:

7 CFR Ch. VIII (1-1-24 Edition)

(1) Defined for export elevators at export port locations as set forth in 7 CFR part 810 and as dust removed from grain and collected in a bin/container and as dust settling on floors, equipment, and other areas, commonly referred to as dust sweepings; and

(2) Defined for other than export elevators as set forth in 7 CFR part 810.

(b) *Prohibited practices.* Except as permitted in paragraphs (c) and (d) of this section, no person shall:

(1) Recombine or add dockage or foreign material to any grain, or

(2) Blend different kinds of grain except when such blending will result in grain being designated as Mixed grain in accordance with subpart E of the Official United States Standards for Grain.

(3) Add water to grain for purposes other than milling, malting, or similar processing operations.

(c) *Exemption.* (1) The Administrator may grant exemptions from paragraph (b) of this section for grain shipments sent directly to a domestic end-user or processor. Requests for exemptions shall be submitted by grain handlers to the Service through the domestic end-users or processors or their representatives.

(2) Grain sold under an exemption shall be consumed or processed into a product(s) by the purchaser and not resold into the grain market.

(3) Products or byproducts from grain sold under an exemption shall not be blended with or added to grain in commercial channels, except for vegetable oil which may be used as a dust suppressant in accordance with (d)(4) of this section.

(d) *Exceptions.* Paragraph (b) shall not be construed as prohibiting the following grain handling practices. Compliance with paragraphs (d)(1) through (d)(6) of this section does not excuse compliance with applicable Federal, State, and local laws.

(1) *Blending.* Grain of the same kind, as defined by the Official United States Standards for Grain, may be blended to adjust quality. Broken corn or broken kernels may be recombined or added to whole grain of the same kind provided that no foreign material or dockage has been added to the broken corn or broken kernels.

(2) *Insect and fungi control.* Grain may be treated to control insects and fungi. Elevators, other grain handlers, and their agents are responsible for the proper use and applications of insecticides and fungicides. Sections 800.88 and 800.96 include additional requirements for grain that is officially inspected and weighed.

(3) *Marketing dockage and foreign material.* Dockage and foreign material may be marketed separately.

(4) *Dust suppressants.* Grain may be treated with an additive, other than water, to suppress dust during handling. Elevators, other grain handlers, and their agents are responsible for the proper use and application of dust suppressants. Sections 800.88 and 800.96 include additional requirements for grain that is officially inspected and weighed.

(5) *Identification.* Confetti or similar material may be added to grain for identification purposes. Elevators, other grain handlers, and their agents are responsible for the proper use and application of such materials. Sections 800.88 and 800.96 include additional requirements for grain that is officially inspected or weighed.

(6) *Export loading facilities.* Between May 1, 1987, and December 31, 1987, export elevators at export port locations may recombine dockage and foreign material, but not dust, with grain provided such recombination occurs during the loading of a vessel with the intended purpose of ensuring uniformity of dockage and foreign material in the cargo.

FEES

§ 800.70 Fees for official services performed by agencies.

(a) *Assessment and use of fees.* (1) Fees assessed by an agency for official inspection and Class X or Class Y weighing services or testing of inspection equipment shall be reasonable and nondiscriminatory.

(2) In the case of a State or local governmental agency, fees shall not be used for any purpose other than to fi-

nance the cost of the official inspection and Class X or Class Y weighing service and inspection equipment testing service performed by the agency or the cost of other closely related programs administered by the agency.

(b) *Approval required—(1) Restriction.* Only fees that meet the requirements stated in this section and are approved by the Service as reasonable and nondiscriminatory may be charged by an agency.

(2) *Exceptions.* For good cause shown by an agency, the Administrator may grant case-by-case exceptions to the requirements in this section, provided that a determination is made that the agency fees would be reasonable and nondiscriminatory.

(c) *Reasonable fees.* In determining if an agency's fees are reasonable, the Service will consider whether the fees:

(1) Cover the estimated total cost to the agency of

- (i) Official inspection services,
- (ii) Class X or Class Y weighing services,
- (iii) Inspection equipment testing services, and
- (iv) Related supervision and monitoring activities performed by the agency;

(2) Are reasonably consistent with fees assessed by adjacent agencies for similar services;

(3) Are assessed on the basis of the average cost of performing the same or similar services at all locations served by the agency; and

(4) Are supported by sufficient information which shows how the fees were developed.

(d) *Nondiscriminatory fees.* In determining if fees are nondiscriminatory, the Service will consider whether the fees are collected from all applicants for official service in accordance with the approved fee schedule. Charges for time and travel incurred in providing service at a location away from a specified service point shall be assessed in accordance with the approved fee schedule.

(e) *Schedule of fees to be established.* (1) Each agency shall establish a schedule of fees for official services which the agency is delegated or designated the authority to perform. The schedule

§ 800.71

7 CFR Ch. VIII (1–1–24 Edition)

shall be in a standard format in accordance with the instructions. Such schedules may include fees for nonofficial services provided by the agency, but they shall be clearly identified and will not be subject to approval by the Service.

(2) The schedule shall be published and made available by the agency to all users of its services.

(f) *Request for approval of fees—(1) Time requirement.* A request for approval of a new or revised fee shall be submitted to the Service not less than 60 days in advance of the proposed effective date for the fee. Failure to submit a request within the prescribed time period may be considered grounds for postponement or denial of the request.

(2) *Contents of request.* Each request shall show (i) the present fee, if any, and the proposed fee, together with data showing in detail how the fee was developed, and (ii) the proposed effective date.

(g) *Review of request—(1) Approval action.* If upon review the Service finds that the request and supporting data justify the new or revised fee, the request will be marked “approved” and returned to the agency.

(2) *Denial action.* If the Service finds that the request and supporting data do not justify the new or revised fee, approval of the request will be withheld pending receipt of any additional supporting data which the agency has to offer. If the data are not submitted within a reasonable period, the request shall be denied. In the case of a denial of a request, the agency shall be notified of the reason for denial.

§ 800.71 Fees assessed by the Service.

(a) *Official inspection and weighing services.* The fees shown in Schedule A of paragraph (a)(1) of this section apply to official inspection and weighing services performed by FGIS in the U.S. and Canada. The fees shown in Schedule B of paragraph (a)(2) of this section apply to official domestic inspection

and weighing services performed by delegated States and designated agencies, including land carrier shipments to Canada and Mexico. The fees charged to delegated States by the Service are set forth in the State’s Delegation of Authority document. Failure of a delegated State or designated agency to pay the appropriate fees to the Service within 30 days after becoming due will result in an automatic termination of the delegation or designation. The delegation or designation may be reinstated by the Service if fees that are due, plus interest and any further expenses incurred by the Service because of the termination, are paid within 60 days of the termination.

(1) *Schedule A—Fees for official inspection and weighing services performed in the United States and Canada.* For each calendar year, FGIS will calculate Schedule A fees as defined in paragraph (b) of this section. FGIS will publish a notice in the FEDERAL REGISTER and post Schedule A fees on the Agency’s public website.

(2) *Schedule B—Fees for Supervision of Official Inspection and Weighing Services Performed by Delegated States and Designated Agencies in the United States.* The Service will assess a supervision fee per metric ton of domestic U.S. grain shipments inspected or weighed, or both, including land carrier shipments to Canada and Mexico. For each calendar year, the Service will calculate Schedule B fees as defined in paragraph (b) of this section. The Service will publish a notice in the FEDERAL REGISTER and post Schedule B fees on the Agency’s public website.

(b) *Annual review of fees.* For each calendar year, starting with 2021, the Service will review fees included in this section and publish fees each year according to the following:

(1) *Tonnage fees.* Tonnage fees in Schedule A in paragraph (a)(1) of this section will consist of the national tonnage fee and local tonnage fees and the Service will calculate and round the fee to the nearest \$0.001 per metric ton. All outbound grain officially inspected and/or weighed by the Field Offices in New Orleans, League City, Portland, and Toledo will be assessed the national tonnage fee plus the appropriate

local tonnage fee. Export grain officially inspected and/or weighed by delegated States and official agencies, excluding land carrier shipments to Canada and Mexico, will be assessed the national tonnage fee only. The fees will be set according to the following:

(i) *National tonnage fee.* The national tonnage fee is the national program administrative costs for the previous fiscal year divided by the average yearly tons of export grain officially inspected and/or weighed by delegated States and designated agencies, excluding land carrier shipments to Canada and Mexico, and outbound grain officially inspected and/or weighed by the Service during the previous 5 fiscal years.

(ii) *Local tonnage fee.* The local tonnage fee is the Field Office administrative costs for the previous fiscal year divided by the average yearly tons of outbound grain officially inspected and/or weighed by the Field Office during the previous 5 fiscal years. The local tonnage fee is calculated individually for each Field Office.

(2) *Supervision fee.* Supervision fee in Schedule B in paragraph (a)(2) of this section will be set according to the following:

(i) *Operating reserve adjustment.* The operating reserve adjustment is the supervision program costs for the previous fiscal year divided by 2 less the end of previous fiscal year operating reserve balance.

(ii) *Supervision tonnage fee.* The supervision tonnage fee is the sum of the prior fiscal year program costs plus operating reserve adjustment divided by the average yearly tons of domestic U.S. grain shipments inspected or weighed, or both, including land carrier shipments to Canada and Mexico during the previous 5 fiscal years. If the calculated value is zero or a negative value, the Service will suspend the collection of supervision tonnage fees for one calendar year.

(3) *Operating reserve.* In order to maintain an operating reserve not less than 3 and not more than 6 months, the Service will review the value of the operating reserve at the end of each fiscal year and adjust fees according to the following:

(i) *Less than 4.5 months.* If the operating reserve is less than 4.5 times the

monthly operating expenses, the Service will increase all fees in Schedule A in paragraph (a)(1) of this section by 2 percent for each \$1,000,000, rounded down, that the operating reserve is less than 4.5 times the monthly operating expense, with a maximum increase of 5 percent annually. Except for fees based on tonnage or hundredweight, all fees will be rounded to the nearest \$0.10.

(ii) *Greater than 4.5 months.* If the operating reserve is greater than 4.5 times the monthly operating expenses, the Service will decrease all fees in Schedule A in paragraph (a)(1) of this section by 2 percent for each \$1,000,000, rounded down, that the operating reserve is greater than 4.5 times the monthly operating expense, with a maximum decrease of 5 percent annually. Except for fees based on tonnage or hundredweight, all fees will be rounded to the nearest \$0.10.

(c) *Periodic review.* The Service will periodically review and adjust all fees in Schedules A and B in paragraphs (a)(1) and (2) of this section, respectively, as necessary to ensure they reflect the true cost of providing and supervising official service. This process will incorporate any fee adjustments from paragraph (b) of this section.

(d) *Miscellaneous fees for other services.* For each calendar year, the Service will review fees included in this section and publish fees in the FEDERAL REGISTER and on the Agency's public website.

(1) *Registration certificates and renewals.* The fee for registration certificates and renewals will be published annually in the FEDERAL REGISTER and on the Agency's public website, and the Service will calculate the fee using the noncontract hourly rate published pursuant to 7 CFR 800.71(a)(1) multiplied by five. If you operate a business that buys, handles, weighs, or transports grain for sale in foreign commerce, or you are also in a control relationship with respect to a business that buys, handles, weighs, or transports grain for sale in interstate commerce, you must complete an application and pay the published fee.

(2) *Designation amendments.* The fee for amending designations will be published annually in the FEDERAL REGISTER and on the Agency's public

§ 800.72

website. The Service will calculate the fee using the cost of publication plus one hour at the noncontract hourly rate. If you submit an application to amend a designation, you must pay the published fee.

§ 800.72 Explanation of additional service fees for services performed in the United States only.

(a) When transportation of the service representative to the service location (at other than a specified duty point) is more than 25 miles from an FGIS office, the actual transportation cost in addition to the applicable hourly rate for each service representative will be assessed from the FGIS office to the service point and return. When commercial modes of transportation (e.g., airplanes) are required, the actual expense incurred for the round-trip travel will be assessed. When services are provided to more than one applicant, the travel and other related charges will be prorated between applicants.

(b) In addition to a 2-hour minimum charge for service on Saturdays, Sundays, and holidays, an additional charge will be assessed when the revenue from the services in § 800.71(a)(1), schedule A, table 2, does not equal or exceed what would have been collected at the applicable hourly rate. The additional charge will be the difference between the actual unit fee revenue and the hourly fee revenue. Hours accrued for travel and standby time shall apply in determining the hours for the minimum fee.

§ 800.73 Computation and payment of service fees; general fee information.

(a) *Computing hourly rates.* The applicable hourly rate will be assessed in quarter hour increments for:

- (1) Travel from the FGIS field office or assigned duty station to the service point and return;
- (2) The performance of the requested service, less mealtime.

7 CFR Ch. VIII (1–1–24 Edition)

(b) *Application of fees when service is delayed or dismissed by the applicant.* The applicable hourly rate will be assessed for the entire period of scheduled service when:

(1) Service has been requested at a specified location;

(2) A service representative is on duty and ready to provide service but is unable to do so because of a delay not caused by the Service; and

(3) FGIS officials determine that the service representative cannot be utilized to provide service elsewhere without cost to the Service.

(c) *Application of fees when an application for service is withdrawn or dismissed.* The applicable hourly rate will be assessed to the applicant for the entire period of scheduled service if the request is withdrawn or dismissed after the service representative departs for the service point, or if the service request is not canceled by 2 p.m., local time, the business day preceding the date of scheduled service. However, the applicable hourly rate will not be assessed to the applicant if FGIS officials determine that the service representative can be utilized elsewhere or released without cost to the Service.

(d) *To whom fees are assessed.* Fees for inspection, weighing, and related services performed by service representatives, including additional fees as provided in § 800.72, shall be assessed to and paid by the applicant for the service.

(e) *Advance payment.* As necessary, the Administrator may require that fees shall be paid in advance of the performance of the requested service. Any fees paid in excess of the amount due shall be used to offset future billings, unless a request for a refund is made by the applicant.

(f) *Form of payment.* Bills for fees assessed under the regulations in this part for official services performed by FGIS shall be paid by check, draft, or money order, payable to the U.S. Department of Agriculture, Agricultural Marketing Service.

(3) *Stowage examination service.* A stowage examination service shall be based on a thorough and accurate examination of the carrier or container into which grain will be loaded.

(4) *Submitted sample inspection service.* A submitted sample inspection service shall be based on a submitted sample of sufficient size to enable official personnel to perform a complete analysis for grade. If a complete analysis for grade cannot be performed because of an inadequate sample size or other conditions, the request for service shall be dismissed or a factor only inspection may be performed upon request.

(5) *Reinspection and appeal inspection service.* A reinspection, appeal inspection, or Board appeal inspection service shall be based on an independent review of official grade information, official factor information, or other information consistent with the scope of the original inspection.

(b) *Order of service.* Official inspection services shall be performed, to the extent practicable, in the order in which they are received. § 800.81 Sample requirements; general.

(a) *Samples for official sample-lot inspection service—(1) Original official sample-lot inspection service.* For original sample-lot inspection purposes, an official sample shall be obtained by official personnel; representative of the grain in the lot; and protected from manipulation, substitution, and improper or careless handling.

(2) *Official sample-lot reinspection and appeal inspection service.* For an official sample-lot reinspection service or an official appeal sample-lot inspection service, the sample(s) on which the reinspection or appeal is determined shall (i) be obtained by official personnel and (ii) otherwise meet the requirements of paragraph (a)(1) of this section. If the reinspection or appeal inspection is determined on the basis of official file sample(s), the samples shall meet the requirements of §800.82(d).

(3) *New sample.* Upon request and if practicable, a new sample shall be obtained and examined as a part of a reinspection or appeal inspection. The provision for a new sample shall not apply if obtaining the new sample involves a change in method of sampling.

(b) *Representative sample.* A sample shall not be considered representative unless it (1) has been obtained by official personnel, (2) is of the size prescribed in the instructions, and (3) has been obtained, handled, and submitted in accordance with the instructions. A sample which fails to meet the requirements of this paragraph may, upon request of the applicant, be inspected as a submitted sample.

(c) *Protecting samples.* Official personnel shall protect official samples, warehouseman's samples, and submitted samples from manipulation, substitution, or improper and careless handling which may deprive the samples of their representativeness or which may change the physical or chemical properties of the grain, as appropriate, from the time of sampling or receipt until the inspection services are completed and the file samples have been discarded.

(d) *Restriction on sampling.* Official personnel shall not perform an original inspection or a reinspection service on an official sample or a warehouseman's sample unless the grain from which the sample was obtained was located within the area of responsibility assigned to the agency or field office at the time of sampling, except as provided for in §800.117, or on a case-by-case basis as determined by the Administrator.

(e) *Disposition of samples—(1) Excess grain.* Any grain in excess of the quantity specified in the instructions for the requested service, the file samples,

(i) Samples which contain toxic substances or materials shall be kept out of food and feed channels, and

(ii) Official personnel shall dispose of samples obtained or submitted to them according to procedures established by the Service. Complete and accurate records of disposition shall be maintained.

§ 800.82 Sampling provisions by level of service.

(a) *Original inspection service—(1) Official sample-lot inspection service.* Each original inspection service shall be performed on the basis of one or more official samples obtained by official personnel from grain in the lot and forwarded to the appropriate agency or field office.

(2) *Warehouseman's sample-lot inspection.* Each original warehouseman's sample-lot inspection service shall be performed on the basis of samples obtained by a licensed warehouseman and sent to the appropriate agency or field office in whose circuit the warehouse is located.

(3) *Submitted sample service.* Each original submitted sample inspection service shall be performed on the basis of the sample as submitted.

(b) *Reinspection, and appeal inspection services—(1) Official sample-lot inspection service.* Each of these inspection services shall be performed on the basis of official samples as available, including file samples, at the time the service is requested. In performing these services, a sample obtained with an approved diverter-type mechanical sampler or with a pelican sampler generally shall be used with respect to quality factors and official criteria, and a sample obtained with a probe at the time of the reinspection or appeal,

§ 800.83

generally, shall be used with respect to heating, musty, sour, insect infestation, and other condition and odor factors. In instances where original inspection results are based on samples obtained by probe, the decision as to whether file samples or new samples obtained by probe are to be used shall be made by the official personnel performing the service.

(2) *Warehouseman's sample-lot inspection service.* Each reinspection service and appeal inspection service on a warehouseman's sample shall be performed on an analysis of the official file sample.

(3) *Submitted sample service.* Each reinspection service and appeal inspection service on a submitted sample shall be performed on an analysis of the official file sample.

(c) *Board appeal inspection services.* Board appeal inspection services shall be performed on an analysis of the official file sample.

(d) *Use of file samples—(1) Requirements for use.* A file sample that is retained by official personnel in accordance with the procedures prescribed in the instructions may be considered representative for a reinspection service, appeal inspection service, and a Board appeal inspection service if (i) the file sample has remained at all times in the custody and control of the official personnel that performed the inspection service in question; and (ii) the official personnel who performed the original inspection service and those who are to perform the reinspection, the appeal inspection, or the Board appeal inspection service determine that the samples were representative at the time the original inspection service was performed and that the quality or condition of the grain in the samples has not changed.

(2) *Certificate statement.* When the results of a reinspection, appeal inspection, or Board appeal inspection service are based on an official file sample, the certificate for the reinspection service, the appeal inspection service, and the Board appeal inspection service shall show a statement, as specified in the instructions, indicating that the results are based on the official file sample.

7 CFR Ch. VIII (1-1-24 Edition)

§ 800.83 Sampling provisions by kind of movement.

(a) *Export cargo movements—(1) Bulk grain.* Except as may be approved by the Administrator on a shipment-by-shipment basis in an emergency, each inspection for official grade, official factor, or official criteria on an export cargo shipment of bulk grain shall be performed on official samples obtained from the grain (i) as the grain is being loaded aboard the final carrier; (ii) after the final elevation of the grain prior to loading and as near to the final loading spout as is physically practicable (except as approved by the Administrator when representative samples can be obtained before the grain reaches the final loading spout); and (iii) by means of a diverter-type mechanical sampler approved by the Service and operated in accordance with instructions. If an approved diverter-type mechanical sampler is not properly installed at an elevator or facility as required, each certificate issued at that elevator or facility for an export cargo shipment of bulk grain shall show a statement indicating the type of approved sampling method used, as prescribed in the instructions.

(2) *Sacked grain.* Each inspection for official grade, official factor, or official criteria on an export cargo shipment of sacked grain shall be performed on official samples obtained from the grain by any sampling method approved by the Service and operated in accordance with instructions.

(b) *Other movements.* Each inspection for official grade, official factor, or official criteria on a domestic cargo movement ("In," "Out," or en route barge movement), a movement in a land carrier (any movement in a rail-car, truck trailer, truck/trailer combination, or container), or a "LOCAL" movement of bulk or sacked grain shall be performed on official samples obtained from the grain by any sampling method approved by the Service and operated in accordance with the instructions.

[50 FR 49670, Dec. 4, 1985]

§ 800.84 Inspection of grain in land carriers, containers, and barges in single lots.

(a) *General.* The inspection of bulk or sacked grain loaded or unloaded from any carrier or container, except shiplot grain, must be conducted in accordance with the provision in this section and procedures prescribed in the instructions. Applicant must provide written instructions to official personnel, reflecting contract requirements for quality and quantity for the inspection of multiple carriers graded on a composite grade or average grade basis.

(b) *Single and multiple grade procedure*—(1) *Single grade.* When grain in a carrier(s) is/are offered for inspection as one lot and the grain is found to be uniform in condition, the grain must be sampled, inspected, graded, and certified as one lot. For the purpose of this paragraph, condition only includes the factors heating and odor.

(i) *Composite grade.* Grain loaded in multiple carriers offered for inspection may be combined into a single sample for grade analysis and certified as a single lot, *provided that* the grain in each individual carrier is inspected and found uniform in respect to odor, condition, and insect infestation, and sampling is performed at the individual loading location in a reasonably continuous operation. The maximum number of individual units that may be combined to form a composite grade analysis is 20 containers, 5 railcars, or 15 trucks. Composite analysis must be restricted to carriers inspected within the official service provider's area of responsibility.

(ii) *Average grade.* Grain loaded in multiple carriers offered for inspection may be graded individually, then averaged for certification as a single lot, *provided that:* the grain in each individual carrier is inspected and graded as an individual unit; the grain is found to be uniform in respect to odor, condition, and insect infestation; and sampling is performed at the individual loading location in a reasonably continuous operation. The maximum number of individual units that may be combined to form an average grade analysis is 20 containers, 5 railcars, or 15 trucks. Average grade analysis is restricted to carriers inspected within

the official service provider's area of responsibility.

(2) *Multiple grade.* When grain in a carrier is offered for inspection as one lot and the grain is found to be not uniform in condition because portions of the grain are heating or have an odor, the grain in each portion will be sampled, inspected, and graded separately; but the results must be shown on one certificate. The certificate must show the approximate quantity or weight of each portion, the location of each portion in the carrier or container, and the grade of the grain in each portion. The requirements of this section are not applicable when an applicant requests that the grade of the entire carrier be based on a determination of heating or odor when only a portion of the carrier is found to be heating or have an odor.

(3) *Infested.* If any portion of grain in a lot is found to be infested, according to applicable provisions of the Official U.S. Standards for Grain, the entire lot shall be considered infested. When grain in railcars or trucks with permanently enclosed tops is considered infested, the applicant for inspection shall be promptly notified and given the option of (i) receiving a grade certificate with a special grade designation indicating that the entire lot is infested or (ii) fumigating the grain in the lot in accordance with instructions and receiving a grade certificate without the special grade designation.

(c) *One certificate per carrier: exceptions.* Except as provided in this paragraph, one official certificate must be issued for the inspection of the grain in each truck, trailer, truck/trailer(s) combination, container, railcar, barge, or similarly-sized carrier, or composite/average grade analysis on multiple carrier units. The requirements of this paragraph are not applicable:

(1) When grain is inspected in a combined lot under § 800.85;

(2) When grain is inspected under paragraph (d) of this section; or

(3) When certification is at the option of the applicant in accordance with instructions.

(d) *Bulkhead lots.* If grain in a carrier is offered for official inspection as two or more lots and the lots are separated by bulkheads or other partitions, the

grain in each lot shall be sampled, inspected, and graded separately in accordance with paragraphs (a) and (b) of this section. An official certificate shall be issued for each lot inspected. Each certificate shall show the term “Bulkhead Lot,” the approximate quantity or weight of the grain in the lot, the location of the lot in the carrier, and the grade of the grain in the lot.

(e) *Bottom not sampled.* If bulk grain offered for official inspection is at rest in a carrier or container and is fully accessible for sampling in an approved manner, except that the bottom of the carrier or container cannot be reached with each probe, the grain shall be sampled as thoroughly as possible with an approved probe. The grain in the resulting samples shall be inspected, graded, and certificated, except that each certificate shall show a statement, as specified in the instructions, indicating the depth probed. Any inspection which is based on a sample that does not represent the entire carrier or container does not meet the mandatory inspection requirements of section 5(a)(1) of the Act.

(f) *Partial inspection—heavily loaded—*
(1) *General.* When an “In” movement of bulk grain is offered for inspection at rest in a carrier or container and is loaded in such a manner that it is possible to secure only door-probe or shallow-probe samples, the container shall be considered to be “heavily loaded,” and the request for inspection either shall be dismissed or a partial inspection shall be made. If the request is for the inspection of an “Out” movement of grain, the request shall be dismissed on the grounds that the grain is not accessible for a correct “Out” inspection.

(2) *Certification procedure.* If a partial inspection is made, the grain will be sampled as thoroughly as possible with an approved probe and inspected, graded, and a “partial inspection—heavily loaded” certificate issued. The certificate shall show the words “Partial inspection—heavily loaded” in the space provided for remarks. The type of samples that were obtained shall be described in terms of “door probe” or “shallow probe.”

(3) *Reinspection and appeal inspection procedure.* A request for a reinspection

or an appeal inspection service on grain in a carrier or container that is certificated as “partial inspection—heavily loaded” shall be dismissed in accordance with § 800.48(a)(4).

(4) *Restriction.* No “partial inspection—heavily loaded” certificate shall be issued for sacked grain or any inspection other than the inspections described in paragraphs (f)(1) through (4) of this section and § 800.85(h)(2).

(g) *Part lots—*(1) *General.* If a portion of the grain in a carrier or container is removed, the grain that is removed and the grain remaining shall be considered separate lots. When an official inspection service is requested on either portion, the grain shall be sampled, inspected, graded, and a “part-lot” inspection certificate issued.

(2) *Grain remaining in carrier or container.* The certificate for grain remaining in a carrier or container shall show (i) the following completed statement: “Partly unloaded; results based on portion remaining in (show carrier or container identification),” (ii) the term “Part lot” following the quantity information, (iii) the identification of the carrier or container, and (iv) the estimated amount and location of the part lot.

(3) *Grain unloaded from carrier or container.* If grain is sampled by official personnel during unloading, the certificate for the grain that is unloaded shall show (i) the completed statement: “Part lot; results based on portion removed from (show carrier identification)” and (ii) the term “Part lot” following the quantity information. If the grain is not sampled by official personnel during unloading, the certificate may, upon request of the applicant, show a completed statement such as “Applicant states grain is ex-car” or “Applicant states grain is ex-barge,” but the certificate shall not otherwise show a carrier or container identification or the term “Part lot.”

(h) *Identification for compartmented cars.* The identification for compartments in a compartmented railcar shall, in the absence of readily visible markings, be stated in terms of the location of the grain in a compartment, with the first compartment at the brake end of the car being identified as B-1, and the remaining compartments

being numbered consecutively towards the other end of the car.

[50 FR 49671, Dec. 4, 1985, as amended at 57 FR 11428, Apr. 3, 1992; 78 FR 43756, July 22, 2013]

§ 800.85 Inspection of grain in combined lots.

(a) *General.* The official inspection for grade of bulk or sacked grain loaded aboard, or being loaded aboard, or discharged from two or more carriers or containers (including barges designed for loading aboard a ship) as a combined lot shall be performed according to the provisions of this section and procedures prescribed in the instructions.

(b) *Application procedure*—(1) For inspection during loading, unloading, or at rest. Applications for official inspection of grain as a combined lot must:

(i) Be filed in accordance with § 800.116;

(ii) Show the estimated quantity of grain that is to be certified as one lot;

(iii) Show the contract grade, and if applicable; other inspection criteria required by the contract; and

(iv) Identify each carrier into which grain is being loaded or from which grain is being unloaded.

(2) *Recertification.* An application for recertification as a combined lot of grain that has been officially inspected and certificated as two or more single lots shall (i) be filed not later than 2 business days after the latest inspection date of the single lots and (ii) show information specified in paragraph (b)(1) of this section.

(c) *Inspection procedure; general—land carriers and barges*—(1) *Inspection during loading, or unloading, or at rest.* Grain in two or more land carriers or barges that are to be officially inspected as a combined lot, must be sampled in a reasonably continuous operation. Representative samples must be obtained from the grain in each individual carrier and inspected in accordance with procedures as prescribed in the instructions.

(2) *Recertification.* Grain that has been officially inspected and certified as two or more single, composite, or average quality lots may be recertified as a combined lot provided that:

(i) The grain in each lot was sampled in a reasonably continuous operation;

(ii) The original inspection certificates issued for the single, composite, or average quality lots have been surrendered to official personnel;

(iii) Representative file samples of the single, composite, or average quality lots are available;

(iv) The grain in the single, composite, or average quality lots is of the same grade or better grade and quality than as specified in the written instructions provided by the shipper;

(v) Official personnel who performed the inspection service for the single, composite, or average quality lots and the official personnel who are to recertify the grain as a combined lot must determine that the samples used as a basis for the inspection of the grain in the single, composite, or average quality lots were representative at the time of sampling and have not changed in quality or condition; and

(vi) The quality or condition of the grain meets uniformity requirements established by the Service for official inspection of grain in combined lots.

(d) *Weighted or mathematical average.* Official factor and official criteria information shown on a certificate for grain in a combined lot shall, subject to the provisions of paragraphs (e) through (g) of this section, be based on the weighted or mathematical averages of the analysis of the sublots in the lot and shall be determined in accordance with the instructions.

(e) *Infested grain.* If the grain in a combined lot is offered for official inspection as it is being loaded aboard a carrier and the grain, or a portion of the grain, in a lot is found to be infested, according to applicable provisions of the Official U.S. Standards for Grain, the applicant shall be notified and may exercise options specified in the instructions. When grain in railcars or trucks with permanently enclosed tops is considered infested, the applicant shall be given the option of (1) receiving a grade certificate with a special grade designation indicating that the entire lot is infested or (2) fumigating the grain in the lot in accordance with instructions and receiving a grade certificate without the special grade designation.

(f) *Grain uniform in quality.* Samples obtained from grain officially inspected as a combined lot shall be examined for uniformity of quality. If the grain in the samples is found to be uniform in quality and the grain is loaded aboard or is unloaded from the carriers in a reasonably continuous operation, the grain in the combined lot shall be officially inspected and certificated as one lot. The requirements of this paragraph (f) and paragraph (c) of this section with respect to reasonably continuous loading or unloading do not apply to grain which is at rest in carriers when the grain is offered for inspection.

(g) *Grain not uniform in quality.* When grain officially inspected as a combined lot is found to be not uniform in quality or if the grain is not loaded or unloaded in a reasonably continuous operation, the grain in each portion, and any grain which is loaded or unloaded at different times, shall be officially sampled, inspected, graded, and certificated as single lots.

(h) *Special certification procedures—(1) Grain not uniform in quality.* When grain in a combined lot is found to be not uniform in quality under paragraph (g) of this section, the official inspection certificate for each portion of different quality shall show (i) the grade, identification, and approximate quantity of the grain and (ii) other information required by the instructions.

(2) *Partial inspection.* When an inbound movement of bulk grain is offered for official inspection at rest as a combined lot and all carriers are not fully accessible for sampling, the request for official inspection either shall be dismissed or a combined lot inspection shall be made on those carriers that are accessible. Those lots that are not accessible shall be handled in accordance with § 800.84. If the request is for an official inspection service on an outbound movement of grain at rest in a combined lot, the request shall be dismissed on the ground that the grain is not accessible for a correct “Out” inspection.

(3) *Official mark.* If grain in a combined lot is inspected for grade as it is being loaded aboard two or more carriers, upon request of the applicant, the following mark shall be shown on

the inspection certificate: “Loaded under continuous official inspection” or “Loaded under continuous official inspection and weighing.”

(4) *Combined-lot certification; general.* Each official certificate for a combined-lot inspection service must show the identification for the “combined lot” or, at the request of the applicant, the identification of each carrier in the combined lot. If the identification of each carrier is not shown, the statement “Carrier identification available on the official work record” must be shown on the inspection certificate in the space provided for remarks. The identification and any seal information for the carriers may be shown in the Remarks section on the reverse side of the inspection certificate, provided that the statement “See reverse side” is shown on the face of the certificate in the space provided for remarks, or on an additional page.

(5) *Recertification.* If a request for a combined-lot inspection service is filed after the grain has been officially inspected and certified as single, composite, or average quality lots, the combined-lot inspection certificate must show, in addition to the requirements of paragraph (h)(4) of this section the following:

(i) The date of inspection of the grain in the combined lot (if the single, composite, or average quality lots were inspected on different dates, the latest of the dates must be shown);

(ii) A serial number other than the serial numbers of the official inspection certificates that are to be superseded;

(iii) The location of the grain, if at rest, or the name(s) of the elevator(s) from which or into which the grain in the combined lot was loaded or unloaded;

(iv) A statement showing the approximate quantity of grain in the combined lot;

(v) A completed statement showing the identification of any superseded certificates; and

(vi) If at the time of issuing the combined-lot inspection certificate the superseded certificates are not in the custody of the official personnel, a statement indicating that the superseded certificates have not been surrendered

must be clearly shown in the space provided for remarks. If the superseded certificates are in the custody of official personnel, the superseded certificates must be clearly marked "Void."

(i) *Further combining.* After a combined-lot inspection certificate has been issued, there shall be no further combining and no dividing of the certificate.

(j) *Limitation.* No combined-lot inspection certificate shall be issued (1) for any official inspection service other than as described in this section or (2) which shows a quantity of grain in excess of the quantity in the single lots.

[50 FR 49672, Dec. 4, 1985, as amended at 78 FR 43756, July 22, 2013]

§ 800.86 Inspection of shiplot, unit train, and lash barge grain in single lots.

(a) *General.* Official inspection for grade of bulk or sacked grain aboard, or being loaded aboard, or being unloaded from a ship, unit train, or lash barges as a single lot shall be performed according to the provisions of this section and procedures prescribed in the instructions.

(b) *Application procedure.* Applications for the official inspection of shiplot, unit train, and lash barges as a single lot shall:

(1) Be filed in advance of loading or unloading;

(2) Show the estimated quantity of grain to be certificated;

(3) Show the contract grade and official criteria if applicable; and

(4) Identify the carrier and stowage area into which the grain is being loaded, or from which the grain is being unloaded, or in which the grain is at rest.

(c) *Inspection procedures*—(1) *General information.* Shiplot, unit train, and lash barge grain officially inspected as a single lot shall be sampled in a reasonably continuous operation. Representative samples shall be obtained from the grain offered for inspection and inspected and graded in accordance with a statistical acceptance sampling and inspection plan according to the provisions of this section and procedures prescribed in the instructions.

(2) *Tolerances.* The probability of accepting or rejecting portions of the lot during loading or unloading is dependent on inspection results obtained from preceding portions and the applied breakpoints and procedures. Breakpoints shall be periodically reviewed and revised based on new estimates of inspection variability. Tables 1 through 24 list the breakpoints for all grains.

(3) *Grain accepted by the inspection plan.* Grain which is offered for inspection as part of a single lot and accepted by a statistical acceptance sampling and inspection plan according to the provisions of this section and procedures prescribed in the instructions shall be certificated as a single lot provided it was sampled in a reasonably continuous operation. Official factor and official criteria information shown on the certificate shall be based on the weighted or mathematical averages of the analysis of sublots.

(4) *Grain rejected by the inspection plan.* When grain which is offered for inspection as part of a single lot is re-

jected by the plan or is not sampled in a reasonably continuous operation, the grain in each portion shall be certificated separately. If any portion of grain is not accepted by the plan and designated a material portion, the applicant shall be promptly notified and have the option of:

- (i) Removing the material portion from the carrier; or
- (ii) Requesting the material portion be separately certificated; or
- (iii) Requesting either a reinspection or an appeal inspection of the material portion; or

(iv) Requesting a reinspection service and/or an appeal inspection service on the entire lot.

(5) *Reinspection service and appeal inspection service.* A reinspection or an appeal inspection may be requested on a material portion. A Board appeal inspection may also be requested on a material portion after the reinspection or appeal inspection. A reinspection, an appeal inspection, and a Board appeal inspection may be requested on the total sublots in the lot.

(i) *Material portions.* A material portion designated by the plan may be re-inspected or appeal inspected once in the field, but not both, and once at the Board of Appeals and Review. The reinspection or appeal inspection result shall, unless a material error is found, be averaged with the original inspection determination. The Board appeal inspection result shall, unless a material error is found, be averaged with the previous inspection result. The inspection plan tolerances shall be re-applied to the material portion grain to determine acceptance or rejection. If a material error is found, the reinspection or appeal inspection result shall replace the original inspection result or the Board appeal result shall replace the previous inspection result. For purposes of this section, a material error is defined as results differing by more than two standard deviations. Acceptance or rejection of that portion of grain shall be based on the reinspection or appeal inspection and on the Board appeal inspection result alone when a material error is found.

(ii) *Entire lot.* The applicant may request a reinspection service, an appeal inspection service, and a Board appeal inspection service on the entire lot. Inspection results for these services shall replace the previous inspection results. The tolerances shall be re-applied to all portions of the entire lot to determine acceptance or rejection.

(d) *Infested grain*—(1) *Available options.* If gain or any portion of grain in a single shiplot, unit train, or lash barge lot is found to be infested, according to the provisions of the Official U.S. Standards for Grain, the applicant shall be promptly notified and have the option of:

(i) Unloading the portion of infested grain from the lot and an additional amount of other grain in common stowage with the infested grain; or

(ii) When applicable, completing the loading and treating all infested grain in the lot; or

(iii) When applicable, treating the infested grain for the purpose of destroying the insects, subject to subsequent examination by official personnel; or

(iv) Continue loading without treating the infested grain, in which case all of the infested grain in the lot and all grain in common stowage areas with the infested grain will be officially certificated as infested according to the provisions of the Official U.S. Standards for Grain.

(2) *Exception.* If infested grain in loaded into common stowage with a lot, or a portion of a lot, which has not been officially certificated as being infested, the applicant loading the infested grain may not use the option in paragraph (d)(1)(i) of this section.

(3) *With treatment.* If infested grain is treated with a fumigant in accordance with the instructions and the treatment is witnessed by official personnel, the official sampling, inspection, grading, and certification of the lot shall continue as though the infested condition did not exist.

(e) *Special certification procedures*—(1) *Rejected grain.* When grain is rejected by the inspection plan under paragraph (c)(4) of this section, the official inspection certificate for each different portion of different quality shall show:

(i) A statement that the grain has been loaded aboard with grain of other quality;

(ii) The grade, location, or other identification and approximate quantity of grain in the portions; and

(iii) Other information required by the regulations and the instructions.

The requirement of paragraph (e)(1)(i) of this section does not apply to grain that is inspected as it is unloaded from the carrier or to portions loaded in separate carriers or stowage space.

(2) *Common stowage.* (i) *Without separation.* When bulk grain is offered for official inspection as it is loaded aboard a ship and is loaded without separation in a stowage area with other grain or another commodity, the

official inspection certificate for the grain in each lot shall show the kind, the grade, if known, and the location of the other grain, or the kind and location of the other commodity in the adjacent lots.

(ii) *With separation.* When separations are laid between lots, the official inspection certificates shall show the kind of material used in the separations and the locations of the separations in relation to each lot.

(iii) *Exception.* The common stowage requirements of this paragraph are not applicable to the first lot in a stowage area unless a second lot is loaded, in whole or in part, in the stowage area prior to issuing the official inspection certificate for the first lot.

(3) *Protein.* A special statement indicating the actual protein range of a lot shall be shown on the official inspection certificate if the difference between the lowest and highest protein determinations for the lot exceeds 1.0 percent when protein is officially determined and a specific range limit is not established by the contract grade.

(4) *Part lot.* If part of a lot of grain in an inbound carrier is unloaded and part is left in the carrier, the unloaded grain shall be officially inspected and certificated in accordance with the provisions of § 800.84(g).

(5) *Official mark.* If the grain in a single lot is officially inspected for grade as it is being loaded, upon request, the following official mark shall be shown on the inspection certificate: "Loaded under continuous official inspection."

§ 800.87 New inspections.

(a) *Identity lost.* An applicant may request official personnel to perform a new original inspection service on an identified lot of grain, or on an identified carrier or container, if the identity of the lot or the carrier or container has been lost.

(b) *Identity not lost.* If the identity of the grain or the carrier or container is

not lost, a new original inspection shall not be performed on the same identified lot of grain or carrier or container in the same assigned area of responsibility within 5 business days after the last official inspection.

[50 FR 49674, Dec. 4, 1985]

§ 800.88 Loss of identity.

(a) *Lots.* Except as noted in paragraph (d) of this section, the identity of a lot of grain shall be considered lost if (1) a portion of the grain is unloaded, transferred, or otherwise removed from the carrier or container in which the grain was located at the time of the original inspection; or (2) a portion of grain or other material, including additives, is added to the lot after the original inspection was performed, unless the addition of the additive was performed in accordance with the regulations and the instructions. At the option of official personnel performing a reinspection, appeal inspection, or Board appeal inspection service, the identity of grain in a closed carrier or container shall be considered lost if the carrier or container is not sealed or if the seal record is incomplete.

(b) *Carriers and containers.* The identity of a carrier or container shall be considered lost when (1) the stowage area is cleaned, painted, treated, fumigated, or fitted after the original inspection was performed; or (2) the identification of the carrier or container has been changed since the original inspection was performed.

(c) *Submitted samples.* The identity of a submitted sample of grain shall be considered lost when (1) the identifying number, mark, or symbol for the sample is lost or destroyed or (2) the samples have not been retained and protected by official personnel as prescribed in the instructions.

(d) *Additives.*¹ If additives are applied during loading to outbound, including export, grain after sampling or during unloading to inbound grain before sampling for the purpose of insect or fungi

¹Elevators, other handlers of grain, and their agents are responsible for the additive's proper usage and application. Compliance with this section does not excuse compliance with applicable Federal, State, and local laws.

control, dust suppression, or identification, the inspection certificate shall show a statement showing the type and purpose of the additive application, except that no statement is required to be shown when the additive is a fumigant applied for the purpose of insect control.

[52 FR 6495, Mar. 4, 1987, as amended at 58 FR 3212, Jan. 8, 1993; 59 FR 52077, Oct. 14, 1994]

WEIGHING PROVISIONS AND PROCEDURES

§ 800.95 Methods and order of performing weighing services.

(a) *Methods.* All Class X or Class Y weighing, checkweighing, checkloading, stowage examination, and other weighing services shall be performed by official personnel or approved weighers using approved weighing equipment and according to procedures prescribed in the regulations and the instructions.

(b) *Order of service.* Weighing services shall be performed, to the extent practicable, in the order in which requests are received. Official personnel must mark or stamp the date received on each written request for service. Precedence will be given to requests for weighing required by sections 5(a)(1) or 5(a)(2) of the Act.

[52 FR 6495, Mar. 4, 1987]

§ 800.96 Weighing procedures.

(a) *Inbound.* Inbound grain that is to be weighed must be routed directly from the carrier and cannot be cleaned, dried, or otherwise processed to remove or add other grain or material en route. Except as noted in paragraph (c) of this section, the identity of an inbound lot shall be considered lost when a portion of the lot is transferred or otherwise removed prior to weighing or a portion of grain or other material is added to the lot prior to weighing. When loss of identity occurs, no amount shall be shown in the “Net Weight” portion of the weight certificate for the lot.

(b) *Outbound.* Outbound grain that has been weighed must be routed directly from the scale to the carrier and cannot be cleaned, dried, or otherwise processed to remove or add other grain or material en route. Except as noted in paragraph (c) of this section, the

identity of an outbound lot will be considered lost if a portion of the lot is transferred or otherwise removed from the lot after weighing or a portion of grain or other material is added to the lot after weighing. When loss of identity occurs, no amount shall be shown in the “Net Weight” portion of the weight certificate for the lot.

(c) *Exceptions—(1) Spills.* (i) *Outbound.* (A) *Replaced.* If a spill occurs in handling and loading of outbound grain and the spilled grain is retrieved, or is replaced in kind, and is loaded on board during the loading operations, the weight certificate shall show the weight of the grain that was physically loaded on board. Upon request of the applicant, an additional certificate may be issued by the agency or the field office to show the weight of the additional grain that was used to replace a spill.

(B) *Not replaced.* If a spill occurs in the handling and loading of outbound grain and the spilled grain is not retrieved or is not replaced during the loading operation, the weight certificate shall show the weight of the grain that was actually weighed, minus the estimated amount of the grain that was spilled. Upon request of the applicant, an additional certificate may be issued showing the estimated amount of grain that was spilled. The applicant may, upon request, have the total amount that was weighed shown on the weight certificate with the estimated amount of the spilled grain noted.

(ii) *Inbound.* If a spill occurs in the handling of inbound grain and the grain is not retrieved and weighed, the weight certificate shall show the weight of the grain that was actually unloaded from the carrier and a statement regarding the spill as prescribed in the instructions.

(2) *Additives.*¹ If additives are applied during loading to outbound, including export, grain after weighing or during unloading to inbound grain before weighing for the purpose of insect or fungi control, dust suppression, or

¹Elevators, other handlers of grain, and their agents are responsible for the additive's proper usage and application. Compliance with this section does not excuse compliance with applicable Federal, State, and local laws.

identification, the weight certificate shall show the actual weight of the grain after the application of the additive for inbound grain or the actual weight of the grain prior to the application of the additive for outbound or export grain and a statement showing the type and purpose of the additive application, except that no statement is required to be shown when the additive is a fumigant applied for the purpose of insect control.

(3) *Dust*. If dust is removed during the handling of grain, the weight certificate shall not be adjusted to reflect the weight of the removed dust.

(4) *Commingled carriers*. If grain from two or more identified carriers becomes mixed, (i) the combined weight of the grain shall be shown in the "Net Weight" block of one certificate with all carrier identification shown in the identification of carrier section of the certificate, or (ii) upon request of the applicant, a certificate shall be issued for each carrier with the "Net Weight" block crossed out, and with the total combined weight unloaded and the identification of the other carrier(s) shown in the "Remarks" section.

(5) *Unremoved grain*. If, after unloading an inbound carrier, there is sound grain remaining in the carrier that could have been removed with reasonable effort, the weight certificate shall show the weight of the grain that was actually unloaded from the carrier and a statement regarding the grain remaining in the carrier.

[52 FR 6495, Mar. 4, 1987, as amended at 58 FR 3212, Jan. 8, 1993; 59 FR 52077, Oct. 14, 1994]

§ 800.97 Weighing grain in containers, land carriers, barges, and shiplots.

(a) *General*. The weighing of grain loaded or unloaded from any carrier shall be conducted according to this section and the instructions.

(b) *Procedure*—(1) *General*. If grain in a carrier is offered for inspection or weighing service as one lot, the grain must be weighed at the individual weighing location in a reasonably continuous operation and certified as one lot. The identification of the carrier(s) must be recorded on the scale tape or ticket and the weight certificate.

(2) *Sacked grain*. If sacked grain is offered for weighing and the grain is not

fully accessible, the request for weighing service shall be dismissed.

(3) *Part lots*. If a portion of an inbound lot of grain is unloaded and a portion is left in the carrier because it is not uniform in quality or condition, or the lot is unloaded in other than a reasonably continuous operation, the portion that is removed and the portion remaining in the carrier shall be considered as part lots and shall be weighed and certificated as part lots.

(c) *Certification of trucklots, carlots, and bargelots*—(1) *Basic requirement*. One official certificate must be issued for the weighing of the grain in each container, truck, trailer, truck/trailer(s) combination, railroad car, barge, or similarly sized carrier. This requirement is not applicable to multiple grain carriers weighed as a single lot or combined lot under § 800.98.

(2) *Part-lot weight certificates*. A part-lot weight certificate shall show (i) the weight of the portion that is unloaded and (ii) the following statement: "Part-lot: The net weight stated herein reflects a partial unload."

(d) *Certification of shiplot grain*—(1) *Basic requirement*. The certificate shall show (i) if applicable, a statement that the grain has been loaded aboard with other grain, (ii) the official weight, (iii) the stowage or other identification of the grain, and (iv) other information required by the regulations and the instructions.

(2) *Common stowage*—(i) *Without separation*. If bulk grain is offered for weighing as it is being loaded aboard a ship and is loaded without separation in a stowage area with other grain or another commodity, the weight certificate for the grain in each lot shall show that the lot was loaded aboard with other grain or another commodity without separation and the relative location of the grain.

(ii) *With separation*. If separations are laid between adjacent lots, the weight certificates shall show the kind of material used in the separations and the location of the separations in relation to each lot.

(iii) *Exception*. The common stowage requirements of this paragraph shall not be applicable to the first lot in a stowage area unless a second lot has been loaded, in whole or in part, in the

stowage area before issuing the official weight certificate for the first lot.

(3) *Official mark.* If the grain is officially weighed in a reasonably continuous operation, upon request by the applicant, the following statement may be shown on the weight certificate: “Loaded under continuous official weighing.”

§ 800.98 Weighing grain in combined lots.

(a) *General.* The weighing of bulk or sacked grain loaded aboard, or being loaded aboard, or unloaded from two or more carriers as a combined lot shall be conducted according to this section and the instructions.

(b) *Weighing procedure—(1) Single lot weighing.* (i) Single lots of grain that are to be weighed as a combined lot may be weighed at multiple locations, provided that:

(A) The lots are contained in the same type of carrier; and

(B) Weighing is performed at each individual location in a reasonably continuous operation.

(ii) The grain loaded into or unloaded from each carrier must be weighed in accordance with procedures prescribed in the instructions. In the case of sacked grain, a representative weight sample must be obtained from the grain in each carrier unless otherwise specified in the instructions.

(2) *Recertification.* Grain that has been weighed and certified as two or more single lots may be recertified as a combined lot, provided that the original weight certificates issued for the single lots have been or will be surrendered to the appropriate agency or field office, and the official personnel who performed the weighing service for the single lots and the official personnel who are to recertify the grain as a combined lot determine that the weight of the grain in the lots has not since changed, and in the case of sacked grain, that the weight samples used as a basis for weighing the single lots were representative at the time of the weighing.

(3) *Grain uniform in quality.* An applicant may request that grain be weighed and certificated as a combined

lot whether or not the grain is uniform in quality for the purpose of inspection under the Act.

(c) *Certification procedures—(1) General.* Each certificate for a combined-lot Class X or Class Y weighing service shall show the identification for the “Combined lot” or, at the request of the applicant, the identification of each carrier in the combined lot. The identification and any seal information for the carriers may be shown on the reverse side of the weight certificate, provided the statement “See reverse side” is shown on the face of the certificate in the space provided for remarks.

(2) *Recertification.* If a request for a combined-lot Class X or Class Y weighing service is filed after the grain in the single lots has been weighed and certified, the combined-lot weighing certificate must show the following:

(i) The date of weighing the grain in the combined lot (if the single lots were weighed on different dates, the latest dates must be shown);

(ii) A serial number, other than the serial numbers of the weight certificates that are to be superseded;

(iii) The name of the elevator(s) from which or into which the grain in the combined lot was loaded or unloaded;

(iv) A statement showing the weight of the grain in the combined lot;

(v) A completed statement showing the identification of any superseded certificate as follows: “This combined-lot certificate supersedes certificate Nos. ____, dated ____; and

(vi) If at any time of issuing the combined-lot weight certificate, the superseded certificates are not in the custody of the agency or field office, the statement “The superseded certificates identified herein have not been surrendered” must be shown clearly in the space provided for remarks beneath the statement identifying the superseded certificates. If the superseded certificates are in the custody of the agency or field office, the superseded certificates must be clearly marked “Void.”

(3) *Part lot.* If a part of a combined lot of grain in inbound carriers is unloaded and a part is left in the carriers, the grain that is unloaded shall be certificated in accordance with the provisions in § 800.97(c)(2).

(4) *Official mark.* When grain is weighed as a combined lot in one continuous operation, upon request by the applicant, the following statement shall be shown on the weight certificate: "Loaded under continuous official weighing," or "Loaded under continuous official inspection and weighing."

(5) *Further combining.* After a combined-lot weight certificate has been issued, there shall be no further combining and no dividing of the certificate.

(6) *Limitations.* No combined-lot weight certificate shall be issued (i) for any weighing service other than as described in this section or (ii) which shows a weight of grain different from the total of the combined single lot.

[52 FR 6496, Mar. 4, 1987, as amended at 78 FR 43757, July 22, 2013]

§ 800.99 Checkweighing sacked grain.

(a) *General.* Each checkweighing service performed on a lot of sacked grain to determine the weight of the grain shall be made on the basis of one or more official weight samples obtained from the grain by official personnel according to this section and procedures prescribed in the instructions.

(b) *Representative sample.* No official weight sample shall be considered to be representative of a lot of sacked grain unless the sample is of the size prescribed in the instructions and has been obtained and weighed according to the procedures prescribed in the instructions.

(c) *Protecting samples and data.* Official personnel and other employees of an agency or the Service shall protect official weight samples and data from manipulation, substitution, and improper and careless handling which might deprive the samples and sample data of their representativeness.

(d) *Restriction on weighing.* No agency shall weigh any lot of sacked grain unless at the time of obtaining the official weight sample the grain from which the sample was obtained was located within the area of responsibility assigned to the agency, except as otherwise provided for in § 800.117, or on a case-by-case basis as determined by the Administrator.

(e) *Equipment and labor.* Each applicant for weighing services shall provide

necessary labor for obtaining official weight samples and place the samples in a position for weighing and shall supply suitable weighing equipment approved by the Service, pursuant to the regulations and the instructions.

(f) *Disposition of official weight samples.* In weighing sacked grain in lots, the grain in the official weight samples shall be returned to the lots from which the samples were obtained.

(g) *Provisions by kinds of service—(1) "IN" movements.* Each checkweighing on an "IN" movement of sacked grain shall be based on an official weight sample obtained while the grain is at rest in the carrier or during unloading, in accordance with procedures prescribed in the instructions.

(2) *"OUT" movements (export).* Each checkweighing of sacked export grain shall be based on an official weight sample obtained as the grain is being loaded aboard the final carrier, as the grain is being sacked, or while the grain is at rest in a warehouse or holding facility, in accordance with procedures prescribed in the instructions.

(3) *"OUT" movements (other than export).* Each checkweighing of an "OUT" movement of nonexport sacked grain shall be based on an official weight sample obtained from the grain as the grain is being loaded in the carrier, or while the grain is at rest in the carrier, or while the grain is at rest in a warehouse or holding facility, or while the grain is being sacked, in accordance with procedures prescribed in the instructions.

(4) *"LOCAL" weighing.* Each checkweighing of a "LOCAL" movement of sacked grain shall be based on an official weight sample obtained while the grain is at rest or while the grain is being transferred, in accordance with procedures prescribed in the instructions.

§ 800.116

weighing services. The kinds of inspection and weighing services are described in § 800.75.

(b) *Class Y weighing services.* A request for Class Y weighing services at an export elevator at an export port location shall cover all lots shipped or received in a specific type of carrier. At all other elevators, the request shall cover all lots shipped from or to a specific location in a specific type of carrier. Each request shall be for a contract period of at least 3 months, but a facility may, upon satisfactory notification, exempt specific unit trains from the request.

(c) *Contract services.* Any interested person may enter into a contract with an agency or the Service whereby the agency or Service will provide original services for a specified period and the applicant will pay a specified fee.

§ 800.116 How to request original services.

(a) *General.* Except as otherwise provided for in § 800.117, requests for original services shall be filed with an agency or field office authorized to operate in the area in which the original service is to be performed. All requests shall include the information specified in § 800.46. Verbal requests shall be confirmed in writing when requested by official personnel, as specified in § 800.46. Copies of request forms may be obtained from the agency or field office upon request. If the information specified by § 800.46 is not available at the time the request is filed, official personnel may, at their discretion, withhold service pending receipt of the required information. An official certificate shall not be issued unless the information as required by § 800.46 has been submitted, or official personnel determine that sufficient information has been made available so as to perform the requested service. A record that sufficient information was made available must be included in the record of the official service.

(b) *Request requirements.* Except as provided for in § 800.117, requests for original services, other than submitted sample inspections, must be made to

7 CFR Ch. VIII (1-1-24 Edition)

the agency or field office responsible for the area in which the service will be provided. Requests for submitted sample inspections may be made with any agency, or any field office that provides original inspection service. Requests for inspection or Class X weighing of grain during loading, unloading, or handling must be received in advance of loading so official personnel can be present. All requests will be considered filed when official personnel receive the request. A record shall be maintained for all requests. All requests for service that is to be performed outside normal business hours must be received by 2 p.m. the preceding day.

(Approved by Office of Management and Budget under control number 0580-0013)

[68 FR 19139, Apr. 18, 2003]

§ 800.117 Who shall perform original services.

(a) *General.* Original services shall be performed by the agency or field office assigned the area in which the service will be provided, except as provided in paragraph (b) of this section.

(b) *Exceptions for official agencies to provide service.* Under an exception, an official agency may provide service to an applicant outside of their geographic area. The Service may grant exceptions in instances when: the assigned official agency is unable to provide inspection services in a timely manner; a person requesting inspection services in that geographic area has not been receiving official inspection services from the official agency for that geographic area; a person requesting inspection services in that geographic area requests a probe inspection on a barge-lot basis; or, the assigned official agency for that geographic area agrees in writing with the adjacent official agency to waive the current geographic area restriction at the request of the applicant for service. Excluding requests for probe inspections on a barge-lot basis, applicants requesting an exception must submit requests for a service exception to the Service.

(1) *Timely service.* Service is not timely when an official agency cannot provide the requested official services within 6 hours or cannot provide the

results and certificate in accordance with § 800.160(c). Timely service exception requests will also be considered for delays caused by weather events or for official services that the assigned official agency does not offer. The applicant must submit a request for a timely service exception to the Service. The applicant may make this request orally or in writing. If the applicant requests a timely service exception orally, the applicant must submit a written request to the Service within two business days of the request. The applicant must clearly state and support the identified reason for the requested timely service exception. There are three consecutive tiers of timely service exceptions: one-time, 90-day, and long-term. Applicants requesting 90-day or long-term timely service exceptions must progress through each previous tier sequentially. The Service will review timely service exception requests and may contact the applicant, the assigned official agency, or potential gaining official agency with questions during its review.

(i) *One-time*. In the case of an assigned official agency's inability to provide timely service, an applicant may be granted a one-time approval to use another official agency for the associated pending service request, as applicable.

(A) For one-time, timely service exception requests, if the request is made during customary business hours, the Service will provide its decision that day.

(B) If the applicant has an urgent timely service exception request, outside of the Service's customary business hours, an official agency from outside the geographic area may provide one-time service. When providing an urgent service, the gaining official agency must provide written notification to the Service within two business days after service.

(C) Upon returning to official office hours, the Service will review and verify the circumstances of the urgent request, as well as its consistency with the U.S. Grain Standards Act and implementing regulations.

(ii) *90-day*. If there is an occurrence of untimely service within 180 days of the date of the occurrence in paragraph

(b)(1)(i) of this section, the applicant may request a 90-day timely service exception. This 90-day window will begin the day the exception is granted.

(iii) *Long-term*. If there is an occurrence of untimely service within 365 days after the applicant's return to service with the assigned official agency, following an exception granted under paragraph (b)(1)(ii) of this section, the applicant may request a long-term timely service exception. When granting this exception, the Service may continue the exception up to the date on which the gaining official agency's designation terminates.

(iv) *Supporting documentation*. The applicant must submit a request for a timely service exception to the Service. This request may include any associated supporting documentation the applicant feels is warranted. After receipt of the request, the Service will provide the applicant, assigned official agency, and potential gaining official agency an opportunity to submit any additional information in support of the timely service exception request in writing. The Service will request additional information, if needed.

(v) *Review and verification*. Except as provided in paragraph (b)(1)(i) of this section, prior to granting a timely service exception, the Service must review and verify information submitted with the request. When a timely service exception request is received, the Service will issue a written notification to acknowledge the receipt of the request to the applicant, the assigned official agency, and the potential gaining official agency. When possible, the Service should also attempt to make oral contact.

(vi) *Timeline*. Once the applicant's request is received, the Service will notify the applicant and begin the review timeline. The Service will issue a determination within 15 business days for 90-day and long-term timely service exceptions, barring a challenge from the assigned official agency. While awaiting a final decision on 90-day and long-term timely service exceptions, the applicant may receive service from the potential gaining official agency.

(vii) *Notification*. The Service must notify the assigned official agency in writing upon receipt of the request for

a timely service exception. At the completion of the request review process, the Service will issue written notification of the determination on the request to the applicant, the assigned official agency, and the gaining official agency. When possible, the Service should also attempt to make oral contact.

(viii) *Challenge*. The assigned official agency may challenge a request for a timely service exception for any reason. To challenge a request for a timely service exception, the assigned official agency must object, in writing, and submit the challenge and any supporting documents to the Service.

(A) Given the urgency of a one-time service request, if the assigned official agency wishes to challenge the request, it must be done in a manner which does not further delay the applicant from receiving the pending service. If the one-time timely service exception has already been granted or used, the assigned official agency may still challenge the Service's determination within 14 calendar days.

(B) To challenge a 90-day or long-term timely service exception, the assigned official agency must submit the challenge and any supporting documents within 14 calendar days of the date of notification of the timely service exception request. The documents must clearly identify the objection and support the identified reason for the challenge.

(ix) *Determination*. In the event the Service determines that the assigned official agency is unable to provide official services in a timely manner, the Service will grant a timely service exception.

(x) *False or misleading requests*. If an applicant submits a request for a timely service exception that the Service determines to be false or misleading, the Service will not grant the exception and may elect to limit the applicant from submitting further requests for a period of up to 180 days. If an urgent request for a timely service exception, outside of customary business hours, was granted on the basis of a false or misleading request, the Service may deny the applicant from future timely service exceptions for a period of up to 180 days.

(xi) *Return to the assigned official agency*. The applicant maintains the option of returning to the assigned official agency within 60 days of notification of termination of the timely service exception to all parties. The applicant must submit a written notification requesting to terminate the timely service exception to the Service, the assigned official agency and the gaining official agency. The timely service exception will be cancelled, and future timely service exception requests must be considered at the beginning of successive-tiered system.

(xii) *Termination*. If the Service determines the assigned official agency's inability to provide a specific service was limited due to weather events or for official services that the assigned official agency does (did) not offer, the cause of which has been resolved, the Service, in consultation with all the parties, may terminate the 90-day or long-term timely service exception. However, if the timely service exception was associated with the official agency's inability to provide service in 6 hours or less, or with its failure to issue the results and certificate in a timely manner, then the Service might elect not to terminate the timely service exception. The Service must notify the applicant, the assigned official agency, and the potential gaining official agency of all timely service exception termination decisions in writing. The assigned official agency must resume service within 60 days of notification.

(2) *Nonuse of service exception*. If an applicant has not received official inspection services from the assigned official agency within the last 90 days, the applicant may request, in writing, a nonuse of service exception. Periods of nonuse resulting from timely service exceptions will not qualify as part of a period of nonuse.

(i) *Supporting documentation*. Along with the request for an exception, the applicant must submit supporting documentation pursuant to paragraph (b)(2)(i)(A) of this section and may submit any additional supporting material the applicant wishes to submit to the Service. After receipt of the request, the Service will provide the applicant, assigned official agency, and potential gaining official agency an opportunity

to submit any additional information in writing. The Service will request additional information, if needed.

(A) *Required information.* The applicant's request for a nonuse of service exception must include the following information:

(1) The last date of service from the assigned official agency;

(2) The reason service has not been received during this time frame; and

(3) The identified reason for the request.

(B) *Additional relevant information.* Applicants may submit any additional relevant supporting information. This may include, but is not limited to:

(1) The location of the specified service need(s);

(2) The types of services requested by the applicant and offered by the assigned official agency;

(3) The ability of the assigned official agency to provide the requested service;

(4) Whether the applicant's facility has ever used the official system; and

(5) The impact on the applicant in the event it continues with the assigned official agency.

(ii) *Review and verification.* The Service will review the request for a nonuse of service exception and supporting documentation, then conduct any necessary analysis to estimate the exception's impact prior to making a determination, as defined in paragraph (b)(2)(vi) of this section. When the Service receives a nonuse of service exception request, the Service will issue a written notification to acknowledge the receipt of the request to the applicant, the assigned official agency, and the potential gaining official agency.

(iii) *Timeline.* The Service will make every attempt to complete the determination process in a timely manner, during which the applicant must continue with nonuse of service. This time period will include the allotted 14 calendar days in which the assigned official agency may challenge the request. The Service may extend the determination timeline when necessary.

(iv) *Notification.* The Service must notify the assigned official agency in writing upon receipt of the request for a nonuse of service exception. At the completion of the process, the Service

will issue written notification of the determination on the request to the applicant, the assigned official agency, and the gaining official agency. When possible, the Service should also attempt to make oral contact.

(v) *Challenge.* The assigned official agency may challenge a request for a nonuse of service exception for any reason. To challenge a nonuse of service exception, the assigned official agency must object in writing and must submit the challenge and any supporting documentation to the Service within 14 calendar days from the date of notification from the Service of receipt of the request for a nonuse of service exception for the applicant. The documents must clearly identify the objection and support the identified reason for the challenge.

(vi) *Determination.* The Service will consider impacts on the applicant, the assigned official agency, and the potential gaining official agency when deciding whether to grant a nonuse of service exception. These impacts may include, but are not limited to, the viability of the assigned official agency given the loss of business. The Service will also consider the impact on the official system and confirm a nonuse of service exception will not undermine the congressional policies in section 2 of the United States Grain Standards Act. The Service will provide its decision, in writing, to the applicant, the assigned official agency, and the potential gaining official agency. If approved, the applicant can receive service from either the originally assigned official agency or the gaining official agency.

(vii) *False or misleading requests.* If an applicant submits a request that the Service determines is false or misleading, the Service will not grant the nonuse of service exception and may elect to limit the applicant from submitting further requests for a period of up to 180 days.

(viii) *Renewal or termination of exception.* The nonuse of service exception is for the period of the gaining official agency's designation. At the end of the designation, the Service will review the nonuse if service exception and verify the information. Unless the applicant, the assigned official agency,

§ 800.118

the gaining official agency, and the Service all agree to terminate the nonuse of service exception, the Service will renew the nonuse of service exception for the gaining official agency's new designation period. In the event the gaining official agency is no longer designated, the nonuse of service exception will automatically terminate, and the applicant will return to the assigned official agency. If the applicant transfers ownership of its facility, the nonuse of service exception will automatically terminate, and the new applicant/owner of the facility must request a new nonuse of service exception to receive service from an official agency other than the assigned official agency for that geographic area. At any point in the designation cycle, if the applicant, the assigned official agency, the gaining official agency, and FGIS jointly agree to terminate nonuse of service exception in writing, the Service will terminate the exception. In this case, the assigned official agency must resume service within 60 days of notification that the nonuse of service exception has been terminated.

(ix) *Historic exceptions.* All nonuse of service exceptions that were in place as of March 30, 2019, and that are currently active as of the date of effectuation of this rule, are incorporated within the list of active nonuse of service exceptions.

(3) *Barge probe service.* Any official agency may provide probe sampling and inspection service for barge-lots of grain with no restrictions due to geographical locations.

(4) *Written agreement.* If the assigned official agency agrees in writing with the adjacent official agency to waive the current geographic area restriction at the request of the applicant for service, the adjacent official agency may provide service at a particular location upon providing written notice to the Service, and the Service determines that the written agreement conforms to the provisions in the Act.

(c) *Interim service at other than export port locations.* If the assigned official agency is not available on a regular basis to provide original services, and no official agency within a reasonable proximity is willing to provide such services on an interim basis, the serv-

§ 800.118 Certification.

Official certificates shall be issued according to § 800.160. Upon request, a combination inspection and Class X weighing certificate may be issued when both services are performed in a reasonably continuous operation at the same location by the same agency or field office. An official certificate shall not be issued unless the information as required by § 800.46 has been submitted, or official personnel determine that sufficient information has been made available so as to perform the requested service. A record that sufficient information was made available must be included in the record of the official service.

OFFICIAL REINSPECTION SERVICES AND REVIEW OF WEIGHING SERVICES

§ 800.125 Who may request reinspection services or review of weighing services.

(a) *General.* Any interested person may request a reinspection or review of weighing service, except as provided for in § 800.86(c)(5). Only one reinspection service or review of weighing service may be performed on any original service. When more than one interested person requests a reinspection or review of weighing service, the first person to file is the applicant of record.

(b) *Kind and scope of request.* A reinspection or review of weighing service is limited to the kind and scope of the original service. If the request specifies a different kind or scope, the request shall be dismissed but may be resubmitted as a request for original services: Provided, however, that an applicant for service may request a reinspection of a specific factor(s), official grade and factors, or official criteria.

In addition, reinspections for grade may include a review of any pertinent factor(s), as deemed necessary by official personnel. Official criteria are considered separately from official grade or official factors when determining the kind and scope. When requested, a reinspection for official grade or official factors and official criteria may be handled separately even though both sets of results are reported on the same certificate. Moreover, a reinspection or review of weighing may be requested on either the inspection or Class X weighing results when both results are reported on a combination inspection and Class X weight certificate.

§ 800.126 How to request reinspection or review of weighing services.

(a) *General.* Requests shall be made with the agency or field office that performed the original service. All requests shall include the information specified in § 800.46. Verbal requests shall be confirmed in writing when requested by official personnel. Copies of request forms may be obtained from the agency or field office. If at the time the request is filed the documentation required by § 800.46 is not available, official personnel may, at their discretion, withhold services pending the receipt of the required documentation. A reinspection certificate or the results of a review of weighing service shall not be issued unless (1) the documentation requested under § 800.46 has been submitted or (2) official personnel determine sufficient information has been made available so as to perform the requested service. A record that sufficient information was made available shall be included in the record of the official service.

(b) *Request requirements.* Requests will be considered filed on the date they are received by official personnel. A record shall be maintained for all requests.

(1) *Reinspection services.* Requests shall be received (i) before the grain has left the specified service point where the grain was located when the original inspection was performed; (ii)

no later than the close of business on the second business day following the date of the original inspection; and (iii) before the identity of the grain has been lost. If a representative file sample, as prescribed in § 800.82, is available, official personnel may waive the requirements pursuant to this subparagraph. The requirements of paragraph (b)(1)(i) of this section may be waived only upon written consent of the applicant and all interested persons. The requirements of paragraph (b)(1)(ii) and (iii) of this section may be waived at the request of the applicant or other interested persons. The requirement of paragraph (b)(1)(ii) of this section may also be waived upon satisfactory showing by an interested person of evidence of fraud or that because of distance or other good cause, the time allowed for filing was not sufficient. A record of each waiver shall be included in the record of the reinspection service.

(2) *Review of weighing services.* Requests shall be received no later than 90 calendar days after the date of the original Class X or Class Y weighing service.

§ 800.128 Conflicts of interest.

Official personnel cannot perform or participate in performing or issue an official certificate for a reinspection or a review of weighing service if they participated in the original service unless there is only one qualified person available at the time and place of the reinspection or review of weighing.

§ 800.129 Certificating reinspection and review of weighing results.

(a) *General.* Except as provided in paragraph (a)(1) of this paragraph, official certificates shall be issued according to § 800.160 and the instructions. Except as provided in paragraph (b)(2) of this section, only the result of the reinspection service shall be reported.

(1) *Results of material portion sublots.* When results of a reinspection on a material portion do not detect a material error, they shall be averaged with the original inspection results. For purposes of this section, a material error is defined as results differing by more than two standard deviations. The averaged inspection results shall replace the original inspection results recorded on the official inspection log. Reinspection results shall replace the original inspection results recorded on the official inspection log if a material error is detected. No certificates will be issued unless requested by the applicant or deemed necessary by official personnel.

(2) *Reporting review of weighing results.* When the review of weighing service results indicate that the original weighing results were correct, the applicant will be notified in writing. When the original weighing service results are incorrect, a corrected weight certificate or, if applicable, a corrected combination inspection and Class X weight certificate will be issued according to the provisions of § 800.165.

(b) *Required statements on reinspection certificates.* Each reinspection certificate shall show the statements required by this section, § 800.161, and applicable instructions.

(1) Each reinspection certificate must clearly show (i) the term “Reinspection” and (ii) a statement identifying the superseded certificate. The superseded certificate will be considered null and void as of the date of the reinspection certificate.

(2) When official grade or official factors, Class X weighing results, and official criteria are reported on the same certificate, the reinspection certificate shall show a statement indicating that the reinspection results are based on official grade, or official factors, or official criteria and that all other results are those of the original service.

(3) If the superseded certificate is in the custody of the agency or field office, the superseded certificate shall be marked “Void.” If the superseded certificate is not in the custody of the agency or field office at the time the reinspection certificate is issued, a statement indicating that the superseded certificate has not been surrendered shall be shown on the reinspection certificate.

(4) As of the date of issuance of the official certificate, the superseded certificate for the original service will be void and shall not be used to represent the grain.

APPEAL INSPECTION SERVICES

§ 800.135 Who may request appeal inspection services.

(a) *General.* Any interested person may request appeal inspection or Board appeal inspection services, except as provided for in § 800.86(c)(5). When more than one interested person requests an appeal inspection or Board appeal inspection service, the first person to file is the applicant of record. Only one appeal inspection may be obtained from any original inspection or reinspection service. Only one Board appeal inspection may be obtained from an appeal inspection. Board appeal inspections will be performed on the basis of the official file sample. Board appeal inspections are not available on stowage examination services.

(b) *Kind and scope of request.* An appeal inspection service is limited to the kind and scope of the original or reinspection service; or, in the case of a Board Appeal inspection service, the kind and scope of the appeal inspection service. If the request specifies a different kind or scope, the request shall be dismissed but may be resubmitted as a request for original services: Provided, however, that an applicant for service may request an appeal or Board

Appeal inspection of a specific factor(s), official grade and factors, or official criteria. In addition, appeal and Board Appeal inspections for grade may include a review of any pertinent factor(s), as deemed necessary by official personnel. Official criteria are considered separately from official grade or official factors when determining kind and scope. When requested, an appeal inspection for grade, or official factors, and official criteria may be handled separately even though both results are reported on the same certificate. Moreover, an appeal inspection may be requested on the inspection results when both inspection and Class X weighing results are reported on a combination inspection and Class X weight certificate.

§ 800.136 How to request appeal inspection services.

(a) *General.* Requests shall be filed with the field office responsible for the area in which the original service was performed. Requests for Board appeal inspections may be filed with the Board of Appeals and Review or the field office that performed the appeal inspection. All requests shall include the information specified in § 800.46. Verbal requests shall be confirmed in writing when requested by official personnel as specified in § 800.46. Copies of request forms may be obtained from the field office upon request. If at the time the request is filed the documentation required by § 800.46 is not available, official personnel may, at their discretion, withhold service pending the receipt of the required documentation. An appeal inspection certificate will not be issued unless (1) documentation requested under § 800.46 has been submitted or (2) office personnel determine that sufficient information has been made available so as to perform the request. A record that sufficient information has been made available must be included in the record of the official service.

(b) *Filing requirements.* Requests will be considered filed on the date they are

received by official personnel. A record shall be maintained for all requests. Requests must be filed (1) before the grain has left the specified service point where the grain was located when the original inspection was performed, (2) no later than the close of business on the second business day following the date of the last inspection, and (3) before the identity of the grain has been lost. If a representative file sample as prescribed in § 800.82 is available, official personnel may waive the requirements pursuant to this paragraph. The requirements of paragraph (b)(1) of this section may be waived only upon written consent of the applicant and all interested persons. The requirements of paragraphs (b)(2) and (b)(3) of this section may be waived at the request of the applicant or other interested persons. The requirement of paragraph (b)(2) of this section may also be waived upon satisfactory showing by an interested person of evidence of fraud or that because of distance or other good cause, the time allowed for filing was not sufficient. A record of each waiver shall be included in the record of the appeal inspection service.

For purposes of this section, a material error is defined as results differing by more than two standard deviations. The appeal or Board appeal inspection result shall replace the previous inspection results recorded on the official inspection log for the identified sample if a material error is detected. (3) Except as provided in §800.76(a), engage in any outside (unofficial) work or activity that:

(i) May impair their efficiency in performing official functions; or

(ii) Consists in whole or in part of unofficial acts of sampling, stowage examination, inspection testing, equipment testing, inspection, or weighing services similar to the official services for which the employing agency is designated; or

(iii) May result in the acquisition of property interests that could create a conflict of interest as defined in section 11 of the Act; or

(iv) May tend to bring criticism on or otherwise embarrass the Department or the Service;

(4) Issue to other official personnel, warehouse samplers, or approved weighers any instructions or directives inconsistent with the Act, the regulations, the Official U.S. Standards for Grain, or the instructions;

(5) Organize or help establish a general or specialized farm organization, or act as an officer or business agency in, recruit members for, or accept office space or contributions from such an organization;

(6) Advocate that any general or specialized farm organization better represents the interest of farmers than any other organization or individual, or recommend that the responsibilities of any government agency be carried

out through a general or specialized farm organization. Nothing in paragraph (c)(5) of this section shall prevent official personnel from holding membership in a general or specialized farm organization or prohibit official personnel from participating in the operation of local groups or organizations that conduct government-authorized programs.

§ 800.187 Conflicts of interest

(a) *General.* Warehouse samplers are exempt from the conflict-of-interest provisions of this section.

(b) *What constitutes a gratuity.* For the purposes of these regulations, the term “gratuity” shall include any favor, entertainment, gift, tip, loan, payment for unauthorized or fictitious work, unusual discount, or anything of monetary value. The term shall not include (1) the occasional exchange of a cup of coffee or similar social courtesies of nominal value in a business or work relationship if the exchange is wholly free of any embarrassing or improper implications; (2) the acceptance of unsolicited advertising material such as pencils, pens, and note pads of nominal value if the material is wholly free of any embarrassing or improper implications; and (3) the exchange of the usual courtesies in an obvious family or personal relationship (including those between official personnel and their parents, spouses, children, or close personal friends) when the circumstances make it clear that the exchange is the result of the family or personal relationship, rather than a business or work relationship.

(c) *Conflicts.* In addition to the conflicts of interest prohibited by section 11 of the Act, the activities specified in this paragraph shall also be considered to be a conflict of interest. Accordingly, no official personnel shall, during the term of their license or authorization (including any period of suspension):

(1) Accept any gratuity.

(2) Accept any fee or charge or other thing of monetary value, in addition to the published fee or charge, for the performance of official inspection or

weighing services under circumstances in which the acceptance could result, or create the appearance of resulting, in (i) the use of their office or position for undue private gain, (ii) an undertaking to give undue preferential treatment to any group or any person, or (iii) any other loss of independence or impartiality in the performance of official inspection or Class X or Class Y weighing services.

(3) Knowingly perform, or participate in performing, an inspection or weighing service on grain in which they have a direct or indirect financial interest.

(4) Engage in the business by buying, selling, transporting, cleaning, elevating, storing, binning, mixing, blending, drying, treating, fumigating, or other preparation of grain (other than a grower of grain, or in the disposition of inspection samples); or in the business of cleaning, treating, or fitting carriers or containers for transporting or storing grain; the merchandising for nonfarm use of equipment for cleaning, drying, treating, fumigating, or otherwise processing, handling, or storing grain; or the merchandising of grain inspection or weighing equipment (other than buying or selling by official personnel of the equipment for use in the performance of their official services).

(5) Seek or hold any appointive or elective office in a grain industry organization or association. This provision does not apply to organizations of official inspectors or official weighers.

(6) Participate in any transaction involving the purchase or sale of corporate stocks or bonds, grain or grain-related commodities, or other property for speculative or income purposes if the transaction could reasonably be construed to interfere with the proper and impartial performance of official inspection for Class X or Class Y weighing services. Official personnel are not prohibited from (i) producing grain as a grower and selling the grain; (ii) making bona fide investments in governmental obligations, banking institutions, savings and loan associations, and other tangibles and intangibles that are clearly not involved in the production, transportation, storage, marketing, or processing of grain; or (iii) borrowing money from banks or

other financial institutions on customary terms.

(d) *Reports of interests.* Official personnel shall report information regarding their employment or other business or financial interests which may be required by the Service.

(e) *Avoiding conflicts of interest.* Official personnel shall not acquire any financial interest or engage in any activity that would result in a violation of this §800.187, or §800.186, or section 11 of the Act and shall not permit their spouses, minor children, or blood relatives who reside in their immediate households to acquire any such interest or engage in any such activity. For the purpose of this section, the interest of a spouse, minor child, or blood relative who is a resident of the immediate household of official personnel shall be considered to be an interest of the official personnel.

(f) *Disposing of a conflict of interest—*
(1) *Remedial action.* Upon being informed that a conflict of interest exists and that remedial action is required, an applicant for a license and official personnel shall take immediate action to end the conflict of interest and inform the Service of the action taken.

(2) *Hardship cases.* Applicants and official personnel who believe that remedial action will cause undue personal hardship may request an exception by forwarding to the Service a written statement setting forth the facts, circumstances, and reasons for requesting an exception.

(3) *Failure to terminate.* If a final determination is made by the Service that a conflict of interest does exist and should not be excepted, failure to terminate the conflict of interest shall subject: (i) An applicant for a license to a dismissal of the application; (ii) An employee of the Service to disciplinary action; and (iii) A licensee to license revocation.

§ 800.188 Crop year, variety, and origin statements.

No official personnel shall certify or otherwise state in writing (a) the year

(b) *Restrictions.* Only the Service or the delegated State may perform official inspection, Class X, and Class Y weighing services at an export port location within the State. If official inspection services, at export port locations within the State, are performed by the Service, only the Service may perform Class X and Class Y weighing services at the locations. If official inspection services are performed by a delegated State, either the State or the Service may perform Class X and Class Y weighing services at the export port locations within the State.

(c) *Who can apply.* States which: (1) Were performing official inspection at an export port location under the Act

on July 1, 1976, or; (2)(i) performed official inspection at an export port location at any time prior to July 1, 1976; (ii) were designated under section 7(f) of the Act on December 22, 1981, to perform official inspections; and (iii) operate in a State from which total annual exports of grain do not exceed, as determined by the Administrator, 5 per centum of the total amount of grain exported from the United States annually may apply to the Service for a delegation.

(d) *When and how to apply.* A request for authority to operate as a delegated State should be filed with the Service not less than 90 calendar days before the State proposes to perform the official service. A request for authority to operate as a delegated State shall show: (1) The export port location(s) where the State proposes to perform official inspection, Class X, and Class Y weighing services; (2) the estimated annual volume of inspection and weighing services for each location; and (3) the schedule of fees the State proposes to assess. A request for a revision to a delegation shall (i) be filed with the Service not less than 90 calendar days before the desired effective date, and (ii) specify the change desired.

(e) *Review of eligibility and criteria for delegation.* Each applicant for authority to operate as a delegated State shall be reviewed to determine whether the applicant meets the eligibility conditions contained in paragraph (c) of this section and the criteria contained in section 7(f)(1)(A) of the Act. The requested delegation may be granted if the Service determines that the applicant meets the eligibility conditions and criteria. If an application is dismissed, the Service shall notify the applicant promptly, in writing, of the reason(s) for the dismissal.

(f) *Responsibilities—(1) Providing official services.* Each delegated State shall be responsible for providing each official service authorized by the delegation at all export elevators at export port locations in the State. The State shall perform each official service according to the Act, regulations, and instructions.

(2) *Staffing, licensing, and training.* Delegated States shall employ official personnel on the basis of job qualifica-

tions rather than political affiliations. The State shall employ sufficient personnel to provide the services normally requested in an accurate and timely manner. The State shall only use personnel licensed by the Service for the performance of official services and shall train and assist its personnel in acquiring and maintaining the necessary skills. The State shall keep the Service informed of the employment status of each of its licensees and any substantial change in a licensee's duties.

(3) *Rotation of personnel.* Where feasible, each delegated State shall rotate licensees among elevators and other facilities as is necessary to preserve the integrity of the official inspection and weighting systems.

(4) *Supervision.* The State and its officials shall be responsible for the actions of the official personnel employed by the State, for direct supervision of the daily activities of such personnel, and for the conduct of official services and related activities in the State. The State shall supervise official activities according to the Act, regulations, and instructions and shall take action necessary to ensure that its employees are not performing prohibited functions and are not involved in any action prohibited by the Act, regulations, or instructions. Each State shall report to the Service information which shows or may show a violation of any provision of the Act, regulations, or instructions and information on any instructions which have been issued to State personnel by Service personnel or by any other person which are contrary to or inconsistent with the Act, regulations, or instructions.

(5) *Conflict of interest.* (i) *General.* The delegated State and any commissioner, director, employee, or other related person or entity shall not have a conflict of interest, as defined in section 11 of the Act and § 800.199 of the regulations. A conflict of interest may be waived pursuant to § 800.199(d).

(ii) *Unofficial activities.* The delegated State or personnel employed by the State shall not perform any unofficial service that is the same as any of the official services covered by the delegation.

(6) *Fees.* The delegated State shall charge fees according to § 800.70.

(7) *Facilities and equipment.* (i) *General.* The laboratory and office facilities of each delegated State shall be: Located; equipped; and large enough so that requested services are provided in an orderly and timely manner.

(9) *Certificate control system.* Each delegated State shall establish a certificate control system for all official certificates it receives, issues, voids, or otherwise renders useless. The system shall provide for: (i) Recording the numbers of the official certificates printed or received; (ii) protecting unused certificates from fraudulent or unauthorized use; and (iii) maintaining a file copy of each certificate issued, voided, or otherwise rendered useless in a manner that would permit retrieval.

(10) *Records.* Each delegated State shall maintain the records specified in §§ 800.145 through 800.159.

(11) *Notification to Secretary.* A delegated State shall notify the Secretary of its intention to temporarily discontinue official inspection and/or weighing services for any reason, except in the case of a major disaster. The delegated State must provide written notification to the Service no less than 72 hours in advance of the discontinuation date.

(g) *Termination—(1) Automatic termination.* Failure to pay the user fees prescribed by the Service for supervisory costs related to official inspection and weighing services within 30 days after due shall result in the automatic termination of the delegation. The delegation shall be reinstated if fees currently due, plus interest and any further expenses incurred by the Service because of the termination, are paid within 60 days after the termination.

(2) *Voluntary cancellation.* A State may request that its delegation be can-

celed by giving 90 days written notice to the Service.

(3) *Revocation.* (i) *Without hearing.* The Administrator may revoke the delegation of a State without first affording the State opportunity for a hearing. Unless otherwise provided, the revocation shall be effective when the State receives a notice from the Service regarding the revocation and the reason(s) therefor.

(ii) *Informal conference.* At the discretion of the Administrator, before the delegation of a State is revoked under paragraph (g)(3)(i) of this section, the Service may (A) notify the State of the proposed action and the reason(s) therefor, and (B) afford the State an opportunity to express its views in an informal conference before the Administrator.

(4) *Review.* At least once every 5 years, a delegated State shall submit to a review of its delegation by the Service in accordance with the criteria and procedures for delegation prescribed in section 7(e) of the Act, this section of the regulations, and the instructions. The Administrator may revoke the delegation of a State according to this subsection if the State fails to meet or comply with any of the criteria for delegation set forth in the Act, regulations, and instructions.

(h) *Provision of services following termination.* If a State's delegation is terminated, official services at the export port locations in the State shall be provided by the Service.

§ 800.196 Designations.

(a) *General.* Eligible persons or governmental agencies may be designated to perform official services (excluding appeal inspection) within a specified area (other than export port locations).

(b) *Restrictions—(1) General.* If official inspection services are performed in an area by a designated agency, Class X

and Class Y weighing services in that area may be performed only by the designated agency if the agency applies for designation to provide weighing services and is found qualified by the Service. If the agency designated to provide official inspection services is found not qualified or does not apply, the Class X and Class Y weighing services may be performed by another available agency that is found qualified and is designated by the Service, or the official services may be performed by the Service.

(2) *Interim authority.* (i) *By agency.* A designated agency may perform official services outside its assigned area on an interim basis when authorized by the Service.

(ii) *By Service.* Official inspection services and/or Class X and Class Y weighing services may be performed by the Service in an area (other than export port locations) on an interim basis in accordance with sections 7(h) and 7A(c) of the Act.

(c) *Who can apply.* Any State or local governmental agency or any person may apply, subject to sections 7 and 7A of the Act, to the Service for designation as an official agency to perform official inspection services (excluding appeal inspection) and/or Class X and Class Y weighing services in a given area (other than export port locations) in the United States.

(d) *When and how to apply.* An application for designation should be filed with the Service, according to the provisions of the FEDERAL REGISTER notice which requests applicants for designation to perform official services in existing or new geographic areas. The application for designation:

(1) Shall be submitted on a form furnished by the Service;

(2) Shall be typewritten or legibly written in English;

(3) Shall show or be accompanied by documents which show all information requested on the form, or otherwise required by the Service; and

(4) Shall be signed by the applicant or its chief operating officer.

(e) *Review of conditions and criteria for designation—(1) Application.* Each application for a designation shall be reviewed to determine whether it complies with paragraph (d) of this section.

If an application is not in compliance, the applicant shall be provided an opportunity to submit the needed information. If the needed information is not submitted within a reasonable time, as determined by the Service, the application may be dismissed. When an application is dismissed, the Service shall notify the applicant, in writing, of the reason(s) for the dismissal.

(2) *Applicant.* Each applicant for authority to operate as as designated agency shall be reviewed to determine whether the applicant meets the conditions and criteria contained in sections 7(f)(1)(A) and (B) of the Act, § 800.199 of the regulations, and paragraph (g) of this section. The requested designation may be granted if the Service determines that:

(i) The requested action is consistent with the need for official services;

(ii) The applicant meets the conditions and criteria specified in the Act and regulations;

(iii) The applicant is better able than any other applicant to provide official services; and

(iv) The applicant addresses concerns identified during consultations that the Service conducts with applicants for service to the satisfaction of the Service.

(f) *Area of responsibility—(1) General.* Each agency shall be assigned an area of responsibility by the Service. Each area shall be identified by geographical boundaries and, in the case of a State or local government, shall not exceed the jurisdictional boundaries of the State or the local government, unless otherwise approved by the Service. The area of responsibility may not include any export elevators at export port locations or any portion of an area of responsibility assigned to another agency that is performing the same functions, except as otherwise provided in § 800.117. A designated agency may perform official services at locations outside its assigned area of responsibility only after obtaining approval from the Service, or in accordance with provisions set forth in § 800.117.

(2) *Amending.* A request for an amendment to an assigned area of responsibility shall (i) be submitted to the Service in writing; (ii) specify the change desired; (iii) be signed by the

applicant or its chief operating officer; and (iv) be accompanied by the fee prescribed by the Service. The assigned area may be amended if the Service determines that the amendment is consistent with the provisions and objectives of the Act, regulations, and instructions. Upon a finding of need, the Service may initiate action to change an assigned area of responsibility.

(3) *Specified service points.* An agency may change its specified service points by notifying the Service in advance. Interested persons may obtain a list of specified service points within an agency's area of responsibility by contacting the agency. The list shall include all specified service points and shall identify each specified service point which operates on an intermittent or seasonal basis.

(g) *Responsibilities*—(1) *Providing official services.* Insofar as practicable, each agency shall be responsible for providing at all locations in its assigned area each service authorized by the designation. An agency may, subject to Service approval, make arrangements with a neighboring agency to provide official services requested infrequently. The agency shall perform all official services according to the Act, regulations, and instructions in effect at the time of designation or which may be promulgated subsequently.

(2) *Fees.* The agency shall charge fees according to §800.70.

(3) *Staffing, licensing, and training*—(i) *General.* The agency shall employ sufficient personnel to provide the official services normally requested in an accurate and timely manner. Each agency shall only use personnel licensed by the Service for the performance of official services and shall train and assist its personnel in acquiring and maintaining the necessary skills. Each agency shall keep the Service informed of the employment status of each of its licensees and any substantial change in a licensee's duties.

(ii) *State agencies.* State agencies shall employ official personnel on the basis of job qualifications rather than political affiliations.

(4) *Rotation of personnel.* Where feasible, each agency shall rotate licensees among elevators and other facili-

ties as is necessary to preserve the integrity of the official inspection and weighing systems.

(5) *Supervision.* The agency and its officials shall be responsible for the actions of the official personnel employed by the agency, for direct supervision of the daily activities of such personnel, and for the conduct of official services and related activities at the agency. The agency shall supervise official activities, in accordance with the Act, regulations, and instructions, and shall take action necessary to ensure that its employees are not performing prohibited functions and are not involved in any action prohibited by the Act, regulations, or instructions. Each agency shall report to the responsible field office information which shows or may show a violation of any provision of the Act, regulations, or instructions and information on any instructions which have been issued to agency personnel by Service personnel or by any other person which are inconsistent with the Act, regulations, or instructions.

(6) *Conflict of interest*—(i) *General.* Each agency and any officer, director, stockholder, employee, or other related entity shall not have a conflict of interest, as defined in Section 11 of the Act and §800.199 of the regulations. A conflict of interest may be waived pursuant to §800.199(d). The agency shall advise the Service immediately of any proposed change in name, ownership, officers or directors, or control of the agency and, if a trust, any change affecting the trust agreement.

(ii) *Unofficial activities.* Except as provided in §800.76(a), the agency or personnel employed by the agency shall not perform any unofficial service that is the same as the official services covered by the designation.

(7) *Facilities and equipment*—(i) *General.* The laboratory and office facilities of each agency shall be: Located; equipped; and large enough so that requested services are provided in an orderly and timely manner.

(ii) *Equipment testing.* Each agency shall test the equipment it uses for official services according to the instructions.

(8) *Security.* Each agency shall provide sufficient security to ensure that

official samples, records, equipment, and forms are reasonably secure from theft, alteration, or misuse.

(9) *Certificate control system.* Each agency shall establish a certificate control system for all official certificates it receives, issues, voids, or otherwise renders useless. The system shall provide for (i) recording the numbers of the official certificates printed or received; (ii) protecting unused certificates from fraudulent or unauthorized use; and (iii) maintaining a file copy of each certificate issued, voided, or otherwise rendered useless in a manner that would permit retrieval.

(10) *Records.* Each agency shall maintain the records specified in §§ 800.145 through 800.159.

(h) *Termination and renewal*—(1) *Triennial*—(i) *Termination.* A designation shall terminate at a time specified by the Administrator, but not later than 5 years after the effective date of the designation. A notice of termination shall be issued by the Service to a designated agency at least 120 calendar days in advance of the termination date. The notice shall provide instructions for requesting renewal of the designation. Failure to receive a notice from the Service shall not exempt a designated agency from the responsibility of having its designation renewed on or before the specified termination date.

(ii) *Renewal.* Designations may be renewed, upon application, in accordance with criteria and procedures for designation prescribed in section 7(f) of the Act and this section of the regulations. The Administrator may decline to renew a designation if:

(A) The requesting agency fails to meet or comply with any of the criteria for designation set forth in the Act, regulations, and instructions, or

(B) The Administrator determines that another qualified applicant is better able to provide official services in the assigned area.

(2) *Automatic termination.* Failure to pay the user fees prescribed by the Service for supervisory costs related to official inspection and weighing services within 30 days after due shall result in the automatic termination of the designation. The designation shall be reinstated if fees currently due, plus

interest and any further expenses incurred by the Service because of the termination, are paid within 60 days after the termination.

(3) *Voluntary cancellation.* An agency may request that its designation be canceled by giving 90 days written notice to the Service.

(4) *Suspension or revocation of designation.* (i) *General.* A designation is subject to suspension or revocation, under section 7(g)(3) of the Act, by the Service, whenever the Administrator determines that:

(A) The agency has failed to meet one or more of the criteria specified in section 7(f) of the Act or the regulations for the performance of official functions, or otherwise has not complied with any provision of the Act, regulations, or instructions, or

(B) Has been convicted of any violation of other Federal law involving the handling or official inspection of grain.

(ii) *Summary suspension.* The Service may, without first affording the agency (hereafter referred to in this paragraph as the “respondent”) an opportunity for a hearing, suspend a designation or refuse to reinstate a designation when the suspension period has expired, pending final determination of the proceeding whenever the Service has reason to believe there is cause for revocation of the designation and considers such action to be in the best interest of the official inspection and weighing system. A suspension or refusal to reinstate a suspended designation shall be effective upon the respondent’s receipt of a notice from the Service. Within 30 calendar days following the issuance of a notice of such action, the Service shall afford the respondent an opportunity for a hearing under paragraph (h)(4)(iii) of this section. The Service may terminate the action if it finds that alternative managerial, staffing, financial, or operational arrangements satisfactory to the Service can be and are made by the respondent.

(iii) *Other than summary suspension.* Except as provided in paragraph (h)(4)(ii) of the section, before the Service revokes or suspends a designation, the respondent shall be: (A) Notified by the Service of the proposed action and the reason(s) therefor, and (B) afforded

an opportunity for a hearing in accordance with the Rules of Practice Governing Formal Adjudicatory Proceedings Instituted by the Secretary Under Various Statutes (7 CFR part 1, subpart H). Before initiating formal adjudicatory proceedings, the Service may, at its discretion, afford the respondent an opportunity to present its views on the proposed action and the reason(s) therefor in an informal conference. If, as a result of the informal conference, a consent agreement is reached, no formal adjudicatory proceedings shall be initiated.

(i) *Provision of services following suspension or termination.* If the designation of an agency is suspended, terminated, or the renewal of a designation is not granted, the Service shall attempt, upon a finding of need, to arrange for a replacement agency. If a qualified replacement agency cannot be designated on a timely basis, a qualified agency, if available, shall be designated on an interim basis. If a qualified agency is not available on an interim basis, the Service shall provide needed services on an interim basis.

(c) *Review of applicant.* The review of an applicant for authority to perform scale testing and certification shall include an evaluation of the applicant's policies and procedures for testing and certifying scales for Class X and Class Y weighing.

(d) *Termination*—(1) *Voluntary.* A scale testing and certification organization may request cancellation of its approval by notifying the Service.

(2) *Suspension or revocation of approval*—(i) *General.* An approval is subject to suspension or revocation whenever the Administrator determines that the approved organization has violated any provision of the Act or regulations, or has been convicted of any violation involving the handling, weighing, or inspection of grain under Title 18 of the United States Code.

(ii) *Summary suspension.* The Service may, without first affording the organization an opportunity for a hearing, suspend an approval or refuse to reinstate an approval when the suspension period has expired, pending final determination of the proceeding whenever the Service has reason to believe there is cause for revocation of the approval and considers such action to be in the best interest of the official weighing system. A suspension or refusal to reinstate a suspended approval shall be effective when the organization receives a notice from the Service. Within 30 calendar days following the issuance of a notice of such action, the Service shall give the organization an opportunity for a hearing under paragraph (d)(2)(iii) of this section. Subpart A—General Provisions

NOTE: Compliance with the provisions of these standards does not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act, or other Federal laws.

TERMS DEFINED

§ 810.101 Grains for which standards are established.

Grain refers to barley, canola, corn, flaxseed, mixed grain, oats, rye, sorghum, soybeans, sunflower seed, triticale, and wheat. Standards for these food grains, feed grains, and oil-

seeds are established under the United States Grain Standards Act.

[57 FR 3274, Jan. 29, 1992]

§ 810.102 Definition of other terms.

Unless otherwise stated, the definitions in this section apply to all grains. All other definitions unique to a particular grain are contained in the appropriate subpart for that grain.

(a) *Distinctly low quality.* Grain that is obviously of inferior quality because it is in an unusual state or condition, and that cannot be graded properly by use of other grading factors provided in the standards. Distinctly low quality includes the presence of any objects too large to enter the sampling device; *i.e.*, large stones, wreckage, or similar objects.

(b) *Moisture.* Water content in grain as determined by an approved device according to procedures prescribed in FGIS instructions.

(c) *Stones.* Concreted earthy or mineral matter and other substances of similar hardness that do not disintegrate in water.

(d) *Test Weight per bushel.* The weight per Winchester bushel (2,150.42 cubic inches) as determined using an approved device according to procedures prescribed in FGIS instructions. Test weight per bushel in the standards for corn, mixed grain, oats, sorghum, and soybeans is determined on the original sample. Test weight per bushel in the standards for barley, flaxseed, rye, sunflower seed, triticale, and wheat is determined after mechanically cleaning the original sample. Test weight per bushel is recorded to the nearest tenth pound for corn, rye, sorghum, soybeans, triticale, and wheat. Test weight per bushel for all other grains, if applicable, is recorded in whole and half pounds with a fraction of a half pound disregarded. Test weight per bushel is not an official factor for canola.

(e) *Whole kernels.* Grain with ¼ or less of the kernel removed.

[52 FR 24418, June 30, 1987, as amended at 60 FR 61196, Nov. 29, 1995; 71 FR 52406, Sept. 6, 2006; 72 FR 39732, July 20, 2007]

PRINCIPLES GOVERNING THE
APPLICATION OF STANDARDS**§ 810.103 Basis of determination.**

(a) *Distinctly low quality.* The determination of distinctly low quality is made on the basis of the lot as a whole at the time of sampling when a condition exists that may or may not appear in the representative sample and/or the sample as a whole.

(b) *Certain quality determinations.* Each determination of rodent pellets, bird droppings, other animal filth, broken glass, castor beans, cockleburrs, crotalaria seeds, dockage, garlic, live insect infestation, large stones, moisture, temperature, an unknown foreign substance(s), and a commonly recognized harmful or toxic substance(s) is made on the basis of the sample as a whole. When a condition exists that may not appear in the representative sample, the determination may be made on the basis of the lot as a whole at the time of sampling according to procedures prescribed in FGIS instructions.

(c) *All other determinations.* The basis of determination for all other factors is contained in the individual standards.

§ 810.104 Percentages.

(a) *Rounding.* Percentages are determined on the basis of weight and are rounded as follows:

(1) When the figure to be rounded is followed by a figure greater than or equal to 5, round to the next higher figure; e.g., report 6.36 as 6.4, 0.35 as 0.4, and 2.45 as 2.5.

(2) When the figure to be rounded is followed by a figure less than 5, retain the figure; e.g., report 8.34 as 8.3, and 1.22 as 1.2.

(b) *Recording.* The percentage of dockage in flaxseed and sorghum is reported in whole percent with fractions of a percent being disregarded. Dockage in barley and triticale is reported in whole and half percent with a fraction less than one-half percent being disregarded. Dockage in wheat and rye is reported in whole and tenth percents to the nearest tenth percent. Foreign material in sunflower seed is reported to the nearest one-half percent. Ranges of sunflower seed foreign material are reported as follows: 0.0 to 0.24 is re-

ported as 0.0 percent, 0.25 to 0.74 as 0.5 percent, 0.75 to 1.24 as 1.0 percent, and the like. Foreign material and fines in mixed grain is reported in whole percent. The percentage of smut in barley, sclerotinia and stones in canola, and ergot in all grains is reported to the nearest hundredth percent. The percentage when determining the identity of all grains is reported to the nearest whole percent. Also reported to the nearest whole percent are the classes and subclasses in wheat; flint corn; flint and dent corn; waxy corn; classes in barley; and the percentage of each kind of grain in mixed grain. Plump barley shall be expressed in terms of the range in which it falls. Ranges shall be: Below 50 percent, 50 to 55 percent, 56 to 60 percent, 61 to 65 percent, and the like. All other percentages are reported in tenths percent.

GRADES, GRADE REQUIREMENTS, AND
GRADE DESIGNATIONS**§ 810.105 Grades and grade requirements.**

The grades and grade requirements for each grain (except mixed grain) and shown in the grade table(s) of the respective standards. Mixed grain grade requirements are not presented in tabular form.

§ 810.106 Grade designations.

(a) *Grade designations for grain.* The grade designations include in the following order:

- (1) The letters "U.S.";
- (2) The abbreviation "No." and the number of the grade or the words "Sample grade";
- (3) When applicable, the subclass;
- (4) The class or kind of grain;
- (5) When applicable, the special grade(s) except in the case of bright, extra heavy, and heavy oats or plump rye, the special grades, "bright", "extra heavy", "heavy" and "plump" will precede the word "oats" or "rye" as applicable; and

§810.107

(6) When applicable, the word “dockage” together with the percentage thereof.

When applicable, the remarks section of the certificate will include in the order of predominance; in the case of a mixed class, the name and approximate percentage of the classes; in the case of sunflower seed, the percentage of admixture; in the case of mixed grain, the grains present in excess of 10.0 percent of the mixture and when applicable, the words *Other grains* followed by a statement of the percentage of the combined quantity of those kinds of grains, each of which is present in a quantity less than 10.0 percent; in the case of barley, if requested, the word “plump” with the percentage range thereof; in the case of wheat, if requested, the percentage of protein content.

(b) *Optional grade designations.* In addition to paragraph (a) of this Section, grain may be certificated under certain conditions as described in FGIS instructions when supported by official analysis, as “U.S. No. 2 or better (*type of grain*)”, “U.S. No. 3 or better (*type of grain*)”, and the like.

[52 FR 24418, June 30, 1987, as amended at 53 FR 15017, Apr. 27, 1988]

SPECIAL GRADES, SPECIAL GRADE REQUIREMENTS, AND SPECIAL GRADE DESIGNATIONS

§810.107 Special grades and special grade requirements.

A special grade serves to draw attention to a special factor or condition present in the grain and, when applicable, is supplemental to the grade assigned under §810.106. Except for the special grade “infested,” the special grades are identified and requirements are established in each respective grain standards.

(a) *Infested wheat, rye, and triticale.* Tolerances for live insects responsible for infested wheat, rye, and triticale are defined according to sampling designations as follows:

(1) *Representative sample.* The representative sample consists of the work portion, and the file sample if needed and when available. These grains will be considered infested if the representative sample (other than shiplots) con-

7 CFR Ch. VIII (1–1–24 Edition)

tains two or more live weevils, or one live weevil and one or more other live insects injurious to stored grain, or two or more live insects injurious to stored grain.

(2) *Lot as a whole (stationary).* The lot as a whole is considered infested when two or more live weevils, or one live weevil and one or more other live insects injurious to stored grain, or two or more other live insects injurious to stored grain are found in, on, or about the lot (excluding submitted samples and shiplots).

(3) *Sample as a whole (continuous loading/unloading of shiplots and bargelots).* The minimum sample size for bargelots and shiplots is 500 grams per each 2,000 bushels of grain. The sample as a whole is considered infested when a component (as defined in FGIS instructions) contains two or more live weevils, or one live weevil and one or more other live insects injurious to stored grain, or two or more other live insects injurious to stored grain.

(b) *Infested barley, canola, corn, oats, sorghum, soybeans, sunflower seed, and mixed grain.* Tolerances for live insects responsible for infested barley, canola, corn, oats, sorghum, soybeans, sunflower seed, and mixed grain are defined according to sampling designations as follows:

(1) *Representative sample.* The representative sample consists of the work portion, and the file sample if needed and when available. These grains will be considered infested if the representative sample (other than shiplots) contains two or more live weevils, or one live weevil and five or more other live insects injurious to stored grain, or ten or more other live insects injurious to stored grain.

(2) *Lot as a whole (stationary).* The lot as a whole is considered infested when two or more live weevils, or one live weevil and five or more other live insects injurious to stored grain, or ten or more other live insects injurious to stored grain are found in, on, or about the lot (excluding submitted samples and shiplots).

(3) *Sample as a whole (continuous loading/unloading of shiplots and bargelots).* The minimum sample for shiplots and bargelots is 500 grams per each 2,000 bushels of grain. The sample as a whole

is considered infested when a component (as defined in FGIS instructions) contains two or more live weevils, or one live weevil and five or more other live insects injurious to stored grain, or ten or more other live insects injurious to stored grain.

[52 FR 24441, June 30, 1987, as amended at 57 FR 3274, Jan. 29, 1992]

§ 810.108 Special grade designations.

Special grade designations are shown as prescribed in § 810.106. Multiple special grade designations will be listed in alphabetical order. In the case of treated wheat, the official certificate shall show whether the wheat has been scoured, limed, washed, sulfured, or otherwise treated.

PRINCIPLES GOVERNING THE APPLICATION OF STANDARDS

§ 810.203 Basis of determination.

All other determinations. Each determination of heat-damaged kernels, injured-by-heat kernels, and white or blue aleurone layers in Six-rowed barley is made on pearled, dockage-free barley. Other determinations not specifically provided for under the *General Provisions* are made on the basis of the grain when free from dockage, except the determination of odor is made on either the basis of the grain as a whole or the grain when free from dockage.

Subpart C—United States Standards for Canola—Terms Defined

SOURCE: 57 FR 3274, Jan. 29, 1992, unless otherwise noted.

§ 810.301 Definition of canola.

Seeds of the genus *Brassica* from which the oil shall contain less than 2 percent erucic acid in its fatty acid profile and the solid component shall contain less than 30.0 micromoles of any one or any mixture of 3-butenyl glucosinolate, 4-pentenyl glucosinolate, 2-hydroxy-3-butenyl, or 2-hydroxy-4-pentenyl glucosinolate, per gram of air-dried, oil free solid. Before the removal of dockage, the seed shall contain not more than 10.0% of other grains for which standards have been established under the United States Grain Standards Act.

§ 810.302 Definitions of other terms.

- (a) *Conspicuous Admixture.* All matter other than canola, including but not limited to ergot, sclerotinia, and stones, which is conspicuous and readily distinguishable from canola and which remains in the sample after the removal of machine separated dockage. Conspicuous admixture is added to machine separated dockage in the computation of total dockage.
- (b) *Damaged kernels.* Canola and pieces of canola that are heat-damaged, sprout-damaged, mold-damaged, distinctly green damaged, frost damaged, rimed damaged, or otherwise materially damaged.
- (c) *Distinctly green kernels.* Canola and pieces of canola which, after being crushed, exhibit a distinctly green color.
- (d) *Dockage.* All matter other than canola that can be removed from the original sample by use of an approved device according to procedures prescribed in FGIS instructions. Also, underdeveloped, shriveled, and small pieces of canola kernels that cannot be recovered by properly rescreening or recleaning. Machine separated dockage is added to conspicuous admixture in the computation of total dockage.
- (e) *Ergot.* Sclerotia (sclerotium, sing.) of the fungus, *Claviceps* species, which are associated with some seeds other than canola where the fungal organism has replaced the seed.
- (f) *Heat-damaged kernels.* Canola and pieces of canola which, after being crushed, exhibit that they are discolored and damaged by heat.
- (g) *Inconspicuous admixture.* Any seed which is difficult to distinguish from canola. This includes, but is not limited to, common wild mustard (*Brassica kaber* and *B. juncea*), domestic brown mustard (*Brassica juncea*), yellow mustard (*B. hirta*), and seed other than the mustard group.

(h) *Sclerotia (Sclerotium, sing.)*. Dark colored or black resting bodies of the fungi *Sclerotinia* and *Claviceps*.

(i) *Sclerotinia*. Genus name which includes the fungus *Sclerotinia sclerotiorum* which produces sclerotia. Canola is only infrequently infected, and the sclerotia, unlike sclerotia of ergot, are usually associated within the stem of the plants.

PRINCIPLES GOVERNING THE APPLICATION OF STANDARDS

§ 810.303 Basis of determination.

Each determination of conspicuous admixture, ergot, sclerotinia, stones, damaged kernels, heat-damaged kernels, distinctly green kernels, and inconspicuous admixture is made on the basis of the sample when free from dockage. Other determinations not specifically provided for under the general provisions are made on the basis of the sample as a whole, except the determination of odor is made on either the basis of the sample as a whole or the sample when free from dockage. The content of glucosinolates and erucic acid is determined on the basis of the sample according to procedures prescribed in FGIS instructions.

[61 FR 66535, Dec. 18, 1996, as amended 66 FR 17777, Apr. 4, 2001; 69 FR 1894, Jan. 13, 2004]

§ 868.91 Fees for certain Federal rice inspection services.

The fees for services in paragraph (a) apply to Federal inspection services. Starting with fiscal year 2022, calculations provided in paragraph (b) will be used to determine annual fee rates.

(a) Fees for services are published on the Service’s website.

(b) For each fiscal year, starting with 2022, the Administrator will calculate the rates for services, issue a public notice, and publish fees on the Service’s website with an effective date of October 1 of each year.

(1) For each year, the Administrator will calculate the rates for services, per hour per inspection program employee using the following formulas:

(i) *Regular rate.* The Service’s total inspection program personnel direct pay divided by direct hours, which is then multiplied by the next year’s percentage of cost of living increase, plus the benefits rate, plus the operating rate, plus the allowance for bad debt rate. If applicable, actual travel expenses may also be added to the cost of providing the service.

(ii) *Overtime rate.* The Service’s total inspection program personnel direct pay divided by direct hours, which is then multiplied by the next year’s percentage of cost of living increase and

then multiplied by 1.5, plus the benefits rate, plus the operating rate, plus an allowance for bad debt. If applicable, actual travel expenses may also be added to the cost of providing the service.

(iii) *Holiday rate.* The Service’s total inspection program personnel direct pay divided by direct hours, which is then multiplied by the next year’s percentage of cost of living increase and then multiplied by 2, plus the benefits rate, plus the operating rate, plus an allowance for bad debt. If applicable, actual travel expenses may also be added to the cost of providing the service.

(2) For each year, based on previous year/historical actual costs, the Administrator will calculate the benefits, operating, and allowance for bad debt components of the regular, overtime, and holiday rates as follows:

(i) *Benefits rate.* The Service’s total inspection program direct benefits costs divided by the total hours (regular, overtime, holiday) worked, which is then multiplied by the next year’s percentage of cost of living increase. Some examples of direct benefits are health insurance, retirement, life insurance, and Thrift Savings Plan (TSP) retirement basic and matching contributions.

(ii) *Operating rate.* The Service’s total inspection program operating costs divided by total hours (regular, overtime,

and holiday) worked, which is then multiplied by the percentage of inflation.

(iii) *Allowance for bad debt rate.* Total allowance for bad debt, divided by total hours (regular, overtime, holiday) worked.

(3) The Administrator will use the most recent economic factors released by the Office of Management and Budget for budget development purposes to derive the cost of living expenses and percentage of inflation factors used in the formulas in this section.

[85 FR 5302, Jan. 30, 2020]

§ 868.92 Explanation of service fees and additional fees.

(a) *Costs included in the fees.* Fees for official services in §§ 868.90 and 868.91 include—

(1) The cost of performing the service and related supervision and administrative costs;

(2) The cost of first-class mail service;

(3) The cost of overtime and premium pay; and

(4) The cost of certification except as provided in § 868.92(c).

(b) *Computing hourly rates.* Hourly fees will be assessed in quarter hour increments for—

(1) Travel from the FGIS field office or assigned duty location to the service point and return; and

(2) The performance of the requested service, less mealtime.

(c) *Additional fees.* Fees in addition to the applicable hourly or unit fee will be assessed when—

(1) An applicant requests more than the original and three copies of a certificate;

(2) An applicant requests onsite typing of certificates or typing of certificates at the FGIS field office during other than normal working hours; and

(3) An applicant requests the use of express-type mail or courier service.

(d) *Application of fees when service is delayed by the applicant.* Hourly fees will be assessed when—

(1) Service has been requested at a specified location;

(2) A Service representative is on duty and ready to provide service but is unable to do so because of a delay not caused by the Service; and

(3) FGIS officials determine that the Service representative(s) cannot be utilized elsewhere or cannot be released without cost to the Service.

(e) *Application of fees when an application for service is withdrawn or dismissed.* Hourly fees will be assessed to the applicant for the scheduled service if the request is withdrawn or dismissed after the Service representative departs for the service point or if the request for service is not withdrawn or dismissed by 2 p.m. of the business day preceding the date of scheduled service. However, hourly fees will not be assessed to the applicant if FGIS officials determine that the Service representative can be utilized elsewhere or if the Service representative can be released without cost to the Service.

(f) *To whom fees are assessed.* Fees for official services including additional fees as provided in § 868.92(c) shall be assessed to and paid by the applicant for the Service.

(g) *Advance payment.* As necessary, the Administrator may require that fees shall be paid in advance of the performance of the requested service. Any fees paid in excess of the amount due shall be used to offset future billings, unless a request for a refund is made by the applicant.

(h) *Time and form of payment—*(1) *Fees for Federal inspection service.* Bills for fees assessed under the regulations for official services performed by FGIS shall be paid by check, draft, or money order, payable to U.S. Department of Agriculture, Federal Grain Inspection Service.

Subpart B—Marketing Standards

SOURCE: 62 FR 6706, Feb. 13, 1997, unless otherwise noted.

§ 868.101

§ 868.101 General information.

The Agricultural Marketing Service, (AMS) of the U.S. Department of Agriculture (USDA) facilitates the fair and efficient marketing of agricultural products by maintaining voluntary grade standards for Beans, Whole Dry Peas, Split Peas, and Lentils, which provide a uniform language for describing the quality of these commodities in the marketplace. These standards may cover (but are not limited to) terms, classes, quality levels, performance criteria, and inspection requirements. Procedures contained in this part set forth the process which AMS will follow in developing, issuing, revising, suspending, or terminating the U.S. standards for Beans, Whole Dry Peas, Split Peas, and Lentils. Communications about AMS standards in general should be addressed to the Administrator, AMS, USDA, 1400 Independence Avenue, SW., Washington, DC 20250-3601.

§ 868.102 Procedures for establishing and revising grade standards.

(a) AMS will develop, revise, suspend, or terminate grade standards if it determines that such action is in the public interest. AMS encourages interested parties to participate in the review, development, and revision of grade standards. Interested parties include growers, producers, processors, shippers, distributors, consumers, trade associations, companies, and State or Federal agencies. Such persons may at any time recommend that AMS develop, revise, suspend, or terminate a grade standard. Requests for action should be in writing, and should be accompanied by a draft of the suggested change, as appropriate.

(b) AMS will:

- (1) Determine the need for new or revised standards;
- (2) Collect technical, marketing, or other appropriate data;
- (3) Conduct research regarding new or revised standards, as appropriate; and
- (4) Draft the proposed standards.

(c) If AMS determines that new standards are needed, existing standards need to be revised, or the suspension or termination of existing standards is justified, AMS will undertake

7 CFR Ch. VIII (1-1-24 Edition)

the action with input from interested parties.

§ 868.103 Public notification of grade standards action.

(a) After developing a standardization proposal, AMS will publish a notice in the FEDERAL REGISTER proposing new or revised standards or suspending or terminating existing standards. The notice will provide a sufficient comment period for interested parties to submit comments.

(b) AMS will simultaneously issue a news release about these actions, notifying the affected industry and general public. AMS will also distribute copies of proposals to anyone requesting a copy or to anyone it believes may be interested, including other Federal, State, or local government agencies.

(c) All comments received within the comment period will be made part of the public record maintained by AMS, will be available to the public for review, and will be considered by AMS before final action is taken on the proposal.

(d) Based on the comments received, AMS's knowledge of standards, grading, marketing, and other technical factors, and any other relevant information, AMS will decide whether the proposed actions should be implemented.

(e) If AMS concludes that the changes as proposed or with appropriate modifications should be adopted, AMS will publish the final changes in the FEDERAL REGISTER as a final notice. AMS will make the grade standards and related information available in printed form and electronic media.

(f) If AMS determines that proposed changes are not warranted, or otherwise are not in the public interest, AMS will either publish in the FEDERAL REGISTER a notice withdrawing the proposal, or will revise the proposal and again seek public input.

(1) Documentation of eligible upland cotton inventory consumed by the eligible domestic user;

(2) The eligible domestic user's calculation of financial assistance claimed for payment under the program; and

(3) The eligible domestic user's signed certification as to the accuracy of the Monthly Consumption Report.

(b) The eligible domestic user must report to AMS the activity pursuant to paragraph (a)(1) of this section for each month beginning on the effective date of the Agreement.

(1) If the eligible domestic user's facility is temporarily closed for any reason, the eligible domestic user must notify AMS and submit a Monthly Consumption Report prior to the end of the month following the plant closure.

(2) Except as provided in paragraph (b)(1) of this section, the domestic user must submit Monthly Consumption Reports every month, even when no eligible upland cotton has been consumed.

(c) Monthly Consumption Reports not submitted by the last business day of the following month will be considered late by AMS and are ineligible for payment.

(d) AMS will not process for payment Monthly Consumption Reports or any other required documents from an eligible domestic user that contain errors or omissions.

(e) Any transaction between two eligible domestic users involving the transfer of eligible upland cotton bales must be reported to AMS by both eligible domestic users with a statement of eligible claim certification as defined in § 870.2.

§ 870.9 Payment.

(a) The payment rate for purposes of calculating payments as specified in this part is 3 cents per pound.

(b) The payment rate is the rate in effect on the date of consumption.

(1) Baled eligible upland cotton consumption must take place in a building or collection of buildings where the cotton bale will be used in the continuous process of manufacturing the cotton into final cotton products in the United States, and as determined by AMS. Unbaled eligible upland cotton will be considered consumed by the domestic user on the date processed.

(2) The quantity of eligible upland cotton with respect to which a payment is made available shall be determined based upon the net weight of each bale of eligible upland cotton.

(c) Payments specified in this part will be determined by multiplying the payment rate by one of the following:

(1) In the case of baled upland cotton, whether lint, loose samples, or re-ginned motes, but not semi-processed motes, the net weight of the cotton consumed;

(2) In the case of unbaled re-ginned motes consumed, without re-baling, for an end use in a continuous manufacturing process, the weight of the re-ginned motes after final cleaning; or

(3) In the case of suitable semi-processed motes, 25 percent of the net weight of the semi-processed motes.

(d) In all cases, the payment will be determined based on the amount of eligible upland cotton that an eligible domestic user consumed during the immediately preceding calendar month.

(e) Payments specified in this part will be made available upon application for payment and submission of supporting documentation, as required by the provisions of this part.

§ 870.11 Capital expenditures.

(a) All payments to eligible domestic users of upland cotton under this part shall be used only for capital expenditures that acquire, construct, install, modernize, develop, convert, or expand land, plant, buildings, equipment, or machinery in the United States. Capital expenditures must be directly attributable to the purpose of manufacturing upland cotton into final cotton products in the United States and certified as such by the domestic user. Expenditures that are not directly associated with manufacturing of upland cotton into final cotton products in the United States are outside the purpose and scope of the Economic Adjustment Assistance for Textile Mills Program and are not eligible expenditures for funds under this part.

(b) Operating expenses are not eligible for purposes of this part.

(c) If AMS determines, after a review or audit of the eligible domestic user's records, that economic adjustment assistance under this part was not used for the purposes specified in paragraph (a) of this section, the eligible domestic user shall be:

(1) Liable to repay the assistance to CCC, plus interest, as determined by CCC; and

§ 870.13

7 CFR Ch. VIII (1-1-24 Edition)

(2) Ineligible to receive assistance under EAATM for a period of one year following AMS's determination.

(d) Any specific capital expenditure exceeding an amount, as specified in the version of the Upland Cotton Domestic User Agreement, then in effect, must be submitted for pre-approval. The request for pre-approval must include:

(1) The description of the proposed expenditure specified for the applicable marketing year;

(2) Itemized purchase order and/or invoice number, if applicable;

(3) Documentation of scheduled purchase date(s), installation date, and location (which facility); and

(4) Any additional information required by AMS.

(e) The eligible domestic user must make capital expenditures equal to, or greater than, any amounts received as EAATM Program funds, within 18 months following the end of the applicable marketing year. Equipment, facilities, and plants purchased with EAATM Program funds must be readily put into service as defined in § 870.2. The eligible domestic user must:

(1) Make capital expenditures that exceed the amount paid to the eligible domestic user for any marketing year. EAATM Program funds will not carry over to the following marketing year without a written Funding Utilization Extension from AMS.

(2) Request a Funding Utilization Extension for approval from AMS to be considered for any capital expenditure exceeding a value of \$10 million on a single, allowable, fixed asset.

(3) Request a Funding Utilization Extension at the time of a pre-approval for a single item expenditure pursuant to paragraph (d) of this section.

(4) Applications for a Funding Utilization Extension Request must include, but are not limited to:

(i) Detailed plans for the expense;

(ii) Timeline of construction;

(iii) Schedule of payments;

(iv) Estimated date of when the capital expenditure will be operational;

(v) Explanation of how the expense meets the criteria for allowable purposes;

(vi) Justification for the extension request; and

(vii) Any other information or supporting documentation required by AMS.

(5) WCMD will consider Funding Utilization Extension requests based on allowable purposes. In any event, the maximum time extension for EAATM Program funds to be used for capital expenditures will be 36 months beyond the existing timeframe of 30 months (Marketing Year + 18 months), for a total of 66 months.

(6) EAATM Program funds will be reconciled against the eligible expense(s) specified in the Funding Utilization Extension until the approved time extension has expired or funds are exhausted.

(f) Fixed assets acquired and/or modernized with EAATM Program funds must be in operation within 24 months after the date of purchase. If unforeseen difficulties prevent utilization within the 24-month period, written approval must be obtained from WCMD for an extension of time.

(g) Direct or indirect transfer of EAATM Program funds to another entity is prohibited. In the event of a sale/transfer of an eligible domestic user's business or its assets, the eligible domestic user must sign a written verification certifying that no EAATM Program funds were transferred, either in cash or as an asset purchased exclusively to be transferred to the acquiring company.

(h) Each eligible domestic user involved in an acquisition/merger/transfer must notify AMS and provide AMS with an itemized ledger detailing specific equipment, building, facility, property, and/or plants bought with EAATM Program funds included with any acquisition/merger/transfer. In the event of an acquisition/merger/transfer and without extenuating circumstances, equipment, facilities, and/or plants purchased with EAATM Program funds by an eligible domestic user must be operational for a minimum of 36 months prior to its sale and cannot be purchased with EAATM Program funds again by another eligible domestic user.

§ 870.13 Records and inspection.

(a) *Required records.* The eligible domestic user shall maintain all records

and reports relating to their Upland Cotton Domestic User Agreement for a period of three years following termination of the Agreement. At a minimum, records must include those listed in paragraphs (a)(1) through (6) of this section.

(1) A monthly consumption record including a detailed list of bales consumed, showing the bale numbers, net weights, date received, date consumed, type of eligible upland cotton, and a facility identifier. The consumption record must be accompanied by source documents such as purchase orders and invoices to verify the information provided.

(2) Documentation supporting the receiving of cotton, including a register of contracts, amendments, and cancellations. Records must show the number of bales received each month by type of cotton, supported by invoices or waybills and weight sheets documenting the net weight when received at the user's facility.

(3) Documentation tracing the consumed bale weight back to source documents showing the documented bale weight received at the user's facility.

(4) Documentation supporting the acquisition, consumption, and disposition of ineligible cotton and other textiles.

(5) A bale inventory record that summarizes, at least monthly, the eligible domestic user's beginning inventory, receipts, adjustments, consumption, and ending inventory.

(6) Documentation of capital expenditures that are equal to or greater than payments received.

(i) The eligible domestic user must record information about capital expenditures in a supplemental ledger as defined in §870.2, including, but not limited to, detailed descriptions of each capital expenditure, acquisition date, date of payment, amount of payment, and proof of payment, serial number(s), invoice number, and location (applicable facility).

(ii) Capital expenditures must be grouped by Marketing Year.

(iii) Each line item must reflect only a single expense for an identifiable single expenditure.

(b) *Inspection of records.* (1) Upon request from WCMD, the eligible domestic user must forward to WCMD copies

of any and all records which support the domestic user's claims for payment.

(2) Eligible domestic users must make records available at all reasonable times for an audit or inspection by authorized representatives of AMS, the United States Department of Agriculture, and/or any other governmental unit needing access for audit or inspection purposes.

(3) Eligible domestic users shall permit, and assist without impediment, any AMS-authorized individual to inspect or audit, on any business day during the normal and customary hours of business, the books, papers, records, accounts, and other applicable documents relating to the Agreement. Failure to provide access or respond timely to requests for information and records will result in denial of benefits.

§ 870.15 Compliance, enforcement, and appeals.

(a) AMS will notify the appropriate investigating agencies of the United States and CCC may terminate the Agreement and demand a full refund of payments plus interest and suspend and debar the offending company from further government participation as deemed necessary to protect the interests of the government, if the eligible domestic user is suspected by AMS to have knowingly:

(1) Adopted any scheme or device which violates the Agreement;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a determination under the Agreement.

(b) No Member or Delegate of Congress shall be admitted to any share or part of the Agreement or to any benefit to arise therefrom, except that this provision shall not be construed to extend to their interest in any incorporated company, if the Agreement is for the general benefit of such company, nor shall it be construed to extend to any benefit which may accrue to such official in their capacity as a party to an Agreement.

(c) Eligible domestic users who dispute a WCMD program administration decision may request a review of the decision by the Director.

§ 870.15

(1) Requests for review must be in writing and contain the relevant facts upon which the review will be heard. Requests must be received by WCMD within 15 days from the date the eligible domestic user receives the disputed decision.

(2) Requests must be directed to: Director, Warehouse and Commodity Management Division, Agricultural Marketing Service, U.S. Department of Agriculture, at *EAATM.ELS@usda.gov*.

(d) 7 CFR 2.79(a)(23) authorizes the AMS Administrator to administer the EAATM program (7 U.S.C. 9037(c)). In light of the aforementioned redelegation, AMS is considered a successor "Agency" under 7 CFR 11.1, and decisions made under EAATM, if deemed adverse, are subject to NAD jurisdiction. Accordingly, appeals under this program shall be heard by the USDA National Appeals Division.

(e) Eligible domestic users who dispute a review decision by the Director

7 CFR Ch. VIII (1–1–24 Edition)

must appeal such decision to the USDA National Appeals Division pursuant to 7 U.S.C. 6912(e) and 7 CFR 11. Such an appeal must be made within 30 days of receipt of a WCMD decision.

(f) CCC may terminate the Upland Cotton Domestic User Agreement at any time.

(g) When a new Agreement is executed for any reason, including but not limited to programmatic requirements, expiration of authorizing legislation, or exhaustion of funds, any previous Agreement between CCC and the eligible domestic user shall be null and void/terminated.

(h) The Director may waive or modify deadlines and other program requirements in cases where timeliness or failure to meet such other requirements does not adversely affect the operation of the program.
